ASSESSMENT REQUIREMENTS 70 O.S. § 1210.508

For the graduating class of 2017, school districts are required to adopt a plan that establishes the assessment(s) those students are required to take in order to graduate from a public high school with a standard diploma.

For the 2016-2017 school year, all 10th grade students must participate in the Oklahoma School Testing Program (OSTP) Grade 10 tests in English Language Arts, Mathematics and Science that will measure the currently adopted Oklahoma Academic Standards, including the recently adopted Math and English Language Arts standards. During the 2016-2017 school year only, 10th grade students having a valid Biology I EOI score, may be exempt from taking the Science portion of the Grade 10 test at the discretion of the local district. State law also requires students to be tested in U.S. History once during high school. For 2016-2017, students will take the U.S. History exam at the end of the year in which the course is taken.

Students in 11th grade will also have the opportunity to take a college and career readiness assessment.
