

# What If Activity

*Additional Materials needed to complete this activity: Sample Teacher Value-Added Results Report*

What If...	Notes/Comments
1. How would you interpret the overall 'Student Equivalent' of 70 instead of 72?	
2. What would it mean if this teacher's overall TLE component score went from 3.6 to 4.0?	
3. Under the reading section, what would an 'Average Typical-Peer Score' of 650 mean, compared to the current score of 644?	
4. What would it mean if the 'Average Actual Score' in reading was listed as 640 instead of 650, while the typical-peer score remained 644?	
5. In the Value Added by Sub-Groups table in the Math section, how would you interpret a change in the value-added result for any of the prior achievement sub-groups?
