What It's All About

The Oklahoma State Department of Education (OSDE), Special Education Services (SES), is providing a two hour Videoconference on the 2011-2012 OAAP Portfolio Administration Manual. This is for teachers who were unable to attend a training in December, 2011.

This repeated required training will review changes to the portfolio administration manual. If you attended a training in December OR have viewed the taped video components that will be posted to our website you are not required to attend this training.

Trainings regarding technical specifications for submitting the OAAP Portfolio will be held at a later date.

Each training will require registering online. To register at a videoconference location near you, please go to <http://sde.state.ok.us/Services/Videoconference/register.html>.
