

OKLAHOMA STATE DEPARTMENT OF EDUCATION

SUPPLEMENTAL PROGRAMS REPORTING CODES AND DEFINITIONS FOR MIGRANT EDUCATION

Supplemental Programs are defined as services in addition to the basic educational program provided by the local school district. The supplemental programs reported should be only the programs in which each student is participating and which is being funded under Title I, Part C, Education of Migratory Children.

NOTE: The supplemental program code 015 (Schoolwide) is no longer being used. If a student is served in special education please use code 021.

001 English as a Second Language

Services designed to develop those English language experiences, language skills, and communicative competencies that are required to learn content in a classroom where English is the language used for instruction.

002 Bilingual

A structured program of services designed to provide content in a student's first language with special support in the transfer of learning skills and concepts from their first language to the English language.

003 Tutorial Math

Services in mathematics for individual students or pupils in a small group setting which is tutorial in nature.

004 Tutorial Reading

Services in reading for individual students or pupils in a small group setting which is tutorial in nature.

005 Tutorial Secondary

General services (other than those that can be coded to reading, math, and other language arts) provided for individuals or small groups of secondary students.

006 Preschool

Services designed to develop the psychomotor, cognitive, and affective skills of children (usually prekindergarten) through a wide range of educational and developmental activities.

007 Vocational Education

Services, including prevocational, designed to provide training and development of skills that are required for gainful employment in a skilled or technical occupation.

008 Career Education

Services designed to develop an awareness of career options, work values, work seeking, work getting skills, and career decision-making skills in relation to student ability and interest. These services may also include related "life skills" components.

009 NOT USED

010 Work Study

Programs which provide students with general and specific occupational skills through a combination of supervised employment in an occupational field and related classroom instruction.

011 General Educational Development (GED)/High School Equivalency
