

RULE IMPACT STATEMENT

TITLE 210. STATE DEPARTMENT OF EDUCATION CHAPTER 10. SCHOOL ADMINISTRATION AND INSTRUCTIONAL SERVICES SUBCHAPTER 13. STUDENT ASSESSMENT

a. **What is the purpose of the proposed rule change?**

The proposed amendments to 210:10-13-2 make changes to the definition of "Full Academic Year (FAY) student", and eliminate language that established a different accountability reporting status for residential facilities and juvenile detention facilities that have a site code versus those facilities that do not. Under the proposed FAY definition in (e), a student shall be considered a FAY student if they are enrolled within the first 20 instructional days of the school's instructional year through and including the date of the exam, without an enrollment lapse of 10 or more days. This is a change from the current language that classifies a student as an FAY student if they are enrolled from October 1 through the date of the exam without a lapse of 10 or more days. In (f), language is eliminated that established a different reporting status for the very limited number of juvenile and residential facilities that have their own site codes. These changes are necessary as emergency amendments so the updated FAY definition and accountability reporting classification will be in effect for the upcoming school year.
