IMPACT AID PROGRAM

**INSTRUCTIONS FOR COMPLETING THE
FY 2016 e-APPLICATION FOR
IMPACT AID, SECTION 8003**

PROGRAM CONTACT INFORMATION

Phone: 202-260-3858

Toll-Free Fax: 866-799-1272

Email: Impact.Aid@ed.gov

DEADLINE: 11:59 p.m. EST, February 2, 2015

Paperwork Burden Statement: According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless such collection displays a valid OMB control number. The valid OMB control number for this information collection is 1810-0036. The time required to complete this information collection is estimated to average 6.5 hour per response, including the time to review instructions, search existing data resources, gather the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, D.C. 20202-4651. If you have any comments or concerns regarding the status of your individual submission of this form, write directly to: Impact Aid Program, U.S. Department of Education, 400 Maryland Ave., S.W., Washington, D.C. 20202-6244.

The Impact Aid Section 8003 Program

Section 8003 grants are for local educational agencies (LEAs) that educate federally connected children. These may be the children of members of the uniformed services, children who live on Indian lands, children who live on federal property or federally subsidized low rent housing, and children whose parents work on federal property. Section 8003 grants include additional payments for federally connected children who receive special education services under the Individuals with Disabilities Education Act (IDEA).

It is recommended that you review the authorizing statute (Section 8003 of the Elementary and Secondary Education Act) and regulations (34 CFR Part 222), as they provide detailed eligibility requirements, definitions of terms, and the specific requirements of various sections of the law. The authorizing legislation and regulations are available on the Impact Aid Program (IAP) website at www.ed.gov/programs/8003/legislation.html.

You can prepare and submit this application only by using G5 e-Application, the Department of Education's electronic application system, which is available on the Internet at www.g5.gov. If you need further assistance in preparing this application, please call the Impact Aid Program (IAP) at 202-260-3858.

Who May Apply

Any LEA that serves significant proportions of federally connected children may apply for assistance. The term "LEA" means a board of education or other legally constituted local school authority that has administrative control and direction of free public elementary and secondary education through grade 12 in a county, township, independent, or other school district located within a State. An eligible LEA must provide free public elementary and/or secondary education, under public supervision and direction without tuition charge, pursuant to the law of the State in which the LEA is located. The term "LEA" includes any State agency that directly operates and maintains facilities for providing free public education.

When to Apply

Deadline—The deadline for submitting this electronic application is:

11:59 p.m., Eastern Standard Time, Monday, February 2, 2015.

An application is timely filed if the IAP receives the entire application package by the deadline. All of the following must be received by the deadline:

- The electronic application, submitted on-line via G5 e-Application, the Department of Education's electronic application system
- The signed cover page of the application, submitted within the G5 website, by fax, or as an e-mail attachment

- The signed Impact Aid Program assurances and certifications page of the application, submitted within the G5 website, by fax, or as an e-mail attachment
- Only for those applicants that submit data for military installation housing undergoing renovation or rebuilding: You must upload the “Housing Undergoing Renovation or Rebuilding - Housing Official Contact Information” form.
- Only for those applicants that submit data for Indian housing undergoing renovation or rebuilding: You must upload the “Housing Undergoing Renovation or Rebuilding - Housing Official Contact Information” form.
- Only for those applicants that submit data for Indian Land children: You must submit your recently approved Indian Policies and Procedures (IPPs).

Do not wait until the last day to upload/fax/email the signature pages and other necessary documentation, and risk missing the deadline. Keep your fax machine’s confirmation printout or your email receipt to document your timely submission. The G5 system automatically sends an acknowledgment of the application submittal; this is not confirmation of a completed application.

Late Applications— Applicants can still file for Section 8003 assistance up to 60 days after the regular application deadline. Applicants that file within this window will have payments for that fiscal year reduced by 10%. The late application deadline for FY 2016 applications is Wednesday, April 1, 2015.

Amendments— LEAs can use the G5 e-Application website to modify and update their applications until September 30, 2015. If you are amending your application to include additional students, those students must be enrolled in your school district as of the survey date.

How to Apply

Prepare and submit this application by using the U.S. Department of Education’s electronic grant application system, G5 e-Application, available online at www.G5.gov. If you are not already a registered user, you must register on this web site to begin the electronic grant application process. Whether you are a new user or have used this web site in the past, we urge you to log on to the site and familiarize yourself with it at your earliest convenience, and to complete the application process well before the due date.

After submitting the electronic application, you must **upload, email, or fax** to the Impact Aid Program all forms for which signatures are required. Using the upload functionality in G5 is strongly encouraged as it will help us track your full application efficiently, but please use one method and one method only. Your authorized representative must sign and date the cover page of the application and the Impact Aid Program Assurances and Certifications page. After signing, upload a PDF file of the pages to G5 (see Appendix 2 for further instructions), fax the pages to the Impact Aid Program at 866-799-1272, our toll-free fax number, or scan the pages to a PDF file and send the file by email to Impact.Aid@ed.gov, and enter “Section 8003

Application” in the subject line. If you choose to fax the forms, use the cover sheet from the list of Documents & Instructions on the Package Information screen in e-Application. Your application is not complete until you have submitted the electronic application online and you have uploaded, emailed, or faxed all pages with signatures to the Impact Aid Program.

In addition, you must forward a complete copy of the application to your State educational agency (SEA) at the same time you submit it electronically to the U.S. Department of Education. Use the transmittal form from the list of Documents & Instructions on the Package Information screen in G5 e-Application. Your SEA Impact Aid contact is included in a list on our website at www.ed.gov/about/offices/list/oese/impactaid/searl.html.

Mandatory Forms

Your application must contain all mandatory forms, including:

- Cover Page
- Section 8003 Assurances
- One or more of Tables 1 through 5
- Table 6
- Table 7, if it is displayed (*This form is required if your LEA claimed children with disabilities on Table 1 or Table 2 on your FY 2015 application.*)
- Table 8, if it is displayed (*This form is required if your LEA operates buildings owned by the U.S. Department of Education.*)
- Table 10, if it is displayed (*This form is required if your LEA receives construction payments under Section 8007(a).*)
- Indian Policies and Procedures (which must have a date of board review and approval no earlier than February 1, 2014) or IPP waiver (*IPPs are required if you claim children living on Indian lands in your application.*)

Only for those applicants that have military installation or Indian housing undergoing renovation or rebuilding will need to upload the “Housing Undergoing Renovation or Rebuilding - Housing Official Contact Information” form.

Cover Page

Pre-populated Information—If your LEA has applied for Impact Aid in previous years, most of the items on the cover page will be “pre-populated,” that is, copied from your LEA’s application from last year. If any of this information has changed or is missing, make the necessary corrections before submitting this year’s application. Many LEAs have similar names; please pay careful attention to your LEA’s name and address to be certain that we have your LEA properly identified.

New applicants must complete the requested information on the cover page. On data entry screens in G5 e-Application, items marked with an asterisk are mandatory.

Membership Survey Date—Enter the date that the membership survey was taken. The membership survey must be taken no earlier than the fourth school day of the regular school year and no later than January 31, 2015.

You are allowed to take a second membership survey after January 31, but no later than May 14, and submit those data as an amendment to your application. It is beneficial to your school district to conduct a second membership survey **only if** your LEA experiences a large increase in the number of eligible federally connected children after your first survey date and no later than May 14. The results of the two surveys are averaged and usually only produces a small change. As a result, LEAs rarely conduct second membership surveys.

If your LEA conducts a second membership survey, you must submit an amended application to IAP by September 30, 2015. You will also need to send a copy of the amendment to your SEA.

Survey Forms or Source Check—Check one or both of these boxes to indicate how you collected the information to verify the eligibility of students you report on Tables 1-5.

Original Application or Amendment—The G5 e-Application system will automatically identify your application as an original or amendment.

Impact Aid and PR/Award Numbers—Your Impact Aid Number and PR/Award Number will be pre-populated if you previously have applied for Impact Aid. If your LEA previously has applied for Impact Aid and any of these numbers is blank or the Impact Aid Number displayed on the screen begins with “GIA,” please contact the Impact Aid Program at 202-260-3858 before continuing so that we may be certain your application has been correctly pre-populated.

If your LEA has not received Impact Aid previously, these numbers may be blank or the Impact Aid Number may begin with “GIA.” The Impact Aid Program will assign these numbers for you after you submit your application.

DUNS Number—If you do not know your LEA’s DUNS Number or if you would like to verify the number displayed on the application screen, call Dun and Bradstreet, Inc. at 800-333-0505 or [visit their website](#) to obtain or check the number. The DUNS Number on the application should be assigned to the same name and address that is printed on this application.

Applicant Name and Address—Your LEA’s name and address will be displayed as they are listed in the Impact Aid information system. The name should be your LEA’s legal name and the address should be the mailing address of your school district offices. We will use this address to mail information to you.

Contact Person—The Contact Person information you provide should be for the person on your LEA’s staff who is most knowledgeable about this application and the data used to create it. Please be careful to provide an accurate email address. IAP uses this address to provide applicants with timely information throughout the year, including vouchers documenting

payments to your LEA. Additional contacts, to which we also send copies of payment vouchers, can be added by sending an email to Impact.Aid@ed.gov.

Section 8003(b)(2) Heavily Impacted Districts—Check this box if your LEA is requesting funds as a heavily impacted district. Section 8003(b)(2) provides a special payment calculation for basic support payments for eligible LEAs. If you check the box to apply for funding under Section 8003(b)(2), you will be asked to submit additional information needed to determine whether your LEA is eligible.

To be eligible for this provision, LEAs that have not previously been eligible must have, among other requirements: (1) a tax rate of at least 95 percent of their comparable districts' average tax rate; (2) eligible federally connected children equal to at least 50 percent (or for those LEAs ineligible to claim civilian "F & G" children, 40 percent) of their total enrollment; and (3) either 350 or more students in total enrollment and a per pupil expenditure (PPE) of less than the State average or fewer than 350 students enrolled with a per pupil expenditure of less than that of one or three comparable districts in the State. In addition, new LEAs must be determined eligible for two consecutive years in order to receive payment in the second year.

Because the verification process for eligibility for heavily impacted funds is time-intensive for your SEA as well as IAP, we recommend that you check with your SEA representative for tax data and PPE information before you apply for this program. If your SEA determines that you do have the tax basis necessary, please contact your IAP state analyst for additional information. On the average, only about 20-25 LEAs qualify for these funds.

Grade Span Maintained and Legal Classification

Please be certain to enter you LEAs Grade Spans Maintained and Legal Classification (if different than Grade Span). The "legal classification should be how you are identified under your State law (e.g., classification by size, dependency, or grade level)." If you do not enter this information, it will **delay** your payment.

Impact Aid Program Assurances and Certifications

Authorized Certifying Representative—Enter the name and title of the LEA's authorized certifying representative. The signature of the LEA's representative commits the LEA to the declarations on this document, including:

- Incorporation by reference of all other assurances documents, and
- Assurance that the applicant meets all statutory, regulatory, and administrative requirements for this grant program

New applicants **must** obtain and file the referenced assurance documents by the application deadline. Contact the Impact Aid Program on (202) 260-3858 for additional information.

The authorized representative must sign and date the printed Impact Aid Program Assurances and Certifications form on or before the filing deadline, February 2, 2015.

General Instructions for Tables 1-5

Complete these tables to report the number of children associated with the Federal properties in your LEA. If you are a current applicant, we have pre-populated the Federal properties claimed on your previous application. Record the number of federally connected children associated with each property in the columns labeled **Number of Children on Survey Date**. Each student can be counted **only once**. Children with disabilities reported on tables 1 and 2 should not be included in student counts on other tables. If you do not have children connected with a specific property in the current year, place a zero in that column.

You may also add other Federal properties in addition to those listed on Tables 1 through 5 by using the drop down button on any blank row on each table to open the Property Lookup Screen. If you wish to add a property that you believe is a Federal property but it is not on the Property Lookup Screen, you may enter the name and address of the property in the name and address fields at the bottom of the Property Lookup Screen.

Eligible Federal Properties—If you enter properties that are not on the Property Lookup Screen, you must indicate the specific location of each parcel of claimed property by the official name, street address, city, and state. The name of a government agency or a post office box number is not sufficient identifying information. All new properties will be researched by IAP to confirm eligibility. If you need additional assistance, contact the IAP property team at 202-260-3858. The following are types of properties that may be claimed:

Federal Office Buildings – Report specific addresses. You do not need to report the Federal agency that employs the parents of children claimed for this category.

Ships – Eligibility of ships is determined on the basis of homeport assignments in that state. If you claim children who have civilian parents employed on ships, you must furnish the name, hull number, and the controlling Federal agency. For each ship, click the drop down button on a blank row and enter the ship's information in the name and address fields at the bottom of the Property Lookup screen. After you submit your application, an Impact Aid Program property specialist may contact you for additional information.

Uniformed Services – Use “Uniformed Services” instead of a “work on” property to claim children who have a parent on active duty in the uniformed services of the United States. Service members of the Army, Navy, Air Force, Marine Corps, Coast Guard, National Oceanic and Atmospheric Administration and U.S. Public Health Service can all be included as Uniformed Services.

Children with a parent in the Reserves or the National Guard generally are not eligible unless the parent is on active duty on your survey date as a result of a Presidential Order. You can claim dependents of National Guard members and Reservists who have been activated pursuant to a Presidential Executive Order 13223 of September 14, 2001, as

amended, and under authority of Title 10, United States Code (U.S.C.). You cannot claim children whose parents are activated **after** the survey date or whose activation ended **before** the survey date. You must document the service member's activation with a copy of each member's orders or a certification from a Service component of the service member's activation. Personally identifying information such as dates of birth and social security numbers should be redacted. Dependent students of National Guard members who remain under the command and control of the State Governor (Title 32) are **not** eligible to be counted for Impact Aid.

Accredited Foreign Military – You may claim children in this category who have a parent who is both an accredited foreign government official and a foreign military officer.

United States Postal Service (USPS) Buildings – Buildings under the jurisdiction of the USPS in which more than 50 percent of the floor area is used for postal services are not eligible. Federal Office Buildings under the jurisdiction of the General Services Administration are eligible in their entirety regardless of floor area assignments.

Property Owned by Foreign Governments or International Organizations – Any property owned by a foreign government or by an international organization that is not subject to real property taxation may be claimed.

Indian Lands – Applicants will be required to submit documentation of the eligibility of any new Indian Land property that is claimed. If you claim a property that is not pre-populated on your application, the IAP staff will contact you later to request the eligibility documentation. In all but a few cases, eligible Indian Lands must be held in trust or restricted status.

Applicants are required to update and maintain documentation regarding Indian Land eligibility status on a yearly basis. You do not need to submit this documentation at the time of the application; however, IAP staff may request it at a later date. Please contact the Impact Aid Program on (202) 260-3858 if you need assistance.

Pre-Kindergarten Children

You may claim pre-kindergarten (pre-k) children on Tables 1 through 5 if they are federally connected children who are provided a free public education by your LEA. It does not matter whether pre-kindergarten education is included in your State's definition of elementary and secondary education, however, the education of the children must be provided at public expense. This means that neither the child nor the parent can be charged tuition to be eligible to be claimed on the application. In addition, Federal funds other than Impact Aid (e.g., Head Start, IDEA) must not constitute a substantial portion of the funding of the education program for the children claimed. Please contact the Impact Aid Program on (202) 260-3858 if you need assistance.

- If your State does not fund your pre-k program, please add the total pre-k membership to your membership reported on Table 6. Additionally, add the total pre-k average daily attendance to your prior year average daily attendance. This will ensure proper

reporting of your LEA's membership and average daily attendance for payment purposes.

Table 1

CHILDREN WITH DISABILITIES WHO: (1) reside on eligible Federal property and have a parent on active duty in the uniformed services of the United States; or (2) reside on eligible Federal property with a parent who is both an accredited foreign government official and a foreign military officer; or (3) reside on eligible Indian lands.

Report on Table 1 federally connected children enrolled on the survey date in State approved education programs for children with disabilities and meet the requirements listed above. These may be children who reside on eligible Federal property (including low rent housing) and have a parent on active duty in the uniformed services of the United States, children who reside on Federal property and have a parent who is both an accredited foreign government official and a foreign military officer, and children who reside on eligible Indian lands. These children must have current written individualized education programs (IEPs) that are signed and in effect on the survey date. Do not include children who have IEPs solely because they are included in gifted and talented programs.

In recent years, the Congress has included authority in annual appropriations language allowing applicants to include on Table 1 any student who is attending a school in the LEA but who is no longer living on federal property due to the deployment of both parents or legal guardians, or a parent or legal guardian having sole custody of the child. The property on which the student **formerly** resided should be reported as the federal property of residence. Further, this language has allowed children who continue to live on Federal property after the death of the parent in the uniformed services to be included on Table 1. While the Congress will not complete appropriations for FY 2016 that may include these provisions until after the application deadline, we recommend that you include such children on your application as if the provision were already enacted.

Table 2

CHILDREN WITH DISABILITIES WHO DO NOT RESIDE ON FEDERAL PROPERTY BUT: (1) have a parent on active duty in the uniformed services of the United States; or (2) have a parent who is both an accredited foreign government official and a foreign military officer.

Report on Table 2 federally connected children enrolled on the survey date in State-approved education programs for children with disabilities. These children must have current written individualized education programs (IEPs) that are signed and in effect on the survey date. Do not include children who have IEPs solely because they are included in gifted and talented programs. Summarize the children in the following categories:

– Children with disabilities who **do not** reside on Federal property but have a parent on active duty in the uniformed services of the United States.

– Children with disabilities who **do not** reside on Federal property but have a parent who is both an accredited foreign government official and a foreign military officer.

Table 3

CHILDREN WHO: (1) reside on eligible Federal property with a parent employed on eligible Federal property located at least partly within the school district; or (2) reside on eligible Federal property and have a parent on active duty in the uniformed services of the United States; or (3) reside on eligible Federal property and have a parent who is both an accredited foreign government official and a foreign military officer; or (4) reside on eligible Indian lands (no parental employment required).

Report on this table federally connected children who both live on and whose parents work on Federal property, including children living on Indian lands.

Columns (1) and (2) – Report the eligible Federal property on which the children resided on the survey date:

– Children who reside on eligible Federal property (including low rent housing) with a parent employed on eligible Federal property located at least partly within the school district.

– Children who reside on eligible Federal property (including low rent housing) who have a parent who is both an accredited foreign government official and a foreign military officer.

– Children who reside on eligible Federal property (including low rent housing) and who have a parent on active duty in the uniformed services of the United States.

– Children who reside on Indian lands. “Indian lands” is defined in section 8013(7) of the Impact Aid law, and generally means land held in trust for individual Indians or Indian tribes (trust property), land held by individual Indians or Indian tribes subject to restrictions on alienation (restricted land), land conveyed under the Alaska Native Claims Settlement Act to a Native individual, Native group, or village or regional corporation, or public land owned by the United States that is designated for the sole use and benefit of individual Indians or Indian tribes. IAP will work with you to verify new Indian land property reported on your application.

Columns (3) and (4) – Report the eligible Federal property on which the parent was employed on the survey date. For children who have a parent in the uniformed services of the United States or who have a parent who is **both** an accredited foreign government official and a foreign military officer, select "Uniformed Services" or "Accredited Foreign Military," respectively.

Column (5) – Report the number of children associated with the residence and employment locations identified in Columns 1 through 4.

Table 4

CHILDREN WHO reside on eligible Federal property, but whose parents are not employed on Federal property.

Report on this table the number of children, listed by property, in the following categories:

– Children who reside in low rent housing and whose parent is not employed on Federal property; and

– Children who reside on eligible Federal property and whose parent is not employed on Federal property.

Do not report on Table 4 children residing on eligible Indian lands who do not have a parent employed on federal property. Report those children on Table 3.

Table 5

CHILDREN WHO DO NOT RESIDE ON FEDERAL PROPERTY BUT: (1) reside with a parent employed on Federal property; or (2) have a parent on active duty in the uniformed services of the United States; or (3) have a parent who is both an accredited foreign government official and a foreign military officer.

Report on this table the number of children, listed by property, in the following categories:

– Children who **do not** reside on Federal property but have a parent who is employed on eligible Federal property situated in whole or in part in the State in which the school district is located (See the note below about the number of children you need for this category).

– Children who **do not** reside on Federal property but have a parent on active duty in the uniformed services (List these children as "Uniformed Services" instead of with an actual property).

– Children who **do not** reside on Federal property but have a parent who is both an accredited foreign government official and a foreign military officer (List these children as "Accredited Foreign Military" instead of with an actual property).

Note regarding Table 4 and Table 5: To receive a payment for children who reside on Federal property (other than low rent housing) with a parent not employed on Federal property, or who do not reside on Federal property but have a parent employed on Federal property in the State, your LEA must have a total number of such children equal to or greater than 1,000 in average daily attendance (ADA) or equal to or greater than 10 percent of your total ADA. If your LEA does not meet this minimum requirement, the Impact Aid Program cannot count these children toward the basic program eligibility requirement of federally connected children numbering at least 400 in ADA or three percent of the total number of children in the district, and cannot count these children in calculating payment amounts.

Table 6

MEMBERSHIP AND AVERAGE DAILY ATTENDANCE DATA

Line 1. (A) – Enter the number of children enrolled for the current school year (SY 2014-2015) in schools operated by the LEA **on the survey date**. Do not include students for whom tuition is paid to attend school outside the LEA. Those students should be reported on line 1. (D).

Line 1. (B) – Enter the number of children for whom the applicant receives or contracts to receive payments (tuition-in) from parents, other districts, Federal programs other than Impact Aid, or other sources if such payments constitute a substantial portion of the children's educational cost, under arrangements that meet applicable State requirements.

Line 1. (D) – Enter the number of children for whom the applicant pays other LEAs or other educational entities the cost of free public education (tuition out) under arrangements that meet applicable State requirements. The tuition arrangements that an LEA makes for its tuition-out students must genuinely reflect the district's responsibility for educating those children.

Line 2. (A) – Enter the actual ADA for the preceding regular school year (2013-2014) of children reported on Line 1(E) of this table. Include tuition-out ADA; but exclude tuition-in ADA. This figure must be a total for the end of the school year; it is not the attendance data for the survey date alone. Do not report summer school ADA in this number.

Applicants from States that do not collect average daily attendance do not have to complete line 2 (A) unless you plan to show that your attendance rate is higher than the rate negotiated between your State and the U.S. Department of Education.

Line 2. (B) – If your LEA provides a program of free public summer school, enter the hours of summer school attendance for the preceding school year (Summer 2014). However, if your state is a negotiated rate state, it is not necessary to report this data.

Line 2. (C) – Enter the number of days in the regular school year.

Line 3. – The sum of the numbers of students you enter on Tables 1 through 5 is displayed on Line 3 for your information. To be eligible for a payment under section 8003, a local school district must educate at least 400 eligible federally connected children in average daily attendance, or the eligible federally connected children must make up at least three percent (3%) of the school district's total average daily attendance. Applications that do not meet this basic eligibility requirement are not eligible for payment. In addition, children who reside on federal property or whose parents are employed on federal property—civilian “F & G” children—must number at least 1,000 in average daily attendance or make up at least 10 percent (10%) of the school district's average daily attendance in order to be eligible for payment.

Table 7

FISCAL REPORT ON EXPENDITURES OF ADDITIONAL FUNDS PROVIDED FOR CHILDREN WITH DISABILITIES

If your LEA claimed children with disabilities on last year's application you must complete Table 7, reporting your LEA's revenue and expenditure data for your LEA's **preceding** fiscal year (i.e., FY 2014). The U.S. Department of Education reviews these data to ensure your compliance with the program regulations. Under 34 CFR § 222.53, you must be able to demonstrate that your additional expenditures for federally connected CWD were at least equal to the amount of your section 8003(d) payment. If Table 7 is missing in your G5 application, please contact the IAP Office by phone at 202-260-3858 for further assistance.

Line 1. – Report additional expenditures for educational services for all children with disabilities **beyond** standard educational costs. Such expenditures may include facilities modification costs (e.g., ramps and accessible rest rooms), additional administrative costs, assessment costs, counselors or social workers, special teachers, aides and other staff, transportation, homebound programs and hospital programs. Do not include expenditures for gifted and talented children or expenditures for the regular educational cost of children with disabilities.

Line 2. – Report State aid received for all current expenditures for elementary and secondary education purposes. Include State aid for State-approved educational programs for children with disabilities.

Line 3. – Report all State aid received specifically for children with disabilities. Do not include State aid for gifted and talented children.

Line 4. – Report total funds received from Part B of the Individuals with Disabilities Education Act (IDEA, U.S.C. 1400 et seq.).

Line 5. – Report any federal or private aid received for children with disabilities that is not taken into account in Lines 1 to 4. This may include, for example, Medicaid payments.

Line 6. – Report the total number of children with disabilities in the LEA's membership, both federally connected and not federally connected, with current signed IEPs in effect on the IDEA count date. Do not include children who have IEPs solely because they are in gifted and talented programs.

Table 8

CHILDREN WHO ATTEND SCHOOLS OWNED BY THE U.S. DEPARTMENT OF EDUCATION

This table is provided only to applicant LEAs that use buildings owned by the Department of Education. Please contact the Impact Aid Program on (202) 260-3858 if you need assistance.

Table 10

SECTION 8007 (CONSTRUCTION)

If your LEA received construction funds under section 8007 in the preceding year you must complete Table 10.

TABLE 10 a – Fiscal Report on Expenditures of All Construction Related Funds and Accounts

Report revenues and expenditures for all construction related activities. Refer to the capital outlays budget summary in your LEA's audited annual financial report.

Line 1. – Report all construction funds and accounts available for construction purposes.

Line 2. – Report all section 8007 receipts received in the preceding fiscal year.

Line 3. – Report any other funds and grants received that can be used for construction purposes.

Line 4. – Report transfers into this fund.

Line 5. – Report transfers out of this fund.

Line 6. – Use this line if your construction funds are included in your general fund or other specialized fund that combines general and construction expenditures. Also, use this line to account for all non-construction-related expenditures (e.g., equipment, instructional materials).

Line 7. – Report total expenditures for construction-related activities, including: the preparation of drawings and specification for school facilities; erecting, building, acquiring, altering, remodeling, repairing or extending school facilities; and inspecting and supervising the construction of school facilities.

Line 8. – If you include your debt service in your total expenditures (line 7), DO NOT record it on this line.

Line 9. – The system will calculate the total on Line 9 as:

$$\text{Line 1} + \text{Line 2} + \text{Line 3} + \text{Line 4} - \text{Line 5} - \text{Line 6} - \text{Line 7} - \text{Line 8}.$$

TABLE 10 b – Report on Condition of Facilities

Rate the overall condition of your LEA's facilities. Choose one number to indicate the overall condition of your LEA's facilities. This number should represent both the physical condition of the facilities and the ability of the buildings to meet the functional requirements of instructional programs.

If your LEA completed Table 10 on last year's application, be sure to refer to the rating score you previously reported. If the overall condition of your facilities is better this year, the score might stay the same or go up. If the condition is worse, the score might go down from the previous year.

Indian Policies and Procedures

If you claim children residing on Indian lands, you must submit a copy of your current Indian Policies and Procedures (IPPs) or, in lieu of IPPs, a waiver statement from each tribe(s) for the children attending your school district. Your submission must be updated annually. You can upload either document in PDF format to your electronic application. If you are unable to scan this document, you may fax it along with your signature pages. The IPPs must be current and must have been reviewed and approved by your board of education within the last year (after January 31, 2014). If you submit a waiver statement in lieu of IPPs, it must be for the current year and provided by the tribe(s). In addition, you will need to maintain documentation of compliance regarding the eight statutory requirements. You do not need to submit the documentation at the time of application; however, IAP staff may request it at a later date. Please note that LEAs claiming Indian children cannot receive IAP funding until an approved IPP or waiver is submitted. Contact IAP by phone at 202-260-3858 if you need more information about this requirement.

Housing Undergoing Renovation or Rebuilding

MILITARY OR INDIAN LANDS HOUSING UNDERGOING RENOVATION OR REBUILDING

This is an optional table that may be submitted by applicant LEAs where housing on a military installation or on Indian lands is temporarily unavailable for occupancy because it is undergoing renovation or rebuilding. The Impact Aid Program uses this information to determine whether some number of children who do not reside in these units may be categorized as though they reside on a military installation or Indian lands in calculating payments for this application. The effect of categorizing these students in this way will be to increase the LEA's maximum basic support payment.

Due to a change in the Impact Aid statute, Tables 9 & 11 have been removed from the application and replaced by a single form for FY 2016 and subsequent applications. The LEA **does not** enter any specific property addresses on this table. The LEA must identify the housing official's:

1. First and last name
2. Official title
3. Military installation or Indian Lands housing area
4. Email address
5. Phone number
6. Fax number

You will find this form on the right hand side of the screen, under the application instructions. If you are providing information for more than one military installation, provide a separate form for each.

To upload the form, you will see an application form labeled “Project Narrative – Impact Aid, Sec. 8003, Military or Indian Lands Housing Undergoing Renovation or Rebuilding” where you will upload the document. Contact the Impact Aid Program by phone at (202) 260-3858 or via email at Impact.Aid@ed.gov if you need more information about this requirement.

Appendix 1 – Tables and Categories

<i>How is the student federally connected?</i>					<i>Where is the student counted?</i>	
STUDENT	PARENT	CATEGORY	WEIGHT		GENERAL EDUCATION STUDENTS	SPECIAL EDUCATION STUDENTS (NOT GIFTED)
Resides on Federal property	Civilian who works on federal property in the LEA	A(i)	1.00	→	Table 3	
Resides on Federal property	Foreign military officer and accredited foreign gov't official	A(ii)	1.00	→	Table 3	Table 1
Resides on Federal property	Is in U.S. uniformed service	B	1.00	→	Table 3	Table 1
Resides on Indian Lands		C	1.25	→	Table 3	Table 1
Does not reside on Federal property	Is in U.S. uniformed service	D(i)	0.20	→	Table 5	Table 2
Does not reside on Federal property	Foreign military officer and accredited foreign gov't official	D(ii)	0.20	→	Table 5	Table 2
Resides in Low Rent Housing	Does not work on Federal property	E	0.10	→	Table 4	
Resides on Federal property	Civilian who does not work on Federal property	F	0.05	→	Table 4	
Does not reside on Federal property	Works on Federal property in same county as LEA	G(i)	0.05	→	Table 5	
Does not reside on Federal property	Works on Federal property in same state as LEA	G(ii)	0.05	→	Table 5	

The categories above correspond to the categories you will see on your payment voucher. Each category of student has a specific weight when calculating final payments according to the Impact Aid law.

Appendix 2 – Using G5 e-Application for Section 8003

1. If you have not registered at www.G5.gov as an individual Impact Aid user, do so.

Visit [G5 Help](#) for a tutorial on how to register. Double-click “G5 for Impact Aid Applicants,” then “Impact Aid Applications,” then “Register as an Impact Aid User.”

Help Desk: Help is available through e-mail or by calling the G5 Hotline.

Hours of Operation: 8:00 a.m. to 6:00 p.m., Monday - Friday, EST

Toll-Free: 1-888-336-8930

TTY: -877-8339

Local: 202-401-6238

Email: edcaps.user@ed.gov

2. Log in to www.G5.gov to begin or continue your application.

3. Prepare and submit the application by February 2, 2015, 11:59 p.m. EST.

Visit [G5 Help](#) for a tutorial on navigating the application. Double-click “G5 for Impact Aid Applicants,” then “Impact Aid Applications,” then “Complete and Submit an Impact Aid Application.”

A complete application includes the following:

- Cover Page, signed, dated, then faxed or emailed
- Impact Aid Program Assurances and Certifications, signed and dated then faxed or emailed
- One or more of Tables 1-5, as applicable
- Table 6
- Table 7, if your LEA claimed children with disabilities on Table 1 or Table 2*
- Table 8, if your LEA operates buildings owned by the U.S. Department of Education*
- Table 10, if your LEA received construction payments under Section 8007(a)*
- If applicable, a copy of your district’s IPPs or waiver, signed, dated, then uploaded to the electronic application
- If applicable, the “Housing Undergoing Renovation or Rebuilding - Housing Official Contact Information” form, uploaded to the electronic application

**Tables 7, 8 and 10 will automatically display as part of your LEA’s application package if you are required to complete them.*

4. Upload into G5, email (Impact.Aid@ed.gov), or fax (866-799-1272) all application pages for which signatures are required by February 2, 2015, 11:59 p.m. EST.

- Your application will not be considered complete until IAP receives the electronic application and all required signed and dated forms (including IPPs).
- Your Authorized Representative must sign and date the required Cover Page, Assurances, and Certifications page by February 2, 2015.

- We strongly recommend using the new upload functionality in G5 to ensure faster processing of your complete application package. After submitting your application, go back to the screen that lists your applications (the My Application Packages screen), select the FY 2016 application, and click the Upload Signed Documents button. Follow the prompts on the screen to submit your PDF file(s).
- If faxing the signature forms, use the “Fax Cover Sheet” provided on the Package Information tab.
- If emailing the signature forms, please save and attach the forms in PDF format.
- The application MUST be submitted electronically through G-5.

5. Forward a complete copy of your application to your State Educational Agency (SEA).

- Use the transmittal sheet provided on the Package Information tab
- Find your SEA’s contact information on our web site at [State Educational Agency Representative List](#).
