

Federal Programs FY2016 Information – DUNS number

The Office of Federal Programs urges all LEAs to renew their DUNS number through SAM.gov on July 1st, 2015. By doing so, the LEA can accomplish the following:

- avoid the delay of claims reimbursement during the school year due to an expired DUNS number;
- alleviate uploading the Entity Overview Record with every claim.
- allows the LEA to submit the Entity Overview Record one time, with the submission of the Comprehensive District Academic Plan (CDAP).
