Guiding Principle	Indicate whether you <i>agree</i> or <i>disagree</i> and provide examples
1. The standards express a clear progression for the level or depth at which a skill should be mastered from grade-to-grade. (70 O.S. § 11-103.6a(G)(1)(c-d) HB 3399 Sec. 3)	
2. The language of the standard is clear and free of jargon. (70 O.S. § 11-103.6a(G)(1)(e) , HB 3399 Sec. 3)	
3. The student’s proficiency of the standard can be measured. (70 O.S. § 11-103.6a(G)(1)(e) , HB 3399 Sec. 3)	

<p>4. The standard provides opportunities for students to use critical thinking skills. (70 O.S. § 11-103.6a(G)(1)(i-j), HB 3399 Sec. 3)</p>	
<p>5. The standard prepares students for active citizenship and college and career readiness. (70 O.S. § 11-103.6a(G)(1)(a), HB 3399 Sec. 3)</p>	
<p>6. The transitions from grade band to grade band are smooth and reasonable, suggesting that there are no unidentified gaps from one particular grade level that resume in a later grade. (70 O.S. § 11-103.6a(G)(1)(c-d), HB 3399 Sec. 3)</p>
