*Library Media
Services*

1. Alternate Strategy: (Clearly state alternative strategy (ies) which the district proposes and what results are to occur.)

Woodland Schools will operate three libraries as part of a rotation using two full time aides and one full time library media specialist. Our full time library media specialist will oversee the daily operations of the High School and Elementary School libraries. All three libraries will be fully operational to allow student access with results from previous years being unchanged.

2. Resources Needed: (Outline materials, supplies, staff, etc. that will be needed for this new approach.)

Current staff will be assigned to the library aide positions with the direction of our full time library media specialist. This deregulation will allow our district to providing the same quality of service at no additional cost to our district. The Library Aide's will be required to attend all professional development and in-service training provided by the district. No additional materials, supplies, or staff will be necessary.

3. Student and/or School Site Performance Levels to be Demonstrated:

There will not be a noticeable change in the day to day operations of the libraries. Academic rigor will continue at a high level as always. All libraries will continue to be available to our students, staff, and community to enhance their learning experience.

4. Evaluation Procedures and/or Process: (Outline procedures/process to be followed and submit follow-up report to SDE at the end of the school year.)

The Administration and Board of Education will assess the program at the end of the year and determine feasibility. As previously mentioned, our goal is continued access to our libraries for all of our students, staff, and community.

5. Financial Impact to the District of the Proposed Deregulation:

As a rural district, recruitment of qualified and certified employees is a challenge. We are fortunate to have the one media specialist we currently have. With your approval, this deregulation will continue to provide a significant cost savings to our district while providing a level of service equal to or above previous years.

6. Timeline(s): (Please submit class schedule, calendars, assessment forms, and other attachments as necessary.)

Please see attachments.

WOODLAND PUBLIC SCHOOLS

June 16, 2015

Dear Superintendent Hofmeister and Members of the Oklahoma State Board of Education:

The Woodland Board of Education recently approved a 1,080 hour, four-day per week calendar for our entire district. A copy of Woodland's 2015-16 school calendar is attached. I seek approval through deregulation to allow our district libraries to operate on this same 1,080 hour, 4 day per week schedule for the 2015-16 school year, and use a certified librarian with two aides to oversee library operations.

The deregulation that I seek would allow us to provide the same level of access for our students to library services. Having one certified librarian oversee two aides, would allow us a considerable cost savings while providing the same level of service.

Your consideration to grant our district the flexibility to utilize one certified library media specialist and two aides to provide library services, which best fits our community and students' needs is greatly appreciated.

Respectfully,

Todd Kimrey
Superintendent
