Exceptions to Caseload/Class Size

For permission to adjust caseload/class size for programs serving children with disabilities that exceed the limits set, the LEA must obtain a letter of approval from the OSDE-SES. The LEA must document that exceptions to caseload/class size do not interfere with provision of a FAPE. The LEA must ensure that IEPs are implemented as developed to meet the educational needs of the children served, with special consideration for any potential harmful effects to the child or the quality of the program. To request an exception to caseload/class size, the LEA must submit the Caseload/Class Size Request for Exception form.
