OVERVIEW

The Oklahoma State Department of Education (OSDE) is seeking health educators to participate in the development of the Oklahoma Health Standards Curriculum Resources Project. The Oklahoma Health Standards Curriculum Resources Project will provide educators with information and resources to develop curriculum aligned to the Oklahoma Academic Standards for Health Education.

Resources may include the following deliverables:

- Classroom instructional suggestions and guidance
- Sample lessons or lesson ideas
- Classroom assessment suggestions (Formative and Summative)
- Other deliverables as determined necessary.

Oklahoma educators will be selected through the process defined in this application to serve as Curriculum Resources writers.

CURRICULUM RESOURCE WRITER EXPECTATIONS

- Writers will work with another educator to develop resources for the grade-level or course that they currently teach or have had experience in teaching. *All work will be conducted outside of the educator's regularly scheduled school days and teaching contracted hours.*
- Writers will participate in a series of virtual modules that will serve as professional development and training to develop the resources for this project.
- Writers will meet virtually with other teachers to discuss the virtual modules.
- Writers will attend three in-person meetings in Oklahoma City from 9:00 am-5:00 pm one-day in June, July and August, 2016.

PAYMENT

Oklahoma educators selected through this application process will be paid \$642.85 per month for work to be completed from **June, 2016 through September 2016**. This fee includes travel costs and other costs related to participating in the project. No other stipends or reimbursements will be made to participating educators for any reason.
