

Youth Services Summit

In an effort to continually improve the service delivery system relating to Oklahoma youth, the Governor's Council on Workforce and Economic Development and the State youth Council need your input. We plan to host a one day event in August showcasing the Best Practices of youth-related service providers from around the state. We intend to recognize some of the practices being used and to share with all that attend. To determine interest and plan for attendees, we ask that you **please complete a short survey**.

We look forward to seeing you in attendance and thank you your willingness to participate in the survey. As always we appreciate what you do every day making life better for Oklahoma youth. Please feel free to share this survey link with others you believe may also want to participate.
