English Learner Intervention Strategies

- The ELIS SIF object is mandatory for SY 2024.
- All EL students must have an intervention strategy identified and entered in the SIS.
- Reach out to your SIS vendor for specific instructions for adding the intervention strategy to each EL student.
- Please make sure all EL students have been associated with the appropriate strategy as soon as possible.
- If your vendor requires an SIS update for ELIS capability, please take the update as soon as possible which will provide your ELIS data to OSDE.

ASR

State Aid has opened the ASR for review only and below are the items you should be checking.

- Calendars –make sure you have captured any weather days and your Days to hour worksheet matches your calendar
- Alternative Education Students
- Find Missing Students
- Respond timely to state aid questions
- Make sure that any setting required in your SIS is correctly aligned to send ASR full-year summary data, not FQSR, first quarter data. Please reach out to your SIS vendor for specific information.
- Due Date 10 calendar days after the last day of school
- Close date 06/20/2024

Days to Hours Worksheet Pilot

- OSDE Pilot for Days To Hours (worksheet) Report will be in the ASR this year.
- The report will be available to review from Reporting Tools beginning May 1, 2024.
- The report will be based on the calendar data that in the ASR.
- It is important to review all data in the ASR calendars for accurate daily instructional minutes and date codes.
- Two training/guidance sessions will be provided to help users examine school calendars in depth to ensure correct reporting on the ASR Days to Hours Report.

New Direct Certification App

- OSDE has launched the new Direct Certification App located in Single Sign On (SSO). The SSO app provides easier access for direct certification users and offers an improved user experience. The same direct certification file that was accessed in the WAVE is located in the new SSO app available for download in csv, txt, excel, or pdf format. It is important that all districts who use the csv, txt, excel, or pdf format of the direct certification file export and test the file with their POS before the end of the school year.
- Districts that require an XML file to import into their POS will continue to access the direct certification file in the WAVE until June 30, 2024.
- Users with access to direct certification in the WAVE will need to be assigned the new role of SDE > “Direct Certification – New” for the SSO app by the superintendent or the SSO admin. Please use the [Direct Certification Guidance](#) to assist with account permissions and app navigation.

Postsecondary Coursework Review

Now is the time to review postsecondary coursework as final 1st semester grades should have been entered in your Student Information System. Check the following:

- Concurrent College coursework should display 1st semester grades and PS credit should display a Y.
- Internship coursework should display the 1st semester grades and PS credit should display as Y.
- Career Tech program coursework should display 1 grade, no PS credit will be earned until the end of the 2nd semester and 2 grades are entered.
- AP coursework should display 1 grade, no PS credit will be earned until the end of the 2nd semester and 2 grades are entered.

Reach out to accountability@sde.ok.gov or studentdatainfo@sde.ok.gov immediately if postsecondary is not displaying as expected.

Vendor Changes for 2024-2025

- If your district is changing SIS vendors, please email us at studentdatainfo@sde.ok.gov, and let us know who you currently have and who you are changing to.
- You will need to contact your current vendor for your district data.
