

Section 410. AIDS Prevention Education.

A. Acquired immune deficiency syndrome (AIDS) prevention education shall be taught in the public schools of this state. AIDS prevention education shall be limited to the discussion of the disease AIDS and its spread and prevention. Students shall receive such education:

1. at the option of the local school district, a minimum of once during the period from grade five through grade six;
2. a minimum of once during the period from grade seven through grade nine; and
3. a minimum of once during the period from grade ten through grade twelve.

B. The State Department of Education shall develop curriculum and materials for AIDS prevention education in conjunction with the State Department of Health. A school district may also develop its own AIDS prevention education curriculum and materials. Any curriculum and materials developed for use in the public schools shall be approved for medical accuracy by the State Department of Health. A school district may use any curriculum and materials which have been developed and approved pursuant to this subsection.
