## **Grade 6 English Language Arts**

### **Purpose**

The purpose of the Grade 6 test is to measure Oklahoma students' levels of proficiency over the Oklahoma Academic Standards. Students are required to respond to a variety of items that assess identified content standards outlined in the Grade 6 Test Blueprint.

## Test Structure, Format, and Scoring

The Grade 6 English Language Arts operational test is administered in two sections over the course of two sessions. Each section of the test consists of approximately 25 operational items and 5 field-test items.

Each multiple-choice item is scored as correct or incorrect. Only operational multiple-choice items contribute to the total test score. Thus, for example, if a test contained 50 operational items and 10 field-test items, only those 50 operational items (not the field-test items) would contribute to a student's scaled score.

The student's raw score is converted to a scaled score using the number correct scoring method.

## Test Alignment with Oklahoma Academic Standards

### Criteria for Aligning the Test with the Oklahoma Academic Standards Content Standards

#### 1. Categorical Concurrence

The test is constructed so that there are at least six items measuring each OAS standard. The number of items, six, is based on estimating the number of items that could produce a reasonably reliable estimate of a student's mastery of the content measured.

---

#### 2. Range-of-Knowledge Correspondence

The test is constructed so that each OAS standard has at least one corresponding assessment item.

---

#### 3. Source of Challenge

Each test item is constructed in such a way that the major cognitive demand comes directly from the targeted OAS standard being assessed, not from specialized knowledge or cultural background that the test-taker may bring to the testing situation.

## TEST BLUEPRINT ENGLISH LANGUAGE ARTS

### 2016-2017 GRADE 6

This blueprint describes the content and structure of an assessment and defines the ideal number of test items by standard of the Oklahoma Academic Standards (OAS).

IDEAL PERCENTAGE OF ITEMS	IDEAL NUMBER OF ITEMS	STANDARDS
36%	18	<b>STANDARD 2: READING AND WRITING PROCESS</b> Students will use a variety of recursive reading and writing processes.
20%	10	<b>STANDARD 3: CRITICAL READING AND WRITING</b> Students will apply critical thinking skills to reading and writing.
20%	10	<b>STANDARD 4: VOCABULARY</b> Students will expand their working vocabularies to effectively communicate and understand texts.
12%	6	<b>STANDARD 5: LANGUAGE</b> Students will apply knowledge of grammar and rhetorical style to reading and writing.
12%	6	<b>STANDARD 6: RESEARCH</b> Students will engage in inquiry to acquire, refine, and share knowledge.
100%	50	<b>TOTAL</b>

\*Standard 8: Independent Reading and Writing is assessed throughout the test and dually aligned to each standard. Please note this blueprint does not include items that may be field-tested. A minimum of 6 items is required to report a standard.

## Depth-of-Knowledge Assessed by Test Items

The Grade 6 test will approximately reflect the following “depth-of-knowledge (DOK)” distribution of items:

Depth-of-Knowledge	Percent of Items
Level 1—Recall	5-15%
Level 2—Skill/Concept	70-85%
Level 3—Strategic Thinking	10-20%

DOK Ranges are based on the DOK of the new OAS standards. The standards increase grade-level expectations, increase rigor, and set the expectation for students to be college- and career-ready.

### Reading

- **Level 1** requires students to recall, observe, question, or represent facts or simple skills or abilities. It requires only surface understanding of text, often verbatim recall. Level 1 activities include supporting ideas by reference to details in the text; using a dictionary to find meaning; identifying figurative language in a passage; and identifying the correct spelling or meaning of words.
- **Level 2** requires processing beyond recall and observation; requires both comprehension and subsequent processing of text; and involves ordering and classifying text, as well as identifying patterns, relationships, and main points. Level 2 activities include using context to identify unfamiliar words; predicting logical outcomes; identifying and summarizing main points; applying knowledge of conventions of Standard American English; composing accurate summaries; and making general inferences and predictions for a portion of a text.
- **Level 3** requires students to go beyond the text; requires students to explain, generalize, and connect ideas; involves inferencing, prediction, elaboration, and summary; and requires students to support positions using prior knowledge and to manipulate themes across passages. Level 3 activities include determining the effect of the author’s purpose on text elements; summarizing information from multiple sources; critically analyzing literature; composing focused, organized, coherent, purposeful prose; and making explanatory and descriptive inferences and interpretations across an entire passage.

## Writing/Grammar/Usage and Mechanics

- **Level 1** requires students to write and speak using Standard English conventions, including appropriate grammar, punctuation, capitalization, and spelling.
- **Level 2** requires students to be able to connect ideas in writing, construct compound sentences, and use organizational strategies in written work.
- **Level 3** requires that students develop compositions that include multiple paragraphs and may include complex sentence structure and demonstrate some synthesis and analysis.

**Note:** These descriptions are taken from Review Background Information and Instructions, Standards and Assessment Alignment Analysis, CCSSO TILSA Alignment Study, May 21–24, 2001, Version 2.0. For an extended description of each depth-of-knowledge level, see the web site at <http://facstaff.wcer.wisc.edu/normw/TILSA/INFO> and [INSTR Align Anal 513.pdf](#)

## Universal Design Considerations

Universal Design, as applied to assessments, is a concept that allows the widest possible range of students to participate in assessments and may even reduce the need for accommodations and alternative assessments by expanding access to the tests themselves. In the Oklahoma Grade 6 tests, modifications have been made to some items to simplify and clarify instructions as well as to provide maximum readability, comprehensibility, and legibility. This includes such things as reducing the language load in content areas other than Language Arts, increasing the font size, displaying fewer items per page, and boxing the items to assist visual focus.

## Online Administration

Test questions will be presented one at a time.

The stimulus and question will appear on the screen at the same time.

Answers may be selected by using the mouse to click on the radio button to the left of the answer choice.

Navigation buttons appear at the bottom of the page for each question. For longer items, a scroll bar will appear on the right-hand side of the window to allow scrolling through the answer choices.

Students will be able to use scratch paper for all online assessments. This paper must be taken up and destroyed by the test administrator immediately following the test. The test administrator must not look at what the student has written on the scratch paper.

## Testing Schedules

This section appears in all of the test specification documents and is provided to give the reader a general sense of the overall testing program at this particular grade level.

Each Grade 6 test is meant to be administered in two sessions within one day with a break given between sessions or on consecutive days. Estimated time for scheduling is given in the table below.

<b>Section 1 Grade 6 English Language Arts Online Test Time Schedule</b>	
Distributing login information	Approximately 5 minutes
Test instructions/tutorial and reviewing sample items	Approximately 15 minutes
Administering the English Language Arts Test	50–60 minutes
Total:	70–80 minutes

<b>Section 2 Grade 6 English Language Arts Online Test Time Schedule</b>	
Distributing login information/logging on	Approximately 10 minutes
Administering the English Language Arts Test	50–60 minutes
Total:	60–70 minutes

## Multiple-Choice Item Guidelines

- All items must clearly indicate what is expected in a response and direct students how to focus their responses and will be written at a reading level appropriate for a Grade 6 English Language Arts audience.
- Each multiple-choice item will have a stem (question or incomplete statement that is completed by the correct answer choice) and four answer (or completion) options—the correct answer and three distractors. Distractors will be developed based on the types of errors students are most likely to make. Items may contain graphical elements and/or text extracts.
- Each multiple-choice item stem asks a question or poses a clear problem so that students will know what to do before looking at the answer choices. Students should not need to read all answer choices before knowing what is expected.
- All stems will be positively worded—avoiding the use of the word not. If a negative is required, the format will be “All of the following . . . except.”

## Stimulus Materials

Stimulus materials are the tables, charts, graphs, passages, and illustrations students must use in order to respond to items. The following characteristics are necessary for stimulus materials:

1. A stimulus that gives information must precede a question or a set of questions.
2. When students are given information to evaluate, they should know the research question and the purpose of the research.
3. Passages, graphics, tables, etc., will provide sufficient information for assessment of multiple standards.
4. Stimulus materials for a set of items may be a combination of multiple stimuli.
5. Information in stimulus materials will be real examples of what students would encounter in or beyond school.
6. For conceptual items, stimulus materials will be necessary but not conceptually sufficient for student response.

## Readability

The selected reading passages will be at the appropriate grade level. The readability level of all passages is evaluated using three recognized readability formulas. The formulas chosen for each grade vary according to the purpose for which the formula was developed. Appropriate readability formulas for Grade 6 English Language Arts include the Flesch-Kincaid Rating, the Dale-Chall Readability Rating, or any other formulas considered reliable.

In addition, sentence structure, length, vocabulary, content, visuals, and organization are reviewed when selecting appropriate grade level passages. The teacher committee that reviews passages provides the final decisions in regards to the readability of a passage.

## General Considerations—Oklahoma School Testing Program

1. Items deal with issues and details that are of consequence in the stimulus and central to students' understanding and interpretation of the stimulus.
2. Test items are varied and address all OAS standards listed in the Test Blueprint.
3. To the greatest extent possible, no item or response choice clues the answer to any other item.
4. All items reviewed and approved by the Oklahoma Item Review Committee are assigned an OAS standard. The Test Blueprints and score reports reflect the degree to which each OAS standard is represented on the test.
5. Test items are tied closely and particularly to the stimuli from which they derive, so that the impact of outside (prior) knowledge, while never wholly avoidable, is minimized.
6. Each multiple-choice item contains a question and four answer options, only one of which is correct. Correct answers will be approximately equally distributed among A, B, C, and D responses.
7. Distractors adopt the language and sense of the material in the stimuli so that students must think their way to the correct answer rather than simply identify incorrect responses by virtue of a distractor's obviously inappropriate nature.
8. Distractors should always be plausible (but, of course, incorrect) in the context of the stimulus.
9. Order of presentation of item types is dictated by logic (chronologically, spatially, etc.).
10. Items are worded precisely and clearly. The better focused an item, the more reliable and fair it is certain to be, and the more likely all students will understand it in the same way.
11. The range of items measuring an OAS standard consisting of more than one skill will provide a balanced representation of those skills.
12. Items should be focused on what all students should know and be able to do as they complete their Grade 6 coursework.
13. The responses "Both of the above," "All of the above," "None of the above," and "Neither of the above" will not be used.
14. The material presented is balanced, culturally diverse, well written, and of interest to Grade 6 test level students. The stimuli and items are fairly presented in order to gain a true picture of students' skills.
15. Across all forms, a balance of gender and active/passive roles by gender is maintained.
16. Forms attempt to represent the ethnic diversity of Oklahoma students.
17. No resource materials or calculators may be used by students during the test. Use of scratch paper is allowed on the test but should be taken up and destroyed at the end of the test.
18. The stimuli avoid subject matter that might prompt emotional distress on the part of the students.
19. Permission to use stimuli from copyrighted material is obtained as necessary by testing vendor.

All items developed using these specifications are reviewed by Oklahoma educators and approved by the Oklahoma State Department of Education. The distribution of newly developed or modified items is based on content and process alignment, difficulty, cognitive ability, percentage of art/graphics, and grade level appropriateness as determined by an annual Item Development Plan approved by the Oklahoma State Department of Education.

In summary, Grade 6 English Language Arts test items ask questions that address issues of importance in a text; require students to demonstrate comprehension of and knowledge about literary genres; require students to demonstrate knowledge of grammar, usage, and mechanics; and are consequential, concise, focused, and fair.

### Considerations Specific to the Grade 6 English Language Arts Test

Each 6th-grade-level reading passage will contain identifiable key concepts with relevant supporting details. Passages will be appropriate for determining the purpose for reading, analyzing character traits, compare/contrast, problem/solution, interpretation, analysis, drawing conclusions, making an inference, being conducive for vocabulary analogies, and relevant reading tasks as defined by the Oklahoma Academic Standards for 6th grade.

The passages will be well written and include a variety of sentence types and lengths. They may include dialogue, will reflect Oklahoma’s cultural diversity, and will possess sufficient structural integrity to allow them to be self-contained. Literary passages will reflect genres studied at the 6th-grade level, including essay, short story, novel, drama, narrative, and lyric poetry.

A test form will contain at least two reading selections that will allow students to make comparisons and connections between texts.

All passages will be reviewed to eliminate cultural or other forms of bias that might disadvantage any group(s) of students. The passages will avoid subject matter that might prompt emotional distress.

Permission to use selections from copyrighted material will be obtained as necessary.

The majority of the selections used for the Grade 6 test will include authentic literature; a portion may be selected from commissioned works. Selections should not exceed 700 words. Each reading passage will generate approximately five to seven multiple-choice questions from the Oklahoma Academic Standards, including vocabulary, comprehension, literature, and research and information. Each grammar passage will generate approximately six multiple-choice questions from the OAS standards, including Standard English grammar, mechanics, and usage.

Grade	Word Count*	Authentic Literary Selections	Expository Selections (1 task-oriented/functional)
3	200-600	3-6	3-5
4	200-600	4-6	3-5
5	300-700	4-6	4-6
6	300-700	4-6	4-6
7	500-900	4-6	4-6
8	500-900	4-6	4-6

\*Paired passages can have a total word count 1.5 times the highest word count for that grade.

It is necessary to create test items that are reliable, fair, and targeted to the OAS standards listed on the following pages. There are some considerations and procedures for effective item development. These considerations include, but are not limited to, the following:

1. Each test form contains items assessing all standards, objectives, and skills.
2. Test items that assess each standard will not be limited to one particular type of response format.
3. Test questions focus on authentic content that Grade 6 test-level students can relate to and understand.
4. Test items are worded precisely and clearly. The better focused an item, the more reliable and fair it is likely to be, and the more likely all students will understand what is required of them.
5. All items are reviewed to eliminate language that shows bias or that would otherwise likely disadvantage a particular group of students. Items do not display unfair representations of gender, race, ethnicity, disability, culture, or religion; nor do items contain elements that are offensive to any such groups.
6. With paired passages, items for each passage will follow the passage for which the items are written. The items that require comparisons and connections between passages will appear after both passages.

## Overview of Item Specifications

For each OAS standard, item specifications are organized under the following headings:

- OAS Standard
- OAS Objective
- Item Specifications
  - a. Emphasis
  - b. Format
  - c. Content Limits
  - d. Distractor Domain
  - e. Sample Test Items

The headings “OAS Standard” and “OAS Objective” state the standard and objective being measured as found in the English Language Arts section of the Oklahoma Academic Standards document.

For each objective, the information under the heading “Item Specifications” highlights important points about a test item’s emphasis, format, content limits, and distractor domain. Sample test items are provided with each standard to illustrate these specifications. Although it is sometimes possible to score single items for more than one concept, all items in these tests are written to address a single standard as the primary concept.

**Note:** With the exception of content limits, the Item Specifications offer suggestions of what might be included and do not provide an exhaustive list of what can be included. For this reason, Item Specifications are only meant to be a supplemental resource for classroom instruction.

In addition, the sample test items are not intended to be definitive in nature or construction—the stimuli and the test items that follow them may differ from test form to test form, as may their presentations. Sample test items are not intended to predict a student’s performance on the actual test, but rather to allow students to familiarize themselves with the item types and formats that they may see on the test.

## The Pirate Queen

- 1 For generations, pirates have been the subjects of legends filled with peg legs, eye patches, and parrots. But there was once a very notorious pirate who is said to have broken every mold.
- 2 Grace O'Malley was born in Ireland in 1530 with a yearning for the sea. Her father was a sailor, just like his father before him, and she had seen him set sail many times. More than anything, Grace wanted to go with him. When her mother refused to let her go, saying that the sea was no place for young ladies, Grace angrily cut off her long hair in protest. Her family mocked her, nicknaming her "Grace the Bald."
- 3 In those days, young ladies were supposed to get married and have children, and Grace did just that. She and her husband, Donal O'Flaherty—a sea-goer himself—had two sons and a daughter. But being a wife and mother didn't suppress Grace's longing for the sea, and she soon took charge of her husband's fleet.
- 4 At that time, Ireland was falling under English rule. England was enforcing new restrictions, making it unlawful for the Irish to transport goods at sea—which took away the livelihoods of many Irish citizens. Grace believed this was unfair and refused to accept it. Whenever a merchant ship would pass by on its way to trade at the large port of Galway, Grace would sail out in one of her fastest galleys, intercept the ship, and demand that they pay a fee for safe passage. If they refused, she would signal her men to board the ship and take its cargo.
- 5 When her husband died, the law said that Grace was supposed to be given a portion of his property. However, women didn't have many rights back then, and the law was ignored. With no husband and no business, Grace decided to take several hundred faithful followers and set up her own pirate fortress on Clare Island, off the coast of Ireland. The island provided the perfect location from which to monitor the waters along the coast and continue to pirate passing merchant ships.
- 6 Grace wanted to control the entire island—and she did, except for one bothersome little section known as Rockfleet Castle, which was owned by a man named Dick Burke. In a clever business move, Grace arranged to marry Burke, with the agreement that after one year, they could end the marriage if they wanted. When the year was up, Grace is said to have shut herself up in the castle, refusing to come out and sending her husband away.
- 7 When Grace was in her sixties, her sons and brother were taken prisoner in England. Feisty as ever, Grace boldly set sail for England and visited the queen there, asking for their release. It must have been a sight to see: Grace the pirate, clothed in her finest, standing there among England's richly dressed ladies and gentlemen of the court.

- 8 But amazingly, the queen seemed to take a liking to Grace, and they became allies of sorts. The queen agreed to the release of Grace’s family, and Grace agreed to fight for the queen’s interests at sea.
- 9 Perhaps the Queen of England felt that Grace’s skills at sea would serve England well. Or perhaps she recognized in Grace the rare spirit of independence that she herself possessed. Either way, Grace lived out the rest of her life sailing the seas, just as she had always wanted to.

Read the selection. Then answer the questions that follow.

## The Okmulgee Pecan Festival

- 1 Every year something big happens in Okmulgee, Oklahoma. Thousands of guests flock to the town. How does this small place lure so many visitors? Simple. Each June they bake the world's biggest pecan pie. Then they invite everyone in the state to come enjoy a piece! The result is a fun time and full stomachs for everyone.
- 2 Okmulgee lies just off US Highway 75. It's a hop, skip, and a jump from Tulsa, and it's a short two-hour drive from Oklahoma City. Most of the time, Okmulgee is a quiet, little town. However, that changes each June when the Okmulgee Pecan Festival opens. It transforms the town into one of Oklahoma's most famous sites.
- 3 Although the festival has gone on for years as a local celebration, it didn't become famous until the late 1980s. In the early 1980s, Okmulgee held a friendly contest with a town in Georgia. The two towns competed to see who could make the largest pecan pie. They passed the title back and forth many times over the years.
- 4 Then in 1989, Okmulgee became serious about the competition. The town invited people from the local campus of Oklahoma State University to help. Together the town and the school's culinary (cooking) department claimed a big victory.
- 5 The winning pie measured nearly 42 feet across. That is about as long as a school bus. It weighed 14 tons. That's heavier than a full-grown African elephant! The list of ingredients included 77,700 cups of flour and more than 64,000 eggs. The main ingredient, of course, was more than 3,000 pounds of shelled pecans.
- 6 Since 1989, Okmulgee has claimed more pecan prizes. It now owns world records for largest pecan brownie, largest pecan cookie, and biggest pecan party. Its festival is famous throughout the state.
- 7 Kris Williams, who led the 2004 festival planning team, wants to keep it that way. "Our festival has long been one of the best in the state," he said. "We want to keep it one of the best."

8 To reach that goal, the planning team keeps adding to the festival. The festival now boasts more than the giant pie. Live music, arts and crafts booths, and a carnival are part of the annual event. There is surely something at the festival to satisfy everyone's craving!

**A student wrote a report on the famous performer Will Rogers. Read the first part of the report, think about what revisions you would make, and then answer the questions.**

### **The Life of Will Rogers—Part 1**

1 In the early 1920s, people needed something to make them smile. The events of  
2 World War I remained fresh in American minds, and many people had suffered  
3 through illness during a terrible flu epidemic. To make matters worse, people were  
4 worried about their jobs. Into this gloomy picture rode Will Rogers. Rogers did  
5 more than just make people smile; he made them laugh out loud. His charm and  
6 humor made him Americas' favorite cowboy.

7 William Penn Adair Rogers was born in Oklahoma in 1879. Rogers was not sure  
8 what kind of career he wanted. He decided not to make a decision right away.  
9 Instead, Rogers spent his early adult years traveling to different places and  
10 working different jobs. In 1902, he traveled to South Africa where he trained  
11 horses for the British Army. He also performed as a trick roper in "Texas Jack's  
12 Wild West Circus." He called himself the "Cherokee Kid" for this show.

Read the next part of the report, think about what revisions you would make, and then answer the questions.

## The Life of Will Rogers—Part 2

13 Rogers continued performing as a trick roper even after he returned to the United  
14 States. For nearly ten years, he traveled with the Wirth Brothers Circus. Then, in  
15 1915, he received a lucky offer. Legendary showman Florenz Ziegfeld asked  
16 Rogers to appear in one of his stage shows. The show was called the Ziegfeld  
17 Follies. The appearance was supposed to last only one week, but Rogers was a big  
18 hit with the crowds. Ziegfeld asked him to stay with the show, he continued  
19 performing in the follies. Rogers performed in the follies for several months.

20 Rogers did excellent rope tricks, but he was more popular for his humor than his  
21 roping. Rogers realized that performing in the follies was different from doing  
22 tricks for the circus. The circus traveled from town to town. Even when it played  
23 the same town for several days, different people watched the shows. This meant  
24 Rogers could perform it over and over again.

## **STANDARDS & SAMPLE ITEMS**

## STANDARD 2—READING AND WRITING PROCESS

### OAS STANDARD

- Students will use a variety of recursive reading and writing processes.
- Reading— Students will read and comprehend increasingly complex literary and informational texts.
- Writing— Students will develop and strengthen writing by engaging in a recursive process that includes prewriting, drafting, revising, editing, and publishing.

### OAS OBJECTIVES

- 6.2.R.1** Students will create an objective summary, including main idea and supporting details, while maintaining meaning and a logical sequence of events.
- 6.2.R.2** Students will analyze details in literary and nonfiction/informational texts to distinguish genres.
- 6.2.R.3** Students will paraphrase main ideas with supporting details in a text.
- 6.2.W.1** Students will apply components of a recursive writing process for multiple purposes to create a focused, organized, and coherent piece of writing.
- 6.2.W.2** Students will plan (*e.g., outline*) and prewrite a first draft as necessary.
- 6.2.W.3** Students will develop drafts by choosing an organizational structure (*e.g., description, compare / contrast, sequential, problem / solution, cause / effect, etc.*) and building on ideas in multi-paragraph essays.
- 6.2.W.4** Students will edit and revise multiple drafts for intended purpose (*e.g., staying on topic*), organization, coherence, using a consistent point of view.
- 6.2.W.5** Students will use resources to find correct spellings of words (*e.g., word wall, vocabulary notebook, print and electronic dictionaries, and spell-check*).

### ITEM SPECIFICATIONS

#### Emphasis:

- Items will require students to attain meaning and comprehend core ideas from increasingly complex texts.

#### Format:

- Students will be asked to demonstrate this ability based on a reading selection followed by multiple-choice items.

#### Content Limits:

- The reading selections will be on grade level and may be any one of the following types: informational/expository, narrative, or poetry.
- Words being tested will be at grade level.

#### Distractor Domain:

- Incorrect answer choices will be plausible, yet incorrect, and may include incorrect meanings of words.

## From "The Pirate Queen"

**1** What form of literature is "The Pirate Queen"?

- A autobiography
- B biography
- C folk tale
- D mystery

**Correct Response:** B

**Depth-of-Knowledge:** 2

## From "The Okmulgee Pecan Festival"

**2** Which detail would be the least important to include in a summary of this passage?

- A Kris Williams led the planning team in 2004.
- B Each year, thousands of tourists visit Okmulgee for the pecan festival.
- C Since 1989, the pecan festival has claimed other prizes for Okmulgee.
- D The Okmulgee Pecan Festival is held each year during the month of June.

**Correct Response:** A

**Depth-of-Knowledge:** 2

## STANDARD 3—CRITICAL READING AND WRITING

### OAS STANDARD

- Students will apply critical thinking skills to reading and writing.
- Reading—Students will comprehend, interpret, evaluate, and respond to a variety of complex texts of all literary and informational genres from a variety of historical, cultural, ethnic, and global perspectives.
- Writing— Students will write for varied purposes and audiences in all modes, using fully developed ideas, strong organization, well-chosen words, fluent sentences, and appropriate voice.

### OAS OBJECTIVES

- 6.3.R.1** Students will compare and contrast stated or implied purposes of authors writing on the same topic in grade-level literary and/or informational texts.
- 6.3.R.2** Students will evaluate how the point of view and perspective affect grade-level literary and/or informational text.
- 6.3.R.3** Students will analyze how key literary elements contribute to the meaning of the literary work:
- setting
  - plot
  - characters (*i.e., protagonist, antagonist*)
  - characterization
  - theme
  - conflict (*i.e., internal and external*)
- 6.3.R.4** Students will evaluate literary devices to support interpretations of literary texts:
- simile
  - metaphor
  - personification
  - onomatopoeia
  - hyperbole
  - imagery
  - symbolism\*
  - tone\*
- \*Students will find textual evidence when provided with examples.*
- 6.3.R.5** Students will categorize facts included in an argument as *for* or *against* an issue.
- 6.3.R.6** Students will analyze the structures of texts (*e.g., description, compare / contrast, sequential, problem / solution, cause / effect*) and content by making inferences about texts and use textual evidence to support understanding.
- 6.3.R.7** Students will analyze texts and ideas within and between texts and provide textual evidence to support their inferences.
- Narrative**
- 6.3.W.1** Students will write narratives incorporating characters, plot, setting, point of view, conflict (*i.e., internal, external*), and dialogue.
- Informative**
- 6.3.W.2** Students will compose essays and reports about topics, incorporating evidence (*e.g., specific facts, examples, details*) and maintaining an organized structure.

---

## STANDARD 3—CRITICAL READING AND WRITING continued

---

### OAS OBJECTIVES

#### Opinion—Grade Level Focus

- 6.3.W.3** Students will clearly state an opinion supported with facts and details.
- 6.3.W.4** Students will show relationships among facts, opinions, and supporting details.
- 

### ITEM SPECIFICATIONS

#### Emphasis:

- Items will require students to apply critical thinking skills when reading diverse and complex texts.

#### Format:

- Students will be asked to demonstrate the ability to apply critical thinking skills based on a reading selection followed by multiple-choice items.

#### Content Limits:

- The reading selections will be on grade level and may be any one of the following types: informational/expository, narrative, or poetry.
- Words being tested will be at grade level.

#### Distractor Domain:
