

INTENT TO ESTABLISH TITLE I SCHOOLWIDE PROGRAM STATUS

Title I Priority or Focus Schools, or Title I-eligible High School Priority Schools

This form must be completed by the Local Educational Agency (LEA) for each designated school that intends to move from Title I Targeted Assistance or non-Title I status to Title I Schoolwide status. Upon completing this form the superintendent agrees to participate in Ways to Improve School Effectiveness (WISE) planning, implementing interventions aligned with Turnaround Principles or the needs of the school, and ensures Title I funds are aligned with interventions as specified in the ESEA Flexibility Waiver. Once the written WISE plan has been submitted to the Office of School Support/School Improvement for review and approval, the school will receive an approval letter. WISE plans are submitted on the WISE

District Information
