2. The annual number of days of instruction shall equal or exceed one hundred eighty (180) days as specified in subsection A of this section;

3. The schedule adopted shall be consistent with the provisions of Sections 1-111 and 1-112 of this title, except that for not more than one (1) day per week, a school day shall consist of not less than five (5) hours devoted to academic instruction in a regular classroom setting;

4. The district shall hold a public hearing prior to the adoption of an extended-day schedule authorized pursuant to this subsection; and

5. The district shall document the impact on student achievement as determined by the academic performance data score and any other relevant factors that are a result of implementation of an extended-day schedule authorized pursuant to this subsection and provide an annual report to the State Board of Education of the results. If improvement in student achievement cannot be documented in the report, the district board of education shall revoke authorization as provided by this subsection. If the district does not revoke authorization after student achievement is not documented in the report, the State Board of Education may deny accreditation of any school in violation of this subsection.

H. Beginning with the 2021-2022 school year, a school district board of education may adopt a school-hours policy as provided for by paragraph 4 of subsection A of this section only if it meets or exceeds the minimum guidelines for student performance and school district cost savings established by the State Board of Education. The State Board of Education shall promulgate rules, subject to approval by the Legislature, establishing the minimum guidelines for student performance and school district cost savings.

I. If subject to paragraph 2 of subsection A of this section, a district board of education or designee may elect to close a school during the school day for inclement weather purposes. In such an event, the number of hours incurred in classroom instruction time prior to school closure shall be counted toward the one thousand eighty (1,080) hours per year requirement.
J. Nothing in this section shall be construed as affecting the right of an employing school district to require teachers as defined in Section 6-101.3 of this title to work in excess of the one thousand eighty (1,080) hours required for student instruction. In addition, nothing in this section shall be construed to affect the Fair Labor Standards Act status of any school district employee.

K. The provisions of this section shall not prohibit the Oklahoma School for the Blind or the Oklahoma School for the Deaf from adopting an alternative school-hours policy if the Oklahoma School for the Blind or the Oklahoma School for the Deaf notifies and receives approval from the State Board of Education prior to October 15 of the applicable school year. (70-1-109)

Board of Education designates dates of beginning and end of school year, and specifies days school will actually be in session. August 4, 1976 (AG Op. No. 76-223).

Section 10. Extended School Year.

A. School districts shall have the option of establishing and offering an extended school year according to the provisions of this section. The Optional Extended School Year Program provided in paragraph 15 of subsection A of Section 109 of this act means those programs which school districts may provide at the district, site or class level. For the purposes of this program, a school year shall consist of either eleven (11) or twelve (12) months in which school is offered in excess of two hundred (200) days of at least six (6) hours each day. The purpose of the program shall be to improve academic achievement of students participating in the extended school year. The program shall be funded by means of the pupil category weight to be determined by the State Board of Education based upon an amount of funding specified in the State Board of Education's annual appropriation and the level of participation.

B. The State Board of Education shall establish criteria for participation in the program which shall include:

1. A competitive application process based upon requests for proposals;

2. A plan for determining measurable results in terms of academic achievement, pupil retention and other indicators of educational success, including the remediation needs of the district’s students;

3. Diversified participation by school district size and geographic location and by amount of school district budget. At least one school district in each of the following categories shall be included: General Fund of less than One Million Dollars ($1,000,000.00); General Fund of from One Million Dollars ($1,000,000.00) to Five Million Dollars ($5,000,000.00); General Fund of from Five Million Dollars ($5,000,000.00) to Ten Million Dollars ($10,000,000.00); and General Fund of Ten Million Dollars ($10,000,000.00) or more. Provided, participation in one of the above categories may be disallowed if no district meeting such fund requirements makes application for the program. (70-1-109.1)

Section 11. School Day - Six Hours - Exceptions.

A. Except as otherwise provided for by law, a school day shall consist of not less than six (6) hours devoted to school activities. A district board of education may elect to extend the length of one (1) or more school days to more than six (6) hours and reduce the number of school days as long as the total amount of classroom instruction time is not less than one thousand eighty (1,080) hours per year as required pursuant to Section 1-109 of this title.

B. A school day for nursery, early childhood education, kindergarten, and alternative education programs shall be as otherwise defined by law or as defined by the State Board of Education. Except as otherwise provided for in this subsection, not more than one (1) school day shall be counted for attendance purposes in any twenty-four-hour period. Two (2) school days, each consisting of not less than six (6) hours, may be counted for attendance purposes in any twenty-four-hour period only if one of the school days is for the purpose of parent-teacher conferences held as provided for in Section 1-109 of this title.

C. Students absent from school in which they are regularly enrolled may be considered as being in attendance if the reason for such absence is to participate in scheduled school activities under the direction and supervision of a regular
member of the faculty or to participate in an online course approved by the district board of education. The State Board of Education shall adopt rules to provide for the implementation of supplemental online courses which shall include, but not be limited to, provisions addressing the following:

1. Criteria for student admissions eligibility;

2. A student admission process administered through the district of residence, which provides the ability for the student to enroll in individual courses;

3. A process by which students are not denied the opportunity to enroll in educationally appropriate courses by school districts. For the purposes of this section, "educationally appropriate" means any instruction that is not substantially a repeat of a course or portion of a course that the student has successfully completed, regardless of the grade of the student, and regardless of whether a course is similar to or identical to the instruction that is currently offered in the school district;

4. Creation of a system which provides ongoing enrollment access for students throughout the school year;

5. A grace period of fifteen (15) calendar days from the first day of an online course for student withdrawal from an online course without academic penalty;

6. Mastery of competencies for course completion rather than Carnegie units;

7. Student participation in extracurricular activities in accordance with school district eligibility rules and policies and any rules and policies of a private organization or association which provides the coordination, supervision, and regulation of the interscholastic activities and contests of schools;

8. Parent authorization for release of state test results to online course providers, on a form developed by the State Department of Education; and

9. A review process to identify and certify online course providers and a uniform payment processing system.

D. Each district board of education shall adopt policies and procedures that conform to rules for online courses as adopted by the State Board. Such policies shall include criteria for approval of the course, the appropriateness of the course for a particular student, authorization for full-time students to enroll in online courses, and establishing fees or charges. No district shall be liable for payment of any fees or charges for any online course for a student who has not complied with the district's policies and procedures. School districts shall not deny students the opportunity to enroll in educationally appropriate courses and shall provide an admissions process which includes input from the student, the parent or guardian of the student, and school faculty.

E. Districts shall require students enrolled in online courses to participate in the Oklahoma School Testing Program Act. Students participating in online courses from a remote site will be responsible for providing their own equipment and Internet access, unless the district chooses to provide the equipment. Credit may not be granted for such courses except upon approval of the State Board of Education and the district board of education.

F. The school day for kindergarten may consist of six (6) hours devoted to school activities. (70-1-111)

A day devoted to parent-teacher conferences is counted as a school day even though pupils are not in attendance. August 10, 1983 (AG Op. No. 83-152).

Section 12. School Taught on Saturday.

School taught on Saturday shall not be counted for attendance purposes in meeting the school year requirements as set forth in Section 1-109 of this title. School taught on Saturday may be substituted for regular school days during which school has been or will be closed upon approval of the State Board of Education. (70-1-112)

A. When used in this section, the residence of any child for school purposes shall be:

1. The legal residence of the parents, guardian, or person having legal custody.

Each school district board of education shall adopt a policy establishing the requirements for student residency for that district which provides for residence as described in this paragraph. Within the discretion of each school district's board of education, the policy may be but is not required to allow for establishment of residency by affidavit when an adult, whether a relative or not, who does not fall within one of the categories listed above, who holds legal residence in the school district, and who has assumed permanent care and custody of the child files an affidavit with the school district attesting that they have assumed custody and the reasons for assuming custody. Any policy allowing the establishment of residency by affidavit shall require the adult who provides the affidavit to affirm in such affidavit that the custody arrangement is permanent and that the adult contributes the major degree of support to the child. If the school district policy allows establishment of residency by affidavit, any person who willfully makes a statement in the affidavit which the person knows to be false shall, upon conviction, be guilty of a misdemeanor punishable by imprisonment in the county jail for not more than one (1) year or a fine of not more than Five Hundred Dollars ($500.00) or both such fine and imprisonment. Each school district shall include in its policy on residency any documentation necessary for the administration of the policy:

2. The foster family home, as defined in Section 1-1-105 of Title 10A of the Oklahoma Statutes, except a therapeutic foster family home or a specialized foster home where a child is in voluntary placement as defined in subsection D of this section, in which the child has been placed:
   a. by the person or agency having legal custody of the child pursuant to a court order, or
   b. by a state agency having legal custody of the child pursuant to the provisions of Title 10A of the Oklahoma Statutes.

Upon request of the foster parent, the residence of a child in foster care for school purposes may be changed to the school district in which the child resided prior to being placed in foster care or the school district in which the previous foster family home of the child is located;

3. Any orphanage or eleemosynary child care facility having full-time care and custody;

4. Any eleemosynary child care facility in which a child is placed by a parent or guardian for full-time residential care; provided, the provision of this paragraph shall apply only to children who attend a district school by joint agreement of the school district and facility and who are not placed in the facility through a state contract. For purposes of this paragraph, "eleemosynary child care facility" means a facility:
   a. where child care and services are provided, and
   b. which is funded predominantly by benevolent or charitable funds and is exempt from taxation pursuant to the provisions of Section 501(c)(3) of the Internal Revenue Code, 26 U.S.C., Section 501(c)(3);

5. Any state-operated institution in which a child has been placed by a parent or guardian or by a state agency having legal custody of the child pursuant to the provisions of Title 10A or Section 3-101 of Title 43A of the Oklahoma Statutes for care and treatment due to a physical or mental condition of the child;

6. Any facility in which a child has been admitted and is receiving on-site educational services as provided for in Section 3-104.7 of this title;

7. The district in which a child who is entirely self-supporting resides and attends school; or

8. A state-licensed children's emergency resource center or state-operated emergency shelter.

B. No school district shall bear the cost of educating children who are not residents of this state. A school district
may furnish educational services pursuant to contract as elsewhere provided by law. A school district may furnish educational services pursuant to a contract to children who do not reside in the United States of America; provided, the children shall not be counted in the average daily membership of the school district.

C. For the purpose of ensuring that a child placed in a therapeutic foster family home, as defined in Section 1-1-105 of Title 10A of the Oklahoma Statutes, receives an appropriate education, no receiving school district shall be required to enroll such a child if the enrollment would cause the proportion of students in therapeutic foster family homes as compared to the average daily membership of the receiving district for the preceding school year to exceed two percent (2%). Children served by Head Start may not be counted for the purpose of this paragraph unless the child is on an individualized education program provided by the school district. Any school district may enroll such students who are outside the student's resident district in therapeutic foster family home placements which exceed this limit if the school determines it possesses the ability to provide such child an appropriate education.

D. When a child does not meet the criteria for residency provided in subsection A of this section and is placed in any of the following entities which is out of the home of the child and not in the school district in which the child legally resides:

1. A residential facility;

2. A treatment program or center, including the facility operated pursuant to Section 485.1 of Title 63 of the Oklahoma Statutes;

3. A therapeutic foster family home as defined in Section 1-1-105 of Title 10A of the Oklahoma Statutes;

4. A specialized foster home, which is a specialized foster home or an agency-contracted home under the supervision of and certified as meeting the standards set by the Department of Human Services and is funded through the Department of Human Services Home and Community-Based Waiver Services Program; or

5. An acute psychiatric care facility,

the entity shall, if the child contends he or she resides in a school district other than the district where the entity is located, within eleven (11) days of admittance, notify the school district in which the entity is located of the admittance.

For minors who are persons requiring psychiatric treatment as defined by Title 43A of the Oklahoma Statutes, on-site educational services shall be provided beginning on the eleventh day of admission.

Upon provision of educational services to children pursuant to the provisions of subsection F of this section, the receiving school district shall receive the State Aid as defined in subsection C of Section 18-110 of this title for those students. Access to the due process procedure guaranteed to children with disabilities shall be available to resolve disagreements about the appropriateness of placements of children with disabilities.

E. The governing body of any state institution for children operated pursuant to the provisions of Title 10A of the Oklahoma Statutes or Section 3-101 of Title 43A of the Oklahoma Statutes and the board of education of the school district in which the institution is located or any other school district in the state willing to provide necessary educational services may enter into a contract whereby the district will maintain a school for the children of the institution, in which event the residence of the children for school purposes will be considered as being in the district maintaining the school; provided, however, that upon release from the school, a child shall be considered as a resident of the originating school district for school purposes. The governing body of the state institutions specified in this subsection shall pay the costs for educating students placed in the state institution less any amount of funds received for the students by the school district contracting with the state institution to provide necessary educational services.

F. 1. The school district in which an entity as described in subsection D of this section exists to serve children in out-of-home placements shall, upon request of the individual or agency operating the entity, provide the educational services to which the children in the entity are entitled subject to the limitations provided in subsection C of this section. No person operating such an entity may contract for the provision of educational services with any school district other than the school district in which the entity is located unless the school district in which the entity is located agrees in writing to allow another school district to provide the educational services or unless the person operating the entity contracts with another
school district for the provision of educational services to be provided through remote Internet-based courses. No person operating such an entity may contract for the provision of educational services with more than one school district.

2. Prior to location in a school district, the individual or agency operating an entity described in subsection D of this section which requires provision of educational services from the school district shall notify the local board of education of its anticipated educational needs. No school district shall be required to provide educational services for students in the entity until at least sixty (60) calendar days have elapsed from the time in which the local board of education was initially notified of the need unless the school district so agrees to provide the educational services sooner. The provisions of this paragraph shall not apply to therapeutic or specialized foster homes.

3. Educational services provided shall meet or exceed state accreditation standards. No school district shall be responsible for any expenses for students in an entity described in subsection D of this section which are not directly related to the provision of educational services. A school district shall not be obligated for expenses of those students in an entity in the current school year for whom educational services are requested after the first nine (9) weeks of the current school year for the district if educational services are requested for twelve or more students than were served in the first nine (9) weeks, unless the school district chooses to provide educational services for the current school year. Contracts and agreements for provision of educational services may allow for the use of public and private sources of support which are available to share the costs of educational services and of therapies, treatments, or support services. Otherwise valid obligations to provide or pay for such services, such as Medicaid, shall remain in effect for children who are eligible for the services from sources other than the school district.

4. Upon the request of any residential facility which has contracted with the Office of Juvenile Affairs to provide either a regimented juvenile training program or a high-impact wilderness camp to a minimum of forty students who have been adjudicated, a school district may contract for the facility to provide the educational services to those students. Under a contract, the facility shall operate in accordance with all applicable laws, including compliance with Section 18-114.14 of this title. The contract shall include the State Aid generated by the students, less a fee for administrative services which may be retained by the school district, not to exceed ten percent (10%) of the total on an annual basis. The school district shall exercise supervision over the educational program in the facility and bear all responsibility for required educational reporting. The school district shall maintain access to all educational records for students in the facility, and shall provide for the appropriate academic credit and diplomas. The school district shall be indemnified against any actions or penalties on the part of the facility which result in adversity for the school district.

G. Any question as to the place of residence of any child for school purposes shall be decided pursuant to procedures utilized by the State Department of Education.

H. The receiving district shall notify the district of residence immediately upon finding that the student requires special education and related services and the district of residence shall participate in planning the Individualized Education Program (IEP) for the student and in subsequent reviews of the program in accordance with the Individuals with Disabilities Education Act (IDEA). (70-1-113)

A facility with a day treatment program in which a child has been admitted and is receiving on-site educational services establishes residency for that child for the purposes of that child’s education. Where a child is placed in a DHS-contracted group home, the school district wherein the facility is located shall upon request of the facility, subject to certain constraints, provide the educational services, which meet or exceed state accreditation standards, to which the children in the group home are entitled. These educational services must meet the same standards and requirements as those provided in a public school setting. 2009 OK AG 15

The school district of residence of a child eligible for a free public education is the school district wherein the child’s parents, legal guardian, person or institution having the care and custody of such child and who contribute in major degree to such child’s care and custody reside, except where the child is supporting himself or herself entirely by his or her own efforts, in which case the school district of residence is the school district where the child actually lives, works and/or attends school. - **E.** Under a delegation of powers as authorized by subsection A of this section, the child or children subject to the power of attorney shall not be considered placed in foster care as defined in Section 1-1-105 of Title 10A of the Oklahoma Statutes and the parties shall not be subject to any of the requirements or licensing regulations for foster care. *(10-700)*

A. To facilitate the education of a student who has been placed in state care, a receiving school district shall initially honor placement of the student in educational courses based on the student's enrollment in the sending school district and/or educational assessments conducted at the sending school district. A receiving school district shall be authorized to perform its own placement evaluation to ensure appropriate placement of the student.

B. In placing the student, the receiving school district shall take into consideration the student's eligibility for:

the receiving school district shall initially provide comparable services, in accordance with the Individuals with Disabilities Education Act (IDEA). The receiving school district shall conduct an evaluation of the student to determine eligibility for special education and related services, pursuant to Section 13-102 of Title 70 of the Oklahoma Statutes.

2. The receiving school district shall comply with the requirements of Section 504 of the Rehabilitation Act, 29 U.S.C.A., Section 794, and with Title II of the Americans with Disabilities Act, 42 U.S.C.A., Sections 12131 through 12165. (70-3-133)

To facilitate the on-time graduation of a student who has been placed in state care during the ninth through twelfth grades, the student shall be automatically enrolled in the core curriculum, as set forth in Section 11-103.6 of Title 70 of the Oklahoma Statutes. However, students who have been accepted into the Oklahoma Higher Learning Access Program pursuant to Section 2601 et seq. of Title 70 of the Oklahoma Statutes shall be given the opportunity to complete the program's curricular requirements. K. A student who is permitted to self-administer asthma, anaphylaxis or replacement pancreatic enzyme medication pursuant to this section shall be permitted to possess and use a prescribed inhaler, anaphylaxis medication including but not limited to an Epinephrine injector, or replacement pancreatic enzyme medication at all times. (70-1-116.3)

Section 22. General Fund - Definition.

A. The general fund of any school district is hereby defined as a current expense fund and shall consist of all revenue or monies that can legally be expended within a certain specified fiscal year, but shall not be considered as including any money derived from a special building fund levy made in accordance with the provisions of Section 10 of Article X of the Oklahoma Constitution, nor shall it include any monies derived from the sale of bonds issued under the provisions of Section 26 of Article X of the Oklahoma Constitution. All monies derived from the proceeds of the school levies made pursuant to the provisions of Section 9 of Article X of the Oklahoma Constitution shall be placed in the general fund provided by this section. Expenditures from the general fund shall be noncapital in nature. All monies derived from state-dedicated revenue, state-appropriated revenue unless otherwise provided for by law, and county sources shall be placed in the general fund provided for by this section. Except as provided for in subsections K and L of this section, a district shall not be authorized to make capital expenditures as defined by this section from the general fund.

B. For purposes of this section, state-dedicated revenue shall be any registration or license fees, taxes, or penalties
collected at the state level and distributed to common school districts. County sources shall be all funds collected by the county and distributed to common school districts but shall not include any funds derived from the building fund levy made in accordance with the provisions of Section 10 of Article X of the Oklahoma Constitution or funds derived from the sinking fund levy made in accordance with the provisions of Section 26 of Article X of the Oklahoma Constitution.

C. For the purposes of this section, a capital expenditure shall be an expenditure which results in the acquisition of fixed assets or additions to fixed assets. Capital expenditures shall include, but shall not be limited to, purchases of land or existing buildings, purchases of real property, improvements of grounds and sites for construction purposes, all expenditures for construction of buildings unless authorized by the State Board of Education or the State Board of Career and Technology Education upon application to the appropriate state board pursuant to subsection F of this section, additions to buildings, remodeling of buildings if such remodeling involves changes to roof structures or load-bearing walls, professional services, salaries and expenses of architects and engineers hired or assigned to capital projects except for such services, salaries and expenses as are applicable in preparation for a bond issue, expenditures for the initial installation and extension of service systems and built-in heat or air equipment to existing buildings, expenditures for the replacement of a building which has been destroyed, installments and lease payments on property, including interest, that have a terminal date and result in the acquisition of property, and expenditures for preliminary studies made prior to the time that authority to proceed with a construction project is given if authority is received within the same fiscal year that the expenditure was made.

D. Noncapital expenditures shall include, but shall not be limited to expenditures for maintenance, repair and replacement of property and equipment, initial or additional purchases of furniture and equipment, direct expenses for maintenance of plant, including grounds, salaries for maintenance of plant, including salaries for the upkeep of grounds, and repair and replacement of building structures which do not add to existing facilities and which do not involve changes in roof structures or load-bearing walls and which are not classified as a capital expenditure by this section.

E. The State Board of Education shall adopt and amend regulations regarding the classification, definition and financial administration of funds, accounts and expenditures in accordance with the requirements of this section.

F. A school district shall be authorized to make capital expenditures from the general fund to defray the cost of rebuilding a school building only if a school building or facility has been destroyed by a fire or natural disaster, such as flood, tornado or other act of God, or by an act of a public enemy of the United States or this state and monies received by the district through insurance coverage, federal reimbursement, contributions and allocation from the State Board of Education from the State Public Common School Building Equalization Fund are insufficient to rebuild the facility. Capital expenditures from the general fund pursuant to this subsection shall be limited to an amount necessary to defray the cost of rebuilding the facility which exceeds monies received by the school district through insurance, federal reimbursement, contributions and state allocations.

G. Schools which receive gifts or donations or state-appropriated monies for the purpose of capital expenditures or projects shall place such monies in the building fund, as provided by Section 1-118 of this title, and not in the general fund. School districts which receive gifts, grants, or donations of monies for noncapital expenditures may place the monies in the general fund, and such monies shall not be required to be used during the year in which the money was received but may accumulate from year to year and shall not be considered a part of the general fund collections when calculating the general fund carryover as provided for in subsection G of Section 18-200.1 of this title.

H. School districts which receive monies from rental, sale, or lease of buildings, impact aid monies, or grants, gifts or donations for capital purposes, whether from state, federal, or other sources, may place such monies in the building fund authorized by Section 1-118 of this title or the general fund authorized by this section.

I. Any construction of a building included as a capital expenditure from the general fund of a school district which is authorized and has had a contractual agreement concerning such construction executed prior to July 1, 1991, may be proceeded with and completed as authorized prior to July 1, 1991, as a capital expenditure from such general fund.

J. School districts receiving revenues authorized by Section 9B of Article X of the Oklahoma Constitution shall be authorized to make capital expenditures from the general revenue fund no greater than the amount levied by the incentive millage.

K. Upon the approval of the State Board of Education, a school district shall be authorized to make capital expenditures as defined in this section from its general fund if: 

69
1. A bond issue has been rejected at an election by the school district electors voting on that question within
the current school year, as certified by the secretary of the county election board; or

2. The school district has voted indebtedness at any time within the preceding three (3) school years
through the issuance of bonds or through approval by voters of issuance of new bonds for more than eighty-
five percent (85%) of the maximum allowable pursuant to the provisions of Section 26 of Article X of the
Oklahoma Constitution as shown on the school district budget filed with the State Board of Equalization
for the current school year and certifications by the Attorney General prior to April 1 of the current school
year. The State Board of Education shall establish the rules to administer the provisions of this subsection
which shall include, but not be limited to, specification of a maximum amount of general fund monies to be
used for capital expenditures, the purposes for which such funds may be expended and the period of time
in which such funds shall be encumbered.

L. Other provisions of this section notwithstanding, a school district shall be authorized to make capital
expenditures from the general fund if the total assessed property valuation per average daily attendance is less than sixty percent
(60%) of the state average total assessed property valuation per average daily attendance and if, for each year in which
general fund revenue is used for capital expenditures, the district has voted the five-mill building fund levy authorized in
Section 10 of Article X of the Oklahoma Constitution and has voted indebtedness through the issuance of new bonds for at
least eighty-five percent (85%) within the last three (3) years of the maximum allowable pursuant to the provisions of Section
26 of Article X of the Oklahoma Constitution as shown on the school district budget filed with the State Board of Equalization
for the current school year and certifications by the Attorney General prior to April 1 of the school year. Provided, the
maximum amount of general fund revenue used for capital expenditures pursuant to this subsection shall not exceed five
percent (5%) of the total yearly revenue to the general fund. Said fund may not be used for capital expenditures for more than
five (5) consecutive years and may only be utilized for remodeling or construction of classroom facilities and such ancillary
facilities to said classrooms as may be necessary. Provided, further, the State Superintendent of Public Instruction shall
certify in writing, prior to the expenditure of the funds for which provision is made in this subsection, that such expenditures
are in compliance with the provisions of this subsection. (70-1-117)

Case law provides that a debt is incurred as contemplated by Article X, § 26 of the Oklahoma Constitution when bonds are voted on,
issued, approved and delivered; therefore, voters may authorize an amount of bonded indebtedness in excess of the percent (10%) of
assessed valuation. Bonded indebtedness may, however, only be incurred up to the constitutional limit. April 5, 2002 (2002 OK AG 14)

Title 62 O.S. 2001, §§ 399 and 400 sets forth the specific method by which a public school can issue bonded indebtedness and the
specific method, using the sinking fund of the school district, to retire bonded indebtedness. Bonded indebtedness represents long-term
debt. The Legislature limits the use of the general revenue fund to expenditures for the current fiscal year. Therefore, the general fund may
not be used to pay off bonded indebtedness. Neither the general revenue fund operating account nor the general revenue fund investment
account may be used as a substitute for the statutory process to retire bonded indebtedness. April 5, 2002 (2002 OK AG 14)

Section 23. Building Fund - Definition.

The building fund of any school district shall consist of all monies derived from the proceeds of a building fund levy
of not to exceed five (5) mills in any year, voted by the people of a school district pursuant to the provisions of Article X,
Section 10, of the Oklahoma Constitution, monies appropriated by the state for the purpose of capital expenditures or
projects, monies allocated to a school district by the State Board of Education from the State Public School Building
Equalization Fund, and monies donated to a school district for the purpose of capital projects or improvements and may be

The notification shall include a copy of the minutes for the board meeting at which the conversion plan was approved.

3. A conversion school shall comply with all the same accountability measures as are required of a charter school as defined in subsection D of this section. G. Applicants for charter schools proposed to be sponsored by an entity other than a school district pursuant to paragraph 1 of subsection A of Section 3-132 of this title may, upon rejection of the revised application, proceed to binding arbitration under the commercial rules of the American Arbitration Association with costs of the arbitration to be borne by the proposed sponsor. Applicants for charter schools proposed to be sponsored by school districts pursuant to paragraph 1 of subsection A of Section 3-132 of this title may not proceed to binding arbitration but may be sponsored by the State Board of Education as provided in paragraph 8 of subsection A of Section 3-132 of this title.

H. A location where a group of students enrolled in a charter school gather on a regular basis to receive face-to-face instruction from a teacher provided by the charter school might well constitute a "school site," and thus a "physical location of a charter school" that must be within the boundaries of the sponsoring school district. August 21, 2012 (2012 OK AG 12)

While binding arbitration is provided for in the Charter Schools Act, it is legally impossible for it to take place in the absence of rules and regulations governing the procedure provided by the Dispute Resolution Act. The Dispute Resolution Act contains no provisions for binding arbitration. Pentagon Academy v. ISD No. 1 of Tulsa County, 2003 OK 98, 82 P.3d 587.

The Oklahoma Charter Schools Act does not violate the doctrine that the Legislature may not delegate its powers to private organizations or persons, as the Legislature retains its authority to provide for a free public education as required by Okla. Const. art. XIII, § 1, and as the Act contains specific statutory standards for charter schools. August 22, 2007 (AG Op. No. 07-23)

12. A description of the requirements and procedures for the charter school to receive funding in accordance with statutory requirements and guidelines for existing public schools.

The sponsor may establish reasonable preopening requirements or conditions to monitor the start-up progress of newly approved charter schools and ensure that each school is prepared to open smoothly on the date agreed and to ensure that each school meets all building, health, safety, insurance and other legal requirements for the opening of a school.

C. The performance provisions within the charter contract shall be based on a performance framework that clearly sets forth the academic and operational performance indicators, measures and metrics that will guide the evaluations of the charter school by the sponsor. The sponsor shall require a charter school to submit the data required in this section in the identical format that is required by the State Department of Education of all public schools in order to avoid duplicative administrative efforts or allow a charter school to provide permission to the Department to share all required data with the sponsor of the charter school. The performance framework shall include indicators, measures and metrics for, at a minimum:

1. Student academic proficiency;

2. Student academic growth;

3. Achievement gaps in both proficiency and growth between major student subgroups;

D. The sponsor shall not request any metric or data from a charter school that it does not produce or publish for all school sites in the district or under its sponsorship, unless the metric or data is unique to a charter school.

E. A charter contract may provide for one or more schools by an applicant to the extent approved by the sponsor and consistent with applicable law. An applicant or the governing board of an applicant may hold one or more charter contracts.
Each charter school that is part of a charter contract shall be separate and distinct from any other charter school under the same charter contract. (70-3-135)

The charter school shall have forty-five (45) days to respond to the performance report and submit any corrections or clarifications for the report.

C. 1. Prior to the beginning of the fifth year of operation, the charter school may apply for renewal of the contract with the sponsor. The renewal application guidance shall, at a minimum, provide an opportunity for the charter school to:

   3. Ensure that data used in making renewal decisions are available to the school and the public; and

   4. Provide a public report summarizing the evidence used as the basis for each decision.

A sponsor may terminate a contract during the term of the contract for failure to meet the requirements for student performance contained in the contract, failure to meet the standards of fiscal management, violations of the law or other good cause. The sponsor shall give at least ninety (90) days’ written notice to the governing board prior to terminating the contract. The governing board may request, in writing, an informal hearing before the sponsor within fourteen (14) days of receiving notice. The sponsor shall conduct an informal hearing before taking action. The average of the current year and two (2) prior operating years shall be calculated by using the percentage ranking for each year divided by three, as determined by this subsection.
3. If there is a change to the calculation described in Section 1210.545 of this title that results in a charter school site that was not ranked in the bottom five percent (5%) being ranked in the bottom five percent (5%), then the sponsor shall use the higher of the two rankings to calculate the ranking of the charter school site.

4. In the event that a sponsor fails to close a charter school site consistent with this subsection, the sponsor shall appear before the State Board of Education to provide support for its decision. The State Board of Education may, by majority vote, uphold or overturn the decision of the sponsor. If the decision of the sponsor is overturned by the State Board of Education, the Board may implement one of the following actions:
   a. transfer the sponsorship of the charter school identified in this paragraph to another sponsor,
   b. order the closure of the charter school identified in this paragraph at the end of the current school year, or

6. The requirements of this subsection shall not apply to a charter school that has been designated by the State Department of Education as implementing an alternative education program throughout the charter school.

7. In making a school site closure decision, the State Board of Education shall consider the following:
   a. enrollment of students with special challenges such as drug or alcohol addiction, prior withdrawal from school, prior incarceration or other special circumstances,
   b. high mobility of the student population resulting from the specific purpose of the charter school,
   c. annual improvement in the performance of students enrolled in the charter school compared with the performance of students enrolled in the charter school in the immediately preceding school year, and
   d. whether a majority of students attending the charter school under consideration for closure would likely revert to attending public schools with lower academic achievement, as demonstrated pursuant to Section 1210.545 of this title.

8. If the State Board of Education has closed or transferred authorization of at least twenty-five percent (25%) of the charter schools chartered by one sponsor pursuant to paragraph 4 of this subsection, the authority of the sponsor to authorize new charter schools may be suspended by the Board until the Board approves the sponsor to authorize new charter schools. A determination under this paragraph to suspend the authority of a sponsor to authorize new charter schools shall identify the deficiencies that, if corrected, will result in the approval of the sponsor to authorize new charter schools.

H. If a sponsor terminates a contract or the charter school is closed, the closure shall be conducted in accordance with the following protocol:

1. Within two (2) calendar weeks of a final closure determination, the sponsor shall meet with the governing board and leadership of the charter school to establish a transition team composed of school staff, applicant staff and others designated by the applicant that will attend to the closure, including the transfer of students, student records and school funds;

2. The sponsor and transition team shall communicate regularly and effectively with families of students
enrolled in the charter school, as well as with school staff and other stakeholders, to keep them apprised of key information regarding the closure of the school and their options and risks;

3. The sponsor and transition team shall ensure that current instruction of students enrolled in the charter school continues per the charter agreement for the remainder of the school year;

4. The sponsor and transition team shall ensure that all necessary and prudent notifications are issued to agencies, employees, insurers, contractors, creditors, debtors and management organizations; and

5. The governing board of the charter school shall continue to meet as necessary to take actions needed to wind down school operations, manage school finances, allocate resources and facilitate all aspects of closure.

I. A sponsor shall develop revocation and nonrenewal processes that are consistent with the Oklahoma Charter Schools Act and that:

1. Provide the charter school with a timely notification of the prospect of revocation or nonrenewal and of the reasons for possible closure;

2. Allow the charter school a reasonable amount of time in which to prepare a response;

3. Provide the charter school with an opportunity to submit documents and give testimony in a public hearing challenging the rationale for closure and in support of the continuation of the school at an orderly proceeding held for that purpose and prior to taking any final nonrenewal or revocation decision related to the school;

4. Allow the charter school access to representation by counsel to call witnesses on its behalf;

5. Permit the recording of the proceedings; and

6. After a reasonable period for deliberation, require a final determination be made and conveyed in writing to the charter school.

K. 1. Before a sponsor may issue a charter to a charter school governing body that has had its charter terminated or has been informed that its charter will not be renewed by the current sponsor, the sponsor shall request to have the proposal reviewed by the State Board of Education at a hearing. The State Board of Education shall conduct a hearing in which the sponsor shall present information indicating that the proposal of the organizer is substantively different in the areas of deficiency identified by the current sponsor from the current proposal as set forth within the charter with its current sponsor.

2. After the State Board of Education conducts a hearing pursuant to this subsection, the Board shall either approve or deny the proposal.

3. If the proposal is denied, no sponsor may issue a charter to the charter school governing body.

L. If a contract is not renewed, the governing board of the charter school may submit an application to a proposed new sponsor as provided for in Section 3-134 of this title.

Section 80. Reprisal Prohibited for Involvement with Application.

A board of education of a school district or an employee of the district who has control over personnel actions shall not take unlawful reprisal action against an employee of the school district for the reason that the employee is directly or indirectly involved in an application to establish a charter school. As used in this section, “unlawful reprisal” means an action that is taken by a board of education or a school district employee as a direct result of a lawful application to establish a charter school and that is adverse to an employee or an education program.(70-3-138)

Students who reside in a school district where a charter school is located shall not be required to obtain a transfer in order to attend a charter school in the school district of residence. If capacity is insufficient to enroll all eligible students, the charter school shall select students through a lottery selection process. Except for a charter school sponsored by the State Board of Education, a charter school shall give enrollment preference to eligible students who reside within the boundaries of the school district in which the charter school is located. Except for a charter school sponsored by the State Board of Education, a charter school created after November 1, 2010, shall give enrollment preference to eligible students who reside within the boundaries of the school district in which the charter school is located and who attend a school site that has been identified as in need of improvement by the State Board of Education pursuant to the Elementary and Secondary Education Act of 1965, as amended or reauthorized. C. A charter school may designate a specific geographic area within the school district in which the charter school is located as an academic enterprise zone and may limit admissions to students who reside within that area. An academic enterprise zone shall be a geographic area in which sixty percent (60%) or more of the children who reside in the area qualify for the free or reduced school lunch program.

Section 84. Funding of Charter Schools.

A. For purposes of funding, a charter school sponsored by a board of education of a school district shall be considered a site within the school district in which the charter school is located. For charter schools sponsored by a board of education of a school district, the sum of the separate calculations for the charter school and the school district shall be used to determine the total State Aid allocation for the district in which the charter school is located. A charter school shall receive from the sponsoring school district, the State Aid allocation and any other state-appropriated revenue generated by its students for the applicable year, less up to five percent (5%) of the State Aid allocation, which may be retained by the school district as a fee for administrative services rendered. The State Board of Education shall determine the policy and procedure for making payments to a charter school. The fee for administrative services as authorized in this subsection shall only be assessed on the State Aid allocation amount and shall not be assessed on any other appropriated amounts.

B. 1. The weighted average daily membership for the first year of operation of a charter school shall be determined initially by multiplying the actual enrollment of students as of August 1 by 1.333. The charter school shall receive revenue equal to that which would be generated by the estimated weighted average daily membership calculated pursuant to this paragraph. At midyear, the allocation for the charter school shall be adjusted using the first quarter weighted average daily membership for the charter school calculated pursuant to subsection A of this section.

2. For the purpose of calculating weighted average daily membership pursuant to Section 18-201.1 of this title and State Aid pursuant to Section 18-200.1 of this title, the weighted average daily membership for the first year of operation and each year thereafter of a full-time virtual charter school shall be determined by multiplying the actual enrollment of students as of August 1 by 1.333. The full-time virtual charter school shall receive revenue equal to that which would be generated by the estimated weighted average daily membership calculated pursuant to this paragraph. At midyear, the allocation for the full-time virtual charter school shall be adjusted using the first quarter weighted average daily membership for the virtual charter school calculated pursuant to subsection A of this section.

C. A charter school shall be eligible to receive any other aid, grants or revenues allowed to other schools. A charter school sponsored by the board of education of a technology center school district, a higher education institution, the State Board of Education, or a federally recognized Indian tribe shall be considered a local education agency for purposes of funding. A charter school sponsored by a board of education of a school district shall be considered a local education agency for purposes of federal funding.

The Board shall utilize and report the four-year adjusted cohort graduation rate and the extended-year adjusted cohort graduation rate at the secondary school site, the school district and the state level, and the graduation rates shall be reported in the aggregate as well as disaggregated by subgroups as required in the Elementary and Secondary Education Act of 2001 (ESEA), P.L. No. 107-110, also known as the No Child Left Behind Act of 2001.

B. The Board shall use the four-year adjusted cohort graduation rate for purposes of determining the high school
graduation rate indicator for the academic performance data calculation beginning with state and district report cards providing results of assessments administered in the 2011-2012 school year. The Board shall use the four-year adjusted cohort graduation rate for establishing the high school graduation rate for measuring alternate year percentage growth targets as set forth in Section 3-151.2 of this Title beginning with the 2012-2013 school year.

C. The four-year adjusted cohort graduation rate shall be defined as the number of students who graduate in four (4) years with a standard high school diploma divided by the number of students who entered high school four (4) years earlier, adjusted for transfers in and out of the school, émigrés and deceased students. Students who graduate in four (4) years shall include students who earn a standard high school diploma at the end of their fourth year, before the end of their fourth year, and during a summer session immediately following their fourth year. Students not enrolled in a program which culminates in the award of a credential recognized by a state or private higher educational institution for purposes of admissions shall not be included in the graduation rate calculation as set forth in this subsection as a student who graduated in four (4) years with a standard high school diploma but shall be included in the number of students who entered high school four (4) years earlier.

D. The extended-year adjusted cohort graduation rate shall be defined as the number of students who graduate in four (4) years or five (5) years with a high school diploma divided by the number of students who form the adjusted cohort for the four-year graduation rate as calculated as provided for in subsection C of this section, provided that the adjustments add to the cohort all students who transfer into the cohort by the end of the year of graduation being considered and subtract students who transfer out, emigrate to another country or are deceased by the end of that year. The extended-year adjusted cohort graduation rate shall be reported separately from the four-year adjusted cohort graduation rate. (70-3-151.1)

Section 95. Growth Targets – Graduation Rates.

A. The State Board of Education shall adopt expected alternate year percentage growth targets, for all public secondary schools and school districts, based on high school graduation rates, using the four-year adjusted cohort graduation rate calculated as provided for in Section 1 of this act. The minimum percentage growth targets shall be twenty percent (20%) of the difference between the graduation rate of the baseline year and the goal of one hundred percent (100%). The baseline year shall be established in the 2012-2013 school year. In alternating years new growth targets shall be established until all secondary schools and school districts have met the goal of one hundred percent (100%).

B. Public secondary schools and school districts meeting or exceeding expected growth targets at the end of the initial two (2) years or in the alternate years as provided for in subsection A of this section shall be recognized by the state as notable schools and school districts. Recognition may include, but not be limited to, citations of congratulations from the State Superintendent of Public Instruction as the designee of the State Board of Education, the Governor or designee, the Representative and Senator representing the school and or school district, and banners for each school or school district achieving notable status.

B. The administrative services provided by READs may include but not be limited to treasurer services, accounting services, purchasing services, warehouse and distribution services, human resources services, construction management, maintenance, risk management, information technology services, special education coordination, curriculum coordination, speech pathologist services, reading specialist services, transportation services, cafeteria services and shared
superintendent services. Any personnel operating under a READ may be housed at a local technology center school site.

C. If the State Department of Education finds a currently operating regional or interlocal cooperative providing services to school districts, the Department may provide support to the cooperative.

D. READs may receive financial support from participating school districts from money appropriated for state aid purposes. The State Board of Education may determine the range of fees due to READs for basic costs of providing services, taking into consideration the minimum amount necessary for operation of a READ, the number and size of participating school districts and the geographic size of the READ service area. No fees shall be required of school districts pursuant to this act that are greater than fees charged school districts pursuant to similar programs.

E. 1. If two school districts enter into a mutual contract with a superintendent pursuant to Section 5-106A of Title 70 of the Oklahoma Statutes, both districts may receive a discounted fee, to be determined by the State Board of Education, for participating in a READ.

2. If three or more school districts enter into a mutual contract with a superintendent pursuant to Section 5-106A of Title 70 of the Oklahoma Statutes, the districts may receive an appropriately discounted fee, to be determined by the State Board of Education, for participating in a READ.

F. Participation in READs shall be voluntary.

G. The State Board of Education shall promulgate rules to implement the provisions of this section. (70-1210.285)

Section 120. Independent and Dependent School Districts - Board of Education - Members - Election.

The following provisions and the provisions of Section 13A-101 et seq. of Title 26 of the Oklahoma Statutes shall govern the election of members of the board of education for a school district:

A. For purposes of this section, temporary positions added to a board of education pursuant to Section 7-101 or 7-105 of this title and the chair of the board of education elected pursuant to Section 1 of this act shall not be considered in determining the size of the board. The number and term of each board of education shall be as follows:

B. In all school districts, the members of the board of education shall be elected as follows:

1. a. Between August 1 and December 31 of the year following the submission by the United States Department of Commerce to the President of the United States of the official Federal Decennial Census, the board of education shall reapportion the territory of the school district into board districts. Beginning with the reapportionment following the 1990 Federal Decennial Census, all boundaries of board districts shall follow clearly visible, definable and observable physical boundaries which are based upon criteria
established and recognized by the Bureau of the Census of the United States Department of Commerce
for purposes of defining census blocks for its decennial census and shall follow, as much as is possible,
precinct boundaries. Board districts shall be compact, contiguous and shall be as equal in population as
practical with not more than a ten percent (10%) variance between the most populous and least populous
board districts.

b. School districts having fewer than one thousand eight hundred (1,800) students in average daily
membership during the preceding school year may choose not to establish board districts and may
nominate and elect all board members at large.

c. Elementary school districts shall have board members elected at large.

d. A city located in an independent school district having four or more wards and an outlying area with such
outlying area comprising no more than twenty percent (20%) of the population of such independent school
district, then such independent school district may adopt such wards and outlying area in lieu of the board
districts provided for in subparagraph a of this paragraph, and at least one member of the board of education
of such independent school district shall be a member of each ward; and

2. One member of the board of education shall be elected by the electors of the school district to represent each such
board district. Provided, however, that in any school district where the electors of each board district, rather than
the electors of the entire school district, elect board members to represent that board district, that district shall elect
board members in that manner.

If during the term of office to which a person was elected, that member ceases to be a resident of the board district for
which the person was elected, the office shall become vacant and such vacancy shall be filled as provided in Section 13A-110
of Title 26 of the Oklahoma Statutes; and

3. In a school district having more than ten thousand (10,000) children in average daily membership, the following
provision and the provisions of Section 13A-101 et seq. of Title 26 of the Oklahoma Statutes shall control as to
election of the members of the school district’s board of education:

a. There shall be held an election in which the electors of each board district in which a term is expiring
or in which a vacancy exists shall select two candidates from among the candidates for board member to
represent the board district,

b. If, in the election, one candidate has a majority of all votes cast, then a run-off election is not required.
If no candidate receives a majority of all votes cast, then the two candidates receiving the greatest number
of votes shall become the candidates for the board district in the general election, and

c. At the run-off election, all of the electors of the board district shall select one of the two candidates as the
member of the board of education representing the board district.

C. Any seven-member board shall have the option of reducing its board to a five-member board either after approval
of a board resolution or a vote of the electors of the school district to take such action pursuant to Section 13A-109 of Title
26 of the Oklahoma Statutes. The election pursuant to a vote of the electors of the school district shall be called upon the
submission of a petition requesting the election signed by ten percent (10%) of the school district electors in the school
district, the percentage being applied to the highest number of voters voting in a regular school district election in the district
in the preceding five (5) years as determined by the secretary of the county election board, who shall certify the adequacy of
the number of signatures on the petition. If the question is put before the voters of the district, such election shall be held
along with and at the same time and place as the next school election if all requirements of Section 13A-101 et seq. of Title
26 of the Oklahoma Statutes for such election are met.

After such resolution or election, the board shall reapportion the district, determining by resolution or by lot which board
member offices shall be abolished at the end of the current board member’s term and which shall become one of the offices
of the new board.

Election of the resulting board members shall be carried out according to procedures stated in this section and Section
13A-101 et seq. of Title 26 of the Oklahoma Statutes.
School board members currently serving in offices abolished pursuant to this subsection shall continue serving until the end of their current terms as at-large members.

D. Except for the chair of the board of education elected pursuant to Section 1 of this act, offices of members of the board of education shall be designated by consecutive numbers and shall correspond with board districts when applicable.

E. Except for those members elected prior to July 1, 1992, the terms of office of the members of a five-member board of education shall commence on the first regular, special or emergency school board meeting after the date of the annual school election and after the member has been certified as elected:

The terms of office of the members of a seven-member board of education shall be staggered, with one member being elected in 1991, two members being elected in 1992, two members being elected in 1993 and two members being elected in 1994 and shall commence on the first regular, special or emergency school board meeting after the date of the annual school election and after the member has been certified as elected; provided, in districts needing to elect two members in 1991 to maintain a full complement of board members, two members shall be elected in 1991, one for a full term and one for a one-year term, as determined by the local board. If a seven-member board is formed upon consolidation pursuant to Section 7-105 of this title, or upon annexation pursuant to Section 7-101 of this title, the formation agreement shall specify initial short terms as necessary to extend until the beginning of the regular terms for seven-member boards established herein.

Upon reduction of a seven-member board pursuant to subsection C of this section, the terms of the five-member board shall be staggered pursuant to this subsection.

One member of a three-member board of education shall be elected each year, and the terms of office shall commence on the first regular, special or emergency school board meeting after the member has been certified as elected.

F. The term of office of each board member elected after July 1, 1992, shall commence on the first regular, special or emergency school board meeting after the date of the annual school election and after the member has been certified as elected. Board members elected prior to July 1, 1992, may remain in office until their successor is elected and seated pursuant to Sections 13A-101 through 13A-111 of Title 26 of the Oklahoma Statutes. The remaining term of any member who completes the term for which the member was elected but not wishing to serve until the successor of the member takes office on the first regular, special or emergency school board meeting after the successor has been certified as elected, shall be filled by appointment by the remaining members of the board of education. School board member must remain a resident of the school district during the term of office to retain eligibility to serve on board. May 4, 2000 (AG Op. No. 00-24).

If a school board member was elected prior to July 1, 1994 and ceased to be a resident of the board district after July 1, 1994, the office shall become vacant. October 17, 1995 (AG Op. No. 95-71)

Three options for electing board members in school districts having less than 1,000 students in average daily membership during the preceding year are as follows: (1) The school district “may choose not to establish board districts and... nominate and elect all board members at large.” (2) The school district may establish board districts and elect board members at large; or (3) The school district may establish board districts and each respective board member may be elected only by the electors of that particular board district. Section 121. Expansion of Board.

A. The board of education of a district with an average daily membership (ADM) of more than thirty thousand (30,000) students may be expanded to add a member who shall be elected at large for a term of four (4) years and who shall serve as chair of the board. The chair of the board position may be added upon a majority vote of the district board of education to add the position. If the board opts to add the chair of the board position, the chair of the board shall be elected at the next regular election of board members, held pursuant to Section 13A-103 of Title 26 of the Oklahoma Statutes, following the decision of the board.

B. The chair of the board of education shall possess the same qualifications as required for other board members, shall assume office as provided for other members of the board of education, shall be a full, voting member of the board, and shall count for purposes of a quorum or a majority, or other requirements based on number of members on the board. The chair shall preside at all meetings of the board of education in accordance with rules of parliamentary procedure which have been adopted by a majority vote of the board, provided that, in the absence of rules adopted by the board, the chair shall determine and set forth the rules of parliamentary procedure that shall apply at board meetings; assemble and control the agenda for board meetings, provided that, upon approval of a majority of the members of the board, an item shall be placed on the agenda for the same or a subsequent meeting, in accordance with the Oklahoma Open Meeting Act; appoint all committees whose appointment is not otherwise provided for by law; and shall sign all warrants ordered by the board of education to be drawn upon the treasurer for school money. The chair of the board shall possess all powers otherwise provided by law for a member of a board of education, all powers provided by law for the president of a board of education, and such other lawful powers as may be conferred upon the chair by majority vote of the board. The chair shall receive compensation and benefits as conferred upon other members of the district board of education.

C. For a district in which a chair of the board has been elected, the district board of education, during the meeting at which the chair of the board assumes office, shall elect a vice-chair who shall serve a one-year term and until a successor is elected and qualified. The vice-chair shall perform all duties of the chair of the board in case of the chair’s absence or disability. The board shall also elect clerks and deputies as provided in Section 5-119 of this title. The board shall not elect a president or vice president.

D. If a district board of education is expanded to include the chair of the board position, the chair of the board position shall not be abolished except by a majority vote of the voters of the school district voting on such question at a special election called for that purpose. The question may be presented only upon a resolution adopted by three-fourths (¾) of the board membership or upon petition for an election on the question, that complies with the requirements for petition and election set forth in Section 7-101 of this title. If the question is approved, the chair of the board position shall be abolished at the end of the term of the chair who holds the office when the election is held or upon the chair’s resignation or vacancy of the office following the election on the question. (70-5-107B)

Section 122. Workshops for New Board Members - Expenses of Members Attending.

A. A school district elector who is elected or appointed to be a member of a school district board of education prior to January 1, 2014, shall obtain instruction on education issues in accordance with rules promulgated by the State Board of Education. Except as provided in subsection B of this section, at the time a school district elector files a notification and declaration of candidacy for the office of school district board of education membership or is appointed to be a member of a school district board of education on or after January 1, 2014, the elector shall agree and pledge in writing that, within fifteen (15) months of election or appointment as a member of the district board of education, the member will complete at least twelve (12) hours of instruction on education issues in the following areas: school finance; legal issues, which include but are not limited to employment, due process, new laws, the Oklahoma Open Records Act and the Oklahoma Open Meeting Act; and duties and responsibilities, which include but are not limited to special education and ethics, of district board of education members. Each elector shall agree and pledge in writing to complete at least one (1) hour of instruction in school finance, one (1) hour of instruction in the Oklahoma Open Records Act and the Oklahoma Open Meeting Act and one (1) hour of instruction in ethics. The remaining hours may be satisfied by attending a two-day workshop to be held within the state by the State Department of Education, by the Oklahoma Department of Career and Technology Education, or by attending workshops, seminars or classes which address the above-mentioned subject matter, and which are sponsored by any organization approved by the State Board of Education, including but not limited to institutions of higher education. The State Board of Education shall promulgate rules by which an organization or particular courses offered by an organization may be approved for purposes of fulfilling the instructional requirements set out in this section.
B. When an incumbent of a district board of education files a notification and declaration of candidacy for reelection to the district board of education, the member shall be required to agree and pledge in writing that upon reelection the member will complete six (6) hours of instruction, within fifteen (15) months of election, including one (1) hour of instruction in school finance, one (1) hour of instruction in the Oklahoma Open Records Act and the Oklahoma Open Meeting Act and one (1) hour of instruction in ethics. The remaining hours may be satisfied by attending a workshop, class or seminar addressing the education issues set forth in subsection A of this section.

C. The State Department of Education shall, immediately after the annual elections of various district board of education members, determine the members of the district boards of education pledged to complete the instructional requirements established in subsections A and B of this section, and shall notify the members of the time and place where workshops, classes and seminars are to be conducted. Upon completion of the instructional requirements, the certificate of completion shall be included in the public records of the school board's minutes. Each school board member, except for an incumbent member, shall be required within fifteen (15) months following or preceding election to complete the workshop established by subsection A of this section or to attend twelve (12) hours of other state workshops, classes or seminars conducted as instruction on the subjects of school finance, legal issues, and the ethics, duties and responsibilities of district board of education members, including at least one (1) hour of instruction in school finance, one (1) hour of instruction in the Oklahoma Open Records Act and the Oklahoma Open Meeting Act and one (1) hour of instruction in ethics.

D. If a school board member, including an incumbent member, has not satisfied the instructional requirements as set forth in this section within fifteen (15) months of election, reelection or appointment, the district board of education shall declare the seat of the member vacant within sixty (60) days of the final date that the member has to complete the requirements as indicated by receipt of the certified notice from the State Board of Education as provided for pursuant to Section 5-110.2 of this title and shall fill the vacancy according to law. A school board member who is required to vacate a school board seat pursuant to this subsection and Section 5-110.2 of this title shall be ineligible to be reappointed to, to run for reelection to or to hold that respective board seat on the school district board of education or to run for election to or to hold any other board seat on the board of education for a two-year period.

E. All government departments, agencies and institutions of this state are directed to lend assistance as may be required by the State Department of Education for the proper conduct and administration of the workshops as authorized in subsection A of this section. The State Department of Education shall maintain a permanent record of the instructional hours and continuing education hours earned for each district board of education member.

F. The State Department of Education, the Oklahoma Department of Career and Technology Education, and, upon approval of the State Board of Education, any organization or association representing district boards of education in this state are authorized to charge persons pledged to attend a workshop, class or seminar for purposes of meeting the instructional requirements of this section, a registration fee sufficient to defray the estimated costs of presenting the workshop, class or seminar and to collect the fees at the time of registration.

G. Any member of a district board of education or any individual elected, certified as the elected member by the county election board, but not sworn in and seated as a member of a district board of education at the time of a workshop, class or seminar presented by the State Board of Education, the Oklahoma Department of Career and Technology Education, or an organization or association representing district boards of education within the state who attends and successfully completes a workshop, class or seminar as required by subsection A or B of this section shall be reimbursed by the school district in accordance with the travel reimbursement policy of the district. (70-5-110)

Note: Amended by HB 3117 of the 2018 Reg. Sess. Effective 11-1-2018

If a member of a local school district board of education becomes ineligible to hold office for failure to satisfy the requirements of 70 O.S.Supp.2017, §§ 5-110 & 5-110.1, the board must declare the member's seat vacant within 30 days of receiving notice of such failure from the State Board of Education pursuant to 70 O.S.Supp.2017, § 5-110.2. However, the member must receive notice of his or her noncompliance and "a full and fair opportunity to be heard." 2018 OK AG 4.

The enactment in 2016 of House Bill 3103 (2016 Okla. Sess. Laws ch. 356) renders a member of a local school district board of education ineligible to run for, be reappointed to, or hold his or her office if the member fails to satisfy the requirements of 70 O.S.Supp.2017, §§ 5-110 & 5-110.1. To the extent A.G. Opin. 2001-33 concludes otherwise, such conclusions are no longer valid and are hereby withdrawn. 2018 OK AG 4

Section 123. Continuing Education for Board Members - Registration Fees - Reimbursement.

A. In addition to the requirements of Section 5-110 of this title, every member of a school district board of education elected to a full term of office of five (5) years or more shall be required to attend a minimum of fifteen (15) hours of continuing education, each member elected to a full four-year term of office shall be required to attend a minimum of twelve (12) hours of continuing education, and each member elected to a full three-year term of office shall be required to attend a minimum of nine (9) hours of continuing education, prior to the date set for filing for reelection to that respective board seat. The continuing education courses, workshops, seminars, conferences, and conventions which shall satisfy the continuing education requirement shall be approved jointly by the State Department of Education and the Oklahoma Department of Career and Technology Education.

B. Local and state continuing education programs conducted pursuant to the provisions of this section shall be held in all regions of the state at institutions of higher learning, area technology centers or other approved sites. Notice of such courses and seminars shall be provided to all school board members and to the public schools.

C. This section shall not apply to those school board members who file for reelection prior to July 1, 1991.

D. If a school board member has not satisfied the continuing education requirements of this section, the school district board of education shall declare the seat of the member vacant within sixty (60) days of the final date that the member has to complete the requirements as indicated by receipt of the certified notice from the State Board of Education as provided for pursuant to Section 5-110.2 of this title and shall fill the vacancy according to law. As determined by the State Board of Education pursuant to Section 5-110.2 of this title, failure by a board member to satisfy the continuing education requirements of this section shall result in the ineligibility of the member to be reappointed to, run for reelection to or to hold that respective board seat on the school district board of education or to run for election to or to hold any other board seat on the board of education for a two-year period.

E. The State Department of Education, the Oklahoma Department of Career and Technology Education, and any organization approved by the State Board of Education, including but not limited to institutions of higher education, may charge persons attending continuing education courses a registration fee sufficient to defray the estimated costs of presenting the course. The registration fees for each course shall be announced prior to the date of such course.

F. Any member of a school district board of education who attends and completes a course which satisfies in part or in full the requirements of this section shall be reimbursed by the school district for expenses incurred. In addition, a school district board of education may reimburse members of the board of education for expenses incurred in registering and attending board member training programs or activities approved by the board which are in addition to the minimum school board training requirements established by law. (70-5-110.1)

Note: Amended by HB 3117 of the 2018 Reg. Sess. Effective 11-1-2018

If a member of a local school district board of education becomes ineligible to hold office for failure to satisfy the requirements of 70 O.S.Supp.2017, §§ 5-110 & 5-110.1, the board must declare the member's seat vacant within 30 days of receiving notice of such failure from the State Board of Education pursuant to 70 O.S.Supp.2017, § 5-110.2. However, the member must receive notice of his or her noncompliance and "a full and fair opportunity to be heard." 2018 OK AG 4

Section 124. Records of Attendance.

The State Board of Education shall maintain records of attendance by school board members at continuing education events required pursuant to Sections 5-110 and 5-110.1 of this title. Prior to the final opportunity for each school board member who has not completed the continuing education requirements to complete the same, the Board shall notify the school board member and the school district superintendent by mail before March 1 of each year of any final opportunity to complete these requirements and the consequences of not completing the requirements. Upon determining that a school board member did not complete the continuing education requirements of Sections 5-110 or 5-110.1 within the respective period of time, the Board shall immediately notify by certified mail the school board member and the school district superintendent and inform the member of the violation of the continuing education requirements. The school board member shall have sixty (60) days after the date of receipt of the certified notice to complete the requirements. If the school board member does not complete the requirements by the end of the sixty-day time period, the school district board of education is required to declare the seat of that member vacant. (70-5-110.2)
Section 125. Relation by Affinity or Consanguinity - Prohibition.

A. Except as otherwise provided in this section, no person shall be eligible to be a candidate for or serve on a board of education if the person is currently employed by the school district governed by that board of education or is related within the second degree by affinity or consanguinity to any other member of the board of education or to any employee of the school district governed by the board of education. The purpose of this section is both to prohibit persons who are related within the second degree by affinity or consanguinity from serving simultaneously on the same board of education of any school district of this state and to prohibit persons who are related within the second degree of consanguinity or affinity to an employee of a school district from serving on the board of education governing the school district while such relative is employed except as otherwise provided in this section.

B. If the relationship is based on affinity, the prohibitions in this section shall not apply to prevent members of boards of education who are serving on September 1, 1995, from serving the term for which they were elected or from serving successive terms for which they may be elected, unless it is the member's spouse who is a member of the board of education or an employee of the school district, then such prohibitions shall apply.

C. The prohibitions set forth in this section shall not apply if:

1. The person related to the board member within the second degree of affinity or consanguinity is employed as a substitute teacher by the school district pursuant to the provisions of Section 6-105 of this title or as a temporary substitute support employee if the school district has an Average Daily Membership (ADM) of less than five thousand (5,000); or

2. The school district has an ADM of less than four hundred (400), the board of education has adopted a policy providing for such candidate eligibility and the board member who is related within the second degree by affinity or consanguinity to any employee of the school district governed by the board of education complies with the provisions of subsection E of Section 5-113.1 of this title.

D. Any member of a board of education who violates the provisions of this section shall be subject to the penalties prescribed by Sections 485 and 486 of Title 21 of the Oklahoma Statutes. (70-5-113)

Note: Amended by HB 3152 of the 2018 Reg. Sess.

The second degree of relationship includes a spouse, child, child’s spouse, parent, parent’s spouse, grandchild, grandchild’s spouse, grandparent, grandparent’s spouse, brother, brother’s spouse, sister, sister’s spouse, spouse’s child, spouse’s parent, spouse’s grandchild, spouse’s grandparent, spouse’s brother, and spouse’s sister.

Section 5-113 is constitutional. The state’s interest in avoiding conflicts of interest, avoiding favoritism and the appearance of favoritism, is sufficient to uphold the legitimate regulation of candidacy. While this Court holds sacred the right to vote and to participate in the political process as a candidate, we also recognize that the latter is not an absolute nor fundamental right, but that the state may impose reasonable, non-discriminatory regulations. We find Section 5-113 to be one of these reasonable, non-discriminatory impositions. Sharp v. Tulsa County Election Board, 890 P.2d 836 (Okla.1994)

Section 5-113 specifically states who is ineligible for candidacy. Section 5-113.1 specifically states who may be employed by the school district. Section 5-113.1 states that it is not to be construed to prevent an individual from being a candidate. But that statement does not lend itself to allowing family members to be candidates for school board. Instead it is an acknowledgment that school board eligibility requirements are governed by a separate statute, namely Section 5-113. In fact, it is clear that the intent behind Section 5-113 was to determine and set forth the eligibility requirements for individuals seeking to run for a seat on the school board. The two provisions are consistent with one another. Sharp v. Tulsa County Election Board, 890 P.2d 836 (Okla.1994)

The provisions of 70 O.S. Supp. 1992, §5-113, which provide that no person shall be eligible to be a candidate to serve on a board of education if he or she (1) is currently employed by the school district governed by the board of education, or (2) is related within the second degree by affinity or consanguinity to any other member of the board of education, or (3) is related within the second degree by affinity or consanguinity to any employee of the school district governed by the board, do not constitutionally restrict a person’s right to be a candidate for public office. January 11, 1983 (AG Op. No. 92-19)

Person may serve on board of education of independent school district while spouse is serving on a separate board of education of an area vocational-technical school district. August 31, 1983 (AG Op. No. 83-177)

Marriage of a board member’s daughter to a member’s nephew is not relationship of affinity or consanguinity of board members. AG Op. January 9, 1976
Member of board of education elected in 1961 ceased to be de jure member when he married sister of board member elected in 1961, but such marriage did not disqualify latter member from continuing to serve. AG Op. August 10, 1962

Where “A” was a school board member before the school election in March and at the March election of that year, his father-in-law, “B” was elected to that board and in the following year “A”’s term of office expired and he was re-elected, “A” would be legally entitled to serve as a member of said board and “B,” his father-in-law, would not be eligible to serve. AG Op. August 8, 1941

Section 126. Employment of Relative of Member of Board of Education.

A. Except as otherwise provided in this section, no person may be employed or put under contract by a school district if that person is related to a member of the board of education of that school district within the second degree of consanguinity or affinity. A teacher or employee already under contract to or otherwise employed by the school district at the time the relationship is established may continue in said employment. Except as otherwise provided, a board member already serving at the time the relationship is established may serve out the term for which the member was elected but shall not be eligible to be a candidate for or serve successive terms of office for which the member may be elected.

B. The provisions of this section shall not prevent a board member from serving successive terms of office if otherwise eligible under the provision of Section 5-113 of this title. No member of the board of education who has resigned from the board before the term of the person has expired may be reappointed to the board to complete the remainder of the term if a teacher or employee related to the resigned member of the board within the second degree of consanguinity or affinity was put under contract or otherwise employed by the school district after the board member resigned.

C. The provisions of this section shall not prevent a person who is related to a member of the board of education within the second degree of consanguinity or affinity from being employed by the school district as a substitute teacher pursuant to the provisions of Section 6-105 of this title or as a temporary substitute support employee if the school district has an Average Daily Membership (ADM) of less than five thousand (5,000).

D. The provisions of this section shall not prevent a person who is related to a member of the board of education within the second degree of consanguinity or affinity from being employed by the school district if the school district has an Average Daily Membership (ADM) of less than four hundred (400) and the board of education has adopted a policy providing for such employment.

E. Any member of a board of education who is related to a teacher or other employee of the district within the second degree of consanguinity or affinity shall not attend or participate in any regular or executive session of the board held to consider any personnel matter or litigation relating to said teacher or employee. The member may vote on collective bargaining agreements or the renewal of contracts as a group if the vote is necessary to form a quorum of the board of education members. If more than one member of the board of education is related to a teacher or employee, only the minimum number of those members which is necessary to form a quorum shall be allowed to vote. Each board of education so affected shall adopt a written policy establishing procedures on when such a member may vote on the renewal of contracts or collective bargaining agreements.

F. Any member of a board of education who violates the provisions of this section shall be subject to the penalties prescribed by Sections 485 and 486 of Title 21 of the Oklahoma Statutes. (70-5-113.1)

Note: Amended by HB 3152 of the 2018 Reg. Sess.

Section 5-113 specifically states who is ineligible for candidacy. Section 5-113.1 specifically states who may be employed by the school district. Section 5-113.1 states that it is not to be construed to prevent a individual from being a candidate. But that statement does not lend itself to allowing family members to be candidates for school board. Instead it is an acknowledgment that school board eligibility requirements are governed by a separate statute, namely Section 5-113. In fact, it is clear that the intent behind Section 5-113 was to determine and set forth the eligibility requirements for individuals seeking to run for a seat on the school board. The two provisions are consistent with one another. Sharp v. Tulsa County Election Board, 890 P.2d 836 (Okla.1994)

Section 127. Excluding Litigious Board Member from Proceedings.

Any school board member who, before serving or while serving on the board of education, initiated litigation against the school district, school board of education, or an individual board member of the board of education on which he/she serves, or who is a governing member of a group, organization, or entity that has authorized and initiated litigation against that school district, school board of education, or an individual board member of the board of education on which he/she serves, may be excluded upon a majority vote of the board members from any executive session where the litigation is discussed or from any other form of participation in the board’s defense of the litigation, including any vote on issues related to that legal action. (70-5-113.2)

A member of the board of education may be excluded from participation and attendance at regular and executive sessions where personnel and litigation matters concerning his/her relative are subject to discussion and/or possible board action. This exclusion includes matters which affect other employees and/or teachers if the relative of the board member is included in such class. However, the member is free to attend and participate in other agenda items during regular and executive sessions even if they take place during the same meeting of the board as the excluded activity. Section 128. School District Treasurer - Assistant Local Treasurer.

A. The county treasurer of each county shall be the treasurer of all school districts in the county, except that the board of education of a school district may appoint a local treasurer for the school district and, in its discretion, an assistant local treasurer of the district, each of whom shall serve at the pleasure of the board for such compensation as the board may determine. The assistant local treasurer may perform any of the duties and exercise any of the powers of the local treasurer with the same force and effect as if the same were done or performed by the local treasurer. Before entering upon the discharge of the duties of the assistant treasurer, the assistant treasurer shall give a bond in such amount as the board of education may designate, with good and sufficient sureties to be approved by the board, conditioned for the faithful performance of his or her duties. A local treasurer or assistant local treasurer need not be a resident of the school district where appointed to serve although any local treasurer or assistant local treasurer shall be a resident of this state. Nothing herein shall prevent a local treasurer or assistant local treasurer from being appointed for more than one school district.

B. Whenever a county treasurer is designated as the treasurer for a school district, the county treasurer may elect to charge for such services. If said charges are assessed, the treasurer shall prepare a special estimate of needs each fiscal year, covering all expenditures of the office on behalf of any school districts for which the county treasurer serves as treasurer. The estimate for treasurer services shall be itemized by personal services and maintenance and operation expenditures and shall be filed with the county excise board. In reviewing and approving this estimate, the county excise board shall authorize and levy amounts for treasurer services which in the judgment of the board will be sufficient to perform the services. The board shall apportion the cost among the school districts for which the treasurer services are to be charged in the ratio which each school district’s total appropriations for the preceding year bears to the total appropriations of all such school districts receiving treasurer services for the preceding year. The amounts shall be included in, or added to, the estimates of needs or budget of each such school district. The amount as approved and appropriated by the county excise board shall be paid by the school district, by appropriate warrants, to the county for deposit in the county general fund. (70-5-114)

When a school district submits its Estimate of Needs for the year, which is based on projected tax revenues, and receives the funds it anticipated, that district is not entitled to subsequent repayment from another school district, which, due to no fault of its own, received funds that should have been paid to the first school district. Section 129. Local Treasurer - Surety Bond - Duties - Cash and Investment Ledgers.

A. Unless the context clearly shows otherwise, the term "treasurer", as used in this section, includes a county treasurer acting as the treasurer of a school district pursuant to the provisions of Section 5-114 of this title. The treasurer so appointed shall execute, before entering upon the duties of the office of the treasurer, a surety bond in an amount which it is estimated by the board of education the treasurer will have on hand at any one time during the current year, and the amount of securities held as investments shall not be considered. The board of education is empowered to require the treasurer to increase or decrease the bond of the treasurer as the amount of funds on hand may require. Provided, the bond of a school district shall not, in any event, be required to be in an amount greater than that of the county treasurer of the county. The premium on the bond shall be paid by the board of education out of district funds. Provided, however, the treasurer of such district shall require the depository wherein school district funds are deposited to insure or guarantee the deposit by proper securities, which shall be of the same class of securities as are required to insure deposits of county treasurers of the various counties, and the securities shall be pledged, taken and kept in the manner provided by Sections 517.1 through 517.7 of Title 62 of the Oklahoma Statutes.

B. In all districts which are permitted by law to select a local treasurer, the county treasurer shall act as treasurer thereof until such time as a local treasurer shall be appointed and has executed the surety bond required by this section. In no instance in which the county treasurer is the treasurer of any school district shall any additional bond be required, but the official bond of the county treasurer shall stand for any and all funds and securities coming into the hands of the county treasurer.

C. The local treasurer of a district, when required by the board of education, shall prepare and submit in writing a report of the condition of the finances of the district and shall produce at any meeting of the board or to any committee appointed for the purpose of examining the accounts of the treasurer all books and papers pertaining to the office of the treasurer. Upon failure to make reports as provided for herein or as may otherwise be required by law, the board may at any regular or special meeting thereof summarily suspend the treasurer, and while so suspended the treasurer shall perform no act pertaining to the office of the treasurer. Such suspension shall continue until ended by order of the board or by judgment of a court of competent jurisdiction.

D. The local treasurer of a school district shall keep a separate cash ledger for each fund in the custody of the treasurer. The local treasurer shall enter each collection and disbursement in the cash ledger of the applicable fund by recording the date and classification of each transaction and such other information as may be deemed desirable. Additional ledgers shall also be maintained to record the investments made from each fund. Such investment ledgers shall disclose the date, description and principal amount paid for each investment purchased and the date and principal amount received for each investment liquidated.

E. Upon suspension by the board, the treasurer shall immediately turn over to the board of education or to the acting treasurer if one has been appointed by the board, all books and papers and other property pertaining to the office of the treasurer.

F. Except as otherwise provided by law, no treasurer of any district shall pay out school district funds in the care of the treasurer except upon warrants signed by the proper school district officials authorized by the law to sign such warrants, provided, this restriction shall not apply to sinking funds or to the investment of school district funds. Authorized sinking fund payments and payment for investments or receipt of liquidated investments may be made by check, wire transfer or other instrument or method through the Federal Reserve System.

G. The board of education shall, each month, set aside funds to an operating account and to an investment account. Investments by the treasurer shall be made in accordance with a written policy adopted by the board of education. The written investment policy shall address liquidity, diversification, safety of principal, yield, maturity, quality of the instrument, and capability of investment management. Acting within the investment policy, the treasurer shall place primary emphasis on safety and liquidity in the investment of funds. Taking into account the need to use sound investment judgment, school districts shall, to the extent practicable, use competitive bids when they purchase direct obligations of the United States Government or other obligations of the United States Government, its agencies or instrumentalities. Such system shall be designed to maximize yield within each class of investment instrument, consistent with the safety of the funds invested. The board of education must review the investment performance of the treasurer on a regular basis and no less than each month. The treasurer of every school district shall invest the full amount of the investment account in:

1. Direct obligations of the United States Government to the payment of which the full faith and credit of the
Government of the United States is pledged; provided, a treasurer of a school district who has completed the program pursuant to the provisions of subsection H of this section may invest funds in the investment account in other obligations of the United States Government, its agencies or instrumentalities;

2. Obligations to the payment of which the full faith and credit of this state is pledged;

3. Certificates of deposits of banks when such certificates of deposits are secured by acceptable collateral as in the deposit of other public monies;

4. Savings accounts or savings certificates of savings and loan associations to the extent that such accounts or certificates are fully insured by the Federal Savings and Loan Insurance Corporation. Provided, that the income received from the investments may be placed in the general fund of the governmental subdivision to be used for general governmental operations;

5. Repurchase agreements that have underlying collateral consisting of those items specified in paragraphs 1 and 2 of this subsection including obligations of the United States, its agencies and instrumentalities, and where the collateral has been deposited with a trustee or custodian bank in an irrevocable trust or escrow account established for such purposes;

6. County, municipal or school district direct debt obligations for which an ad valorem tax may be levied or bond and revenue anticipation notes, money judgments against such county, municipality or school district ordered by a court of record or bonds on bond and revenue anticipation notes issued by a public trust for which such county, municipality or school district is a beneficiary thereof. All collateral pledged to secure public funds shall be valued at no more than market value. The income received from an investment may be placed in the general fund of the governmental subdivision to be used for general governmental operations, the sinking fund, the building fund, or the fund from which the investment was made;

7. Money market mutual funds regulated by the Securities and Exchange Commission and which investments consist of obligations of the United States, its agencies and instrumentalities, and investments in those items and those restrictions specified in paragraphs 1 through 6 of this subsection;

8. Warrants, bonds or judgments of the school district; or

9. Qualified pooled investment programs, the investments of which consist of those items specified in paragraphs 1 through 8 of this subsection, as well as obligations of the United States agencies and instrumentalities, regardless of the size of the district’s budget. To be qualified, a pooled investment program for school funds must be governed through an interlocal cooperative agreement formed pursuant to Section 5-117b of this title, and the program must competitively select its investment advisors and other professionals. Any pooled investment program used must be approved by the board of education; or

10. Investment programs administered by the State Treasurer.

H. The board of education is hereby empowered to require the treasurer to satisfactorily complete an investment education program approved by the State Board of Education and the State Board of Career and Technology Education. Such program shall be designed to allow treasurers to make informed decisions regarding the safety, return, liquidity, costs and benefits of various investment options allowed under this section.

I. The income received on an investment may be placed in the fund from which the investment was made, the general fund, the building fund, or the sinking fund. (70-5-115)

The statutory provision allowing a school treasurer to allocate interest earned on the building fund or the sinking fund violates Article X, Section 19 of the Oklahoma Constitution. October 2, 2000 (AG Op. No. 00-48) (non-binding advisory opinion).

School districts may not, as a general rule, deposit funds in financial institutions which are located outside the state; however, school districts may deposit district funds in building and loan associations, i.e., savings and loans, located outside of Oklahoma, so long as, and to the extent that, such deposits are federally insured [pursuant to 62-513]. June 24, 1991 (AG Inf. Op. No. 91-608)

School district treasurer (1) must invest funds held in investment account; (2) has authority to execute orders to buy and/or sell investment
Section 130. Payment of Warrants When Insufficient Funds.

Upon the expiration of the term of office, the treasurer shall deliver check or warrant registers to the succeeding treasurer, and each successor in office shall act as though check or warrant entries were registered by the successor, who shall continue registration of all district checks or warrants. If a check or warrant cannot be paid for want of sufficient funds, a district may enter into an agreement not to extend beyond the current fiscal year with the depository bank to honor payment of these checks at an annual rate of interest as negotiated by the district and depository bank, which shall not exceed a rate equal to five percent (5%) above the average United States Treasury Bill rate of the preceding calendar year as determined by the State Treasurer on the first regular business day of each year. (70-5-115b)

Section 131. Oath of Office.

Each member of the board of education and the treasurer and assistant treasurer of a school district shall take and subscribe to the following oath:

“I, ______________________ (Name of officer), hereby declare under oath that I will faithfully perform the duties of ______________________ (Name of position) of ______________________ (Name of school district) to the best of my ability and that I will faithfully discharge all of the duties pertaining to said office and obey the Constitution and laws of the United States and Oklahoma.” (70-5-116)

Section 132. Requirements for Bonds for Employees and Officers.

A. The superintendent and any financial officer of a school district shall be required to furnish a surety bond in the penal sum of not less than One Hundred Thousand Dollars ($100,000.00) or an amount otherwise set by law or set by the State Board of Education, to be approved as provided by law, and to assure the faithful performance of the duties of the covered officer and employees.

B. Whenever the superintendent or any officer or other employee of any school district is required to furnish a surety bond as a prerequisite to employment as provided for in this section or any other law, the requirement as to terms, conditions, penalty, amount or quality or type of surety shall be deemed to mean the furnishing of a separate bond or surety contract for each individual officer or employee, or the furnishing of a “blanket bond”. For purposes of this section, “blanket bond” means a school district officer and employees blanket position bond which covers all officers and employees up to the penalty of the bond for each officer and employee and the full penalty of the bond is always enforced during its term and no restoration is necessary and there is no additional premium after a loss is paid.

C. All surety bonds as required by this section or other laws shall be furnished by a company duly qualified under the insurance laws of this state and shall be purchased by the school district. Each surety bond shall be payable to the school district and, whenever possible, conditioned on the faithful performance of the duties of the individuals covered during their employment or term of office and that they will properly account for all monies and property received by virtue of their position or employment. (70-5-116a)

Section 133. Forfeited Bonds.

A. When a bond is forfeited due to illegal activity of a school district officer or employee and an audit performed by the Office of the State Auditor and Inspector reported the illegal activity, the school district shall forward ten percent (10%) of the amount of the forfeited bond to the State Board of Education for deposit to the School Investigative Audit Revolving Fund.
B. 1. Every person convicted of the crime of theft, embezzlement, conversion, or misappropriation of school district funds shall be assessed an amount equivalent to ten percent (10%) of any court-ordered restitution costs.

2. The assessment shall be mandatory and in addition to and not in lieu of any fines, restitution costs, other assessments, or forfeitures authorized or required by law for the offense. The assessment required by this subsection shall not be subject to any order of suspension. The court shall order either a lump-sum payment or establish a payment schedule.

3. Willful failure of the offender to comply with the payment schedule shall be considered contempt of court.

4. For purposes of collection, the assessment order shall not expire until paid in full, nor shall the assessment order be limited by the term of imprisonment prescribed by law for the offense, nor by any term of imprisonment imposed against the offender, whether suspended or actually served.

5. The assessment provided for in this subsection shall be collected by the court clerk as provided for collection of fines and costs. When assessment payments are collected by the court clerk pursuant to court order, the funds shall be forwarded to the State Board of Education for deposit into the School Investigative Audit Revolving Fund created by this section.

C. 1. There is hereby created in the State Treasury a revolving fund for the State Board of Education to be designated the "School Investigative Audit Revolving Fund". The fund shall be a continuing fund, not subject to fiscal year limitations, and shall consist of all monies paid to and received by the State Board of Education from school districts, officers, or employees for the performance of audits, for the forfeiture of bonds, or for assessments ordered in addition to court-ordered restitution costs, and monies appropriated or transferred to the fund by the Legislature.

2. All monies accruing to the credit of the fund are hereby appropriated and may be budgeted and expended by the State Board of Education to reimburse the Office of the State Auditor and Inspector for costs incurred in the performance of special audits conducted pursuant to the provisions of Section 213 of Title 74 of the Oklahoma Statutes.

3. Prior to approval of any payment from this fund, the State Board of Education shall determine that a school district that is liable for expenses incurred due to the performance of an audit is unable to pay such expenses. Payments from this fund shall only be made to the extent that monies are available in the fund. Expenditures from the fund shall be made upon warrants issued by the State Treasurer against claims filed as prescribed by law with the Director of the Office of Management and Enterprise Services for approval and payment. (70-18-118.1)

Section 134. Powers and Duties.

A. The board of education of each school district shall have power to:

1. Elect its own officers; provided that the chair of the board authorized in Section 5-107B of this title shall be elected by the electors of the school district;

2. Make rules, not inconsistent with the law or rules of the State Board of Education, governing the board and the school system of the district, including converting all or part of a traditional public school to a conversion school;

3. Maintain and operate a complete public school system of such character as the board of education shall deem best suited to the needs of the school district;

4. Designate the schools to be attended by the children of the district;

5. Provide and operate, when deemed advisable, cafeterias or other eating accommodations, thrift banks or other facilities for the teaching and practice of thrift and economy, bookstores, print shops, and vocational and other shops;

6. Provide informational material concerning school bond elections and millage elections, including but not limited
to all pertinent financial information relative to the bond issue, a statement of revenue sources necessary to retire proposed bonds, a statement of current bonded indebtedness of the school district, and a statement of proposed use of funds to be generated by the proposed bond issue. The informational material shall not contain the words "vote yes" or "vote no" or any similar words or statement anywhere on such informational material;

7. Purchase, construct or rent, and operate and maintain, classrooms, libraries, auditoriums, gymnasiums, stadiums, recreation places and playgrounds, teacherages, school bus garages, laboratories, administration buildings, and other schoolhouses and school buildings, and acquire sites and equipment for the operation of public schools or conversion schools;

8. a. Insure the school district or its employees against any loss, damage or liability as defined by Sections 702 through 708 of Title 36 of the Oklahoma Statutes, or other forms of insurance provided for in Title 36 of the Oklahoma Statutes.

b. Subject to the restrictions of liability in the Governmental Tort Claims Act:

   (1) insure the school district against all or any part of any liability it may incur for death, injury or disability of any person, or for damage to property, either real or personal,

   (2) insure any employee of the school district against all or any part of the employee's liability for injury or damage resulting from an act or omission in the scope of employment, or

   (3) insure against the expense of defending a claim against the school district or its employee, whether or not liability exists on such claim.

c. As used in this subsection, "employee" means any person who has acted in behalf of a school district, whether that person is acting on a permanent or temporary basis with or without being compensated or on a full-time or part-time basis. Employee also includes all elected or appointed officers, members of governing bodies of a school district, and persons appointed, and other persons designated by a school district to act in its behalf.

d. The cost or premium of any such insurance is a proper expenditure of the school district.

e. Any insurance authorized by law to be purchased, obtained or provided by a school district may be provided by:

   (1) self-insurance, which may be, but is not required to be, funded by appropriations to establish or maintain reserves for self-insurance purposes. Any self-insurance reserve fund shall be nonfiscal and shall not be considered in computing any levy when the school district makes its annual estimate for needed appropriations,

   (2) insurance in any insurer authorized to transact insurance in this state,

   (3) insurance secured in accordance with any other method provided by law, or

   (4) any combination of insurance authorized by this section.

f. Two or more school districts or public agencies, by interlocal agreement made pursuant to the Interlocal Cooperation Act, may provide insurance for any purpose by any one or more of the methods specified in this section. The pooling of self-insured reserves, claims or losses among governments as authorized in this section shall not be construed to be transacting insurance nor otherwise subject to the provisions of the laws of this state regulating insurance or insurance companies, except as to the provisions of Section 607.1 of Title 36 of the Oklahoma Statutes. Two or more school districts may also be insured under a master policy or contract of insurance. Premium costs may be set individually for each school district or apportioned among participating school districts as provided by the master policy or contract;

9. Acquire property by condemnation proceedings in the same manner as land is condemned for railroad purposes.
School district funds may be used to erect buildings on leased land on which other buildings have been erected prior to April 3, 1969, or on land which is leased from a governmental entity;

10. Lease real or personal property to the state or any political subdivision thereof or a not-for-profit entity operating pursuant to Section 868 of Title 18 of the Oklahoma Statutes for nominal cash consideration for so long as the use of the property by the lessee substantially benefits, in whole or in part, the same public served by the school district;

11. Dispose of personal or real property no longer needed by the district by sale, exchange, lease, lease-purchase, sale and partial lease back, or otherwise. Real property shall be conveyed pursuant to a public sale, public bid, or private sale; provided however, unless otherwise prohibited by law, the board of education of a consolidated or annexed school district or any other school district may convey real property to a local political subdivision or to an educational institution within The Oklahoma State System of Higher Education or to a housing authority formed pursuant to the provisions of Section 1057 of Title 63 of the Oklahoma Statutes without consideration. Prior to the sale of any real property, the board of education shall have the real property appraised. The appraisal shall be confidential until the real property is sold. When the real property is sold, the board of education shall make the appraisal available for public inspection. Prior to the conveyance of any real property by private sale, the board of education shall have offered the real property for sale by public sale or public bid. Any conveyance of real property by private sale to a nonprofit organization, association, or corporation to be used for public purposes, unless for exchange, shall contain a reversionary clause which returns the real property to the board of education upon the cessation of the use without profit or for public purposes by the purchaser or the assigns of the purchaser;

12. Purchase necessary property, equipment, furniture, and supplies necessary to maintain and operate an adequate school system;

13. Incur all expenses, within the limitations provided for by law, necessary to perform all powers granted by the provisions of this section;

14. Contract with and fix the duties and compensation of physicians, dentists, optometrists, nurses, attorneys, superintendents, principals, teachers, bus drivers, janitors, and other necessary employees of the district;

15. Establish a written policy for reimbursement of necessary travel expenses of employees and members of the board. The policy may include in-district travel from the site of employment assignment which is necessary in the performance of employment duties. The written policy shall specify procedures, contain documentation requirements, and may include payment of meal expenses during authorized travel on a per diem allowance basis rather than itemized documentation;

16. Pay necessary travel expenses and other related expenses of prospective employees for sponsored visits to the school district pursuant to a written policy specifying procedures containing documentation requirements equal to or greater than the requirements specified by law for state employees in the State Travel Reimbursement Act;

17. Provide for employees' leaves of absence without pay;

18. Exercise sole control over all the schools and property of the district, subject to other provisions of the Oklahoma School Code;

19. Allow district-owned school buses to be used for transportation of students from other districts or educational institutions while within the district on educational tours. This shall not restrict the authority of the board to authorize any other use of such buses which may now be permitted by law or rule of the State Board of Education;

20. Enter into contractual agreements with the board of trustees of a multicounty library system, as defined in Section 4-103 of Title 65 of the Oklahoma Statutes, a city-county library commission, as defined in Section 152 of Title 65 of the Oklahoma Statutes, or a rural single county library system, as defined in Section 1-104 of Title 65 of the Oklahoma Statutes, on such terms as may be mutually agreed, except no district board of education may enter into any agreement under which the library services for the school would be provided at any site other than the school site or which would result in library services that do not meet accreditation standards as required by law or rule;
21. Perform all functions necessary to the administration of a school district in Oklahoma as specified in the Oklahoma School Code, and in addition thereto, those powers necessarily implied but not delegated by law to any other agency or official;

22. Prepare and distribute at the expense of the school district any and all material which has the purpose of informing the public about district activities;

23. Solicit and accept any gift, grant, or donation of money or property for the use of the school district. Any gift, grant, or donation of money may be deposited in the general fund or building fund of the school district; and

24. Pay necessary meal and lodging expenses of school district students and sponsors involved in authorized school-sponsored cocurricular activities. The board of education shall establish a written policy for reimbursement of necessary meal and lodging expenses of school district students and sponsors. The written policy shall specify procedures, contain documentation requirements, and designate the funds from which reimbursement may be made. Reimbursement may be made from the General Fund.

B. The board of education of any school district may rent real and personal property, if such items are necessary for the operation of the school, and pay the rental charges for the usage during any fiscal year, or portion thereof, out of appropriations made and approved for current expense purposes during the fiscal year. Any rental contract extending beyond June 30 of the fiscal year shall be void unless it contains provisions for mutual ratification of renewal pursuant to the conditions provided for in this subsection. It is the intent of this subsection to authorize boards of education to enter into lease contracts but not to incur any obligation against the school district in excess of the income and revenue provided for such purposes for the fiscal year in which the lease contract is operative. Any lease or lease-purchase agreement entered into by any board of education shall state the purchase price of real or personal property so leased. The lease or lease-purchase shall not be extended so as to cause payment of more than the original purchase price of the real or personal property, plus interest not to exceed the legal rate. When the purchase price plus interest has been paid, the property shall belong to the lessee and the lessor shall deliver a deed or bill of sale to the property to the lessee. When any real or personal property has been leased or rented during any fiscal year pursuant to the provisions of any contract which permits continuance of the rental for the remainder of the fiscal year, the renting or leasing of the property shall be continued for the remainder of the fiscal year unless the board of education renting or leasing the same certifies by proper resolution entered in the minutes of the board of education that the continuance of the rental is unnecessary and contrary to the public interest. Any lease-purchase agreement entered into shall include the right of a school district to acquire buildings, equipment or other facilities or discrete components thereof or improve school sites through a lease-purchase agreement. A school district may use proceeds derived from the sale of bonds as authorized by Section 26 of Article X of the Oklahoma Constitution to make lease-purchase payments, including interest, under a lease-purchase agreement. For purposes of this subsection, the term "acquired" as used in Section 26 of Article X of the Oklahoma Constitution shall mean the possession, control, or power to dispose of personal or real property.

C. The boards of education of two or more school districts may enter into cooperative agreements and maintain joint programs including, but not limited to, courses of instruction for handicapped children, courses of instruction in music and other subjects, practical instruction for trades and vocations, practical instruction in driver training courses, and health programs including visual care by persons legally licensed for such purpose, without favoritism as to either profession. The revenues necessary to operate a joint program approved in cooperative agreements, whether from federal, state or local sources, including the individual contributions of participating school districts, shall be deposited into a fund separate from all other appropriated funds. The beginning fund balance each year, combined with all actual revenues, including collected and estimated revenues, must be appropriated before being expended. Purchase orders shall be issued against available appropriations and, once goods or services have been received, either payable or nonpayable warrants shall be issued in payment of all purchase orders. The fund shall be reported as a separate appropriated fund in all the financial reports of the school district which is chosen by the other school districts to keep the accounting records of the joint program.

D. ATHLETICS:

The OSSAA may enforce its published rules, regulations, and policies without undue interference by the courts. However, the courts will intervene to assure the OSSAA proceedings are conducted pursuant to its constitution, rules, regulations, and policies in good faith. The power to exercise discretion might be harmful to the OSSAA because the potential for arbitrary decisions comes with the power to exercise discretion. Wright City Public Schools v. Oklahoma Secondary School Activities Association, 2013 OK 35

OSSAA is a voluntary organization. Absent fraudulent collusive, unreasonable, arbitrary or capricious decisional process, a court may not overturn a voluntary association’s enforcement of its rules. The Association must be allowed to enforce its rules and orders without undue interference by the courts. Morgan v. Oklahoma Secondary School Activities Association, 2009 OK 21, 207 P.3d 362.

School districts have the implied power to charge and collect broadcast rights fees. Oklahoma Sports Properties, Inc. v. ISD No. 11 of Tulsa County, 1998 OK CIV APP 40, 957 P.2d 137.

Where a school board has become a member of a voluntary association which regulates school activities the member school is bound by the association’s rules. A local school district which is a member of the voluntary association would be prohibited from promulgating a rule which requires students wishing to participate in a program of one hundred (100) hours of basketball practice during the summer when school is not in session, where school board rule is contrary to the rules of the voluntary association. January 29, 1999 (AG Op. No. 98–42)

A school board is without authority to pay moving expenses of teachers and administrators hired by the school district. However, this would not preclude a district from agreeing to increase the salary for the incoming administrator in an amount related to his proposed moving expenses. Since school districts have some latitude in their authority to negotiate contracts, the negotiation for a salary that includes monies to cover moving expenses would not be prohibited. September 27, 1991 (AG Inf. Op. No. 91-571)

A school district may reimburse a teacher for itemized and documented travel expenses provided such expenses are related to the teacher’s duties as expressed in the contract with the school district. April 10, 1991 (AG Inf. Op. No. 90-670)

If the teacher’s attendance at such conference constitutes a contractual duty of the teacher, the reimbursement of itemized and documented expenses may be made. However, if the teacher attends such a conference on personal business leave as provided in 70 O.S. 1981, § 6-104, or on leave without pay as provided in 70 O.S. 1981, § 5-117 (A) (16) then the school district may not compensate the teacher for itemized and documented expenses. ELECTIONS/POLITICAL ACTIVITIES:

School boards have the implied power to lobby the Legislature, and power to lobby is essential to purpose of school board. Thus, a private association representing school board members may expend association funds to lobby the Legislature regardless of the fact that some of funds are derived from dues paid from public funds. May 13,1996 (AG Op. No. 95-14)

There is no statutory or constitutional authority for officials to use public funds to advocate a specific election result. Generally, public funds cannot be used to promote a specific election result unless there are particular factual circumstances which create an exception. Use of public funds to oppose or support matters referred to the voters by initiative or referendum is specifically prohibited by 26 O.S., §16-119. That statute, however, only applies to school bond elections that are referred to the voters by means of initiative or referendum. June 23, 1992 (AG Op. No. 91-27)

MISCELLANEOUS:

Local boards of education do not have the power to make any rules or take any actions inconsistent with State law or the rules of the State Board of Education. A school board does not have either the express or implied power to appropriate public funds in support of a local school foundation. To construe the statutes as allowing a board such power would violate the Constitutional provision prohibiting the Legislature from authorizing a school district to appropriate money or loan its credit to any corporation, association, or individual. May 20, 1998 (AG Op. No. 98-7).

A school district has no authority to reimburse an individual school board member for legal expenses incurred in defending criminal charges brought against the member for alleged violations during the performance of the member’s duties even if the charges are dismissed. Section 135. Oklahoma Extracurricular Activities Accountability Act.

This act shall be known and may be cited as the "Oklahoma Extracurricular Activities Accountability Act". (70-27-101)

Section 136. Definition of School Athletic Association.

As used in the Oklahoma Extracurricular Activities Accountability Act, a "school athletic association" means any private organization or association which charges the school or school district a membership fee, retains a portion of revenue generated by the interscholastic activities or contests of the member schools, and provides the coordination, supervision and regulation of the interscholastic activities and contests of the member schools. (70-27-102)

Functionally, membership in the OSSAA is not a choice but a requirement. Because the source of funding of public schools is from Oklahoma taxpayers, the State of Oklahoma has an interest in ensuring that tax dollars are used by the OSSAA in a manner that is not arbitrary and capricious, but one that is fair and impartial. Retroactive application of policies that did not exist for the majority of the alleged violations is inherently arbitrary and capricious because it has no basis in reason and is in complete disregard of the facts and circumstances. Scott v. Secondary School Activities Association, 2013 OK 84.

Section 137. Athletic Association Must Adopt Policy.

A public school or school district shall not be a member of any school athletic association unless that association has adopted a written policy that requires the following:

1. All records of the association to be made accessible consistent with the provisions of the Oklahoma Open Records Act;

2. All meetings of the association to be open and conducted in a manner consistent with the provisions of the Oklahoma Open Meeting Act, including specifically the notice and agenda, voting and executive session requirements; and

3. An annual financial audit and a compliance audit of all funds of the association in accordance with the auditing standards set forth in the Oklahoma Public School Audit Law. In addition, the association shall have performance audits conducted of the operations of the association. A performance audit shall be conducted no later than December 31, 2014, and by December 31 every five (5) years thereafter. (70-27-103)

Section 138. Student Athletes - Definitions.

1. To induce, encourage or reward the application, enrollment or attendance of the student-athlete at a public or private institution of postsecondary education in order to have the student-athlete participate in intercollegiate sporting events, contests, exhibitions or programs at that institution; or

2. To induce, encourage or reward the participation in an intercollegiate sporting event, contest, exhibition or program by the student-athlete.

B. No person shall enter into or solicit directly or through an agent a transaction with a student-athlete if the person has, or could be reasonably expected to have, knowledge that the transaction would likely cause the student-athlete to permanently or temporarily lose athletic scholarship eligibility, the ability to participate on an intercollegiate athletic team or the ability to participate in one or more intercollegiate sporting competitions as sanctioned by:

1. A national association for the promotion and regulation of intercollegiate athletics;
2. An athletic conference or other sanctioning body; or

3. The institution of postsecondary education itself as a reasonable self-imposed disciplinary action taken by the institution to mitigate sanctions likely to be imposed by an organization as a result of the transaction or as a violation of the rules of the institution.

C. This section shall not apply to:

1. Any public or private institution of postsecondary education or to any officer or employee of the institution when the institution or the officer or employee of the institution is acting in accordance with an official written policy of the institution which is in compliance with the bylaws of the National Collegiate Athletic Association;

2. Any intercollegiate athletic award approved or administered by the public or private institution of postsecondary education;

3. Grants-in-aid or other full or partial scholarships awarded to a student-athlete or administered by a public or private institution of postsecondary education;

A. Each public and private institution of postsecondary education located in this state that participates or engages in intercollegiate athletics shall have a right of action against any person who engages in any activity concerning student-athletes that results in:

1. The institution being penalized, disqualified, or suspended from participation in intercollegiate athletics by a national association for the promotion and regulation of intercollegiate athletics, by an athletic conference or other sanctioning body, or by reasonable self-imposed disciplinary action taken by the institution to mitigate sanctions likely to be imposed by the organizations as a result of the activity; or

2. The student-athlete permanently or temporarily losing athletic scholarship eligibility, the ability to participate on an intercollegiate athletic team, or the ability to participate in one or more intercollegiate sporting competitions as sanctioned by a national association for the promotion and regulation of intercollegiate athletics, by an athletic conference or other sanctioning body or by the institution itself as a reasonable self-imposed disciplinary action taken by the institution to mitigate sanctions likely to be imposed by the organizations as a result of engaging in the activity or as a violation of the rules of the institution.
B. An institution shall be entitled to recover all damages which are directly related to or which flow from and are reasonably related to the improper activity as described in this section and to any penalties, disqualifications and suspensions. Damages shall include, but are not limited to, loss of scholarships, loss of television revenue, loss of bowl revenue and legal and other fees associated with the investigation of the activity and the representation of the institution before the sanctioning organizations in connection with the investigation and resolution of the activity. If the institution is the prevailing party in its cause of action, it shall be entitled to an award of court costs, costs of litigation and reasonable attorney fees. The institution may request and the court may enter an injunction prohibiting any person found liable from having any further contact with the institution, its student-athletes and student-athletes who have expressed or might express an interest in attending the institution. The institution may also request and the court may enter an injunction prohibiting any person found liable from attending athletic contests, exhibitions, games or other events in which one or more student-athletes are participating.

C. The right of action and remedies under this section are in addition to all other rights of action which may be available to the institution. (70-822.3)

A. Any board of education for a school district may require each bidder for a school district contract for supplies, equipment or materials to provide information as to the manufacturer and country of origin of any supplies, equipment or materials for the school district as specified by labels attached to the supplies, equipment or materials where such identification is required by federal or state law.

(70-5-117a)

Section 142. Interlocal Cooperative Agreements Between School Districts.

A. The boards of education of any two or more school districts may enter into an interlocal cooperative agreement for the purpose of jointly and comparatively performing any of the services, duties, functions, activities, obligations or responsibilities which are authorized or required by law to be performed by school districts of this state. Two or more school districts may enter into an interlocal cooperative agreement for the purpose of forming buying pools and purchasing cooperatives. As used in this section, “interlocal cooperative agreement” means an agreement which is entered into by the boards of education of two or more school districts pursuant to the provisions of this section. This section shall not prohibit school districts from entering into cooperative agreements authorized under Section 5-117 of this title or interfere with existing cooperative agreements between school districts. If the boards of education of any two or more school districts enter into an interlocal cooperative agreement the following conditions may apply:

1. An interlocal cooperative agreement shall establish a board of directors which shall be responsible for administering the joint or cooperative undertaking. The agreement shall specify the organization, terms, and composition of, and manner of appointment to, the board of directors and shall make provision for restructuring or terminating the board upon partial or complete termination of the agreement. The board of directors shall be selected by the board of education of each contracting school district and may include but not be limited to a board member, administrator or teacher from each contracting school district. Notice of intent of a school district to withdraw from the cooperative agreement must be given no later than March 15 for the ensuing school year;

5. An interlocal cooperative agreement shall specify the method or methods to be employed for disposing of property upon partial or complete termination of the agreement;

6. Within the limitations provided by law, an interlocal cooperative agreement may be changed or modified by majority consent of the interlocal cooperative board of directors;

Upon the filing with the board of education of a petition calling for such an election which is signed by no less than thirty percent (30%) of the eligible employees of the school district, the board of education shall call an election for the purpose of determining whether the school district shall participate in the health and dental insurance plans offered through the State and Education Employees Group Insurance Act. Notwithstanding any provision in this section to the contrary, any person who retires pursuant to the provisions of the Teachers’ Retirement System of Oklahoma prior to May 1, 1993, or terminates service with a vested benefit, pursuant to the provisions of the Teachers’ Retirement System of Oklahoma prior to May 1, 1993, may continue to participate in the health and dental plans authorized by the provision of the State and Education Employees Group Insurance Act.

F. In the event a school district ceases to exist, the assets and duties of said school district are transferred to one or more other school districts, said other school district or districts do not agree to employee all of the former employees of the school district that is ceasing to exist, and said former employees who are not being reemployed have rights under federal or state law to continue group insurance coverage, the school district receiving all or a portion of the assets and duties of the annexing school district having the largest general fund revenue for the most recent preceding fiscal year for which data is available shall provide group insurance coverage to said former employees not being retained during the period as required by law.

G. Any member of a district board of education who terminates service on or after July 1, 2002, who has served ten (10) or more years as a district board of education member in this state, and who is participating at the time of termination in a health and/or dental insurance plan offered by the school district, may elect upon termination of such service to continue participation in the health and/or dental insurance plan that the member was participating in at the time of termination. The election provided in this subsection shall be made within thirty (30) days from the date of the school board member’s termination of service. The school board member shall pay the full cost of the insurance premium for such after-termination coverage at the rate and pursuant to the terms and conditions of such health and/or dental plan. Oklahoma law prohibits a board of education for a school district from entering into a contract with a business concern which employs any member of the board or that member’s immediate family. Immediate family means members of the same household. However, 70 O.S. §5-124 and 62 O.S. §371 do not cause contracts in existence at the time of an election to become void by the subsequent election of a business’ employee to a board of education. Section 159. Discussion of Audit Findings Prior to Release.

Except for audits requested by a prosecutorial agency, the findings of an audit performed on any school district by any state agency, or on behalf of or at the direction of any state agency, shall be discussed with the members of the board of education and the superintendent or a designee of the affected school district at least fourteen (14) days prior to the release of the audit to the public. Section 160. Annual Statistical and Financial Reports.

Boards of education of all school districts are hereby required to make annual statistical and financial reports to the State Board of Education. The statistical report shall be made as of June 30. Section 163. School Activity Fund.

A. The board of education of each school district shall exercise control over all funds and revenues on hand or hereafter received or collected, as herein provided, from student or other extracurricular activities or other revenue-generating sources listed in subsection B of this section that are conducted in the school district. Such funds shall be deposited to the credit of the account maintained for the benefit of the particular activity within the school activity fund. Deposits of funds subject to the requirements of this section shall be made by the end of the next business day; however, if the deposit for a day totals less than One Hundred Dollars ($100.00), a school district may accumulate monies required to be deposited into the fund on a daily basis until the total accumulated balance of deposits equals or exceeds One Hundred Dollars ($100.00). Provided, a school district shall deposit accumulated monies into the fund not less than one (1) time per week, regardless of whether the monies total One Hundred Dollars ($100.00). Disbursements from each of the activity accounts shall be by check countersigned by the school activity fund custodian and shall not be used for any purpose other than that for which the account was originally created. The board of education, at the beginning of each fiscal year and as needed during each fiscal year, shall approve all school activity fund subaccounts, all subaccount fund-raising activities and all purposes for which the monies collected in each subaccount can be expended. Provided, the board of education may direct by written resolution that any balance in excess of the amount needed to fulfill the function or purpose for which an account was established may be transferred to another account by the custodian.

B. The board of education of each school district may designate that any of the following revenue be deposited for the use of specific school activity accounts, or to a general activity fund within the school activity fund:

1. Admissions to athletic contests, school or class plays, carnivals, parties, dances and promenades;
2. Sale of student activity tickets;

3. Concession sales, including funds received from vending concession contracts and school picture contracts approved by the district board of education, and cafeteria or luncheon collections;

4. Dues, fees and donations to student clubs or other organizations, provided that membership in such clubs or organizations shall not be mandatory;

5. Income or revenue resulting from the operation of student organizations or club projects, provided, such revenue is not derived from the lease, rental or sale of property, supplies, products or other assets belonging to the school district. When approved by the board of education, student organizations or club projects may include fund-raising activities, the revenues from which may be used for the purpose of purchasing goods or services otherwise considered to be general fund expenditures;

6. Deposits for or collections for the purchase of class pictures, rings, pins, announcements, calling cards, annuals, banquets, student insurance and other such personal items; provided the cost of such items shall not be charged against other school funds; and

7. Other income collected for use by school personnel and other school-related adult functions.

C. The board of education of each district may establish petty cash accounts to be used only for the purpose of making small cash expenditures, such as postage, freight or express charges; provided, no single expenditure from a petty cash account shall be made in excess of Seventy-five Dollars ($75.00), and the total expenditures during any one (1) fiscal year shall not exceed Two Thousand Five Hundred Dollars ($2,500.00) per school building. The school activity fund custodian shall initiate petty cash accounts by filing a claim against the general fund of the school district for the authorized amount of each petty cash account which shall not exceed Two Hundred Dollars ($200.00) per school building. The general fund warrants issued in payment of said claim shall be deposited in a “Petty Cash Account” in the school activity fund.

All disbursements from the petty cash accounts shall be made in the same manner as other disbursements from the school activity fund, except no disbursement shall be made from a petty cash account unless a prenumbered, dated receipt be obtained and signed by the person receiving payment. A school board may designate a petty cash custodian to countersign petty cash checks in place of the activity fund custodian. The school activity fund custodian shall file claims against the general fund of the school district for reimbursement of a petty cash account whenever the need shall arise. Such claims shall be itemized in the same manner as other claims filed against the general fund and shall have attached thereto the receipts covering each of the expenditures claimed for reimbursement. The total of a petty cash account balance and the receipts on hand awaiting reimbursement should equal at all times the authorized amount of a petty cash account.

None of the provisions pertaining to a petty cash account shall be construed to authorize the use of one (1) fiscal year's fund to pay obligations of another fiscal year. Any remaining balance in each petty cash account shall be transferred to the general fund on or before June 30 of each year.

D. The State Board of Education shall adopt appropriate rules and regulations and design standard forms for the proper conduct of the various school activity accounts.

E. The school activity fund custodian and the petty cash custodian shall be appointed by the board of education of the school district. The school activity fund custodian and the petty cash custodian shall give a surety bond in an amount determined by the board of education, but not less than One Thousand Dollars ($1,000.00). The premium of the surety bond shall be paid from the school activity fund or the general fund.

F. The local board of education is hereby authorized to invest activity funds as it determines appropriate. Upon direction of the local board of education, the custodian of the activity fund shall invest activity funds in any or all of the investments permitted and listed in Section 5-115 of this title.

G. The board of education of a school district may establish, by board resolution, a general fund refund subaccount within the school activity fund. The balance in the subaccount shall be determined by need, and it shall be funded by refunds and reimbursements received, including but not limited to, rental income, reimbursements for lost and damaged textbooks, summer
school and adult tuition, overpayments and tax refunds, as well as transfers, by treasurer's check, from the school district general fund. The subaccount may be expended only for the refund of revenues previously received and deposited either into the subaccount or directly into the general fund. Any remaining balance in the refund subaccount shall be transferred to the school district general fund on or before June 30 of each year.

H. The board of education of a school district may authorize the custodian of the school activity funds to provide cash advances to the sponsors for travel expenses on behalf of school district students and sponsors of certain school activities. The cash advances may only come from the school activity fund subaccount directly involved in the travel of such students or sponsor and only if the travel is one of the stated functions or purposes for the establishment of the subaccount. Receipts for all expenditures of the cash advances shall be kept and turned in to the custodian of the school activity fund following said trip.

I. Any invoice submitted to a school district which is to be paid from a school activity fund and is for payment of an authorized expenditure in an amount equal to or greater than the threshold amount stated in Section 310.9 of Title 62 of the Oklahoma Statutes shall conform to the requirements set forth in that section. (70-5-129)

Money received by school districts from vendors pursuant to vending concession contracts and school picture contracts is school district money. Fact that money from these sources is deposited in a school activity fund does not change its character. Public money in a school activity fund may only be disbursed to private persons or organizations for a valid public purpose. The determination of what constitutes a valid public purpose is a matter for the governing body to decide. Absent a showing of fraud or arbitrariness, a finding by a governing body that a project serves a public purpose will not be disturbed by the courts. May 15, 2003 (AG Op. No. 03-21).

A school district may use its school activity fund account to deposit and disperse monies raised for the purpose of making charitable and/or benevolent gifts or contributions to individuals or organizations if the board of education has approved the fund-raising activity and the dispersement. The monies deposited in the school activity fund which are raised by student fund raising activities are not public funds subject to the constitutional restrictions. June 12, 1997 (AG Op. No. 97-6)

Section 163.1. Exemption of Certain Funds.

Those funds which are collected by programs for student achievement and by parent-teacher associations and organizations that are sanctioned by the school district board of education shall be exempt from the provisions as outlined in Section 5-129 of this title. Each school district board of education shall adopt policies providing guidelines for the sanctioning of organizations and associations exempted or applying to be exempted pursuant to the provisions of this section. The guidelines may include but not be limited to examinations of financial and performance audits performed on each such organization and association. (70-5-129.1)

Section 164. Separate Accounts.

A. In conformance with any other law providing procedures for the deposit of such funds, area school districts shall be authorized to establish separate accounts for deposits received for live work, resale items, student financial aid, tuitions and other fees. Such funds shall be deposited to the credit of the account maintained for that particular purpose. Disbursements from each account shall be by check countersigned by the custodian of the account and shall not be used for any purpose other than that for which the account was originally created.

B. The board of education of the technology center school district, at the beginning of each fiscal year and as needed during each fiscal year, shall approve all accounts created pursuant to this section and all purposes for which the monies collected in each account may be expended. Provided, the board of education may direct by written resolution that any balance in excess of the amount needed to fulfill the function or purpose for which an account was established may be transferred to another account by the custodian. As used in this section:

1. "Safe place" means any property, dwelling, shelter or other structure that can be reasonably considered protection from severe weather; and

2. "Severe weather" includes but is not limited to tornadoes, high winds and floods. (76-101)

The board of education of any school district, which by reason of its location is unable to secure service from a municipally owned sewer system, is hereby authorized to design, construct, own and operate a sewage disposal system of such type and size as will be best suited to the needs of the particular school district. The board of education of any such school district is also authorized to accept from the State, Federal Government, or any agency, department or instrumentality of either, grants for or in aid of the construction and engineering of any such sewage disposal system. (70-5-131.1)

A. As used in this section, "energy conservation measures" means one or more of the following items:

1. Insulation of the building structure or systems within the building;

2. Storm windows or doors, caulking or weather-stripping, multiglazed windows or doors, heat-absorbing or heat-reflective, glazed, and coated window or door systems, additional glazing, reductions in glass area, or other window and door system modifications that reduce energy consumption;

3. Automatic or computerized energy control systems;

4. Heating, ventilating or air conditioning system modifications or replacements;

5. Replacement or modification of lighting fixtures to increase the energy efficiency of the lighting system, but not for the sole purpose of increasing the overall illumination of a facility, unless an increase in illumination is necessary to conform to the applicable state or local building codes for the lighting system after the proposed modifications are made;

6. Indoor air quality improvements;

7. Energy recovery systems;

8. Energy awareness education programs; and

9. Water-metering devices that increase efficiency or accuracy of water measurement and reduce energy consumption.

B. The board of education of any school district in compliance with the provisions of this section, may enter into an energy conservation contract for the purpose of implementing energy conservation measures designed to reduce the energy consumption of school facilities.

C. 1. The board of education shall require the provider of the energy conservation measures to file with the board of education a performance bond that is in an amount the board finds reasonable and necessary to protect the interests of the board and that covers the value of the guaranteed savings on the contract and is conditioned on the faithful
execution of the terms of the contract.

2. If bonding industry limitations prevent execution of a performance bond which covers guaranteed savings for the entire term of the lease-purchase agreement the contract may allow an option for:

   a. a performance bond which covers guaranteed savings for a shorter term. At the completion of the bond term, a new bond may be executed which covers guaranteed savings for an additional period of years. This process may be continued in like manner for the duration of the lease-purchase agreement as specified by subsection D of this section, or

   b. a performance bond which covers guaranteed savings for a shorter term. At the completion of the bond term, if the bond cannot be renewed as provided in subparagraph a of this paragraph and if there has been a guaranteed savings shortfall during the last twelve (12) months, the board of education may assume a continued annual shortfall of the same amount and request repayment from the contractor of the net present value of the shortfall through the end of the lease repayment period. The discount factor to calculate the net present value shall be the annual percentage rate of the lease-purchase agreement.

D. 1. The board of education may enter into an energy conservation contract for a period of more than one (1) year for the implementation of energy conservation measures with a person or business entity if the board of education finds that the amount the school district would spend on the energy conservation measures, excluding any initial partial payment, will not exceed the total savings over the repayment period of the energy conservation contract from the date of installation.

2. The term of the energy conservation contract and the lease-purchase agreement shall include the installation period and the lease repayment period.

3. If the term of an energy conservation contract exceeds one (1) year, the contractual obligation of the school district, excluding any initial partial payment, in any year during the term of the energy conservation contract may not exceed the total savings including, but not limited to, electrical, gas, or other utility cost savings and savings from lowered maintenance, as determined by the board of education. Savings shall be guaranteed by the entity providing the energy conservation measures.

4. Energy conservation contracts shall not permit the carry-forward of savings above the guaranteed amount from one year to a future year shortfall.

5. Maintenance for energy conservation measures may be a part of the energy conservation contract.

6. The board of education shall consider all costs of the energy conservation measures, including costs of design, engineering, installation, maintenance, maintenance tools and equipment, spare parts, repairs, and debt service.

E. In addition to any other provisions, the energy conservation contract shall:

   1. Provide that all savings should be tracked and audited by the contractor with an annual report provided to the board of education along with a payment by the provider for reimbursement of savings not realized;

   2. Be for a term of years that is not less than the term of years of any associated lease-purchase agreement;

   3. Provide that the board of education may terminate the agreement for nonperformance by the contractor;

   4. Contain a nonappropriation clause; and

   5. Contain a baseline calculation and an energy savings calculation. The calculations shall be performed in accordance with the procedures used by the International Protocol for Measurement and Verification Procedures (IPMVP) or succeeding standard of the United States Department of Energy.

F. 1. An energy conservation contract, with respect to existing buildings or facilities, may be funded through a lease-
purchase agreement that meets federal tax requirements for tax-free municipal leasing or long-term financing.

2. The repayment period of the lease-purchase agreement shall not exceed the greater of twenty (20) years or the weighted average equipment life of any equipment to be installed under the energy conservation contract.

3. Lease-purchase agreements for energy conservation measures shall be considered separate from the energy conservation contract and shall contain a nonappropriation clause.

G. 1. Prior to entering into an energy conservation contract, the board of education shall solicit a request for qualification from one or more energy service company providers. Requests for qualification must solicit quotations and must specify the relative importance of guaranteed savings, price, financial performance and stability, quality, technical ability, experience and other evaluation factors.

2. In order to determine the energy savings measures to be considered by proposers, the board of education may hire an independent energy consultant.

3. Fees assessed by the consultant will be paid from proceeds of any financing associated with the energy conservation contract.

H. Proposals shall be opened in a manner that avoids disclosure of the contents to competing offerors and keeps the proposals confidential during negotiations.

I. The board of education and the offeror selected through the request for qualification procedures shall enter into a memorandum of understanding which shall require the provider to perform preliminary analysis regarding the physical features and operating history of the facilities under consideration. There shall be no financial obligation to the school district for this analysis.

J. After completion of the preliminary analysis, the energy service provider shall perform a detailed energy performance audit on the specific buildings or facilities as agreed to by the political subdivision. This audit shall provide a cost basis for operating the existing building or facilities and the detailed information necessary to make a financial decision regarding a long-term performance-based efficiency contract. The cost of this audit may be rolled into the terms of a performance-based efficiency contract. If the school district decides not to enter into a long-term performance-based efficiency contract with the provider, the school district must pay the sum stipulated in the performance audit contract.

K. Trade secrets and proprietary information clearly identified in the proposals shall not be open for public inspection. (70-5-131.2)

Note: Amended by HB 3536 of the 2018 Reg. Sess. Effective 11-1-2018

Each agency shall designate an employee to develop such plan and the Office of Management and Enterprise Services, if requested, shall assist state agencies in developing such plans. The Office of Management and Enterprise Services and each state agency shall make every effort to include in the plans strategies that:

1. Reduce energy consumption, including both electrical and fuel consumption;

2. Provide for purchasing preferences for the acquisition of energy-efficient products, including, but not limited to, Energy Star-compliant appliances;

3. Evaluate and, where appropriate, utilize on-site renewable energy for space conditioning and water heating, including, but not limited to, solar water heating and geothermal heat pumps in all new and replacement buildings and major renovations of buildings;

4. Provide for purchasing preferences for the acquisition of vehicles that utilize alternative fuel sources, including, but not limited to, compressed natural gas, hybrid power or biofuels; and
5. Provide a preference for the utilization of alternative energy sources, including, but not limited to, biofuels, solar, geothermal, hydrogen, compressed natural gas and wind.

B. The Office of Management and Enterprise Services shall serve as a repository for the energy efficiency and conservation plans of each agency. The Office of Management and Enterprise Services shall research and use best available methods to aid agencies in implementing the plans. (27A-3-4-106)

A. There is hereby created the Oklahoma State Facilities Energy Conservation Program.

B. As used in this section:

1. "State agency" means any office, officer, bureau, board, commission, counsel, unit, division, body, authority or institution of the executive branch of state government, whether elected or appointed and shall include institutions within The Oklahoma State System of Higher Education. Technology Center School Districts shall not be subject to the provisions of this act but are encouraged to implement local district energy conservation efforts as approved by the local technology center board;

2. "State facilities" or "facilities" means buildings or assets owned or operated by a state agency which have a heating, ventilation, or air conditioning system or utility services;

3. "Program" means the Oklahoma State Facilities Energy Conservation Program;

4. "Director" means the Director of the Office of State Finance; and

C. All state facilities shall be subject to the provisions of the Oklahoma State Facilities Energy Conservation Program. The Director of the Office of State Finance, or a designee selected by the Director, shall oversee the development and implementation of the Program, including the selection of the most qualified vendor or vendors by utilizing a request for proposal to contract for the development and implementation of an organizational behavior-based or performance-based energy conservation program.

D. The objectives and scope of the Program and the request for proposal shall be to:

1. Promote a centralized effort to gather information pertaining to energy use in state facilities and designate knowledgeable personnel to prioritize projects and make recommendations for conservation implementation;

2. Benchmark state facilities energy usage prior to implementation of the Program and measure energy conservation savings utilizing commercially available energy accounting software that adheres to the IPMVP;

3. Target a cumulative energy savings of not less than twenty percent (20%) by the year 2020 when compared to the 2012 fiscal year utility expenditures. The express purpose of the targeted energy savings shall be to capitalize on opportunities for organizational behavior-based or performance-based energy conservation efforts and existing equipment and building optimization while maintaining or improving the operational environment during times when facilities are occupied;

4. When reasonably feasible, consider working with local utilities in implementing energy reduction efforts and to utilize utility demand side management and energy efficiency programs to further capture energy efficiency potential;

5. Provide an annual reconciliation of the costs versus the savings resulting from the Program as determined by the Director utilizing the selected energy accounting software;

6. Fully fund the Program within existing state agency budgets through savings generated by reducing energy costs;
7. Endeavor to utilize, when reasonably possible, existing personnel to implement the Program at state facilities, provided that compensation costs for additional personnel or additional compensation costs for existing personnel dedicated exclusively to implementation of the Program shall be funded from the savings generated by the Program;

8. Include implementation of a formalized organizational behavior-based or performance-based energy conservation program;

9. Evaluate existing facility energy accounting systems and determine if the existing systems or a commercially available energy accounting software program will be utilized to measure savings from the Program in a way that adheres to the IPMVP;

10. Seek to obtain ENERGY STAR recognition for facilities that comply with the necessary requirements as established by the United States Environmental Protection Agency;

11. Provide for an initial fee-free period of not less than twelve (12) months during which foundational elements of the Program are established and energy savings are generated before any fee payments are due to a selected vendor; and

12. Provide for free ongoing support from the vendor beyond the initial term of the Program, if the state substantially continues implementation of the Program.

E. Upon implementation of the Program, all state agencies shall input historical utility cost data into an IPMVP adherent energy accounting software database on a monthly basis and shall deliver an annual report on the progress and cost savings of the Program to the Director within ninety (90) days after the end of each fiscal year.

F. Upon notification by a state agency, the Director shall consider any organizational behavior-based or performance-based energy conservation programs under contract with a state agency prior to August 24, 2012, to be in compliance with the provisions of this section.

G. Compliance with the Program shall not prohibit any state agency from entering into a performance-based efficiency contract for capital improvements pursuant to Section 318 of Title 62 of the Oklahoma Statutes. The Director is authorized to work with state agencies to develop a separate state-wide plan for capital improvements for performance-based efficiency contracts pursuant to the provisions of Section 318 of Title 62 of the Oklahoma Statutes. (27A-3-4-106.1)

Section 169. Students of Legal Age - Completion of Twelfth Grade.

A. Any person who is of legal age and a resident of Oklahoma, over the age of twenty-one (21) and under the age of twenty-six (26), and who has not completed the twelfth grade in school shall be given the same educational privileges and opportunities provided by law for children over the age of five (5) and under the age of twenty-one (21), upon submitting to the board of education of the school district in which the person resides evidence satisfactory to that board showing that during the time before he or she was twenty-one (21) years of age he or she was unable to attend school for a definite period or periods of time because of physical disability, or service in the United States Armed Forces or auxiliary organizations, by reason whereof it was impossible for him or her to complete the twelfth grade before reaching the age of twenty-one (21). Provided, further, the pupil shall be counted in the average daily attendance of the district where he or she attends school during the period of time provided for in this article for the purpose of calculating State Aid for the district.

B. Any resident of the state who is nineteen (19) years of age or older, who is not enrolled in any high school program, and who has not completed the twelfth grade may attend any adult high school completion program which is established by a school district and approved by the State Board of Career and Technology Education if such attendance has the approval of the district offering the program. Such attendance shall not be counted in the average daily attendance of the district unless the Legislature appropriates monies for adult high school completion programs. Such attendance shall not be counted to meet minimum numbers for accreditation of the school district involved, and such students shall not attend classes which are a part of the normal class structure of the district. (70-5-132)

A. Any person other than those persons provided for in Section 5-132 of this title, who is twenty-one (21) years of age or older and who has not completed the requirements for a high school diploma or received a General Education Diploma, upon proper application to an independent school district may be given the opportunity to complete the requirements for and receive a regular high school diploma.

Providing, however, that the school district may deny admittance of persons over twenty-one (21) to its classes.

C. The school district or technology center school district may charge such person an amount of tuition not to exceed the average expenditure per pupil of the district for the preceding school year. Said tuition may be prorated by the number of contact hours for which the person is enrolled. (70-5-132.1)

Section 171. Apportionment of Taxes Each Year.

A. There is hereby regularly apportioned to each and every school district of the State of Oklahoma in each taxable year five (5) mills on the dollar out of the fifteen (15) mills on the dollar total taxes for all purposes on an ad valorem basis provided by Section 9(a), Article X, of the Oklahoma Constitution, as amended on April 5, 1955. Provided, that the regular apportionment hereby made shall not prevent or take away from the county excise board of any county the right to apportion to any school district or class of school districts in such county more than five (5) mills out of the fifteen (15) mills to be apportioned in pursuance of the provisions of said amended Section 9(a), Article X, of the Oklahoma Constitution among county, city, town and school district.

B. In accordance with the provisions of Section 9(c), Article X, of the Oklahoma Constitution, as amended on April 5, 1955, an additional tax of not to exceed fifteen (15) mills on the dollar valuation of all taxable property in the district shall be levied upon certification of a need therefor by the board of education.

C. An amount equal to the district’s proportionate part of the ninety percent (90%) of the amount obtained by multiplying the total net assessed valuation of the school districts of the county by four (4) mills may be estimated as probable revenue from the four (4) mills county-wide levy made under the provisions of Section 9(b), Article X, of the Oklahoma Constitution, as amended on April 5, 1955, and the amount so estimated may be used to finance the appropriations of the district.

The provisions of said Section 9(b) relating to school districts lying in more than one county shall not affect the status of any such school district, and for the purposes of apportionments under said Section 9(b), any such district shall be deemed a school district of the county of which it is now considered a school district, unless the State Board of Education, upon written petition by the board of education of such district, decrees that such district shall be deemed a school district of another county in which any of its territory lies, and unless the District Court of Oklahoma County in an action filed for such purposes reverses such decree, and revenue from the tax levied under said Section 9(b) on the assessed valuation of the district in other counties shall, when collected, be transmitted to the county treasurer of that county of which such district is deemed a school district, and be apportioned as provided for the proceeds of such tax on the assessed valuation of such county. (70-5-133)

Legislature may allow school districts more than 5 mills over regular fifteen (15) mills authorized by Section 9, Article X, Oklahoma Constitution. AG Op. November 2, 1962

Money received by school district from four (4) mill levy should be appropriated and credited to fiscal year in which received. AG Op. October 13, 1955

**Section 172. Estimates - Emergency, Local Support and Building Levies - Elections.**

A. No later than December 31 of each year the board of education of each school district of the state shall prepare, on a form prescribed by the State Board of Education, a preliminary estimate of the amount or amounts of money and tax rate or rates which it then believes will be required for the district for the ensuing fiscal year; and if such preliminary estimate shows an estimated need for a levy requiring the approval of the school district electors of the district under Section 9 or Section 10 of Article X of the Oklahoma Constitution, as amended on April 5, 1955, such preliminary estimate shall contain a call for an election to be held on the second Tuesday in February, or on such other date as may be provided for the election of the members of the board of education to vote on the question of making such levy or levies. In determining the eligibility of the school district to make an emergency levy under the provisions of subsection (d) of Section of Article X of the Oklahoma Constitution, as amended, the legal current expenses of the district shall be all the expenditures from the general fund of the district during the preceding year, except (1) expenditures for transportation of pupils; (2) capital outlay; (3) debt service; and (4) the amount appropriated from any previous emergency levy; and the Two Hundred Fifty Dollars ($250.00) per capita cost fixed by said subsection (d) of Section of Article X of the Oklahoma Constitution, for the fiscal year ending June 30, 1956, is hereby increased to One Thousand Dollars ($1,000.00) for the fiscal year ending June 30, 1963, and said sum of One Thousand Dollars ($1,000.00) shall thereafter be increased or decreased by the State Board of Education in proportion to the increase or decrease in the per capita income of Oklahoma citizens. Such preliminary estimate shall be published in one issue of a newspaper having general circulation in the district at least ten (10) days before such election. Provided, that the county excise board or the board of education of any school district may call a special election for any date for the purpose of voting upon a levy authorized by Section 9 or 10 of Article X of the Oklahoma Constitution, as amended. Notice of any election called under the provisions of this section shall be given by publication in one issue of a newspaper having general circulation in the school district at least ten (10) days before such election.

B. The requirements of this section shall not apply to school districts that have adopted a permanent millage pursuant to subsection (d-2) of Section 9 of Article X of the Oklahoma Constitution. *(70-5-134)*

The statute is unambiguous and authorizes the calling of a special election for the re-submission of a levy election which has failed.  

Expenditure of public funds to influence outcome of school millage election is unlawful.  

School district funds cannot be expended for publication of notice of a millage election except as provided by this Section.  
*July 3, 1980 (AG Op. No. 80-102)*

**Section 173. Alternate System of Accounting.**

A. The board of education of each school district shall use the following system of initiating, recording and paying for all purchases, salaries, wages or contractual obligations due from any of the funds under the control of such board of education. However, a school district board of education may use the procedures outlined in Section 304.1 of Title 62 of the Oklahoma Statutes for the payment of salaries and wages only if the board so votes. The provisions contained herein shall not apply to the sinking fund and school activity fund.

B. The encumbrance clerk and treasurer of the school district shall each enter the authorized amounts in the various appropriation accounts of the funds to which this system is applied. The authorized amounts of appropriations shall be the general fund and building fund appropriations approved by the county excise board and such additional amounts as may be applied in the manner provided by law, the amount received for deposit in a special cash fund where such special cash fund is authorized by law or required by the person or agency providing such funds, or the amount of the net proceeds realized from the sale of bonds of the school district and any other income due such fund.

C. It shall be the duty and responsibility of the board of education of the school district to prescribe and administer adequate business procedures and controls governing the purchase or confirmation of purchase and delivery of goods or services. The procedures shall include delivery of an acceptable invoice by document, facsimile, electronic or other standard form that includes the information required by the district. Such procedures shall include the designation of authorized persons to purchase goods or services for the district and the method of determining the school employee receiving delivery of each purchase.

D. Prior to the issuance of a purchase order, the encumbrance clerk must first determine that the encumbrance will not
exceed the balance of the appropriation to be charged. The encumbrance clerk shall charge the appropriate appropriation accounts and credit the affected encumbrances outstanding accounts with the encumbrances. Encumbrances must be submitted to the board of education in the order of their issuance on a monthly basis, subject to a monthly business cycle cut-off date determined by the board of education. Approved encumbrances shall be listed in the minutes by the minute clerk.

E. Before any purchase is completed, a purchase order or encumbrance must be issued. No bill shall be paid unless it is supported by an itemized invoice clearly describing the items purchased, the quantity of each item, its unit price, its total cost and proof of receipt of such goods or services. The bill and/or invoice shall be filed in the encumbrance clerk’s official records. If a district has the ability to electronically utilize evaluated receipt settlement (ERS), the district may remit to vendors on that basis if the requirements of this subsection are fulfilled. In the event a district is establishing electronic data interchange, electronic entries will suffice in lieu of paper documents. In order for a district to be authorized to utilize an evaluated receipt settlement system:

1. The ERS must result in payment by the district from vendor receipts that have been matched to the purchase order date;

2. The ERS may only be used when there is an agreement between the district and the vendor for use of an ERS; and

3. The ERS must be included in the district's journal ledger/accounts payable/purchase order software.

F. The encumbrance clerk shall debit the encumbrances outstanding account and credit the accounts payable account for the amount of the approved bill. The board of education shall determine the extent such costs may fluctuate without additional board action. Minor adjustments not requiring additional board approval shall be referenced to the original encumbrance.

G. An approved bill may be paid by issuing a warrant or check against the designated fund only after ascertaining that proper accounting of the purchase has been made and that the files contain the required information to justify the expenditure of public funds, except as otherwise provided in subsection I of this section. The warrants or checks so issued shall be recorded in an orderly numerical system established by the district. The encumbrance clerk shall charge the warrant or checks against the accounts payable account and credit it to the warrants or checks issued account. Provided, if payment is to be made immediately and the board of education deems it advisable, the postings to the accounts payable account may be omitted and the payment of the approved bill may be credited directly to the warrants or checks issued account. The warrant or check shall show on its face the name of the school district, the date of issue, the payee, the amount, the expenditure classification code, and such other information as may be necessary or desirable. The president and clerk of the board of education shall each sign the warrant or check, or approved facsimile thereby denoting to the public that the warrant or check is for the purpose and within the amount of the appropriation charged.

H. The treasurer shall register the warrant or check in the warrant or check register, charging the appropriation account and crediting the warrants or checks outstanding account of the designated fund. Provided, no warrant or check shall be registered in excess of the appropriation account’s balance. All warrants or checks shall be registered in the order of their issuance. Voided warrants or checks shall be registered and filed with the treasurer. The treasurer shall sign each warrant or check through individual signature or approved facsimile showing its registration date and shall state whether it is payable or nonpayable. When a warrant or check is paid, the treasurer shall maintain evidence the warrant or check has been processed and paid. Nothing in this subsection shall prohibit any governing board from using automated recordkeeping procedures, provided the information required in this subsection can be accessed.

I. Any board of education of a school district of this state may make a payment which would otherwise be made by warrant or check, by disbursement through an Automated Clearing House, bank account debit system, wire transfer through the Federal Reserve System, or any other automated payment system operated by a financial institution insured by the Federal Deposit Insurance Corporation. The internal controls over such payment system shall be reviewed and approved by the independent auditor of the district during the annual audit. The provisions of Sections 601 through 606 of Title 62 of the Oklahoma Statutes shall apply to instruments or payment authorized by this subsection.

J. School districts complying with the provisions of this act shall use only those forms and accounting systems approved by the State Board of Education. Such forms and systems shall be considered in substantial compliance with this act if they are sufficient to convey the meaning and sequence of transactions contained herein. Provided, nothing contained
herein shall be construed to limit or prevent the use of additional or subsidiary accounts, forms, or files which may be deemed necessary or advisable by the board of education of the district or the State Board of Education.

K. Any school district desiring to utilize the services of a data processing center to furnish any or all of the records herein required may do so if the center and its system complies with this act and the rules and regulations of the State Board of Education. Such center shall furnish an honesty bond in an amount to be set by the board of education but not less than Ten Thousand Dollars ($10,000.00).

L. The State Board of Education shall notify the board of education of the school district of the tentative amount the district is to receive from state and federal aid funds or allocations, and the board of education of the school district may include such tentative estimate as an item of probable income in the preparation of the school district's Estimate of Needs and Financial Statement; provided, no such federal aid estimate shall be used in any way to reduce the State Foundation Aid or Incentive Aid for such school district or sustain a protest for the reduction of a tax levy. \(70-5-135\)

There is no conflict between the provisions of 70 O.S.5-135(F)(1981), which require receipt of services by a school district prior to payment for such services, and those of 68 O.S. 2481.4 (1981), which require each school district to appropriate funds to the county assessor for expenditure in the county's revaluation program, since the requirement that a school district fund a portion of the revaluation budget is a statutory duty, not a contractual obligation. 1985 OK AG 4

Section 174. Oklahoma Cost Accounting System.

A. For the 1991-92 school year, school districts shall report financial transactions for all funds, except for the school activity fund, using the Oklahoma Cost Accounting System, as adopted by the State Board of Education pursuant to Section 5-135 of this title. Costs shall be reported by curricular subject area where applicable. For the 1992-93 school year and in each subsequent school year, school districts shall report financial transactions for all funds using the Oklahoma Cost Accounting System. Costs shall be reported by curricular subject area where applicable.

B. Beginning July 1, 1991, and in each subsequent school year, the State Department of Education shall reduce the monthly payment of a district's State Aid funds if, at the time of such payment, the district is not operating pursuant to the Oklahoma Cost Accounting System. The amount of the reduction shall be one percent (1%) for the first payment, two percent (2%) for the second payment, three percent (3%) for the third payment, four percent (4%) for the fourth payment, and five percent (5%) for each subsequent payment. The reduction may be waived by the State Board of Education if the district can demonstrate that failure to operate pursuant to such system was due to circumstances beyond the control of the district and that every effort is being made by the district to operate pursuant to such system as quickly as possible.

C. No later than September 1 each year, every district board of education shall prepare a statement of actual income and expenditures of the district for the fiscal year that ended on the preceding June 30. The statement of expenditures shall include functional categories as defined in rules adopted by the State Board of Education to implement the Oklahoma Cost Accounting System pursuant to Section 5-135 of this title.

D. No later than September 1 each year, every school district shall transmit a copy of the income and expenditures data required pursuant to subsection C of this section to the State Department of Education. The Department shall post the income and expenditure data on the Internet web site for the Department in a form that is accessible to the public. \(70-5-135.2\)

A. This section shall be known and may be cited as the "School District Transparency Act".

B. The State Department of Education shall make school district and school site expenditure data available on its website. Data shall be made available in an open-structured data format that may be downloaded by the public and that allows the user to systematically sort, search, and access all data without any fee or charge for access. Prior to the beginning of the 2019-2020 school year, if a school district has a website, the district shall provide a link on its home page to the State Department of Education's Oklahoma Cost Accounting System and School District Financial Information website, or the district shall provide the information required by subsection C of this section within one click of the home page of the school district's website.
C. The website shall provide information on school district and school site expenditures of state, federal, and local funds, whether appropriated or nonappropriated, excluding payments of voluntary payroll deductions for employees to receiving parties. The website shall further provide information, including, but not limited to, the following:

1. Identification of the school district;

2. The Oklahoma Cost Accounting System (OCAS) code designation for each expenditure;

3. The name and principal location of the entity or recipient of the funds, excluding release of information relating to an individual's place of residence and release of information prohibited by subsection D of Section 24A.7 of Title 51 of the Oklahoma Statutes or by federal law relating to privacy rights;

4. The amount of funds expended;

5. The type of transaction;

6. A descriptive purpose of the funding action or expenditure;

7. The budgeted and audited actual expenditure figures for each fiscal year, ensuring each set of figures can be identified as budgeted or audited figures;

8. The per-pupil expenditure as defined in Section 1-124 of this title; and

9. The total compensation package of the superintendent as defined by the requirements of the OCAS including a listing of the base salary, insurance, retirement and other fringe benefits including exempted nonadministrative services such as teaching in the classroom or serving as a principal, counselor or library media specialist pursuant to subsection E of Section 18-124 of this title.

D. The Department shall make the data available on its website within one hundred twenty (120) days of transmission of the expenditures to the Department by the school district.

E. School districts shall provide information requested by the Department to accomplish the purposes of this section.

F. If a school district maintains a website, the district shall provide the information required in subsection C of this section in the manner prescribed in subsection B of this section on the district website.

G. Nothing in this section shall require the disclosure of information which is required to be kept confidential by state or federal law.

H. The disclosure of information required by this section shall create no liability whatsoever, civil or criminal, to the State of Oklahoma, the State Department of Education, school districts, or any employee thereof for disclosure of required information or for any error or omission in the disclosure.

I. The Department shall undertake activities annually to inform parents, schools and other stakeholders about the availability of school district and school site expenditure data on its website and how to use the website. (70-5-135.4)

Note: Amended by HB 2860 of the 2018 Reg. Sess. Effective 11-1-2018

Section 176. Certificate of Indebtedness.

A. With respect to school districts seeking cash-flow management during any fiscal year, any school district may issue and deliver certificates of indebtedness bearing a stated maturity date for the purpose of participating in a short-term cash management program pursuant to the provisions of Section 177.2 of Title 60 of the Oklahoma Statutes to fund the estimated costs of operations, capital expenditures or other lawful costs of the school district for the current fiscal year. The proceeds of certificates of indebtedness shall be set aside in a separate account and used only for the purpose of meeting expenditures and obligations which would otherwise be lawfully payable from the revenue certified by the County Excise Board. As
proceeds from the certificates are used to pay such lawful expenditures and obligations, the financial records of the school district shall reflect the amounts of these obligations paid with such proceeds so that a like amount of revenue collected and available to the school district may be used to repay the certificates of indebtedness, in whole or in part. The State Auditor and Inspector shall adopt uniform accounting procedures for use by the school districts to ensure that the issuance of certificates of indebtedness and the use of the proceeds derived from these certificates will be documented and will not result in a district overspending its authorized budget. All certificates of indebtedness executed pursuant to a cash management program shall be issued, delivered and registered for payment in the specific manner designated by the State Auditor and Inspector; provided, any such certificates of indebtedness shall be made payable on any date within the then current fiscal year and may be purchased for value through the funding of uncollateralized investments or investments authorized pursuant to Section 5-115 of this title made for the benefit of and on behalf of the school district. Short-term cash management programs of any school district may lawfully provide for the investment of note or bond proceeds by the issuer of the obligations with the benefit and use of such proceeds assured to the school district when needed by the school district for that fiscal year and as approved by the Oklahoma Commission on School and County Funds Management. In no case may a school district participate in a short-term cash management program in any given fiscal year beyond that fiscal year. Monies received by a school district pursuant to a short-term cash management program may be used only for those purposes for which other monies of the school district may be lawfully expended.

B. For school districts electing to participate in the payment security procedure set forth in this subsection, which procedure shall serve as additional security for the payment of any bond or note of a participating school district, the State Board of Education shall cure any delinquencies in payment by withholding State Aid due the participating districts as determined pursuant to Section 18-200.1 of this title. Whenever the designated paying agent for receipt of payments for the school district does not receive a payment when due pursuant to the authorizing documents, the paying agent shall be entitled to payment from the withheld State Aid in any amount sufficient to cure the payment deficiency. The paying agent shall notify the State Department of Education and the superintendent of the school district of the delinquent payment by telephone, facsimile, or other similar communication, followed by written verification. Unless the Department determines that payment has been made by the school district and there is no longer a payment deficiency, the Department shall withhold from the next distribution of State Aid for the school district an amount sufficient to cure the deficiency and remit the amount to the paying agent. In the event that the amount of State Aid next due to be distributed to the delinquent school district is not sufficient to cure the delinquency, the Department shall continue to withhold State Aid as due and remit it to the paying agent until the payment deficiency has been cured. (70-5-136.1)

70 O.S., §5-136.1 does not authorize school districts to issue certificates of indebtedness for the purpose of generating additional investment revenue. If proceeds are intentionally used to acquire higher yielding investments, the certificates of indebtedness may be stripped of their tax-exempt status. Certificates of indebtedness must be issued, registered and delivered in a “method” similar to that set forth for school district warrants. May 1, 1991 (AG Op. No. 91-3)

Section 177. Registered Nurses - Increments.

Registered nurses who are employed full time by a school district shall qualify for yearly increments the same as any other teacher in public schools. (70-5-137)

Section 178. School District Employees - Residence.

No school district board of education shall require any employee to reside within the boundaries of that school district; however, a district board may establish a policy that may require the district superintendent to reside within the boundaries of the district. (70-5-138)

Section 179. Payroll Deductions for Organization Dues and Political Contributions.

School districts shall make payroll deductions for either or both professional organization dues and political contributions at the written request of any school employee and shall transmit deducted funds to the organization designated by the school district employee. Such deductions shall be on a ten-month basis unless otherwise designated by the employee organization. However, a school employee may request at any time in writing, including by email or fax, for the school district to immediately terminate or initiate payroll deductions to a professional organization. Upon receipt of any written request, the school district shall within five (5) business days or by the next pay period, whichever is earlier, terminate or initiate any future payroll deductions of the requesting school employee to a professional organization. Upon receipt of a written request, the school district shall notify the professional organization of the initiation or termination of payroll
deductions within fifteen (15) business days. If the request is to terminate a deduction, the school district shall not make any advance payments to any professional organization of any future dues on behalf of the school employee. No school district policy or negotiated agreement shall place any other conditions or requirements, including but not limited to personal hand delivery, upon any employee to initiate or terminate any payroll deduction to a professional organization except for a written request as outlined in this section. Any school district policy or provision in a negotiated agreement that places additional conditions or requirements on initiation or termination beyond those outlined in this section shall be null and void. A school district which fails to terminate payroll deductions for an employee in accordance with this section shall immediately reimburse the employee the amount of all payroll deductions made by the school district after the employee's request, and the amount due the employee shall double every thirty (30) days until paid in full. (70-5-139)

Note: Amended by SB 960 of the 2018 Reg. Sess. Effective 8-2-2018

Principals cannot be required to belong to any particular professional organization. March 20, 1979 (AG Op. No. 79-38)

A school district may not pay out of its own funds the professional dues of administrators but are required to make payroll deductions on behalf of those administrators who request such deductions for the purpose of paying professional organization dues. A school district may not require an administrator to belong to any professional organization. March 20, 1979 (AG Op. No. 79-38)

Section 179.1 Unlawful to Make Payroll Deductions for Organization that Collectively Bargains.

A. It shall be unlawful for any state agency to make payroll deductions on behalf of a state employee for membership dues in any public employee association or organization or professional organization that on or after November 1, 2015, collectively bargains on behalf of its membership pursuant to any provision of federal law.

B. For purposes of this section:

1. "State agency" means any office, officer, bureau, board, counsel, court, commission, institution, unit, division, body or house of the executive or judicial branches of the state government, whether elected or appointed, excluding political subdivisions of the state. The Oklahoma State Bureau of Investigation (OSBI) shall obtain fingerprints of the employee or prospective employee and require that the person pay a search fee not to exceed Fifty Dollars ($50.00) or the cost of the search, whichever is the lesser amount. The fees shall be deposited in the OSBI Revolving Fund. School districts may reimburse employees for the cost of the search. The Bureau may contact the Federal Bureau of Investigation to obtain the information requested.
C. The State Board of Education shall provide the information received from the Oklahoma State Bureau of Investigation to the board of education within fourteen (14) days from the receipt of the information. E. Each public board of education within this state shall promulgate a statement regarding the felony record search policy for that school district. The policy may permit temporary employment of prospective employees for a maximum of sixty (60) days pending receipt of results of national criminal history record check requests. The temporary employment of the prospective employee shall terminate after sixty (60) days unless the school district receives the results of the national criminal history record check. The sixty-day temporary employment period shall begin on the first day the prospective employee reports for duty at the employing school district. Prospective employees shall be notified of the requirement, the fee and the reimbursement policy when first interviewed concerning employment. The school district's reimbursement policy shall provide, at the minimum, that employees shall be promptly reimbursed in full for the fee if employed by the district at the time the national criminal history record check request is made unless the person was employed pending receipt of results as set forth above.

F. 1. Any person who has been employed as a full-time teacher by a school district in this state and applies for employment as a full-time teacher in another school district in this state may not be required to have a national criminal history record check if the teacher produces a copy of a national criminal history check completed within the preceding five (5) years and a letter from the school district in which the teacher was employed stating the teacher left in good standing.

2. For any person applying for employment as a substitute teacher, a national criminal history record check shall be required for the school year; provided however, a board of education may choose whether to require a national criminal history record check from a prospective substitute teacher who has been employed by the school district in the last year. Any person applying for employment as a substitute teacher in more than one school district shall only be required to have one national criminal history record check, and, upon the request of the substitute teacher, that record check shall be sent to all other school districts in which the substitute teacher is applying to teach.

3. Any person employed as a full-time teacher by a school district in this state in the five (5) years immediately preceding an application for employment as a substitute teacher may not be required to have a national criminal history record check, if the teacher produces a copy of a national criminal history record check completed within the preceding five (5) years and a letter from the school district in which the teacher was last employed stating the teacher left in good standing.

4. Any person employed as a substitute teacher by a school district in this state for a minimum of five (5) years immediately preceding an application for employment as a full-time teacher in a school district in this state may not be required to have a national criminal history record check if the teacher produces a copy of a national criminal history record check completed within the preceding five (5) years and a letter from the school district in which the teacher was employed as a substitute teacher stating the teacher left in good standing.

5. Any person employed as a full-time teacher by a school district in this state for ten (10) or more consecutive years
immediately preceding an application for employment as a substitute teacher in the same school district may not be required to have a national criminal history record check for as long as the person remains employed for consecutive years by that school district as a substitute teacher, if the teacher left full-time employment in good standing. If the teacher applies for employment as a substitute teacher in another school district, a national criminal history record check shall be required.

G. The provisions of this section shall not apply to technology center employees hired on a part-time or temporary basis for the instruction of adult students only.

H. The provisions of this section shall not apply to law enforcement officers who are employed by an employing agency at the time of application for employment at a public school district.

Section 185.1. Performance of Background Checks.

(74-10001)

Section 186. Notification of Arrest for Felony.

A. If in the course of an investigation it is discovered that a person charged in an information or indictment with a felony or violent misdemeanor is a student or employee of a school district or a public school in the state, or an employee working on school property for an entity that provides services to a school district or a public school on school property, with due regard for the provisions of subsection C of Section 2-6-102 of Title 10A of the Oklahoma Statutes, the district attorney shall notify the superintendent of the district of the charges filed against the student or employee. In addition to notifying the superintendent of the district when charges have been filed against an employee of the school district, the district attorney shall notify the State Board of Education.

B. The school district may take any action it deems necessary that is in compliance with the requirements of the Family Educational Rights and Privacy Act of 1974 with regard to such information.

C. When an employee of the school district has been convicted, whether upon a verdict or plea of guilty or nolo contendere, or received a suspended sentence or any probationary term for a crime provided for in subparagraph a of paragraph 6 of Section 3-104 of this title, the district court shall notify the State Board of Education of said conviction, if the district court has discovered during the course of the proceedings that the person is an employee of a school district. (70-5-144)

A. District school boards of education should be encouraged to explore the potential benefits of local foundations and public school/business partnerships as supplements to basic programs publicly funded.

B. No local foundation, as defined in subsection C of this section, shall make, and no public school, public school personnel, or school district shall accept, any gift, grant or donation of real or personal property from any local foundation unless the local foundation complies with the requirements of this section and with such other requirements for such organization as are required by Title 18 of the Oklahoma Statutes.

C. As used in this section, “local foundation” means any company, trust, corporation or association:

1. that solicits money or property in the name of any public school district, public school or public school organization; and

2. which is exempt from federal income taxes or is verifiably and in good faith in the process of obtaining federal tax
exemption status pursuant to the provisions of Section 501(c)(3) of the Internal Revenue Code. If the local foundation is in the process of obtaining exemption status in accordance with this paragraph, the local foundation may make gifts, grants or donations pursuant to this section provided it has advised the district board of education of the status of any application for tax exemption and continues to provide the board such information each year thereafter.

Any local foundation which has been denied such exemption or ceases to qualify for such exemption by the Internal Revenue Service shall not be authorized to function pursuant to this section.

D. Student organizations or club projects whose revenue may be deposited in a school activity fund or account pursuant to Section 5-129 of this title shall not be considered “local foundations”.

E. Only school districts, public schools, school personnel and students or direct functions of a school district may be the beneficiaries of any awards, grants or other benefits of a local foundation.

F. The board of education of any school district in this state may refuse to accept any donation of real or personal property offered by or through a local foundation and shall have the final authority to accept or refuse to accept any grant or award offered by a local foundation for the benefit of the school district.

G. In order to assure the fairness, objectivity, and integrity of its operations, and that its purposes and policies are consistent with the goals of the State Board of Education, the board of education of the school district may consider the process used in selecting recipients of benefits or merit awards by any local foundation in deciding whether to accept or reject the gift, grant or donation.

H. No employee of the district shall be a voting member of a local foundation board which is established in that school district. Members of the board of education may serve on the board of a local foundation, but shall not constitute a majority of the members of the board of directors of the foundation. No other elected official of state or local government shall be compensated by the local foundation. The total number of ex officio local foundation members shall be less than the number of voting members of the local foundations. No ex officio member of the local foundation board or employee of the school district shall be compensated by the local foundation for service as an ex officio member of the local foundation.

I. Any local foundation which makes a gift, grant or donation to any school district, public school, or school personnel of this state, regardless of when established, shall make all of its financial records and documents available to auditors who are performing audits of the school district. Such financial records and documents, other than the list of contributors, shall be open for public inspection upon written request by any person.

J. A public school district shall not directly or indirectly transfer any funds to any local foundation or render services or provide any thing of value to any local foundation without receiving documented adequate payment or reimbursement therefor according to written contract. Nothing herein shall be construed as prohibiting payment by the district of claims for expenses of fund-raising for the benefit of the district if such fund-raising activities are approved in advance by the district board of education and made a part of the minutes of the meeting of the board. Nothing herein shall be construed as prohibiting the district from providing space in a school district building or on school district property to the foundation for office or business purposes in exchange for the financial benefits provided to the district by the foundation if approved by the district board of education and made a part of the minutes of the meeting of the board. (70-5-145)

A school board does not have either the express or implied power to appropriate public funds in support of a local school foundation. To construe the statutes as allowing a board such power would violate the Constitutional provision prohibiting the Legislature from authorizing a school district to appropriate money or loan its credit to any corporation, association, or individual. May 20, 1998 (AG Op. No. 98-7).

A school district may conduct a joint fund raiser with a non-profit organization that qualifies as a “local foundation.” April 28, 1992 (AG Inf. Op. No. 91-314)

E. F. Every school district shall have and deliver to each school employee a written policy that such employee shall follow if an assault, battery or assault and battery is committed upon the school employee while in the performance of any school duties. (70-5-146)

Any school employee, as defined by subsection A of Section 650.7 of Title 21 of the Oklahoma Statutes, who has reason to believe that a child under the age of eighteen (18) years is involved in gang activity shall notify the person designated by the school district. Upon receiving such report, the person designated by the school district may report the matter to the nearest local law enforcement agency. The report may be made by telephone, in writing, personally or by any other method prescribed by the school district.

The only exception to the minimal nutritional value standard will be diet soda with less than ten (10) calories per bottle or can.

C. Each district board of education shall ensure that students in high schools are provided healthy food options in addition to any foods of minimal nutritional value to which they may have access at school. Each district shall provide incentives, such as lower prices or other incentives, to encourage healthy food choices for high school students.

D. For purposes of this section, “foods of minimal nutritional value” means any foods so defined in 7 CFR 210.11 and listed in Appendix B of the regulations for the National School Lunch Program.

E. The State Board of Education shall adopt rules to implement the provisions of this section. (70-5-147)

2. Two tornado drills per school year with at least one drill being conducted in the months of September and March; and

3. The principal and superintendent of a public school district shall utilize the remaining required safety drills in any manner provided in this section or Section 5-148 of this title or by developing a drill that is consistent with the risks assessed for the appropriate facility or any recommendations submitted by the Safe School Committee as authorized pursuant to Section 24-100.5 of this title or any assisting fire or law enforcement department.

B. It shall be the duty of the principal, under the direction of the superintendent of the school district, to conform to the written plans and procedures adopted by the district as required by Section 681 of Title 63 of the Oklahoma Statutes. All students and teachers at the public schools shall participate.

This act shall be known and may be cited as the “School District Budget Act”. (70-5-150)

The purpose of the School District Budget Act is to provide an alternate budget procedure for school districts which will:

1. Establish standard and sound fiscal procedures for the adoption and administration of budgets;

Any action of a school district governing body to implement or repeal budgeting procedures in compliance with the School District Budget Act shall be effective only at the beginning or end of a budget year respectively pursuant to the School District Budget Act. Any fund balance which is included in the appropriation for the fund is considered revenue in the budget year for which it is appropriated. Expenditures may then be made and authorized so long as any expenditure does not exceed any fund balance.

C. Any obligation that is contracted or authorized by any officer or employee in violation of this act shall become the obligation of the officer or employee himself and shall not be valid or enforceable against the school district. Other interfund transfers may be made only as authorized by this act or as provided in the budget as adopted or amended according to this act. Whenever the necessity for maintaining any special fund of a school district has ceased to exist and a balance remains in the fund, the governing body may authorize the transfer of the balance to the general fund. Applicable law shall govern the use or transfer of any remaining balance in any debt service or bond fund. (70-5-160)

**Section 203. Amendment of Budget.**

A. The governing body may amend the budget to make supplemental appropriations to any fund up to the amount of additional revenues which are available for current expenses as shown by a fund balance for the fund due to:

The amount to be transferred, together with all previous transfers, shall not exceed twenty-five percent (25%) of the total appropriation to the account, fund or program category from which the transfer is being made. The treasurer shall record payment of certificates of indebtedness or bonds and mark “paid” on the face of paid certificates of indebtedness or bonds. (70-5-181)

Section 206. Warrants in Excess of Estimated and Approved Expenses.

It shall be unlawful for any school district officer to issue, approve, sign, or attest any check, warrant or certificate of indebtedness in any form in excess of the estimate of expenses made and approved for the current fiscal year or authorized for such a purpose by a bond issue and any such check, warrant or certificate of indebtedness issued, approved, or authorized by a bond issue shall not be a charge against the school district upon which it is issued, but may be collected by civil action from any officer issuing, drawing, approving, signing, or attesting the same, or from either or all of them, or from their bondsmen. (70-5-182)

Section 207. Penalties Against Treasurer.

Any treasurer who shall willfully or knowingly register or pay a warrant, check or certificate of indebtedness, issued in excess of the estimate made and approved by the excise board for the current fiscal year or in excess of a bond issue for such purpose, shall be guilty of a misdemeanor and, upon conviction, shall be punished by a fine of not less than One Thousand Dollars ($1,000.00) or by imprisonment in the county jail not exceeding one (1) year or by both the fine and imprisonment. (70-5-183)

(70-5-184)

Section 209. Statute of Limitations on Warrants.

Without regard to the time when funds may be collected and are available to pay a check or warrant issued by a school district, any school district check or warrant shall be due one (1) year after the close of the fiscal year for which the check or warrant was issued and action may be commenced in any court of competent jurisdiction to enforce the liability evidenced by the check or warrant. Any action to enforce the liability evidenced by the check or warrant shall thereafter be barred, and the lapse of time need not be asserted as defense in any action for the school district to be relieved of liability. (70-5-185)

Section 210. Warrants in Excess of Appropriations.

It shall be unlawful for the governing board of education to issue any check, warrant or certificate of indebtedness, in any form, in payment of, or representing or acknowledging any account, claim, or indebtedness against the school district, or to make any contracts for, or incur any indebtedness against the school district in excess of the amount then unexpended and unencumbered of the sum appropriated for the specific item of estimated needs for such purpose theretofore made, submitted, and approved, or authorized for such purpose by a bond issue. Section 211. Publishing Notices of Claims.

All unencumbered balances, if any, as shown by the officer charged with keeping the appropriation and expenditure records of the school district on hand at the close of day June 30, may remain as a credit for said fiscal year up to the close of day September 30. If a date earlier than September 30 is established, the encumbrance clerk shall publish, on the district’s web site for two consecutive times if also published in a daily newspaper and once if published in a weekly newspaper of general circulation in the school district, notice of the date set by the board of education for the submission of all claims against unencumbered balances of the prior fiscal year in the following form:

Section 212. Supplemental Appropriation.

Provided all fund balances reserved for unencumbered balance of appropriations for the prior fiscal year on hand at the close of day set by the board of education in the current fiscal year, but in no event later than September 30, may be
appropriated by supplemental appropriation to current expense purposes in the current fiscal year in the manner now provided by law. In the event of the recording of an estimated encumbrance or in the event of an increase in the cost of supplies, equipment, material, or services, these underestimations may be provided for during the time period set by the board by the cancellation of appropriations made by the county excise board prior to June 30, subject to the approval of both the governing board and the officer in charge of the department or appropriation account only in instances as set forth and only in amounts sufficient to pay the increased encumbrances, and by reapportionment to the appropriation accounts in which an underestimated encumbrance was made, all in the manner as now provided by law for the making of supplemental appropriations. (70-5-188)

Section 213. Duplicate Warrants.

A school district may issue a second or duplicate check or warrant in lieu of any check or warrant that has been issued and subsequently lost or destroyed. No second or duplicate check or warrant shall be issued until the school district has stopped payment on said item by the payor bank or, in the alternative, until an affidavit setting forth the facts as to the loss or destruction of the original check or warrant has been received by the school district from the payee, which affidavit may be received by facsimile transmission. The district board of each school district shall establish policies and procedures as will, as nearly as possible, preclude any loss being sustained by the school district on account of the issuance of any second or duplicate check or warrant. (70-5-189)

Section 214. Required Training for School Finance Officers.

A. Before July 1, 2007, every school district treasurer shall complete at least twelve (12) hours of instruction on school finance laws of this state, accounting, ethics, and the duties and responsibilities of a school district treasurer.

Except as otherwise provided for, every school district treasurer and encumbrance clerk employed after July 1, 2007, shall be required, within nine (9) months after employment in the position by a school district, to complete the instruction required pursuant to subsections A and B of this section. Any instruction as described in subsections A and B of this section completed by the school district treasurer or encumbrance clerk within three (3) years prior to employment in the position by the school district shall count toward satisfying the requirements of this subsection.

D. Every school district treasurer and encumbrance clerk shall be required to complete a minimum of twelve (12) hours of continuing education every three (3) years, in addition to the requirements of subsections A and B of this section.

E. The requirements of this section shall not apply to any county treasurer who also acts as a school district treasurer; however, nothing herein shall prevent a county treasurer from attending such training or continuing education. (70-5-190)

TEACHERS

Section 215. Teachers - Contracts.

A. Except as provided in subsection E of this section, no person shall be permitted to teach in any school district of the state without a written contract, except as provided herein for substitute teachers and except teachers of classes in adult education. Except as provided in subsection J of this section, the board of education of each school district, wherein school is expected to be conducted for the ensuing year, shall employ and contract in writing with qualified teachers for and in the name of the district. One copy of the contract shall be filed with the clerk of the board of education and one copy shall be retained by the teacher.

B. Except as otherwise provided by subsections J and K of this section and any other law, no board of education shall have authority to enter into any written contract with a teacher who does not hold a valid certificate issued or recognized by the State Board of Education authorizing said teacher to teach the grades or subject matter for which the teacher is employed. Any board of education paying or authorizing the payment of the salary of any teacher not holding a certificate, as required
herein, shall be adjudged to be guilty of a fraudulent expenditure of public funds and members voting for such payment shall be held jointly responsible for the return of the amount of any public monies thus expended, upon suit brought by the district attorney or by any interested citizen in the district where such funds have been expended.

C. It shall be the duty of the superintendent of schools under whose supervision teachers have been contracted to teach to certify to the treasurer of the contracting district the names of the teachers holding valid certificates and student teachers with whom contracts have been made and the names of substitute teachers employed in accordance with law. The treasurer shall not register any warrant issued in payment of salary to any teacher whose name is not included in such list and shall be liable on the official bond for the treasurer for the amount of any warrant registered in violation of the provisions of this section.

D. Whenever any person shall enter into a contract with any school district in Oklahoma to teach in such school district the contract shall be binding on the teacher and on the board of education until the teacher legally has been discharged from the teaching position or released by the board of education from the contract. Except as provided in Section 5-106A of this title, until such teacher has been thus discharged or released, the teacher shall not have authority to enter into a contract with any other board of education in Oklahoma for the same time covered by the original contract. If upon written complaint by the board of education in a district any teacher is reported to have failed to obey the terms of the contract previously made and to have entered into a contract with another board of education without having been released from the former contract except as provided in Section 5-106A of this title, the teacher, upon being found guilty of such charge at a hearing held before the State Board of Education, shall have such teacher's certificate suspended for the remainder of the term for which the contract was made.

E. A board of education shall have authority to enter into written contracts with teachers for the ensuing fiscal year prior to the beginning of such year. If, prior to the first Monday in June, a board of education has not entered into a written contract with a regularly employed teacher or notified the teacher in writing by registered or certified mail that a recommendation has been made not to reemploy the teacher for the ensuing fiscal year, and if, by fifteen (15) days after the first Monday in June, such teacher has not notified the board of education in writing by registered or certified mail that such teacher does not desire to be reemployed in such school district for the ensuing year, such teacher shall be considered as employed on a continuing contract basis and on the same salary schedule used for other teachers in the school district for the ensuing fiscal year, and such employment and continuing contract shall be binding on the teacher and on the school district.

F. Whenever a school district is engaged in contract negotiations with teachers employed by that school district after the school year has begun and the teachers are employed on a continuing contract basis, the school district shall, beginning at the first of the school year, pay the teachers any state-mandated salary increases and salary schedule increases to which each teacher is otherwise entitled.

G. No school district or any member of the board of education of a district shall be liable for the payment of compensation to a teacher or administrator under the provisions of any contract for the ensuing year, if it becomes necessary to close the school because of insufficient attendance, disorganization, annexation, consolidation, or by dispensing with the school according to law, provided, such cause is known or action is taken prior to July 1 of such ensuing year.

H. No school district or any member of a board of education shall be liable for the payment of compensation to any teacher or administrator for the unexpired term of any contract if the school building to which the teacher or administrator has been assigned is destroyed by accident, storm, fire, or otherwise and it becomes necessary to close the school because of inability to secure a suitable building or buildings for continuation of school. Teachers and administrators shall be entitled to pay for any time lost when school is closed on account of epidemics or otherwise when an order for such closing has been issued by a health officer authorized by law to issue the order.

I. A teacher may contract with more than one school district for the same school year as provided in Section 5-106A of this title.

J. A board of education shall have authority to enter into written contracts for the ensuing fiscal year prior to the beginning of the year with persons who are not certified to teach by the State Board of Education as long as the person is actively in the process of securing certification or licensure. The person shall not be allowed to teach in a classroom until the person has met or completed all of the requirements for certification as provided for in Section 6-190 of this title. If the
person has not obtained valid certification by the first day of the ensuing school year, the contract shall be terminated.

K. A board of education of a school district shall have the authority to enter into written contracts for employment for the ensuing fiscal year with persons who are student teachers as defined in Section 1-116 of this title while such persons are still student teachers. A student teacher shall not be allowed to teach in a classroom during the ensuing fiscal year until meeting or completing all of the requirements for certification as provided for in Section 6-190 of this title. If the student teacher has not obtained valid certification by the first day of the ensuing school year, the contract shall be terminated. A board of education of a school district shall have the authority to commit to payment of a stipend or signing bonus conditional on such person fulfilling the first year of their contract for the ensuing fiscal year. A board of education shall make any such student teacher stipend or signing bonus paid under the terms of this subsection shall not be considered compensation for purposes of teacher retirement or the minimum salary schedule. Statute requires board of education to give notice to teacher. Letter from superintendent to board of education recommending non-renewal was insufficient to act as a termination letter. Section 216. Annuity Contracts for Teachers or Full-time Employees.

A. A part of the salary, not to exceed the limitations on deferrals provided in Section 403(b) of the Internal Revenue Code of 1986, as amended, payable to a teacher or employee by a school district may, at the election of such teacher or employee, be deferred for the investment in an annuity contract from any insurance company authorized to do business in Oklahoma or by the investment in shares of regulated investment companies to be held in a custodial account as authorized by Section 403(b)(7) of the Internal Revenue Code of 1986, as amended, or by the investment in a face amount investment annuity certificate issued by a company authorized to do business in Oklahoma by the district for the teacher or employee, provided that such teacher or employee is eligible to defer a portion of their salary under the terms of the school district's 403(b) plan; and the teacher or employee shall be entitled to have such annuity contract, custodial account or face amount investment annuity certificate continued in force in succeeding years by such school district or any other school district subsequently employing the teacher. Provided, that such amounts contributed or paid by a school district must be made to vendors approved by such school district as eligible to receive the elective deferrals. Provided further, that a school district may revoke a previously approved vendor’s eligibility to receive elective deferrals, thereby prohibiting future contributions or payments to such vendor until it regains its eligibility through subsequent approval from such school district. The amounts so contributed or paid by the school district for the annuity contract, custodial account or face amount investment annuity certificate, or to continue it in force, shall be considered as payment of salary, for the same amounts, to the teacher or employee for State Aid purposes, Teachers' Retirement System purposes, or Social Security purposes, but not for state income tax purposes. Provided that the amount received under such annuity contracts, custodial accounts or face amount investment annuity certificates shall be income subject to state income tax when actually received, unless otherwise exempt from income tax.

B. The provisions of subsection A of this section shall also apply to employees of institutions, agencies and boards comprising The Oklahoma State System of Higher Education who are eligible to defer a portion of their salary under the terms of such institution, agency or board's 403(b) plan. Such institutions, agencies and boards may purchase annuity contracts, custodial accounts or face amount investment annuity certificates from vendors approved by such institution, agency or board as eligible to receive such contributions or payments, provided that such vendor is:

1. An insurance company authorized to do business in Oklahoma;

2. A life insurance or annuity company organized and operated, without profit to any private shareholder or individual, exclusively for the purpose of aiding and strengthening educational institutions by issuing insurance and annuity contracts only to or for the benefit of such institutions and individuals engaged in the services of such institutions; or

3. A broker dealer licensed to sell shares of regulated investment companies to be held in custodial accounts as authorized by Section 403(b)(7) of the Internal Revenue Code of 1986, as amended.

Provided further, that an institution, agency or board may revoke a previously approved vendor’s eligibility to receive elective deferrals, thereby prohibiting future contributions or payments to such vendor until it regains its eligibility through subsequent approval from such institution, agency or board. (70-6-101.1)

While a school district may not impose additional restrictions other than those authorized by statute, it has implied discretion within these specified limitations to choose an appropriate entity with which to contract. This choice remains with the school district, as it is a party to the contract in contrast to the teacher or full-time employee who may have enforceable rights pursuant to the contract but is not a party. Section 217. Re-employment of Retired Administrators.

A. No local board of education or administration of a school district or State Board of Education shall enter into a contract for consultant services with any person who has retired as an administrator with any school district for two years after the retirement date of such administrator. Nothing in this section shall prohibit a board of education from employing as a substitute teacher, a person who has retired as an administrator or teacher with a school district within two (2) years after the retirement date of the person.

B. In order for a local board of education, administration of a school district or the State Board of Education to enter into a contract with a person for consultant services as authorized by subsection A of this section, the contract shall contain:

Nothing in this section shall prohibit a local board of education of a school district from contracting to pay for the attendance of school district employees at classes or workshops conducted by a company that employs one or more of the school district employees to conduct the classes or workshops. (70-6-101.2)

Board of education is prohibited from employing an individual who is also under contract with school district as consultant, whether consultant contract is with individual or with company employing individual, including contracts to present workshops and consultant contracts for summer services which are unrelated to the education field. A. No contract for employment of, or related employee information worksheets for, a teacher, administrator, or other school district personnel shall inquire of the applicant whether he or she has children or where the applicant plans to enroll his or her children if hired.

B. Beginning with the 2013-2014 school year, a school district board of education and administrator shall be prohibited from taking into consideration or making a condition of employment the enrollment status of an applicant’s children. (70-6-101a)

An attorney, representative, or other designee of the school district who has represented or represents a school district or the administration of a school district at a hearing held for the purpose of affording due process rights and requirements for an administrator as provided for in Section 6-101.13 of Title 70 of the Oklahoma Statutes, or who has been involved or participated in any prehearing actions of the school district with respect to a recommendation for the termination of employment or nonreemployment of an administrator, teacher, or support employee shall not:

1. Conduct or preside as the hearing officer or judge at a due process hearing or hearings; and

2. Attend, advise at, or in any way influence an executive session of the school district board of education that is held in conjunction with a due process hearing or hearings if the attorney, representative, or other designee of the school district conducted or presided over the due process hearing or hearings as the hearing officer or judge. (70-6-101.8)

Section 224. Evaluation of Teachers and Administrators.

A. Each school district board of education shall maintain and annually review, following consultation with or involvement of representatives selected by local teachers, a written policy of evaluation and corresponding professional development for all teachers and administrators. In those school districts in which there exists a professional negotiations agreement made in accordance with Section 509.1 et seq. of this title, the procedure for evaluating members of the negotiations unit and any standards of performance and conduct proposed for adoption beyond those established by the State Board of Education shall be negotiable items. Nothing in this section shall be construed to annul, modify or to preclude the renewal or continuing of any existing agreement heretofore entered into between any school district and any organizational representative of its employees. Every policy of evaluation adopted by a board of education shall:

1. Be based upon a set of minimum criteria developed by the State Board of Education, which shall be revised and based upon the Oklahoma Teacher and Leader Effectiveness Evaluation System (TLE) developed by the State Board of Education as provided in Section 6-101.16 of this title. The revisions to each policy of evaluation shall be phased in according to the following schedule:

   a. for the 2014-2015, 2015-2016 and 2016-2017 school years, the evaluation rating of teachers and administrators shall be based on the qualitative component of the TLE. For the 2016-2017 school year, the State Department of Education shall work with school districts to develop individualized programs of professional development as described in subsection B of this section. However, nothing in this subparagraph shall preclude a school district with an average daily attendance of more than thirty-five thousand (35,000) from continuing to use quantitative components which the district has incorporated at its own expense prior to the 2015-2016 school year into its evaluation system of teachers and administrators, as defined by the district's written policy.
b. for evaluations of teachers and administrators conducted during the 2017-2018 school year, and each school
year thereafter, school districts shall incorporate and put into operation the qualitative component of the TLE as
provided for in subsection B of Section 6-101.16 of this title into the evaluations used in all school sites within
the district. For the 2017-2018 school year, and each school year thereafter, teachers and administrators shall
receive a district evaluation rating based on the components of the TLE as set forth in subsection B of Section 6-
101.16 of this title. For the 2017-2018 school year, school districts shall incorporate the individualized
programs of professional development as described in subsection B of this section on a pilot program basis, and
c. for evaluations of teachers and administrators conducted during the 2018-2019 school year, and each school
year thereafter, school districts shall fully incorporate and put into operation the individualized programs of
professional development as described in subsection B of this section;

2. Be prescribed in writing at the time of adoption and at all times when amendments to the policy are adopted. The
original policy and all amendments to the policy shall be promptly made available to all persons subject to the
policy;

3. Provide that all evaluations be made in writing and that evaluation documents and responses thereto be
maintained in a personnel file for each evaluated person;

4. Provide that every probationary teacher receive formative feedback from the evaluation process at least two times
per school year, once during the fall semester and once during the spring semester;

5. Provide that every teacher be evaluated once every year, except for career teachers receiving a district
evaluation rating of "superior" or "highly effective" under the TLE, who may be evaluated once every three
(3) years; and

6. Provide that, except for superintendents of independent and elementary school districts and superintendents of area
school districts who shall be evaluated by the school district board of education, all certified personnel shall be
evaluated by a principal, assistant principal, designee of the principal, supervisor, content expert, department chair,
peer committee or other trained individual persons or groups of persons designated by the school district board of
education.

B. 1. Every policy of professional development adopted by a school district board of education shall provide for the
development of a focused and individualized program of professional development for the teacher or administrator
that is consistent with the qualitative component of the TLE. The policy of professional development shall:

   a. establish an annual professional growth goal for the teacher or administrator that is developed by the teacher
   or administrator in collaboration with the evaluator,

   b. be tailored to address a specific area or criteria identified through the qualitative component of the TLE,

   c. allow the teacher or administrator to actively engage with learning practices that are evidence-based,
   researched practices that are correlated with increased student achievement, and

   d. be supported by resources that are easily available and supplied by the school district and the State
   Department of Education.

2. School districts shall monitor compliance with each individualized program of professional development
implemented pursuant to this subsection. All professional development completed pursuant to an individualized
program of professional development shall count toward the total number of points a teacher or administrator is
required to complete as established by a school district board of education pursuant to Section 6-194 of this title. The
implementation of the individualized program of professional development required by this subsection shall not be
construed as increasing the professional development points requirements.

3. Individualized programs of professional development required by this subsection may include but are not limited
to the following learning practices:
a. presenter-led workshops,
b. individual or faculty studies of books, scholarly articles and video productions,
c. peer observations,
d. committee studies to address student achievement issues,

e. work related to a specific subject area or areas associated with obtaining an advanced degree or professional certification,
f. action research projects designed to improve student achievement, and
g. participation in local, regional or state initiatives associated with the development or implementation of curriculum standards.

C. All individuals designated by the school district board of education to conduct the personnel evaluations shall be required to participate in training conducted by the State Department of Education or training provided by the school district using guidelines and materials developed by the State Department of Education prior to conducting evaluations.

D. The State Department of Education shall develop and conduct workshops pursuant to statewide criteria which train individuals in conducting evaluations.

E. The State Board of Education shall monitor compliance with the provisions of this section by school districts.

F. The State Board of Education shall study continued implementation of the TLE to produce a system that promotes reflection and professional growth for teachers and leaders.

G. Refusal by a school district to comply with the provisions of this section shall be grounds for withholding State Aid funds until compliance occurs.

H. Data collected pursuant to this section shall not be subject to the Oklahoma Open Meeting Act or the Oklahoma Open Records Act. (70-6-101.10)

All evaluation policies adopted by Oklahoma school districts must be based upon minimum criteria developed by the State Board of Education; in those school districts with previously existing professional negotiation agreements, the negotiated provisions must comply with the State Board of Education minimum criteria; the provisions of the evaluation procedure are mandatory topics of professional negotiations; the criteria negotiated and adopted may exceed the minimum criteria promulgated by the State Board of Education. January 9, 1987 (AG Op. No. 86-146)

Teacher evaluations may be conducted by a teaching principal. September 20, 1977 (AG Op. No. 77-235)

Section 225. Teacher’s Response to Evaluation.

Whenever any evaluation is made of a teacher or administrator, a true copy of the evaluation shall be presented to the person evaluated, who shall acknowledge the written evaluation by signing the original. Within two (2) weeks after the evaluation, the person evaluated may respond and said response shall be made part of the record. Except by order of a court of competent jurisdiction, evaluation documents and the responses thereto shall be available only to the evaluated person, the board of education, the administrative staff making the evaluation, the board and administrative staff of any school to which such evaluated person applies for employment and such other persons as are specified by the teacher in writing and shall be subject to disclosure at any hearing involving a teacher or administrator's dismissal or nonrenewal from employment. Data collected pursuant to Section 6-101.10 shall be available to authorized representatives of the State Department of Education and its contracting designees who must be contractually bound to the Department to maintain confidentiality of all information received from the Department when such evaluation data is used by the Department for data collection/analysis purposes under the Oklahoma Teacher and Leader Effectiveness Evaluation System, and such other persons as are specified by the teacher in writing and shall be subject to disclosure at any hearing involving a teacher or administrator's dismissal or nonrenewal from employment. (70-6-101.11)
Section 226. Dismissal or Nonreemployment of Administrator Procedure.

A. Whenever the school district board of education or the administration of a school district shall determine that the dismissal or nonreemployment of a full-time certified administrator from the administrative position within the school district should be effected, the administrator shall be entitled to the following due process procedures:

1. A statement shall be submitted to the administrator in writing prior to the dismissal or nonreemployment which states the proposed action, lists the reasons for effecting the action, and notifies the administrator of his or her right to a hearing before the school district board of education prior to the action; and

2. A hearing before the school district board of education shall be granted upon the request of the administrator prior to the dismissal or nonreemployment. A request for a hearing shall be submitted to the board of education not later than ten (10) days after the administrator has been notified of the proposed action.

B. Failure of the administrator to request a hearing before the school district board of education within ten (10) days after receiving the written statement shall constitute a waiver of the right to a hearing. No decision of the board of education concerning the dismissal or nonreemployment of a full-time certified administrator shall be effective until the administrator has been afforded due process as specified in this section. The decision of the school district board of education concerning the dismissal or nonreemployment, following the hearing, shall be final.

C. Beginning with the 2017-2018 school year and thereafter, a principal who has received district evaluation ratings of "ineffective" as measured pursuant to the TLE as set forth in Section 6-101.16 of this title for two (2) consecutive school years may be dismissed or not reemployed by the school district, subject to the due process procedures of this section. (70-6-101.13)

The Legislature intended to extend the protections of this section to administrators employed on a full-time basis, even if temporarily. Scott v. Independent School Dist. No. 22 of Pushmataha County, 2010 OK CIV APP 40.

Legislature has presumed constitutionally protected interest for certified administrators by mandating Loudermill due process requirements for dismissal or nonreemployment of a certified administrator; such due process includes an impartial tribunal. However, such due process does not include a right of appeal as is provided tenured teachers. Hoerman v. Western Heights Board of Education, 913 P.2d 684 (Okla. App. 1995).

Legislature intended that cause for dismissal or nonreemployment of a certified administrator be determined upon the facts of each case. Hoerman v. Western Heights Board of Education, 913 P.2d 684 (Okla. App. 1995).

Section 227. Suspension of Administrator.

Whenever the local board of education or the administration of a school district has reason to believe that cause exists for the dismissal of an administrator, and when they are of the opinion that the immediate suspension of an administrator would be in the best interests of the children in the district, the local board of education or the superintendent of the school district may suspend the administrator without notice or hearing. However, the suspension of the administrator shall not deprive the administrator of any compensation or other benefits to which he or she would otherwise be entitled under his or her contract or pursuant to law. Within ten (10) days’ time after such suspension becomes effective, the local board of education shall initiate proceedings pursuant to Section 6-102.4 of this title to have the administrator dismissed. However, in a case involving a criminal charge or indictment, such suspension may extend to such time as the administrator’s case is finally adjudicated at a trial. Provided, however, such extension shall not include any appeal process. (70-6-101.14)

Section 228. Administrators - Conviction of Felony - Criminal Sexual Activity or Sexual Misconduct.

A. An administrator shall be dismissed or not reemployed, unless a presidential or gubernatorial pardon has been issued, if during the term of employment such administrator is convicted in this state, the United States or another state of:

1. Any sex offense subject to the Sex Offenders Registration Act in this state or subject to another state’s or the federal
sex offender registration provisions; or

2. Any felony offense.

B. An administrator may be dismissed, refused employment or not reemployed after a finding that such person has engaged in criminal sexual activity or sexual misconduct that has impeded the effectiveness of the individual’s performance of school duties. As used in this subsection:

1. “Criminal sexual activity” means the commission of an act as defined in Section 886 of Title 21 of the Oklahoma Statutes, which is the act of sodomy; and

2. “Sexual misconduct” means the soliciting or imposing of criminal sexual activity. (70-6-101.15)

A. By December 15, 2011, the State Board of Education shall adopt a new statewide system of evaluation to be known as the Oklahoma Teacher and Leader Effectiveness Evaluation System (TLE). The Board shall work cooperatively with school districts to incorporate the components of the TLE in all school districts by the 2017-2018 school year as provided for in Section 6-101.10 of this title.

B. The TLE shall include the following components:

1. Annual evaluations that provide feedback to improve student learning and outcomes, except as provided for in subsection C of this section;

2. A five-tier district evaluation rating system as follows:
   a. superior,
   b. highly effective,
   c. effective,
   d. needs improvement, and
   e. ineffective;

3. An evidence-based qualitative assessment tool for the teacher qualitative portion of the TLE that will include observable and measurable characteristics of personnel and classroom practices that are correlated to student performance success, including, but not limited to:
   a. organizational and classroom management skills,
   b. ability to provide effective instruction,
   c. focus on continuous improvement and professional growth,
   d. interpersonal skills, and
   e. leadership skills;

4. An evidence-based qualitative assessment tool for the leader qualitative portion of the TLE that will include observable and measurable characteristics of personnel and site management practices that are correlated to student performance success, including, but not limited to:
   a. organizational and school management, including retention and development of effective teachers and
dismissal of ineffective teachers,

b. instructional leadership,

c. professional growth and responsibility,

d. interpersonal skills,

e. leadership skills, and

f. stakeholder perceptions;

5. An individualized program of professional development for all teachers and administrators as adopted by the school district board of education as set forth in subsection B of Section 6-101.10 of this title;

6. For districts choosing to use, at their own expense, quantitative measures of teachers and leaders as part of the district evaluation rating, such measures shall include a minimum of one reliable, research-based measure as approved by the State Board of Education pursuant to subsection D of this section; and

7. For all district evaluations, student performance, including performance on the statewide criterion-referenced tests if available, shall be discussed with the teacher and may be one of the considerations for the teacher's district evaluation rating.

C. Career teachers receiving a district evaluation rating of "superior" or "highly effective" under the TLE may be evaluated once every three (3) years.

D. By December 1, 2015, the Teacher and Leader Effectiveness Commission shall recommend to the State Board of Education multiple reliable, research-based measures to provide a quantitative evaluation component for teachers. The State Board of Education shall approve and publish a list of approved measures by February 1, 2016.

E. A school district with an average daily attendance of more than thirty-five thousand (35,000) which has incorporated quantitative components of the TLE into its evaluation system of teachers and administrators prior to the 2015-2016 school year may continue using its evaluation system, as defined by the school districts' district's written policies, notwithstanding the provisions of this section and regardless of the State Board of Education's adoption of quantitative components pursuant to this section.

F. The State Department of Education shall provide to the Oklahoma State Regents for Higher Education and the Oklahoma Commission for Educational Quality and Accountability timely electronic data linked to teachers and leaders derived from the TLE for purposes of providing a basis for the development of accountability and quality improvements of the teacher preparation system. The data shall be provided in a manner and at such times as agreed upon between the Department, the State Regents and the Commission.

G. For purposes of this section, "leader" means a principal, assistant principal or any other school administrator who is responsible for supervising classroom teachers.

H. The State Department of Education shall keep all data collected pursuant to the TLE and records of annual evaluations received pursuant to this section confidential. Records created pursuant to this section which identify, in any way, a current or former public employee shall not be subject to disclosure under the Oklahoma Open Records Act. Nothing in this subsection shall be construed to prohibit disclosure otherwise required by this section; provided, however, any provisions requiring disclosure of TLE records shall be construed narrowly and all individually identifying information shall be removed from such records to the fullest extent possible. (70-6-101.16)

The system adopted by the State Board of Education on December 15, 2011, satisfies the requirement that one statewide evaluation system be adopted. Further, the adoption of a policy by the State Board of Education that the 2012-2013 school year will be conducted as a "pilot year" for using the pre-approved teacher and leader evaluation frameworks violates neither the spirit nor the letter of this section. It is not mandatory for school districts in Oklahoma to have in place a teacher and leader evaluation framework that complies with the TLE System until the 2013-2014 school year. May 22, 2012 (2012 OK AG 7)
Section 230.

Sections 75 through 85 of this act shall be known and may be cited as the “Teacher Due Process Act of 1990”. (70-6-101.20)

Under Oklahoma law, statutory scheme governing employment of public school teachers creates property interests in employment which merit constitutional due process protection. Extra duty assignments, however, are too far removed from primary teaching responsibilities to be protected under state regulatory scheme governing employment of public school teachers. Lancaster v. Ind. School Dist. No. 5, 149 F.3d 1228 (10th Cir. 1998)

Under Oklahoma law, tenured teachers have a protected interest only in continued employment, not in a particular position. Lancaster v. Ind. School Dist. No. 5, 149 F.3d 1228 (10th Cir. 1998)

Teacher's contracts, which permitted her summary removal as teacher if her supplementary position as coach ceased to suit school district, directly conflicted with stated purpose of the Teacher Due Process Act. Accordingly, purported waiver of the Act's protections was invalid under Oklahoma law. The purpose of the Act is to promote good order and welfare of the state and school system by preventing removal of capable and experienced teachers for reasons arising solely from political or personal whim. Parker v. Ind. School Dist. No. I-03 of Okmulgee County, Oklahoma, 82 F.3d 952 (10th Cir. 1996)

Section 232. Standards of Conduct and Performance for Teachers.

A. The State Board of Education shall promulgate standards of performance and conduct for teachers. A copy of such standards, any amendments to such standards and any standards adopted by the board of education of the school district shall be provided by the board of education of each school district to each teacher on or before April 10 of each year.

B. The State Board of Education shall include the statutory grounds for dismissal and nonreemployment of career teachers within this standards document.

C. Standards which may be adopted by the board of education of a school district shall not conflict with state or federal law or standards promulgated by the State Board of Education.

D. In determining whether or not the professional performance of a teacher is adequate, the standards adopted by the State Board of Education shall be considered. Consideration may be given to any written standards of performance which have been adopted by any other education-oriented organization or agency. Professional performance or conduct of a teacher which is in compliance with standards adopted by the State Board of Education or the local board of education pursuant to Section 71 of this act shall not be considered in support of any dismissal or nonreemployment action against the teacher. (70-6-101.21)

Section 233. Grounds for Dismissal or Nonreemployment of Teachers.

A. Subject to the provisions of the Teacher Due Process Act of 1990, a career teacher may be dismissed or not reemployed for:

1. Willful neglect of duty;
2. Repeated negligence in performance of duty;
3. Mental or physical abuse to a child;
4. Incompetency;
5. Instructional ineffectiveness;
6. Unsatisfactory teaching performance;
7. Commission of an act of moral turpitude; or

8. Abandonment of contract.

B. Subject to the provisions of the Teacher Due Process Act of 1990, a probationary teacher may be dismissed or not reemployed for cause.

C. During the 2017-2018 school year and thereafter:

1. A career teacher who has received a district evaluation rating of "ineffective" for two (2) consecutive school years shall be dismissed or not reemployed on the grounds of instructional ineffectiveness by the school district, subject to the provisions of the Teacher Due Process Act of 1990. However, the superintendent may recommend and the school district board of education may approve continued employment of the teacher; and

2. A career teacher who has received a district evaluation rating of "needs improvement" or lower for three (3) consecutive school years may be dismissed or not reemployed on the grounds of instructional ineffectiveness by the school district, subject to the provisions of the Teacher Due Process Act of 1990.

D. During the 2017-2018 school year and thereafter:

1. A probationary teacher who has received a district evaluation rating of "ineffective" as measured pursuant to the TLE for two (2) consecutive school years may be dismissed or not reemployed by the school district subject to the provisions of the Teacher Due Process Act of 1990; and

2. A probationary teacher who has not attained career teacher status within a four-year period may be dismissed or not reemployed by the school district, subject to the provisions of the Teacher Due Process Act of 1990.

E. A teacher shall be dismissed or not reemployed, unless a presidential or gubernatorial pardon has been issued, if during the term of employment the teacher is convicted in this state, the United States or another state of:

1. Any sex offense subject to the Sex Offenders Registration Act in this state or subject to another state's or the federal sex offender registration provisions; or

2. Any felony offense.

F. A teacher may be dismissed, refused employment or not reemployed after a finding that such person has engaged in acts that could form the basis of criminal charges sufficient to result in the denial or revocation of a certificate for a reason set forth in subparagraph a of paragraph 6 of Section 3-104 of this title.

G. As used in this section, “abandonment of contract” means the failure of a teacher to report at the beginning of the contract term or otherwise perform the duties of a contract of employment when the teacher has accepted other employment or is performing work for another employer that prevents the teacher from fulfilling the obligations of the contract of employment.

H. A school district shall notify the State Board of Education within ten (10) days of the dismissal or nonreemployment of a probationary or career teacher for reasons outlined in subsection F of this section. (70-6-101.22)

Trial court did not err in directing reinstatement of a teacher who was dismissed for mental or physical abuse of a child, when teacher admitted to slapping a child. Hagen v. Ind. School Dist. No. I-04, 2007 OK 19

Proving instructional ineffectiveness and unsatisfactory teaching performance by a preponderance of the evidence is the standard under the Teacher Due Process Act. At trial de novo, trial judge correctly placed the burden of proof on the school district. The issue at trial is not whether teacher substantially complied with his plan for improvement, but rather whether the teaching was unsatisfactory or ineffective. Furthermore, trial judge substantially complied with the requirement of written findings of fact and conclusions of law by stating basis for ruling into the record, but Court of Civil Appeals was within its authority to remand so that the court would make a journal entry reflecting findings of fact and conclusions of law. Weston v. Ind. School Dist. No. 35 of Cherokee County, Oklahoma, 2007 OK 61

Teacher’s unexecuted threat to physically assault school superintendent and another teacher, made on school grounds but outside the
Moral turpitude is conduct contrary to justice, honesty, and good morals. The elements of intent and knowledge are important, and, if the wrong is unintentional, it is not moral turpitude. Falsification of student records and failure to maintain the integrity of student records constituted moral turpitude.

Probationary teacher is entitled to be given reasons or findings upon which board of education decided not to reemploy her. *Jackson v. ISD No. 16*, 648 P.2d 26 (Okla. 1982).

Letter stating tenured teacher’s contract will not be renewed because of teacher’s “system of grading” or “method of teacher” or “partiality to certain students” is not sufficient. *Lovelace v. Ingram*, 518 P.2d 1102 (Okla. 1973).

Section 234. Teachers Exempt from Dismissal, Suspension and Nonreemployment Provisions.

A. The dismissal, suspension and nonreemployment provisions of the Teacher Due Process Act of 1990 shall not apply to:

1. Substitute teachers;
2. Adult education teachers; and
3. Teachers who are employed on temporary contracts.

B. The dismissal and suspension provisions of the Teacher Due Process Act of 1990 shall apply to teachers who are employed on temporary contracts for a complete school year and to teachers who are employed in positions fully funded by federal or private categorical grants, except that such teachers shall be employed only for the duration of the temporary contract or the grant.

C. The evaluation provisions in Sections 6-101.10 and 6-101.11 of this title and in the Teacher Due Process Act of 1990 shall apply to teachers who are employed on temporary contracts for a complete school year and to teachers who are employed in positions fully funded by federal or private categorical grants, except that such teachers shall be employed only for the duration of the temporary contract or the grant.

D. Teachers other than those specifically excepted in subsection A of this section who are employed on contracts shall be afforded all substantive and procedural rights set forth in the Teacher Due Process Act of 1990 including the dismissal, suspension, and nonreemployment provisions applicable to probationary or career teachers as defined in Section 6-101.3 of this title.

E. On and after the effective date of this act any teacher who has worked a complete school year under a temporary contract in a school district shall be granted a year of service credit toward career status in that district.

F. No teacher shall be hired on a temporary contract by a school district for more than four semesters or on multiple temporary contracts by a school district that together are for more than four semesters, except for a:

1. Teacher hired to replace a teacher who is on an approved leave of absence and who is expected to return to employment with the school district; or
2. Teacher who is a retired member of the Teachers’ Retirement System of Oklahoma.

G. No teacher shall be offered a temporary contract with a school district without a full written disclosure at the time a position is offered by the administration of the school district which sets forth the terms and conditions of the temporary contract. In the event the school district fails to provide such written disclosure, the teacher shall be considered as employed on a continuing contract basis.
H. On and after the effective date of this act no teacher who is employed on a continuing contract basis by a school district shall be reemployed on a temporary contract in that school district. (70-6-101.23)

Although a school district can not place a teacher on a temporary contract for more than four semesters with no break in service, there is no prohibition against multiple temporary contracts with distinct breaks in service even if the total number of semesters exceeds four. Dehart v. Indep. Sch. Dist. No. 1 of Tulsa County, 2011 OK CIV APP 68.

There is no requirement that the full written disclosure be in a document separate from the temporary contract itself. Dehart v. Indep. Sch. Dist. No. 1 of Tulsa County, 2011 OK CIV APP 68.

A teacher who signs a temporary teacher contract prior to the end of her third consecutive year of teaching is not a “career teacher” at the time of the signing and has no rights to tenure at that time. The teacher does not gain tenure by working a fourth year under a temporary contract. Scheer v. ISD No. 1-26, Afton Public Schools, 1997 OK 115, 948 P.2d 275.

Temporary contract is one which is for a stated period of time as distinguished from continuing employment contracts. January 16, 1984 (AG Op. No. 83-253)

Circumstances under which a temporary contract may be used is within discretion of boards of education. January 16, 1984 (AG Op. No. 83-253)

When tenured teacher is not reemployed due to loss of federal funding, school board is not required to employ teacher in a position which subsequently becomes available. September 2, 1980 (AG Op. No. 80-197)

Statutory dismissal, suspension and nonreemployment procedures do not apply to teachers or counselors in Skills Centers or Inmate Training Centers operated by State Department of Vocational and Technical Education. January 17, 1980 (AG Op. No. 79-351)

Section 235. Procedures for Administrator to Follow for Admonishment of Teacher.

A. Upon full implementation of the Oklahoma Teacher and Leader Effectiveness Evaluation System (TLE) as set forth in Section 6-101.10 of this title, when a teacher receives a rating as measured pursuant to the TLE as set forth in Section 6-101.16 of this title that may lead to a recommendation for the dismissal or nonreemployment of the teacher or when an administrator identifies poor performance or conduct that the administrator believes may lead to a recommendation for the dismissal or nonreemployment of the teacher, the administrator shall:

1. Admonish the teacher, in writing, and make a reasonable effort to assist the teacher in correcting the poor performance or conduct; and

2. Establish a reasonable time for improvement, not to exceed two (2) months, taking into consideration the rating on the evaluation or the nature and gravity of the performance or conduct.

B. If the teacher does not correct the poor performance or conduct cited in the admonition within the time specified, the administrator shall make a recommendation to the superintendent of the school district for the dismissal or nonreemployment of the teacher.

C. Whenever a member of the board of education, superintendent, or other administrator identifies poor performance or conduct that may lead to a recommendation for dismissal or nonreemployment of a teacher within the district, the administrator who has responsibility for evaluation of the teacher shall be informed, and that administrator shall comply with the procedures set forth in this section. If the administrator fails or refuses to admonish the teacher within ten (10) days after being so informed by the board, superintendent, or other administrator, such board, superintendent or other administrator shall admonish the teacher pursuant to the provisions of this section.

D. Repeated negligence in performance of duty, willful neglect of duty, incompetency, instructional ineffectiveness or unsatisfactory teaching performance, for a career teacher, or any cause related to inadequate teaching performance for a probationary teacher, shall not be a basis for a recommendation to dismiss or not reemploy a teacher unless and until the provisions of this section have been complied with. (70-6-101.24)

Admonishment statute merely requires that the administrator admonish the teacher in writing. It does not dictate how specific the admonishment must be. Mere technical violations do not necessarily result in a denial of due process. Fields v. ISD No. 1 of Tulsa County, 2002 OK CIV APP 109, 84 P.3d 779.
Career teacher is not entitled to an admonishment and reasonable time for improvement when teacher committed acts demonstrating moral turpitude. Teacher, whether probationary or career, whose dismissal is based on specific irremediable instances of misconduct is not entitled to admonishment. *Hill v. ISD No. 25 of Adair County*, 2002 OK CIV APP 97, 57 P.3d 882.

Statutory requirement that plan of improvement contain a specific time for improvement is a mere technical requirement and failure to comply will not invalidate action to dismiss, particularly where there is no prejudice to teacher. *House v. ISD I-29 of Muskogee County*, 939 P. 2d 1127 (Okla. 1997).

Section 236. Recommendation of Dismissal or Nonrenewal.

A. Whenever a superintendent decides to recommend that a teacher employed within the school district be dismissed or not reemployed, the superintendent shall state the recommendation in writing, setting forth the basis for the recommendation, and shall submit such recommendation to the board of education.

If the teacher subject to such recommendation is a career teacher, the recommendation shall specify the statutory grounds for which the recommendation is based.

If the teacher subject to such recommendation is a probationary teacher, the recommendation shall specify the cause for which the recommendation is based.

The superintendent shall also specify the underlying facts supporting the recommendation.

B. If the recommendation includes grounds that could form the basis of criminal charges sufficient to result in the denial or revocation of a certificate for a reason set forth in subparagraph a of paragraph 6 of Section 3-104 of this title, a copy of the recommendation shall also be forwarded to the State Board of Education after the completion of due process procedures pursuant to Section 6-101.26 of this title or after the teacher resigns. Failure to forward a copy of the recommendation to the State Board of Education shall not be the basis for any claim or action against a public school, its board of education, employees, agents or other representatives. If the school district forwards a copy of the recommendation to the State Board of Education, the school district shall contemporaneously forward a copy to the teacher subject to such recommendation. The teacher may provide supplementary information to the State Board of Education.

C. Only school districts may request a copy of the recommendation from the State Board of Education, and only if a teacher is being considered for new employment or a teacher is currently employed by the requesting school district. The State Board of Education shall notify the teacher subject to the recommendation if such a request is made and provide the identity of the school district that made such request. The State Board of Education shall provide the requesting school district documents related to the recommendation as well as any supplementary information provided by the teacher subject to the recommendation, and copies shall be contemporaneously forwarded to the teacher subject to the recommendation. Records provided to a requesting school district pursuant to this subsection shall be kept confidential.

D. Except as provided for in subsection C of this section, the State Board of Education shall keep recommendations submitted pursuant to subsection B of this section confidential. Records created pursuant to this section shall not be subject to disclosure under the Oklahoma Open Records Act.

E. If the State Board of Education or a school district that generated or received documents pursuant to subsection C of this section is served a subpoena requesting disclosure of the documents, the teacher subject to the recommendation shall immediately be notified and be provided the opportunity to object to the subpoena. (70-6-101.25)

Section 237. Procedure for Dismissal or Nonreemployment - Hearing and Appeal Rights.

A. Whenever a board of education receives a recommendation from the superintendent for the dismissal or nonreemployment of a teacher, the board or individual designated by the board shall mail a copy of the recommendation to the teacher by certified mail, restricted delivery, return receipt requested, by personal delivery to the teacher with a signed ACKNOWLEDGMENT of receipt, or by delivery by a process server. By the same means, the board shall notify the teacher of the right to a hearing before the board and the date, time and place set by the board for the hearing, which shall be held within the school district not sooner than twenty (20) days or later than sixty (60) days after receipt of notice by the teacher, the date on the personal receipt by hand-delivery to the teacher, or the date of delivery by a process server. The notice shall specify the
statutory grounds upon which the recommendation is based upon for a career teacher or shall specify the cause upon which the recommendation is based upon for a probationary teacher. The notice shall also specify the underlying facts supporting the recommendation. At the hearing, the teacher shall be entitled to all rights guaranteed under the circumstances by the United States Constitution and the Constitution of Oklahoma.

B. The teacher hearing shall be conducted by the district board according to procedures established by the State Board of Education.

C. Only after due consideration of the evidence and testimony presented at the hearing shall the district board decide whether to dismiss or nonreemploy the teacher. The vote of the board shall be made in an open meeting. The board shall also notify the teacher of the decision, including the basis for the decision, by certified mail, restricted delivery, return receipt requested, or substitute process as provided by law. The decision of the board regarding a teacher shall be final and nonappealable. At the hearing the burden of proof shall be upon the superintendent or designee, and the standard of proof shall be by the preponderance of the evidence. The teacher shall receive any compensation or benefits to which the teacher is otherwise entitled until the decision of the board becomes final. If the hearing for a teacher is for nonreemployment, such compensation and benefits may be continued only until the end of the current contract of the teacher. (70-6-101.26)

Teacher submitted evidence supporting his contention that the pre-termination hearing was perfunctory and that his termination was certain. Likewise, evidence regarding the public and personal costs of attending that hearing is substantial. This evidence establishes that the pre-termination hearing was an “unusually difficult working condition” and “so harmful, detrimental, or adverse to Teacher’s health, safety, or morals, that leaving the work was justified,” entitling Teacher to benefits for unemployment compensation. Moore v. Oklahoma Employment Security Commission, 2013 OK CIV APP 46

Notice given to teacher which set forth grounds for dismissal was sufficient when, within 10 days thereafter, teacher received reports which set forth specific instances of alleged wrongdoing. Teacher did not allege any prejudice from delay in receiving details of alleged wrongdoing. Hill v. ISD No. 25 of Adair County, 2002 OK CIV APP 97, 57 P.3d 882

When teacher failed to obtain necessary certification for continuing in position, contract of employment was extinguished by operation of law, and school district did not have to comply with notice and hearing requirements of Teacher Due Process Act. Guthrie v. ISD No. 30 of Adair County, Cave Springs Public Schools, 1998 OK CIV APP 47, 958 P.2d 802

Probationary teacher is entitled to be given reasons or findings upon which board of education decided not to reemploy her. Jackson v. ISD No. 16, 648 P.2d 26 (Okla. 1982)

Tenured teacher reinstated by hearing panel to teaching position not entitled to reinstatement of his coaching duties. Maupin v. ISD No. 26, 632 P.2d 396 (Okla. 1981)

Notwithstanding statutory provisions that decision of a board of education to dismiss a teacher for willful neglect of duty shall be final, teacher can still maintain court action for breach of contract on ground dismissal was arbitrary and founded on no evidence of such neglect. Scherich v. ISD No. 42, 591 P.2d 1270 (Okla. App. 1979)

Section 238. Applicable Procedure.

The applicable procedure in the event of a recommendation by the superintendent for the dismissal or nonreemployment of a teacher shall be that procedure provided by law on the date such dismissal or nonreemployment is recommended to the local board of education. (70-6-101.28)

Section 239. Suspension of Teacher.

Whenever the superintendent of a school district has reason to believe that cause exists for the dismissal of a teacher and is of the opinion that the immediate suspension of the teacher would be in the best interests of the children in the district, the superintendent or the local board of education upon receiving recommendation for suspension from the superintendent may suspend the teacher without notice or hearing. However, the suspension shall not deprive the teacher of any compensation or other benefits to which otherwise entitled. Within ten (10) days’ time after the suspension becomes effective, the local board of education shall initiate a hearing for dismissal pursuant to law.

However, in a case involving a criminal charge or indictment, the suspension may extend until the case for the teacher is finally adjudicated at trial. The extension shall not include any appeal process. (70-6-101.29)
Section 240. Basis for Reduction in Force of Teachers.

Upon full implementation of the Oklahoma Teacher and Leader Effectiveness Evaluation System (TLE) as set forth in Section 6-101.10 of this title, the primary basis used in determining the retention or reassignment of affected teachers and administrators when a school district implements a reduction-in-force plan shall be the ratings of the teachers and administrators as measured pursuant to the TLE as set forth in Section 6-101.16 of this title.\(^{(70-6-101.31)}\)

If a teaching position which is occupied by a career teacher is eliminated pursuant to a reduction in force (RIF) and the career teacher is qualified for another teaching position which is occupied by a nontenured teacher, reasonable accommodations must be made to give priority for contract renewal to qualified career teachers over nontenured teachers.\(^{(70-6-101.31)}\)

The Teacher Due Process Act is not applicable to a reduction in force and, a school district need not comply with the procedures of the Act when implementing a reduction in force.\(^{(70-6-101.31)}\)

“A teacher tenure law” provides that a tenured teacher has priority for renewal over a nontenured teacher.\(^{(70-6-101.31)}\)

Section 241. Years of Credit for Teachers in Districts That Are Annexed or Consolidated.

A. If a school district is annexed, either voluntarily or involuntarily, by another school district, the annexing district shall give teachers credit for all purposes for years of service performed in the annexed district as though said years of service were actually performed in the annexing district.\(^{(70-6-101.30)}\)

B. In the event school districts are consolidated, the consolidated school district shall give teachers credit for all purposes for years of service in the school districts which are consolidated as though said years of service were actually performed in the consolidated school district.\(^{(70-6-101.30)}\)

Section 242. State Board of Education to Promulgate Rules.

The State Board of Education shall promulgate rules necessary to implement the provisions of this act.\(^{(70-6-101.32)}\)

Section 243. Support Employees - Disciplinary Action.

A support employee who has been employed by a local board of education for more than one (1) year shall be subject to suspension, demotion, termination or nonreemployment only for cause, as designated by the policy of the local board of education, adopted as provided in Section 6-101.43 of this title. This section shall not be construed to prevent layoffs for lack of funds or work. For purposes of this act, “support employee” means a full-time employee of a school district as determined by the standard period of labor which is customarily understood to constitute full-time employment for the type of services performed by the employee who is employed a minimum of one hundred seventy-two (172) days and who provides those services, not performed by professional educators or certified teachers, which are necessary for the efficient and satisfactory functioning of a school district and shall not include adult education instructors or adult coordinators employed by technology center school districts.\(^{(70-6-101.40)}\)

“Lack of funds” does not require that school district be bankrupt but exists when insufficient revenue is available to meet all financial...
Section 244. School Support Employees - Conviction of Felony - Criminal Sexual Activity or Sexual Misconduct.

A. A school support employee as defined in Section 6-101.40 of this title shall be dismissed or not reemployed, unless a presidential or gubernatorial pardon has been issued, if during the term of employment such employee is convicted in this state, the United States or another state of:

1. Any sex offense subject to the Sex Offenders Registration Act in this state or subject to another state’s or the federal sex offender registration provisions; or

2. Any felony offense.

B. A school support employee may be dismissed, refused employment or not reemployed after a finding that such person has engaged in criminal sexual activity or sexual misconduct that has impeded the effectiveness of the individual’s performance of school duties. As used in this subsection:

1. “Criminal sexual activity” means the commission of an act as defined in Section 886 of Title 21 of the Oklahoma Statutes, which is the act of sodomy; and

2. “Sexual misconduct” means the soliciting or imposing of criminal sexual activity. (70-6-101.41)

Section 245. Disciplinary Policy - Statement.

Each local board of education shall adopt a policy statement defining the causes and procedures for suspension, demotion, termination or nonreemployment of support personnel. Upon adoption of such policy, a copy thereof shall be furnished to each support employee. (70-6-101.43)

Section 246. Policy Prerequisite to Disciplinary Action.

Beginning January 1, 1982, no suspension, demotion or termination of a support employee shall be effective or enforceable unless the local school board has adopted a policy as provided in Section 2 of this act. (70-6-101.44)

Section 247. Support Employees - Notification Concerning Employment.

A. A school district, no later than ten (10) days after the effective date of the education appropriation bill or June 1, whichever is later, shall give reasonable assurance of employment in writing to any support employee that the school intends to employ for the subsequent school year.

B. This section shall not be construed to nullify the provisions of Sections 24-133 through 24-137 of this title or be construed to deprive any employee that the district is considering not employing for the subsequent year of any rights provided in such sections. (70-6-101.45)

Section 247.1. Support Employees - Wage Increase.

A. For the 2018-19 school year, each school district shall provide to every support employee a wage increase over the base amount the employee earned during the 2017-18 school year if the support employee is employed by the same school district for the 2018-19 school year in the amount of One Thousand Two Hundred Fifty Dollars ($1,250.00). The dollar amount of salary increase authorized by this subsection shall be prorated based upon the number of total hours of work performed by a full-time-equivalent support employee.

B. The increase prescribed by this section shall be in addition to any other compensation and fringe benefits provided by the
Section 248. Right to Hearing.

A. After any suspension or prior to any demotion, termination or nonreemployment, a support employee shall receive notice of the right to a hearing. The hearing shall be conducted by the local board of education. All notices shall be by certified mail, with the postmark used to determine the timeliness of the notice. Failure of the employee to request a hearing within ten (10) working days of such notice shall be considered a waiver of the employee’s right to a hearing.

B. Nonreemployment shall mean nonrenewal of a support employee’s contract upon expiration of the contract.

C. If an employee is to be suspended for a period to exceed ten (10) days, the superintendent of the district shall initiate proceedings for termination and shall follow the procedures set forth in subsection A of this section. However, in a case involving a criminal charge or indictment, the suspension may be delayed until the employee’s case is adjudicated at the trial. Nothing in this act shall prevent the school board from proceeding against the employee during or after the suspension for termination as provided in this act. (70-6-101.46)

Section 249. Time for Hearing - Board’s Decision Final.

If the employee selects a hearing before the local board of education, the hearing shall be conducted at the next, or next succeeding, regularly scheduled meeting if the request for the hearing was received by the local board of education at least ten (10) days prior to the next, or next succeeding, regularly scheduled meeting. Provided, however, at the request of the employee or at the discretion of the local board of education, the local board shall call a special meeting to conduct the requested hearing, which shall be held no sooner than ten (10) days nor later than thirty (30) days after receipt of the employee’s request. The decision of the local board of education at the hearing shall be final. (70-6-101.47)

There is no requirement that support employees be provided “de novo” review procedures as are provided to career teachers. Isch v. Oklahoma ISD No. 1-89, 1998 OK CIV APP 90, 963 P.2d 18.

Section 250. Contractors Prohibited from Allowing Sex Offenders to Work on School Premises.

A. No person or business having a contract with a school or school district to perform work on a full-time or part-time basis that would otherwise be performed by school district employees shall allow any employee to work on school premises if the employee is convicted in this state, the United States or another state of any felony offense unless ten (10) years has elapsed since the date of the criminal conviction or the employee has received a presidential or gubernatorial pardon for the criminal offense.

B. Every person or business performing services not subject to subsection A of this section on the property of a school or school district shall at the time of contracting be required to sign a statement declaring that no employee working on school premises under the authority of the business is currently registered or required to register under the provisions of the Oklahoma Sex Offenders Registration Act or the Mary Rippy Violent Crime Offenders Registration Act. Compliance with this statute shall be required of the person or private business, and there shall be no obligation placed upon a school district to ascertain the truthfulness of the affidavit.

C. A person or business having a written contract with a school or school district to perform work on a full-time or part-time basis that would otherwise be performed by school district employees may conduct a felony search of the employees of the person or entity who would be assigned that work through a request to the State Board of Education in the same manner as a felony search is afforded school districts by Section 5-142 of this title. (70-6-101.48)

A. 1. The board of education of each school district in the state shall provide for sick leave for all teachers employed in the district and shall pay such teachers the full amount of their contract salaries during any absence from their regular school duties for a period of time and under such conditions as the board may determine, but not less than the minimum benefits hereafter specified. Payment for sick leave shall be made on the basis of the current salary rate then in effect for the teacher receiving the payment. The plan shall provide that a teacher may be absent from his or her duties due to personal accidental injury, illness or pregnancy, or accidental injury or illness in the immediate family without the loss of salary for not to exceed ten (10) days during each school year, except that said absence without loss of salary for teachers employed on an eleven-month contract shall not exceed eleven (11) days during each school year and for those teachers employed on a twelve-month contract shall not exceed twelve (12) days during each school year, if said contract is for the work period, and not merely for pay purposes. The right to such leave shall vest at the beginning of the school year. Each school district shall provide for all teachers a minimum of three (3) days for personal business leave, upon the request of the teacher. Salary deductions for such leave shall not exceed the salary level for substitute teachers. Provided further, that these terms for personal business leave shall not negate any locally negotiated leave policies which exceed the minimum benefits stated above. Each school district may provide not more than five (5) days each year for emergency leave. Each school district will determine the purposes for which emergency leave can be used. Those days shall not be chargeable to sick leave and will be noncumulative. Unused sick leave shall be cumulative up to a total of sixty (60) days, and cumulative sick leave shall be transferable to another school district or to the Oklahoma School for the Blind or the Oklahoma School for the Deaf where the teacher is employed the next succeeding school year, provided that the number of days transferred shall not exceed the maximum days permitted by the receiving school and that such transferred days shall be used first in case of illness and, provided further, that if the receiving school pays teacher for unused sick leave upon retirement or termination of contract, then said payments shall be for only those days accumulated in the receiving school. The school board of the sending district shall certify the exact number of days eligible for transfer.

2. If a teacher is employed at the Oklahoma School for the Blind or the Oklahoma School for the Deaf after July 1, 2017, any unused sick leave up to a total of sixty (60) days that is accumulated at a school district prior to such date shall be transferable.

B. The plan of each school district for sick leave benefits may include other terms and conditions, but shall not provide less sick leave benefits than those prescribed herein. Hospital and medical proceeds may not be charged against sick leave benefits, but the proceeds received by the teacher from any insurance provided by the district for loss of compensable time may be charged against sick leave benefits. Provided the board of education may provide all or part of hospital and medical benefits, and sickness, accident, health and life insurance or any of the aforesaid for any or all of its employees. On authorization of the teacher, the district may approve payroll deductions for such teacher’s portion of the aforesaid.

C. Each school district shall grant a teacher leave for jury service or as a witness subpoenaed in a criminal, civil or juvenile proceeding and shall pay the teacher during such service the full, current contract salary. Provided that the district may deduct any compensation received for serving as a juror or witness from the teacher’s salary during such service.

D. A school district shall also provide for benefits for personnel other than teachers. ANNEXATION AND CONSOLIDATION

Section 328. Boundaries - Petition or Resolution to Change Election.

A. Except as otherwise provided for in Section 7-105 of this title for conditional consolidated school districts, the territory comprising all or part of a school district may be annexed to another school district or to two or more districts, when approved at an annexation election called by the State Superintendent of Public Instruction, but except as provided in subsection B of this section, an annexation election may not be held unless the boards of education of the affected districts concur therein. Provided, that such concurrence of the boards of education affected shall not be required in cases of mandatory annexation by the State Board of Education:
1. In pursuance of a petition for annexation signed by a majority of the school district electors in the territory proposed to be annexed, hereinafter referred to as the area affected, said majority being applied to the highest number of voters voting in a regular school district election in the district in the preceding five (5) years as determined by the secretary of the county election board, who shall certify the adequacy of the number of signatures on the petition as provided in this section; or

2. In pursuance of a resolution adopted by the board of education of the district in which the area affected is situated.

B. An annexation election shall be called by the State Superintendent of Public Instruction without the concurrence of the board of education of the school district which is proposed to be annexed, upon the filing of a petition with the State Superintendent of Public Instruction for annexation that is signed by a majority of the school district electors in the territory proposed to be annexed, hereinafter referred to as the area affected, said majority being applied to the highest number of voters voting in a regular school district election in the district in the preceding five (5) years as determined by the secretary of the county election board, who shall certify the adequacy of the number of signatures on the petition. The petition shall contain such information as the State Superintendent of Public Instruction may require.

C. Annexation elections held pursuant to this section shall be conducted pursuant to the following procedures:

1. Such election shall be held not less than sixty (60) days nor more than ninety (90) days after the State Superintendent of Public Instruction receives such petition, at some public place in the school district in which the area affected is situated, between the hours of 7 a.m. and 7 p.m., and notice thereof shall be given by the State Superintendent of Public Instruction in the same manner as notice of special elections of the school district electors of school districts is given, provided, that the State Superintendent of Public Instruction shall not be required to call an election for the purpose of annexing a part of a school district more than once during any twelve-month period. Such elections shall be conducted by the county election board;

2. The annexation shall be approved by a majority of the school district electors voting at such election:
   a. of an entire school district, or
   b. if a majority of the members of a board of education of a school district losing the territory concur with the petitioners, or resolution, only the legal voters of the area so affected shall be eligible to vote at such election, or
   c. if the affected area is part of a school district with thirty thousand (30,000) or more average daily membership, if the boundaries of the affected area is not contiguous with the boundaries of the rest of the district, and if the boundary of the noncontiguous affected area is a least two (2) miles from the nearest boundary of the rest of the district, only the legal voters of the area so affected shall be eligible to vote at such election. Provided, if there is an incorporated city located wholly within the separate noncontiguous affected area, the annexation election being held shall not effect the area within the boundaries of the incorporated area unless a majority of the school district electors within the boundaries of the incorporated area also file a petition requesting annexation as required in subsection B of this section.

   If the area proposed to be annexed constitutes less than two percent (2%) of the total area of the school district in which such area is located, and there are no qualified electors residing in such area, no election shall be held. In such instance the board of education of the school district wherein the area proposed to be annexed is located and the board of education of the school district to which such area is proposed to be annexed shall each adopt a resolution approving such annexation and shall transmit certified copies of both resolutions to the State Superintendent of Public Instruction who shall, within five (5) days after receiving copies of such resolutions, make an order declaring the annexation as approved in the resolutions. Copies of the annexation order shall be transmitted to the State Board of Education, Oklahoma Tax Commission, county clerk, county treasurer, county assessor and to the boards of education of the school districts involved;

3. The annexation shall be approved by a majority of the school district electors of the area affected, voting at such election, if the area affected is an area within a school district in which, as a result of condemnation proceedings by the federal government, a majority of the pupils of said area have attended school, for at least one school term, in the district to which the petition requests annexation;

4. If the annexation of an entire district is approved, as provided for in this section, the State Superintendent of Public Instruction shall, within five (5) days after such election, issue an order declaring the annexation as requested in the petition or resolution for annexation to the State Board of Education, Oklahoma Tax Commission, county clerk, county treasurer
and county assessor in each county in which any of the territory of the disorganized district lies, but the annexation shall not become effective until the time for filing an appeal, as hereinafter provided, has expired. In the event a majority of the electors voting at such election do not vote for the annexation, the State Superintendent of Public Instruction shall, within five (5) days after such election, issue an order denying the annexation to the State Board of Education, Oklahoma Tax Commission, county clerk, county treasurer and county assessor in each county in which any of the territory of the disorganized district lies. Within ten (10) days after the order of the State Superintendent of Public Instruction is issued, twenty-five percent (25%) of the school district electors who were eligible to vote at the annexation election may appeal to the district court of the county in which the territory proposed to be annexed, or the largest part thereof if such territory lies in more than one county, is situated, and thereafter all proceedings shall be stayed until the district court has rendered judgment. The proceedings shall be given precedence over all other civil matters. In the event the court issues a final order upholding a partial annexation, the effective date of said partial annexation shall be July 1 following the final order. All pending annexation proceedings are hereby exempted from this act. The State Board of Education shall be required to change the boundary lines as described in the declaration after all litigation has expired;

5. Upon the effective date of the annexation of an entire school district to one or more school districts, the board of education of the school district whose territory was annexed shall be declared abolished by the State Superintendent of Public Instruction. If a school district to which the territory was annexed currently has a five-member board of education, that school district board of education shall have the option of forming a seven-member board of education pursuant to the provisions of Section 5-107A of this title upon the effective date of the annexation; and

6. If an independent district annexes to an elementary district not maintaining a high school, both boards of education are abolished. The Governor shall appoint three members of the newly formed district to the board of education and these members shall appoint the remaining two members. (70-7-101)

Presentation of petition requesting annexation is not sufficient to require annexation. Election must be called and held to properly effect annexation. August 24, 1988 (AG Op. No. 88-37)

Section 329. Mandatory Annexation or Consolidation Procedures.

A. The State Board of Education shall be authorized to promulgate rules and regulations regarding the procedures necessary to accomplish mandatory annexation or consolidation, as provided by and within the requirements of the provisions of Sections 2, 8, 9, 10, 11, 12, and 13 of this act, and as otherwise providing by law.

B. In any case where mandatory annexation of a school or school district is recommended by the State Department of Education, the Department shall notify, in writing, the board of education of the school district involved. Upon receipt of the notification, the school district board shall have fifteen (15) days to request an opportunity to appear before the State Board of Education. If the school district board fails to request an opportunity to appear, the State Board shall proceed without further notice or delay, to conclude the matter. If an opportunity to appear is requested by the school district board, the State Board shall decide the issues after hearing from representatives of the school or school district and the State Department and shall make a final determination on the recommendation of the Department. (70-7-101.1)

Section 330. Annexation or Disorganization - Assumption of Bonded Indebtedness.

A. The component parts (or part) of the district annexed, whether the annexation is or was voluntary or mandatory under the provisions of this or any prior act, shall assume their full proportion of all legal bonded indebtedness of the district or districts to which they are or were annexed, and the district or districts to which they are or were annexed shall likewise assume a full proportion of all legal bonded indebtedness of the district annexed, or ratable proportion in ratio to the assessed valuation to the part annexed.

B. Provided, that if the area affected is or has been annexed under the provisions of this article to a school district (hereinafter referred to as the “first” district) having a bonded indebtedness at the time of said annexation, and if at the time of said annexation said area affected is or was not liable for any bonded indebtedness, and if within four (4) calendar months or less after said annexation all or any portion of the territory of the area affected is or has been detached from the first district
to become a part of some other school district (hereinafter referred to as the “second” district) then:

1. If the detachment of said territory occurs in any fiscal year after the effective date of this subsection, and before the certification of the budgets and levies of the first district for said fiscal year to the State Auditor and Inspector, neither the said detached territory nor the second district shall have any liability for the payment of any part of the bonded indebtedness of the first district which existed when the area affected was annexed to the first district; or

2. If the detachment of said territory occurs in any fiscal year after the effective date of this subsection, and after the certification of the budgets and levies for said fiscal year of the first district to the State Auditor and Inspector, the said detached territory shall continue to bear its share of the bonded indebtedness of the first district as prescribed by subsection A of this section for the remainder of said fiscal year, but the second district shall not be liable for any part of the bonded indebtedness of the first district which existed at the time of the annexation of the area affected to the first district; and after the beginning of the next succeeding fiscal year neither the said detached territory nor the second district shall have any liability for any of the bonded indebtedness of the first district which existed at the time the area affected was annexed to the first district. (70-7-103)

Section 331. Division of Property - Debts and Obligations.

A. In case the area affected comprises an entire school district, and all of such area is annexed to only one other district, the district to which it is annexed shall become the owner of all the property and other assets of the disorganized district and shall be liable for the current debts and other obligations of such disorganized district, and said district shall also acquire title to and provide for permanent custody of all individual scholastic and other permanent records relating to each pupil who was previously enrolled in the annexed district.

B. In case the area affected comprises an entire school district, and is annexed to two or more districts, then the current debts or obligations and property and other assets of the disorganized district shall be divided by agreement between the boards of education of the annexing districts, and the board of education of either of the annexing districts may purchase any such property or assets to effect a just division. If the boards of education are unable to agree, the matter shall be decided by the State Board of Education, and its decision shall be final.

C. In case the area affected is not an entire school district, the district to which the annexation is made shall not acquire any of the property or assets of the district from which the area affected is detached, except that any school building or buildings located in the affected area shall become the property of the district to which the affected area is annexed and all obligations pertaining thereto shall become the responsibility of the annexing district.

D. If any mandatory or voluntary annexation made under the provisions of this article shall occur after the election on school district levies for the ensuing fiscal year and before the tax levies of the ensuing year have been made and certified, the operating and building levies authorized for the annexing district shall be the levies for all the said district after such annexation. All mandatory or voluntary annexations made and ordered subsequent to the certification of the budgets and levies to the State Auditor and Inspector shall be forthwith effective regardless of any variation in such levies; and the budgetary assets of the annexed district or districts theretofore so certified as unexpended and unencumbered shall be merged by supplementary procedure with the budgetary assets of the annexing district.

E. In case the area affected is annexed to two or more districts or the area affected is not an entire school district, the individual scholastic and other permanent records relating to each pupil enrolled at the time of annexation shall be transferred to the respective districts where said pupils are transferred. All other individual scholastic and other permanent records relating to pupils in said areas or entire districts affected shall be filed with the county clerk of the county where supervision of the annexed school district is located. And if the boards of education are unable to agree, the matter shall be decided by the State Board of Education, which decision shall be final. June 21, 1976 (AG Op. No. 76-224)

Section 332. Consolidation - Studies - Petition - Election.

A. Two or more school districts may, whether adjacent or not adjacent, be consolidated into a single school district in
accordance with standards, rules and procedures to be determined by the State Board of Education. When the consolidation of two or more school districts is proposed, the State Board of Education shall conduct such studies of the populations, wealth, terrain, trade areas and other factors as may be necessary to determine the location of boundaries and the size of a proposed district which will most nearly ensure an efficient and economical administrative unit. The State Board of Education shall furnish the boards of education of the school districts which might be involved information and advice as to where the boundaries and what the size of the proposed new district should be. Nothing herein shall be construed to prevent the inclusion within a school district of territory lying within the boundaries of two or more counties.

B. Ten percent (10%) of the qualified school electors in any district may petition the board of education of such district to request such information, or a board of education of such district may on its own initiative ask for information and advice from the State Board of Education on the educational advantages and disadvantages of proposed consolidation to the children and residents of the area which might be affected. Upon the receipt of such a petition, the local board of education shall request the services of the State Board of Education and shall notify the boards of education in adjacent school districts that such a request has been made. The State Board of Education may on its own initiative make the study herein authorized of any area of the state and direct the board of education of such school districts as might be involved to set into operation in their districts the procedure for determining what, if any, consolidation should be carried on in the area under study.

C. Any rules or procedures which the State Board of Education may prescribe for consolidation of school districts shall include the opportunity for the qualified school electors in the school districts involved to express their wishes through a majority vote of the school electors in the entire territory involved.

D. Prior to an election for consolidation, the boards of education of the school districts involved may develop a plan which shall set forth the actions to be taken during and after consolidation. The plan of action shall include agreements relating to school site closing, disposition and utilization of property and equipment and such other agreements as may be necessary to facilitate the consolidation of the school districts. The plan of action shall also include provisions related to the technology center school district the newly formed district will be a part of which are consistent with the State Board of Career and Technology Education rules. The plan shall be placed on a separate ballot and voted on by the qualified school electors of each district at the time of the consolidation election. Both the plan and consolidation questions must be approved by a majority vote for the plan to take effect. The plan shall be binding on the board of education of the newly formed district for at least three (3) years; provided, any provisions related to the expenditure of appropriated money shall not be binding beyond the current fiscal year. The newly formed district may alter or disregard the plan only if there is a significant change in circumstances, including a significant drop in revenue to the district or in student enrollment.

E. Two or more school districts may be consolidated into a single school district on a conditional basis. If the voters approve conditional consolidation of the school districts at an election for such purpose in accordance with the procedures set forth in this section, the newly formed school district shall be considered consolidated and shall go through the same procedure and meet the same requirements as any consolidated school district. Under a conditional consolidation plan, any subsequent decision to consolidate the new school district or annex all or part of the new school district shall first be approved by a majority of the electors, voting at such election, or each of the original school districts. If one or more of the original school districts disapproves the subsequent consolidation or annexation plan, the plan shall not be approved. If all of the original school districts approve the subsequent consolidation or annexation plan, the plan shall and thereafter, any further consolidation or annexation shall be subject to approval of the electors of all of the school districts as a whole. The original school district shall mean only the districts which independently voted to join the conditionally consolidated district.

F. An election for such purpose shall be held either upon:

1. A petition for consolidation or conditional consolidation, signed by forty percent (40%) of the school district electors of each school district included in the proposed consolidation, or conditional consolidation said percentage being applied to the highest number of voters voting in a regular school election in the district in the preceding five (5) years as determined by the secretary of the county election board, who shall certify the adequacy of the number of signatures on the petition; or

2. The concurrence of the boards of education of the school districts included in the proposed consolidation or conditional consolidation, as shown by a resolution adopted by each board. The election shall be called by the State Board of Education and conducted in accordance with the general election laws of this state. Any vote to consolidate two or more districts, shall require a majority vote of those voting in each school district involved. When such a majority vote is in favor of consolidation or conditional consolidation, the State Board of Education shall declare the participating school districts
dissolved and the new school district established, and the newly formed district shall thereupon be governed by the provisions of the Oklahoma School Code.

G. The State Superintendent of Public Instruction or designee shall convene the members of the boards of the districts forming the new district, who shall be given the opportunity of selecting from among themselves the initial board of education for the new district, selecting the number of members and designating the initial terms of service of each as required to conform to law; provided, the members convened shall have the option of forming a seven-member board pursuant to the provisions of Section 5-107A of this title rather than a board of the size otherwise provided by law and shall have the option of temporarily increasing the number of board positions for the new district by two positions per consolidating district for the first two (2) years following consolidation. The temporary positions will be filled by appointment by the board. The temporary board positions shall be abolished two (2) years from the effective date of consolidation. Within ten (10) days following the declaration of establishment of the new district, the State Superintendent or designee shall declare the agreement or shall declare that such agreement has not been reached, in which case persons serving as members of the board of education of the participating district having the largest number of enumerated children as shown by the last regular enumeration shall serve as members of the board of education of the newly formed district for the terms for which they were elected and until their successors have been duly elected or appointed and have qualified.

H. All liabilities, assets, powers and duties of the participating districts shall become the responsibility of the new school district, which district shall be the legal successor in every respect to the school districts participating in the consolidation or conditional consolidation in accordance with law. (70-7-105)

Section 333. Buildings - Rented, Moved, or Sold.

No building or appendages thereto of any school district that has been annexed to another school district or districts shall be rented, moved or sold by the board of education of the annexing district or districts without the approval of a majority of the school district electors in the annexed district voting on the proposition, if such building is being used at least once each ninety (90) days for public gatherings. Provided, that the board of education of the annexing district acquiring such buildings may require persons or groups using such building and appendages to pay the cost of maintenance, including insurance, of such building and appendages. (70-7-106)

An annexing school district receives title to the real property of an annexed school district and is then empowered to convey the real property to any entity, if no longer needed and if done by public sale or bid. B. This state, any political subdivision of this state or any other governmental entity shall not infringe on the fundamental right of parents to direct the upbringing, education, health care and mental health of their children without demonstrating that the compelling governmental interest as applied to the child involved is of the highest order, is narrowly tailored and is not otherwise served by a less restrictive means.

C. As used in the Parents' Bill of Rights, "parent" means the natural or adoptive parent or legal guardian of a minor child. (25-2001)

Section 431.2. Rights Reserved to Parents.

A. All parental rights are reserved to a parent of a minor child without obstruction or interference from this state, any political subdivision of this state, any other governmental entity or any other institution, including, but not limited to, the following rights:

1. The right to direct the education of the minor child;

2. All rights of parents identified in Title 70 of the Oklahoma Statutes, including the right to access and review all school records relating to the minor child;

3. The right to direct the upbringing of the minor child;

4. The right to direct the moral or religious training of the minor child;

5. The right to make healthcare decisions for the minor child, unless otherwise prohibited by law;

6. The right to access and review all medical records of the minor child unless otherwise prohibited by law or the parent is the subject of an investigation of a crime committed against the minor child and a law enforcement official requests that the information not be released;

7. The right to consent in writing before a biometric scan of the minor child is made, shared or stored;

8. The right to consent in writing before any record of the minor child's blood or deoxyribonucleic acid (DNA) is created, stored or shared, except as required by Sections 1-516 and 1-524.1 of Title 63 of the Oklahoma Statutes, or unless authorized pursuant to a court order;

9. The right to consent in writing before the state or any of its political subdivisions makes a video or voice recording of the minor child, unless the video or voice recording is made during or as a part of a court proceeding, by law enforcement officers during or as part of a law enforcement investigation, during or as part of a forensic interview in a criminal or Department of Human Services investigation or to be used solely for any of the following:

e. a photo identification card; and

10. The right to be notified promptly if an employee of this state, any political subdivision of this state, any other governmental entity or any other institution suspects that a criminal offense has been committed against the minor child by someone other than a parent, unless the incident has first been reported to law enforcement and notification of the parent would impede a law enforcement or Department of Human Services investigation. This paragraph does not create any new obligation for school districts and charter schools to report misconduct between students at school, such as fighting or aggressive play, that is routinely addressed as a student disciplinary matter by the school.

B. This section does not authorize or allow a parent to engage in conduct that is unlawful or to abuse or neglect a child in violation of the laws of this state. This section shall not be construed to apply to a parental action or decision that would end life. This section does not prohibit courts, law enforcement officers or employees of a government agency responsible for child welfare from acting in their official capacity within the reasonable and prudent scope of their authority. This section does not prohibit a court from issuing an order that is otherwise permitted by law.

C. Any attempt to encourage or coerce a minor child to withhold information from the child’s parent shall be grounds for discipline of an employee of this state, any political subdivision of this state or any other governmental entity, except for law enforcement personnel.

D. Unless those rights have been legally waived or legally terminated, parents have inalienable rights that are more comprehensive than those listed in this section. The Parents’ Bill of Rights does not prescribe all rights of parents. Unless otherwise required by law, the rights of parents of minor children shall not be limited or denied. The Parents’ Bill of Rights shall not be construed to apply to a parental action or decision that would end life. (25-2002)

SPECIAL EDUCATION FOR EXCEPTIONAL CHILDREN

Section 447. Programs for Children with Disabilities.

The several school districts of Oklahoma are hereby authorized to provide special education and related services necessary for children with disabilities as hereinafter defined. Two or more school districts may establish cooperative programs of special education for children with disabilities when such arrangement is approved by the State Board of Education. Funds may be expended for school services for an additional period during the summer months for approved programs for qualified children with disabilities, provided their individualized education program (I.E.P.) states the need for extended school year special education and related services. Children with disabilities shall mean children, as defined in the Individuals with Disabilities Education Act (IDEA), P.L. No. 105-17, who are three (3) years of age.

Provided, on and after July 1, 1991, children from age birth through two (2) years (0-36 months) of age who meet the eligibility criteria specified in Section 13-123 of this title, shall be served pursuant to the provisions of the Oklahoma Early Intervention Act. The attendance of said children in special education classes shall be included in the average daily membership computations for State Aid purposes.
The State Board of Education is authorized to modify and redefine by regulation the eligibility definitions whenever such modification is required to receive federal assistance under the Individuals with Disabilities Education Act (IDEA), P.L. No. 105-17. Rules developed pursuant to Section 18-109.5 of this title shall provide for such modification and revised definitions.

It shall be the duty of each school district to provide special education and related services for all children with disabilities as herein defined who reside in that school district in accordance with the Individuals with Disabilities Education Act (IDEA), P.L. No. 105-17. This duty may be satisfied by:

1. The district directly providing special education for such children;

2. The district joining in a cooperative program with another district or districts to provide special education for such children;

3. The district joining in a written agreement with a private or public institution, licensed residential child care and treatment facility or day treatment facility within such district to provide special education for children who are deaf or hard-of-hearing, children who are blind or partially blind or other eligible children with disabilities; or

4. Transferring eligible children and youth with disabilities to other school districts which accept them and provide special education and related services for such children, with the district in which the child resides paying tuition therefor as hereinafter provided. For those students who transfer pursuant to the provisions of the Education Open Transfer Act, the receiving school district shall assume all responsibility for education and shall count the student for federal and state funding purposes according to the provisions of subsection B of Section 13-103 of this title. (70-13-101)

A contractual agreement between a facility with a day treatment program and a school must address the financial responsibility for educational services and other educational services covered by each party to the agreement. In negotiating the financial responsibility of the respective parties, two guideposts should be considered: (1) the public school district receives state aid for children admitted to the day treatment program, and (2) an individual child's IEP or 504 Plan may require the public school district to cover the costs of other educational services, like occupational, physical, and speech therapy; transportation; or meals if they qualify as "related services" under the child's IEP or 504 Plan. The facility with a day treatment program and the school providing on-site educational services share responsibility for both the individualized treatment plan and the educational plan, and must, therefore, share responsibility for classroom supervision and classroom discipline. The school district that developed the educational plan would, nevertheless, be responsible for supervising its educational content and the teachers providing those services. 2016 OK AG 4

If the educational services provided by the school district to eligible group home residents include special education services and related services, the services must meet the requirements of the Department of Education's Policies and Procedures for Special Education in Oklahoma. Special education services and related services may include services provided by a school district on-site at a group home for eligible children if indicated in an IEP. (AG Op. No. 09-15)

If a particular therapy, treatment, or support service is not required by an IEP or the school district does not otherwise agree to bear the costs, then the group home provider is responsible for the costs associated with the service. (AG Op. No. 09-15)

A procedural violation of IDEA does not deny a student an educational opportunity, or a free and appropriate education, and thus entitle parents to reimbursement, where the parents did not meaningfully participate in the IEP development process. As the IDEA defines an IEP as a written document, a court should consider only the written IEP when analyzing whether the IEP substantively complies with the IDEA. Sysema v. Academy School District No. 20, 538 F.3d 1306 (10th Cir. 2008)

Section 448. Lindsey Nicole Henry Scholarships for Students with Disabilities Program Act.

This act shall be known and may be cited as the “Lindsey Nicole Henry Scholarships for Students with Disabilities Program Act”. (70-13-101.1)

The Oklahoma "Lindsey Nicole Henry Scholarships for Students with Disabilities Act", a school voucher program limited to provide educational choices for children with disabilities, does not violate Article II, Section 5 of the Oklahoma Constitution. Oliver v. Hofmeister, 2016 OK 15.

The funds of this Act are not taxes from taxpayers in the school districts' county revenue streams that a county assessor is improperly reducing or disposing of, but part of the Legislature's general grant to the districts, through the State Department of Education. Because the school districts are not the ones charged with the duty to provide free public education, the Legislature's withholding of certain funds, even if it is unconstitutional, does not violate a constitutionally protected interest of the school districts themselves, because they are merely the Legislature's Vehicle. Independent School District No. 5 of Tulsa County v. Spry, 2012 OK 98.
Section 449. Lindsey Nicole Henry Scholarships – Implementation.

A. There is hereby created the Lindsey Nicole Henry Scholarships for Students with Disabilities Program. The Lindsey Nicole Henry Scholarships for Students with Disabilities Program is established to provide a scholarship to a private school of choice for students with disabilities for whom an individualized education program (IEP) in accordance with the Individuals with Disabilities Education Act (IDEA) or an individualized service plan pursuant to Section 1-4-704 of Title 10A of the Oklahoma Statutes has been developed at any time prior to notifying the State Department of Education of the intent to participate in the Program and the IEP is in effect at the time the request for a scholarship is received by the State Department of Education. Scholarships shall be awarded beginning with the 2010-2011 school year.

B. The parent or legal guardian of a public school student with a disability may exercise their parental option and request to have a Lindsey Nicole Henry Scholarship awarded for the child to enroll in and attend a private school in accordance with this section and the scholarship shall be awarded if:

1. The student has spent the prior school year in attendance at a public school in this state. For purposes of this section, “prior school year in attendance” means that the student was enrolled in and reported by a school district for funding purposes during the preceding school year regardless of whether or not the student had an IEP at the time the student was counted for funding purposes. A student who is a child of a member of the United States Armed Forces who transfers to a school in this state from out of state or from a foreign country pursuant to a permanent change of station orders of the parent shall be exempt from the requirements of this paragraph but shall be required to meet all other eligibility requirements to participate as provided for in this section. A student who has been provided services under an Individual Family Service Plan through the SoonerStart program and during transition was evaluated and determined to be eligible for school district services shall be exempt from the requirements of this paragraph but shall be required to meet all other eligibility requirements to participate as provided for in this section. A student who was in out-of-home placement with the Department of Human Services, who was adopted while in the permanent custody of the Department of Human Services or who was in out-of-home placement with the Office of Juvenile Affairs shall be exempt from the requirements of this paragraph but shall be required to meet all other eligibility requirements to participate as provided for in this section; and

2. The parent or legal guardian has obtained acceptance for admission of the student to a private school that is eligible for the program as provided in subsection H of this section and has notified the State Department of Education of the request for a scholarship. Requests to participate in the program made after December 1 shall be granted, but funding for scholarships requested after December 1 shall not be available until the beginning of the next school year. The Department shall notify the school district upon receipt of the request. For purposes of continuity of educational choice, the scholarship shall remain in force until the student returns to a public school, graduates from high school or reaches the age of twenty-two (22), whichever occurs first. At any time, the parent or legal guardian of the student may remove the student from the private school and place the student in another private school that is eligible for the program as provided in subsection H of this section or place the student in a public school.

C. A student shall be eligible for a scholarship if the parent or legal guardian of the student made a request for a scholarship for the 2010-2011 school year and the student transferred to an eligible private school but was subsequently denied a scholarship because the student did not have an IEP in effect on October 1, 2009, but did meet all other eligibility requirements as set forth in the Lindsey Nicole Henry Scholarships for Students with Disabilities Program Act.

D. A student shall not be eligible for a Lindsey Nicole Henry Scholarship if the student is not having regular and direct contact with the private school teachers at the physical location of the private school.

E. School districts shall notify the parent or legal guardian of a public school student with a disability of all options available pursuant to this section and inform the parent or legal guardian of the availability of information about the program from the State Department of Education through the toll-free telephone number or website. The notification shall be provided with or included in the copy of the “Parents Rights in Special Education: Notice of Procedural Safeguards” document given to parents at least annually or as otherwise required by law.

F. 1. Acceptance of a Lindsey Nicole Henry Scholarship shall have the same effect as a parental refusal to consent to service pursuant to 20 U.S.C., Section 614(a)(1) of the IDEA.

2. Upon acceptance of a Lindsey Nicole Henry Scholarship, the parent or legal guardian shall assume full financial responsibility for the education of the student, including but not limited to transportation to and from the private school.
G. If the parent or legal guardian requests a Lindsey Nicole Henry Scholarship and the student is accepted by the private school pending the availability of a space for the student, the parent or legal guardian of the student shall notify the State Department of Education before entering the private school and before December 1 in order to be eligible for the scholarship during the school year when a space becomes available for the student in the private school. If notification is made after December 1, payment of the scholarship shall not begin until the next school year.

H. To be eligible to participate in the Lindsey Nicole Henry Scholarships for Students with Disabilities Program, a private school shall notify the State Department of Education of its intent to participate. The notice shall specify the grade levels and services that the private school has available for students with disabilities who are participating in the scholarship program. The State Department of Education shall approve a private school as eligible to participate in the scholarship program upon determination that the private school:

1. Meets the accreditation requirements set by the State Board of Education or another accrediting association approved by the State Board of Education;

2. Demonstrates fiscal soundness by having been in operation for one (1) school year or providing the State Department of Education with a statement by a certified public accountant confirming that the private school desiring to participate is insured and the owner or owners have sufficient capital or credit to operate the school for the upcoming year by serving the number of students anticipated with expected revenues from tuition and other sources that may be reasonably expected. In lieu of a statement, a surety bond or letter of credit for the amount equal to the scholarship funds for any quarter may be filed with the Department;

3. Complies with the antidiscrimination provisions of 42 U.S.C., Section 2000d;

4. Meets state and local health and safety laws and codes;

5. Will be academically accountable to the parent or legal guardian for meeting the educational needs of the student;

6. Employs or contracts with teachers who hold baccalaureate or higher degrees, or have at least three (3) years of teaching experience in public or private schools, or have special skills, knowledge, or expertise that qualifies them to provide instruction in subjects taught;

7. Complies with all state laws relating to general regulation of private schools; and

8. Adheres to the tenets of its published disciplinary procedures prior to the expulsion of a scholarship student.

b. the parent or legal guardian shall request the scholarship no later than December 1 of the school year during which the scholarship is requested,

c. any student participating in the scholarship program shall attend throughout the school year, unless excused by the school for illness or other good cause, and shall comply fully with the code of conduct for the school,

d. the parent or legal guardian shall fully comply with the parental involvement requirements of the private school, unless excused by the school for illness or other good cause, and

e. upon issuance of a scholarship warrant, the parent or legal guardian to whom the warrant is made shall restrictively endorse the warrant to the private school for deposit into the account of the private school. The parent or legal guardian may not designate any entity or individual associated with the private school as the attorney in fact for the parent or legal guardian to endorse a warrant. A parent or legal guardian who fails to comply with this subparagraph shall forfeit the scholarship.
2. A participant who fails to comply with this subsection forfeits the scholarship.

J. Provisions governing payment of a Lindsey Nicole Henry Scholarship shall be as follows:

1. The State Department of Education shall calculate the total cost of all scholarships for all eligible students in the state. The State Department of Education shall then reserve or retain from the total amount appropriated to the State Board of Education for State Aid purposes and any other revenue available for allocation for State Aid purposes the total cost for all scholarship payments;

2. The maximum scholarship granted for an eligible student with disabilities shall be a calculated amount equivalent to the total State Aid factors for the applicable school year multiplied by the grade and disability weights generated by that student for the applicable school year. The disability weights used in calculating the scholarship amount shall include all disability weights which correspond to the disabilities included in the multidisciplinary evaluation and eligibility group summary for the student at the time the request for a scholarship is made by the parent or legal guardian. The maximum scholarship amount shall be calculated by the State Board of Education for each year the student is participating in the scholarship program;

3. The amount of the scholarship shall be the amount calculated in paragraph 2 of this subsection or the amount of tuition and fees for the private school, whichever is less, minus up to two and one-half percent (2½%) of the scholarship amount which may be retained by the State Department of Education as a fee for administrative services rendered. The amount of any assessment fee required by the private school and the amount associated with providing services and therapies to address the disabilities of the student may be paid from the total amount of the scholarship;

4. The State Department of Education shall notify the private school of the amount of the scholarship within ten (10) days after receiving the request for a scholarship. The initial payment shall be made after the Department verifies admission acceptance and enrollment. Quarterly payments shall be made upon verification of continued enrollment and attendance at the private school. Payment shall be made by the Department with an individual warrant made payable to the parent or legal guardian of the student and mailed by the Department to the private school that the parent or legal guardian chooses. The parent or legal guardian shall restrictively endorse the warrant to the private school for deposit into the account of the private school;

5. The State Department of Education shall not be responsible for any additional costs associated with special education and related services incurred by the private school for the student including the cost of teachers, equipment, material, and special costs associated with the special education class;

6. The State Department of Education shall establish a toll-free telephone number or website that provides parents or legal guardians and private schools with information about the program;

7. The State Department of Education shall require an annual, notarized, sworn compliance statement by participating private schools certifying compliance with state laws and shall retain all records received from a participating private school; and

8. The State Department of Education shall cross-check the list of participating scholarship students with the public school enrollments prior to each scholarship payment to avoid duplication.

K. 1. The State Superintendent of Public Instruction shall deny, suspend, or revoke the participation of a private school in the scholarship program if it is determined that the private school has failed to comply with the provisions of this section. However, in instances in which the noncompliance is correctable within a reasonable amount of time and in which the health, safety, or welfare of the students is not threatened, the Superintendent may issue a notice of noncompliance which shall provide the private school with a time frame within which to provide evidence of compliance prior to taking action to suspend or revoke participation in the scholarship program.

2. If the Superintendent intends to deny, suspend, or revoke the participation of a private school in the scholarship program, the Department shall notify the private school of the proposed action in writing by certified mail and regular mail to the private school’s address of record with the Department. The Department shall also notify any parents or legal guardians of scholarship students attending the private school. The notification shall include the reasons for the proposed action and notice of the timelines and procedures set forth in this subsection.
3. The private school that is adversely affected by the proposed action shall have fifteen (15) days from receipt of the notice of proposed action to file with the Department a request for an administrative hearing proceeding pursuant to the Administrative Procedures Act.

4. Upon receipt of a request for a hearing, the State Board of Education shall commence a hearing within sixty (60) days after the receipt of the formal written request and enter an order within thirty (30) days after the hearing.

5. The Board may immediately suspend payment of scholarship funds if it is determined that there is probable cause to believe that there is an imminent threat to the health, safety, or welfare of the students or fraudulent activity on the part of the private school.

L. No liability shall arise on the part of the state, the State Board of Education, the State Department of Education or a school district based on the award or use of any scholarship provided through the Lindsey Nicole Henry Scholarships for Students with Disabilities Program.

M. The inclusion of private schools within options available to public school students in Oklahoma shall not expand the regulatory authority of the state or any school district to impose any additional regulation of private schools beyond those reasonably necessary to enforce the requirements expressly set forth in this section.

N. If the State Department of Education determines that a school district prior to the effective date of this act has failed to comply with the provisions of the Lindsey Nicole Henry Scholarships for Students with Disabilities Program Act and has failed to make full or partial scholarship payments for eligible students, the Department shall have authority to reduce the amount of State Aid allocated to the school district or require the school district to make repayment to the Department of State Aid allocations in an amount equal to the amount of scholarship payments the school district failed to make. The Department shall make payment to the parent or legal guardian in the amount the school district failed to make in the manner as provided for in subsection J of this section. (70-13-101.2)

This act shall be known and may be cited as the “Oklahoma Educational Interpreter for the Deaf Act”. (70-13-115)

Section 470. Purpose.

It is essential for the well-being and educational growth of deaf and hard-of-hearing students that education programs recognize the unique nature of deafness and ensure that all deaf and hard-of-hearing students have appropriate, ongoing, and fully accessible educational opportunities. It is essential that deaf and hard-of-hearing students, like all students, are provided an education in which their unique communication mode is respected, utilized, and developed to an appropriate level of proficiency. (70-13-115.1)

Section 471. Definitions.

As used in the Oklahoma Educational Interpreter for the Deaf Act:

1. “Communication mode or language” means one or more of the following systems or methods of communication applicable to deaf and hard-of-hearing students:
   a. American Sign Language,
   b. English-based sign systems, or
   c. oral, aural, or other speech-based communication;

Section 494.3. Legislative Findings.

The Legislature finds that military service members after separating from military service are frequently delayed in getting post-military employment even though the service member may have applicable military education, training, and experience which could qualify for an occupational license or certification, or which could provide academic credit toward college, university or technical degree requirements. The Legislature finds it is advantageous to the state to create occupational and educational opportunities for post-military service members who are honorably discharged and spouses of active-duty service members who must leave work in another state to accompany their service member on transfer and assignment for military duty in this state. The Legislature additionally finds that the spouse of an active-duty service member assigned for duty in this state who possesses a valid professional license or certification with current experience in another state should be allowed to apply for the same professional license or certification in this state and such application should be expedited for better employment opportunities and based upon the person having substantially equivalent education, training and experience for licensure in this state. (59-4100.1)

Section 494.4. Granting of Academic Credit for Military Experience.

The Legislature hereby authorizes the public and private institutions of higher education and the career and technology centers in this state to utilize the Guide to the Evaluation of Educational Experiences in the Armed Services, published by the American Council on Education (ACE), to compare and apply academic credit for education, training and
experience received through military duty or service which is applicable to the selected program of study for an honorably discharged military service member who becomes a student at an institution of higher education or career and technology center within three (3) years after separation from military service. A. In addition to any other power, duty or function authorized for institutions of higher education or career and technology centers, each governing board shall adopt, not later than January 1, 2013, a policy authorizing the institution or career and technology center under the board’s supervision and management to award educational credits to a student enrolled in the institution or career and technology center who is also honorably discharged from the Armed Forces of the United States within three (3) years of initial enrollment, for courses that are part of the student’s military training or service and that meet the standards of the American Council on Education (ACE) or equivalent standards for awarding academic credit if the award of educational credit is based upon the institution’s or technical career center’s admission standards and its role, scope and mission.

Provided, any equipment which has been purchased wholly or in part with local school funds shall require the concurrence of the governing board of that local school before the equipment shall be transferred to the state equipment pool.

It may require nonresident students to pay reasonable tuition fees, which may be paid for by the independent or elementary school district in which the student resides.

F. An election to vote on the question of making a levy of not to exceed five (5) mills on the dollar valuation of the taxable property in a technology center school district under the provisions of subsection A, Section 9B, Article X, Oklahoma Constitution, shall be called by the board of education and conducted by the county election board of such district in the same manner that elections for emergency levies in school districts under the provisions of Section 9(d), Article X, Oklahoma Constitution, are called and conducted. Provided, that the State Board of Career and Technology Education shall prescribe a list of appropriation accounts by which the funds of technology center school districts shall be budgeted, accounted for and expended. Any such estimate of needs may include an estimate of federal funds as probable income from sources other than ad valorem tax of the district and other than any excise or other tax assessed by legislative enactment and distributed in lieu of ad valorem taxes. Unless a school district negotiates an agreement with its employees regarding health insurance pursuant to Sections 509.1 through 509.9 of this title, and to the extent that the agreement provides for the members of the recognized bargaining unit, a technology center school district that participates in health insurance coverage other than the health insurance plan offered by the State and Education Employees Group Insurance Act is prohibited from acquiring additional or supplemental health or dental insurance for any board member, area school superintendent or any other employee which is not available to all employees of said district, and said technology center school district shall not pay a greater portion of the employee or dependent premium or any health or dental insurance plan or plans provided by said technology center school district on behalf of any board member, superintendent or employee than that portion paid on behalf of all participating employees of said district.

C. If a technology center school district obtains health insurance coverage from a source other than through the State and Education Employees Group Insurance Act, the employees of the technology center school district who would be eligible to participate in the health and dental plans may require the board of education of the technology center school district to call an election to allow said employees to vote as to whether the technology center school district shall participate in the health and dental insurance plans offered through the State and Education Employees Group Insurance Act. Upon the filing with the board of education of a petition calling for such an election which is signed by no less than thirty percent (30%) of the eligible employees of the technology center school district, the board of education shall call an election for the purpose of determining whether the technology center school district shall participate in the health and dental insurance plans offered through the State and Education Employees Group Insurance Act. The election shall be held within thirty (30) days of the filing of the petition. If a majority of those eligible employees voting at the election vote to participate in the health and dental insurance plans offered through the State and Education Employees Group Insurance Act, the board of education of the technology center school district shall apply for such participation within thirty (30) days of the election.

D. If required to do so as a prerequisite to the receipt of federal funds for a building project, the board of education of a technology center school district may establish a special account to be used for payment of the cost of the building project. Federal and state funds received for the building project may be deposited in the special account. Monies from the following sources, if available for the payment of the cost of the building project, may also be deposited in the special account: bond issues, levies for a building fund under Section 10 of Article X, Oklahoma Constitution and appropriations for capital outlay in the general fund of the district.

The board of education shall estimate the total amount to be deposited in or transferred to the aforesaid building project account, and may issue warrants against the account for the payment of the cost of the building project. The total amount of such warrants shall not exceed the estimate of the board of education of the total amount to be deposited in or transferred to the account. If there shall be an insufficient amount in the building project account to pay a warrant, the warrant shall bear interest at a rate to be fixed by the board of education, not to exceed six percent (6%) per annum, from the date of issuance until paid.

C. For the purposes of this section, the cost of a building project shall include expenditures for sites, for the construction of buildings, and for equipment, furniture and fixtures.

D. The State Board of Career and Technology Education shall adopt such rules as it deems necessary to make the provisions of this section effective. (70-14-109)

This act may be cited as the “Displaced Homemakers Act.” (70-14-113)

Section 503. Legislative Findings, Purpose and Intent.

The Legislature hereby finds and declares that there is an ever-increasing number of persons in this state who, having fulfilled a role as homemaker, find themselves “displaced” in their middle years through divorce, death of spouse or other loss of family income; as a consequence, displaced homemakers are very often without any source of income; they are ineligible for categorical welfare assistance; they are subject to the highest unemployment rate of any sector of the work force; they face continuing discrimination in employment because they are often older and have no recent paid work experience; they are ineligible for unemployment insurance because they have been engaged in unpaid labor in the home; they are ineligible for social security because they are too young, and for many, they will never qualify for social security because they have been divorced
from the family wage earner; they have often lost their rights as beneficiaries under employers’ pension and health plans through divorce or death of spouse, despite many years of contribution to the family well-being; and they are most often ineligible for Medicaid and are generally unacceptable to private health insurance plans because of their age.

The Legislature further finds and declares that homemakers are an unrecognized part of the work force who make an invaluable contribution to the welfare of the society as a whole.

It is the intention of the Legislature in enacting this chapter to provide the necessary counseling, training, jobs, services and support programs for displaced homemakers so that they may enjoy the independence and economic security vital to a productive life and to improve the welfare of this ever-growing group of citizens. (70-14-114)

A record of all the books delivered direct to any school district shall be immediately furnished by the shipper and the school district to the State Board of Education. Each bid shall be accompanied by a sworn statement specifically:

Section 546. Bids - Delivery - Investigation - Consultants.

All bids shall be sealed and delivered to the secretary of the State Textbook Committee, to be delivered by the secretary to the Committee for the purpose of considering the bids. The committee shall meet prior to August 15 of each year at the time and place mentioned in the advertisement, to open and examine the sealed bids received, and make a full and complete investigation of all books and the bids accompanying the same. The Committee may use regular classroom teachers as consultants. The books shall be selected after careful consideration of all the books presented, and the books selected for adoption shall be those which, in the opinion of the Committee, are best suited for the public schools in this state. The committee shall give consideration to any legislative resolution concerning textbook content and the testimony received at public hearings when making the selections. The Committee shall proceed without delay to select, for use of the public schools of this state, textbooks as specified in this article and shall notify publishers to whom contracts are awarded. If the State Textbook Committee determines that significant inaccuracies exist in the contents of a textbook which has been bid or that information contained in the textbook is not current, the Committee may adopt the book on a provisional basis. Final adoption of the textbook and use of textbook money shall be contingent upon the publisher providing a modified or revised textbook which is acceptable by the State Textbook Committee. (70-16-104)
Section 547. Publishers’ Contracts - Prices - Reduction - Term of Contract.

A. All contracts with publishers shall be signed by the chairperson and secretary of the State Textbook Committee on behalf of the state. Each contract shall stipulate the price at which each textbook will be sold to the State of Oklahoma, and that all copies supplied to the State of Oklahoma will be equal to or better than the official copy filed with the secretary of the Committee. The State Textbook Committee may approve the substitution of a later edition in lieu of the textbook originally selected. The publisher shall stipulate in the contract that:

1. The price for which the textbook is to be furnished will be the lowest at which the same textbook will be sold or offered for sale for the purpose of securing a state or local selection or adoption elsewhere in the United States during the six (6) months prior to the date of the execution of the contract;

2. It will reduce the contract price of the textbook, if the price of the same textbook is reduced below such contract price elsewhere in the United States, and that it will file with the secretary of the Committee a sworn statement of such reduction made elsewhere;

3. If it prepares any supplementary or abridged or special editions of any of the textbooks, and shall sell such editions elsewhere at a lower price than that stipulated in the contract, it will file copies of any and all such editions, together with the prices thereof, with the secretary of the Committee;

4. It has not entered into any understanding, agreement or combination to control the prices or restrict competition in the sale of textbooks;

5. It will furnish the textbooks to the State of Oklahoma during the term of the contract in such amounts as may be required; and

6. It will furnish for a like period in lieu of the corresponding textbooks under contract any other books listed in any annual statement subsequently filed by it during the term of the contract to any school district at the lowest new prices contained in such statement, and that it will maintain said prices uniformly through the state.

B. Textbooks selected by the State Textbook Committee may be purchased by school districts at the prices for which contracts have been awarded, pending the effective dates of the contracts.

C. The chairperson and secretary of the State Textbook Committee, on the advice and consent of the attorney for the State Department of Education, may, with the consent of the holders of state textbook contracts, change any contract to conform with the provisions of Section 16-102 of this title.

D. As requested by a school district or the Oklahoma School for the Blind, all publishers who enter into contracts with the State Textbook Committee shall be required to furnish the Committee with electronic files in a file format from which Braille and other accessible versions of the instructional materials can be produced. The file format in which electronic instructional materials files are provided to the Committee shall be in a format prescribed by federal law or regulations promulgated by the United States Department of Education which requires national standards for electronic files to be used for production of accessible instructional materials. In the absence of a federal law or regulation establishing a national standard, a file format standard shall be prescribed by the State Department of Rehabilitation Services. (70-16-106)

Section 548. Revised Editions - Late Adoptions.

A. In the event that a publisher whose bid has been accepted shall publish at any time before the expiration of the adoption period a new or revised edition of the adopted textbook, the State Textbook Committee may require such publisher to substitute such new or revised edition for the adopted edition at a price to be mutually agreed upon by the publisher and the State Textbook Committee, but not in excess of the lowest price at which the same textbook will be sold or offered for sale for the purpose of securing a state or local selection or adoption elsewhere in the United States during the twelve (12) months preceding the date of submitting such new or revised edition. A contract shall be made for such new or revised edition as for any other selection. Each bidder shall expressly agree to this provision as a part of the bid and the contract awarded if successful.
B. In the event that a publisher shall publish a textbook for a subject during the period for which adoption for that subject have not expired, such publisher may submit a bid for such textbook at the time and in the manner other bids are submitted. The State Textbook Committee may adopt such book for the balance of the adoption period and thereafter local textbook committees may adopt such book. (70-16-107)

Section 549. Surety Bond - Attorney General - Recoveries.

The bidder to whom one or more contracts may be awarded shall make and execute a good and sufficient surety bond, payable to the State of Oklahoma, in a sum not less than Two Thousand Dollars ($2,000.00), nor more than Ten Thousand Dollars ($10,000.00), to be fixed by the Committee, conditioned that the contractor shall perform all of the conditions of the contract. Prior to acceptance, the contract shall be approved by an attorney for the State Department of Education and shall be in conformity with, and subject to, all of the provisions of this article. The bond shall not be exhausted by a single recovery thereon but may be sued upon until the full amount thereof is recovered; and the Committee may, after twenty (20) days’ notice, require a new bond to be given, and, in the event the contractor shall fail to furnish such new bond, such contract may at the option of the Committee be forfeited. (70-16-108)

Section 550. Right to Reject Bids - Failure to Secure Textbooks.

The State Textbook Committee shall have and reserve the right to reject any and all bids, if said Committee be of the opinion that any or all bids should, for any reason, be rejected; and in case it fails, from among the proposals submitted, to select sufficient books upon any of the branches of study provided for herein, it may advertise for sealed bids under the same terms as before, and proceed in its investigation in all respects as it did in the first instance. (70-16-109)

Section 551. List of Textbooks.

As soon as any contract is entered into for the furnishing of textbooks for use in the public schools of the state, the secretary of the State Textbook Committee shall send a list of the textbooks selected by the State Textbook Committee to every superintendent of schools and local textbook committee in the state, which list shall show the respective prices of such textbooks and contain such other information as the secretary shall deem advisable. The secretary shall annually publish and distribute a list of all textbooks that have been selected and that are then in force. (70-16-110)

The superintendent of schools or a designee who shall be a principal or a curriculum specialist shall serve as chairperson of the local textbook committee.

B. Upon the written request of any duly appointed local textbook coordinator, the publisher of a textbook selected by the State Textbook Committee shall furnish at least one examination copy of the textbook and the teacher edition of the textbook, if one is published, and a copy of software for purposes of complete demonstration and review, if available, to the school district so that the local textbook committee may examine any or all new adoptions in the subjects taught or to be taught in schools in the district.

C. Except as otherwise provided for in subsection E of this section, on or before a date to be fixed by the State Board of Education, each local textbook committee shall adopt textbooks from the multiple list selected by the State Textbook Committee in a manner as shall be prescribed by the State Board of Education. Each local textbook committee shall serve without compensation and shall cease to exist when local adoptions have been completed and shall be replaced by another local textbook committee appointed in the same manner as provided for in this section.

D. Except as otherwise provided for in subsection E of this section, on or before a date to be fixed by the State Board of Education, the superintendent of each school district shall submit to the State Board of Education a textbook plan outlining the estimated number of textbooks needed by the school district and the total amount of money to be expended by the district for textbooks including the allocated funds and any additional supplemental funds to be expended. The superintendent or textbook coordinator appointed by the superintendent, shall place orders from the proper depository or
depositories for all of the textbooks needed as outlined in the textbook plan by the district for the ensuing year. The superintendent of a school district or textbook coordinator may order any textbooks placed on the official multiple textbook list. E. 1. If a school district makes the election as provided for in subsection B of Section 16-114a of this title, the district shall not be required to appoint a local textbook committee, adopt textbooks, submit a textbook plan, or expend money on the purchase of textbooks during any fiscal year as provided for in this subsection.

2. The provisions of paragraph 1 of this subsection shall cease to be effective during a the fiscal year which begins on the July 1 immediately succeeding the legislative session during which the measure appropriating monies to the State Board of Education for the financial support of public schools is enacted as law and such appropriation amount is at least Fifty Million Dollars ($50,000,000.00) greater than the amount of money appropriated to the State Board of Education for the financial support of public schools for the fiscal year ending June 30, 2019, pursuant to Chapter 146, O.S.L. 2018. Provided, the Fifty Million Dollars ($50,000,000.00) shall not include any amount of appropriations dedicated for support or certified employee salary increases. (70-16-111)

The Legislature has mandated that the local committees adopt textbooks from State multiple list. There are no directives as to how the selection process is to be carried out. Therefore, in light of the Oklahoma Constitution and applicable statutes, there is no requirement that a local textbook committee review the full list of textbooks adopted by the State Textbook Committee, but whichever books they select must come from that list. August 2, 1993 (AG Inf. Op. No. 93-652)

Section 553. District Purchase of Supplementary Textbooks and Materials.

Each school district shall be responsible for any cost incurred by that district for rebinding services or freight or transportation costs. (70-16-113)

Section 555. Textbook Allocation to School Districts.

A. Based upon legislative appropriations, the State Board of Education shall determine the textbook allocation to be distributed to each school district in the state. Each year the textbook allocation for each school district shall be calculated and distributed in July and adjusted in December. The initial allocation shall be calculated based on the audited end-of-year average daily attendance of the preceding school year multiplied by Fifty-five Dollars ($55.00). The initial allocation shall be calculated and distributed to each school district in July. The December adjustment shall be calculated by multiplying the audited first nine (9) weeks’ average daily attendance for that current school year by Fifty-five Dollars ($55.00) and subtracting from that amount the amount of the initial allocation. Any unused portion of the value of textbooks allowed to a school district shall be cumulative and may be carried over by the school district to subsequent fiscal years, in addition to the allocation it is entitled to receive during that fiscal year.

Subject to the provisions of subsection E of Section 16-111 of this title, a school district that has received textbook funding flexibility approval from the Board may elect to expend any monies allocated pursuant to this section for textbooks, including any monies carried over as authorized pursuant to subsection A of this section, for any purpose related to the support and maintenance of the school district as determined by the board of education of the school district.

C. All textbooks distributed to a school district that have been destroyed by fire or other hazard shall be replaced by the State Board of Education. The total cost of all additional textbooks delivered to school districts to replace those destroyed by fire or other hazard shall not exceed, for the entire state in any fiscal year, the aggregate sum of One Hundred Thousand Dollars ($100,000.00), which sum shall be reserved for that purpose from any appropriation made to carry out the provision of this section for any fiscal year. No funds shall be provided for students attending special education classes less than two (2) hours per day. Those attending two (2) hours or more per day but less than four (4) hours shall receive a one-half (½) allocation. Those attending special education classes for four (4) or more hours per day shall receive a full allocation. (70-16-114.1)

Said depository or depositories may be operated jointly with other contractors. Each contractor shall maintain at the depository a sufficient supply of textbooks for individuals or boards of education desiring to purchase the same and shall be required to sell such books to any individual or board of education at the same price at which the textbook is sold to the State of Oklahoma plus cost of transportation to the individual or board of education purchasing textbook. Upon the failure of any contractor to carry a sufficient stock of books at the depository to take care of all immediate demands of the State of Oklahoma and others requesting the same, or to furnish the textbooks as required by the contract, the State Board of Education shall have power to recover on the bond given by such contractor for the full value of the books not furnished as required by the contract and terminate said contract. Any advance or sample textbook or any edition thereof furnished to a member of a local textbook committee, or to any school official or individual for the purpose of obtaining a local adoption of the textbook, may be returned to the publisher for credit if the cost of such book was charged against the value of textbooks allowed such school district. Publishers shall pay the cost of shipment on returned samples. All publishers having contracts to furnish textbooks to the State of Oklahoma shall be required to file with the State Board of Education, not later than the first day of January and the first day of July of each year following the dates of their respective contracts, a sworn statement showing the names and addresses of all persons to whom they have furnished, during the preceding six (6) months, any advance or sample copies of such textbooks, or any edition thereof, together with the numbers and titles of such textbooks furnished to each such recipient, and a failure to do so, or to give accurate and complete information concerning the same, shall authorize the State Board of Education to cancel the contract of such publisher. Nothing herein shall prevent the purchase, from local school district funds, or any adopted textbook or any additional and supplementary textbooks if the board of education of any school district deems it necessary to make such purchases in order to establish and maintain the highest standards of excellence of its schools.

B. 1. Each school child who has been issued a set of textbooks pursuant to this section, and the parents or legal guardian of such child shall be responsible to the school district for the return of or payment for such textbook issued to the child which is not returned to the school.

2. The State Board of Education is authorized to promulgate rules requiring the return of or payment for any textbook used by a school child which is not returned to the school. Such rules shall provide for certain exceptions to such policies. Local boards shall include considerations for the inability to pay for the textbook, and reasons for the nonreturn of the textbook. A local school board is authorized to withhold transcripts, or other records of the school relating to any school

(5) The Board of Trustees may terminate the Tax-Sheltered Annuity Program administered under 26 U.S.C. Section 403(b). To assist in minimizing any such harm, an employer that sponsors a local tax-sheltered annuity program under 26 U.S.C. Section 403(b) and that has an active or inactive participant with an account balance under the program, shall permit the provider administering the program on the effective date of such termination to be a provider in the local program and to offer the same investment options to program participants that were available under the program. The employer is required to permit the program provider to remain a provider under the local program for a two-year period beginning with the first day of the local program's plan year following the effective date of such termination; provided, that this requirement shall apply with respect to an investment option only so long as the program provider continues to lawfully provide the investment option. Notwithstanding the foregoing, any program participant may elect to remit contributions to and/or, subject to any contractual restrictions, transfer the balance of the program participant to, any other approved provider under the local program at any time during the two-year period provided herein. An employer that sponsors a local program that includes the program as the only investment option, and that has an active or inactive participant with an account balance under the program, shall permit the program provider to be a provider in that local program subject to the above terms, or the local program of the employer shall terminate at such time that the program is terminated, in which case the employer shall be prohibited from contributing to any 403(b) program on behalf of any employee for the twelve-month period required under Treasury Regulation Section 1.403(b)-10. (6) Should any member, with less than ten (10) years of teaching service in Oklahoma, in any period of six (6) consecutive years after becoming a member be absent from service more than five (5) years, withdraw his or her contributions, retire or die, he or she shall thereupon cease to be a member. The provisions of this paragraph shall not apply to any member of the Teachers' Retirement System who has been a member of such classes of military services as may be approved by the Board of Trustees, until a period of one and one-half (1 1/2) years from date of termination of such service shall have elapsed; and

Employees of the Oklahoma State University Cooperative Extension Service who are members of the Oklahoma Public Employees Retirement System shall cease accruing benefits in the Oklahoma Public Employees Retirement System and shall commence accruing benefits under the Teachers’ Retirement System of Oklahoma on July 1, 1987. On January 1, 1988, the Oklahoma Public Employees Retirement System shall transfer to the Teachers’ Retirement System of Oklahoma the actual amount contributed to the Oklahoma Public Employees Retirement System by the state and by each employee of the Oklahoma State University Cooperative Extension Service transferring to the Teachers’ Retirement System of Oklahoma and the retirement records of those transferring employees. Section 574. Prior Service Credit.

(1) Under such rules and regulations as the Board of Trustees shall adopt, each member who became a member within one (1) year after July 1, 1943, shall file a detailed statement of all service as a member rendered by him prior to the date of establishment for which he claims credit.

(2) The Board of Trustees shall fix and determine by appropriate rules and regulations how much service in any year is equivalent to one (1) year of service, but in no case shall it allow any credit for a period of absence without pay of more than one (1) month’s duration nor shall more than one (1) year of service be creditable for all services in one (1) school year. Service rendered for a regular school year shall be equivalent to one (1) year’s service.
(a) Prior service credit shall be granted to any member who shall become a member when he has completed one year of membership service credit. Prior service shall include years taught in what is now Oklahoma preceding statehood.

1. Subject to the above restrictions and to such other rules and regulations as the Board of Trustees may adopt, the Board of Trustees shall verify, as soon as practicable after the filing of such statements of service, the service therein claimed.

2. Upon verification of the statements of service, the Board of Trustees shall issue prior service certificates certifying to each member the length of service rendered prior to the date of establishment, with which he is credited on the basis of his statement of service. So long as membership continues, a prior service certificate shall be final and conclusive for retirement purposes as to such service; provided, however, the Board of Trustees may, upon request of the member, modify or correct his prior service certificate. The prior service credit and certificate of a member who has retired may be corrected, if incorrect. When the correction constitutes an addition to the retired members’ service record, the Board of Trustees may grant allowance retroactively as the facts justify.

When membership ceases such prior service certificate shall become void. Should the former member return to service in Oklahoma, he shall again become a member not entitled to prior service credit, with the provision that he may reestablish his prior service credit by redepositing in the appropriate fund the amount formerly withdrawn, with the interest at five percent (5%) per annum from the date membership ceased to the date of redeposit; provided, however, effective January 1, 1990, the rate of interest provided herein shall be ten percent (10%) per annum. No member shall be permitted to take advantage of this provision for restoration of prior service more than onetime.

(b) Any person who is, or shall become, a member of the Teachers’ Retirement System may receive prior service credit for not more than five (5) years of service rendered in public schools, state colleges, or state universities outside this state prior to July 1, 1943, subject to the regulations of the Board of Trustees, provided he is not receiving, and is not eligible to receive, retirement credit or benefits for this service in any other teacher retirement system, subject to the following provision:

1. The member is required to have two (2) years of creditable service teaching earned in Oklahoma for each year of out-of-state credit granted.

The amount of prior service teaching credit to be allowed such teacher shall be determined by the Board of Trustees. (70-17-104)

(1) (a) Any member who has attained age fifty-five (55) or who has completed thirty (30) years of creditable service, as defined in Section 17-101 of this title, or for any person who initially became a member prior to July 1, 1992, regardless of whether there were breaks in service after July 1, 1992, whose age and number of years of creditable service total eighty (80) may be retired upon proper application for retirement on forms established by the System and executing a retirement contract. Such a retirement date will also apply to any person who became a member of the sending system as defined in this act, prior to July 1, 1992, regardless of whether there were breaks in service after July 1, 1992. Any person who became a member after June 30, 1992, but prior to November 1, 2011, whose age and number of years of creditable service total ninety (90) may be retired upon proper application for retirement and executing a retirement contract. Any person who becomes a member on or after November 1, 2011, who attains the age of sixty-five (65) years or who reaches a normal retirement date pursuant to subparagraph (d) of paragraph (24) of Section 17-101 of this title having attained a minimum age of sixty (60) years may be retired upon proper application for retirement and executing a retirement contract. The application shall be filed on the form provided by the Board of Trustees for this purpose, not less than sixty (60) days before the date of retirement, provided that the Executive Director may waive the sixty-day deadline for good cause shown as defined by the Board.

1. The employer shall provide the System with the following information for a retiring member, no later than the fifteenth day of the month of retirement: last day physically on the job; last day on payroll; any regular compensation not already reported to the System; and final unused sick leave balance.
2. Failure to submit this information by the deadline, or errors in submitted information that result in a disqualification of retirement eligibility shall be the responsibility of the employer. In cases where the error results in disqualification of retirement eligibility, it is the employer's responsibility to reemploy the member, or retain the member on the payroll, for the time period required to reach eligibility, not exceeding two (2) months.

(b) An individual who becomes a member of the Teachers' Retirement System on or after November 1, 2017, shall be employed by the public schools, state colleges or universities of Oklahoma for a minimum of seven (7) years and be a contributing member of the Teachers' Retirement System of Oklahoma for a minimum of seven (7) years to qualify for monthly retirement benefits from the Teachers' Retirement System of Oklahoma.

(c) Any member with seven (7) or more years of Oklahoma teaching service and whose accumulated contributions during such period have not been withdrawn shall be given an indefinite extension of membership beginning with the sixth year following his or her last contributing membership and shall become eligible to apply for retirement and be retired upon attaining age fifty-five (55).

(2) An unclassified optional member who has retired or who retires at sixty-two (62) years of age or older whose retirement is because of disability shall have his or her minimum retirement benefits calculated on an average salary of Five Thousand Three Hundred Fifty Dollars ($5,350.00) or, if a larger monthly allowance would result, an amount arrived at pursuant to application of the formula prescribed herein.

(3) No member shall receive a lesser retirement benefit than he or she would have received under the law in effect at the time he or she retired. Any individual under the Teachers' Retirement System, who through error in stating the title of the position which he or she held, may, at the discretion of the Board of Trustees, be changed from the nonclassified optional group to the classified group for the purpose of calculating retirement benefits.

Any individual regardless of residence, who has a minimum of ten (10) years of teaching in Oklahoma schools prior to July 1, 1943, or who taught in Oklahoma schools prior to 1934 and thereafter taught a minimum of ten (10) years and who does not qualify under the present retirement System, or who has a minimum of thirty (30) years of teaching in Oklahoma schools and has reached seventy (70) years of age prior to July 1, 1984, and is not otherwise eligible to receive any benefits from the retirement system shall receive a minimum of One Hundred Fifty Dollars ($150.00) per month in retirement benefits from the Teachers' Retirement System of Oklahoma plus any general increase in benefits for annuits as may be provided hereafter by the Legislature. Each individual must apply to the Teachers' Retirement System for such benefit and provide evidence to the Teachers' Retirement System that the service was actually rendered. The surviving spouse of any person who made application for the benefit provided for by this paragraph during his or her lifetime but did not receive the benefit may submit an application to the System for payment of the benefit for those months during the lifetime of the deceased person that he or she was eligible for but did not receive the benefit. Upon approval of the application by the Board of Trustees, the benefit shall be paid to the surviving spouse in one lump sum.

(4) The value of each year of prior service is the total monthly retirement benefit divided by the number of years of creditable service.

(5) Upon application of a member who is actively engaged in teaching in Oklahoma or his or her employer, any member who has been a contributing member for ten (10) years may be retired by the System subsequent to the execution and filing thereof, on a disability retirement allowance, provided that it is found by the Medical Board after medical examination of such member by a duly qualified physician that such member is mentally or physically incapacitated for further performance of duty, that such incapacity is likely to be permanent, and that such member should be retired. The System shall rely on and give full consideration to the conclusions and recommendations in the certified written report of the Medical Board of the Teachers' Retirement System regarding the disability application of such member. If the Medical Board does not find that a member applying for disability retirement is mentally or physically incapacitated for performance of duty or otherwise eligible for a disability retirement, the application shall then be considered by the Board of Trustees. If a member is determined to be eligible for disability benefits pursuant to the Social Security System, then such determination shall entitle the member to the authorized disability retirement allowance provided by law. For members who are not eligible for disability benefits pursuant to the Social Security System, the Board of Trustees and the Medical Board shall apply the same standard for which provision is made in the first two sentences of this subsection for determining the eligibility of a person for such disability benefits in making a determination of eligibility for disability benefits as authorized by this subsection.

(6) (a) A member who at the time of retirement has been found to be permanently physically or mentally incapacitated to perform
the necessary duties to continue in his or her current position shall receive a minimum monthly retirement payment for life or until such time as the member may be found to be recovered to the point where he or she may return to teaching. Any member retired before July 1, 1992, shall be eligible to receive the monthly retirement allowance herein provided, but such payment shall not begin until the first payment due him or her after July 1, 1992, and shall not be retroactive. The Board of Trustees is empowered to make such rules and regulations as it considers proper to preserve equity in retirements under this provision, which shall include a provision to protect the rights of the member's spouse.

(b) A member who has qualified for retirement benefits under disability retirement shall have the total monthly payment deducted from his or her accumulated contributions plus interest earned and any money remaining in the member's account after the above deductions at the death of the member shall be paid in a lump sum to the beneficiary or to the estate of the member. Provided, if the deceased disabled member had thirty (30) years or more of creditable service and the death occurred after June 30, 1981, and death occurred prior to the disabled member receiving twelve monthly retirement payments, a surviving spouse may elect to receive the retirement benefit to which the deceased member would have been entitled at the time of death under the Option 2 Plan of Retirement provided for in subsection (8) of this section in lieu of the death benefit provided for in this subsection and in subsection (12) of this section.

(c) Once each year the System may require any disabled annuitant who has not yet attained the age of sixty (60) years to undergo a medical examination, such examination to be made at the place of residence for the disabled annuitant or other place mutually agreed upon by a physician or physicians designated by the System. Should any disabled annuitant who has not yet attained the age of sixty (60) years refuse to submit to at least one medical examination in any such year by a physician or physicians designated by the System his or her allowance may be discontinued until he or she submits to such examination.

(d) Should the Medical Board report and certify to the Board of Trustees that such disabled annuitant is engaged in or is able to engage in a gainful occupation paying more than the difference between his or her retirement allowance and the average final compensation, and should the Board of Trustees concur in such report then the amount of his or her pension shall be reduced to an amount which, together with his or her retirement allowance and that amount earnable by him or her, shall equal the amount of his or her average final compensation. Should his or her earning capacity be later increased, the amount of his or her pension may be further modified, provided the new pension shall not exceed that amount of the pension originally granted nor an amount, which when added to the amount earnable by the member, together with his or her annuity, equals the amount of his or her average final compensation.

(e) Should a disabled annuitant be restored to active service, his or her disability retirement allowance shall cease and he or she shall again become a member of the Teachers' Retirement System and shall make regular contributions as required under this article. The unused portion of his or her accumulated contributions shall be reestablished to his or her credit in the Teachers' Savings Fund. Any such prior service certificates on the basis of which his or her service was computed at the time of his or her retirement shall be restored to full force and effect.

(7) Should a member before retirement under Section 1-101 et seq. of this title make application for withdrawal duly filed with the System, not earlier than four (4) months after the date of termination of such service as a teacher, the contribution standing to the credit of his or her individual account in the Teachers' Savings Fund shall be paid to him or her or, in the event of his or her death before retirement, shall be paid to such person or persons as he or she shall have nominated by written designation, duly executed and filed with the System; provided, however, if there be no designated beneficiary surviving upon such death, such contributions shall be paid to his or her administrators, executors, or assigns, together with interest as hereinafter provided. In lieu of a lump-sum settlement at the death of the member, the amount of money the member has on deposit in the Teachers' Savings Fund and the money the member has on deposit in the Teachers' Deposit Fund may be paid in monthly payments to a designated beneficiary, who must be the spouse, under the Maximum or Option 1 Plan of Retirement providing the monthly payment shall not be less than Twenty-five Dollars ($25.00) per month. The monthly payment shall be the actuarial equivalent of the amount becoming due at the member's death based on the sex of the spouse and the age the spouse has attained at the last birthday prior to the member's death. Provided further, if there be no designated beneficiary surviving upon such death, and the contributions standing to the credit of such member do not exceed Two Hundred Dollars ($200.00), no part of such contributions shall be subject to the payment of any expense of the last illness or funeral of the deceased member or any expense of administration of the estate of such deceased and the System, upon satisfactory proof of the death of such member and of the name or names of the person or persons who would be entitled to receive such contributions under the laws of descent and distribution of the state, may authorize the payment of accumulated contributions to such person or persons. A member terminating his or her membership by withdrawal after June 30, 2003, shall have the interest computed at a rate of interest determined by the Board of Trustees and paid to him or her subject to the following schedule:
(a) If termination occurs within sixteen (16) years from the date membership began, fifty percent (50%) of such interest accumulations shall be paid.

(b) With at least sixteen (16) but less than twenty-one (21) years of membership, sixty percent (60%) of such interest accumulations shall be paid.

(c) With at least twenty-one (21) but less than twenty-six (26) years of membership, seventy-five percent (75%) of such interest accumulations shall be paid.

(d) With at least twenty-six (26) years of membership, ninety percent (90%) of such interest accumulations shall be paid.

In case of death of an active member, the interest shall be calculated and restored to the member's account and paid to his or her beneficiary.

(8) (a) In lieu of his or her retirement allowance payable throughout life for such an amount as determined under this section, the member may select a retirement allowance for a reduced amount payable under any of the following options the present value of which is the actuarial equivalent thereof.

(b) A member may select the option under which he or she desires to retire at the end of the school year in which he or she attains age seventy (70) and the option shall be binding and cannot be changed. Provided further that if a member retires before age seventy (70), no election of an option shall be effective in case an annuitant dies before the first payment due under such option has been received.

(c) The first payment of any benefit selected shall be made on the first day of the month following approval of the retirement by the System. If the named designated joint annuitant under Option 2 or 3 dies at any time after the member's retirement date, but before the death of the member, the member shall return to the retirement benefit, including any post retirement benefit increases the member would have received had the member not selected Option 2 or 3 of this subsection. The benefit shall be determined at the date of death of the designated joint annuitant. This increase shall become effective the first day of the month following the date of death of the designated joint annuitant, and shall be payable for the member's remaining lifetime. The member shall notify the Teachers' Retirement System of Oklahoma of the death of the designated joint annuitant in writing. In the absence of the written notice being filed by the member notifying the Teachers' Retirement System of Oklahoma of the death of the designated joint annuitant within six (6) months of the date of death, nothing in this subsection shall require the Teachers' Retirement System of Oklahoma to pay more than six (6) months of retrospective benefits increase.

Option 1. If he or she dies before he or she has received in annuity payments the present value of his or her annuity as it was at the time of his or her retirement, the balance shall be paid to his or her legal representatives or to such person as he or she shall nominate by written designation duly acknowledged and filed with the System at the time of his or her retirement; or

Option 2. A member takes a reduced retirement allowance for life. Upon the death of the member the payments shall continue to the member's designated joint annuitant for the life of the joint annuitant. The written designation of the joint annuitant must be duly acknowledged and filed with the System at the time of the member's retirement and, except as provided in paragraph (e) of this subsection, cannot be changed after the effective date of the member's retirement; or

Option 3. A member receives a reduced retirement allowance for life. Upon the death of the member one-half (1/2) of the retirement allowance paid the member shall be continued throughout the life of the designated joint annuitant. A written designation of a joint annuitant must be duly acknowledged and filed with the System at the time of the member's retirement and, except as provided in paragraph (e) of this subsection, cannot be changed after the effective date of the member's retirement; or

Option 4. Some other benefit or benefits shall be paid either to the member or to such joint annuitant as he or she shall nominate, provided such other benefit or benefits, together with the reduced retirement allowance, shall be certified by the actuary to be of equivalent actuarial value to his or her retirement allowance and shall be approved by the System.

(d) Provided that Option 2 and Option 3 shall not be available if the member's expected benefit is less than fifty percent (50%) of the lump-sum actuarial equivalent and the designated joint annuitant is not the spouse of the member.

(e) A member who chose the maximum retirement benefit plan at the time of retirement may make a one-time election to choose either Option 2 or 3 and name the member's spouse as designated joint annuitant if the member marries after making the initial
election. Such an election shall be made within one (1) year of the date of marriage. The member shall provide proof of a member's good health before the System will permit a change to either Option 2 or 3 and the naming of a designated joint annuitant. A medical examination conducted by a licensed physician is required for purposes of determining good health. Such examination must be approved by the Medical Board. The member shall be required to provide proof of age for the new joint annuitant. The System shall adjust the monthly benefit to the actuarially equivalent amount based on the new designated joint annuitant's age. The Board of Trustees shall promulgate rules to implement the provisions of this subsection.

(f) A member who retires after the effective date of this act and has selected a retirement allowance for a reduced amount payable under one of the options provided for in this subsection may make a one-time irrevocable election to select a different option within sixty (60) days of the member's retirement date. The beneficiary or joint annuitant designated by the member at the time of retirement shall not be changed if the member makes the election provided for in this paragraph.

(g) Any individual who is eligible to be a beneficiary or joint annuitant of a member under this subsection, and who is also a beneficiary of a trust created under the Oklahoma Discretionary and Special Needs Trust Act, Section 175.81 et seq. of Title 60 of the Oklahoma Statutes, or a comparable Trust Act created under the laws of another state, hereinafter collectively referred to as "Trust Acts", may be a beneficiary or joint annuitant under this subsection by having the trustee of the trust established for the benefit of that individual named as the legal beneficiary or joint annuitant under this subsection. The age of that beneficiary shall be used for calculating any benefit payable to the trust under this subsection. The beneficiary of such a trust shall be treated as the beneficiary or joint annuitant under this subsection except that payments of any benefits due under this subsection shall be payable to the lawfully appointed trustee of the trust. The obligation of the System to pay the beneficiary or joint annuitant under this subsection shall be satisfied by payment to the trustee whom the System, in good faith, believes to be the lawfully appointed trustee. Any conflict between the statutes creating and governing the Teachers' Retirement System in Section 17-101 et seq. of this title and the provisions of any Trust Act referred to above shall be resolved in favor of the statutes governing the System. If an eligible beneficiary or joint annuitant is named at the time of retirement, and becomes a beneficiary of a trust under one of the Trust Acts described herein after that time, the System will acknowledge the trust as the beneficiary upon the submission of adequate documentation of the existence of the trust. All other provisions of this subsection shall apply to these subsequently created trusts.

(h) The Board of Trustees of the System may recognize other trusts set up for the benefit of individuals otherwise eligible to be named as a beneficiary or joint annuitant under this subsection by administrative rule if it can be done without undue additional administrative expense of the System.

(9) The governing board of any "public school", as that term is defined in Section 17-101 of this title, is hereby authorized and empowered to pay additional retirement allowances or compensation to any person who was in the employ of such public school for not less than seven (7) school years preceding the date of his or her retirement. Payments so made shall be a proper charge against the current appropriation or appropriations of any such public school for salaries for the fiscal year in which such payments are made. Such payments shall be made in regular monthly installments in such amounts as the governing board of any such public school, in its judgment, shall determine to be reasonable and appropriate in view of the length and type of service rendered by any such person to such public school by which such person was employed at the time of retirement. All such additional payments shall be uniform, based upon the length of service and the type of services performed, to persons formerly employed by such public school who have retired or been retired in accordance with the provisions of Section 17-101 et seq. of this title.

The governing board of any such public school may adopt rules and regulations of general application outlining the terms and conditions under which such additional retirement benefits shall be paid, and all decisions of such board shall be final.

(10) In addition to the teachers' retirement herein provided, teachers may voluntarily avail themselves of the Federal Social Security Program upon a district basis.

(11) Upon the death of an in-service member, the System shall pay to the designated beneficiary of the member or, if there is no designated beneficiary or if the designated beneficiary predeceases the member, to the estate of the member, the sum of Eighteen Thousand Dollars ($18,000.00) as a death benefit. Provided, if the deceased member had ten (10) years or more of creditable service, the member's designated beneficiary may elect to receive the retirement benefit to which the deceased member would have been entitled at the time of death under the Option 2 plan of retirement in lieu of the death benefit provided for in this subsection. Provided further, the option provided in this subsection is only available when the member has designated one individual as the designated beneficiary. The beneficiary or beneficiaries of death benefits in the amount not to exceed Eighteen Thousand Dollars ($18,000.00), but exclusive of any retirement benefit received by an electing beneficiary based upon creditable service performed by the deceased member, which are provided pursuant to this subsection may elect to disclaim such death
benefits in which case such benefits will be transferred to a person licensed as a funeral director or to a lawfully recognized business entity licensed as required by law to provide funeral services for the deceased member. The qualified disclaimer must be in writing and will be an irrevocable and an unqualified refusal to accept all or a portion of the death benefit. It must be received by the transferor no more than nine (9) months after the later of the day the transfer creating the interest in the disclaiming person is made or the day the disclaiming person attains age twenty-one (21). The interest in the death benefits must pass without direction by the disclaiming person to another person.

(12) Upon the death of a retired member who has contributed to the System, the retirement system shall pay to the designated beneficiary of the member or, if there is no designated beneficiary or if the designated beneficiary predeceases the member, to the estate of the member, the sum of Five Thousand Dollars ($5,000.00) as a death benefit. The beneficiary or beneficiaries of benefits provided pursuant to this subsection may elect to disclaim such death benefits in which case such benefits will be transferred to a person licensed as a funeral director or to a lawfully recognized business entity licensed as required by law to provide funeral services for the deceased member. The qualified disclaimer must be in writing and will be an irrevocable and an unqualified refusal to accept all or a portion of the death benefit. It must be received by the transferor no more than nine (9) months after the later of the day the transfer creating the interest in the disclaiming person is made or the day the disclaiming person attains age twenty-one (21). The interest in the death benefits must pass without direction by the disclaiming person to another person. The benefit payable pursuant to this subsection shall be deemed, for purposes of federal income taxation, as life insurance proceeds and not as a death benefit if the Internal Revenue Service approves this provision pursuant to a private letter ruling request which shall be submitted by the Board of Trustees of the System for that purpose.

(13) Upon the death of a member who dies leaving no living beneficiary or having designated his or her estate as beneficiary, the System may pay any applicable death benefit, unpaid contributions, or unpaid benefit which may be subject to probate, in an amount of Twenty-five Thousand Dollars ($25,000.00) or less, without the intervention of the probate court or probate procedure pursuant to Section 1 et seq. of Title 58 of the Oklahoma Statutes.

(a) Before any applicable probate procedure may be waived, the System must be in receipt of the member's proof of death and the following documents from those persons claiming to be the legal heirs of the deceased member:

1. The member's valid last will and testament, trust documents or affidavit that a will does not exist;

2. An affidavit or affidavits of heirship which must state:

   a. the names and signatures of all claiming heirs to the deceased member's estate including the claiming heirs' names, relationship to the deceased, current addresses, tax I.D. numbers if known and current telephone numbers,

   b. a statement or statements by the claiming heirs that no application or petition for the appointment of a personal representative is pending or has been granted in any jurisdiction,

   c. a description of the personal property claimed, (i.e., death benefit or unpaid contributions or both) together with a statement that such personal property is subject to probate,

   d. a statement by each individual claiming heir identifying the amount of personal property that the heir is claiming from the System, and that the heir has been notified of, is aware of and consents to the identified claims of all the other claiming heirs of the deceased member pending with the System;

3. A written agreement or agreements signed by all claiming heirs of the deceased member which provides that the claiming heirs release, discharge and hold harmless the System from any and all liability, obligations and costs which it may incur as a result of making a payment to any of the deceased member's heirs;

4. A corroborating affidavit from an individual other than a claiming heir, who was familiar with the affairs of the deceased member;

5. Proof that all debts of the deceased member, including payment of last sickness, hospital, medical, death, funeral and burial expenses have been paid or provided for.

(b) The Executive Director of the System shall retain complete discretion in determining which requests for probate waiver may be granted or denied, for any reason. Should the System have any question as to the validity of any document presented by the
claiming heirs, or as to any statement or assertion contained therein, the probate requirement provided for in Section 1 et seq. of Title 58 of the Oklahoma Statutes shall not be waived.

(c) After paying any death benefits or unpaid contributions to any claiming heirs as provided pursuant to this subsection, the System is discharged and released from any and all liability, obligation and costs to the same extent as if the System had dealt with a personal representative of the deceased member. The System is not required to inquire into the truth of any matter specified in this subsection or into the payment of any estate tax liability.

(14) Upon the death of a retired member, the benefit payment for the month in which the retired member died, if not previously paid, shall be made to the joint annuitant if still living, to the beneficiary of the member if the joint annuitant is deceased, or to the member's estate if there is no surviving joint annuitant or beneficiary. Such benefit payment shall be made in an amount equal to a full monthly benefit payment regardless of the day of the month in which the retired member died. (70-17-105)

Note: Amended by HB 2553 of the 2018 Reg. Sess. Effective 8-2-2018

An early retirement incentive plan which provided for termination of benefits in succeeding years if "[b]ecause of lack of funds, the Board of Education does not authorize such payments in any subsequent fiscal year," created an ambiguous contract. It was therefore for the jury to determine what the parties meant by "lack of funds," and such determination would be upheld. Ahlschlager v. Lawton School District, 2010 OK 41.

Board of Education is authorized to pay additional retirement allowances to any person who (1) meets the requirements of 70-1-116(i); (2) has been employed with the public school from which the additional benefits will be paid for at least ten years preceding retirement; and (3) is a member of the Oklahoma Teachers' Retirement System. The term "teacher" in 70-17-105(a) is any person who meets the requirements of 70-1-116(i) and fiscal year expenditure limits of Oklahoma Constitution, Art. X, Section 26 are applicable to payment of additional retirement compensation. February 12, 1990 (AG Op. No. 89-67)

Where there is no designated beneficiary or where designated beneficiary has predeceased the annuitant, payment of death benefit must be made to estate of annuitant and not directly to next of kin. January 24, 1988 (AG Op. No. 83-102)

Section 576. Payment of Balance of Deceased Member’s Accumulated Contributions.

In the event the total retirement payments made to a retired member and the retired member’s joint annuitant, if any, are less than the member’s accumulated contributions with interest as credited at the time of retirement under Section 17-105 of this title, the difference shall be paid to the member’s designated beneficiary or if no designated beneficiary survives, then to the member’s nearest surviving next of kin as determined by law. This provision shall apply to retired members dying on or after July 1, 1979. (70-17-105.1)

Section 577. Partial Lump Sum Payment.

A. A member who is eligible to retire with at least thirty (30) years of creditable service may elect to receive a partial lump-sum payment on the date of retirement and a reduced annuity. The partial lump-sum payment shall be an amount equal to the unreduced retirement benefit, which shall be referred to as the “Maximum Retirement Allowance” for purposes of this section, which would have been paid over a period of twelve (12), twenty-four (24) or thirty-six (36) months, had the lump-sum option not been elected. Once the payout amount is elected, a reduced Maximum Retirement Allowance is then calculated using factors adopted by the Board of Trustees based upon the System’s actuarial expected rate of return and the member’s age at retirement and the payout option (twelve (12), twenty-four (24), or thirty-six (36) months) elected. This reduced Maximum Retirement Allowance shall also be reduced in accordance with any retirement options the member has elected pursuant to Section 17-105 of Title 70 of the Oklahoma Statutes.
B. The partial lump-sum payment, pursuant to this section, shall be paid in a check separate from the regular monthly retirement benefit. The total amount of the partial lump-sum payment shall be deducted from the member’s account balance consisting of the employee contributions plus interest for purposes of determining unused contributions remaining in the account. The member may elect to roollover the taxable portion of the partial lump-sum payment to an eligible retirement plan or individual retirement account (IRA). The nontaxable portion of the partial lump-sum payment can be rolled over to an IRA or another qualified retirement plan as allowed by the Internal Revenue Code and regulations. This partial lump-sum payment shall be subject to federal income tax in accordance with the Internal Revenue Code Section 72 and other such Internal Revenue Code sections and regulations as may be applicable. This partial lump-sum benefit is subject to the same restrictions for assignment and attachment as all other retirement benefits. The appropriate portion of the partial lump-sum distribution will be reported to the Internal Revenue Service (IRS) as taxable income and appropriate tax withholdings will be withheld unless the member elects to make a direct rollover of the taxable portion of the funds. Should the member have after-tax contributions, a portion of such after-tax contributions will be allocated to the partial lump-sum payment and to the remaining annuity on a prorata basis.

C. The partial lump-sum option under this section may be elected only once by a member and may not be elected by a retiree.

D. The board of trustees shall promulgate any rules necessary for the implementation of this section. (70-17-105.2)

Section 578. Board of Trustees.

(1) The general administration and responsibility for the proper operation of the retirement system and for making effective the provisions of the act are hereby vested in a Board of Trustees which shall be known as the Board of Trustees and shall be organized immediately after a majority of the trustees provided for in this section shall have qualified and taken the oath of office.

After the initial terms of office the terms of the members shall be four (4) years.

(g) Upon the expiration of the term of office of the stockbroker member of the Board, the Governor shall appoint a member to the Board whose initial term of office shall expire on January 14, 1991. (i) Upon the expiration of the term of office of the investment counselor member of the Board, the Governor shall appoint a member to the Board whose initial term of office shall expire on January 14, 1991. The Legislature intended 2014 Okla. Sess. Laws ch. 13, § 1 to allow for the appointment of one member to the Oklahoma Teachers' Retirement System Board of Trustees representing one statewide organization of retired educators. (2014 OK AG 8)

The State is obligated to actuarially maintain the funding of the Oklahoma Teachers' Retirement System. The State of Oklahoma must fund the unfunded actuarial accrued liability of the retirement system to a level of "actuarial soundness" and amortize the unfunded liability at the rate and term required in the individual system’s statutes. Should the State fail to fund or allow a system to become actuarially unsound, such a failure would constitute an impairment of the contractual rights between the State and the members of the system. Furthermore, the State has a general statutory, contractual, and constitutional duty to fund the retirement benefits of current members who have acquired vested rights. December 31, 1996 (AG Op. No. 96-21)

Board of Trustees cannot independently establish eligibility requirements for contributions to Teachers’ Retirement System. August 4, 1981 (AG Op. No. 81-147)

A. The Board of Trustees of the Teachers’ Retirement System of Oklahoma shall discharge their duties with respect to the System solely in the interest of the participants and beneficiaries and:

1. For the exclusive purpose of:
   a. providing benefits to participants and their beneficiaries, and
   b. defraying reasonable expenses of administering the System;

2. With the care, skill, prudence, and diligence under the circumstances then prevailing that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an enterprise of a like character and with like aims;

3. By diversifying the investments of the System so as to minimize the risk of large losses, unless under the circumstances it is clearly prudent not to do so; and

4. In accordance with the laws, documents and instruments governing the System.

B. The Board of Trustees of the Teachers’ Retirement System of Oklahoma may invest the assets of the System in real property owned or to be acquired by the State of Oklahoma. It is further authorized to acquire, exchange, and grant any real property under its jurisdiction as is necessary to carry out the investment in the real property. The Board of Trustees of the Teachers’ Retirement System of Oklahoma is authorized to invest not more than ten percent (10%) of the total value of assets of the system in connection with such investments. Limitations on investment of the assets of the system provided herein shall be determined as of the date of its making or acquisition.

The committee shall have no authority to act on behalf of the Board of Trustees in any circumstances whatsoever. No recommendation of the committee shall have effect as an action of the Board of Trustees nor take effect without the approval of the Board of Trustees as provided by law.

E. The Board of Trustees may retain qualified investment managers to provide for the investment of the monies of the System. The investment managers shall be chosen by a solicitation of proposals on a competitive bid basis pursuant to standards set by the Board of Trustees. Subject to the overall investment guidelines set by the Board of Trustees, the investment managers shall have full discretion in the management of those monies of the System allocated to the investment managers. The Board of Trustees shall manage those monies not specifically allocated to the investment managers. The monies of the System allocated to the investment managers shall be actively managed by the investment managers, which may include selling investments and realizing losses if such action is considered advantageous to longer term return maximization. Because of the total return objective, no distinction shall be made for management and performance evaluation purposes between realized and unrealized capital gains and losses.

F. Funds and revenues for investment by the investment managers or the Board of Trustees shall be placed with a custodian selected by the Board of Trustees. The custodian shall be a bank or trust company offering pension fund master trustee and master custodial services. The custodian shall be chosen by a solicitation of proposals on a competitive bid basis pursuant to standards set by the Board of Trustees. In compliance with the investment policy guidelines of the Board of Trustees, the custodian bank or trust company shall be contractually responsible for ensuring that all monies of the System are invested in income-producing investment vehicles at all times. If a custodian bank or trust company has not received direction from the investment managers of the System as to the investment of the monies of the System in specific investment vehicles, the custodian bank or trust company shall be contractually responsible to the Board of Trustees for investing the monies in appropriately collateralized short-term interest-bearing investment vehicles.

I. After July 1 and before December 1 of each year, the Board of Trustees shall publish widely an annual report presented in simple and easily understood language pursuant to uniform reporting standards prescribed by the Oklahoma State Pension Commission for all state retirement systems. The report shall be submitted to the Governor, the Speaker of the House of Representatives, the President Pro Tempore of the Senate, the Oklahoma State Pension Commission and the members of the System. The annual report shall cover the operation of the System during the past fiscal year, including income, disbursements, and the financial condition of the System at the end of the fiscal year. The annual report shall also contain the information issued in the quarterly reports required pursuant to subsection H of this section as well as a summary of the results of the most recent actuarial valuation to include total assets, total liabilities, unfunded liability or over funded status, contributions and any other information deemed relevant by the Board of Trustees. The annual report shall be written in such a manner as to permit a readily understandable means for analyzing the financial condition and performance of the System for the fiscal year. (70-17-106.1)

The amount required to be subtracted from the amount by which the employee's gross salary would otherwise be reduced pursuant to this subsection shall be subject to any applicable federal or state taxes. The employing district shall prepare its payroll records to reflect that the total employee contribution amount, for the salary not in excess of the applicable minimum salary amount, has been paid pursuant to a combination of the deduction from the member's salary and the amount credited to the employee contribution account of the member pursuant to subsection A of this section. A member may receive credit for not more than five (5) years of teaching service rendered while in the Peace Corps or in the public schools of a territory of the United States or the public schools, American Military Dependent Schools or state colleges or state universities outside this state by paying his or her contributions, plus interest, and membership fees to the retirement system, subject to the regulations of the Board of Trustees, providing he or she is not receiving and is not eligible to receive retirement credit or benefits from said service in any other public retirement system of this state, or any other state or territory of the United States subject to the following provisions:

   a. the member is required to have two (2) years of employed service teaching earned in Oklahoma for each year of Peace Corps, territorial, out-of-state, noncovered in-state or military membership credit granted.

   b. prior to January 1, 1991, the out-of-state or noncovered in-state payment shall be the normal cost, which means the single sum which would have been paid under existing law at the time the service was performed, plus interest, on the basis of what his or her annual salary would have been in Oklahoma or out of state, whichever is greater, had he or she been employed as a teacher. Effective January 1, 1991, the Peace Corps, territorial, out-of-state or noncovered in-state payment shall be the amount determined by the Board of Trustees pursuant to Section 17-116.8 of this title.

2. In addition to the deductions hereinafore provided for, any member who becomes a member of the Armed Forces of the United States of America during any period of national emergency, including World War II, the Korean conflict, the Vietnam conflict or others as may be determined by the Board of Trustees, or whose entrance into or training for the teaching profession was interrupted by his or her entrance into the Armed Forces, and who was or shall have become a member of the Teachers’ Retirement System shall be granted the privilege of making up his or
her five percent (5%) contributions as provided for in this section until January 1, 1991, for not to exceed five (5) years of service in the Armed Forces by electing to pay said contributions on the basis of the rate of pay in his or her contract as a teacher at the time his or her service in the Armed Forces commenced or in the case of a teacher who was not teaching prior to entering the Armed Forces, on the basis of the salary of the first year of teaching after being honorably discharged from the Armed Forces. Effective January 1, 1991, the member will receive such service upon payment of the amount determined by the Board of Trustees pursuant to Section 17-116.8 of this title. Such contributions shall be credited in the regular manner, and the period for which said contributions were paid shall be counted as creditable years of service and allocated to the period during which the military service was rendered, except that the period for which contributions were paid must have been continuous and shall be credited in the aggregate, regardless of fiscal year limitations. Notwithstanding any provision herein to the contrary, contributions, benefits and service credit with respect to qualified military service as defined by Section 414(u) of the Internal Revenue Code of 1986, shall be provided in accordance with Section 414(u) of the Internal Revenue Code.

3. Retirement benefits for all service credits purchased pursuant to this subsection shall be determined in accordance with the provisions of paragraph 2 of this subsection.

G. Effective July 1, 2004, the total creditable service of a member who retires or terminates employment and elects a vested benefit shall include not to exceed one hundred twenty (120) days of unused sick leave accumulated subsequent to August 1, 1959. Twenty (20) days of unused sick leave shall equal one (1) month for purposes of creditable service credit. If the member becomes a member or was eligible to become a member prior to July 1, 1995, the year of credit received in this section shall be treated as service earned prior to July 1, 1995. This subsection shall apply to members retiring or vesting on or after the effective date of this act and shall not be retroactive.

H. Any member who:

1. Shall be absent from the teaching service because of election to the State Legislature or appointment to the executive branch in an education-related capacity shall be allowed thirty (30) days from the date as of which the person is officially elected or appointed to file an election with the Teachers’ Retirement System to retain his or her membership in the Teachers' Retirement System upon payment of the contribution required of other members and employers of said members as provided for in this section and his or her service credits shall continue to be accumulated during such absence, provided he or she is not receiving retirement credits or benefits from said service beginning after July 1, 1992, in other public retirement systems; or

2. Became an employee of the Oklahoma Commission for Teacher Preparation on or subsequent to June 1, 2001, but prior to July 1, 2002, who was previously employed by a participating employer within the Teachers’ Retirement System of Oklahoma, may elect to cancel any accumulated service credit accrued within the Oklahoma Public Employees Retirement System on or after June 1, 2001, but prior to July 1, 2002, by filing an election with the Oklahoma Public Employees Retirement System for the cancellation of such service credit. The election shall be irrevocable and shall require the Oklahoma Public Employees Retirement System to transfer all accumulated employer and employee contributions made on behalf of or by the person making such election to the Teachers' Retirement System for such period of time. The Teachers’ Retirement System shall compute the employee contributions that would have been made to the System by such employee if the contributions had been computed pursuant to this section. In order to receive the full amount of creditable service for the period of time on or after June 1, 2001, but not later than June 30, 2002, the employee shall be required to pay any difference between the transferred employee contributions and the amount computed by the Teachers’ Retirement System. The employee may make payment of any required amount in the manner provided by and subject to the requirements of Section 17-116.8 of this title. After payment of all required employee contributions, the Teachers’ Retirement System shall credit the period of time represented by the transferred employee contributions as creditable service within the meaning of Section 17-101 of this title. After the transfer of the employee contributions, the Oklahoma Public Employees Retirement System shall cancel any service credit previously accumulated for the period of time represented by such transferred employee contributions. Any person who makes the election provided for by this paragraph, and who continues employment with the Oklahoma Commission for Teacher Preparation on or after July 1, 2002, shall continue to accrue service credit in the Teachers’ Retirement System of Oklahoma. The employer shall make employer contributions according to the requirements of Section 17-108.1 of this title and shall provide for the deduction of employee contributions as required by this section.
I. Any member who shall be absent from the teaching service because of election or appointment as a local, state or national education association officer, prior to January 1, 2011, shall be allowed to retain his or her membership in the Teachers' Retirement System upon payment of the contribution required of other members and employers of said members as provided for in this section and his or her service credits shall continue to be accumulated during such absence. Provided, however, any one such absence shall not exceed twelve (12) continuous years. No member who has less than ten (10) years of contributory service on July 1, 1994, may make this election after June 30, 1994. Members contributing to the System on July 1, 1994, may continue to contribute under this subsection until they have completed eight (8) years allowed by this subsection. The member may file for retirement when otherwise eligible for retirement as provided by Section 17-105 of this title.

J. A member may receive credit for those years of service accumulated by the member while employed by an entity which is a participating employer in the Oklahoma Firefighters Pension and Retirement System, the Oklahoma Police Pension and Retirement System, the Uniform Retirement System for Justices and Judges, the Oklahoma Law Enforcement Retirement System, or the Oklahoma Public Employees Retirement System, if the member is not receiving or eligible to receive retirement credit or benefits from said service in any other public retirement system. A member also may receive credit for those years of service with the Department of Wildlife Conservation or with an employer that is a participating employer within one of the state retirement systems specifically referred to in this section when at the time of such service by the member the employer was not such a participating employer, if the member is not receiving or eligible to receive retirement credit or benefits from said service in any other public retirement system. To receive the service credit provided in this subsection, the member shall pay the amount determined by the Board of Trustees pursuant to Section 17-116.8 of this title. For purposes of this subsection, creditable service transferred from the Oklahoma Public Employees Retirement System shall include service authorized under paragraph (f) of subsection (2) of Section 913 of Title 74 of the Oklahoma Statutes as amended from time to time. Members who retire prior to July 1, 1993, shall have their monthly benefit adjusted to include all services accrued under paragraph (f) of subsection (2) of Section 913 of Title 74 of the Oklahoma Statutes. Provided however, any adjustment of existing retirement benefits caused by reason of inclusion of such service authorized under paragraph (f) of subsection (2) of Section 913 of Title 74 of the Oklahoma Statutes shall not affect any retirement benefit paid prior to July 1, 1993.

K. 1. An active member of the Teachers' Retirement System of Oklahoma may receive credit for those years of service accumulated by the member while a member of the Oklahoma Public Employees Retirement System if:

   a. the member is an active member of the Teachers' Retirement System of Oklahoma, and

   b. the member provides notice to the Oklahoma Public Employees Retirement System and the Teachers' Retirement System of Oklahoma of the member's election to transfer said service credit. The notice shall include a list of the years to be transferred, and

   c. the member is not receiving or eligible to receive retirement credit or benefits from said service in any other public retirement system, notwithstanding the years of service sought to be transferred under this subsection.

Members electing to take advantage of the transfer authorized by this subsection who are receiving or eligible to receive retirement credit or benefits from said service in any other public retirement system shall have all service credit with the Oklahoma Public Employees Retirement System canceled which is not transferred to the Teachers' Retirement System of Oklahoma or used as a cash offset in such a transfer pursuant to subparagraph d of paragraph 2 of this subsection. Service credit transferred to the Teachers' Retirement System of Oklahoma under this subsection shall also be canceled with the Oklahoma Public Employees Retirement System.

2. For purposes of this subsection, the "sending system" shall mean the Oklahoma Public Employees Retirement System. The "receiving system" shall mean the Teachers' Retirement System of Oklahoma.

   a. Within thirty (30) days notification of an intent to transfer is received by the sending system, the sending system shall, according to its own rules and regulations:

      (1) for members who have accrued at least eight (8) years of credited service with the sending system, determine the present value of the member's earned benefits attributable to the years of service sought to be transferred, discounted according to the member's age at the time of transfer and computed as of the earliest age at which the member would be able to retire. Said computation shall assume an unreduced benefit and be computed using interest and mortality assumptions consistent with the actuarial
assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation, but shall not make any projections regarding future salary. For employees who have accrued at least eight (8) years of credited service, the sending system shall use the product of this calculation for purposes of determining the transfer fee to be paid by the employee under subparagraph c of this paragraph so long as it is greater than the product of the calculation in division (2) of this subparagraph, and

(2) determine the sum of the employee and employer contributions applicable to the years of service sought to be transferred plus interest consistent with the actuarial assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation. For all non-vested members, and for members who have accrued at least eight (8) years of credited service, if the product of this calculation is greater than the product of the calculation in division (1) of this subparagraph, the sending system shall use the product of this calculation for purposes of determining the amount to be transferred by the sending system under subparagraph c of this paragraph and any transfer fee to be paid by the member under subparagraph d of this paragraph.

b. Within thirty (30) days notification of an intent to transfer is received by the receiving system, the receiving system shall determine, according to the system's own rules and regulations, the present value of the member's incremental projected benefits discounted according to the member's age at the time of the transfer. Incremental projected benefits shall be the difference between the projected benefit said member would receive without transferring the service credit and the projected benefit after transfer of service credit computed as of the earliest age at which the member would be able to retire. Said computation shall assume an unreduced benefit and be computed using interest, salary projections and mortality assumptions consistent with the actuarial assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation.

c. The sending system shall, within sixty (60) days from the date notification of an intent to transfer is received by the sending system, transfer to the receiving system the amount determined in subparagraph a of this paragraph. Except if the cost as calculated under subparagraph a of this paragraph is greater than the actuarial value of the incremental benefit in the receiving system, as established in subparagraph b of this paragraph, the sending system shall send the receiving system an amount equal to the actuarial value of the incremental projected benefit in the receiving system.

d. In order to receive the credit provided for in paragraph 1 of this subsection, if the cost of the actuarial value of the incremental benefit to the receiving system is greater than the cost as calculated under subparagraph a of this paragraph for the same years of service to the sending system as established in subparagraphs a and b of this paragraph, the employee shall elect to:

(1) pay any difference to receive full credit for the years sought to be transferred, or

(2) receive prorated service credit for only the amount received from the Oklahoma Public Employees Retirement System pursuant to this subsection.

Such an election shall be made in writing, filed with the System prior to receiving the credit provided for in paragraph 1 of this subsection, and shall be irrevocable.

3. Within sixty (60) days of successfully completing all of the requirements for transfer under this subsection, the sending system shall pay the receiving system any amount due under this subsection. Within sixty (60) days of successfully completing all of the requirements for transfer under this subsection, the member shall pay the receiving system any amount due under this subsection. In the event that the member is unable to pay the transfer fee provided for in this subsection by the due date, the Board of Trustees of the receiving system shall permit the member to amortize the transfer fee over a period not to exceed sixty (60) months. Said payments shall be made by payroll deductions unless the Board of Trustees permits an alternate payment source. The amortization shall include interest in an amount not to exceed the actuarially assumed interest rate adopted by the Board of Trustees for investment earnings each year. Any member who ceases to make payment, terminates, retires or dies before completing the payments provided for in this section shall receive prorated service credit for only those payments made, unless the unpaid balance is paid by said member, his or her estate or successor in interest within six (6) months after said member's death, termination of employment or retirement, provided no retirement benefits shall be payable until the unpaid balance is paid, unless said member or beneficiary affirmatively waives the additional six-month period in
which to pay the unpaid balance.

4. Years of service transferred pursuant to this subsection shall be used both in determining the member's retirement benefit and in determining the years of service for retirement and/or vesting purposes. Years of service rendered as a member of the Oklahoma Public Employees Retirement System prior to July 1, 1992, if any, shall be deemed to be years of service rendered as a member of the Teachers' Retirement System of Oklahoma prior to July 1, 1992, and shall qualify such person as a member of the Teachers' Retirement System of Oklahoma before July 1, 1992.

5. Notwithstanding the requirements of subsection (5) of Section 917 of Title 74 of the Oklahoma Statutes, members electing to take advantage of the transfer authorized by this subsection who have withdrawn their contributions from the sending system shall remit to the sending system the amount of the accumulated contributions the member has withdrawn plus simple interest of ten percent (10%) per annum prior to making said election or the election shall be deemed invalid and the transfer shall be canceled. If such an election is deemed invalid and the transfer is canceled, the accumulated contribution remitted to the sending system by the member who originally withdrew their contributions shall be returned to the member. The member's rights and obligations regarding any service credit reestablished in the sending system due to a failure to satisfy the requirements of this subsection shall be determined by the sending system in accordance with Section 901 et seq. of Title 74 of the Oklahoma Statutes.

6. If any member fails for any reason to satisfy the requirements of this subsection, the election to transfer service credit shall be void and of no effect, and any service credited as a result of this transfer shall be canceled. If such service is canceled, the years of canceled service credit which were unsuccessfully transferred to the receiving system from the sending system shall be reestablished in the sending system. The member's rights and obligations regarding any service credit reestablished in the sending system due to a failure to satisfy the requirements of this subsection shall be determined by the sending system in accordance with Section 901 et seq. of Title 74 of the Oklahoma Statutes.

7. The Board of Trustees shall promulgate such rules as are necessary to implement the provisions of this subsection.

L. Any member whose regular annual compensation was not determined as provided for by law may pay the member contribution required pursuant to subsection B of this section on such amount not included in the member's regular annual compensation and receive credit for such amount in the calculation of the member's benefit. The employees must pay the employer contributions required pursuant to Section 17-108.1 of this title. Interest at the rate of ten percent (10%) per annum shall be charged to both employee and employer contributions. Provided that the employing district may pay all or any portion of the contributions and interest the member is required to pay. Any payment by the employing district for a prior year obligation shall be considered a current obligation of the employer.

M. Any active member who elected during the 1978-79 school year to pay the difference between five percent (5%) on actual salary not exceeding Ten Thousand Dollars ($10,000.00) and six percent (6%) on actual salary not exceeding Fifteen Thousand Dollars ($15,000.00) shall receive credit for one (1) year of credited service upon receipt and approval of a proper request by the Board of Trustees.

N. Effective July 1, 1988, any member who is employed by the Governor, the State Senate, the House of Representatives or the Legislative Service Bureau shall be allowed to elect to retain membership in the Retirement System upon payment of the accrued and current member contributions and employer contributions as provided in subsection B of this section and Section 17-108.1 of this title. Such contributions may be paid on behalf of the member by the employing entity. Upon payment of such contributions, service credits shall continue to be accumulated during such employment. Accrued contributions shall be paid to the Retirement System by August 1, 1989. Current contributions shall be paid to the Retirement System by the tenth of the following month beginning with the month of July 1989.

O. Notwithstanding any requirements of this title to restrict the payment of service purchases, the Board of Trustees shall promulgate such rules as necessary to allow active members of the System to make installment payments for the redeposit of withdrawn accounts or other payments due under the provisions of this title. The rules shall permit the member to amortize the balance due over a period not to exceed sixty (60) months, and shall include interest consistent with the actuarial assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation. Further, the rules
shall provide that all payments must be completed prior to the effective retirement date of the member.

P. 1. A member of the Oklahoma Public Employees Retirement System who becomes a member of the Teachers' Retirement System of Oklahoma because the member has become employed by an entity or institution within The Oklahoma State System of Higher Education, State Board of Education, State Board of Career and Technology Education, Oklahoma Department of Career and Technology Education, Oklahoma School of Science and Mathematics, Oklahoma Center for the Advancement of Science and Technology, State Department of Rehabilitation Services, Oklahoma State Regents for Higher Education, Department of Corrections, State Department of Education, Oklahoma Board of Private Vocational Schools, Board of Regents of Oklahoma Colleges, Oklahoma Student Loan Authority, or the Teachers' Retirement System of Oklahoma, may elect to receive credit in the Teachers' Retirement System of Oklahoma for those years of service accumulated by the member in the Oklahoma Public Employees Retirement System pursuant to this subsection. A member shall be eligible to elect to receive credit for such years of service if:

   a. the member is an active member of the Teachers' Retirement System of Oklahoma,

   b. the member provides notice to the Teachers' Retirement System of Oklahoma and the Oklahoma Public Employees Retirement System of the member's election to transfer such retirement credit. The notice shall include a list of the years to be transferred, and

   c. the member is not receiving or eligible to receive retirement credit or benefits from such service in any other public retirement system, notwithstanding the years of service sought to be transferred under this subsection. Members electing to take advantage of the transfer authorized by this subsection shall have all service credit with the Oklahoma Public Employees Retirement System canceled which is transferred to the Teachers' Retirement System of Oklahoma.

2. For purposes of this subsection, the "sending system" shall mean the Oklahoma Public Employees Retirement System. The "receiving system" shall mean the Teachers' Retirement System of Oklahoma. Within thirty (30) days after notification of an intent to transfer is received by the sending system, the sending system shall, according to its own rules, send to the receiving system all employer and employee contributions made on behalf of the member which were made to the sending system plus an additional amount of earnings based on the actuarial assumed rate of the sending system. Upon receipt of these contributions by the receiving system, the receiving system shall give credit to the transferring member in an amount equal to the years of service accrued in the sending system.

3. If the transferring member's normal retirement date calculation is based upon the sum of the member's age and number of years of credited service totaling eighty (80) in the sending system, then the member shall retain such calculation in the receiving system.

4. The Board of Trustees shall promulgate such rules as are necessary to implement the provisions of this subsection.

Q. A former member of the Teachers' Retirement System of Oklahoma who withdrew his or her contributions from the System prior to January 1, 1983, and who had at least ten (10) years of service in the System and purchased that service in the Oklahoma Public Employees Retirement System, may elect to revoke that purchase from the Oklahoma Public Employees Retirement System and to repay the withdrawn contributions to the System in order to be eligible, once such member reaches the normal retirement age, to receive a retirement benefit that is based upon years of service and compensation at the time such member terminated employment. In addition, such former member may elect to transfer service credit accrued in the Oklahoma Public Employees Retirement System to the Teachers' Retirement System of Oklahoma pursuant to subsection L of this section. The election, pursuant to this subsection, shall be made prior to September 1, 2000. The election and the repayment shall be made according to rules promulgated by the Board. (70-17-116.2)

Section 597. Election Regarding Maximum Compensation Level.

A. Except as otherwise provided by this section, an active contributing member of the retirement system who performed membership service as an employee of a comprehensive university on or after July 1, 1995, but not later than June 30, 1996, may with respect to membership service performed between those dates, inclusive, elect to:
1. Retroactively impose a maximum compensation level of Thirty-two Thousand Five Hundred Dollars ($32,500.00), if the member was subject to a maximum compensation level of Twenty-seven Thousand Five Hundred Dollars ($27,500.00) for service performed on or after July 1, 1995, but not later than June 30, 1996; or

2. Retroactively impose a maximum compensation level of Forty-nine Thousand Dollars ($49,000.00), if the member was subject to a maximum compensation level of Forty-four Thousand Dollars ($44,000.00) for service performed on or after July 1, 1995, but not later than June 30, 1996.

B. Except as otherwise provided by this section, an active contributing member of the retirement system who performed membership service as an employee of an entity or institution within The Oklahoma State System of Higher Education, other than a comprehensive university, on or after July 1, 1995, but not later than June 30, 1996, may with respect to membership service performed between those dates, inclusive, elect to retroactively remove the maximum compensation level applicable to the member’s compensation for any service performed during that time period.

C. A member electing a maximum compensation level or removing a maximum compensation level pursuant to subsection A or subsection B of this section shall be required to pay to the retirement system the full amount of employer contributions and employee contributions applicable for the period of service based upon the elections authorized by this section, less the amount of employer contributions and employee contributions made or credited for that period, plus ten percent (10%) interest from the date such contributions would have been made until the payment is made to the retirement system. The interest charged pursuant to this subsection shall be compounded annually. A member may pay the amount prescribed by this subsection at any time prior to the date as of which the member files the written application for retirement with the retirement system. An entity or institution within The Oklahoma State System of Higher Education may make payment to the retirement system for any part or all of the amount required by this subsection for an employee of that entity or institution in order for retirement benefits to be computed at the applicable maximum compensation level for membership service performed on or after July 1, 1995, but not later than June 30, 1996. Any amount paid by an employer pursuant to this subsection shall be deemed to be picked up by the employer pursuant to Section 414(h) of the Internal Revenue Code of 1986, as amended.

D. If a member who elects a retroactive maximum compensation level or who elects to retroactively remove a maximum compensation level pursuant to subsection A or subsection B of this section fails to pay the amount required to receive credit for compensation earned on or after July 1, 1995, but not later than June 30, 1996, the member shall receive retirement benefits for this period of service based upon compensation upon which both the required employer and employee contributions were actually made.

E. For purposes of computing the retirement allowance of a member authorized to make the election authorized by subsection A or subsection B of this section, no member electing a retroactive maximum compensation level or retroactively removing a maximum compensation level pursuant to subsection A or subsection B of this section may receive retirement benefits for the period of service based upon compensation in excess of the amount of compensation upon which employer and employee contributions were actually paid unless full payment to the retirement system is made as required by subsection C of this section.

F. No provision contained in this section shall be considered or construed to require payment of any sum by an entity or institution within The Oklahoma State System of Higher Education of amounts owed to the retirement system by a member who makes an election authorized by subsection A or subsection B of this section.

G. A member eligible to make the election authorized by subsection A or subsection B of this section shall:

1. Make the election in writing, upon a form to be prescribed by the Board of Trustees; and

2. File the election with the Board of Trustees not later than December 31, 1996.

H. All elections authorized by the provisions of subsection A or subsection B of this section shall be permitted once, and only once, for each employee authorized to make the election. Any election made pursuant to the provisions of this section shall be irrevocable and shall bind the employee, the employee’s heirs, beneficiaries and other interested persons, with respect to the amount of compensation upon which contributions shall be made and the amount of retirement benefits resulting from the election so made. Any employee who is eligible to make an election pursuant to the provisions of this section, but who fails to do so, for whatever reason, shall forfeit any right or power by the employee to attempt to exercise the election at any later
time. All elections made pursuant to this section shall be operative only for service performed and compensation received from an entity or institution within The Oklahoma State System of Higher Education and shall not have any effect with respect to compensation received from any other participating employer within the Teachers’ Retirement System of Oklahoma. (70-17-116.2A)

Section 599. Education Employees Service Incentive Plan (EESIP).

A. As used in this section:

1. "Contribution deficit" means the amount of money computed for an eligible employee by multiplying the employee contribution rate in effect for any period of service performed on or after July 1, 1987, through June 30, 1995, multiplied by the amount of salary earned by the member in excess of the applicable maximum compensation level of the member for such period with interest at the rate of ten percent (10%) per year compounded annually; provided, that for the designated fiscal years prescribed by subparagraphs a and b of this paragraph, the contribution deficit payment shall be adjusted to:

   a. fifty percent (50%) of the total amount of the computation otherwise prescribed by this paragraph for the fiscal year ending June 30, 2007,

   b. seventy-five percent (75%) of the total amount of the computation otherwise prescribed by this paragraph for the fiscal year ending June 30, 2008, and

   c. one hundred percent (100%) of the total amount of the computation otherwise prescribed by this paragraph for the fiscal year ending June 30, 2009, and for each fiscal year thereafter;

2. "Eligible employee" means a member of the System who has not retired prior to the effective date of this act and who has performed service at any time prior to June 30, 1995, and who fulfills the requirements of this act with respect to inclusion of pre-cap removal years of service in a retirement benefit computation and:

   a. who has already reached a normal retirement age prior to the effective date of this act and has not retired prior to the effective date of this act,

   b. who reaches a normal retirement age on or after the effective date of this act, and

   c. who is employed by an institution within The Oklahoma State System of Higher Education that is not a comprehensive university or a regional institution offering a four-year degree program as designated or authorized by the Oklahoma State Regents for Higher Education;

3. "Maximum average salary amount", subject to the requirements of this paragraph related to the funding level for employer contribution rates, means:

   a. Sixty Thousand Dollars ($60,000.00) regardless of any otherwise applicable maximum compensation level for the fiscal year ending June 30, 2007,

   b. Eighty Thousand Dollars ($80,000.00) regardless of any otherwise applicable maximum compensation level for the fiscal year ending June 30, 2008, and

   c. the full amount of the average salary without any limitation for the fiscal year ending June 30, 2009, and or each fiscal year thereafter.

The maximum final average salary amount otherwise authorized pursuant to subparagraph b or subparagraph c of this paragraph shall be contingent upon the participating employer in whose employment the member is active upon the date the member retires receiving, for the fiscal year during which the member's retirement will begin, the amount of funds required pursuant to subparagraph (A)(1) of Section 17-108.1 of this title in order to allow the employer contribution rates prescribed by subparagraph (A)(1) of Section 17-108.1 of this title to be effective as law. If a member is employed by an employer that does not receive the funding required by subparagraph (A)(1) of Section 17-108.1 of this title for the fiscal year during which the member's retirement will begin, the member shall not be authorized to use the maximum final average salary otherwise authorized by this paragraph to compute retirement benefits;

4. "Maximum compensation level" means either:

   a. Twenty-five Thousand Dollars ($25,000.00) if a member did not elect to make employee contributions on a
higher salary amount for any pre-cap removal years of service, or

b. Forty Thousand Dollars ($40,000.00) if a member did elect to make employee contributions upon actual salary not in excess of such amount for any pre-cap removal years of service;

5. "Pre-cap removal service" means any service performed by an active member prior to June 30, 1995; and

6. "System" means the Teachers' Retirement System of Oklahoma;

B. Unless otherwise expressly provided by this section, any definition contained in Section 17-101 of this title otherwise applicable to computation of benefits for retired members of the Teachers' Retirement System of Oklahoma shall have the same meaning for purposes of this section.

C. Effective July 1, 2006, any eligible member of the Teachers' Retirement System of Oklahoma, who, as of July 1, 2006, has already reached a normal retirement age or who on or after July 1, 2006, reaches a normal retirement age as defined by paragraph 24 of Section 17-101 of this title, shall be eligible to have a retirement benefit computed as provided by this section. If a member is eligible for the benefit computation authorized by this section, the average salary used to compute the retirement benefit of the member shall be governed by the provisions of this section and such provisions shall govern in the event of conflict between this section and the provisions of Section 17-116.2 of this title.

D. An eligible employee who performs service in the manner prescribed by subsection E of this section and who makes payment of the applicable contribution deficit amount may have a retirement benefit computed as otherwise authorized by Section 17-105 of this title, but shall have such benefit computed without regard to any maximum compensation level that would otherwise be applicable to the compensation of the member for any period of pre-cap removal service.

E. In order to have retirement benefits computed as authorized by subsection C of this section, and in addition to the payment of the contribution deficit amount required by this section, in order to have any pre-cap removal service included in the retirement benefit computation of the member using the average salary earned during such period of participating service subject to the maximum average salary amount, the member shall be required to perform one (1) year of participating service on or after the date as of which the member reaches a normal retirement age, for each two (2) years of service performed prior to July 1, 1995. For purposes of this section, any year of service performed prior to the effective date of this act after a member reached a normal retirement age shall qualify for purposes of the retirement benefit computation authorized by this section.

F. One (1) year of participating service performed by an eligible member who, prior to the effective date of this act has reached a normal retirement age or, who on or after July 1, 2006, reaches a normal retirement age, shall result in the inclusion of the two (2) years of participating service immediately preceding July 1, 1995, in a retirement benefit computation using the average salary of the member, subject to the maximum average salary amount. For each additional year of participating service performed by the eligible member thereafter, whether such service has been performed prior to the effective date of this act or whether such service is performed on or after the effective date of this act, the two (2) next succeeding years of pre-cap removal service performed prior to the end of the preceding two-year period may be included in the benefit computation without regard to the maximum compensation level of the member that would otherwise be applicable to such pre-cap removal service.

G. The eligible member shall be required to make payment to the Teachers' Retirement System of Oklahoma of the contribution deficit amount for any year of service performed on or after July 1, 1987, but not later than June 30, 1995, as prescribed by subsections H through K of this section in order to have any years of pre-cap removal service included in the retirement benefit computation using the average salary of the member subject to the maximum average salary amount.

H. In order to have years of service included in the benefit computation using average salary subject to the maximum average salary amount, the member shall be required to make payment of the contribution deficit for the following years of service and in the sequence prescribed by subsection I of this section according to the adjustments required by subparagraphs a and b of paragraph 1 of subsection A of this section:

1. July 1, 1987, through June 30, 1988;
2. July 1, 1988, through June 30, 1989;
5. July 1, 1991, through June 30, 1992;
6. July 1, 1992, through June 30, 1993;
7. July 1, 1993, through June 30, 1994; and

I. For each year of service performed by the eligible member prior to the effective date of this act and after having reached a normal retirement age, or for each year of service performed by the member after reaching a normal retirement age on or after the effective date of this act, the member shall be required to make payment of the contribution deficit amount for each year of service beginning with the years described in paragraphs 7 and 8 of subsection H of this section. For each additional year of service performed by the eligible member after the normal retirement age of the member, the member shall make payment of the contribution deficit amount for each of the next two (2) years of service as described in:

1. Paragraphs 5 and 6 of subsection H of this section;
2. Paragraphs 3 and 4 of subsection H of this section; and
3. Paragraphs 1 and 2 of subsection H of this section.

J. After making payment of all required contribution deficit amounts for all periods of service described in paragraphs 1 through 8 of subsection H of this section, an eligible member who has performed any additional years of service after having reached a normal retirement age, or for each year of service performed by the member after reaching a normal retirement age on or after the effective date of this act, the member may then include any additional two-year period of service performed prior to July 1, 1987, using the average salary of the member, subject to the maximum average salary amount, in the retirement benefit computation for such years of service by performing one (1) additional year of service.

K. No contribution deficit payments shall be required of the eligible member with respect to years of service performed prior to July 1, 1987, if such years of service are included in the retirement benefit computation of the member using average salary as otherwise authorized by this section, subject to the maximum average salary amount.

L. An eligible member may make the payment of the contribution deficit amount required by this section at any time prior to the retirement of the member from the System; however, no years of pre-cap removal service for which full payment of the required contribution deficit has not been made pursuant to the requirements of this section may be included in the retirement benefit computation of the otherwise eligible member using the average salary of the member for such period, subject to the maximum average salary amount.

M. Any pre-cap removal years of service for which the required contribution deficit payment has not been made to the System shall only be included in a retirement benefit computation using the maximum compensation level in effect for the member at the time such years of service were performed.

N. All payments to the System for pre-cap removal service shall be made prior to the date as of which a member retires. No payments to the System for pre-cap removal service otherwise authorized by this section shall be made after a member retires from the System and begins to receive benefits.

O. Any eligible member who, prior to the effective date of this act, has not previously made an election for payment of employee contributions on a maximum compensation level of Twenty-five Thousand Dollars ($25,000.00) for pre-cap removal service may file an election with the System to make payment of the required contribution deficit amount pursuant to this section. Such an election shall be irrevocable.

P. No participating employer of the System shall make payment of any required contribution deficit amount on behalf of any otherwise eligible member, whether directly or indirectly, in order for the member to have retirement benefits computed according to the provisions of this section.
Q. No member of the System who has retired prior to July 1, 2006, shall be eligible to make any payments of the contribution deficit amount and no such member shall have the ability to have a retirement benefit recomputed as a result of the provisions of this section.

R. The additional retirement benefit attributable to the provisions of this section may be computed for members who retire on or after July 1, 2006, but prior to January 1, 2007, but the additional retirement benefit attributable to the provisions of this section shall not be payable until January 1, 2007. On and after January 1, 2007, the additional retirement benefit attributable to the provisions of this section shall be added to the retirement benefit amount of any member who retires on or after July 1, 2006, and prior to January 1, 2007, and such increased benefit amount shall be payable to the member or any beneficiary of the member as otherwise provided pursuant to the provisions of Section 17-101 of this title in the same manner as other retirement benefits are payable. (70-17-116.2C)

Section 600. Forfeiture of Retirement Benefits.

A. Any member of the System upon final conviction of, or pleading guilty or nolo contendere to, a felony in a state or federal court of competent jurisdiction shall forfeit all retirement benefits provided by law; however, the forfeiture of retirement benefits shall not occur if any such member of the System received a deferred sentence, but retirement benefits shall not commence prior to completion of the deferred sentence. The forfeiture of retirement benefits required by this subsection shall not include such member’s contributions to the retirement system or retirement benefits that are vested on the effective date of this act.

B. The forfeiture of retirement benefits as provided by subsection A of this section shall also apply to any member of the System who, after leaving active contributory employment, is convicted of, or pleads guilty or nolo contendere to, in a state or federal court of competent jurisdiction, a felony committed while in such employment, where the felony is for bribery, corruption, forgery or perjury or any other crime related to the duties of his or her employment, or related to campaign contributions or campaign financing for that or any other office.

C. Any claims for payment of retirement benefits to any such member of the System suspended from or forfeiting his or her retirement benefits shall be rejected by the System.

D. Such suspension or forfeiture shall continue until such time as the conviction or guilty plea is reversed by the highest appellate court to which the member may appeal.

E. The attorney responsible for prosecuting such members of the System shall notify the System of the forfeiture of such member’s retirement benefits. Upon receipt of the notice of forfeiture, the System shall immediately suspend all benefits of the member, and notify the member of his or her right to a hearing to review whether the conviction or plea qualifies for forfeiture of benefits under this section. If the conviction or plea occurs in federal court or the notice of forfeiture is not forthcoming from the state prosecutor, the System may investigate and gather court documents and contact prosecutors to determine whether the conviction or plea qualifies under this section. Upon obtaining sufficient documentation of the conviction or plea, the retirement system shall immediately suspend all benefits of the member, and notify the member of his or her right to a hearing to review whether the conviction or plea qualifies for forfeiture of benefits under this section. (70-17-116.2D)

Section 600.1. Increased Retirement Benefits - Members Retiring Prior to July 1, 1999.

A. Beginning July 1, 2000, a classified member who retired prior to July 1, 1999, who continues to receive benefits on or after July 1, 2000, shall have the member’s retirement allowance calculated on the member’s current average salary plus Five Hundred Dollars ($500.00).

B. Beginning July 1, 2000, a nonclassified member who retired prior to July 1, 1999, who continues to receive benefits on or after July 1, 2000, shall have the member’s retirement allowance calculated on the member’s current average salary plus Two Hundred Fifty Dollars ($250.00).

C. Beginning July 1, 2000, those individuals receiving benefits pursuant to subsection (3) of Section 17-105 of Title 70 of the Oklahoma Statutes whose benefits commenced prior to July 1, 1999, shall receive an increase in benefits of one and eight-tenths percent (1.8%). (70-17-116.2)

There is hereby created in the State Treasury a special fund which shall be designated the “Teachers’ Retirement Reserve Fund”. Said fund shall consist of such monies as the Legislature may transfer to such fund. The monies in said fund shall only be used to support or benefit public pension programs and shall be paid out pursuant to direction of the Legislature. (70-17-116.6)

Section 602. Supplemental Pension Benefits.

A. After the effective date of this act, before entering into any type of contract that creates an unfunded liability and is for the purpose of enhancing pension benefits for employees beyond the provisions of the Teachers’ Retirement System of Oklahoma, a state institution of higher education, technology center school district, or public school district, unless otherwise provided by law, shall forward to the Office of the Attorney General a copy of the contract and a copy of an actuarial report indicating the amount of unfunded liability that would be created pursuant to the contract. The Attorney General shall review the contract to ensure that the contract conforms to state law. No such contract shall be signed by the education entity until the Attorney General approves the contract. Any such contract entered into without complying with the requirements of this section shall be void.

B. In order to make the Legislature and Governor more aware of the effect of unfunded pension benefits and other post-employment benefits on state finances, annual audits conducted pursuant to law on state institutions of higher education, technology center school districts, and school districts shall be prepared in accordance with appropriate accounting standards pertaining to unfunded pension benefits and other post-employment benefits. The State Regents for Higher Education, the State Board of Career and Technology Education and the State Board of Education, jointly, shall have the information pertaining to benefits compiled into an annual report that shall be distributed to the Governor, the Speaker of the House of Representatives, and the President Pro Tempore of the Senate. (70-17-116.7)

Section 603. Computation of Purchase Price for Service Credit.

A. The Board of Trustees shall adopt rules for computation of the purchase price for service credit. These rules shall be the purchase price for each year purchased on the actuarial cost of the incremental projected benefits to be purchased. The purchase price shall represent the present value of the incremental projected benefits discounted according to the member’s age at the time of purchase. Incremental projected benefits shall be the difference between the projected benefits said member would receive without purchasing the service credit and the projected benefits after purchase of the service credit computed as of the earliest age at which the member would be able to retire. Said computation shall assume an unreduced benefit and be computed using interest and mortality assumptions consistent with the actuarial assumptions adopted by the Board of Trustees for purposes of preparing the annual actuarial evaluation.

B. In the event that the member is unable to pay the purchase price provided for in this section by the due date, the Board of Trustees shall permit the members to amortize the purchase price over a period not to exceed sixty (60) months. Said payments shall be made by payroll deductions unless the Board of Trustees permits an alternate payment source. The amortization shall include interest in an amount not to exceed the actuarially assumed interest rate adopted by the Board of Trustees for investment earnings each year. Any member who ceases to make payment, terminates, retires or dies before completing the payments provided for in this section shall receive prorated service credit for only those payments made, unless the unpaid balance is paid by said member, his or her estate or successor in interest within six (6) months after said member’s death, termination of employment or retirement, provided no retirement benefits shall be payable until the unpaid balance is paid, unless said member or beneficiary affirmatively waives the additional six-month period in which to pay the unpaid balance. The Board of Trustees shall promulgate such rules as are necessary to implement the provisions of this subsection. (70-17-116.8)

Section 604. Credit for Certain Teaching Service - Prior to the State-Supported Kindergarten.

Any member of the Teachers’ Retirement System of Oklahoma, who taught kindergarten on public school property prior to the state-supported kindergarten, and who subsequently taught in the public schools and has met the necessary qualifications, may receive credit in the System for such teaching service by, prior to January 1, 1991, making back contributions of ten percent (10%) of salary plus ten percent (10%) interest to the System as required by the Board of Trustees. Effective January 1, 1991, to receive the credit in the System for such teaching service, the member shall pay the
amount determined by the Board of Trustees pursuant to Section 17-116.8 of this title. (70-17-116.9)

Section 605. Post-Retirement Employment with a Public School.

1. Subject to the requirements of Section 6-101.2 of this title and any other applicable requirements of law, a member may enter into postretirement employment with a public school of Oklahoma and still receive monthly retirement benefits subject to the following limitations: A retired member is not eligible to be employed by the public schools of Oklahoma, in any capacity, for sixty (60) calendar days between the retiree’s last day of preretirement public education employment and any postretirement public education employment. For purposes of this section, the term “last day of preretirement employment” shall mean the last day the employee is required to be physically present on the job to complete the terms of the employment contract or agreement. An employee on paid leave is still considered to be employed for purposes of this section. Employment under any conditions during this time, volunteer services for the purpose of obtaining a paid position at a later date, or payment at a later time for services performed during this time period shall cause the forfeiture of all retirement benefits received during the period;

2. Unless otherwise provided in paragraph 3 of this subsection, earnings from the public schools may not exceed one-half (½) of the member’s final average salary used in computing retirement benefits, or the Earnings Limitation for employees allowed by the Social Security Administration, whichever is less. For retired members under the age of sixty-two (62) years, the limit on allowed earnings from the public schools of Oklahoma for employment for the performance of duties ordinarily performed by classified or nonclassified personnel shall be the lesser of Fifteen Thousand Dollars ($15,000.00) or one-half (½) of the member’s final average salary used in computing retirement benefits unless the earnings limitation allowed by the Social Security Administration would be greater than Fifteen Thousand Dollars ($15,000.00). For retired members sixty-two (62) years of age or older the limit on allowed earnings from the public schools of Oklahoma for the performance of duties ordinarily performed by classified or nonclassified personnel shall be the lesser of Thirty Thousand Dollars ($30,000.00) or one-half (½) of the member’s final average salary used in computing retirement benefits. For purposes of this paragraph, the following shall apply:

a. earnings shall mean “regular annual compensation” as defined in paragraph (25) of Section 17-101 of this title, and shall include any payment by a public school for services rendered by a retired member who is employed for any purpose whatsoever. Supplemental retirement payments paid by a former public school employer pursuant to subsection 9 of Section 17-105 of this title or other state law shall not be considered as earnings,

b. the Earnings Limitation for employees allowed by the Social Security Administration to workers between the age of sixty-two (62) years and sixty-five (65) years shall apply to retired members below the age of sixty-two (62) years,

c. the limit on allowed earnings from the public schools shall be automatically adjusted effective the first day of January of each year to reflect the current Earnings Limitation for employees as determined from time to time by the Social Security Administration,

d. the earnings limit for the calendar year in which a member retires shall be one-twelfth (1/12) of the annual limit multiplied by the number of months the member is eligible to work and receive payments from the public schools of Oklahoma,

e. earnings in excess of the maximum limit on allowed earnings from public schools of Oklahoma shall result in a loss of future retirement benefits for the year the postretirement employment was performed of One Dollar ($1.00) for each One Dollar ($1.00) earned over the maximum allowed earnings amount,

f. for those members age seventy (70) years and over, the earnings in excess of the maximum limit allowed earnings from public schools of Oklahoma shall be one-half (½) the member’s final average salary used in computing retirement benefits. However, any retired member receiving benefits from the Retirement System who reached age seventy (70) years prior to July 1, 1991, shall not be restricted by the earnings limits pursuant to this subparagraph until January 1, 1994. To qualify for the provisions of this subparagraph, the member must be employed less than one-half (½) time compared to other full-time employees in similar positions;

3. Notwithstanding paragraph 2 of this subsection, a retired classified or nonclassified member who has been retired for thirty-six (36) or more months and who is employed by a public school to perform duties ordinarily performed by classified or nonclassified personnel shall be able to receive annualized earnings from the public school with no reduction in retirement
benefits regardless of the amount of annualized earnings. For a period of three (3) years beginning July 1, 2017, members who have retired as of July 1, 2017, as active classroom teachers, who have been retired and receiving a benefit for at least one (1) year, and who have not been employed by any public school during that one-year period, shall be eligible to be reemployed as an active classroom teacher in common or career tech school districts, with no limitations on earnings. The one-year period starts with the retiree's last day of preretirement public education employment. Members returning under this section shall not be subject to any earning limitations following the end of the three-year period described in this paragraph. Members returning under this section shall only be employed pursuant to a temporary contract; and

4. A member shall be considered to be employed by a school district to perform the duties ordinarily performed by classified or nonclassified personnel if the member is hired by the school district in the member's individual capacity to perform the duties or if the member performs the duties through employment with a proprietorship, partnership, corporation, limited liability company or partnership, or any other business structure that has agreed or contracted to provide the services to the school district.

A. A public school district that employs a retired member shall be required to make contributions to the System for the retired member in an amount as required in Section 17-108.1 and in paragraph 3 of subsection B of Section 17-116.2 of this title.

STATE AID

Section 617. Declaration of Legislative Intent, Policies and Principles.

The Legislature hereby declares that this act is passed for the general improvement of the public schools in the State of Oklahoma; to provide the best possible educational opportunities for every child in Oklahoma; and to have a more beneficial use of public funds expended for education; and this act shall be liberally construed to attain these goals within the purview of the following principles and policies:

1. The education of our children is more than the performance of a duty or act of love. It is these things and also the highest expression of enlightened self-interest by the people of Oklahoma. Education is our finest investment.

2. The system of public schools should be designed to strengthen and encourage local responsibility for control of public education. Local school districts should be so organized, financed and directed that they can provide full educational opportunities for all children. The maximum public autonomy and responsibility for public education should remain with the local school districts and the patrons of such districts.

3. It is the responsibility of the state on behalf of the people of Oklahoma to establish, maintain, and continually improve the public schools of Oklahoma. In furtherance of this responsibility, the people of Oklahoma through the state have the responsibility to support financially the public schools.

4. Effective local control requires that local school districts contribute to the support of school budgets in proportion to their respective abilities.

5. The system of public school support should assure that state and local funds are adequate for the support of a realistic foundation program. It is unrealistic and unfair to the children of the less wealthy districts to provide less state support than is necessary for full educational opportunities.

6. The system of public school support should encourage local school districts to provide and support improved educational programs.

7. The system of public school support should make provisions for the apportionment of state funds to local school districts on a strictly objective basis that can be computed as well by the local districts as by the state.

8. The system of public school support should effect a partnership between the state and each local district, with each participating in accordance with its relative ability. The respective abilities should be combined to provide a
financial plan between the state and the local school district that will assure full educational opportunities for every child in Oklahoma.

9. State support should be extended to all local districts regardless of wealth, for this not only develops a sense of broader responsibility, but also creates flexibility tax wise permitting the exercise of local initiative. State support should, to assure equal educational opportunity, provide for as large a measure of equalization as possible among districts. The taxing power of the state should be utilized to raise the level of educational opportunity in the financially weakest districts of the state.

10. The system of public school support should provide for an equitable system of state and local sharing in the foundation program. The degree of local sharing should be based, as nearly as possible, on the true ability of the local district, so that each may contribute uniformly to the foundation program. (70-18-101)

2. If the action occurs prior to approval of the school district budgets by the county excise board, the annexed district shall be merged with the annexing district or districts and State Aid shall be calculated according to the formula provided by this title.

E. If any school district shall fail, neglect or refuse, for any reason whatsoever, to provide special education and related services for a child with disabilities, certified as such by competent authorities and residing in such district, as directed in Section 13-101 of this title, the following is hereby authorized:

Notwithstanding the provisions of the Education Open Transfer Act, a school district in which a child transferring under this section resides shall pay to the district receiving and educating such child, as tuition, a special education transfer fee as provided in paragraph 2 of this subsection. Provided the average daily membership of such child shall be credited to the resident district of such transferee.

For purposes of this paragraph, the special education transfer fee shall be as provided by paragraph 2 of this subsection, prorated by the receiving school district according to the number of days the student has been enrolled in the special education program. The receiving district shall notify the sending district immediately upon finding that the student requires special education and related services and the sending district shall participate in planning the student’s Individualized Education Program (IEP) and in subsequent reviews of the program in accordance with the Individuals with Disabilities Education Act (IDEA). Section 662. State Aid - Foundation Aid - Transportation Supplement - Salary Incentive Aid.

A. Beginning with the 1997-98 school year, and each school year thereafter, each school district shall have its initial allocation of State Aid calculated based on the state dedicated revenues actually collected during the preceding fiscal year, the adjusted assessed valuation of the preceding year and the highest weighted average daily membership for the school district of the two (2) preceding school years; however, the weighted membership of nonresident, transferred pupils enrolled in online courses shall be based on the weighted average daily membership of the preceding school year. Each school district shall submit the following data based on the first nine (9) weeks, to be used in the calculation of the average daily membership of the school district:

1. Student enrollment by grade level;
2. Pupil category counts; and
3. Transportation supplement data.

On or before December 30, the State Department of Education shall determine each school district’s current year allocation pursuant to subsection D of this section. The State Department of Education shall complete an audit, using procedures established by the Department, of the student enrollment by grade level data, pupil category counts and transportation supplement data to be used in the State Aid Formula pursuant to subsection D of this section by December 1 and by January 15 shall notify each school district of the district’s final State Aid allocation for the current school year. The January payment of State Aid and each subsequent payment for the remainder of the school year shall be based on the final State Aid allocation as calculated in subsection D of this section. Except for reductions made due to the assessment of penalties by the State Department of Education according to law, the January payment of State Aid and each subsequent payment for the remainder of the school year shall not decrease by an amount more than the amount that the current chargeable revenue increases for that district.

B. The State Department of Education shall retain not less than one and one-half percent (1 ½%) of the total funds appropriated for financial support of schools, to be used to make midyear adjustments in State Aid and which shall be reflected in the final allocations. If the amount of appropriated funds, including the one and one-half percent (1 ½%) retained, remaining after January 1 of each year is not sufficient to fully fund the final allocations, the Department shall recalculate each school district’s remaining allocation pursuant to subsection D of this section using the reduced amount of appropriated funds.

C. On and after July 1, 1997, the amount of State Aid each district shall receive shall be the sum of the Foundation Aid, the Salary Incentive Aid and the Transportation Supplement, as adjusted pursuant to the provisions of subsection G of this section and Section 18-112.2 of this title; provided, no district having per pupil revenue in excess of three hundred percent (300%) of the average per pupil revenue of all districts shall receive any State Aid or Supplement in State Aid.

The July calculation of per pupil revenue shall be determined by dividing the district’s second preceding year’s total weighted average daily membership (ADM) into the district’s second preceding year’s total revenues excluding federal revenue, insurance loss payments, reimbursements, recovery of overpayments and refunds, unused reserves, prior expenditures recovered, prior year surpluses, and less the amount of any transfer fees paid in that year.

The December calculation of per pupil revenue shall be determined by dividing the district’s preceding year’s total weighted average daily membership (ADM) into the district’s preceding year’s total revenues excluding federal revenue, insurance loss payments, reimbursements, recovery of overpayments and refunds, unused reserves, prior expenditures recovered, prior year surpluses, and less the amount of any transfer fees paid in that year.

D. For the 1997-98 school year, and each school year thereafter, Foundation Aid, the Transportation Supplement and Salary Incentive Aid shall be calculated as follows:

1. Foundation Aid shall be determined by subtracting the amount of the Foundation Program Income from the cost of the Foundation Program and adding to this difference the Transportation Supplement.
a. The Foundation Program shall be a district’s highest weighted average daily membership based on the first nine (9) weeks of the current school year, the preceding school year or the second preceding school year of a school district, as determined by the provisions of subsection A of Section 18-201.1 of this title and paragraphs 1, 2, 3 and 4 of subsection B of Section 18-201.1 of this title, multiplied by the Base Foundation Support Level. However, for the portion of weighted membership derived from nonresident, transferred pupils enrolled in online courses, the Foundation Program shall be a district’s weighted average daily membership of the preceding school year or the first nine (9) weeks of the current school year, whichever is greater, as determined by the provisions of subsection A of Section 18-201.1 of this title and paragraphs 1, 2, 3 and 4 of subsection B of Section 18-201.1 of this title, multiplied by the Base Foundation Support Level.

b. The Foundation Program Income shall be the sum of the following:

(1) The adjusted assessed valuation of the current school year of the school district, minus the previous year protested ad valorem tax revenues held as prescribed in Section 2884 of Title 68 of the Oklahoma Statutes, multiplied by the mills levied pursuant to subsection (c) of Section 9 of Article X of the Oklahoma Constitution, if applicable, as adjusted in subsection (c) of Section 8A of Article X of the Oklahoma Constitution. For purposes of this subsection, the “adjusted assessed valuation of the current school year” shall be the adjusted assessed valuation on which tax revenues are collected during the current school year, and

(2) Seventy-five percent (75%) of the amount received by the school district from the proceeds of the county levy during the preceding fiscal year, as levied pursuant to subsection (b) of Section 9 of Article X of the Oklahoma Constitution, and

(3) Motor Vehicle Collections, and

(4) Gross Production Tax, and

(5) State Apportionment, and

(6) R.E.A. Tax.

The items listed in divisions (3), (4), (5), and (6) of this subparagraph shall consist of the amounts actually collected from such sources during the preceding fiscal year calculated on a per capita basis on the unit provided for by law for the distribution of each such revenue.

2. The Transportation Supplement shall be equal to the average daily haul times the per capita allowance times the appropriate transportation factor.

a. The average daily haul shall be the number of children in a district who are legally transported and who live one and one-half (1 ½) miles or more from school.

b. The per capita allowance shall be determined using the following chart:

c. The formula transportation factor shall be 1.39.

3. Salary Incentive Aid shall be determined as follows:

   a. Multiply the incentive Aid guarantee by the district’s highest weighted average daily membership based on the first nine (9) weeks of the current school year, the preceding school year or the second preceding school year of a school district, as determined by the provisions of subsection A of Section 18-201.1 of this title and paragraphs 1, 2, 3 and 4 of subsection B of Section 18-201.1 of this title.

   b. Divide the district’s adjusted assessed valuation of the current school year minus the previous year’s protested ad valorem tax revenues held as prescribed in Section 2884 of Title 68 of the Oklahoma Statutes, by one thousand (1,000) and subtract the quotient from the product of subparagraph a of this paragraph. The remainder shall not be less than zero (0).

   c. Multiply the number of mills levied for general fund purposes above the fifteen (15) mills required to support Foundation Aid pursuant to division (1) of subparagraph b of paragraph 1 of this subsection, not including the county four-mill levy, by the remainder of subparagraph b of this paragraph. The product shall be the Salary

E. By June 30, 1998, the State Department of Education shall develop and the Department and all school districts shall have implemented a student identification system which is consistent with the provisions of subsections C and D of Section 3111 of Title 74 of the Oklahoma Statutes. The student identification system shall be used specifically for the purpose of reporting enrollment data by school sites and by school districts, the administration of the Oklahoma School Testing Program Act, the collection of appropriate and necessary data pursuant to the Oklahoma Educational Indicators Program, determining student enrollment, establishing a student mobility rate, allocation of the State Aid Formula and mid-year adjustments in funding for student growth. This enrollment data shall be submitted to the State Department of Education in accordance with rules promulgated by the State Board of Education. Funding for the development, implementation, personnel training and maintenance of the student identification system shall be set out in a separate line item in the allocation section of the appropriation bill for the State Board of Education for each year.

F. 1. In the event that ad valorem taxes of a school district are determined to be uncollectible because of bankruptcy, clerical error, or a successful tax protest, and the amount of such taxes deemed uncollectible exceeds Fifty Thousand Dollars ($50,000.00) or an amount greater than twenty-five percent (25%) of ad valorem taxes per tax year, or the valuation of a district is lowered by order of the State Board of Equalization, the school district’s State Aid, for the school year that such ad valorem taxes are calculated in the State Aid Formula, shall be determined by subtracting the net assessed valuation of the property upon which taxes were deemed uncollectible from the assessed valuation of the school district and the state. Upon request of the local board of education, it shall be the duty of the county assessor to certify to the Director of Finance of the State Department of Education the net assessed valuation of the property upon which taxes were determined uncollectible.

2. In the event that the amount of funds a school district receives for reimbursement from the Ad Valorem Reimbursement Fund is less than the amount of funds claimed for reimbursement by the school district due to insufficiency of funds as provided in Section 193 of Title 62 of the Oklahoma Statutes, then the school district’s assessed valuation for the
school year that such ad valorem reimbursement is calculated in the State Aid Formula shall be adjusted accordingly.

G. 1. Notwithstanding the provisions of Section 18-112.2 of this title, a school district shall have its State Aid reduced by an amount equal to the amount of carryover in the general fund of the district as of June 30 of the preceding fiscal year, that is in excess of the following standards for two (2) consecutive years:

2. By February 1 the State Department of Education shall send by certified mail, with return receipt requested, to each School District Superintendent, Auditor and Regional Accreditation Officer a notice of and calculation sheet reflecting the general fund balance penalty to be assessed against that school district. Calculation of the general fund balance penalty shall not include federal revenue. Within thirty (30) days of receipt of this written notice the school district shall submit to the Department a written reply either accepting or protesting the penalty to be assessed against the district. If protesting, the school district shall submit with its reply the reasons for rejecting the calculations and documentation supporting those reasons. The Department shall review all school district penalty protest documentation and notify each district by March 15 of its finding and the final penalty to be assessed to each district. General fund balance penalties shall be assessed to all school districts by April 1.

3. Any school district which receives proceeds from a tax settlement or a Federal Emergency Management Agency settlement during the last two (2) months of the preceding fiscal year shall be exempt from the penalties assessed in this subsection, if the penalty would occur solely as a result of receiving funds from the tax settlement.

4. Any school district which receives an increase in State Aid because of a change in Foundation and/or Salary Incentive Aid factors during the last two (2) months of the preceding fiscal year shall be exempt from the penalties assessed in this subsection, if the penalty would occur solely as a result of receiving funds from the increase in State Aid.

5. If a school district does not receive Foundation and/or Salary Incentive Aid during the preceding fiscal year, the State Board of Education may waive the penalty assessed in this subsection if the penalty would result in a loss of more than forty percent (40%) of the remaining State Aid to be allocated to the school district between April 1 and the remainder of the school year and if the Board determines the penalty will cause the school district not to meet remaining financial obligations.

6. Any school district which receives gross production revenue apportionment during the 2002-2003 school year or in any subsequent school year that is greater than the gross production revenue apportionment of the preceding school year shall be exempt from the penalty assessed in this subsection, if the penalty would occur solely as a result of the gross production revenue apportionment, as determined by the State Board of Education.

7. Beginning July 1, 2003, school districts that participate in consolidation or annexation pursuant to the provisions of the Oklahoma School Voluntary Consolidation and Annexation Act shall be exempt from the penalty assessed in this subsection for the school year in which the consolidation or annexation occurs and for the next three (3) fiscal years.

8. Any school district which receives proceeds from a sales tax levy by a municipality pursuant to Section 22-159 of Title 11 of the Oklahoma Statutes or proceeds from a sales tax levy by a county pursuant to Section 1370 of Title 68 of the Oklahoma Statutes during the 2003-2004 school year or the 2004-2005 school year shall be exempt from the penalties assessed in this subsection, if the penalty would occur solely as a result of receiving funds from the sales tax levy.
9. For purposes of calculating the general fund balance penalty, the terms “carryover” and “general fund balance” shall not include federal revenue.

H. In order to provide startup funds for the implementation of early childhood programs, State Aid may be advanced to school districts that initially start early childhood instruction at a school site. School districts that desire such advanced funding shall make application to the State Department of Education no later than September 15 of each year and advanced funding shall be awarded to the approved districts no later than October 30. The advanced funding shall not exceed the per pupil amount of State Aid as calculated in subsection D of this section per anticipated Head Start eligible student. The total amount of advanced funding shall be proportionately reduced from the monthly payments of the district’s State Aid payments during the last six (6) months of the same fiscal year.

I. 1. Beginning July 1, 1996, the Oklahoma Tax Commission, notwithstanding any provision of law to the contrary, shall report monthly to the State Department of Education the monthly apportionment of the following information:
   a. the assessed valuation of property,
   b. motor vehicle collections,
   c. R.E.A. tax collected, and
   d. gross productions tax collected.

2. Beginning July 1, 1997, the State Auditor and Inspector’s Office, notwithstanding any provision of law to the contrary, shall report monthly to the State Department of Education the monthly apportionment of the proceeds of the county levy.

3. Beginning July 1, 1996, the Commissioners of the Land Office, notwithstanding any provision of law to the contrary, shall report monthly to the State Department of Education the monthly apportionment of state apportionment.

4. Beginning July 1, 1997, the county treasurers’ offices, notwithstanding any provision of law to the contrary, shall report monthly to the State Department of Education the ad valorem tax protest amounts for each county.

5. The information reported by the Tax Commission, the State Auditor and Inspector’s Office, the county treasurers’ offices and the Commissioners of the Land Office, pursuant to this subsection shall be reported by school district on forms developed by the State Department of Education. (70-18-200.1)

A county assessor acts as the agent of the Oklahoma Tax Commission with respect to processing applications for manufacturing exemptions from ad valorem taxation, and if the county assessor failed to fulfill its statutory duties and the taxpayer had done all that was required to timely file their application for exemption the County would be entitled to reimbursement from the Ad Valorem Reimbursement Fund by reason of the qualifying exemption. Independent School Dist. No. 3 v. State ex rel. Oklahoma Tax Commission, 2011 OK 87

Section 663. Weighted ADM.

A. Beginning with the 1997-98 school year, and each school year thereafter, the weighted membership of a school district for calculation of Foundation Aid purposes pursuant to paragraph 1 of subsection D of Section 18-200.1 of this title shall be the sum of the weighted pupil grade level calculation, the weighted pupil category calculation, the weighted district calculation and the weighted teacher experience and degree calculation. The weighted membership of a school district for calculation of Salary Incentive Aid purposes pursuant to paragraph 3 of subsection D of Section 18-200.1 of this title shall be the sum of the weighted pupil grade level calculation, the weighted pupil category calculation, the weighted district calculation and the weighted teacher experience and degree calculation.

B. The weighted calculations provided for in subsection A of this section shall be based on the highest weighted average daily membership of the first nine (9) weeks of the current school year, the preceding school year or the second preceding school year of a school district, unless otherwise specified. The highest of the three (3) weighted average daily memberships shall be used consistently in all of the calculations; however, the portion of weighted membership derived from nonresident, transferred pupils enrolled in online courses shall be based on the weighted average daily membership of the first nine (9) weeks of the current school year. The average daily membership data used for all calculations in paragraphs 1, 2, 3 and 4 of
this subsection shall be the same as used in the calculation of the State Aid Formula. The weighted calculations provided for in subsection A of this section shall be determined as follows:

1. The weighted pupil grade level calculation shall be determined by taking the highest average daily membership and assigning weights to the pupils according to grade attended as follows:

<table>

Multiply the membership of each subparagraph of this paragraph by the weight assigned to such subparagraph of this paragraph and add the totals together to determine the weighted pupil grade level calculation for a school district. Determination of the pupils eligible for the early childhood program weight shall be pursuant to the provisions of Section 1-114 of this title. The pupils eligible for the out-of-home placement pupil weight shall be students who are not residents of the school district in which they are receiving education pursuant to the provisions of subsection D of Section 1-113 of this title. Such weight may be claimed by the district providing educational services to such student for the days that student is enrolled in that district. If claimed, the out-of-home placement weight shall be in lieu of the pupil grade level and any pupil category weights for that student. Provided, if a student resides in a juvenile detention center that is restricted to less than twelve (12) beds, the out-of-home placement pupil weight for such students shall be calculated as follows: for a center with six (6) beds - 3.0; for a center with eight (8) beds - 2.3 and for a center with ten (10) beds - 1.80.

2. The weighted pupil category calculation shall be determined by assigning a weight to the pupil category as follows:

q. Other Health Impairment

Except as otherwise provided, multiply the number of pupils approved in the school year with the highest average daily membership in each category by the weight assigned to such category and add the totals together to determine the weighted pupil category calculation for a school district. For the 1996-97 school year, the number to be multiplied by the weight assigned to the gifted category in subparagraph g of this paragraph shall be the lesser of (1) the sum of the number of students who scored in the top three percent (3%) on any national standardized test of intellectual ability plus the number of students identified as gifted pursuant to subparagraphs a through d of paragraph 1 of Section 1210.301 of this title or (2) the sum of the number of students who scored in the top three percent (3%) on any national standardized test of intellectual ability plus eight percent (8%) of the total average daily membership of the school district for the preceding school year. For the 1997-98 school year and subsequent school years, the number to be multiplied by the weight assigned to the gifted category in subparagraph g of this paragraph shall be the lesser of (1) the sum of the number of students who scored in the top three percent (3%) on any national standardized test of intellectual ability plus the number of students identified as gifted pursuant to subparagraphs a through d of paragraph 1 of Section 1210.301 of this title, or (2) the sum of the number of students who scored in the top three percent (3%) on any national standardized test of intellectual ability plus eight percent (8%) of the total average daily membership of the school district for the first nine (9) weeks of the school year.

3. The weighted district calculation shall be determined by determining the calculations for each school district for both the small school district formula and the district sparsity - isolation formula, applying whichever is the greater of the calculations of the two formulas and then applying the restrictions pursuant to subparagraph c of this paragraph.

   a. Small school district formula: 529 minus the average daily membership divided by 529 times .2 times total average daily membership.

   The small school district formula calculation shall apply only to school districts whose highest average daily membership is less than 529 pupils. School districts which are consolidated or annexed after July 1, 2003, pursuant to the Oklahoma School Voluntary Consolidation and Annexation Act shall have the weighted district size calculation for the three (3) school years following the fiscal year in which such consolidation occurred calculated to be the sum of the individual consolidated districts computed as if the consolidation had not taken place. Thereafter, any such district which is consolidated pursuant to the Oklahoma School Voluntary Consolidation and Annexation Act shall not qualify for the weighted district calculation unless the district can satisfy the specifications herein. Subject to the provisions of subparagraph c of this paragraph, the resulting number shall be counted as additional students for the purpose of calculating State Aid.

   b. District sparsity - isolation formula:

   The district sparsity - isolation formula calculation shall apply only to school districts:

      (1) whose total area in square miles is greater than the average number of square miles for all school districts in this state; and

      (2) whose areal density is less than one-fourth (1/4) of the state average areal density. Areal density shall be determined by dividing the school district's average daily membership by the school district's total area in square miles.

   The district sparsity - isolation formula calculation shall be calculated as follows:

   The school district student cost factor multiplied by the school district area factor. The resulting product shall be multiplied by the school district's average daily membership. Subject to the provisions of subparagraph c of this paragraph, the resulting number shall be counted as additional students for the purpose of calculating State Aid.

   The school district student cost factor shall be calculated as follows:
The school district's average daily membership shall be categorized into the following grade level groups and applied to the appropriate formulas as computed below:

**Grade Level Group**

**Grades K-5**
Divide 74 by the sum of the Grade Level ADM plus 23, 
add .85 to the quotient, then multiply the sum by the Grade Level ADM.

**Grades 6-8**
Divide 122 by the sum of the Grade Level ADM plus 133, 
add .85 to the quotient, then multiply the sum by the Grade Level ADM.

**Grades 9-12**
Divide 292 by the sum of the Grade Level ADM plus 128, 
add .78 to the quotient, then multiply the sum by the Grade Level ADM.

The sum of the grade level group's average daily membership shall be divided by the school district's average daily membership. The number one (1.0) shall be subtracted from the resulting quotient.

The school district area cost factor shall be calculated as follows:

Subtract the state average district area from the district area, then divide the remainder by the state average district area; however, the district area cost factor shall not exceed one (1.0).

The State Board of Education shall define geographical barriers whose location in a school district would inhibit the district from consolidation or annexation. The Board shall make available an application process, review applications, and for districts the Board deems necessary allow additional square miles to be used for the purposes of calculations used for the weighted district sparsity - isolation formula. Provided, that the additional square miles allowed for geographical barriers shall not exceed thirty percent (30%) of the district's actual size.

**c. State Aid**

funds which a district is calculated to receive as a result of the weighted district calculation shall be restricted as follows:

If, after the weighted district calculation is applied, the district's projected per pupil revenue exceeds one hundred fifty percent (150%) of the projected state average per pupil revenue, then the district's State Aid shall be reduced by an amount that will restrict the district's projected per pupil revenue to one hundred fifty percent (150%) of the projected state average per pupil revenue. Provided, in applying the restriction provided in this division, the district's State Aid shall not be reduced by an amount greater than by the amount of State Aid which was generated by the weighted district calculation.

The July calculation of the projected per pupil revenue shall be determined by dividing the highest of the district's preceding two (2) years average daily membership (ADM) as weighted by the pupil grade level, the pupil category, the district and the teacher experience degree index calculations for projected State Aid into the district's projected total revenues including projected funds for the State Aid Formula for the preceding year, net assessed valuation for the preceding calendar year times thirty-nine (39) mills, county revenues excluding the county four-mills revenues for the second preceding year, other state appropriations for the preceding year and the collections for the preceding year of state apportionment, motor vehicle revenue, gross production tax and R.E.A. tax.

The December calculation of the projected per pupil revenue shall be determined by dividing the highest of the district's first nine (9) weeks of the current school year or the two (2) preceding school years average daily membership (ADM) as weighted by the pupil grade level, the pupil category, the district and the teacher experience degree index calculations for projected State Aid into the district's projected total revenues including funds for the December calculation of the current year State Aid Formula, net assessed valuation for the current calendar year times thirty-nine (39) mills, county revenues excluding the county four-mills revenue for the preceding year, other state appropriations for the preceding year and the collections for the preceding year of state apportionment, motor vehicle revenue, gross production tax and R.E.A. tax.
The district's projected total revenues for each calculation shall exclude the following collections for the second preceding year: federal revenue, insurance loss payments, reimbursements, recovery of overpayments and refunds, unused reserves, prior expenditures recovered, prior year surpluses, and other local miscellaneous revenues.

4. The weighted teacher experience and degree calculation shall be determined in accordance with the teacher experience and degree index. The State Department of Education shall determine an index for each state teacher by using data supplied in the school district's teacher personnel reports of the preceding year and utilizing the index as follows:

<table>

The school district teacher index for each school district shall be determined by subtracting the weighted average state teacher from the weighted average district teacher. Multiply the school district teacher index if greater than zero by .7 and then multiply that product by the sum of the district's weighted pupil grade level calculation provided in paragraph 1 of this subsection and the weighted pupil category calculation provided in subparagraph m of paragraph 2 of this subsection to determine the weighted teacher experience and degree calculation. Any premium bid shall not be considered in figuring such interest cost but shall be considered only in case two or more bidders bid the same interest cost. Upon the acceptance of such bid, the bonds shall be issued in accordance therewith and shall be delivered to the purchaser upon payment of the purchase price. Each bidder shall submit with his bid such sum in cash or its equivalent as may be determined by the Authority, and upon the acceptance of any bid such deposit shall become the property of the Authority and shall be credited on the purchase price of the bonds, upon the understanding that if the purchaser shall fail five (5) days after the tender of bonds to pay the balance of the purchase price, said sale shall be thereby annulled and said deposit shall be in such event retained by the Authority and credited to the account for which such bonds are being issued and shall be used accordingly. All other deposits shall be returned. The Authority shall have the right to reject all bids and readvertise the bonds for sale. The bonds need not be issued and sold in series. In no event shall the bonds be sold at a price so low as to require the payment of interest on the money received therefor at more than ten percent (10%), computed with relation to the absolute maturity of the bonds in accordance with the standard tables of bond values, excluding, however, from such computation the amount of any premium to be paid on the redemption of any bonds prior to maturity.

The proceeds of the bonds of each issue shall be used solely for the payment of the cost of the project, for which such bonds shall have been issued, and shall be disbursed in such manner, and under such restrictions, if any, as the Authority may provide in the resolution authorizing the issuance of such bonds or in the trust agreement hereinafter mentioned securing the same. If the proceeds of the bonds of any issue, by error of estimates or otherwise, shall be less than such cost, additional bonds may in like manner be issued to provide the amount of such deficit, and, unless otherwise provided in the resolution authorizing the issuance of such bonds or in the trust agreement securing the same, shall be deemed to be of the same issue and shall be entitled to payment from the same fund without preference or priority of the bonds first issued. If the proceeds of the bonds of any issue shall exceed such cost, the surplus shall be deposited to the credit of the sinking fund for such bonds.

Prior to the preparation of definitive bonds, the Authority may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Authority may also provide for the replacement of any bonds which shall become mutilated or shall be destroyed or lost. Bonds may be issued under provisions of this article without obtaining the consent of any department, division, commission, board, bureau or agency of the state except legislative approval as required herein, and without any other proceedings or the happening of any other conditions or things than those proceedings, condition, or things which are specifically required by this article. The OSSAA may enforce its published rules, regulations, and policies without undue interference by the courts. However, the courts will intervene to assure the OSSAA proceedings are conducted pursuant to its constitution, rules, regulations, and policies in good faith. The power to exercise discretion might be harmful to the OSSAA because the potential for arbitrary decisions comes with the power to exercise discretion. Wright City Public Schools v. b. physically blocking or using threats of violence to prevent any person from attending, listening to, viewing or otherwise participating in an expressive activity. Conduct that "materially disrupts" shall not include conduct that is protected under the First Amendment to the United States Constitution or Section 22 of Article 2 of the Oklahoma Constitution. Such protected conduct includes but is not limited to lawful protests in the outdoor areas of campus generally accessible to the members of the public, except during times when those areas have been reserved in advance for other events, or minor, brief or fleeting nonviolent disruptions of events that are isolated and short in duration;

Public institutions of higher education may maintain and enforce reasonable time, place and manner restrictions narrowly tailored in service of a significant institutional interest only when such restrictions employ clear, published, content- and viewpoint-neutral criteria and provide for ample alternative means of expression. Any such restrictions shall allow for members of the campus community to spontaneously and contemporaneously assemble and distribute literature.

2. Nothing in this subsection shall be interpreted as limiting the right of student expression elsewhere on campus.

D. 1. Any person who wishes to engage in noncommercial expressive activity on campus shall be permitted to do so freely, as long as the person's conduct is not unlawful and does not materially and substantially disrupt the functioning of the public institutions of higher education, subject only to the requirements of subsection C of this section.

2.    a. accessible from the institution's website home page by use of not more than three links,

   b. searchable by key words and phrases, and

Any person or student organization aggrieved by a violation of this section may assert such violation as a defense or counter claim in any disciplinary action or in any civil or administrative proceedings brought against such student or student organization. Nothing in this subsection shall be interpreted to limit any other remedies available to any person or student organization.

I. A person shall be required to bring suit for violation of this section no later than one year after the day the cause of action occurs. For purposes of calculating the one-year limitation period, each day that the violation persists and each day that a policy in violation of this section remains in effect shall constitute a new day that the cause of action has occurred.

J. If any provision of this section or any application of such provision to any person or circumstance is held to be unconstitutional, the remainder of the section and the application of the provision to any other person or circumstance shall not be affected. (70-2120)

The rules shall require the study of the Declaration of Independence to include the study of the relationship of the ideas expressed in that document to subsequent American history, including the relationship of its ideas to the rich diversity of our people as a nation of immigrants, the American Revolution, the formulation of the United States Constitution, and the abolitionist movement, which led to the Emancipation Proclamation and the women's suffrage movement.

3. Any reasonably segregable portion of a record containing exempt material shall be provided after deletion of the exempt portions; provided however, the Department of Public Safety shall not be required to assemble for the requesting person specific information, in any format, from driving records relating to any person whose name and date of birth or whose driver license number is not furnished by the requesting person.

The Oklahoma State Bureau of Investigation shall not be required to assemble for the requesting person any criminal history records relating to persons whose names, dates of birth, and other identifying information required by the Oklahoma State Bureau of Investigation pursuant to administrative rule are not furnished by the requesting person;

4. Any request for a record which contains individual records of persons, and the cost of copying, reproducing or certifying each individual record is otherwise prescribed by state law, the cost may be assessed for each individual record, or portion thereof requested as prescribed by state law. Otherwise, a public body may charge a fee only for recovery of the reasonable, direct costs of record copying, or mechanical reproduction. Notwithstanding any state or local provision to the contrary, in no instance shall the record copying fee exceed twenty-five cents ($0.25) per page for records having the dimensions of eight and one-half (8 1/2) by fourteen (14) inches or smaller, or a maximum of One Dollar ($1.00) per copied page for a certified copy. However, if the request:

   a. is solely for commercial purpose, or

   b. would clearly cause excessive disruption of the essential functions of the public body,

then the public body may charge a reasonable fee to recover the direct cost of record search and copying; however, publication in a newspaper or broadcast by news media for news purposes shall not constitute a resale or use of a record for
trade or commercial purpose and charges for providing copies of electronic data to the news media for a news purpose shall not exceed the direct cost of making the copy. The fee charged by the Department of Public Safety for a copy in a computerized format of a record of the Department shall not exceed the direct cost of making the copy unless the fee for the record is otherwise set by law.

Any public body establishing fees under this act shall post a written schedule of the fees at its principal office and with the county clerk.

In no case shall a search fee be charged when the release of records is in the public interest, including, but not limited to, release to the news media, scholars, authors and taxpayers seeking to determine whether those entrusted with the affairs of the government are honestly, faithfully, and competently performing their duties as public servants.

The fees shall not be used for the purpose of discouraging requests for information or as obstacles to disclosure of requested information;

5. The land description tract index of all recorded instruments concerning real property required to be kept by the county clerk of any county shall be available for inspection or copying in accordance with the provisions of the Oklahoma Open Records Act; provided, however, the index shall not be copied or mechanically reproduced for the purpose of sale of the information;

6. A public body must provide prompt, reasonable access to its records but may establish reasonable procedures which protect the integrity and organization of its records and to prevent excessive disruptions of its essential functions. A delay in providing access to records shall be limited solely to the time required for preparing the requested documents and the avoidance of excessive disruptions of the public body's essential functions. In no event may production of a current request for records be unreasonably delayed until after completion of a prior records request that will take substantially longer than the current request. Any public body which makes the requested records available on the Internet shall meet the obligation of providing prompt, reasonable access to its records as required by this paragraph; and

7. A public body shall designate certain persons who are authorized to release records of the public body for inspection, copying, or mechanical reproduction. At least one person shall be available at all times to release records during the regular business hours of the public body. (51-24A.5)

E-mails, text messages, and other electronic communications made or received in connection with the transaction of public business, the expenditure of public funds or the administration of public property, are subject to the Oklahoma Open Records Act and the Records Management Act regardless of whether they are created, received, transmitted, or maintained by government officials on publicly or privately owned equipment and communication devices, unless some provision of law makes them confidential. (AG Op. No. 09-12)

The Open Records Act requires public bodies to allow the public to have access to records for inspection, copying, and/or mechanical reproduction during regular business hours, except for certain materials required by law to be kept confidential. A public body may establish reasonable procedures to protect the integrity and organization of its records and to prevent excessive disruptions of its essential functions. The use by a requesting person of his or her own copying equipment is not prohibited by the Act and must be permitted as long as the person's copying process does not unreasonably disrupt the essential functions of the public body or result in the defacing or loss of such records. There is no requirement that a public body supply an original document to the person requesting such record as long as the copy furnished is a true and correct copy of the original. Nov. 9, 2006 (AG Op. No. 06-35)

Furnishing electronic copies of instruments kept by the clerk in computer-readable format is subject to the fee limitations of the Oklahoma Open Records Act. June 29, 2005 (AG Op. No. 05-21)

A public body that contracts with a private vendor to provide electronic access to and reproduction of the public body's records at another location or through the world wide web, is still required to provide access to its records for inspection, copying, or mechanical reproduction at the public body's office. If a public body has more than one office location, its records must be maintained and made available to the public at the office where the records are located in the ordinary course of business. A public body may use a vendor to store records off site, but when a person requests records the records must be retrieved from the storage site and provided to the requester at the public body's office. January 31, 2005 (AG Op. No. 05-03)

An agency has the authority to allow a requester access to specific data in a file in an electronic format as long as the system permitting the electronic access is secure enough to preserve the records and safeguard them from destruction, mutilation, and alteration. Additionally, such system must also provide for any confidential information to remain confidential. November 7, 2001 (AG Op. No. 01-46)

A public body may charge as fees the reasonable, direct costs of the mechanical reproduction of records which are in a computer-readable format and may charge a search fee if the request for records is solely for commercial purposes and would clearly cause excessive disruption to the public body’s essential functions. Thus, a public body may not sell public records to a private business for resale to the public. January 16, 1997 (AG Op. No. 96-26)
Where plaintiffs requested that certain confidential records be “coded” by agency and then released under Open Records Act, the material issue that must be determined is whether a new record is created. *Progressive Independence, Inc. v. Oklahoma State Dept. of Health*, 2007 OK CIV APP 124, 174 P.3d 1005

Even if the request for information is a “public interest” request, the public agency may charge a search fee when the search of public records is going to cause substantial disruption of business of public agency. *McVarish v. New Horizons Community Counseling and Mental Health Services, Inc.*, 909 P.2d 155 (Okla. App. 1995)

Public interest is as equally well served by public agencies performing essential services without burdensome, disruptive records requests as in providing release of information to taxpayers. *McVarish v. New Horizons Community Counseling and Mental Health Services, Inc.*, 909 P.2d 155 (Okla. App. 1995)

A state agency which has computerized its files, the information therein being a public record, has the authority to allow commercial entity access to specific data in that file in an on-line manner, providing that the system for permitting such on-line access assures that such computerized records will be fully preserved and safeguarded from destruction, mutilation and alteration as otherwise required by Oklahoma law. *April 30, 1986 (AG Op. No. 85-36)*

**Section 812. Notice Where Regular Business Hours Are Not Maintained.**

A. If a public body or its office does not have regular business hours of at least thirty (30) hours a week, the public body shall post and maintain a written notice at its principal office and with the county clerk where the public body is located which notice shall:

1. Designate the days of the week when records are available for inspecting, copying or mechanical reproduction;

2. Set forth the name, mailing address, and telephone number of the individual in charge of the records; and

3. Describe in detail the procedures for obtaining access to the records at least two days of the week, excluding Sunday.

B. The person requesting the record and the person authorized to release the records of the public body may agree to inspection, copying, or mechanical reproduction on a day and at a time other than that designated in the notice. *(51-24A.6)*

**Section 813. Certain Personnel Records May Be Kept Confidential.**

A. A public body may keep personnel records confidential:

1. Which relate to internal personnel investigations including examination and selection material for employment, hiring, appointment, promotion, demotion, discipline, or resignation; or

2. Where disclosure would constitute a clearly unwarranted invasion of personal privacy such as employee evaluations, payroll deductions, employment applications submitted by persons not hired by the public body, and transcripts from institutions of higher education maintained in the personnel files of certified public school employees; provided, however, that nothing in this subsection shall be construed to exempt from disclosure the degree obtained and the curriculum on the transcripts of certified public school employees.

B. All personnel records not specifically falling within the exceptions provided in subsection A of this section shall be available for public inspection and copying including, but not limited to, records of:

1. An employment application of a person who becomes a public official;

2. The gross receipts of public funds;

3. The dates of employment, title or position; and

4. Any final disciplinary action resulting in loss of pay, suspension, demotion of position, or termination.

5. 

C. Except as may otherwise be made confidential by statute, an employee of a public body shall have a right of access to his own personnel file.
D. Public bodies shall keep confidential the home address, telephone numbers and social security numbers of any person employed or formerly employed by the public body.

E. Except as otherwise required by Section 6-101.16 of Title 70 of the Oklahoma Statutes, public bodies shall keep confidential all records created pursuant to the Oklahoma Teacher and Leader Effectiveness Evaluation System (TLE) which identify a current or former public employee and contain any evaluation, observation or other TLE record of such employee. (51-24A.7)

The Legislature intended to provide a non-exclusive list of examples of information for which release may amount to an unwarranted invasion of personal privacy. Thus, agency must apply a case-by-case balancing test to determine whether personal information is subject to release. With respect to birth dates of employees, release of birth dates and employee identification numbers constitutes a clearly unwarranted invasion of personal privacy. Okla. Public Employees Assoc. v. State ex rel. Okla. Office of Personnel Management, 2011 OK 68.

A public body may keep confidential a record indicating the name of an employee who has been placed on administrative leave with pay if, under the personnel policies of the public body, the action constitutes neither a “final” or “disciplinary” action, nor a “final disciplinary action resulting in loss of pay, suspension, demotion of position, or termination.” (AG Op. No. 99-33)

A public body has discretion to determine that disclosing a personnel record indicating the date of birth of an employee of the public body is an “unwarranted invasion of [the] personal privacy” of the employee. (AG Op. No. 09-33)

Public bodies are required to keep the home address of present and former employees confidential. July 19, 1999 (AG Op. No. 99-30)

Public bodies may keep the telephone numbers of employees confidential if disclosure would constitute a clearly unwarranted invasion of personal privacy. July 19, 1999 (AG Op. No. 99-30)

When an employee is discharged because of a positive drug testing result, the employer must disclose to a potential employer only that the employee was terminated whereas records of the investigation may be kept confidential. October 13, 1997 (AG Op. No. 97-79)

An employer may disclose a current or former employee’s job performance information and/or evaluations to prospective employees when such disclosure is done with the consent or at the request of the current or former employee, even though the Open Records Act allows such records to be kept confidential. December 10, 1997 (AG Op. No. 97-48)

Section 814. Law Enforcement Agencies.

A. Law enforcement agencies shall make available for public inspection and copying, if kept, the following records:

1. An arrestee description, including the name, date of birth, address, race, sex, physical description, and occupation of the arrestee;

2. Facts concerning the arrest, including the cause of arrest and the name of the arresting officer;

3. A chronological list of all incidents, including initial offense report information showing the offense, date, time, general location, officer, and a brief summary of what occurred;

4. Radio logs, including a chronological listing of the calls dispatched;

9. Audio and video recordings from recording equipment attached to law enforcement vehicles or associated audio recordings from recording equipment on the person of a law enforcement officer; provided, the law enforcement agency may, before releasing any audio or video recording provided for in this paragraph, redact or obscure specific portions of the recording which:

a. depict the death of a person or a dead body, unless the death was effected by a law enforcement officer,

b. depict nudity,

c. would identify minors under the age of sixteen (16) years or would undermine any requirement to keep certain juvenile records confidential as provided for in Title 10A of the Oklahoma Statutes,

d. depict acts of severe violence resulting in great bodily injury, as defined in Section 11-904 of Title 47 of the Oklahoma Statutes, against persons that are clearly visible, unless the act of severe violence was effected by a law enforcement officer,

e. depict great bodily injury, as defined in Section 11-904 of Title 47 of the Oklahoma Statutes, unless the great bodily injury was effected by a law enforcement officer,

f. include personal medical information that is not already public,

h. include personal information other than the name or license plate number of a person not arrested, cited, charged or issued a written warning. Such personal information shall include any government-issued identification number, date of birth, address or financial information, or

i. reveal the identity of law enforcement officers who have become subject to internal investigation by the law enforcement agency as a result of an event depicted in the recording. The option to protect the identity of a law enforcement officer shall not be available to the law enforcement agency after the law enforcement agency has concluded the investigation and rendered a decision as to final disciplinary action. At such time when an investigation has concluded and the law enforcement agency has rendered its decision as to final disciplinary action, the portions of the recordings previously withheld as provided for in this subparagraph shall be available for public inspection and copying. The audio and video recordings withheld as provided for in this subparagraph shall be available for public inspection and copying before the conclusion of the investigation if the investigation lasts for an unreasonable amount of time; and

10. a. Audio and video recordings from recording equipment attached to the person of a law enforcement officer that depict:

   (1) the use of any physical force or violence by a law enforcement officer,

   (2) pursuits of any kind,

   (3) traffic stops,

   (4) any person being arrested, cited, charged or issued a written warning,

   (5) events that directly led to any person being arrested, cited, charged or receiving a written warning,

   (6) detentions of any length for the purpose of investigation,

   (7) any exercise of authority by a law enforcement officer that deprives a citizen of his or her liberty,

   (8) actions by a law enforcement officer that have become the cause of an investigation or charges being filed,
(9) recordings in the public interest that may materially aid a determination of whether law enforcement officers are appropriately performing their duties as public servants, or

(10) any contextual events occurring before or after the events depicted in divisions (1) through (9) of this subparagraph.

b. Notwithstanding the provisions of subparagraph a of this paragraph, the law enforcement agency may, before releasing any audio or video recording provided for in this paragraph, redact or obscure specific portions of the recording that:

(1) depict the death of a person or a dead body, unless the death was effected by a law enforcement officer,

(2) depict nudity,

(3) would identify minors under the age of sixteen (16) years or would undermine any requirement to keep certain juvenile records confidential as provided for in Title 10A of the Oklahoma Statutes,

(4) depict acts of severe violence resulting in great bodily injury, as defined in Section 11-904 of Title 47 of the Oklahoma Statutes, against persons that are clearly visible, unless the act of severe violence was effected by a law enforcement officer,

(5) depict great bodily injury, as defined in Section 11-904 of Title 47 of the Oklahoma Statutes, unless the great bodily injury was effected by a law enforcement officer,

(6) include personal medical information that is not already public,

(7) undermine the assertion of a privilege as provided in Section 1-109 or Section 3-428 of Title 43A of the Oklahoma Statutes for detention or transportation for mental health evaluation or treatment or drug or alcohol detoxification purposes,

(8) identify alleged victims of sex crimes or domestic violence,

(9) identify any person who provides information to law enforcement or the information provided by that person when that person requests anonymity or where disclosure of the identity of the person or the information provided could reasonably be expected to threaten or endanger the physical safety or property of the person or the physical safety or property of others,

(10) undermine the assertion of a privilege to keep the identity of an informer confidential as provided for in Section 2510 of Title 12 of the Oklahoma Statutes,

(11) include personal information other than the name or license plate number of a person not officially arrested, cited, charged or issued a written warning. Such personal information shall include any government-issued identification number, date of birth, address or financial information,

(12) include information that would materially compromise an ongoing criminal investigation or ongoing criminal prosecution, provided that:

(a) ten (10) days following the formal arraignment or initial appearance, whichever occurs first, of a person charged in the case in question, the recording shall be made available for public inspection and copying with no redaction of the portions that were temporarily withheld by reliance on this division. Provided, before potential release of a recording as provided for in this subdivision, the prosecutor or legal representative of the person charged may request from the appropriate district court an extension of time during which the recording may be withheld under the provisions of this division. When a request for an extension of time has been filed with the court, the recording in question may be withheld until the court has issued a ruling. Such requests for an extension of the time during which the recording may be withheld may be made on the grounds that release of the recording will materially compromise an ongoing criminal
investigation or criminal prosecution or on the grounds that release of the recording will materially compromise the right of an accused to a fair trial that has yet to begin. Courts considering such requests shall conduct a hearing and consider whether the interests of the public outweigh the interests asserted by the parties. In response to such requests, the court shall order that the recording be made available for public inspection and copying with no redaction of the portions that were temporarily withheld by reliance on this division or order an extension of time during which the recording may be withheld under the provisions of this division. Provided further, each such time extension shall only be ordered by the court for an additional six-month period of time or less and cumulative time extensions shall not add up to more than eighteen (18) months, or

(b) in the event that one hundred twenty (120) days expire from the date of the events depicted in the recording without any person being criminally charged in the case in question and release of a recording or portions of a recording have been denied on the grounds provided for in this division, an appeal of such denial may be made to the appropriate district court. In situations where one hundred twenty (120) days have expired since the creation of the recording, criminal charges have not been filed against a person and the recording is being withheld on the grounds provided for in this division, courts considering appeals to the use of the provisions of this division for temporarily withholding a recording shall conduct a hearing and consider whether the interests of the public outweigh the interests of the parties protected by this division. In response to such appeals, the district court shall order that the recording be made available for public inspection and copying with no redaction of the portions that were temporarily withheld by reliance on this division or order an extension of time during which the recording may be withheld under the provisions of this division. An order granting an extension of time shall be applicable to the recording against all appellants for the duration of the extension. Provided, each such time extension shall only be ordered by the district court for an additional twelve-month period of time or less and cumulative time extensions shall not add up to more than three (3) years. Provided, charges being filed against a person in the case in question automatically cancels any extension of time. A new request for an extension of time following an arraignment or initial appearance may be requested by the parties on the grounds and under the terms provided for in subdivision (a) of this division.

The options presented in this division to potentially withhold a recording or portions of a recording on the grounds provided for in this division shall expire in totality four (4) years after the recording was made at which time all recordings previously withheld on the grounds provided for in this division shall be made available for public inspection and copying, or

(13) reveal the identity of law enforcement officers who have become subject to internal investigation by the law enforcement agency as a result of an event depicted in the recording. The option to protect the identity of a law enforcement officer shall not be available to the law enforcement agency after the law enforcement agency has concluded the investigation and rendered a decision as to final disciplinary action. At such time when an investigation has concluded and the law enforcement agency has rendered its decision as to final disciplinary action, the portions of the recordings previously withheld as provided for in this division shall be available for public inspection and copying. The audio and video recordings withheld on the grounds provided for in this division shall be available for public inspection and copying before the conclusion of the investigation if the investigation lasts for an unreasonable amount of time.

B. Except for the records listed in subsection A of this section and those made open by other state or local laws, law enforcement agencies may deny access to law enforcement records except where a court finds that the public interest or the interest of an individual outweighs the reason for denial. The provisions of this section shall not operate to deny access to law enforcement records if such records have been previously made available to the public as provided in the Oklahoma Open Records Act or as otherwise provided by law.

C. Nothing contained in this section imposes any new recordkeeping requirements. Law enforcement records shall be kept for as long as is now or may hereafter be specified by law. Absent a legal requirement for the keeping of a law enforcement record for a specific time period, law enforcement agencies shall maintain their records for so long as needed for administrative purposes.
D. Registration files maintained by the Department of Corrections pursuant to the provisions of the Sex Offenders Registration Act shall be made available for public inspection in a manner to be determined by the Department.

E. The Council on Law Enforcement Education and Training (C.L.E.E.T.) shall keep confidential all records it maintains pursuant to Section 3311 of Title 70 of the Oklahoma Statutes and deny release of records relating to any employed or certified full-time officer, reserve officer, retired officer or other person; teacher lesson plans, tests and other teaching materials; and personal communications concerning individual students except under the following circumstances:

1. To verify the current certification status of any peace officer;
2. As may be required to perform the duties imposed by Section 3311 of Title 70 of the Oklahoma Statutes;
3. To provide to any peace officer copies of the records of that peace officer upon submitting a written request;
4. To provide, upon written request, to any law enforcement agency conducting an official investigation, copies of the records of any peace officer who is the subject of such investigation;
5. To provide final orders of administrative proceedings where an adverse action was taken against a peace officer; and
6. Pursuant to an order of the district court of the State of Oklahoma.

F. The Department of Public Safety shall keep confidential:

1. All records it maintains pursuant to its authority under Title 47 of the Oklahoma Statutes relating to the Oklahoma Highway Patrol Division, the Communications Division, and other divisions of the Department relating to:
   a. training, lesson plans, teaching materials, tests, and test results,
   b. policies, procedures, and operations, any of which are of a tactical nature, and
   c. the following information from radio logs:
      (1) telephone numbers,
      (2) addresses other than the location of incidents to which officers are dispatched, and
      (3) personal information which is contrary to the provisions of the Driver's Privacy Protection Act, 18 United States Code, Sections 2721 through 2725; and

2. For the purpose of preventing identity theft and invasion of law enforcement computer systems, except as provided in Title 47 of the Oklahoma Statutes, all driving records.

Section 815. Personal Notes and Personally Created Materials.

Prior to taking action, including making a recommendation or issuing a report, a public official may keep confidential his or her personal notes and personally created materials other than departmental budget requests of a public body prepared as an aid to memory or research leading to the adoption of a public policy or the implementation of a public project.

Section 816. Disclosure When Unfair Advantage Would Be Given to Competitors or Bidders.

A. Any information, records or other material heretofore voluntarily supplied to any state agency, board or commission shall be subject to full disclosure pursuant to Section 24A.1 et seq. of this title.

B. If disclosure would give an unfair advantage to competitors or bidders, a public body may keep confidential records relating to:
1. Bid specifications for competitive bidding prior to publication by the public body; or

2. Contents of sealed bids prior to the opening of bids by a public body; or

3. Computer programs or software but not data thereon; or

4. Appraisals relating to the sale or acquisition of real estate by a public body prior to award of a contract; or

5. The prospective location of a private business or industry prior to public disclosure of such prospect except for records otherwise open to inspection such as applications for permits or licenses.

C. Except as set forth hereafter, the Oklahoma Department of Commerce, the Oklahoma Department of Career and Technology Education, the technology center school districts, the Oklahoma Film and Music Office, and institutions within the Oklahoma State System of Higher Education may keep confidential:

1. Business plans, feasibility studies, financing proposals, marketing plans, financial statements or trade secrets submitted by a person or entity seeking economic advice, business development or customized training from such Departments or school districts;

2. Proprietary information of the business submitted to the Department or school districts for the purpose of business development or customized training, and related confidentiality agreements detailing the information or records designated as confidential; and

3. Information compiled by such Departments or school districts in response to those submissions.

The Oklahoma Department of Commerce, the Oklahoma Department of Career and Technology Education, the technology center school districts, the Oklahoma Film and Music Office, and institutions within the Oklahoma State System of Higher Education may not keep confidential that submitted information when and to the extent the person or entity submitting the information consents to disclosure.

D. Although they must provide public access to their records, including records of the address, rate paid for services, charges, consumption rates, adjustments to the bill, reasons for adjustment, the name of the person that authorized the adjustment, and payment for each customer, public bodies that provide utility services to the public may keep confidential credit information, credit card numbers, telephone numbers, social security numbers, bank account information for individual customers, and utility supply and utility equipment supply contracts for any industrial customer with a connected electric load in excess of two thousand five hundred (2,500) kilowatts if public access to such contracts would give an unfair advantage to competitors of the customer; provided that, where a public body performs billing or collection services for a utility regulated by the Corporation Commission pursuant to a contractual agreement, any customer or individual payment data obtained or created by the public body in performance of the agreement shall not be a record for purposes of this act. (51-24A.10)

Section 817. Library, Archive or Museum Materials.

A. A public body may keep confidential library, archive, or museum materials donated to the public body to the extent of any limitations imposed as a condition of the donation and any information which would reveal the identity of an individual who lawfully makes a donation to or on behalf of a public body including, but not limited to, donations made through a foundation operated in compliance with Sections 5-145 and 4306 of Title 70 of the Oklahoma Statutes.

B. If library, archive, or museum materials are donated to a public body and the donation may be claimed as a tax deduction, the public body may keep confidential any information required as a condition of the donation except the date of the donation, the appraised value claimed for the donation, and a general description of the materials donated and their quantity. (51-24A.11)

Section 818. Litigation Files and Investigatory Reports.

Except as otherwise provided by state or local law, the Attorney General of the State of Oklahoma and agency attorneys authorized by law, the office of the district attorney of any county of the state, and the office of the municipal attorney of any
municipality may keep its litigation files and investigatory reports confidential. (51-24A.12)

**Section 819. Confidentiality Required by Federal Law.**

Records coming into the possession of a public body from the federal government or records generated or gathered as a result of federal legislation may be kept confidential to the extent required by federal law. (51-24A.13)

**Section 820. Personal Communications from Person Exercising Constitutional Right.**

Except for the fact that a communication has been received and that it is or is not a complaint, a public official may keep confidential personal communications received by the public official from a person exercising rights secured by the Constitution of the State of Oklahoma or the Constitution of the United States. The public official’s written response to this personal communication may be kept confidential only to the extent necessary to protect the identity of the person exercising the right. (51-24A.14)

**Section 821. Crop and Livestock Reports.**

The Division of Agricultural Statistics, Oklahoma Department of Agriculture (also known as the Oklahoma Crop and Livestock Reporting Service), may keep confidential crop and livestock reports provided by farmers, ranchers, and agribusinesses to the extent the reports individually identify the providers. (51-24A.15)

**Section 822. Public Educational Institutions - Student Records.**

A. Except as set forth in subsection B of this section, public educational institutions and their employees may keep confidential:

1. Individual student records;
2. Teacher lesson plans, tests and other teaching material; and
3. Personal communications concerning individual students.

B. If kept, statistical information not identified with a particular student and directory information shall be open for inspection and copying. “Directory information” includes a student’s name, address, telephone listing, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational institution attended by the student. Any educational agency or institution making public directory information shall give public notice of the categories of information which it has designated as directory information with respect to each student attending the institution or agency and shall allow a reasonable period of time after the notice has been given for a parent to inform the institution or agency that any or all of the information designated should not be released without prior consent of the parent or guardian or the student if the student is eighteen (18) years of age or older.

C. A public school district may release individual student records for the current or previous school year to a school district at which the student was previously enrolled for purposes of evaluating educational programs and school effectiveness. (51-24A.16)

**Section 823. Penalty for Violation of Act - Civil Remedies.**

A. Any public official who willfully violates any provision of the Oklahoma Open Records Act, upon conviction, shall be guilty of a misdemeanor, and shall be punished by a fine not exceeding Five Hundred Dollars ($500.00) or by imprisonment in the county jail for a period not exceeding one (1) year, or by both such fine and imprisonment.

B. Any person denied access to a record of a public body or public official may bring a civil suit for declarative and/or injunctive relief and, if successful, shall be entitled to reasonable attorney fees. If the public body or public official successfully defends a civil suit and the court finds that the suit was clearly frivolous, the public body or public official shall be entitled to reasonable attorney fees.

C. A public body or public official shall not be civilly liable for damages for providing access to records as allowed
under the Oklahoma Open Records Act. (51-24A.17)

The Oklahoma Open Records Act provides a remedy in the form of a civil suit for declaratory and/or injunctive relief to a person denied access to a record of a public body or public official. City of Broken Arrow v. Bass Pro Outdoor World, L.L.C., 2011 OK 1.

Except as may be required in Section 4 of this act, this act does not impose any additional recordkeeping requirements on public bodies or public officials. (51-24A.18)

Section 825. Confidentiality of Research and Technology Records.

THE GOVERNMENTAL TORT CLAIMS ACT

Section 829. The Governmental Tort Claims Act.

This act shall be known and may be cited as “The Governmental Tort Claims Act.” (51-151)

The GTCA shall be exclusive and constitute the extent of tort liability of the state. Upon revision by the legislature, the GTCA extends to “constitutional torts.” Courts cannot expand the common law to recognize tort remedies for constitutional violations that would conflict with statutory laws. Barrios v. Haskell Cty. Pub. Facilities Auth., 2018 OK 90, 432 P.3d 233

Under the GTCA, a political subdivision is immune as a matter of law from a claim of tortious interference with a business relationship, committed by its employee, because that tort requires an element of bad faith and thus cannot be committed within the scope of employment by an employee. Tuffy’s, Inc. v. City of Oklahoma City, 2009 OK 4.

The Governor and officials of political subdivisions ordering evacuations during emergencies would be protected by the general immunity provisions of the Oklahoma Governmental Tort Claims Act. April 23, 2007 (AG Op. No. 07-11)

Unless a statute of limitations specifically provides otherwise, statutes of limitations do not apply to the state when it is suing in the sovereign capacity. The Oklahoma Governmental Tort Claims Act does not provide otherwise. State ex rel. Oklahoma Department of Transportation v. Board of County Commissioners, 2007 OK CV APP 126, 174 P.3d 1010

Barrios v. Haskell Cty. Pub. Facilities Auth., 2018 OK 90, 432 P.3d 233

A state agency may lawfully assign duties to its employees including the use of any agency vehicle. In assigning duties, a state agency may define an employee’s official duty to include travel to or from the employee’s place of residence under certain situations which are of benefit to the agency. July 10, 2007 (AG Op. No. 07-18)

Officers and employees of government agencies, including the state, are protected from tort liability while performing discretionary functions, however, that protection does not render them immune from liability for acts of willful and wanton negligence. Mullins v. Okla. Public Employees Ret. Sys., 2005 OK CIV APP 67, 122 P.3d 872

Whether an employee is acting within the scope of his employment depends on whether his conduct is in good faith and within the duties of his employment. Winters v. Overton, 1999 OK CIV APP 43, 980 P.2d 1128

Parents of student who died while at school failed to have themselves appointed as personal representative of child until after the one year statute of limitations had passed. January 10, 1990 (AG Op. No. 89-75)

Provin sal v. Sperry Independent School District No. 8, 2012 OK CIV APP 3.

Liability of the state or political subdivision is exclusive, and in place of all other liability of the state, political subdivision or employee at common law or otherwise. One acts within the scope of employment if engaged in work assigned, or if doing that which is proper, necessary, and usual to accomplish the work assigned, or if doing that which is customary within the particular trade or business. Whether an employee has acted within the scope of employment is a question of fact for the jury except when only one reasonable conclusion can be drawn from the facts. Nail v. City of Henryetta, 911 P.2d 914 (Okla. 1996)

School district not liable because of alleged lack of adequate supervision in school gymnasium for injuries sustained by middle school student when fellow student pushed him from bleachers; undisputed fact showed that incident was sudden and unprovoked, and it was mere speculation that incident would not have occurred with better supervision. B. No award for damages in an action or any claim against the state or a political subdivision shall include punitive or exemplary damages.

C. When the amount awarded to or settled upon multiple claimants exceeds the limitations of this section, any party may apply to the district court which has jurisdiction of the cause to apportion to each claimant his proper share of the total amount as limited herein. The share apportioned to each claimant shall be in the proportion that the ratio of the award or settlement made to him bears to the aggregate awards and settlements for all claims against the state or its political subdivisions arising out of the occurrence. When the amount of the aggregate losses presented by a single claimant exceeds the limits of paragraphs 1 or 2 of subsection A of this section, each person suffering a loss shall be entitled to his proportionate share.

D. The total liability of resident physicians and interns while participating in a graduate medical education program of the University of Oklahoma College of Medicine, its affiliated institutions and the Oklahoma College of Osteopathic Medicine and Surgery shall not exceed One Hundred Thousand Dollars ($100,000.00).

E. The state or a political subdivision may petition the court that all parties and actions arising out of a single accident or occurrence shall be joined as provided by law, and upon order of the court the proceedings upon good cause shown shall be continued for a reasonable time or until such joinder has been completed. The state or political subdivision shall be allowed to interplead in any action which may impose on it any duty or liability pursuant to this act.

F. The liability of the state or political subdivision under this act shall be several from that of any other person or entity, and the state or political subdivision shall only be liable for that percentage of total damages that corresponds to its percentage of total negligence. Nothing in this section shall be construed as increasing the liability limits imposed on the state or political subdivision under this act. (51-154)

State is immune from private enforcement of Fair Labor Standards Act because it has not consented to such a cause of action as is required by state law. Freeman v. State ex rel. Dep’t. of Human Services, 2006 OK 71, 145 P.3d 1078

51 O.S. § 154 sets statutory limits as to amount of judgment under Governmental Tort Claims Act; thus post-judgment interest is not allowable if it would exceed statutory limit. Pine v. State, 913 P.2d 1375 (Okla. App. 1996)

School district’s purchase of liability insurance did not act as a waiver to district’s exemption from liability under Governmental Tort Claims Act, though district did waive immunity as to extent of coverage under policy. Policy clearly limited which risks were insured and limited coverage to liability imposed by law. Brewer v. ISD No.1, 848 P.2d 566 (Okla. 1993)

Provision of GCTA that a political subdivision shall not be liable for a loss or claim that results from the method of providing, police, law enforcement or fire protection, did not provide immunity for city upon claim arising out of city police officer's alleged use of excessive force in executing arrest of student following fight on middle school premises, as officer was engaging in law enforcement activity, rather than protective services for student; officer grabbed student because she would not stop fighting, student did not summon officer to protect her, and there was no indication that student was seeking protection from officer. Morales v. City of Oklahoma City, 2010 OK 9.

A school district’s decisions regarding the hiring, retention, and supervision of its superintendent are generally the kind of decisions that implicate policy concerns related to its educational mission. Absent any factual allegations that would take the school district’s employment decisions regarding the superintendent outside of this rule, a claim against the school district for negligence in his hiring, supervision and retention is barred by the discretionary function exemption of 51 O.S. § 155(5). City was immune from liability for payment of attorneys’ fees and costs in an annexation action that was successfully challenged by residents because annexation and de-annexation of territory by a municipality are legislative functions bestowed upon municipalities by the legislature. School district immunity for losses resulting from participation in or practice for any interscholastic or other athletic contest sponsored by or conducted on property of state or political subdivision did not bar student's suit against school district where student was not participating in or practicing for athletic contest at time he sustained injury, and instrumentality which caused his injury was not part of athletic contest and did not constitute a risk incidental to the contest. Green v. Konawa Independent School Dist., 2005 OK CIV APP 10, 105 P.3d 840

The exemption provided in Paragraph 14 is constitutional and is valid and enforceable. Such classification does not violate equal protection or due process. Gladstone v. Bartlesville ISD No. 30, 2003 OK 30, 66 P.3d 442.

1. On October 1, 1985; or

2. When an existing facility became or becomes a part of the state highway system; or

Section 836. Liability Related to Computer Systems.

A. Except as provided in subsection C, D or E of this section, the state or any political subdivision of the state or an independent contractor of the state shall have no liability for losses from any failure or malfunction occurring before December 31, 2002, which is caused directly or indirectly by the failure of computer software or any device containing a computer processor to accurately or properly recognize, calculate, display, sort, or otherwise process dates or times.

B. Except as provided in subsection C, D or E of this section, no claim or cause of action, including, without limitation, any civil action or action for declaratory of injunctive relief, whether arising out of contract or arising independent of contract, may be brought against the state or any political subdivision of the state or against an independent contractor or an officer or employee of the state or a political subdivision on the basis that a computer or other information system that is owned or operated by any of those persons produced, calculated or generated an incorrect date or failed to accurately store, process, provide or receive data. Any contract entered into by or on behalf of and in the capacity of this state, an immune contractor or an officer or employee of the state or any of its agencies or political subdivisions must include a provision that provides immunity to those persons for any breach of contract that is caused by an incorrect date being produced, calculated or generated by a computer or computer system or caused a computer or computer system to fail to accurately store, process, provide or receive data that is owned or operated by any of those persons. Any contract subject to the provisions of this section that is entered into on or after July 1, 1999, has the legal effect of including the immunity required by this section, and any provision of the contract which is in conflict with this section is void. Notwithstanding any other provision herein, the provisions of this subsection shall not provide immunity from fulfilling a contract or relieve the state or any political subdivision of the state of its obligation to fulfill the terms of a contract or to provide services or make payments under the terms of the contract in a reasonable length of time.

C. A claim may be brought pursuant to the Governmental Tort Claims Act for negligence caused directly or indirectly by the failure of computer software or any device containing a computer processor to accurately or properly recognize, calculate, display, sort, or otherwise process dates or times, if the failure resulted in bodily injury or death.

D. Neither the state or any political subdivision of the state shall be immune from a claim or cause of action if remediation efforts were not begun by January 1, 1999.

E. Nothing in this section shall limit the liability of any individual or entity to the state or any political subdivision of the state, and contracts between the state or any political subdivision of the state and an independent contractor will not include a provision, express or implied, that grants the independent contractor immunity from liability to the state or any political subdivision of the state for any breach of contract that is caused by an incorrect date being produced, calculated or generated by a computer or computer system that is owned or operated by the independent contractor.

F. As used in this section:

1. “Independent contractor” means a defendant, as defined in Section 2 of this act, providing, pursuant to contract, a computer program or software, a computer system, or providing computer technical assistance to the state or a political subdivision of the state;

2. “Remediation efforts” means:
   a. in the case of software, writing computer code to correct dates in data sensitive programs,
   b. in the case of embedded chips or systems, testing the embedded systems or chips to determine if they are year 2000 compliant or assisting vendors in testing for such compliance, and
   c. making necessary corrections to make the system compliant; and

3. “Computer system” means any electronic device or collection of devices, including support devices, networks and embedded chips, and excluding calculators that are not programmable, that contain computer programs or electronic instructions and that perform functions including logic, arithmetic, data processing, data storage and retrieval, communication or control. (51-155.2)
Section 837. Notice of Claims.

A. Any person having a claim against the state or a political subdivision within the scope of Section 151 et seq. of this title shall present a claim to the state or political subdivision for any appropriate relief including the award of money damages.

B. Except as provided in subsection H of this section, and notwithstanding any other provision of law, claims against the state or a political subdivision are to be presented within one (1) year of the date the loss occurs. A claim against the state or a political subdivision shall be forever barred unless notice thereof is presented within one (1) year after the loss occurs.

C. A claim against the state shall be in writing and filed with the Office of the Risk Management Administrator of the Office of Management and Enterprise Services who shall immediately notify the Attorney General and the agency concerned and conduct a diligent investigation of the validity of the claim within the time specified for approval or denial of claims by Section 157 of this title. A claim may be filed by certified mail with return receipt requested. A claim which is mailed shall be considered filed upon receipt by the Office of the Risk Management Administrator.

D. A claim against a political subdivision shall be in writing and filed with the office of the clerk of the governing body.

E. The written notice of claim to the state or a political subdivision shall state the date, time, place and circumstances of the claim, the identity of the state agency or agencies involved, the amount of compensation or other relief demanded, the name, address and telephone number of the claimant, the name, address and telephone number of any agent authorized to settle the claim, and any and all other information required to meet the reporting requirements of the Medicare Secondary Payer Mandatory Reporting Provisions in Section 111 of the Medicare, Medicaid and SCHIP Extension Act of 2007 (MMSEA) through the Centers for Medicare & Medicaid Services (CMS). Failure to state either the date, time, place and circumstances and amount of compensation demanded, or any information requested to comply with the reporting claims to CMS under MMSEA shall not invalidate the notice unless the claimant declines or refuses to furnish such information after demand by the state or political subdivision. The time for giving written notice of claim pursuant to the provisions of this section does not include the time during which the person injured is unable due to incapacitation from the injury to give such notice, not exceeding ninety (90) days of incapacity.

F. When the claim is one for death by wrongful act or omission, notice may be presented by the personal representative within one (1) year after the death occurs. If the person for whose death the claim is made has presented notice that would have been sufficient had he lived, an action for wrongful death may be brought without any additional notice.

G. Claims and suits against resident physicians or interns shall be made in accordance with the provisions of Titles 12 and 76 of the Oklahoma Statutes.

H. For purposes of claims based on wrongful felony conviction resulting in imprisonment provided for in Section 154 of this title, loss occurs on the date that the claimant receives a pardon based on actual innocence from the Governor or the date that the claimant receives judicial relief absolving the claimant of guilt based on actual innocence; provided, for persons whose basis for a claim occurred prior to the effective date of this act, the claim must be submitted within one (1) year after the effective date of this act. (51-156)

Section 156(D) requires that a claim shall be filed with the office of the clerk of the governing body. Although notice was not specifically addressed to the clerk of the governing body, it was nevertheless transmitted to and filed with the office of that clerk following delivery. Ford v. Tulsa Public Schools, 2017 OK CIV APP 55.

If one year period for filing claim files on a date that is a holiday or weekend when the clerk’s office is closed, the notice is timely if filed on the next business day. Slawson v. Board of County Commissioners, 2012 Ok 87

“Discovery rule”, which allows limitations periods in tort cases to be tolled until the injured party knows, or in the exercise of reasonable diligence, should have known of the injury, applies to Oklahoma Governmental Tort Claims Act. Lester v. Smith, 2008 OK CIV APP 97, 198 P.3d 402.

If plaintiff files notice of claim which substantially complies with statutory requirements, plaintiff may not submit second notice of claim and thus extend time to file suit after claim is denied. Strong v. Oklahoma City Public Schools, 941 P.2d 538 (Okla. Civ. App. 1997)

Only a written notice of claim is sufficient to invoke the protections of the Governmental Tort Claims Act. A verbal communication does not substantially comply. Minie v. Hudson, 934 P.2d 1082 (Okla. 1997)

Claimant making claim against political subdivision pursuant to Oklahoma employment discrimination statutes, 25 O.S. 1101 et seq., is not required to comply with time limitations and notice provisions of Governmental Tort Claims Act. Duncan v. City of Nichols Hills, 913
Limitations period for a tort claim pursuant to Governmental Tort Claims Act is governed by § 156 B which requires notice of claim to be filed within one year of loss. McGehee v. State Insurance Fund, 904 P.2d 70 (Okla. 1995)

If claimant substantially complies with notice requirements of Governmental Tort Claims Act, claim will not be dismissed for invalid notice. Notice of claim must be presented within one year after loss in order for claim to be timely. Mansell v. City of Lawton, 901 P.2d 826 (Okla. 1995)

Claim against school district which was barred by statute of limitations due to student’s failure to commence action within 180 days after denial of claim by school could not be revived by sending second notice to school within one-year period for filing of claim. Grider v. ISD No. 89, 872 P.2d 951 (Okla. App. 1994)

Governmental subdivision’s request for additional information with respect to claim did not extend 90 day period within which to bring an action against it. Sanchez v. City of Sand Springs, 789 P.2d 240 (Okla. 1990)

The purchase of insurance by a governmental subdivision does not dispense with the necessity to comply with procedures set forth in the Governmental Tort Claims Act for bringing claims against that governmental subdivision. Garley v. Memorial Hospital of Gaymon, 770 P.2d 573 (Okla. 1989)

The purposes of the notice provisions of the Political Subdivision Tort Claims Act are to foster political subdivision’s interest by promoting prompt investigation, to provide opportunity to repair a dangerous condition, to encourage swift and amicable settlement of meritorious claims, and to prepare to meet financial liabilities. Graves v. Rose, 663 P.2d 733 (Okla. 1983)

Section 838. Approval or Denial of Claims.

A. A person may not initiate a suit against the state or a political subdivision unless the claim has been denied in whole or in part.

A claim is deemed denied if the state or political subdivision fails to approve the claim in its entirety within ninety (90) days, unless the state or political subdivision has denied the claim or reached a settlement with the claimant before the expiration of that period. If the state or a political subdivision approves or denies the claim in ninety (90) days or less, the state or political subdivision shall give notice within five (5) days of such action to the claimant at the address listed in the claim. If the state or political subdivision fails to give the notice required by this subsection, the period for commencement of an action in subsection B of this section shall not begin until the expiration of the ninety-day period for approval. The claimant and the state or political subdivision may continue attempts to settle a claim, however, settlement negotiations do not extend the date of denial unless agreed to in writing by the claimant and the state or political subdivision.

B. No action for any cause arising under this act, Section 151 et seq. of this title, shall be maintained unless valid notice has been given and the action is commenced within one hundred eighty (180) days after denial of the claim as set forth in this section. The claimant and the state or political subdivision may agree in writing to extend the time to commence an action for the purpose of continuing to attempt settlement of the claim except no such extension shall be for longer than two (2) years from the date of the loss. (51-157)

Failure to file suit within the mandatory time limits of the Governmental Tort Claims Act bars the action. The school’s insurance company adjuster had no duty to advise the claimant of the statutory time limitations in the Governmental Tort Claims Act Williams v. Bisby Independent School District, 2013 OK CIV APP 86.

The time limits to file notice of a tort claim provided in the Governmental Tort Claims Act must be followed unless they are tolled by a written agreement of the parties or the conduct of the governmental entity or its agent. Crockett v. Cent. Okla. Transp. & Parking Auth., 2010 OK CIV APP 30.

Because under the Governmental Tort Claims Act the right to sue does not attach until the claim has been denied, causes of action brought under the act do not accrue until that point. Brown v. Creek County, 2007 OK 56, 164 P.3d 1073

Time period in which school district was required to approve or deny claim was extended when school’s insurance adjuster requested additional information from the plaintiff. Davis v. Ind. School Dist. No. 89, 2006 OK CIV APP 72, 136 P.3d 1059

Where insurance adjuster mailed a letter to the plaintiff requesting information and stating a certain date upon which a claim will be denied, then that date and not the statutory date of deemed denial governs when Plaintiff’s time to file suit begins to run. Corn v. Comanche County Memorial Hospital, 2006 OK CIV APP 126, 147 P.3d 285.

When school district’s insurance agent wrote a letter requesting more information from a claimant, but stated that the investigation was not intended to waive time limitation imposed by the Oklahoma Governmental Tort Claims Act, the 90-day period after which the claim was deemed denied was not tolled. Floyd v. Quinton Public Schools, 438 F.Supp.2d 1318, (E.D. Okla. 2006)

If letter from governmental entity states effective date of denial which is beyond 90 day period for claim to be deemed denied, effective
date in letter is considered as date of denial for purposes of calculating timeliness of filing of action. *Carswell v. Oklahoma State University*, 1999 OK 102, 995 P.2d 1118.

Statute authorizes an enlargement of the 90 day period for denial of a claim where the parties agree to such an extension in writing. Written correspondence between the parties may constitute such an extension agreement. *Vaughan v. City of Broken Arrow*, 1999 OK 47.

Statutory policy of exclusive liability requires compliance with the notice and statutory time constraints even when plaintiff seeks to pierce the shield of immunity by allegations of willful and wanton conduct. Failure of compliance extinguishes the right to sue both the governmental entity and its employees. *Leding v. Pittsburgh County Dist. Court*, 928 P.2d 957 (Okla. App. 1996)

12 O.S. § 96 is not applicable to claims under the Governmental Tort Claims Act where the claim is not timely filed under the Act so as to invoke the court’s jurisdiction. *Tyler v. Board of County Commissioners*, 915 P.2d 951 (Okla. App. 1996)

Claimant making claim against political subdivision pursuant to Oklahoma employment discrimination statutes, 25 O.S. 1101 et seq., is not required to comply with time limitations and notice provisions of Governmental Tort Claims Act. *Duncan v. City of Nichols Hills*, 913 P.2d 1303 (Okla. 1996)

Pursuant to 12 O.S. § 100, claimant may refile governmental tort claims action within one year from the date the original timely-filed governmental tort claims action failed or was dismissed other than on its merits. *State of Oklahoma v. Dixon*, 912 P.2d 842 (Okla. 1996)

Pursuant to 12 O.S. § 100, claimant may refile governmental tort claims action within one year from the date the original timely-filed governmental tort claims action failed or was dismissed other than on its merits. *Laidley v. McClain*, 912 P.2d 840 (Okla. 1996)

When a public entity requests more information after receiving an initial notice of claim and the claimant responds within a reasonable or a stated time, the claim must be given fresh consideration such that the 90-day bar must be treated as erased or arrested and will not begin to run until the claimant responds to the request for additional information. *Bivins v. State of Oklahoma ex rel. Oklahoma Memorial Hospital*, 917 P.2d 456 (Okla. 1996)

Where valid notice of a claim has been given and a governmental tort claim has been timely filed, the court’s power is invoked. Thus, the savings statute, 12 O.S. § 100, is applicable, and a governmental tort claims action which is dismissed other than on the merits may be refiled according to 12 O.S. § 100. *Cruse v. Board of County Commissioners of Atoka County*, 910 P.2d 998 (Okla. 1995)

Claim against school district which was barred by statute of limitations due to student’s failure to commence action within 180 days after denial of claim by school could not be revived by sending second notice to school within one-year period for filing of claim. *Grider v. ISD No. 89*, 872 P.2d 951 (Okla. App. 1994)

Statute allowing commencement of new action within one year of failure of first action other than on merits could not be applied to extend 180-day period after denial of notice of claim for filing suit against municipality after voluntary dismissal of prior timely action against municipality. *Robbins v. City of Del City*, 875 P.2d 1170 (Okla. App. 1994)

Statute allowing refiling of action dismissed otherwise than on merits within one year of dismissal does not operate to extend specific time limitations in Governmental Tort Claims Act, where special time limitations in Act limit right to bring action. *Gibson v. City of Tulsa*, 880 P.2d 429 (Okla. App. 1994)

Section 839. Settlement or Defense against Claim.

A. The state or a political subdivision, after conferring with authorized legal counsel, may settle or defend against a claim or suit brought against it or its employee under this act subject to any procedural requirements imposed by statute, ordinance, resolution or written policy, and may appropriate money for the payment of amounts agreed upon. When the amount of any settlement exceeds Twenty-five Thousand Dollars ($25,000.00), and any payment required by the settlement will not be paid through an applicable contract or policy of insurance, the settlement shall not be effective until approved by the district court and entered as a judgment as provided by law.

B. Any settlement payout pursuant to this section may be structured in any manner as agreed to by the parties involved.

C. If a policy or contract of liability insurance covering the state or political subdivision or its employees is applicable, the terms of the policy govern the rights and obligations of the state or political subdivision and the insurer with respect to the investigation, settlement, payment and defense of claims or suits against the state or political subdivision or its employees covered by the policy. However, the insurer may not enter into a settlement for an amount which exceeds the insurance coverage without the approval of the governing body of the state or political subdivision or its designated representative if the state or political subdivision is insured.

D. Nothing in this section shall be construed to repeal or modify Sections 361 through 365.6 and 435 of Title 62 of the Oklahoma Statutes and it is intended that this section be construed in conformance with those sections.

548
E. The state or a political subdivision shall not be liable for any costs, judgments or settlements paid through an applicable contract or policy of insurance but shall be entitled to set off those payments against liability arising from the same occurrence.

F. The state or a political subdivision shall have the right of subrogation against the insurer issuing any applicable contractor policy of insurance to the monetary limit of said policy of insurance or contract, if judgment or settlement of any claim arising pursuant to this act results in the imposition of monetary liability upon the state or the political subdivision.

G. Judgments, orders, and settlements of claims shall be open public records unless sealed by the court for good cause shown. (51-158)

**Section 840. Payment of Judgment.**

A. Judgments recovered against the state or political subdivisions under the provisions of this act shall be enforced in the same manner and to the same extent as judgments are now enforced against the state or political subdivisions under the law except as herein provided.

B. If the judgment is obtained against the state or a political subdivision that has procured a contract or policy of liability or indemnity insurance protection, the holder of the judgment may use the methods of collecting the judgment which are provided by the policy or contract or law to the extent of the limits of coverage provided.

C. For the payment of any judgment obtained under the provisions of this act against a political subdivision that is a self-insurer or not fully covered by liability insurance, the manner of paying a money judgment shall be as follows. Proof of indebtedness, as required in Sections 362 through 364 of Title 62 of the Oklahoma Statutes and evidence of any estimated tax levy or increases necessary to reimburse the sinking fund for the purposes of the judgment as provided in Section 431 of Title 62 of the Oklahoma Statutes, and other evidence or statements which the court may require, shall be made to the court before final judgment is rendered. As an alternative to paying the money judgment out of the sinking fund at the rate of one-third (1/3) each year, the court, based on consideration of evidence and proof, may provide for the judgment to be paid over a period of not less than one (1) nor more than ten (10) years. The interest rate on any judgment when payment is extended more than three (3) years shall be at the rate prescribed by law for the first three (3) years and at the rate of six percent (6%) for each remaining year.

D. Money judgments against the state not payable by insurance shall be paid in the following manner. An agency whose act or omission gave rise to the judgment may, at its discretion and upon approval of the Director of the Office of Management and Enterprise Services, pay a judgment or any portion thereof from any funds available to it. Provided, however, no agency shall be required to pay a judgment prior to the fiscal year next following the fiscal year in which the judgment is obtained. Any such judgment may be paid at a rate of one-third (1/3) per fiscal year from funds available for operation of the agency.

E. Nothing in this act shall be interpreted as allowing liens on public property. (51-159)

**Section 841. Recovery of Payments from Employees.**

The state or political subdivision shall have the right to recover from an employee for any claim or action under this act or any other claim or action any payments made by it for any judgment or settlement, or portion thereof, and costs or fees by or on behalf of an employee’s defense if it is shown that the conduct of the employee which gave rise to the claim or action was outside the scope of his employment, or if the employee fails to cooperate in good faith in the defense of the claim or action. A judgment or settlement in an action or claim under this act shall constitute a complete bar to any action by the claimant against an employee whose conduct gave rise to the claim resulting in that judgment or settlement. Nothing in this act shall be construed to authorize the state or political subdivision to pay for any punitive or exemplary damages rendered against an employee. (51-160)

Section 842. Payment of Judgment Against Employee and Legal Expenses.

A. The state or any political subdivision, subject to procedural requirements imposed by this section, other applicable statute, ordinance, resolution, or written policy, shall:

1. Provide a defense for any employee as defined in Section 152 of this title when liability is sought for any violation of property rights or any rights, privileges, or immunities secured by the Constitution or laws of the United States when alleged to have been committed by the employee while acting within the scope of employment;

2. Pay or cause to be paid any judgment entered in the courts of the United States, the State of Oklahoma or any other state against any employee or political subdivision or settlement agreed to by the political subdivision entered against any employee, and any costs or fees, for a violation of property rights or any rights, privileges or immunities secured by the Constitution or laws of the United States which occurred while the employee was acting within the scope of employment. The maximum aggregate amount of indemnification paid directly from funds of the state or any political subdivision to or on behalf of any employee pursuant to this section shall not exceed the maximum figures authorized by the provisions of Section 154 of this title, regardless of the number of persons who suffer damage, injury or death as a result of the occurrence, unless, in the case of a political subdivision, the political subdivision establishes higher limits by ordinance, if a municipality, or, as to other political subdivisions, by resolution, published as required by law; and

3. For any cause of action filed against an employee on or after January 1, 1990, post or cause to be posted any supersedeas or other bond ordered by the court.

B. 1. The state or a political subdivision shall not be required to indemnify any employee of the state or a political subdivision under the provisions of this section, unless the employee is judicially determined to be entitled to such indemnification and a final judgment therefor is entered. The exclusive means of recovering indemnification from the state shall be by filing an application for indemnification in the district court of the county where venue is proper as provided for in paragraph 2 of this subsection. The exclusive means of recovering indemnification from a political subdivision shall be by filing an application for indemnification in the trial court where the judgment was entered. If the federal trial court cannot hear the action, such application shall be filed in the district court of the county where the situs of the municipality is located. Actions to determine entitlement to indemnification shall be tried to the court, sitting without a jury.

2. Venue for actions to determine entitlement to indemnification from the state shall be in Oklahoma County, except that a constitutional state agency, board or commission may, upon a resolution being filed with the Secretary of State, designate another situs for venue in lieu of Oklahoma County.

3. All applications for indemnification from the state or a political subdivision shall be filed in the name of the real party or parties in interest, and in no event shall any application be presented nor recovery made under the right of subrogation. Indemnification from the state as provided for in this subsection shall extend only to acts or omissions occurring on or after January 1, 1984. The employee of the state or a political subdivision must file an application for indemnification within thirty (30) days of final judgment, or the right to seek indemnification shall be lost forever.

4. In order to recover indemnification from the state or a political subdivision pursuant to this subsection, the court shall determine by a preponderance of the evidence that:

   a. the employee reasonably cooperated in good faith in the defense of the action upon which the judgment or settlement was awarded and for which indemnification is sought;

   b. the actions or omissions upon which such a judgment or settlement has been rendered were not the result of fraudulent conduct or corruption by the employee;

   c. the employee, in committing the acts or omissions upon which a judgment or settlement has been rendered was acting in good faith and within any applicable written administrative policies known to the employee at the time of the omissions or acts alleged;

550
d. the employee was acting within the scope of employment at the time that the acts or omissions upon which a judgment or settlement has been rendered were committed by the employee;

e. the acts or omissions of the employee upon which a judgment or settlement has been rendered were not motivated by invidious discriminatory animus directed toward race, sex, or national origin; and

f. when punitive or exemplary damages are included in the total award rendered against the employee of a political subdivision, the indemnification amount sought for fees and costs does not include amounts attributable to the employee's defense against the punitive or exemplary damages in accordance with subsection D of this section.

5. a. Any indemnification judgment against the state under this section shall be an encumbrance against otherwise available unencumbered monies and unallocated unencumbered monies in the appropriations of the agency on whose behalf the employee to be indemnified was acting at the time of the act or omission upon which the judgment or settlement was awarded and for which indemnification was sought.

b. If sufficient unencumbered monies or unallocated unencumbered monies do not exist in the agency's appropriations to pay the indemnification, the agency shall make application to the Risk Management Division of the Office of Management and Enterprise Services for full payment of the indemnification out of the Risk Management Revolving Fund established pursuant to Section 85.58K of Title 74 of the Oklahoma Statutes. Payment out of this fund shall be authorized if there are sufficient monies greater than the sum total of the then pending fund indemnification judgment requests, and the reserves for future tort claims as certified by the Director of Risk Management.

c. If sufficient monies do not exist in the Tort Claims Liability Revolving Fund, the agency shall request the Legislature to make an appropriation sufficient to pay the indemnification.

d. Any indemnification judgment against a political subdivision shall be paid as provided in Sections 361 through 365.6 of Title 62 of the Oklahoma Statutes and Section 159 of this title.

C. The state or political subdivision shall have the right to recover from an employee the amount expended by the state or political subdivision to provide a defense, or pay a settlement agreed to by the employee and the state or political subdivision, or pay the final judgment, if it is shown that the employee's conduct which gave rise to the action was fraudulent or corrupt or if the employee fails to reasonably cooperate in good faith in defense of the action.

D. The state or a political subdivision shall not, under any circumstances, be responsible to pay or indemnify any employee for any punitive or exemplary damages rendered against the employee, nor to pay for any defense, judgment, settlement, costs, or fees which are paid or covered by any applicable policy or contract of insurance. Where any civil rights judgment upon which indemnification under subsection B of this section is applied for by an employee of the state includes an award for both actual and punitive or exemplary damages, the total amount of fees and costs for which indemnification may be allowed shall be limited to the percentage of fees and costs in the total award that the percentage of the award of actual damages bears to the total judgment awarded. It is the public policy of the State of Oklahoma that the state or a political subdivision may indemnify its employee for actual damages, fees, and costs as provided herein in any case in which the findings set out in paragraph B of this section have been determined.

E. Nothing in this section shall be construed to waive any immunities available to the state under the terms of the Eleventh Amendment to the Constitution of the United States. Any immunity or other bar to a civil lawsuit under state or federal law shall remain in effect. The fact that the state or a political subdivision may relieve an employee from all judgments, settlements, costs, or fees arising from the civil lawsuit shall not, under any circumstances, be communicated to any trier of fact in the case of any trial by jury. (51-162)

Section 843. Venue - Process - Proceedings.

A. Venue for actions against the state within the scope of this act shall be either the county in which the cause of action arose or Oklahoma County, except that a constitutional state agency, board or commission may, upon resolution filed with the Secretary of State, designate another situs for venue in lieu of Oklahoma County.

B. Actions against all political subdivisions within the scope of this act shall be brought in the county in which the situs of the political subdivision is located or in the county in which the cause of action arose; provided, any action brought against a municipality which is an owner of a dam, based upon the construction, maintenance, or operation of the dam, shall be brought in the county where the dam or a major portion of the dam is located.

C. Suits instituted pursuant to the provisions of this act shall name as defendant the state or the political subdivision against which liability is sought to be established. In no instance shall an employee of the state or political subdivision acting within the scope of his employment be named as defendant with the exception that suits based on the conduct of resident physicians and interns shall be made against the individual consistent with the provisions of Title 12 of the Oklahoma Statutes.

D. All actions against the state or political subdivision shall be filed in the name of the real party or parties in interest, and in no event shall any claim be presented nor recovery be made under the right of subrogation.

E. In all actions against the state, service shall be perfected by mailing, by certified mail, return receipt requested, a summons and a copy of the petition to the Attorney General. Claimant shall also mail, by certified mail, return receipt requested, a copy of the summons and a copy of the petition to the administrative head of the state agency or agencies involved and a copy of the summons and a copy of the petition to the Risk Management Administrator of the Purchasing Division of the Office of Management and Enterprise Services.

F. In suits against political subdivisions the petition and summons shall be served in the manner prescribed by law for civil cases generally. If no method is prescribed by law, then service may be had on the administrative head of the political subdivision being sued, if available, and if not, the court in which the suit is pending may authorize service in such manner as may be calculated to afford the political subdivision a fair opportunity to answer and defend the suit.

G. No attempt shall be made in the trial of any action brought against the state or any political subdivision or employee within the scope of this act to suggest the existence of any insurance which covers in whole or in part any judgment or award which may be rendered in favor of the plaintiff. (51-163)

Filing a tort claim against a government employee in his or her official capacity is improper because it is an attempt to impose liability on the governmental employer under the Governmental Tort Claims Act, which is dependent on the employee acting within the scope of his or her employment. Section 844. Laws and Rules of Civil Procedure Applicable.

The laws and statues of the State of Oklahoma and the Rules of Civil Procedure, as promulgated and adopted by the Supreme Court of Oklahoma insofar as applicable and to the extent that such rules are not inconsistent with the provisions of this act, shall apply to and govern all actions brought under the provisions of this act. (51-164)

The immunity afforded to state employees under the Tort Claims Act has a limited application to tort actions filed in state court, under state law, and does not impact an employee’s potential liability, if any, which might arise under federal law, including the Civil Rights Act, at 42 U.S.C. Section 845. Act Not Applicable to Prior Torts.

This act does not apply to any claim against any political subdivision or employee arising before the effective date of this act. Any such claim may be presented and enforced to the same extent and subject to the same procedures and restrictions as if this act had not been adopted. (51-165)
Section 846. Act Applies to Both Governmental and Proprietary Functions.

The distinction existing between governmental functions and proprietary functions of political subdivisions shall not be affected by the provisions of this act; however the provisions of this act shall apply to both governmental and proprietary functions. (51-166)

Section 847. Application of Law.

This act is exclusive and supersedes all home rule charter provisions and special laws on the same subject heretofore, and all acts or parts of acts in conflict herewith are repealed. (51-170)

Section 848. Existing Remedies - Causes of Action or Claims Not Affected.

Such consultation shall include at least one public hearing for which the board has given adequate notice to the employees and to the parents of the pupils affected.

In school districts where a continuous school program is implemented in fewer than all of the schools maintained by the school district, the board of education of such a school district shall make every reasonable effort to assign employees who prefer the regular school schedule to schools of the same level retaining the regular school schedule.

The board of education of any school district operating pursuant to the provisions of this chapter shall divide the students of each selected school into as many groups as necessary to adequately accommodate a continuous school program so established and conducted. Section 867. Bond Issue Proceeds Act.

This act shall be known and may be cited as the “Bond Issue Proceeds Act”. (62-571)

Section 868. Purpose.

The purpose of this act is to guarantee to the citizens of the State of Oklahoma that the proceeds of bond issues approved by them will be expended only for the purposes or projects for which any such bond issue was approved. (62-572)

Section 869. Definition.

As used in this act, unless the context requires otherwise, the term “government entity” means and includes the State of
Section 870. Statement of Purposes and Projects - Expenditures.

A. At any election upon the question of issuing bonds, which if approved would require an ad valorem tax levy or pledging the full faith and credit of the State of Oklahoma, the governmental entity calling such election shall set forth in each proposition to be voted upon the general purpose for which the bond proceeds will be expended. This shall not require the proposition or the bond to recite specific projects and dollar amounts.

B. At any election upon the question of issuing bonds, which if approved would require an ad valorem tax levy or pledging the full faith and credit of the State of Oklahoma, the governmental entity calling such election shall set forth in the call of election, in a legally qualified newspaper of general circulation in the area wherein said bond issue proceeds are to be expended, a general statement of all purposes and specific projects for which seventy percent (70%) of the proceeds shall be expended, with a further listing of the dollar amounts to be expended on each specific project. The dollar figure left unlisted as to specific projects shall not exceed thirty percent (30%) of the total amount of the bond issue.

C. If any such bond issue is approved at an election, the particular governmental entity shall expend all of the proceeds of such bond issue for the purposes set out in the proposition voted upon and shall expend not less than eighty-five percent (85%) of the moneys allocated to each specific project, unless such project can be completed for a smaller amount of money, on that project as published according to Section 4(B) of this act and for which the bond issue was approved. Provided, however, that if any money becomes available from any source outside the bond proceeds for any specific project, the outside funds would be used to reduce the amount of bond funds to be expended on that specific project. In such event, the governmental entity may expend that amount less than the specified eighty-five percent (85%) and may use the surplus funds on other projects within the same general purpose or to reduce the sinking fund. This section shall not apply in the event a final judicial determination or federal or state laws, regulations or rules preclude the undertaking or completion of a specific project. (62-574)

Issuance and sale of bonds would not be enjoined, even though officials improperly expended funds to promote bond election, where election contestant failed to show evidence that efforts swayed voter opinion succeeded or that outcome of election would have been different had effort not been made. Quinn v. City of Tulsa, 777 P.2d 1331 (Okla. 1989)

Section 871. Penalty.

Any member of the governing body of a governmental entity or other elected or appointed official charged with the duty of expending the proceeds of any bond issue, who knowingly and willfully violates any provision of this act, shall forfeit his office. (62-575)

Section 873. Validity of Bonds.

Nothing contained herein shall affect the validity or enforceability of such bonds, once sold pursuant to law, regardless of actions by the governmental entity subsequent to sale. (62-577)

Section 874. Authority For Bond - Fiscal Year Limits.

(a) Except as herein otherwise provided, no county, city, town, township, school district, or other political corporation, or subdivision of the State, shall be allowed to become indebted, in any manner, or for any purpose, to an amount exceeding, in any year, the income and revenue provided for such year without the assent of three-fifths of the voters thereof, voting at an election, to be held for that purpose, nor, in cases requiring such assent, shall any indebtedness be allowed to be incurred to an amount, including existing indebtedness, in the aggregate exceeding five percent (5%) of the valuation of the taxable property therein, to be ascertained from the last assessment for State and county purposes previous to the incurring of such
indebtedness: Provided, that if a school district has an absolute need therefor, such district may, with the assent of three-fifths of the voters thereof voting at an election to be held for that purpose, incur indebtedness to an amount, including existing indebtedness, in the aggregate exceeding five percent (5%) but not exceeding ten percent (10%) of the valuation of the taxable property therein, to be ascertained from the last assessment for state and county purposes previous to the incurring of such indebtedness, for the purposes of acquiring or improving school sites, constructing, repairing, remodeling or equipping buildings, or acquiring school furniture, fixtures or equipment; and such assent to such indebtedness shall be deemed to be a sufficient showing of such absolute need, unless otherwise provided by law. * * * Provided further, that any county, city, town, school district, or other political corporation, or subdivision of the state, incurring any indebtedness requiring the assent of the voters as aforesaid, shall, before or at the time of doing so, provide for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within twenty-five (25) years from the time of contracting the same, and provided further that nothing in this section shall prevent, under such conditions and limitations as shall be prescribed by law, any school district from contracting with:

(2) a school superintendent for periods extending more than one (1) year, but not to exceed three (3) years beyond the current fiscal year. * * * * *(Article X, § 26, Okla. Const.)

A school district may not lawfully use proceeds of general obligation bonds to make an installment under a lease purchase agreement where the principal amount of the transaction is increased in lieu of interest, i.e., the lease includes no component for interest, but the principal amount is increased to compensate the lessor. A school district cannot do indirectly what it is prohibited from doing directly and such a structure would violate Okla. Const. art. X, § 26. December 19, 2007 (AG Op. No. 07-42)

The Oklahoma Constitution prohibits limitation of liability clauses in all state contracts, whether for goods or services, unless at the time the contract is executed funds have been appropriated and encumbered to pay for any contingent liability which might arise. Further, a limitation of liability clause which creates an unfunded contingent liability is void as against public policy. April 14, 2006, (AG Op. No. 06-11).

Oklahoma school districts lack the legal authority to enter into “swap or derivative financial product” agreements, as that power is beyond that necessary or implied to carry out the powers expressly granted to school districts. November 28, 2005 (AG Op. No.05-43)

Const. X §26 and 70 O.S. 5-117 Nonappropriation addenda purporting to extend contract beyond current fiscal year is not sufficient to ratify or confirm renewal or extension for lease of photocopiers. Where school district accepted benefits of use of copier and vendor accepted payment, the parties mutually confirmed contract extensions. GE Capital Information Technology Solutions v. OKCPS, 2007 OK CIV APP 117

Not every contract entered into by a municipality qualified as a §26 debt. Contract with auditor, especially when funds are shown to be available to pay for services rendered, does not qualify as a §26 debt. Fleming & Gandall, PLLC v. Town of Cashion, 2007 OK CIV APP 74, 167 P.3d 975

A debt is a promise to pay a certain amount, with interest, within a fixed time out of taxes collected. Where contract allowed for reduction of amount owed to school district based on amount of state aid collected for number of students, such reduction was not a debt for purposes of constitutional debt limitation. Southern Corrections Systems, Inc. v. Union City Public Schools, 2002 OK 93, 64 P.3d 1083.

Recovering an overpayment of state aid does not impose the type of obligation prohibited by the constitutional debt limitations. ISD No. 20 of Muskogee County v. Okla. State Dept. of Education, 2003 OK 18, 65 P.3d 612.

Contract between engineers and city which has a contingent debt violates Art. X, §26 because it creates an obligation in one fiscal year which results in a debt in a succeeding fiscal year. Wyatt-Doyle & Butler Engineers, Inc. v. City of Eufaula, 13 P.3d 474, 2000 OK 74.

Debt is incurred when bonds are voted on, issued, approved, and delivered; voters may authorize an amount of bonded indebtedness in excess of 10% of assessed valuation but bonded indebtedness may only be incurred up to constitutional limit. April 5, 2002 (AG Op. No. 02-14)

Contract which contains an exculpatory or indemnity provision violates constitutional provision regarding creation of debt unless funds have been appropriated to cover the obligation at the time the contract was made. January 26, 2001 (AG Op. No. 01-2)

Early retirement incentive plan which was ratified annually by board of education did not violate constitutional fiscal year limitations. Matter of Tax Protest of Steve Beebe, 1999 OK CIV APP 69, 986 P.2d 525

Fiscal year limitations prevent school district from entering into agreements for periods in excess of one fiscal year unless three-fifths of voters of school district approve. School district may enter into lease for one fiscal year or less with an option to renew in future years to be exercised at the discretion of the school district. November 10, 1999 (AG Op. No. 99-73)
Fiscal year limitations do not apply to state’s obligation to recoup overpayment of state aid through reductions of future state aid and does not prevent State Department of Education from such recoupment. *July 20, 1999 (AG Op. No. 99-36)*

An interest-free loan to a municipality which is forgiven in certain amounts until completion of a 10 year contract is a debt that is prohibited by Article X, § 26 of the Oklahoma Constitution regardless of the fact that the municipality may never have to repay the balance. No bond or evidence of debt of any county, or bond of any township or any other political subdivision of any county, shall be valid unless the same have endorsed thereon a certificate signed by the County Clerk, or other officer authorized by law to sign such certificate, and the County Attorney of the county, stating that said bond, or evidence of debt, is issued pursuant to law, and that said issue is within the debt limit. (Article 10, § 29, Okla. Const.)

Section 880. Bonds - Maturity - Installments - Contract.

A. Except as provided for in subsection B of this section, whenever any municipal corporation or political subdivision
of this state shall vote any bonds or issue any funding or refunding bonds, such bonds, or combined issue of bonds referred to in Section 354 of this title shall be made to mature in equal annual installments, beginning not less than two (2) nor more than five (5) years after their date, except that the first maturing installment may be for such sum, not more than one installment and the last maturing installment may be for such sum not more than two installments, as will complete the full issue of such bonds notwithstanding the necessity of varying the amount thereof to complete the same.

B. 1. Whenever any municipal corporation or political subdivision of this state shall vote any bonds or issue any funding or refunding bonds, such bonds, or combined issue of bonds referred to in Section 354 of this title, may be made to mature pursuant to a schedule of annual installments which allows the bonds to be structured with level debt service payments. Such bonds shall mature beginning not less than two (2) years nor more than five (5) years after their date.

2. For purposes of this subsection:

a. “level debt service” means that net total annual or fiscal debt service, except for short or stub periods, must be approximately equal for every annual or fiscal period, provided that all net annual or fiscal payments must be within a dollar amount range not to exceed the greater of two-tenths of one percent (0.2%) of the bond issue or twice the stated denomination of the bonds, and

b. “short or stub periods” means the period preceding the beginning of full amortization of principal and payment of interest.

C. For purposes of subsections A and B of this section, a mandatory sinking fund redemption amount shall be deemed to be a maturity or maturing installment.

D. The denomination of bonds issued pursuant to the provisions of this section shall be One Thousand Dollars ($1,000.00) or multiples thereof, except the first numbered bond may be for such odd amount as will complete the full issue of the bonds. Provided, when a book entry system is utilized, the issuer may issue and deliver one bond only, for the entire principal amount of each maturity or of the entire issue, to the book entry agent. (62-353)

A. Whenever any municipal corporation or political subdivision of the State of Oklahoma shall by separate propositions vote bonds for two or more purposes, the governing body thereof may combine and offer for sale in one issue of bonds all of the purposes so voted, and shall set out in the ordinance or resolution providing for the issuance of the bonds and in the printed bond for the combined purposes the amount authorized to be expended for each purpose as set out in each proposition submitted and approved by the electors, and the bonds may be designated general obligation bonds or as may be determined by the governing board of the municipal corporation or political subdivision.

B. When one or more issues of bonds, including a combined bond issue referred to herein, except funding or refunding bonds, shall be made or ordered by any county, city, town, board of education, school district, or other political subdivision of the state, the proper officers shall, before selling such bonds cause at least ten (10) days' notice to be given of the time and place when and where bids therefor will be received and the methods by which bids may be submitted, which, in the discretion of the governing body, may be by sealed bid, facsimile bid, electronic mail bid or other bidding method. Such notice shall be signed by the county clerk if issued by a county, and by the clerk of any city, town, board of education, school district, or other subdivision of the state, as the case may be, and shall be published once a week for two (2) consecutive weeks in a legally-qualified newspaper published in such political subdivision and if there be no such newspaper then in a legally-qualified newspaper of general circulation in such political subdivision. The date mentioned in such notice for the sale of such bonds shall not be less than ten (10) days after the first publication thereof. In the event a municipal corporation or political subdivision has by separate propositions voted bonds for two or more purposes, the proper officers shall set out in such notice of sale whether bids will be received for a combined bond issue for all of such purposes as one unit, or bids will be received for separate bond issues for each purpose.

C. All bonds shall be sold to the bidder who shall stipulate in the bid the lowest interest cost which such bonds shall bear which, at the option of the governing body, may be determined based on true interest cost. Upon the acceptance of such bid, the bonds shall be issued in accordance therewith and shall be delivered to the purchaser upon payment of the purchase price thereof. Each bidder shall submit with the bid a sum in cash, cashier’s check, surety bond or similar security undertaking as stipulated by the governing body, equal to two percent (2%) of the principal amount of the bond issue, and upon the acceptance of any bid, such deposit shall become the property of the county, or municipality selling the bonds, and shall be
accredited on the purchase price thereof, upon the understanding that if the purchaser shall fail for five (5) days after tender of the bonds to pay the balance of the purchase price, the sale shall be thereby annulled and the deposit shall in such event be retained by the governing body of such county or municipality and credited to the account for which such bonds are being issued and shall be used accordingly. No tender of the bonds shall be valid until after the expiration of the period of contestability, as provided by law. All other deposits shall be returned. The governing body, selling such bonds, shall have the right to reject all bids and readvertise the bonds for sale. No funding or refunding bonds issued hereunder shall bear a higher rate of interest than the indebtedness which is funded or refunded.

D. The provisions of Section 351 et seq. of this title shall not apply to sale of bonds issued by a vote of the people to the United States Government, or any agency thereof, and the governing board of a municipal corporation or political subdivision of the state is hereby authorized to sell such bonds to the United States Government or any agency thereof at a private sale for a sum of not less than par with accrued interest added, and the governing board shall fix the rate of interest which such bonds shall bear which shall not be a larger rate of interest than that authorized by the electors voting at the bond election. (62-354)

Under constitution, municipal corporation has no authority to contract indebtedness payable out of a fund before the fund is provided. Municipality may lawfully contract indebtedness payable from bond fund only when the bond issue arises from exchange for liability upon bonds. Municipal bonds are “issued” when control and possession pass from the municipality to purchaser or person in whose hands they become a claim against the municipality; furthermore, though authorized and executed, bonds do not become obligatory and operative until delivered. *McMasters v. Town of Byars*, 223 P.2d 545 (Okla. 1950)

2. A description of any unpaid or unfinished bond approved by the voters of that jurisdiction preceding the date of the vote on the bonds to be issued; and

3. A detailed description of the use of the previous bond proceeds. If the bond proceeds were used to acquire or improve real property, the description shall include a physical address using a street number or some other method by which the location of the property can be identified.

B. If the local government entity does not have a website, then it shall make the information accessible through some other method using the Internet to persons who reside in the geographic area of the local government entity. Should there be no reasonable method as described in this section, the entity shall cause the information to be published at least once in a newspaper of general circulation in the geographic area in which the voters of the local government jurisdiction reside.

When a board of education determines that the projects for which a bond issue was voted have been completed, the money remaining in the bond fund must be transferred to the sinking fund, which may be used to pay judgments against the school district if there is a compliance with statutory requirements. AG Op. March 8, 1967

(62-362)

Note: Title 12, O.S., §727, provides that judgments against school districts shall bear interest at a rate not to exceed 10 percent.

Statute that requires plaintiffs to prove political subdivision's ability to pay claim at issue so that subdivision does not exceed constitutional debt limitations does not specify any time frame for the scope or the presentation of that evidence, other than that it must be offered prior to final judgment. Plaintiffs must present proof of actual indebtedness for the fiscal year in which a judgment is entered before judgment can be rendered. Ahlschlager v. Lawton School District, 2010 OK 41.

Judgment for attorney fees entered against school district was invalid where trial court did not require the financial evidence required by this statute. Governmental Tort Claims Act has incorporated requirements of this statute prior to entry of final judgment when school district is self-insured or not fully covered by liability insurance. Fields v. ISD No. 1 of Tulsa County, 2002 OK CIV APP 109, 84 P.3d 779.

A board of education that is self-insured for workers’ compensation must utilize the exclusive funding methods mandated in 85 O.S., §2b(A)(3) for such purposes. A board of education may not utilize the procedures of 85 O.S., §42 to fund its workers’ compensation coverage in lieu of appropriating funds because Section 42 is not a funding statute. Section 42 is intended to be used solely as a mechanism for collecting judgments. (AG Op. No. 90-9)

Title 62 O.S., §361 and 362 must be complied with to have valid judgment. Baylis v. City of Tulsa, 780 P.2d 686 (Okla. 1989)

Section 897. Judgments - Compliance with Statute.

Section 899. Courts of Record - Exclusive Jurisdiction for Money Judgments.

It is hereby provided that courts of record shall have exclusive jurisdiction in all actions for money judgment or for establishing any indebtedness against any county, city, town, board of education, school district or other municipal subdivisions of the State of Oklahoma. The administrative law judges and the administrative agency designated by the State Legislature to administer workers' compensation laws of this state shall have exclusive jurisdiction, absent an appeal, in all workers' compensation actions against any county, city, town, board of education, school district or other municipal subdivisions of this state. (62-365.1)

Section 900. Judgment - Certified Copy to Officers of Municipality.

Whenever a judgment against a county in this state or any other municipal subdivision thereof, becomes final, the clerk of the court wherein such judgment was rendered, or the administrative law judge or the administrative agency designated by the State Legislature to administer the workers' compensation laws of this state, shall provide without cost a certified copy of the journal entry of such judgment or the administrative judgment, decision and determination to the judgment creditor or attorney for the judgment creditor who shall transmit same to each of the following municipal officers:

Section 901. Officers - Record of Judgment and Levies.

Each of the three municipal officers named in Section 2 hereof shall maintain, on forms prescribed by the State Auditor and inspector, a record of such judgments and of levies made therefor and of payments made thereon. The record of the secretary of the county excise board shall be made to show, as to each such judgment also the case number and date of final decree of either the Oklahoma Court of Tax Review or of the Oklahoma Supreme Court invalidating any levy or part of levy attempted to be made therefor, and it shall be his duty to notify the court clerk, forthwith, of such decree, who shall make note of the same on his judgment roll. (62-365.3)

Section 902. Levy - Invalidated - Revived by Decree.

If an attempted levy for any judgment has once been invalidated by final decree either by the Oklahoma Court of Tax Review, not appealed from, or of the Supreme Court, by reason of jurisdictional defeat, then such judgment shall not again be included in levy computation until revived by decree from the court of original jurisdiction; and provided further that, the owner and holder of such judgment is hereby authorized to defend such judgment levy before any court. (62-365.4)

Section 903. Payment of Judgments.

Money judgments against any county or other municipal subdivisions of the State of Oklahoma shall be paid in the following manner, and may be paid in no other manner. No payment shall be made until such judgment is first spread on the budget for levy as to the first third thereof, and the levy or provision made therefor has become final. Within thirty (30) days after the final determination of any ad valorem tax protests as involve levy for judgments against the county or any of its municipal subdivisions, or, if no protests be filed, then after termination of the 40-day protest period, the judgment creditor or attorney for the judgment creditor, shall file with the treasurer of such municipality a claim, in form as prescribed by the State Auditor and Inspector, itemizing the judgments to be paid, stating the principal sum thereof, any sums paid thereon, and the balance due with interest computed on the unpaid portion of the principal amount of each judgment. The information required by the claim form shall be supplied by the treasurer of the municipality or of the county, as the case may be. Such treasurer shall thereupon canvass his sinking fund for the purpose of ascertaining if there be in his sinking fund for such municipality an amount of actual cash over and above the amount of cash needed to pay all coupons and bonds matured and maturing therein within the time such sinking fund will be replenished from levies made or to be made for such judgment, or judgments, he shall approve such claim in such amount as is neither in excess of such claim nor in excess of the actual cash reserve necessary for coupons and bonds as herein before defined and shall transmit it to the clerk of such municipality. For all purposes of this act, the county clerk shall act for the county and all townships and dependent school districts therein. Upon receipt of such claim, the clerk shall audit the same against his own records and, if found correct he shall approve the same and return it to such treasurer, who shall pay the amount thereof out of such sinking fund, to the clerk of the court out of which such judgments issued. Upon receipt thereof such court clerk shall issue his official receipt and deposit said funds in his official depository account, and at the same time enter a credit in each case involved in accordance with the claim previously made or in ratio thereto; and thereafter, upon demand by the judgment creditor or his assignee of record, he shall make payment by his own official voucher in the same manner as in other cases and credit the judgment roll of such judgment with the amount of payment so made. No poundage or other fee shall be charged or collected by the court clerk for monies received or paid under the provisions of this act. If such claim can be only partly paid, under this section, other claims shall be filed from time to time thereafter, audited and paid in the same manner. No payment by the court clerk shall be authorized to be made to the assignee of any judgment unless such assignment, duly acknowledged, be first entered of record in such case and on such judgment roll. (62-365.5)

Governmental entity cannot simply ignore a judgment against it, paying the judgment only at its discretion. There are proper mechanisms for pursuing a judgment against a government entity and judgment creditor is entitled to execute on judgment using those mechanisms. Bird Const. Co., Inc. v. Oklahoma City Housing Authority, OK CIV APP 12, 110 P.3d 560 2005

Statutory procedures are exclusive methods for school district to satisfy judgment, and general fund monies may not be used to satisfy judgment. December 11, 2000 (AG Op. No. 00-60)

When a board of education determines that the projects for which a bond issue was voted have been completed, the money remaining in the bond fund must be transferred to the sinking fund, which may be used to pay judgments against the school district if there is a compliance with statutory requirements. AG Op. March 8, 1967
Section 904. Levies to Reimburse Sinking Fund.

If all, or more than one-third of a judgment be paid after the levy for the first third thereof becomes final, out of surplus cash as hereinbefore provided, levies to reimburse the sinking fund shall thereafter be made only if there be other outstanding indebtedness, in the same manner as if such prepayment had not been made, but levy for interest shall not be included on such prepaid portion other than for interest paid in excess of that already provided for by tax levy. (62-365.6)

An appropriation must be made for the payment of judgments and interest thereon in the manner required by law, though the judgments have been purchased with funds from the sinking fund. Kansas City So. Ry. Co. v. Excise Board of Le Flore County, 33 P.2d 493 (Okla. 1934)

Where a judgment has been rendered against a school district in a district court, and appeal is perfected to the Supreme Court, no levy of taxes should be made to pay any part of such judgment until the appeal is disposed of in the Supreme Court. Jefferson County Excise Board v. Stanolind Pipe Line Co., 72 P.2d 805 (Okla. 1937)

The fact that a district court has by mandamus required an excise board to make a certain ad valorem tax levy to pay one-third of judgment against a school district does not affect the statutory right of a taxpayer to protect the levy before the court of Tax Review. Jefferson County Excise Board v. Stanolind Pipe Line Co. 72 P.2d 805 (Okla. 1937)

A. The governing board of any county, city or town, or school district is authorized to rent on a monthly basis real or personal property as authorized by the governing board and to pay the rental charges thereon for usage during any fiscal period, or portion thereof, out of appropriations made and approved for such purposes for, or during, such fiscal year. Any such rental contract extending beyond June 30 of the fiscal year shall contain provisions for mutual ratification of renewal under the conditions provided in this section.

B. As used in this section, the term “personal property” shall include, but not be limited to:

1. Portable, or otherwise moveable, buildings and structures;
2. Prefabricated metal buildings and structures, along with necessary utility services for such buildings or structures;
3. Roofs placed over existing roof structures; provided, lease-purchase of retrofit metal roofs shall be awarded by competitive bids and the governing board of any county, city or town, or school district shall comply with the Public Competitive Bidding Act of 1974 where total payments of principle and interest provided by the lease-purchase contract are anticipated to exceed Twenty-five Thousand Dollars ($25,000.00); and

4. Other structures or property that can be disassembled after installation and removed without permanent physical damage to existing property.

Notwithstanding the provisions of Section 7 of Title 60 of the Oklahoma Statutes, such personal property shall retain its status as personal property and shall not be deemed to become attached to the real estate for the duration of the lease-purchase agreement.

C. It is the purpose of this section to authorize such governing boards to enter into lease and lease-purchase contracts but not to incur any obligation upon the part of their respective municipal or governmental subdivisions in excess of the income and revenue thereof provided for such purposes for the fiscal year in which the lease contract is effectively operative.

D. Any agreement to lease and purchase real or personal property, where title is to be acquired by the municipal or governmental subdivision, shall state the purchase price of the real or personal property so leased and in no event shall the lease be extended so as to cause payment of more than the stated purchase price of the real or personal property plus interest not to exceed ten percent (10%) simple interest on the unpaid balance due as of each payment date. When the purchase price plus
interest has been paid, the property shall belong to the lessee and the lessor shall deliver a bill of sale to the property to the lessee. Any lease-purchase agreement may include an option to purchase, transfer and acquire title during the term of the lease upon payment of the balance of the agreed purchase price, and each agreement shall include a provision to transfer title to the lessee at the end of the completed lease term for nominal or no additional consideration.

F. When any real or personal property has been leased or rented during any fiscal year under any contract which permits continuance of such rental for the remainder of the fiscal year, the renting or leasing thereof shall be continued for the remainder of the fiscal year unless the governing body renting or leasing the same, by proper resolution entered in the minutes of the governing body, shall certify that the continuance of such rental is unnecessary and contrary to the public interest. However, to affect a contract termination of lease or lease-purchase equipment, written notice shall be sent by certified mail to the vendor thirty (30) days prior to the termination of the contract. Such notice shall be accompanied by payment of all sums then owed up to the date of the termination of the contract and shall certify that the canceled equipment is not being replaced by equipment performing similar functions. All equipment covered by such contract termination shall be returned to the vendor at the expense of the governmental agency terminating such contract. Such equipment shall be returned in good condition to a location designated by the vendor and the equipment, when returned, shall be free of all liens and encumbrances. Satisfaction of all of the requirements of this section shall release the governmental agency terminating such contract from any further obligation to make any further payments to the vendor. (62-430.1)

Wherefore lease-purchase contract exists between private party and State or subdivision and contractual obligations must be performed within the year, the lessor holds merely a lien in property and governmental body is owner, making property exempt from ad valorem taxation. March 16, 1989 (AG Op. No. 88-73)

Lease agreement cannot be renegotiated for an amount in excess of original agreement. AG Op. September 9, 1971

(62-9.11)

Sections 8 through 14 of this act shall be known and may be cited as the “Security for Local Public Deposits Act”. (62-517.1)

B. The treasurer of every public entity shall deposit daily, not later than the immediately next banking day, all funds and monies of whatsoever kind that shall come into the possession of the treasurer by virtue of the office, in one or more financial institutions that have been designated as either state or county depositories, or both, and the acceptance of any such deposit from any such treasurer shall be tantamount to adoption, in relation thereto, of the same privileges and conditions, other than collateral security, as are now provided by law in acceptance of designation as state or county depositories. The treasurer may establish a depository or depositories for demand accounts in financial institutions outside of the governmental or municipal area of the treasurer but within this state; provided, that the treasurer of a public entity may authorize any designated depository within this state to redeposit funds of the public entity into interest-bearing demand-deposit accounts in one or more federally insured financial institutions; and provided further, that the full amount of principal and any accrued interest of each such demand-deposit account shall be insured by the Federal Deposit Insurance Corporation. The amount of collateral securities or instruments to be pledged for the security of public deposits shall be established by the treasurer of the public entity consistent with the provisions of the Security for Local Public Deposits Act; provided, such amount shall not be less than the amount of the deposit to be secured, less the amount insured.

B. Upon authorization by the treasurer of a public entity, a financial institution shall place required collateral securities in a restricted account at a Federal Reserve Bank which serves Oklahoma, a Federal Home Loan Bank which serves

The State Treasurer shall designate a number of such financial institutions authorized to serve as safekeeping or custodial institutions. The financial institution depositing collateral securities shall deliver to the treasurer of the public entity a power of attorney authorizing the treasurer to transfer or liquidate the securities in the event of a default, financial failure or insolvency of a public depository. The State Treasurer must approve any forms or pledge agreements used by public entities and financial institutions in securing public deposits of public entities.

C. Securities eligible for collateral shall be valued at market value. The treasurer shall review and determine the market value of collateral pledged for security not less than quarterly. The market value of pledged securities shall be provided to the treasurer by either the financial institution holding the deposit or the financial institution holding the collateral securities, which market value must have been obtained from an independent, recognized and documented source. The State Treasurer shall promulgate rules to provide for the valuation of collateral if the market value is not readily determinable. The State Treasurer shall prescribe reporting requirements and forms for financial institutions to list collateral securities pursuant to this section.

D. The State Treasurer shall promulgate rules for the acceptance of collateral instruments described in Section 12 of this act, to secure deposits of the public entity. Such rules shall require that sufficient documentation exists to establish that the provider of the collateral instrument will protect the public entity in the event of a default, financial failure or insolvency of a public depository.

E. All securities purchased by a treasurer of a public entity or held in custody for other departments of the public entity by the treasurer shall be held in financial institutions not involved in such transactions and shall not be held by the treasurer or a broker. (62-517.4)

Section 928. Collateral for Public Deposits.

To insure the safety of public funds, the treasurer may establish standards which restrict, or limit further, any of the types or classes of securities or instruments listed below which may be accepted. Any treasurer of a public entity may request the State Treasurer to determine the eligibility of an individual security for pledging under this section. The treasurer may select the following securities and instruments for the purpose of securing public deposits:

In the event of a default or insolvency of a public depository, the treasurer of a public entity shall implement the following procedures:

2. The potential loss to the public entity shall be calculated by the treasurer. The loss to the public entity shall be satisfied, insofar as possible, first through any applicable deposit insurance and then through the sale of securities pledged, or through the proceeds of collateral instruments pledged, by the defaulting depository institution. Such sales shall be conducted by the treasurer;

3. The securities, bonds or other forms of collateral shall become forfeited to and become the property of the public entity. If the securities, bonds or other forms of collateral are valued at less than the amount of principal and interest due to the public entity plus the cost of the ensuing sale, the securities, bonds and other forms of collateral shall be sold by the treasurer, and the treasurer shall be entitled to recover from the financial institution such balances with costs and attorney’s fees. If the market value of the securities, bonds or other forms of collateral exceeds the principal and interest due to the public entity plus the cost of the ensuing sale, the securities, bonds and other forms of collateral may be sold by the treasurer and the excess of the proceeds shall be returned to the pledging financial institution or its receiver, without further process of law. (62-517.6)

Section 930. Liability of Treasurer.

When public deposits are made in accordance with the Security for Local Public Deposits Act, the treasurer of a public entity shall not be liable for any loss resulting from the default or insolvency of a public depository in the absence of negligence, malfeasance, misfeasance or nonfeasance on the part of the treasurer. (Article 10, § 14, Okla. Const.)

The Legislature declares the fiscal policy of Oklahoma. The Oklahoma Supreme Court has upheld the constitutionality of Oklahoma non-economic development income tax credits. They are not a gift and do not violate Sections 14 and 15 of Article X of the Oklahoma Constitution. They must, however, have a “reasonable classification and reasonable opportunity for uniform or equal incidence upon the class created.” (AG Op. No. 2010-16)

To be constitutional an Oklahoma economic development income tax credit must have three factors present: 1) it must promote a “public purpose” affecting the inhabitants of the state as a community, and not as individuals; 2) adequate consideration must be present; and 3) there must be adequate controls and safeguards in place. The mere investment of money into a company does not satisfy the three factors for a valid Oklahoma economic development income tax credit. When the three factors are present there is no gift and the Oklahoma economic development income tax credit does not violate Sections 14 and 15 of Article X of the Oklahoma Constitution. (AG Op. No. 2010-16)

A legislator is prohibited from using public funds to send a communication that is nothing more than a personal birthday greeting to voters/constituents in the legislator’s district. In contrast, information contained in a communication relating to the legislator’s work in his or her capacity as a legislator serves a public purpose. September 21, 2005 (AG Op. No 05-32)

This provision prohibits the Legislature from making a gift of public monies to any company, association, or corporation. A “gift” includes all appropriations for which there is no authority or enforceable claim against the State. Orthopedic Hosp. Of Okla. V. The Okla. State Dept. The monies deposited in the school activity fund which are raised by student fund-raising activities are not public funds subject to the constitutional restrictions. June 12, 1997 (AG Op. No. 97-6)

To constitute a public purpose, purpose must have a public interest and must be performed by state in exercise of its governmental functions. Veterans of Foreign Wars v. Childers, 171 P.2d 618 (Okla. 1946)

Section 936. Pledge or Loan of Credit of State Prohibited - Exceptions.

A. Except as provided by this section, the credit of the State shall not be given, pledged, or loaned to any individual, company, corporation, or association, municipality, or political subdivision of the State, nor shall the State become an owner or stockholder in, nor make donation by gift, subscription to stock, by tax, or otherwise, to any company, association, or corporation.

E. Bonds issued by the board of education of any school district or public institutions of higher education may be guaranteed by the corpus of the permanent school fund, provided:

1. As to bonds issued by the board of education such bonds must be approved by election of the school district upon the question of issuing such bonds;

2. As to bonds issued by an institution within The Oklahoma State System of Higher Education such bonds are issued in accordance with all applicable provisions of law; and

3. Provisions shall be made by the Legislature to guarantee prompt reimbursement to the corpus of the permanent school fund for any payment from the fund on behalf of a school district or on behalf of an institution within The Oklahoma State System of Higher Education. The reimbursement shall include a reasonable rate of interest. The provisions of this paragraph regarding use of the permanent school fund for guarantee of bonds issued by an institution within The Oklahoma State System of Higher Education shall not be self-executing and the Legislature shall provide by law the procedure pursuant to which such obligations may be guaranteed and the procedures for repayments, if any, required to be made to the permanent school fund. (Article 10, § 15, Okla. Const.)

When a county uses a portion of its website as a link to the website of a private company that may benefit financially as a result, the county must receive adequate consideration. What constitutes adequate consideration in any particular situation is a question of fact. Whether the consideration is in the form of a portion of the subscription fee charged by the company, another form of financial payment or a type of non-financial benefit, it is the county that must determine the adequacy of the consideration in relation to the value of the link. April 11, 2012 (2012 OK AG 4)

To be constitutional an Oklahoma economic development income tax credit must have three factors present: 1) it must promote a “public purpose” affecting the inhabitants of the state as a community, and not as individuals; 2) adequate consideration must be present; and 3) there must be adequate controls and safeguards in place. The mere investment of money into a company does not satisfy the three factors for a valid Oklahoma economic development income tax credit. When the three factors are present there is no gift and the Oklahoma economic development income tax credit does not violate Sections 14 and 15 of Article X of the Oklahoma Constitution. (AG Op. No. 2010-16)

An assertion of a constitutional violation that is undeveloped and unsupported by clear argument with authority is insufficient to demonstrate infirmity and will not be resolved by the court. Fent v. Contingency Review Board, 2007 OK 27

Any expenditure by a school district for meals, refreshments, membership dues, or other such expenses must be for a lawful “public purpose.” June 27, 2001 (AG Op. No. 01-30)

A school district may use its school activity fund account to deposit and disperse monies raised for the purpose of making charitable and/or benevolent gifts or contributions to individuals or organizations if the board of education has approved the fund-raising activity and the
dispersement. The monies deposited in the school activity fund which are raised by student fund raising activities are not public funds subject to the constitutional restrictions. June 12, 1997 (AG Op. No. 97-6)

This section prohibits a school district from paying a tenured teacher at the beginning of the month for services yet to be performed even though such payment is pursuant to a written contract. July 24, 1984 (AG Op. No. 84-87)

The principal of the permanent school fund can be used to guarantee bonds issued by school districts according to the conditions set forth in 70 O.S. §§ 201 et seq. Thus, bond guarantees issued by Commissioners of the Land Office are binding legal obligations which pledge the permanent school fund to guarantee bond issues of school districts. November 8, 1996 (AG Op. No. 96-77)

An indemnity agreement which is for an indefinite term and which is uncertain in amount may result in an obligation which is in excess of unencumbered funds and thus violative of Article X, § 15 of the Oklahoma Constitution. June 27, 1996 (AG Op. No. 96-7)

Section 937. Amount to Be Issued.

Warrants and certificates of indebtedness may be issued to the amount of the estimate made and approved by the excise board for the current fiscal year or to the amount authorized for such purpose by a bond issue. (62-476)

School district warrants issued within the unexpended appropriation for that purpose within the same fiscal year are not rendered invalid because the fund is afterwards misapplied to the payment of warrants issued in a previous year. Joint School District No. 1 v. State Nat. Bank of Woodward, 67 P.2d 942 (Okla. 1937)

Section 938. Violation - Punishment.

Any officer willfully or knowingly contracting, incurring, acknowledging, authorizing, allowing or approving any indebtedness, or any officer issuing, drawing, or attesting any warrant or certificate of indebtedness in excess of the estimate made and approved by the excise board for the purpose for such current fiscal year or in excess of the specific amount authorized for such purpose for such current fiscal year or in excess of the specific amount authorized for such purpose by a bond issue, or who violates any other provision of Section 471 et seq. of this title, shall be deemed guilty of a misdemeanor, and upon conviction shall be punished by a fine of not less than One Thousand Dollars ($1,000.00) or imprisoned in the county jail for not to exceed one (1) year, or by both the fine and imprisonment, and shall forfeit and be removed from office pursuant to Section 1181 et seq. of Title 22 of the Oklahoma Statutes or Section 91 et. seq. of Title 51 of the Oklahoma Statutes. (62-480)

Section 939. Sinking Fund - Investment.

The Treasurer of the State of Oklahoma, the county treasurer in any county when authorized by the board of county commissioners, and the lawful treasurer of any city, town or board of education, when authorized so to do by the lawfully constituted governing body of such city, town, or board of education may invest the sinking funds in his custody in United States bonds, United States Treasury notes, United States Treasury certificates or Postal Savings certificates, to the payment of which the faith and credit of the United States is pledged by the terms of such bonds, notes or certificates, or in State bonds, Public Building Bonds, State Warrants or State Treasury notes of the State of Oklahoma issued under authority of legislative enactment, or in the bonds or judgments of courts of record of the particular and specific municipality whose sinking funds are to be invested, or in current warrants of his own registration, provided the securities so purchased mature prior to the time the money so invested is required by law to be on hand in cash for the purpose of meeting the bonded indebtedness of the state or the municipal subdivision thereof whose sinking funds are so invested, and further, provided the bonds of the particular municipality whose sinking funds are to be so invested or the current warrants of such treasurer's own registration, can be purchased at not to exceed par and accrued interest. If deemed advisable to invest the sinking funds in the custody of the county treasurer, or in the custody of the lawful treasurer of any city, town or board of education, in lawfully issued county, city, town, township, board of education, or dependent school district bonds issued by a municipal subdivision of the State of Oklahoma, other than the one whose sinking fund is proposed to be invested, or if deemed advisable to invest the sinking fund of such municipal subdivision in its own bonds at the market for more than par and accrued interest, then the county treasurer or the lawful treasurer of such city, town, or board of education, if authorized by the duly constituted governing board to whom he is by law required to render account, either at his own instigation or by the lawfully constituted attorney of such county, city, town or board of education, may file a duplicate application in writing in the district court, in which application he shall set forth the full nature and description of the securities which he proposed to purchase, together with the estimated value thereof, the aggregate amount thereof and the proposed price of purchase; and he shall further disclose in said application, the condition of the sinking fund account so proposed to be invested, and the bond, coupon and judgment indebtedness payable therefrom with maturities and accruals scheduled in detail. Thereupon it shall be the duty of the court clerk of such county to docket such application, without cost, upon the appearance docket of such district court as other civil actions; and it shall be the immediate duty of such court clerk to transmit the duplicate application, schedules, and exhibits
to the district attorney who shall enter his appearance in such instance on behalf of the public and who may, at the discretion of the court, require such further information by detailed exhibits, schedules or statistics as may seem advisable. Within three (3) days after the filing of such application, the judge of such district court shall enter an order setting such application for hearing, and directing the court clerk to give such notice to the public of such application and the date of hearing thereof as said district judge may deem proper for the protection of the public and the taxpayers of such county and/or the municipal subdivisions thereof, and, if such notice be directed to be had by publication in some newspaper named by the court, the expense thereof shall be borne out of any appropriation for legal expense of such county, city, town or board of education. It shall be the duty of the district attorney to file in said proceedings, in writing, at the date appointed for such hearing, a correct report setting forth the opinion of such district attorney as to the soundness of such investments and advisability thereof, the validity of such securities, and particularly whether or not the municipality issuing the same has a net bonded indebtedness in excess of five percent (5%) of the net assessed valuation thereof as last certified by the county assessor to its county excise board. Upon the date set for such hearing, any taxpayer shall have the right to appear in person, either with or without the aid of counsel, and make such protest or objection to such investment as he may deem proper for the protection of himself or the taxpayers of such county. Thereupon it shall be the duty of the district judge, informally and in open court to hear any and all evidence and protests, either in support of or opposition to said proposed investment, and at the close of such hearing, to enter an order with reference to such application for investment as may be found and determined by the court for the protection and best interest of the county or municipal subdivision thereof whose sinking funds are proposed to be invested, and to the best interest of the public and taxpayers thereof; and thereupon, such district court may, by journal entry of judgment entered and recorded in such proceedings, either authorize in whole or in part that such investment be made, or deny such application. (62-541)

Section 940. Apportionment of Interest - Sinking Fund.

On or before the last day of each month the State Treasurer and the treasurer of each county, city, town and board of education shall apportion and place to the credit of the sinking fund or sinking funds in his custody all interest earned and collected from the investment of such sinking funds, as provided in the first and foregoing section of this act; provided, that in counties, where invested securities have heretofore been purchased for the joint use and benefit of the several school districts and/or townships thereof, the amount so credited to each such sinking fund account shall bear the same ratio to the whole amount of interest so collected, as the amount of such investment credited to the sinking fund account of each such school district and/or township bears to the total amount so invested, in which last event the apportionment of such interest earnings shall be made immediately prior to the 30th day of June of each year. (62-544)

Section 941. Payment of Personnel by Payroll Purchase Order.

1. Subordinate relationship of all persons named, other than himself, to be affiant;

2. Record of employment or contract relationship of all persons named;

3. Services performed under direct supervision.

The form of affidavit shall be prepared by the State Auditor and Inspector, and shall provide for entry therein by words, and figures, as to the number of persons certified to in such payroll statement and affidavit.

The statement and affidavit shall be deemed to include the approval of departmental head and receipt acknowledging services of subordinate, where such is required by law; and no further statements for that purpose shall be required. The
subordinate employees named therein shall not be required to sign the payroll statement and affidavit unless the governing board, by official order, so requires, in which event, each may sign opposite his own name. Affidavit to any payroll statement may be verified by any officer authorized to take acknowledgments, or by the clerk of the county, city, town, school district or board of education, as the case may be.

C. The payroll statement and affidavit shall be forwarded to the clerk of the county, city, town, school district or board of education, and shall become a permanent part of the financial records of the agency. The amount to be paid pursuant to a payroll purchase order may be encumbered as of the date the purchase order is considered by the governing board for payment or as of the date payroll payments are made.

D. The encumbering officer or clerk of a municipality, county or school may authorize payment of the following taxes and invoices as they become due without a purchase order or further approval of the governing board:

1. Taxes, including, but not limited to, withholding, social security or unemployment compensation taxes;

2. Retirement or pension fund payments or contributions which are payable pursuant to a resolution, ordinance, contract or other appropriate agreement which has been approved by the governing board; and

Payments for insurance or related coverages, including, but not limited to, accident, health or life, workers’ compensation, or any other property, vehicle, marine, surety, liability or casualty coverages, which are payable under a valid contract, policy or other appropriate agreement which has been approved by the governing board. (62-304.1)

Section 942. Assignment of Salaries or Wages.

Assignment of salary or wage earnings in such instance shall be by separate instrument, and by affidavit. It shall be unlawful to issue or authorize the issuance of a municipal warrant for salary or wages to any person other than the person earning the same, or to his assignee or the executor or administrator of his estate or to any person entitled to child support payments pursuant to an income assignment proceeding or a garnishment proceeding. Except as provided by income assignment procedures for the collection of child support, no assignment of a part of salary or wages shall be made, and any assignment of salary or wages before the same has been earned shall be a nullity and shall avail the assignee nothing. (62-304.2)

Section 943. Money Due For Property, Royalty or Services - Payment and Crediting.

When any money is due any county, city, town or school district in the state from sale, lease or rental of any public property, or royalty, or for compensation for service of public employees or other purpose, it shall be paid over to the lawful treasurer thereof.

The governing board shall have authority to direct by written resolution duly entered in the minutes of its meeting at the time such money is received or prior thereto that such money shall be credited to the fund account from which such property was derived or from which payment has been or will be made for such services rendered or other purposes.

If there be no resolution by the governing board directing the disposition of the money received as contemplated herein it shall be the duty of the treasurer to credit such money so received to the general fund.

The governing board shall have authority to direct that a fund derived for such sources as herein contemplated, where applicable to a public utility, be created and used to repair, relocate or replace any utility or part thereof new or hereafter existing. (62-335)

Proceeds of sale of school building that was constructed with borrowed money must either be used for the purpose for which the money was borrowed or placed in the district’s sinking fund for payment of the outstanding bonded indebtedness. AG Op. October 25, 1965

No ad valorem tax shall be levied for State purposes, nor shall any part of the proceeds of any ad valorem tax levy upon any kind of property in this State be used for State purposes.

(b) A tax of four (4) mills on the dollar valuation of all taxable property in the county shall be levied annually in each county of the State for school purposes and, until otherwise provided by law, the proceeds thereof shall be apportioned to the school districts of the county by the County Treasurer on the basis of the legal average daily attendance for the preceding school year as certified by the State Board of Education. Provided that in case a school district lies in more than one county, such district shall be deemed a school district of the county having the greater part of the area comprising such district, unless otherwise provided by law, and shall be entitled to participate in the proceeds of such tax on the same basis as districts lying wholly within such county but revenue from such tax on the assessed valuation of the district in other counties shall, when collected, be transmitted to the County Treasurer of such county having the greater part of the area comprising the district, unless otherwise provided by law, and be apportioned as hereinbefore provided for the proceeds of such tax on the assessed valuation of such county. Not to exceed seventy-five per centum (75%) of the amount received by a school district from the proceeds of such county levy in any year shall be required to finance the State guaranteed program of such district.

(c) Upon certification of a need therefor by the board of education of any school district an additional tax of not to exceed fifteen (15) mills on the dollar valuation of all taxable property in the district shall be levied for the benefit of the schools of such district.

(d) In addition to the levies hereinbefore authorized, any school district may make an emergency levy for the benefit of the schools of such district, in an amount not to exceed five (5) mills on the dollar valuation of the taxable property in such district when approved by a majority of the electors of the district voting on the question at an election called for such purpose. This emergency levy shall provide only sufficient additional revenue to meet the needs of the district each fiscal year as determined by the board of such district and must be approved by a majority of the electors voting on said question at such an election for each fiscal year.

(d-1) In addition to the levies hereinbefore authorized, any school district may make a local support levy for the benefit of the schools of such district, in an amount not to exceed ten (10) mills on the dollar valuation of the taxable property in such district, when approved by a majority of the ad valorem tax-paying voters voting on said question at an election for each fiscal year called for such purposes. This local support levy shall provide only sufficient additional revenue to meet the needs of the district for each such fiscal year as determined by the board of such district; provided, an elector desiring to vote upon such local support levy must present an ad valorem tax receipt for the year immediately preceding before being issued a ballot, or sign a sworn affidavit certifying the fact of such payment.
(e) The amount of revenue from school district ad valorem taxes levied under (a) and (c) of this Section which any school district may be required to use to finance its State guaranteed program shall not be in excess of its share, based upon its relative taxing ability as may be defined by law, of an amount equivalent to the net proceeds from a fifteen (15) mill tax levy on the aggregate net assessed valuation of the State; but until such relative taxing ability is defined by the Legislature, the amount of revenue from such taxes which any school district may be required to use to finance its State guaranteed program shall not be in excess of the net proceeds from an ad valorem tax levy of fifteen (15) mills on the dollar net assessed valuation of the district. No part of the proceeds from any ad valorem levy for emergency levy and local support levy under (d) and (d-1) of this Section shall be required to finance the State guaranteed program of such district.

Provisions limiting right to vote on local support levy to property taxpayers violate Equal Protection Clause of the 14th Amendment to the U.S. Constitution; and all qualified electors are eligible to vote on the levy. AG Op. December 14, 1972

Ad valorem tax levy of school district which was spread and extended in Tulsa County, and which met all requirements of legality of levy in Tulsa County and did not exceed limit of levy allocated to joint school district by excise board of that county, held not subject to protest under Section 12306, O.S. 1931. (68-332) because levy exceeded limit fixed by allocation order of excise board of adjoining county in which small part of territory of joint school district was located. Tulsa County Excise Board v. Texas-Empire Pipe Line Co., 68 P.2d 861 (Okla. 1937)

School district held without right to exceed limit of tax levy fixed by general order of county excise board because no levy was made for town within bounds of school district, since limit of levy was fixed by general order of county excise board. Tulsa County Excise Board v. Texas-Empire Pipe Line Co., 68 P.2d 861 (Okla. 1937)

An apportionment or allocation of limit of levy of ad valorem tax made by the excise board under authority of Section 9, Art.10 of the Constitution, is not arbitrary, capricious, or void merely because it operates to permit some school districts to levy greater amount than other districts with a greater scholastic enumeration and the same or less valuation, if such result is made necessary or necessarily follows by reason of the necessary and proper apportionments to the county and to cities and towns. Tulsa County Excise Board v. St. Louis-San Francisco Ry. Co., 68 P.2d 868 (Okla. 1937)

Apportionment of fifteen mills by excise board according to the following classification is reasonable: County, six mills; cities, four mills; school districts containing incorporated towns, five mills; school districts containing unincorporated towns, nine mills. AG Op. September 15, 1937

The county excise board is not prohibited from basing its apportionment upon a reasonable classification of school districts according to assessed valuation of taxable property thereof, but any apportionment so made must apply generally as to each classification. Lowden v. Stephens County Excise Board, 57 P.2d 598 (Okla. 1936)

The county excise boards in apportioning the millage rate of levy under authority granted by Section 9, Article 10, of the Constitution, as amended in 1933, must be governed by the constitutional and statutory rules of classification for purposes of taxation, and the apportionment so made must apply generally as to each classification. Protest of St. Louis-San Francisco Ry. Co., 42 P.2d 537 (Okla. 1935)

Under the provisions of Section 9, Article 10, of the Constitution, as amended by adoption by vote of the people on August 15, 1933, the limitations as to tax levies by municipal subdivisions of the state were abrogated and authority was vested in the excise board of the several counties to apportion between county, city, town, and school district the maximum of 15 mills on the dollar until such time as the regular apportionment is otherwise provided for by the Legislature. Section 947. Area School Districts - Technology Center Schools - Tax Levy.

A. Technology center school districts for technology center schools may be established and a levy of not to exceed five (5) mills on the dollar valuation of the taxable property in any technology center school district so established may be made annually, for the district, when the levy is approved by a majority of the electors of the technology center school district, voting on the question at an election called for that purpose. The levy shall be in addition to all other levies authorized by this Constitution, and when approved, shall be made each fiscal year thereafter until repealed by a majority of the electors of the technology center school district, voting on the question at an election called for that purpose. Any technology center school district so established shall be considered as a school district for the purposes of Sections 10 and 26 of this Article. The administrative control and direction of the technology center school district shall be vested in a school board which shall be constituted and empowered as provided for by law for school boards of independent school districts. Provisions of other subsections of this section notwithstanding, in any case where a college technology center vocational-technical school district recognized pursuant to Section 4423 of Title 70 of the Oklahoma Statutes and established by vote of the people after December 31, 1968, overlaps and includes territory which is included within the district of a technology center school established as prescribed by the State Board of Career and Technology Education pursuant to Section 14-108 of Title 70 of the Oklahoma Statutes, only the levies made by the college technology center school district shall be applied to said overlap territory, and revenues from the overlap area collected pursuant to any incentive levy so made shall be apportioned one-half to the college technology center school district making the levy and one-half to the overlapped technology center school district. In any case where a college technology center school district recognized pursuant to Section 4420.1 of Title 70 of the Oklahoma Statutes overlaps and includes territory which is included within the district of a technology center school established as prescribed by the State Board of Career and Technology Education pursuant to Section 14-108 of Title 70 of the Oklahoma Statutes, said overlap territory shall be subject to all levies of both kinds of districts that are approved by a majority of the electors.

B. In addition to any other levies authorized by this section, a technology center school district may make a local incentive levy for the benefit of the technology center school district in an amount not to exceed five (5) mills on the dollar valuation of the taxable property in the technology center school district when approved by a majority of those registered voters of the technology center school district voting on the question at an election called for that purpose. Except as otherwise provided, this levy, when approved, shall be made each fiscal year thereafter until repealed by a majority of the electors of the technology center school district voting on the question at an election called for that purpose. A technology center school district which has previously failed to approve a local incentive levy at two consecutive elections held between January 1, 1994 and May 31, 1994 may make a local incentive levy for the benefit of the technology center school district only if approved by a majority of the registered voters of the area school district voting on said question at such an election for each fiscal year. If a majority of voters approve the local incentive levy for three (3) consecutive years, the levy approved on the third year shall be made each fiscal year thereafter until repealed by a majority of the electors of the technology center school district voting on the question at an election called for that purpose.

C. Upon the establishment of technology center school districts, such districts are authorized to become indebted separate and apart from the indebtedness of any school district included in the technology center school district up to five percent (5%) of the net valuation of taxable property within the technology center school district for capital improvements, including purchasing sites and constructing, purchasing, improving, and equipping real property and buildings when the indebtedness is approved by a majority of the electors of the technology center school district voting on the question in an election called for that purpose.

D. Until otherwise provided for by law, technology center school districts and the government thereof shall be established in accordance with criteria and procedures prescribed by the State Board of Career and Technology Education.

E. The Legislature may alter, amend, delete, or add to the provisions of this section by law. (Art. 10, § 9B, Okla. Const.)

Voters’ approval of incentive levy of vocational-technical school district was not illegal on grounds that it subjected taxpayers, who lived in area which overlapped with portion of another school district, to double taxation; vocational-technical school had implemented incentive levy and other district had not. Protest of 1990-1991 Budget of Vo-Tech No. 22, 848 P.2d 30 (Okla. App. 1992)

Section 948. Increase for Erecting Public Buildings.

A. For the purpose of erecting public buildings in counties or cities, or for the purpose of raising money for a building fund for a school district which may be used for erecting, remodeling or repairing school buildings, and for purchasing furniture, the rates of taxation herein limited may be increased, when the rate of such increase and the purpose for which it is intended shall have been submitted to a vote of the people, and a majority of the qualified voters of such county, city, or school district, voting at such election, shall vote therefor: Provided, that such increase shall not exceed five (5) mills on the dollar
of the assessed value of the taxable property in such county, city, or school district.

B. A school district may upon approval by a majority of the electors of the district voting on the question make the ad valorem levy for a building fund under subsection A of this section permanent. If the question is approved, the levy in the amount approved as required by this section, shall be made each fiscal year thereafter until such time as a majority of the electors of the district voting on the question rescind the making of the levy permanent. An election on such question shall be held at such time as a petition is signed by ten percent (10%) of the school district electors or a recommendation by the board of education of the school district is made asking that the levies be made each fiscal year.

(Art. 10, § 10, Okla. Const.)

There is no express or implied limitations upon the power of a school board to call a second election on the question of a building-fund levy after the failure of the question at the general election. Protest Against Tax Levy of Ardmore Independent School No. 19, 1998 OK 43, 959 P.2d 580.

When independent school district votes to impose building fund millage under Article X, §10, there is no violation of the Equal Protection Clause even though building fund millages are not contributed to by property owners in elementary school district. May 15, 1996. (AG Op. No. 95-83)

Section 949. Budget for County-Wide Visual Inspection Program.

A. Each county assessor in budgets submitted to the county excise board or county budget board shall make adequate provision to effect countywide visual inspections of real property during the four-year cycle.

B. Each jurisdiction within a county which receives revenue from an ad valorem mill rate shall receive a copy of the budget for the countywide visual inspection program for that county. The county excise board or county budget board shall notify all such jurisdictions of any meetings at which discussion or action on the budget for the comprehensive program of visual inspections is or may be on the agenda. Such jurisdictions shall have the opportunity to appear before the county excise board or the county budget board, prior to approval of such budgets, to provide testimony, comments, information and documentation concerning the budgets submitted by the county assessor pursuant to subsection A of this section.

C. The several county excise and budget boards, in passing upon budgets submitted by the several assessors, shall authorize and levy amounts which will suffice to carry out the countywide visual inspection program as approved by the Oklahoma Tax Commission under Section 2820 of this title. Such amounts shall be separate from other funds allocated to the office of county assessor and shall be used exclusively to carry out the countywide visual inspection program. The allocation of such amounts shall not serve to decrease other funds allocated to the office of county assessor by the county excise board or the county budget board. Any disputes as to the amount authorized to carry out the countywide visual inspection program shall be resolved by the county excise board; provided, the Oklahoma Tax Commission shall take such action as may be necessary to ensure that such amounts are used exclusively to carry out the countywide visual inspection program and that the allocation of such amounts does not serve to decrease other funds allocated to the office of county assessor. (68-2822)

According to this provision of law, the excise board has discretion in resolving funding disputes concerning the visual inspection budget.

Tulsa County Budget Board v. Tulsa County Excise Board, 2003 OK 103, 81 P.3d 662.

Tax recipient jurisdictions which pay the cost of the comprehensive visual inspection program for taxable real property are provided an opportunity to protest the amount allocated to the visual inspection program before the county excise board. However, tax recipient jurisdictions are not allowed to amend the budget approved by the county excise board. August 10, 1999 (AG Op. No. 99-46)

Section 950. Ad Valorem Tax Revaluation Costs Apportioned.

A. For each fiscal year, the cost of the comprehensive program of visual inspections for real property and the cost of physical inspections of personal property shall be paid by appropriate warrants from those who receive the revenues of the mill rates levied on the property of the county as prescribed by this section. The county assessor shall prepare a budget for the comprehensive program of visual inspections for real property and the cost of physical inspections of personal property and file such budget with the county excise board or county budget board.

B. The county excise board or county budget board shall apportion such cost among the various recipients of revenues from the mill rates levied, including the county, all cities and towns, all school districts, all sinking funds of such recipients, and all jurisdictions specified in subsection D of this section, in the ratio which each recipient’s total tax collection authorized from its mill rates levied for the preceding year bears to the total tax collection authorized of all recipients from all their mill
rates levied for the preceding year. The cost shall include only those expenses directly attributable to the visual inspection program and those expenses directly attributable to physical inspections of personal property and shall not include any expenses of the office of the county assessor which, in the judgment of the county excise board or county budget board, are expenses of county assessor’s office which would exist in the absence of such program or in the absence of physical inspection of personal property. Expenses that are attributable both to the visual inspection program and physical inspection of personal property, and which would exist in the absence of such program or inspection, including but not limited to salaries, employee benefits, office supplies and equipment, may be prorated; provided, no portion of the salary of the county assessor shall be included in such costs.

C. Upon receipt of the billing statement provided for in subsections D and E of this section by each such recipient, the mill rates to be established by the board for each such recipient for the current year shall include and be based upon such amounts and shall constitute an appropriation of such amounts to the county assessor for expenditure for the expenses of administering the visual inspection program each year. In the case of a sinking fund of a recipient, if, after approving its budget, the governing body of a recipient notifies the board in writing that there are no funds appropriated to pay the amount of the billing statement for such sinking fund, such notice shall constitute conclusive evidence of a financial obligation of the recipient as it relates to such sinking fund. The board may seek a judgment for the amount of such obligation and court costs in the district court of the county in which the board is located.

D. The county assessor shall render a statement to each of the jurisdictions within the county which receive revenue from an ad valorem mill rate. Such statement shall include the following information:

1. The current fiscal year in which the charge has been incorporated in the jurisdiction’s budget;

2. All jurisdictions receiving statements from the county assessor, the mill rate for each in the previous year, and the proportion of each to the combined mill rates of all jurisdictions within the county for the previous year. The proportions specified in this paragraph should equal a total of one hundred percent (100%);

3. The charge for the entity receiving the statement as well as the charge for each jurisdiction of the county based upon the proportions specified in paragraph 2 of this subsection. The total of all current year charges for all county jurisdictions should equal the total visual inspection program budget for the current fiscal year;

4. The amount of the total budget for the office of the county assessor and the percentage that visual inspection program expenses are of such total budget; and

5. A copy of the County Budget Visual Inspection Account and a brief description of the areas to be visually inspected for the current fiscal year, consistent with the plan on file with the Oklahoma Tax Commission pursuant to Section 2820 of this title.

E. In any county wherein any jurisdiction’s budget and mill rates are not subject to review and approval by the county excise board, the county assessor shall nevertheless include any such jurisdiction in the calculations required under subsection A of this section. The county assessor shall also render a billing statement to any such jurisdiction showing the charge for the current fiscal year due from the jurisdiction. Such billing statement shall also show all the information specified in subsection D of this section. Such billing statement shall clearly indicate that the charge payable by the jurisdiction is due and payable by December 31 of the current fiscal year. \[68-2823\]

Cost of visual inspection program shall include only those expenses directly attributable to the visual inspection program. However, there is no specific procedure or formula which must be used in determining what expenses are attributable to the visual inspection program. August 10, 1999 (AG Op. No. 99-46)

Section 950.1. Notice Prior to Decreasing Assessment Ratio.

A. No county assessor may decrease the assessment ratio used to compute the taxable value of real or personal property unless the assessor provides written notice of an intent to decrease the assessment ratio at least ninety (90) days prior to the first date as of which the assessor intends to cause such ratio to be decreased. The written notice shall be mailed by certified mail with return receipt requested to the county treasurer, the county clerk, the county sheriff, to each of the county commissioners and to the governing board of any local government jurisdiction that levies ad valorem taxes upon any property located within the county. Such notice shall be mailed not later than sixty (60) days prior to the expiration of the ninety-day period prescribed by this subsection. The notice shall clearly state the assessment ratio in effect prior to the decrease, the category
of property (whether real or personal or both) to be affected by the proposed decrease in assessment ratio and the date as of which such decrease is proposed to take effect.

B. The county assessor shall also be required to publish a notice of intent to decrease the assessment ratio which clearly states the ratio in effect prior to the decrease, the category of property (whether real or personal or both) to be affected by the proposed decrease in assessment ratio and the date as of which such decrease is proposed to take effect. The notice shall be placed at least one time for three (3) consecutive weeks in a newspaper of general circulation in the county in which the assessor holds office. The last publication date shall be not later than thirty (30) days prior to the date that any decrease in the assessment ratio is implemented. At the beginning of the notice to be published, there shall appear in a font which is conspicuously larger than the other information which appears in the notice the following wording: "NOTICE OF INTENT TO DECREASE ASSESSMENT RATIO WITH RESPECT TO REAL OR PERSONAL PROPERTY OR BOTH IN [insert applicable county name] FOR THE [insert applicable year] ASSESSMENT YEAR".

C. Before the county assessor may implement a decrease in an assessment ratio with respect to either real or personal property, there shall be at least three public meetings held at a location within the county prior to the date as of which the first decrease in assessment ratio occurs. Notice of the meetings shall be posted in the office of the county assessor, the office of the county treasurer, the office of each county commissioner, the office of the county clerk and such other places within the county as may be feasible in order to provide adequate notice of the date, time and location of each meeting. The last public meeting shall be held not later than thirty (30) days prior to the date any decrease in the applicable assessment ratio is implemented.

D. The county assessor or a designee from the office of the county assessor shall attend each of the public meetings in order to answer questions about the proposed decrease in the assessment ratio and any possible effects on the budgets of any ad valorem taxing jurisdiction. (68-2819.1)

Section 951. Boundaries of School Districts.

The county assessor shall maintain and use the current boundary descriptions of each and every school district or part of a district in the county furnished by the State Department of Education pursuant to Section 4-104 of Title 70 of the Oklahoma Statutes. (68-2815.2)

Section 952. “Estimate Made and Approved” - Defined.

The term “estimate made and approved” as used herein, is defined to mean the itemized statement of the estimated needs of a municipality for its current expenses for the ensuing fiscal year, as approved and fixed by the excise board or by vote of the municipality, adding thereto the amount necessary to create a sinking fund to meet maturing bonds, judgments and interest coupons, but the amount or limit to which warrants and certificates of indebtedness may be issued, shall not include the ten percent (10%) to be added to the estimate for delinquent taxes. (62-473)

Section 953. “Appropriation” - Defined.

The term “appropriation” as used in Sections 2482-24113** of this Code is hereby declared to be synonymous with “estimate made and approved,” as defined in 62 O.S. 1961, Sec. 473, and the provisions, requirements, limitations and penalty of 62 O.S. 1961, Secs. 471 through 480, are hereby specifically declared to extend to and embrace “appropriations” as herein defined. (68-3001) (** now 3001 to 3033)

Section 954. Time for Making Estimates.

A. Notwithstanding the provisions of the School District Budget Act, each board of county commissioners and the board of education of each school district, shall, prior to October 1 of each year, make, in writing, a financial statement, showing the true fiscal condition of their respective political subdivisions as of the close of the previous fiscal year ended June 30th, and shall make a written itemized statement of estimated needs and probable income from all sources including ad valorem tax for the current fiscal year. Such financial statement shall be supported by schedules or exhibits showing, by classes, the amount of all receipts and disbursements, and shall be sworn to as being true and correct. The statement of estimated needs shall be itemized so as to show, by classes: first, the several amounts necessary for the current expenses of the political subdivision and each officer and department thereof as submitted in compliance with the provisions of Section 3004 of this title; second, the amount required by law to be provided for sinking fund purposes; third, the probable income that will be received from all sources, including interest income and ad valorem taxes; and shall be detailed in form and amount
so as to disclose the several items for which the excise board is authorized and required, by this article, to approve estimates and make appropriations.

B. Each municipality that does not prepare an annual audit pursuant to Section 17-105 of Title 11 of the Oklahoma Statutes shall make a financial statement as required by this section. Every municipality shall adopt a budget, which shall contain estimates of expenditures and revenues, including probable income by source, for the budget year; provided, that all municipalities may use estimated fund balances if final certified fund balances are not available. The budget shall be in a format similar to the estimate of needs or, at the municipality’s discretion, to Sections 17-207 and 17-212 through 17-214 of Title 11 of the Oklahoma Statutes. This section shall not apply to any municipality that has opted to prepare a budget pursuant to the Municipal Budget Act.

C. Each budget and each financial statement and estimate of needs for each county, city, incorporated town, or school district, as prepared in accordance with this section, shall be published in one issue in some legally qualified newspaper published in such political subdivision. If there be no such newspaper published in such political subdivision, such statement and estimate shall be so published in some legally qualified newspaper of general circulation therein; and such publication shall be made, in each instance, by the board or authority making the estimate.

D. The financial statements and estimates of all counties shall be filed with the county excise board on or before August 17 of each year; and the financial statements and budgets of all incorporated towns shall be filed with the county excise board on or before August 22 of each year; and the financial statements and budgets of all cities shall be filed with the county excise board on or before August 27 of each year; and the financial statements and estimates of all school districts shall be filed with the county excise board on or before October 1 of each year. Said financial statements and estimates shall have attached thereto an affidavit showing the publication thereof as required herein, or they may be filed and the said affidavit attached thereto at any time within five (5) days after the filing thereof. (68-3002)

School Board may employ skilled persons to help prepare annual budget. AG Op. June 19, 1940

School district’s estimate of needs should be made by school district board, not by county excise board. AG Op. July 19, 1939

The county excise board may properly correct or change a budget after it has been filed with the State Auditor, after a protest has been filed, or after the expiration of the forty day protest period, but not after the appropriation and levy becomes final and the tax has been spread on the tax rolls and collection thereof commenced. AG Op. July 18, 1936

Section 955. Estimate of Non-Tax Income for Budget - Federal Funds.

A. It shall be unlawful for the governing board of any county, city, town, school district, or other governmental subdivision of this state, in preparation of its budget for any fiscal year, to estimate as probable income from sources other than ad valorem tax of such governmental subdivision of the state and other than any excise or other tax assessed by legislative enactment and distributed in lieu of ad valorem taxes, any revenue from nonrecurrent sources, regardless of such collections in the immediately preceding fiscal year to be derived from or the result of sales, forfeitures, penalties, gifts, federal aid allotments of every kind, windfalls, seizures, sheriff's sales, court actions whether civil or criminal, injunctions or protests won or released by dismissal, or from any other such source not normally recurrent year after year and so made recurrent by legislative enactment. Provided, that upon a finding by the governing board of any county, city, town, school district, or other governmental subdivision of this state, that a source of income, although nonrecurrent, will actually be available for the next ensuing fiscal year, the board may include such income in its estimate of probable income. Provided that shared revenues of the federal government, if ascertainable, shall be allowed to be included in the estimates. It shall also be unlawful for any excise board to approve or require the same, or for any supervisory state board, commission, or officer, or for any agent or employee of either thereof to countenance, approve, or require the same or to diminish in any degree the distribution or allotment of state revenues or appropriations by reason of such collections in a prior year or prospect of such collections in the ensuing year; nor shall any revenue received by a school district from gross production taxes during the immediately preceding fiscal year, which was payable to such district in another year or years, be considered as minimum program income of such district for state aid purposes. The provisions of Section 21 of Title 21 of the Oklahoma Statutes shall be applicable where the foregoing prohibitions are disregarded. Revenue received by a school district during the immediately preceding year, which was earned by, or which was payable to, such school district in another year or years, shall not be considered as minimum program income of such district for state aid purposes.

B. All funds received by counties, cities, towns, or other subdivisions of government in the State of Oklahoma, hereinafter referred to as the recipient government, from the federal government pursuant to the distribution of funds authorized by the state shall be deposited in the treasury of the recipient government in a fund which shall be recorded and
accounted for separately and apart from all other funds. Principal and interest received from investments of the federal monies, proceeds from the sale of assets purchased from the federal monies and other miscellaneous income derived from the direct operation of the federal monies may be deposited in the fund from which the federal monies were deposited if required by the federal government or by the governing board of the recipient government.

The unappropriated cash balance on hand may be appropriated as needed upon the request of the governing board of the recipient government and approval by the county excise board, provided, if the governing board of the recipient government determines the need to do so, it may estimate the amount remaining to be collected from its entitlement from federal funds during the remainder of its fiscal year and include such estimate in its request for appropriations. The estimate shall not exceed the amount of the entitlement which is to be received during the remainder of the recipient government’s fiscal year or, if the amount of the entitlement has not been certified, ninety percent (90%) of such funds received during a corresponding period of the previous fiscal year; provided that if the entitlement is less than that estimated or if the entitlement to be collected during the recipient government’s fiscal year, in addition to the unappropriated cash balance, is reduced below the amount appropriated for the fiscal year, the governing board of the recipient government shall request the county excise board for an adequate reduction of appropriations in the fund.

All disbursements made from the fund in which federal monies are deposited shall be made in the same manner as those made from the general fund of the recipient government; provided that, no warrants shall be drawn on the fund unless sufficient monies are available to pay the warrants.

All forms and procedures necessary for the effective operation of this act shall be prescribed by the office of the State Auditor and Inspector.

C. All monies distributed by the federal government and received by any state agency, board, or commission to administer and distribute to counties, cities, towns, or other subdivisions of the government in the State of Oklahoma, hereinafter referred to as the recipient government, that do not follow procedures in subsection B of this section may utilize the letter of commitment appropriation process as specified in this subsection. The recipient government shall receive approval for the program as required by the agency, board, or commission administering the program and by the federal government, if required. Once approved, the state agency, board or commission may authorize a letter of commitment of federal monies available to the recipient government. The Excise Board may approve an appropriation in the amount of the letter of commitment. Each recipient government may establish a separate appropriation within a special revenue fund designated for federal monies. The recipient government may encumber funds in an amount not to exceed the sum of the total letter of commitment, which is a binding commitment of funding which the recipient government will receive for the project or projects eligible for such federal funding. The encumbrance of funds authorized by this section shall be made in accordance with procedures prescribed by the State Auditor and Inspector and shall be administered in accordance with rules and regulations concerning such distribution adopted by the federal government and the state agency, board, or commission. Any expenditure incurred by the recipient government using the letter of commitment appropriation process and disallowed by the federal government or state agency, board, or commission administering the funds shall be paid by the recipient government. (68-3003)

Section 956. Apportionment of Millage.

A. The county treasurer shall in all cases, except those provided for in subsection B of this section, where taxes are a lien upon real property and are unpaid on the first day of April of any year proceed, as hereinafter provided, to advertise and sell such real estate for such taxes, special assessments and costs, and shall not be bound before so doing to proceed to collect by sale all personal taxes on personal property which are by this Code made a lien on realty, but shall include such personal tax with that due on the realty, and shall sell the realty for all of said taxes and special assessments.

B. In counties with a population in excess of one hundred thousand (100,000) persons according to the most recent federal decennial census, the county treasurer shall not conduct a tax sale of such real estate where taxes are a lien upon real property if the following conditions are met:

1. The real property contains a single-family residential dwelling;

2. The individual residing on the property is sixty-five (65) years of age or older and owes the taxes due on the real property;

3. The real property is not currently being used as rental property;
4. The individual living on the property has an annual income that does not exceed the HHS Poverty Guidelines as established each year by the United States Department of Health and Human Services that are published in the Federal Register and in effect at the time that the proposed tax sale is to take place; and

5. The fair market value of the real property as reflected on the tax rolls in the office of the county assessor does not exceed One Hundred Twenty-five Thousand Dollars ($125,000.00).

C. It shall be the duty of the individual owning property subject to the provisions of subsection B of this section to make application to the county treasurer for an exemption from a tax sale no later than sixty (60) days prior to the date the property is scheduled to be sold. It shall also be the duty of the individual to provide evidence to the county treasurer that the individual meets the financial requirements outlined in paragraph 4 of subsection B of this section to qualify for the exemption. Any individual claiming the exemption provided in this section shall establish eligibility for the exemption each year the exemption is claimed.

D. Taxes, interest and penalties will continue to accrue while the exemption is claimed. The exemption from sale of property described in this section shall no longer be applicable and the county treasurer shall proceed with the sale of such real estate if any of the conditions prescribed in this section are no longer met.

E. Every notice of tax sale or tax resale shall contain language approved by the Office of the State Auditor and Inspector informing the taxpayer of the provisions of this section. (68-3105)

Section 957. Excise Board to Make Estimates.

Should any municipality fail to make and submit an estimate as herein provided, the county excise board shall have authority to make an appropriation for current expense and sinking fund purposes and make such levy therefore as it may find necessary to meet the probable needs of such municipality, provided that no such estimate shall be approved until the same shall have been by the county excise board advertised in like manner to items that shall be added to or be increased in an estimate. (68-3016)

Section 958. Certifying Appropriation - Warrants in Excess of Prohibited.

The secretary of the excise board shall immediately certify each appropriation as made by excise board to the clerk or other issuing officer of the municipality for which the same is made. The several items of the estimate as made and approved by the excise board for each fiscal year shall constitute and are hereby declared to be an appropriation of funds for the several and specific purposes named in such estimate, and the appropriations thus made shall not be used for any other fiscal year or purposes whatsoever, except as provided in the preceding section. Each clerk or other issuing officer shall open and keep an account for the amount of each item of appropriation, showing the purpose for which the same is appropriated, and the date, number, and amount of each warrant thereon. No warrant or certificate of indebtedness in any form shall be issued, approved, signed or attested, on or against any appropriation for a purpose other than that for which the said item of appropriation was made, or in excess of the amount thereof. (68-3019)

Encumbrance ledger which reflected that total encumbrances that were nearly $60,000 more than original amount appropriated did not prove “warrant or certificate of indebtedness” was issued in excess of amount appropriated. Patrick v. State Board of Education, 842 P.2d 767 (Okla. App. 1992)

Section 959. Temporary Appropriations.

A. The excise boards of the various counties in the state may convene at any time after the beginning of any fiscal year, upon call of the chairman of the board, for the purpose of approving temporary appropriations for the counties, cities, school districts and other municipal subdivisions of the state. Whenever the governing board of any such county, city, school district or other municipal subdivision of the state shall present to the excise board of such county or of the county in which any such city, school district or other municipal subdivision is located in whole or in part, a verified application showing that the needs of such county, city, school district or other municipal subdivision so require, such excise board may make temporary appropriations for lawful current expenses of such county, city, school district or other municipal subdivision.

B. Warrants or checks may be drawn against such temporary appropriations pending action by the excise board upon the annual estimate of needs and budget of such county, city, school district or other municipal subdivision for such fiscal year. The amount which may be appropriated by such temporary appropriations shall in no event exceed the entire amount which the governing board, making the application, estimates will be available for the entire fiscal year for each purpose for which a
temporary appropriation is requested; provided, however, the limitation on appropriations and any requirement for request or approval of temporary appropriations shall not apply to any city or town if the revenue from the ad valorem tax to the municipal general fund amounted to less than five percent (5%) of the total revenues accruing to the municipal general fund during the prior fiscal year. Such cities and towns may pay for lawful current expenditures pursuant to the estimate of needs as filed by the city or town and pending final action of the excise board.

C. Any such temporary appropriations so approved by the excise board of any county shall, when the annual budget for such county, city, school district or other municipal subdivision is finally approved, be merged in the annual appropriations for the same purposes and any warrant which has been, in the meantime, drawn against such temporary appropriations shall be charged against the final approved annual appropriations of such county, city, school district or other municipal subdivision for the said current fiscal year. (68-3020)

Section 960. Supplemental Appropriations.

Whenever the public welfare or the needs of any county, city, town, or school district shall require, the excise board may, on call of the chair, convene at any time for the purpose of making supplemental or additional appropriations for current expense purposes; provided, that all such appropriations authorizing the creation of an indebtedness shall come within the limitations of Section 26, Article X, Oklahoma Constitution. No supplemental or additional appropriation shall be made for any county, city, town or school district in excess of the income and revenue provided or accumulated for the year. As to all such proposed appropriations the following procedure shall be followed:

First: The proper officers of the county, city, town or school district shall make and file with the excise board a financial statement showing its true fiscal condition as at the close of the month next preceding or as of May 15 or June 20, or both said dates, preceding the date of filing, and shall submit there with a statement of the amount and purpose for which each proposed supplemental appropriation is to be used. The financial statement shall show, as to current expense or general fund, the amount of cash in the treasury; the amount of taxes in process of collection as to which the date of sale for delinquency has not elapsed; the amount of the uncollected portion of the estimated income other than ad valorem tax as fixed by the excise board for the current fiscal year; the amount of warrants outstanding and an estimate of the interest accrued and accruing thereon; the amount of unexpended balance of all appropriations for current expense purposes as to which a period of six (6) months has not elapsed from the date of the close of the fiscal year for which the appropriation was available; and the surplus or deficit in revenue, if any, in each fund.

Second: If the financial statement herein required shall correctly reflect a surplus in revenue in any fund available for current expenses, and the excise board shall so affirmatively find, it may make supplemental appropriations to an amount not exceeding the aggregate of such surplus.

Third: If the surplus of revenue, as found and determined by the excise board, shall be insufficient for the additional needs and requirements of the county, or other municipal subdivision, the excise board shall have the power and authority to revoke and cancel in whole, or in part, any appropriation or appropriations, or parts thereof, previously made to any officer or department of government of any county, city, town or school district and to make in lieu thereof such supplemental and additional appropriations for current expense purpose as the interest of the public may require; provided, that no appropriation or part thereof shall be revoked or canceled against which there may be an unpaid claim or contract pending. The total amount of all such appropriations shall not exceed the aggregate of the amount of appropriations so revoked or canceled, and the surplus or unappropriated revenue, if any, of the county, city, town or school district for which it is proposed to make such additional appropriation; provided, that before any appropriation or part thereof shall be revoked or canceled, the officer or officers in charge of the office or department of government for which any such appropriation is available shall be notified of the proposed revocation or cancellation, and shall be afforded an opportunity, if so desired, to appear before the excise board and protest against such proposed action. As to counties, cities and school districts, the financial statement and request for supplemental appropriations herein required to be filed with the excise board shall be published at least one time in some newspaper of general circulation in the county or city for which made. The publication shall be made at least three (3) days prior to the date on which the excise board shall consider the proposed supplemental or additional appropriations. No appropriations shall be made and considered by the excise board in the absence of the financial statement herein required to be filed.

Fourth: If at any time during the budget year it appears to the county treasurer that there is temporarily insufficient money in a particular fund to meet the requirements of appropriation in the fund, the excise board, upon request of the county treasurer and upon notification to the county commissioners, may temporarily transfer money from one fund to any other fund with the permission of the county officer in charge of the fund that the money will be temporarily transferred from. No
transfer shall be made from the debt service fund to any other fund except as may be permitted by the terms of the bond issue or applicable law. Any funds temporarily transferred shall be repaid to the original fund from which they were transferred within the fiscal year that the funds were transferred. (68-3021)

Funds collected in any fiscal year from general fund tax levies for prior years, in excess of the obligations for which same were originally levied, become a part of the general fund of the year in which collected, and may in proper cases form a basis for making supplemental appropriations the same as any other proper general fund asset. Okla. County Excise Board v. Continental Oil Co., 49 P.2d 540 (Okla. 1935)

Transfer funds received by a school district become a part of the general fund subject to a supplemental appropriation for such uses as other cash in the general fund. AG Op. May 27, 1936

The use of the word “may” in this section does not vest the Excise Board with the power to refuse to make supplemental appropriations where the needs therefor are shown to exist where income and revenue provided or accumulated is available for the purpose for which the appropriations are sought; and where the governing body of a school district has certified its needs therefor in the manner provided by law to the Excise Board of Tulsa County v. State, 34 P.2d 267 (Okla. 1934)

Section 961. Court of Tax Review - Issuance of Warrants Pending Protest.

1. Pending the expiration of the time within which protests may be filed with the State Auditor and Inspector, no warrant shall be issued or debt contracted by any municipality for any purpose except as provided hereinafter:

   * * * * *

   (c) School districts: For salaries and compensation of officers; for salaries and compensation of teachers and other employees; for office supplies, blank books, stationery and printing; for light, fuel and water; for school supplies, equipment and apparatus; for freight, express and other transportation charges; for repair and maintenance of buildings, grounds and equipment, including capital outlay as defined in Section 2490 of this title; for administrative expense; for transportation of children to and from school; and for payment of insurance.

   * * * * *

2. Pending the final determination of any protested levy, no warrant shall be issued or debt contracted against any contested portion of any fund, except for the purposes hereinafter provided. (68-3032)

   A board of education has authority and can issue warrants for rent on a building leased for school purposes prior to the termination of the 40-day protest period. AG Op. September 11, 1957

   School districts may issue warrants for maintenance of buildings and grounds during the protest period. However, this merely authorizes school districts to preserve their buildings and grounds and the existing facilities therein and thereon in a good state of repair, but does not authorize contracts for the remodeling of buildings or parts thereof or for the expansion of existing facilities or the addition of new facilities. AG Op. August 17, 1945

Section 962. Removal From Office for Exceeding Appropriation.

Any county or municipal officer who in his capacity as an officer or as or through a purchasing officer shall incur or cause to be incurred any indebtedness, purchase order or obligations for any purpose or for any account in excess of the appropriation available therefor shall forfeit and be removed from office in the manner provided by law for willful maladministration. (62-310.3)
Section 963. Surplus for Unencumbered Balances – Supplemental Appropriations – Cancellation of Appropriations.

Provided all fund balance reserved for unencumbered balances of appropriations for the prior fiscal year on hand at the close of day September 30, may be appropriated by supplemental appropriation to current expense purposes in the current fiscal year in the manner now provided by law. In the event of the recording of an estimated encumbrance or in the event of an increase in the cost price of supplies, equipment, materials, etc., these underestimations may be provided for during the three-months period by the cancellation of appropriations made by the county excise board prior to June 30, subject to the approval both of the governing board and the officer in charge of the department or appropriation account only in instances as hereinabove set forth and only in amounts sufficient to pay such increased encumbrances, and by reappropriation to the appropriation accounts in which an underestimate encumbrance was made, all in the manner as now provided by law for the making of supplemental appropriations. (62-310.5)

A supplemental appropriation may be requested by a county, city, town or school district and appropriated by the proper public entity, up to the close of day September 30 of the next fiscal year; supplemental appropriations are limited to the unencumbered funds on hand at the end of the prior fiscal year and only may be requested to cover underestimating or increases in the cost price of supplies, materials, equipment, etc., of valid claims incurred and approved during the prior fiscal year; statutory exception to the general rule does not permit the incurrence of new indebtedness up to September 30 of the next fiscal year chargeable to the appropriation account of the prior fiscal year. The written request for transfer shall set forth such additional or supplemental needs and the occasion for such needs, together with detail of account items and the amount of each item proposed to be canceled, and the written consent of the department head or officer in charge of the account from which the appropriation or any portion thereof is to be canceled. The approval of the request for transfer by the governing body, without other formality, shall effect cancellation of appropriations in the items and amounts less urgently needed and increase in like total sum to the appropriation accounts or department by items and amounts for such immediately urgent needs. The clerk of the governing body shall notify in writing the clerk of the county excise board of the changes and shall also notify the treasurer and the head of each department affected of the action, and they shall adjust their accounts accordingly. In a municipality, or school board of education, the actions and consent of the respective department heads or officers provided in this section may be performed by the governing body or by persons designated by the governing body. (62-461)

Provided, that any portion of said building funds surplus not required to eliminate a sinking fund tax levy for said municipality shall be refunded to the taxpayers by the use thereof to reduce the tax levy for the benefit of the general fund for the same municipality. The State shall reimburse said permanent school fund for all losses thereof which may in any manner occur, and no portion of said fund shall be diverted for any other use or purpose. (Article XI, § 2, Okla. Const.)

The Commissioners of the Land Office are not permitted, pursuant to statute or otherwise, to expend the capital gains that accrue to the principal of the permanent school fund. Capital gains are not income or interest generated by the fund’s principal, but rather constitute increases to the principal itself, which shall forever remain inviolate. OKLA. CONST. art. XI, §§ 2 & 3; Oklahoma Enabling Act, §§ 7 & 9, 34 Stat. 267, 272-74 (1906); 2019 OK AG 4

As trustee of common school lands, state has irrevocable duty to maintain trust estate for sole benefit of beneficiaries and to return full value from use and disposition of trust property. Okla. Education Assoc., Inc. v. Nigh, 642 P.2d 230 (Okla. 1982)

The legislature may not validly alter, modify, or diminish the state, as trustee of school land trust, to administer the trust estate in a manner most beneficial to it and in a manner which yields maximum benefit in return for use of property or loan of trust funds. Section 968. Public Lands - Investment of School Funds.

A. 1. The permanent school funds and other educational funds may be invested in first mortgages upon good and improved farm lands within the state (and in no case shall more than fifty percent (50%) of the reasonable value of the lands, without improvements, be loaned upon any tract).

2. Sufficient monies shall be kept on hand at all times by the Commissioners of the Land Office to close all approved applications for first mortgage loans, as may be approved from time to time by the Commissioners of the Land Office.

B. 1. The Commissioners of the Land Office shall be responsible for the investment of the permanent school funds, other educational funds and public building funds solely in the best interests of the beneficiaries. The Commissioners of the Land Office shall make such investments:

   a. for the exclusive purpose of:

      (1) providing maximum benefits to current and future beneficiaries, and

      (2) defraying reasonable expenses of administering the trust funds,

   b. with the care, skill, prudence and diligence under the circumstances then prevailing that a prudent person acting in a like enterprise of a like character and with like aims would use, and

   c. by diversifying the investments of the trust funds so as to minimize the risk of large losses.

2. The permanent school fund and other educational funds may only be invested in bonds issued in the United States.
and United States dollar denominated or other investments settled in United States dollars or traded on the United States exchange markets. Until July 2, 2001, the Commissioners of the Land Office shall not invest more than fifty percent (50%) of the permanent common school fund, other educational funds and public building funds in equity securities. On and after July 1, 2001, the investment in securities may be increased by five percent (5%) each year until the investment in equity securities reaches a maximum of sixty percent (60%).

3. The Commissioners shall establish an investment committee. The investment committee shall be composed of not more than three (3) members of the Commissioners of the Land Office or their designee. The committee shall make recommendations to the Commissioners of the Land Office on all matters related to the choice of managers of the assets of the funds, on the establishment of investment and fund management guidelines, and in planning future investment policy. The committee shall have no authority to act on behalf of the Commissioners of the Land Office in any circumstances whatsoever. No recommendations of the committee shall have effect as an action of the Commissioners of the Land Office or take effect without the approval of the Commissioners as provided by law. The Commissioners shall promulgate and adopt on an annual basis an investment plan. The investment plan shall state the criteria for selecting investment managers, the allocation of assets among investment managers, and established standards of investment and fund management.

4. The Commissioners shall retain qualified investment managers to provide for investment of the fund monies pursuant to the investment plan. Investment managers be chosen by a solicitation of proposals on a competitive bid basis pursuant to standards set by the Commissioners. Subject to the investment plan, each investment manager shall have full discretion in the management of the funds allocated to said investment managers. The funds allocated to investment managers shall be actively managed by them, which may include selling investments and realizing losses if such action is considered advantageous to longer term return maximization. Because of the total return objective, no distinction shall be made for management and performance evaluation purposes between realized and unrealized capital gains and losses.

5. The Commissioners shall take such measures as they deem appropriate to safeguard custody of securities and other assets of the Trusts.

6. By August 1 of each year, the Commissioners shall develop a written investment plan for the trust funds.

7. The Commissioners shall compile a quarterly financial report showing the performance of all the combined funds under their control on a fiscal year basis. The report shall contain a list of all investments made by the Commissioners and a list of any commissions, fees or payments made for services regarding such investments for that reporting period. The report shall be based on market values and shall be compiled pursuant to uniform reporting standards prescribed by the Oklahoma State Pension Commission for all state retirement systems. The report shall be distributed to the Oklahoma State Pension Commission, the Cash Management and Investment Oversight Commission, and the Legislative Service Bureau.

8. Before October 1 of each year, the Commissioners shall publish an annual report of all Trust operations, presented in a simple and easily understood manner to the extent possible. The report shall be submitted to the Governor, the Speaker of the House of Representatives, the President Pro Tempore of the Senate, the State Department of Education and each higher education beneficiary. The annual report shall cover the operation of the Trusts during the past fiscal year, including income, disbursements and the financial condition of the Trusts at the end of each fiscal year on a cash basis. The annual report shall also contain a summary of each Trust’s assets and current market value as of the report date.

9. The Cash Management and Investment Oversight Commission shall review reports prepared by the Commissioners of the Land Office pursuant to this subsection and shall make such recommendations regarding the investment strategies and practices, the development of internal auditing procedures and practices and such other matters as determined necessary and applicable.

10. The Commissioners of the Land Office shall select one custodial bank to settle transactions involving the investment of the funds under the control of the Commissioners of the Land Office. The Commissioners of the Land Office shall review the performance of the custodial bank at least once every year. The Commissioners of the Land Office shall require a written competitive bid every five (5) years. The custodial bank shall have a minimum of Five Hundred Million Dollars ($500,000,000.00) in assets to be eligible for selection. Any out-of-state custodial bank shall have a service agent in the State of Oklahoma so that service of summons or legal notice may be had on such designated agent as is now or may hereafter be provided by law. In order to be eligible for selection, the custodial bank shall allow electronic access to all transaction and portfolio reports maintained by the custodial bank involving the investment of state funds under control of the Commissioners of the Land Office and to the Cash Management and Investment Oversight Commission. The requirement for electronic access shall be incorporated into any contract between the Commissioners of the Land Office
and the custodial bank. Neither the Commissioners of the Land Office nor the custodial bank shall permit any of the funds under the control of the Commissioners of the Land Office or any of the documents, instruments, securities or other evidence of a right to be paid money to be located in any place other than within a jurisdiction or territory under the control or regulatory power of the United States government. (64-51)

64 O.S. Supp.2004, § 51.1(D)(5)), which requires the CLO to consult with private concessionaires before making its investment decisions impairs the ability of the CLO to invest its funds solely for the benefit of the beneficiaries of the School Land Trust for maximum return and violates applicable provisions of the Oklahoma Constitution and the Enabling Act, and is unconstitutional. October 12, 2004 (AG Op. No. 04-31).

This section provides that the Commissioners of the Land Office may invest in mortgages on farm lands and bonds or other investments. It does not grant authority to invest in timberland or other real estate. August 19, 2002 (AG Op. No. 02-36).

Section 969. Revenues Used for School Purposes Only.

The interest and income of the permanent school fund, the net income from the leasing of public lands which have been or may be granted by the United States to the State for the use and benefit of the common schools, together with any revenues derived from taxes authorized to be levied for such purposes, and any other sums which may be added thereto by law, shall be used and applied each year for the benefit of the common schools of the State, and shall be, for this purpose, apportioned among and between all the several common school districts of the State in proportion to the school population of the several districts, and no part of the fund shall ever be diverted from this purpose, or used for any other purpose than the support and maintenance of common schools for the equal benefit of all the people of the State. (Article XI, § 3, Okla. Const.)

The Commissioners of the Land Office are not permitted, pursuant to statute or otherwise, to expend the capital gains that accrue to the principal of the permanent school fund. Capital gains are not income or interest generated by the fund's principal, but rather constitute increases to the principal itself, which shall forever remain inviolate. OKLA. CONST. art. XI, §§ 2 & 3; Oklahoma Enabling Act, §§ 7 & 9, 34 Stat. 267, 272-74 (1906). 2019 OK AG 4

Section 969.1. Public Lands - Monthly Distribution of Certain Funds.

A. All distribution from the permanent school funds, other educational funds and public building funds shall be made monthly.

B. The annual distribution from the trust funds held by the Commissioners of the Land Office shall be five percent (5%) of the average of the fiscal year-end market values for the preceding three (3) fiscal years. For any fiscal year for which the distribution, calculated by this formula, would be less than the distribution for the preceding fiscal year, the distribution may be increased to the amount distributed during the preceding fiscal year; provided, that the distribution shall not exceed the limit prescribed in Section 3 of Article XI of the Constitution of the State of Oklahoma.

C. The market value of the trust funds shall be established using the fiscal year-end balance of the total trust funds held by the custodial bank.

All such monies remaining in the hands of the Commissioner of the Land Office and in the State Treasury at the close of each calendar month shall be apportioned and paid over to the schools within fifteen (15) days following the close of each such month. (70-614)

Section 971. Basis of Apportionment.

The apportionment shall be made to the school districts of the county on the basis of school population as determined pursuant to the provisions of Section 56 of this act for the preceding school year as certified by the State Board of Education. The Commissioners of the Land Office, in distributing all funds mentioned in this section, shall draw their order on the State Treasurer or other officer having custody of such funds, in favor of the schools of the counties respectively, entitled to school monies, using electronic funds transfer as defined by the Office of the Oklahoma State Treasurer: Provided, that the
federal appropriation made shall be apportioned by said Commissioners, to the several schools, entitled to the same under Act of Congress providing for said appropriation, in proportion to the number of children of school age shown by the last federal census. (70-615)

Section 972. Auto License Fees - Apportionment.

A. Unless otherwise provided by law, all fees, taxes and penalties collected or received pursuant to the Oklahoma Vehicle License and Registration Act or Section 1-101 et seq. of this title shall be apportioned and distributed monthly by the Oklahoma Tax Commission in accordance with this section.

B. 1. The following percentages of the monies referred to in subsection A of this section shall be apportioned to the various school districts in accordance with paragraph 2 of this subsection:

   d. for the year beginning July 1, 2015, through the year ending on June 30, 2019, thirty-six and twenty one-hundredths percent (36.20%), but in no event shall the amount apportioned in any fiscal year pursuant to this subparagraph exceed the total amount apportioned for the fiscal year ending on June 30, 2015. Any amounts in excess of such limitation shall be placed to the credit of the General Revenue Fund, and

   e. for the year beginning July 1, 2019, and all subsequent years, thirty-six and twenty one-hundredths percent (36.20%), but in no event shall the amount apportioned in any fiscal year pursuant to this subparagraph exceed the total amount apportioned for the fiscal year ending on June 30, 2015. Any amounts in excess of such limitation shall be placed to the credit of the Rebuilding Oklahoma Access and Driver Safety Fund created in Section 1521 of Title 69 of the Oklahoma Statutes.

2. The monies apportioned pursuant to subparagraphs a through e of paragraph 1 of this subsection shall be apportioned to the various school districts so that each district shall receive an amount based upon the proportion that each district's average daily attendance bears to the total average daily attendance of those districts entitled to receive funds pursuant to this section as certified by the State Department of Education.

Each district's allocation of funds shall be remitted to the county treasurer of the county wherein the administrative headquarters of the district are located.

No district shall be eligible for the funds herein provided unless the district makes an ad valorem tax levy of fifteen (15) mills and maintains nine (9) years of instruction and pursuant to the rules of the State Board of Education, is authorized to maintain ten (10) years of instruction. **** (Remainder of statute omitted) (47-1104)

Note: Amended by HB 1014 2018 2nd Ext. Session, Effective July 1, 2019

The Tax Commission misinterpreted the effect of a 2015 amendment to section 1104 and consequently apportioned the wrong amount of motor vehicle collections to eligible school districts. Between July 1, 2015, and August 25, 2017, the school districts should have received each month a percentage of the available funds based on the amount each district received in the corresponding month of the 2015 fiscal year. Any excess funds collected during September and December of 2015 and March of 2016 should have been distributed "so that each district shall first receive the cumulative total of the monthly apportionments for which it is otherwise eligible." Independent School Dist. No. 2 v. Oklahoma Tax Commissioner, 2018 OK CIV APP 49.

Section 1060. Negotiations Representative of Professional Educators - Bargaining Representatives.

A. The board of education shall recognize an employee organization designated by an election of the employees in an appropriate bargaining unit as the exclusive representative of all the employees in such unit. The members of an employee organization shall be employees as defined in paragraphs 1, 2 and 3 of this subsection and Section 1-116 of this title. The recognition of such employee organization shall be made by the board no later than fourteen (14) days after the election. Any person who desires not to be represented by any organization may so state in writing to his or her board of education. Appropriate bargaining units are defined as follows; however, such definition shall not be construed, of itself, as requiring that bargaining units engage in bargaining or act to disengage from bargaining:

1. Employees who are employed and certified as principals and assistant principals and who have responsibilities for the supervision of classroom teachers shall constitute an appropriate unit;

2. All other employees who are required by the position in which employed to be certified as teachers as that term is defined in Section 1-116 of this title and who do not hold supervisory authority with respect to other teachers in the district shall constitute an appropriate unit; and

3. All employees who are not required by their job description to be a principal, certified teacher, superintendent or other certified or noncertified administrator shall constitute a separate bargaining unit. Provided that, employees with access to confidential, labor relations information of the school district, or managerial employees whose responsibilities include making employment recommendations to the superintendent and for which their position does not require a certificate, shall be excluded from this or other bargaining units. Also excluded is any employee position agreed to be excluded from the bargaining unit by the employee organization and the school district.

Provided, if employees categorized according to paragraphs 2 and 3 of this subsection were organized for bargaining as a single unit as of April 14, 1986, or are at any time employed in a district having fewer than seventy-five employees in the two categories taken together, the employees may, for such time as a majority of the employees in each category indicate by secret ballot vote they share a single community of interest, constitute a single appropriate unit. Further provided, any final judgment of the Supreme Court denying such community of interest in any school district shall have the effect of rendering inappropriate all units, in whatever school districts they exist, which include employees of both categories.

B. 1. Within seven (7) business days of receiving a sealed packet containing an employee petition filed by or on behalf of thirty-five percent (35%) or more of the employees in a unit, such petition calling for an election to determine which, if any, employee organization represents the employees in a bargaining unit, the board shall arrange for verification that there are a sufficient number of correct names to constitute at least thirty-five percent (35%) of the employees in the unit. Such arrangements shall include the transmitting of the sealed packet and a list of employees eligible to be included in the bargaining unit to the individual designated pursuant to the provisions of paragraph 2 of this subsection.

2. The petition calling for the secret ballot election shall contain only the names of employees of the bargaining unit who have signed and dated the petition. Within thirty (30) days of receipt of the sealed packet by the district court judge in and for the county in which the school district has its main office, the sealed packet shall be opened and the petition shall be verified by an individual designated by the district judge of such court for the county in which the school district has its main office. Upon verification of the number of signatures on the petition, the district court judge shall notify in writing the district board of education and any employee organization that has requested notice of the verification. Under no circumstances shall the individual so designated reveal the names of employees who signed or did not sign the petition. If an employee has signed more than one petition, the name of the employee shall be removed from each petition.

3. The period of time for signing of a recognition petition shall commence upon receipt of written notification by the local school board from an organization indicating that it intends to circulate a petition and shall cease thirty (30) days thereafter. Provided, if an organization recognized as representative of a unit for bargaining is being challenged for discontinuation of representation as provided in paragraph 7 of subsection C of this section or is being challenged by another organization seeking recognition, the period for signing shall commence on the first day of February and end on the last day of that same February.

661
C. 1. Not less than forty-five (45) days nor more than sixty (60) days after receipt of notification that the petition has been verified as sufficient, a secret ballot election shall be held to determine which, if any, employee organization shall represent the unit. No election shall be held for a unit within which a valid election was held in the preceding two (2) years.

On or after March 2, 1995, the board shall recognize within ten (10) days an organization which has obtained signed authorization from a majority of the employees eligible to be included in the unit but has not been recognized. No election shall be held for such unit within two (2) years of recognition. An appropriate election ballot shall be printed for this election, which contains the names of all employee organizations having presented a petition verified as signed by at least thirty-five percent (35%) of the employees eligible to be in the unit to represent or currently recognized as representing the unit; provided, no such organization shall be shown on the ballot unless the organization pays to the board a filing fee of Two Hundred Fifty Dollars ($250.00). The ballot shall also provide an option whereby any employee of the unit may indicate a preference that the unit not be represented by any organization. Every organization that receives at least fifteen percent (15%) of the vote in the election shall be reimbursed the Two Hundred Fifty Dollars ($250.00) by the board. The board shall use any remaining filing fee money to help offset the cost of the validation process of the petition, if any, as well as any election costs incurred.

2. When none of the choices on the ballot receives a majority of the votes, a runoff election shall be conducted on the fourteenth day following the first election between the two choices which received the largest number of votes in the preceding election.

3. The employee organization or organizations and the school board shall, by agreement, determine the method by which each election shall be conducted. All costs incurred in an election shall be shared equally by all parties involved.

If no agreement can be reached by thirty (30) days prior to the election, the board of education shall notify the county election board of the county in which the board is located of such fact, and the following method for conducting the secret ballot election shall be followed and conducted by the county election board:

a. At the time of such notice, the board of education shall provide to the county election board:

(1) a list of all the polling places for the election, such list to include every middle school or junior high school and the central administration office in the district;

(2) a list of names of all the persons eligible to vote in the election, such list to be in alphabetical order and duplicated in such number that there shall be one for each polling place, plus an additional five copies;

(3) the names of each organization entitled to have its name appear on the ballot; and

(4) the date of the election which shall not be a special election date specified by subsection B of Section 3-101 of Title 26 of the Oklahoma Statutes.

b. Ballots for the election shall be printed by the county election board in the same manner as for other elections conducted by the county election board, insofar as is possible. The names of organizations shall be listed on the ballot in the order in which said names are furnished to the county election board by the board of education. The option specifying that no organization shall represent the employee bargaining unit shall be listed last on the ballot, in such language as may be specified by the board.

c. The secretary of the county election board shall appoint an inspector, judge and clerk for each polling place. The inspector, judge and clerk shall be selected from among the regular precinct officials in the county.

d. Polling places shall be open from 7:00 a.m. to 7:00 p.m. on the day of the election. Any eligible person who appears to vote no later than 7:00 p.m. shall be entitled to vote.

e. Eligible voters may vote after signing their signatures beside their names on the list of names of all the persons eligible to vote in the election. The voter shall place his or her ballot in the ballot box in the presence of the inspector.
f. Each organization entitled to have its name appear on the ballot shall be permitted to appoint one challenger at each polling place. Each such challenger shall be properly identified as such, and shall be limited to inquiring of a prospective voter, said prospective voter’s name, address, job classification and work site. The challenger may challenge the right of any prospective voter to vote by so informing the judge. Upon being so challenged, the prospective voter may vote if, after being informed by the judge of such a challenge, the voter signs his or her signature beside his or her name on the list of names of all the persons eligible to vote in the election. If same occurs, the judge shall write the words “Challenged by” beside the voter’s signature.

   g. The county election board shall certify in writing the results of the election to the board of education on the day following the election and on the same day shall mail a copy of the certification to all employee organizations that have requested copies of the certification.

   h. Costs of the election shall be paid to the county election board by the board of education. The costs shall include the regular salaries of the inspector, judge, and clerk, in addition to all other necessary and reasonable costs. Such costs shall include compensation for members of the county election board, including the secretary.

   i. Anyone guilty of voting more than one time in the election will be guilty of a misdemeanor and subject to a fine of Two Hundred Dollars ($200.00) or thirty (30) days in the county jail.

4. No employee shall use regularly scheduled duty time for campaign purposes.

5. A list of the employees eligible to vote in the election including their names, addresses, phone numbers, job classification and work site shall be provided not less than fourteen (14) days before the election to each organization listed on the official ballot.

6. Any board or organization challenging the results of any election held pursuant to the provisions of this section shall post with the district court a bond of One Thousand Dollars ($1,000.00) which shall be forfeited if the court finds that the challenge is in bad faith.

7. In any February more than two (2) years after recognition of an organization pursuant to the provisions of this section and upon the receipt of a petition calling for discontinuation of representation signed by thirty-five percent (35%) of the employees eligible to be included in the unit, a board shall call an election to determine whether the members of a unit wish to discontinue being represented for bargaining. If a majority of the votes cast are votes to discontinue representation, efforts to gain recognition by any organization shall be prohibited for a period of two (2) years commencing with the expiration of the contract then in force. The ballots used in such election shall, without reference to any organization by name, offer the single choice of continued representation or discontinuation of representation. (70-509.2)

Unless otherwise provided for by law, “days” means calendar days. Time limits set forth herein may be extended by mutual agreement of the parties.

A. If negotiations are not successfully concluded by the first day of school, impasse shall exist. At any earlier time, either party may declare impasse. Upon reaching of impasse, the items causing the impasse shall be referred to a three-member fact-finding committee. This committee shall consist of:

1. One member who shall be selected by the representatives of the organization within five (5) days after the reaching of impasse;

2. One member who shall be selected by the local board of education within five (5) days after the reaching of impasse; and

3. One member who shall serve as chairperson of the committee and shall be selected as follows:

   a. The State Board of Education shall appoint as fact-finders not less than twenty nor more than thirty persons to be placed on the State Superintendent’s list of fact-finders. The appointees must reside in Oklahoma, must be neutral and unbiased and must be knowledgeable in the fields of school operations, school finance, personnel management, dispute resolution and hearing procedures. The appointees shall not currently be elected public officers or employees of a board of education or officers or employees of an organization of education employees. No person who is related within the second degree by consanguinity or affinity to an elected public officer, to an employee of the local board of education that is involved in the impasse, or to an employee of an organization of education employees shall be eligible to serve as a fact-finder.

   b. An appointee shall serve until such appointee resigns or is removed by the State Board of Education from the State Superintendent’s list of fact-finders. An appointee must be removed immediately if he or she becomes an elected public officer or employee of a board of education or an officer or employee of an organization of education employees.

   c. Within ten (10) days of being notified that a fact-finder is needed, the State Superintendent of Public Instruction or designee shall provide the names of five potential fact-finders selected at random from the list of appointees who are available to serve as a member and the chairperson of the committee. The exchanged documents shall also be furnished by each party to the chairperson and other members of the committee.

C. The chairperson shall convene the committee for fact finding. This committee shall meet with the representatives of both parties. Within twenty (20) days after the chairperson is selected, the committee shall present written recommendations to the local board and to the organization.

D. If either party decides it must reject one or more of the committee’s recommendations, said party must, within seven (7) days after the committee has presented its recommendations, request a meeting of the representatives who have been negotiating for the board and for the organization. The parties shall meet within seven (7) days of the request, unless both parties deem it unnecessary. At such meeting, the representatives shall exchange written statements expressing each party’s rationale for rejecting each recommendation found unacceptable and shall attempt to clarify any remaining differences. The representatives shall then resume good faith effort to resolve the remaining differences; provided, after fourteen (14) days after the exchange of the written statements, either party may discontinue such effort.

E. The local board shall file a copy of the fact-finding report with the office of the State Superintendent of Public Instruction. If the effort to resolve differences is successful, the parties shall draft a written agreement and present the agreement to both parties for ratification, and such agreement shall also be forwarded to the State Superintendent of Public Instruction. If the organization or its members engage in a strike, then the organization shall cease to be recognized as representative of the unit and the school district shall be relieved of the duty to negotiate with such organization or its representatives. (70-509.8)

Professional organization’s strike relieves school district of its duty to recognize such organization, but only for the duration of the strike. ISD No. 89 v. Okla. City Federation of Teachers, 612 P.2d 719 (Okla. 1980)

STANDARDS FOR WORKPLACE DRUG AND ALCOHOL TESTING ACT

Section 1069. Title of Act.
Sections 551 through 563 of this title shall be known and may be cited as the “Standards for Workplace Drug and Alcohol Testing Act”. (40-551)

3. "Board" means the State Board of Health;
4. "Confirmation test" means a drug or alcohol test on a sample to substantiate the results of a prior drug or alcohol test on the same sample and which uses different chemical principles and is of equal or greater accuracy than the prior drug or alcohol test. Where a breathalyzer test is utilized, a confirmation test means a second sample test that confirms the prior result. Where a single-use test is utilized, a confirmation test means a second test confirmed by a testing facility. A breath or blood specimen may be used for the confirmation test for alcohol. A urine, saliva or blood specimen may be used for the confirmation test for drugs;
5. "Department" means the State Department of Health;
6. "Drug" means amphetamines, cannabinoids, cocaine, phencyclidine (PCP), hallucinogens, methaqualone, opiates, barbiturates, benzodiazepines, synthetic narcotics, designer drugs, or a metabolite of any of the substances listed herein;
7. "Drug or alcohol test" means a chemical test administered for the purpose of determining the presence or absence of a drug or its metabolites or alcohol in a person's bodily tissue, fluids or products. Adulteration of a specimen or of a drug or alcohol test shall be considered as a refusal to test;
8. "Employee" means any person who supplies labor for remuneration to his or her employer in this state and shall not include an independent contractor, subcontractor or employees of an independent contractor; provided, however, an independent contractor, subcontractor, or employees of an independent contractor, may be subject to a workplace drug
or alcohol testing policy under the terms of the contractual agreement when the drug or alcohol testing policy applies to other workers at the job site or workers who are in the same or similar classification or group;

12. "Sample" means tissue, fluid or product of the human body chemically capable of revealing the presence of drugs or alcohol in the human body; and

13. "Testing facility" means a facility which provides laboratory services to test samples for the presence of drugs or alcohol. (40-552)

An employer may use an evidential breath test for both an initial alcohol test and a confirmation test. McClure v. Conoco Phillips Company, 2006 OK 42, 142 P.3d 390

Where the definition of "testing facility" was in controversy because two bills passed by legislature, during the same legislative session, contained irreconcilably conflicting definitions, the later-amended bill is controlling. The definition of the term "testing facility" does not include on-site drug or alcohol screening tests to screen out negative test results under certain conditions. March 6, 2006 (AG Op. No. 06-03)

Section 1071. General Provisions.

A. The Standards for Workplace Drug and Alcohol Testing Act shall not be construed as requiring or encouraging employers to conduct drug or alcohol testing.

B. Except as provided in subsection C of this section, employers who choose to conduct drug or alcohol testing of job applicants or persons employed in this state shall be governed by the provisions of this act and the rules promulgated pursuant thereto.

C. Drug or alcohol testing required by and conducted pursuant to federal law or regulation shall be exempt from the provisions of the Standards for Workplace Drug and Alcohol Testing Act and the rules promulgated pursuant thereto.

D. This act shall not be construed as preventing the negotiation of collective bargaining agreements that provide greater protection to employees or applicants than is provided by this act. (40-553)

Section 1072. Circumstances Permissible For Testing.

Employers may conduct drug and alcohol testing in accordance with the Standards for Workplace Drug and Alcohol Testing Act. Employers who choose to conduct drug or alcohol testing may only request or require an applicant or employee to undergo testing under any of the following circumstances:

1. Applicant testing: A public or private employer may request or require an applicant to undergo drug or alcohol testing and may use a refusal to undergo testing or a positive test result as a basis for refusal to hire;

2. For-cause testing: A public or private employer may request or require an employee to undergo drug or alcohol testing at any time it reasonably believes that the employee may be under the influence of drugs or alcohol, including, but not limited to, the following circumstances:

   a. drugs or alcohol on or about the employee’s person or in the employee’s vicinity,
b. conduct on the employee’s part that suggests impairment or influence of drugs or alcohol,

For purposes of workers’ compensation, no employee who tests positive for the presence of substances defined and consumed pursuant to Section 465.20 of Title 63 of the Oklahoma Statutes, alcohol, illegal drugs, or illegally used chemicals, or refuses to take a drug or alcohol test required by the employer, shall be eligible for such compensation;

4. Random testing: A public or private employer may request or require an employee or all members of an employment classification or group to undergo drug or alcohol testing at random and may limit its random testing programs to particular employment classifications or groups, except that a public employer may require random testing only of employees who:

b. have drug interdiction responsibilities,
c. are authorized to carry firearms,
d. are engaged in activities which directly affect the safety of others,
e. are working for a public hospital including any hospital owned or operated by a municipality, county, or public trust, or

5. Scheduled, periodic testing: A public or private employer may request or require an employee to undergo drug or alcohol testing if the test is conducted as a routine part of a routinely scheduled employee fitness-for-duty medical examination or is scheduled routinely as part of the employer’s written policy, except that a public employer may require scheduled, periodic testing only of employees who:

a. are police or peace officers,
b. have drug interdiction responsibilities,
c. are authorized to carry firearms,
d. are engaged in activities which directly affect the safety of others,
e. are working for a public hospital including any hospital owned or operated by a municipality, county, or public trust, or
f. work in direct contact with inmates in the custody of the Department of Corrections or work in direct contact with juvenile delinquents or children in need of supervision in the custody of the Department of Human Services; and

6. Post-rehabilitation testing: A public or private employer may request or require an employee to undergo drug or
alcohol testing for a period of up to two (2) years commencing with the employee’s return to work, following a positive test or following participation in a drug or alcohol dependency treatment. *(40-554)*

1. A statement of the employer's policy respecting drug or alcohol use by employees;
2. Which applicants and employees are subject to testing;

6. Consequences of refusing to undergo testing;
7. Potential adverse personnel action which may be taken as a result of a positive test result;
8. The ability of an applicant and employee to explain, in confidence, the test results;
9. The ability of an applicant and employee to obtain copies of all information and records related to that individual's testing;
10. Confidentiality requirements; and
11. The available appeal procedures.

B. An employer who implements a drug or alcohol testing policy or changes its policy, shall provide at least ten (10) days' notice to its employees by:

1. Hand-delivery of a paper copy of the policy or changes to the policy;
2. Mailing a paper copy of the policy or changes to the policy through the U.S. Postal Service or a parcel delivery service to the last address given by the employee or applicant;
3. Electronically transmitting a copy of the policy through an e-mail or by posting on the employer’s website or intranet site; or
4. Posting a copy in a prominent employee access area. *(40-555)*

**Section 1074. Scheduling and Costs of Testing.**

Any drug or alcohol testing by an employer shall be deemed work time for purposes of compensation and benefits for current employees.

An employer shall pay all costs of testing for drugs or alcohol required by the employer. Provided, however, if an employee or applicant requests a confirmation test of a sample within twenty-four (24) hours of receiving notice of a positive test in order to challenge the results of a positive test, the employee or applicant shall pay all costs of the confirmation test, unless the confirmation test reverses the findings of the challenged positive test. In such case, the employer shall reimburse the individual for the costs of the confirmation test. *(40-556)*

**Section 1075. State Board of Health to Enforce Act.**
A. The State Board of Health shall have the power and duty to promulgate, prescribe, amend and repeal rules for the licensure and regulation of testing facilities, which shall include, but not be limited to, the following:

1. Qualifications of testing facilities which shall include the requirement that facilities doing urine analysis tests be certified for forensic urine drug testing pursuant to guidelines or regulations of the federal Department of Health and Human Services or be accredited for forensic urine drug testing by the College of American Pathologists or other organizations recognized by the State Board of Health;

2. Qualifications of testing facility personnel; and

3. Procedures for the testing facility to provide the necessary documentation of testing procedures and test results to the employer requesting testing services as may be required by a court or administrative proceeding.

B. Nothing in the Standards for Workplace Drug and Alcohol Testing Act shall be construed as prohibiting an employer from adopting a policy which allows for testing for drugs or alcohol by another method which is reasonably calculated to detect the presence of drugs or alcohol, including, but not limited to, breathalyzer testing, testing by use of a single-use test device, known as an on-site or quick testing device, to collect, handle, store and ship a sample collected for testing. Provided, however, a breathalyzer test shall not be grounds for immediate termination absent a confirmation test. (40-557)

Section 1076. Qualification and Licensing of Testing Facilities.

A. On and after July 1, 1994, no testing facility shall provide laboratory services to an employer to test for the presence or absence of drugs or alcohol unless it meets the qualifications established for testing facilities pursuant to Section 7 of this act and is licensed by the State Department of Health to perform such tests. The State Board of Health shall promulgate rules relating to the issuance of such license, including rules governing license revocation, suspension and nonrenewal.

B. The fees for licensure of testing facilities by the State Department of Health shall be set by the State Board of Health and shall not be more than One Hundred Fifty Dollars ($150.00) annually.

C. Any testing facility providing laboratory services to an employer to test for the evidence of drugs or alcohol which is not licensed by the State Department of Health pursuant to this section shall be subject to an administrative fine of not more than Five Hundred Dollars ($500.00) for each offense. Each test performed by the unlicensed testing facility in violation of this section shall constitute a separate offense. (40-558)

Evidential breath tests are laboratory services which must be confirmed by a licensed testing facility before an employee may take disciplinary action against employee. *Estes v. Conoco Phillips Co.*, 2008 OK 21

Section 1077. Sample Collecting and Testing.

All sample collection and testing for drugs and alcohol pursuant to the provisions of this act shall be conducted in accordance with the following conditions:

3. The collection of samples shall be performed under reasonable and sanitary conditions;

4. A sample shall be collected in sufficient quantity for splitting into two separate specimens, pursuant to rules of the State Board of Health, to provide for any subsequent independent analysis in the event of challenge of the test results of the main specimen;

5. Samples shall be collected and tested with due regard to the privacy of the individual being tested. In the instances of urinalysis, no employer or representative, agent or designee of the employer shall directly observe an applicant or employee in the process of producing a urine sample; provided, however, collection shall be in a manner reasonably
calculated to prevent substitution or interference with the collection or testing of reliable samples;

6. Sample collection shall be documented, and the documentation procedures shall include:
   a. labeling of samples so as reasonably to preclude the probability of erroneous identification of test results, and
   b. an opportunity for the applicant or employee to provide notification of any information which the applicant or employee considers relevant to the test, including identification of currently or recently used prescription or nonprescription drugs, or other relevant information:

7. Sample collection, storage, and transportation to the testing facility shall be performed so as reasonably to preclude the probability of sample contamination or adulteration;

8. Sample testing shall conform to scientifically accepted analytical methods and procedures. Testing shall include confirmation of any positive test result by gas chromatography, gas chromatography-mass spectroscopy, or an equivalent scientifically accepted method of equal or greater accuracy as approved by Board rule, at the cutoff levels as determined by Board rule, before the result of any test may be used as a basis for refusal to hire a job applicant or any action by an employer pursuant to Section 12 of this act; and

9. A written record of the chain of custody of the sample shall be maintained from the time of the collection of the sample until the sample is no longer required. (40-559)

Section 1078. Disposition of Test Records.

A. Records of all drug and alcohol test results and related information maintained by the employer shall be the property of the employer and, upon the request of the applicant or employee tested, shall be made available for inspection and copying to the applicant or employee. An employer shall not release such records to any person other than the applicant, employee or the employer's review officer, unless the applicant or employee, in writing following receipt of the test results, has expressly granted permission for the employer to release such records in order to comply with a valid judicial or administrative order. A written record of the chain of custody of the sample shall be maintained from the time of the collection of the sample until the sample is no longer required.

B. A testing facility, or any agent, representative or designee of the facility, or any review officer, shall not disclose to any employer, based on the analysis of a sample collected from an applicant or employee for the purpose of testing for the presence of drugs or alcohol, any information relating to the general health, pregnancy or other physical or mental condition of the applicant or employee.

A testing facility shall release the results of the drug or alcohol test, and any analysis and information related thereto, to the individual tested upon request. (40-560)

Records of drug and alcohol test results and related information must be maintained separately from other personnel records and must be kept confidential. October 13, 1997 (AG Op. No. 97-79)

Section 1079. Requirement for Confirmation Test Prior to Discipline.

A. An employer’s policy shall state the disciplinary actions that may be taken upon a refusal to undergo a drug or alcohol test or for a positive test for the presence of drugs or alcohol.

B. An employer may take disciplinary action, up to and including discharge, against an employee who refuses to undergo drug or alcohol testing conducted in accordance with the provisions of Section 551 et seq. of this title or who tests positive for the presence of drugs or alcohol.

C. An employee discharged on the basis of a refusal to undergo drug or alcohol testing or a positive drug or alcohol test shall be considered to have been discharged for misconduct for purposes of unemployment compensation benefits as provided for in Section 2-406A of this title. In order to prove misconduct, the employer need only provide proof of a testing policy and either a refusal to take a drug or alcohol test or a positive test result.

D. Notwithstanding any provision of law for confidentiality of drug or alcohol testing results, nothing in the Standards
Section 1080. Civil Remedy for Violations.

A. Any person aggrieved by a willful violation of the Standards for Workplace Drug and Alcohol Testing Act may institute a civil action in a court of competent jurisdiction within one (1) year of the alleged willful violation or be barred from obtaining the relief provided for in subsection B of this section. A willful violation of the Standards for Workplace Drug and Alcohol Testing Act requires proof by the preponderance of the evidence that the employer had a specific intent to violate the act.

B. A prevailing party may be awarded lost wages to which the person would have been entitled and an additional equal amount as liquidated damages. Interim earnings or amounts earnable with reasonable diligence by the aggrieved person shall operate to reduce the lost wages otherwise allowable. Reasonable costs and attorney fees may be awarded to the prevailing party, whether plaintiff or defendant. (40-563)

A government employee does not have to exhaust administrative remedies prior to bringing a civil action for violation of the Oklahoma Standards for Workplace Drug and Alcohol Testing Act. Jones v. State, 2011 OK 105

For the purposes of the Oklahoma Standards for Workplace Drug and Alcohol Testing Act, the term “willful violation” means conscious, purposeful violations or deliberate disregard of the Testing Act by those who know or should have know of its provisions. Estes v. Conoco Phillips Co., 2008 OK 21

An employer may use an evidential breath test for both an initial alcohol test and a confirmation test. McClure v. Conoco Phillips Company, 2006 OK 42, 142 P.3d 390

An employee discharged on the basis of a refusal to undergo drug or alcohol testing or a positive drug or alcohol test conducted in accordance with the provisions of the Standards for Workplace Drug and Alcohol Testing Act shall be considered to have been discharged for misconduct and shall be disqualified for benefits pursuant to the provisions of Section 2-406 of this title.

2. In any challenge to a positive drug or alcohol test, the claimant has the burden to prove that the test was not properly conducted. The employer must provide the chain of custody documentation at the request of any claimant challenging his or her test result.

3. When the claimant fails to request a confirmation test pursuant to Section 556 of this title, the claimant shall not be eligible for benefits.

B. In any claim brought by the discharged employee for compensation, a written report of the drug or alcohol test results shall be accepted as prima facie evidence of the administration and results of the drug or alcohol test. If challenged by the claimant as provided in paragraph 2 of subsection A of this section, the written report of the drug or alcohol test results shall be acceptable for presentation as evidence with the chain of custody of the sample properly documented. The Board may, however, renegotiate rates with successful bidders after contracts have been awarded if there is an extraordinary circumstance. An extraordinary circumstance shall be limited to insolvency of a participating health maintenance organization or point-of-service plan, dissolution of a participating health maintenance organization or point-of-service plan or withdrawal of another participating health maintenance organization or point-of-service plan at any time during the calendar year. For purposes of this paragraph, health care providers shall include, but not be limited to, physicians, dentists, hospitals and special care facilities;

19. To enter into a contract with out-of-state providers in connection with any PPO or hospital or medical network plan which shall include, but not be limited to, special care facilities and hospitals outside the borders of the State of Oklahoma. The contract for out-of-state providers shall be identical to the in-state provider contracts. The Board may negotiate for discounts from billed charges when the out-of-state provider is not a network provider and the member sought services in an emergency situation, when the services were not otherwise available in the State of Oklahoma or when the Administrator appointed by the Board approved the service as an exceptional circumstance;

20. To create the establishment of a grievance procedure by which a three-member grievance panel shall act as an appeals body for complaints by insured employees regarding the allowance and payment of claims, eligibility,
and other matters. Except for grievances settled to the satisfaction of both parties prior to a hearing, any person who requests in writing a hearing before the grievance panel shall receive a hearing before the panel. The grievance procedure provided by this paragraph shall be the exclusive remedy available to insured employees having complaints against the insurer. Such grievance procedure shall be subject to the Oklahoma Administrative Procedures Act, including provisions thereof for review of agency decisions by the district court. The grievance panel shall schedule a hearing regarding the allowance and payment of claims, eligibility and other matters within sixty (60) days from the date the grievance panel receives a written request for a hearing unless the panel orders a continuance for good cause shown. Upon written request by the insured employee to the grievance panel and received not less than ten (10) days before the hearing date, the grievance panel shall cause a full stenographic record of the proceedings to be made by a competent court reporter at the insured employee's expense; and

21. To intercept monies owing to plan participants from other state agencies, when those participants in turn owe money to the Office of Management and Enterprise Services, and to ensure that the participants are afforded due process of law.

N. Except for a breach of fiduciary obligation, a Board member shall not be individually or personally responsible for any action of the Board.

O. The Board shall operate in an advisory capacity to the Office of Management and Enterprise Services.

P. The members of the Board shall not accept gifts or gratuities from an individual organization with a value in excess of Ten Dollars ($10.00) per year. B. Subrogation will exist only to the extent of actual claims paid.

C. If an employee or dependent has prejudiced the Office's right of subrogation by releasing the responsible party prior to submitting claims to the Office, the claims may be denied by the Office. If claims are submitted and paid after the employee or dependent has released the responsible party, the Office shall be entitled to bring an action against the employee, dependent, or their assignees, for any such claims paid and for additional costs incurred by the Office including, but not limited to: interest, administrative and adjudicative costs, and attorney fees. The Health Insurance Plan may contract with providers for specific services based on levels of outcomes defined by the Office and achieved by the provider. The Health Insurance Plan may provide for the application of deductibles and copayment or coinsurance provisions that are based on contracts with providers for specific services based on levels of outcomes or cost.

B. The Life Insurance Plan shall include Accidental Death and Dismemberment Benefits and additional optional life insurance coverage. (74-1307)

Upon the filing with the board of education of a petition calling for such an election which is signed by no less than thirty percent (30%) of the eligible employees of the school district, the board of education shall call an election for the purpose of determining whether the school district shall continue participation in the health and dental insurance plans offered through the Oklahoma Employees Insurance and Benefits Act. The election shall be held within thirty (30) days of the filing of the petition. If a majority of those eligible employees voting at the election vote to continue participation in the health and dental insurance plans offered through the Oklahoma Employees Insurance and Benefits Act, the board of education shall be prohibited from withdrawing the school district from such participation. If a majority of those eligible employees voting at the election vote against continued participation in the health and dental insurance plans offered through the Oklahoma Employees Insurance and Benefits Act, the board of education of the school district shall apply to discontinue such participation within thirty (30) days of the election and within the times the school district is authorized to withdraw from participation in accordance with rules established for withdrawal by the Office.

2. Except as otherwise provided in this subsection, when an education entity participates in the health and dental
insurance plans offered through the Oklahoma Employees Insurance and Benefits Act, all employees shall be advised of Health Maintenance Organizations prepaid plans available as an alternative to the state self-insured health insurance plan. Eligible part-time education employees, at the option of the employee, may enroll in the plans either at the time the education entity begins participation in the plans or, if later, upon a showing of insurability to the satisfaction of the Office.

(3) Any employee of an education entity participating in the health and dental insurance plans offered through the Oklahoma Employees Insurance and Benefits Act who is employed after the education entity began said participation may be enrolled in the health and dental insurance plans or HMO plans approved by the Office on the first day of the second month of employment.

(5) Education employees who shall be absent from the teaching service because of election or appointment as a local, state, or national education association officer shall be allowed to retain coverage pursuant to the Oklahoma Employees Insurance and Benefits Act upon the payment of the full cost of the coverage at the rate and under such terms and conditions established by the Office.

(6) Except as otherwise provided by law, an educational entity may cease to participate in the Oklahoma Employees Insurance and Benefits Act but provide health insurance coverage through another insurance carrier. The subsequent carrier shall provide coverage to the employees of the educational entity who terminated employment with a retirement benefit, with a vested benefit, or who have ten (10) or more years of service with a participating educational entity but did not have a vested benefit through the retirement system of the educational entity, if the election to retain health insurance coverage was made within thirty (30) days of termination of employment. Coverage shall also be provided to the eligible dependents of the employees if an election to retain coverage is made within thirty (30) days of termination of employment. (74-1308.1)

Section 1091. Exception to Preexisting Condition Exclusion.

Any person eligible to begin coverage in the health insurance plan pursuant to the State and Education Employees Group Insurance Act shall not be subject to a preexisting condition exclusion if the person was continuously covered under a previous group health insurance plan, was eligible to use military medical facilities, or was eligible to use Indian health services medical facilities. (74-1308.2)

Any active employee eligible to participate or who is a participant may opt out of the state's basic plan as outlined in Sections 1370 and 1371 of this title, provided that the participant is currently covered by a separate group health insurance plan or will be covered by a separate group health insurance plan at or before the beginning of the next plan year. Any active employee eligible to participate or who is a participant opting out of coverage pursuant to this section shall provide proof of the separate health insurance plan participation and sign an affidavit attesting that the participant is currently covered and does not require state-provided health insurance each plan year. Any active employee opting out of coverage pursuant to this section shall receive One Hundred Fifty Dollars ($150.00) in lieu of the flexible benefit amount the employee would otherwise eligible to receive. The employee may elect to cover all dependent children and not elect to cover the spouse of the employee. Such election shall be made at the time the employee becomes enrolled in the Plan, under such procedures as the Office may establish. If dependent coverage is not elected or if the employee elects to cover all dependent children and not the spouse of the employee at the time an employee becomes enrolled in the Plan, dependent coverage or
coverage for the spouse cannot be elected until the next enrollment period or until a qualifying event has occurred as established by the Office. Such subsequent election of dependent coverage shall be made under such conditions as the Office may impose. If electing not to cover the spouse, the employee shall submit a statement signed by both the employee and the spouse acknowledging their choice not to provide insurance coverage for the spouse under the Health Insurance Plan and Dental Insurance Plan or approved HMO plans.

B. Any employee with dependent coverage, as provided in this section, who has a change in the number of dependents may at the time of such change increase or decrease the number of dependents covered by the Health Insurance Plan and Dental Insurance Plan or approved HMO plans, under procedures established by the Office.

B. Each participant shall be credited annually with a specified amount as a flexible benefit allowance which shall be available for the purchase of benefits. For participants on a biweekly payroll system the disbursement of the flexible benefit
allowance shall be credited over twenty-four pay periods resulting in two pay periods that do not reflect a credit. The amount of the flexible benefit allowance credited to each participant shall be communicated to him or her prior to the enrollment period for each plan year.

C. Except as provided in subsection D of this section, for the plan year beginning January 1, 2013, the benefit allowance shall not be less than the Plan Year 2012 benefit allowance amounts, and each plan year thereafter, the amount of a participant's benefit allowance, which shall be the total amount the employer contributes for the payment of insurance premiums or other benefits, shall be:

1. The greater of the amount of benefit which the participant would have qualified for as of plan year 2012, or an amount equal to the monthly premium of the HealthChoice High Option plan, the average monthly premiums of the dental plans, the monthly premium of the disability plan, and the monthly premium of the basic life insurance plan offered to state employees or the amount determined by the Council based on a formula for determining a participant's benefit credits consistent with the requirements of 26 U.S.C., Section 125(g)(2) and regulations thereunder; or

2. The greater of the amount of benefit which the participant would have qualified for as of plan year 2012 or an amount equal to the monthly premium of the HealthChoice High Option plan, the average monthly premiums of the dental plans, the monthly premium of the disability plan, and the monthly premium of the basic life insurance plan offered to state employees plus one of the additional amounts as follows for participants who elect to include one or more dependents:

   a. for a spouse, seventy-five percent (75%) of the HealthChoice High Option plan, available for coverage of a spouse,

   b. for one child, seventy-five percent (75%) of the HealthChoice High Option plan, for coverage of one child,

   c. for two or more children, seventy-five percent (75%) of the HealthChoice High Option plan, for coverage of two or more children,

   d. for a spouse and one child, seventy-five percent (75%) of the HealthChoice High Option plan, for coverage of a spouse and one child, or

   e. for a spouse and two or more children, seventy-five percent (75%) of the HealthChoice High Option plan, for coverage of a spouse and two or more children.

D. To the extent that it is consistent with federal laws and regulations, and in particular the regulations set forth by the Secretary of Defense in 32 C.F.R. Section 199.8(d)(6), a benefit may be provided to an employee who is an eligible TRICARE beneficiary whereby he or she may purchase a group TRICARE Supplemental product under a qualifying cafeteria plan consistent with the requirements of 26 U.S.C., Section 125, provided that:

1. The State, as employer may not provide any payment for nor receive any consideration or compensation for offering the benefit;

2. The employer's only involvement is in providing the administrative support for the benefit under the cafeteria plan; and

3. The employee's participation in the plan is completely voluntary.

The benefit allowance under paragraph 2 of subsection C of this section of an employee whose plan participation includes a group TRICARE Supplemental benefit shall not include any allowance or portion thereof for such TRICARE Supplemental benefit.

E. This section shall not prohibit payments for supplemental health insurance coverage made pursuant to Section 1314.4 of this title or payments for the cost of providing health insurance coverage for dependents of employees of the Grand River Dam Authority.
F. If a participant desires to buy benefits whose sum total of benefit prices is in excess of his or her flexible benefit allowance, the participant may elect to use pay conversion dollars to purchase such excess benefits. Pay conversion dollars may be elected through a salary reduction agreement made pursuant to the election procedures of Section 1371 of this title. The elected amount shall be deducted from the participant's compensation in equal amounts each pay period, with the exception of participants on a biweekly payroll system, where such deduction shall occur over twenty-four pay periods over the plan year. On termination of employment during a plan year, a participant shall have no obligation to pay the participating employer any pay conversion dollars allocated to the portion of the plan year after the participant's termination of employment.

G. If a participant elects benefits whose sum total of benefit prices is less than his or her flexible benefit allowance, he or she shall receive any excess flexible benefit allowance as taxable compensation. Such taxable compensation will be paid in substantially equal amounts each pay period, with the exception of participants on a biweekly payroll system, where such deduction shall occur over twenty-four pay periods over the plan year. On termination during a plan year, a participant shall have no right to receive any such taxable cash compensation allocated to the portion of the plan year after the participant's termination. Nothing herein shall affect a participant's obligation to elect the minimum benefits or to accept the default benefits of the plan with corresponding reduction in the sum of his or her flexible benefit allowance equal to the sum total benefit price of such minimum benefits or default benefits. (74-1370)

Section 1094.5. Purchase of Plan - Types of Plans.

A. All participants must purchase at least the basic plan unless, to the extent that it is consistent with federal law, the participant is a person who has retired from a branch of the United States military and has been provided with health coverage through a federal plan and that participant provides proof of that coverage, or the participant has opted out of the state's basic plan according to the provisions in Section 1308.3 of this title. On or before January 1 of the plan year beginning July 1, 2001, and July 1 of any plan year beginning after January 1, 2002, the Oklahoma Employees Insurance and Benefits Board shall design the basic plan for the next plan year to ensure that the basic plan provides adequate coverage to all participants. All benefit plans, whether offered by the State and Education Employees Group Insurance Board, a health maintenance organization or other vendors shall meet the minimum requirements set by the Board for the basic plan.

B. The Board shall offer health, disability, life and dental coverage to all participants and their dependents. For health, dental, disability and life coverage, the Board shall offer plans at the basic benefit level established by the Board, and in addition, may offer benefit plans that provide an enhanced level of benefits. The Board shall be responsible for determining the plan design and the benefit price for the plans that they offer. Effective for the plan year beginning January 1, 2017, and for each plan year thereafter, in setting health insurance premiums for active employees and for retirees under sixty-five (65) years of age, the Board shall set the monthly premium for active employees to be equal to the monthly premium for retirees under sixty-five (65) years of age; except that the Board may offer retirees under sixty-five (65) years of age the opportunity to voluntarily enroll in an alternative plan of insurance at a rate that is between One Hundred Dollars ($100.00) less than the monthly premium for active employees and up to One Hundred Dollars ($100.00) more than the monthly premium for active employees. Retirees under the age of sixty-five (65) who enroll in an alternative plan of insurance shall retain the right to enroll in any other health insurance plan offered by the Board for which they might be qualified during a subsequent open enrollment period.

Nothing in this subsection shall be construed as prohibiting the Board from offering additional medical plans, provided that any medical plan offered to participants shall meet or exceed the benefits provided in the medical portion of the basic plan.

C. In lieu of electing any of the preceding medical benefit plans, a participant may elect medical coverage by any health maintenance organization made available to participants by the Board. The benefit price of any health maintenance organization shall be determined on a competitive bid basis. Contracts for said plans shall not be subject to the provisions of The Oklahoma Central Purchasing Act. The Board shall promulgate rules establishing appropriate competitive bidding criteria and procedures for contracts awarded for flexible benefits plans. All plans offered by health maintenance organizations meeting the bid requirements as determined by the Board shall be accepted. The Board shall have the authority to reject the bid or restrict enrollment in any health maintenance organization for which the Board determines the benefit price to be excessive. The Board shall have the authority to reject any plan that does not meet the bid requirements. All bidders shall submit along with their bid a notarized, sworn statement as provided by Section 85.22 of this title. Effective for the plan year beginning January 1, 2007, and for each plan year thereafter, in setting health insurance premiums for active employees and for retirees under sixty-five (65) years of age, HMOs, self-insured organizations and prepaid plans shall set the monthly premium for active employees to be equal to the monthly premium for retirees under sixty-five (65) years of age.
D. Nothing in this section shall be construed as prohibiting the Board from offering additional qualified benefit plans or currently taxable benefit plans.

E. Each employee of a participating employer who meets the eligibility requirements for participation in the flexible benefits plan shall make an annual election of benefits under the plan during an enrollment period to be held prior to the beginning of each plan year. The enrollment period dates will be determined annually and will be announced by the Board, providing the enrollment period shall end no later than thirty (30) days before the beginning of the plan year.

Each such employee shall make an irrevocable advance election for the plan year or the remainder thereof pursuant to such procedures as the Board shall prescribe. Any such employee who fails to make a proper election under the plan shall, nevertheless, be a participant in the plan and shall be deemed to have purchased the default benefits described in this section.

F. The Board shall prescribe the forms that participants will be required to use in making their elections, and may prescribe deadlines and other procedures for filing the elections.

G. Any participant who, in the first year for which he or she is eligible to participate in the plan, fails to make a proper election under the plan in conformance with the procedures set forth in this section or as prescribed by the Board shall be deemed automatically to have purchased the default benefits. The default benefits shall be the same as the basic plan benefits. Any participant who, after having participated in the plan during the previous plan year, fails to make a proper election under the plan in conformance with the procedures set forth in this section or prescribed by the Board, shall be deemed automatically to have purchased the same benefits which the participant purchased in the immediately preceding plan year, except that the participant shall not be deemed to have elected coverage under the health care reimbursement account plan or the dependent care reimbursement account plan.

H. Benefit plan contracts with the Board, health maintenance organizations, and other third party insurance vendors shall provide for a risk adjustment factor for adverse selection that may occur, as determined by the Board, based on generally accepted actuarial principles.

I. 1. For the plan year ending December 31, 2004, employees covered or eligible to be covered under the State and Education Employees Group Insurance Act and the State Employees Flexible Benefits Act who are enrolled in a health maintenance organization offering a network in Oklahoma City, shall have the option of continuing care with a primary care physician for the remainder of the plan year if:

   a. that primary care physician was part of a provider group that was offered to the individual at enrollment and later removed from the network of the health maintenance organization, for reasons other than for cause, and

   b. the individual submits a request in writing to the health maintenance organization to continue to have access to the primary care physician.

   2. The primary care physician selected by the individual shall be required to accept reimbursement for such health care services on a fee-for-service basis only. The fee-for-service shall be computed by the health maintenance organization based on the average of the other fee-for-service contracts of the health maintenance organization in the local community. The individual shall only be required to pay the primary care physician those copayments, coinsurance and any applicable deductibles in accordance with the terms of the agreement between the employer and the health maintenance organization and the provider shall not balance bill the patient.

   3. Any network offered in Oklahoma City that is terminated prior to July 1, 2004, shall notify the health maintenance organization, and Oklahoma Employees Insurance and Benefits Board by June 11, 2004, of the network’s intentions to continue providing primary care services as described in paragraph 2 of this subsection offered by the health maintenance organization to state and public employees. (74-1371)

Section 1094.6. Denial of Claims - Appeals.

The Office of Management and Enterprise Services shall be responsible for making all determinations as to the rights of any participant or any beneficiary of a participant to receive amounts under the flexible spending account benefits plan. The Office shall prescribe forms and procedures for making claims for flexible spending account benefits under the plan. Each person making a claim for benefits under the flexible spending account benefits plan shall also furnish the Office with such
documents, evidence, data or information in support of such claim as the Oklahoma Employees Insurance and Benefits Board considers necessary or desirable. If any claim for the flexible spending account benefits plan is wholly or partially denied, the claimant shall be given notice in writing of such denial within a reasonable period of time, but no later than forty-five (45) days after the claim is filed.

A claimant whose claim is denied shall have the right to a hearing before the Director of the Office of Management and Enterprise Services or hearing officer designated by the Director. Written notification by a claimant for a hearing must be received by the executive director within ten (10) business days of notification of claim denial. The hearing shall be conducted within thirty (30) days in accordance with the provisions of the Administrative Procedures Act. The Office shall promulgate administrative rules establishing policies and procedures specific to the notice of denial, request for explanation, and hearing for flexible spending account benefit claims denial. (74-1372)

Section 1094.7. Coverage for Side Effects of Prostatectomy Surgery.

A. All health benefit plans that are offered by the Oklahoma Employees Insurance and Benefits Board shall provide coverage for side effects that are commonly associated with radical retropubic prostatectomy surgery, including, but not limited to impotence and incontinence, and for other prostate related conditions.

B. The Office of Management and Enterprise Services shall provide notice to each insured or enrollee under such plan regarding the coverage required by this section in the plan's evidence of coverage, and shall provide additional written notice of the coverage to the insured or enrollee as follows:

1. In the next mailing made by the plan to the employee; or

2. As part of the enrollment information packet sent to the enrollee.

C. The Office shall promulgate any rules or actions necessary to implement the provisions of this section. (74-1373)

Section 1094.8. Vision Care.

A. For the plan year beginning January 1, 2017, and for each year thereafter, it shall be the responsibility of the Office of Management and Enterprise Services to offer vision plans to participants during the open enrollment period. Providers of plans eligible for selection shall submit information requested by the Office of Management and Enterprise Services. Plans eligible for selection shall meet or exceed the following criteria:

1. Has in place a statewide network of at least one hundred fifty providers. "Providers", for purposes of this section, means Optometrists (OD), Ophthalmologists (MD), and Ophthalmologists (DO) which shall be counted once regardless of the number of locations where they may practice. Optical shops and retail optical locations shall not be listed as providers. The company offering the vision plan must have a direct relationship with each provider on its panel, and may not lease, borrow, or otherwise obtain use of a provider panel from another company. This would not prevent a company from offering its plan through one corporate entity and administering the plan or provider panel through another legal entity of the same organization so long as the entity receiving premiums remains legally responsible for the payment of benefits. Providers must be actively engaged in providing the services offered under the vision plan they represent;

2. Has operated in Oklahoma for at least five (5) years; provided, that an immediately prior operation in Oklahoma of a nonsurviving corporation that merges into an affiliated corporation shall be counted in determining whether the surviving corporation has operated a plan in Oklahoma for five (5) years;

3. Is properly licensed, registered, certified or authorized to operate its business in this state by the Insurance Department. Vision plans must be offered by the company administering the plan, not by an agent or third party. A company shall offer only one vision plan and rate schedule for each plan year;

4. Presents accurate product information in a reproducible format not to exceed two pages; and

5. Vision plans must provide an examination, frames and lenses, and/or contact lenses and some form of indemnified payment to the contracted providers for each component of the benefits, i.e., the exam, frames and lenses and/or contact lenses. This does not eliminate discounted supplementary benefits under a qualified plan,

690
so long as such benefits pertain to vision care.

B. Any administrative fees imposed by the Office of Management and Enterprise Services shall be applied equally to all qualified vision plans. There shall be no additional requirements imposed on a vision plan other than the proper licensing, certification or authorization to operate its business by the Oklahoma Insurance Department.

C. No more than two Oklahoma-based vision care benefits companies that meet the criteria as specified in subsection A of this section and no more than two out-of-state vision care benefits companies that meet the criteria as specified in subsection A of this section shall be offered as vendors for enrollment in any state employee benefit offering. For purposes of this subsection, an "Oklahoma-based vision care benefits company" shall be defined as follows:

1. A vision care benefits company that has a home office, customer service and administration located within the State of Oklahoma and is subject to Oklahoma state income taxes; or

2. A vision care benefits company that has a majority of ownership interest held either directly or indirectly by residents of the State of Oklahoma and is subject to Oklahoma state income taxes.

D. In the event the number of vision companies submitting offerings exceeds the amount permitted under subsection C of this section, the Office of Management and Enterprise Services shall have the authority to reject excess offerings based upon failures to meet bid requirements or for providing lesser value for the State of Oklahoma. (74-1374)

Note: Amended by HB 3234 of the 2018 Reg. Sess.

Section 1094.9. Health Savings Account.

The Oklahoma Employees Insurance and Benefits Board of the Office of Management and Enterprise Services shall make the pretax health savings account authorized by the provisions of the Health Savings Account Act established in Section 6060.14 of Title 36 of the Oklahoma Statutes available by offering a high deductible health plan to all persons who are eligible employees for purposes of any health care insurance offered through or under the supervision of the Office. The high deductible health plan shall be offered no later than January 1, 2009. The Director of the Office of Management and Enterprise Services shall form a working group to study the Oklahoma Employees Insurance and Benefits Plan structure, including, but not limited to, future recommendations for the state employee flexible benefits allowance and the potential of funding on employee health savings accounts. The Director shall provide a report of the working group study and recommendations to the Legislature and Governor no later than December 31, 2012. (74-1375)

Section 1094.10. Coverage for Gestational Diabetes.

On and after November 1, 1996, the Office of Management and Enterprise Services shall include coverage for equipment, supplies and related services for the treatment of Type I, Type II, and gestational diabetes as provided by and pursuant to the provisions of Section 6060.2 of Title 36 of the Oklahoma Statutes. (74-1307.2)

Section 1094.11. Out-of-State Provider.

Unless the Office of Management and Enterprise Services has otherwise contracted with an out-of-state provider, the Office shall pay for medical services and treatment rendered by an out-of-state provider at the same level paid to an in-state provider if the insured was referred to the out-of-state provider by a physician or it was an emergency situation and the out-of-state provider which offers the type of services needed is the closest provider in proximity to the place of residence of the employee. (74-1307.3)

Section 1095. Payment to Fund.

A. Except as provided in subsection B of this section, each state agency participating in the Group Insurance Plans shall appropriate and pay to the appropriate reserve fund an amount to be set by the Oklahoma Employees Insurance and Benefits Board for each employee other than education employees per month enrolled in said Plans, from funds appropriated to said agency or from other funds available to such agency for operational purposes.

B. During the fiscal year ending June 30, 1997, each state agency participating in the Insurance Plans shall appropriate

Section 1096. Procedure for Payment.

A. If a certified employee elects health care coverage under a plan offered by a school district, including a plan offered by the Office of Management and Enterprise Services or a self-insured plan offered by the school district, then a school district shall pay no less than one hundred percent (100%) of the premium amount for the HealthChoice (HI) option plan for an individual offered by the Office.

The amount a school district is required to pay pursuant to this subsection shall be reduced by the flexible benefit allowance provided for in Section 26-105 of Title 70 of the Oklahoma Statutes.

B. The premium for education entities that participate in the health and dental insurance plans offered through the Oklahoma Employees Insurance and Benefits Act shall be the same as paid by state agencies for said plans.

C. All education entities that participate in the insurance plans offered through the Oklahoma Employees Insurance and Benefits Act shall forward the appropriate premiums for each employee to the Office no later than the tenth day of each month following the month for which payment is due. Nothing shall prohibit a school district from forwarding appropriate premiums to the Office prior to the month for which payment is due. (74-1310.1)

For the fiscal year ending June 30, 2003, school districts are required to pay 75% of the cost of health care coverage of certified employees, reduced by the flexible benefit allowance. Such obligation is not dependent upon the amount of funding the school district receives from the State Department of Education. April 7, 2003 (AG Op. No. 03-15)

A school district may reduce the fifty percent amount it is obligated to pay of an employee’s health care coverage by the amount of the flexible benefit allowance. September 14, 2001 (AG Op. No. 01-37)

Section 1099. Deduction of Contributions from Monthly Disability Benefits.

The amount of monthly contribution to be made by persons who are drawing disability benefits under Section 1331 et seq. of this title and who are enrolled in the Insurance Plans shall be deducted from the monthly disability benefits of such persons and remitted to the Office of Management and Enterprise Services. The procedures for such deductions and remittances shall be established by the Office. (74-1311.1)

A person need not inflict serious or life threatening injury in order to be convicted of child abuse. However, this does not apply to a parent or other person in those situations involving ordinary force as a means of discipline. Mitchell v. State, 2005 OK CR 15, 120 P.3d 1196

Determining reasonableness of punishment includes student’s age, sex, physical and mental condition, nature and motive of offense, whether force was degrading, and likelihood of permanent harm upon student. Holman v. Wheeler, 677 P.2d 645 (Okla. 1983)

Section 1120. Segregation in Schools Prohibited.

Segregation of children in the public schools of the State of Oklahoma on account of race, creed, color or national origin is prohibited. (70-1210.201)

Section 1121. Assignment of Pupils to Nearest School.

Insofar as practicable, each pupil shall be assigned to the school nearest his residence. (70-1210.203)

Section 1122. Placement of Multiple Birth Siblings.
A. A parent or guardian of multiple-birth siblings may request that the children attend the same school and be placed in the same classroom or in separate classrooms if the children are in the same grade level at the same school and meet the eligibility requirements of the class. The school may recommend classroom placement to the parents and provide professional education advice to the parents to assist them in making the best decision for their children's education. A school must provide the placement requested by the children's parent or guardian, unless the district board makes a classroom placement determination following the school principal's request according to this section. The parent or guardian must request the classroom placement no later than fourteen (14) days after the first day of each school year or fourteen (14) days after the first day of attendance of the children during a school year if the children are enrolled in the school after the school year commences. At the end of the initial grading period, if the school principal, in consultation with the children's classroom teacher, determines that the requested classroom placement is disruptive to the classroom environment, the school principal may request that the district board determine the children's classroom placement.

B. For purposes of this section, “multiple-birth siblings” means twins, triplets, quadruplets, quintuplets, or higher number of siblings resulting from a multiple birth. (70-24-154)

The United States Department of Defense shall serve as an ex officio, nonvoting member of the executive committee;

6. Establish bylaws and rules that provide for conditions and procedures under which the Interstate Commission shall make its information and official records available to the public for inspection or copying. The Interstate Commission may exempt from disclosure information or official records to the extent they would adversely affect personal privacy rights or proprietary interests;

7. Public notice shall be given by the Interstate Commission of all meetings, and all meetings shall be open to the public, except as set forth in the rules or as otherwise provided in the compact. The Interstate Commission and its committees may close a meeting, or portion thereof, where it determines by two-thirds (2/3) vote that an open meeting would be likely to:

   a. relate solely to the Interstate Commission’s internal personnel practices and procedures,

   b. disclose matters specifically exempted from disclosure by federal and state statute,

   c. disclose trade secrets or commercial or financial information which is privileged or confidential,

   d. involve accusing a person of a crime, or formally censuring a person,

   f. disclose investigative records compiled for law enforcement purposes, or

   g. specifically relate to the Interstate Commission’s participation in a civil action or other legal proceeding;

8. For a meeting, or portion of a meeting, closed pursuant to this provision, the Interstate Commission’s legal counsel or designee shall certify that the meeting may be closed and shall reference each relevant exemptible provision. The Interstate Commission shall keep minutes which shall fully and clearly describe all matters discussed in a meeting and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of the views expressed and the record of a roll call vote. All documents considered in connection with an action shall be identified in such minutes. All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the Interstate Commission;

9. The Interstate Commission shall collect standardized data concerning the educational transition of the children of military families under this compact as directed through its rules which shall specify the data to be collected, the means of collection and data exchange and reporting requirements. Such methods of data collection, exchange and reporting shall, insofar as is reasonably possible, conform to current technology and coordinate its information functions with the appropriate custodian of records as identified in the bylaws and rules; and
The Interstate Commission shall create a process that permits military officials, education officials and parents to inform the Interstate Commission if and when there are alleged violations of the compact or its rules or when issues subject to the jurisdiction of the compact or its rules are not addressed by the state or local education agency. This section shall not be construed to create a private right of action against the Interstate Commission or any member state.

ARTICLE X. POWERS AND DUTIES OF THE INTERSTATE COMMISSION

The Interstate Commission shall have the following powers:

1. To provide for dispute resolution among member states;

2. To promulgate rules and take all necessary actions to effect the goals, purposes and obligations as enumerated in this compact. The rules shall have the force and effect of administrative rules and shall be binding in the compact states to the extent and in the manner provided in this compact;

5. Establishing the titles and responsibilities of the officers and staff of the Interstate Commission;

6. Providing a mechanism for concluding the operations of the Interstate Commission and the return of surplus funds that may exist upon the termination of the compact after the payment and reserving of all of its debts and obligations; and

7. Providing “start-up” rules for initial administration of the compact.

B. The Interstate Commission shall, by a majority of the members, elect annually from among its members a chairperson, a vice-chairperson, and a treasurer, each of whom shall have such authority and duties as may be specified in the bylaws. The chairperson or, in the chairperson’s absence or disability, the vice-chairperson, shall preside at all meetings of the Interstate Commission. The officers so elected shall serve without compensation or remuneration from the Interstate Commission; provided that, subject to the availability of budgeted funds, the officers shall be reimbursed for ordinary and necessary costs and expenses incurred by them in the performance of their responsibilities as officers of the Interstate Commission.

C. Executive committee, officers, and personnel.

1. The executive committee shall have such authority and duties as may be set forth in the bylaws including, but not limited to:
   a. managing the affairs of the Interstate Commission in a manner consistent with the bylaws and purposes of the Interstate Commission,
   b. overseeing an organizational structure within, and appropriate procedures for the Interstate Commission to provide for the creation of rules, operating procedures, and administrative and technical support functions, and
   c. planning, implementing, and coordinating communications and activities with other state, federal and local government organizations in order to advance the goals of the Interstate Commission.

2. The executive committee may, subject to the approval of the Interstate Commission, appoint or retain an executive director for such period, upon such terms and conditions and for such compensation, as the Interstate Commission may deem appropriate. The executive director shall serve as secretary to the Interstate Commission, but shall not be a member of the Interstate Commission. The executive director shall hire and supervise such other persons as may be authorized by the Interstate Commission.

D. 1. The Interstate Commission’s executive director and its employees shall be immune from suit and liability, either personally or in their official capacity, for a claim for damage to or loss of property or personal injury or other civil liability
caused or arising out of or relating to an actual or alleged act, error, or omission that occurred, or that such person had a reasonable basis for believing occurred, within the scope of Interstate Commission employment, duties, or responsibilities; provided, that such person shall not be protected from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

2. The liability of the Interstate Commission’s executive director and employees or Interstate Commission representatives, acting within the scope of such person's employment or duties for acts, errors, or omissions occurring within such person’s state may not exceed the limits of liability set forth under the Constitution and laws of that state for state officials, employees, and agents. The Interstate Commission is considered to be an instrumentality of the states for the purposes of any such action. Nothing in this subsection shall be construed to protect such person from suit or liability for damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of such person.

3. The Interstate Commission shall defend the executive director and its employees and, subject to the approval of the Attorney General or other appropriate legal counsel of the member state represented by an Interstate Commission representative, shall defend such Interstate Commission representative in any civil action seeking to impose liability arising out of an actual or alleged act, error or omission that occurred within the scope of Interstate Commission employment, duties or responsibilities, or that the defendant had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities; provided, that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such person.

4. To the extent not covered by the state involved, member state, or the Interstate Commission, the representatives or employees of the Interstate Commission shall be held harmless in the amount of a settlement or judgment, including attorney fees and costs, obtained against such persons arising out of an actual or alleged act, error, or omission that occurred within the scope of Interstate Commission employment, duties, or responsibilities, or that such persons had a reasonable basis for believing occurred within the scope of Interstate Commission employment, duties, or responsibilities; provided, that the actual or alleged act, error, or omission did not result from intentional or willful and wanton misconduct on the part of such persons.

ARTICLE XII. RULEMAKING FUNCTIONS OF THE INTERSTATE COMMISSION

A. The Interstate Commission shall promulgate reasonable rules in order to effectively and efficiently achieve the purposes of this compact. Notwithstanding the foregoing, in the event the Interstate Commission exercises its rulemaking authority in a manner that is beyond the scope of the purposes of this act, or the powers granted hereunder, then such an action by the Interstate Commission shall be invalid and have no force or effect.

B. Rules shall be made pursuant to a rulemaking process that substantially conforms to the “Model State Administrative Procedure Act” of 1981 Act, Uniform Laws Annotated, Vol. 15, p. 1 (2000) as amended, as may be appropriate to the operations of the Interstate Commission.

C. Not later than thirty (30) days after a rule is promulgated, any person may file a petition for judicial review of the rule; provided, that the filing of such a petition shall not stay or otherwise prevent the rule from becoming effective unless the court finds that the petitioner has a substantial likelihood of success. The court shall give deference to the actions of the Interstate Commission consistent with applicable law and shall not find the rule to be unlawful if the rule represents a reasonable exercise of the Interstate Commission’s authority.

D. If a majority of the Legislatures of the compacting states rejects a rule by enactment of a statute or resolution in the same manner used to adopt the compact, then such rule shall have no further force and effect in any compacting state.

ARTICLE XIII. OVERSIGHT, ENFORCEMENT, AND DISPUTE RESOLUTION

A. Oversight.

1. The executive, legislative and judicial branches of state government in each member state shall enforce this compact and shall take all actions necessary and appropriate to effectuate the compact’s purposes and intent. The provisions of this compact and the rules promulgated hereunder shall have standing as administrative rules.

2. All courts shall take judicial notice of the compact and the rules in any judicial or administrative proceeding in a member state pertaining to the subject matter of this compact which may affect the powers, responsibilities or actions of the Interstate Commission.
3. The Interstate Commission shall be entitled to receive all service of process in any such proceeding and shall have standing to intervene in the proceeding for all purposes. Failure to provide service of process to the Interstate Commission shall render a judgment or order void as to the Interstate Commission, this compact or promulgated rules.

B. Default, technical assistance, suspension and termination.

If the Interstate Commission determines that a member state has defaulted in the performance of its obligations or responsibilities under this compact, or the bylaws or promulgated rules, the Interstate Commission shall:

1. Provide written notice to the defaulting state and other member states, of the nature of the default, the means of curing the default and any action taken by the Interstate Commission. The Interstate Commission shall specify the conditions by which the defaulting state must cure its default;

2. Provide remedial training and specific technical assistance regarding the default;

3. If the defaulting state fails to cure the default, the defaulting state shall be terminated from the compact upon an affirmative vote of a majority of the member states and all rights, privileges and benefits conferred by this compact shall be terminated from the effective date of termination. A cure of the default does not relieve the offending state of obligations or liabilities incurred during the period of the default;

4. Suspension or termination of membership in the compact shall be imposed only after all other means of securing compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Interstate Commission to the Governor, the majority and minority leaders of the defaulting state’s Legislature, and each of the member states;

5. The state which has been suspended or terminated is responsible for all assessments, obligations and liabilities incurred through the effective date of suspension or termination including obligations, the performance of which extends beyond the effective date of suspension or termination;

6. The Interstate Commission shall not bear any costs relating to any state that has been found to be in default or which has been suspended or terminated from the compact, unless otherwise mutually agreed upon in writing between the Interstate Commission and the defaulting state; and

7. The defaulting state may appeal the action of the Interstate Commission by petitioning the U.S. District Court for the District of Columbia or the federal district where the Interstate Commission has its principal offices. The prevailing party shall be awarded all costs of such litigation including reasonable attorney fees.

C. Dispute resolution.

1. The Interstate Commission shall attempt, upon the request of a member state, to resolve disputes which are subject to the compact and which may arise among member states and between member and nonmember states.

2. The Interstate Commission shall promulgate a rule providing for both mediation and binding dispute resolution for disputes as appropriate.

D. Enforcement.

1. The Interstate Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of this compact.

2. The Interstate Commission may, by majority vote of the members, initiate legal action in the United States District Court for the District of Columbia or, at the discretion of the Interstate Commission, in the federal district where the Interstate Commission has its principal offices, to enforce compliance with the provisions of the compact, its promulgated rules and bylaws, against a member state in default. The relief sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the prevailing party shall be awarded all costs of such litigation including reasonable attorney fees.

3. The remedies herein shall not be the exclusive remedies of the Interstate Commission. The Interstate Commission may avail itself of any other remedies available under state law or the regulation of a profession.
ARTICLE XIV. FINANCING OF THE INTERSTATE COMMISSION

2. If an investigation or assessment conducted by the Department in response to any report of child abuse or neglect shows that the incident reported was the result of the reasonable exercise of parental discipline involving extreme risk families.

B. 1. The investigation or assessment shall include a visit to the home of the child, unless there is reason to believe that there is an extreme safety risk to the child or worker or it appears that the referral has been made in bad faith. The visit shall include an interview with and examination of the subject child and may be conducted at any reasonable time and at any place including, but not limited to, the child's school. The Department shall notify the person responsible for the health, safety, and welfare of the child that the child has been interviewed at a school. 2. The investigation or assessment may include a medical, psychological, or psychiatric examination of any child in the home. If admission to the home, school, or any place where the child may be located cannot be obtained, then the district court having jurisdiction, upon application by the district attorney and upon cause shown, shall order the person responsible for the health, safety, or welfare of the child, or the person in charge of any place where the child may be located, to allow entrance for the interview, the examination, and the investigation or assessment. If the person responsible for the health, safety, or welfare of the child does not consent to a medical, psychological, or psychiatric examination of the child that is requested by the Department, the district court having jurisdiction, upon application by the district attorney and upon cause shown, shall order the examination to be made at the times and places designated by the court.

3. The investigation or assessment may include an inquiry into the possibility that the child or a person responsible for the health, safety, or welfare of the child has a history of mental illness. If the person responsible for the child's health, safety, or welfare does not allow the Department to have access to behavioral health records or treatment plans requested by the Department, which may be relevant to the alleged abuse or neglect, the district court having jurisdiction, upon application by the district attorney and upon good cause shown, shall by order allow the Department to have access to the records pursuant to terms and conditions prescribed by the court.

4. a. If the court determines that the subject of the behavioral health records is indigent, the court shall appoint an attorney to represent that person at the hearing to obtain behavioral health records.

b. A person responsible for the health, safety, or welfare of the child is entitled to notice and a
hearing when the Department seeks a court order to allow a psychological or psychiatric examination or access to behavioral health records.

c. Access to behavioral health records does not constitute a waiver of confidentiality.

5. The investigation of a report of sexual abuse or serious physical abuse or both sexual abuse and serious physical abuse shall be conducted, when appropriate and possible, using a multidisciplinary team approach as provided by Section 1-9-102 of this title. Law enforcement and the Department shall exchange investigation information.

6. The investigation or assessment shall include an inquiry into whether the person responsible for the health, safety or welfare of the child is an active duty service member of the military or the spouse of an active duty service member. The Department shall collect and report information related to the military affiliation of the person or spouse responsible for the health, safety or welfare of the child to the designated federal authorities at the federal military installation where the service member is assigned as provided by paragraph 4 of subsection A of Section 1-2-102 of this title.

C. 1. Every physician, surgeon, or other health care provider making a report of abuse or neglect as required by this section or examining a child to determine the likelihood of abuse or neglect and every hospital or related institution in which the child was examined or treated shall provide copies of the results of the examination or copies of the examination on which the report was based and any other clinical notes, x-rays, photographs, and other previous or current records relevant to the case to law enforcement officers conducting a criminal investigation into the case and to employees of the Department conducting an assessment or investigation of alleged abuse or neglect in the case.

2. As necessary in the course of conducting an assessment or investigation, the Department may request and obtain, without a court order, copies of all prior medical records of a child including, but not limited to, hospital records, medical, and dental records. The physician-patient privilege shall not constitute grounds for failure to produce such records.

D. 1. The Department shall engage in a collaborative decision-making process to address each child's needs related to safety and whether the child's condition warrants a safety intervention including but not limited to a change in placement, and:

   a. those involved in the collaborative decision-making process shall include at a minimum appropriate Department staff, the parents of the child and, if the parent requests, an advocate or representative,

   b. to protect the safety of those involved and to promote efficiency, the Department may limit participants as determined to be in the best interests of the child,

   c. the Department shall make reasonable efforts to provide a trained facilitator to guide the decision-making process, and

   d. any determination that a collaborative decision-making process is not possible or is unnecessary shall require supervisor approval and documentation of the reasons supporting the determination.

2. If, before the assessment or investigation is complete, the Department determines that immediate removal of the child is necessary to protect the child from further abuse or neglect, the Department shall recommend that the child be taken into custody and, if feasible, utilize the collaborative decision-making process provided by paragraph 1 of this subsection prior to the emergency custody hearing.

E. The Department shall make a complete written report of the investigation. The investigation report, together with its recommendations, shall be submitted to the appropriate district attorney's office. Reports of assessment recommendations shall be submitted to appropriate district attorneys.

F. The Department, where appropriate and in its discretion, shall identify prevention and intervention-related services available in the community and arrange for such services to be provided to the family when an investigation or assessment indicates the family would benefit from such services, or the Department may provide such services directly. The Department shall document in the record its attempts to provide, or arrange for the provision of voluntary services and shall determine
within sixty (60) days whether the family has accessed such services. If the family refuses voluntary services or does not access such services, and it is determined by the Department that the child’s surroundings endanger the health, safety, or welfare of the child, the Department may recommend that the child be placed in protective or emergency custody or that a petition be filed.

G. If the Department has reason to believe that a person responsible for the health, safety, and welfare of the child may remove the child from the state before the investigation is completed, the Department may request the district attorney to file an application for a temporary restraining order in any district court in the State of Oklahoma without regard to continuing jurisdiction of the child. Upon cause shown, the court may enter a temporary restraining order prohibiting the parent or other person from removing the child from the state pending completion of the assessment or investigation.

H. The Director of the Department or designee may request an investigation be conducted by the Oklahoma State Bureau of Investigation or other law enforcement agency in cases where it reasonably believes that criminally injurious conduct including, but not limited to, physical or sexual abuse of a child has occurred. * * * *

2. If it is consistent with the welfare of the child, the child shall be placed with the parent or legal guardian of the child, but if it appears to the court that the conduct of such parent, guardian, legal guardian, stepparent or other adult person living in the home has contributed to the child becoming delinquent or in need of supervision, the court may issue a written order specifying conduct to be followed by such parent, guardian, legal custodian, stepparent or other adult person living in the home with respect to such child. The conduct specified shall be such as would reasonably prevent the child from continuing to be delinquent or in need of supervision.

a. If it is consistent with the welfare of the child, in cases where the child has been adjudicated to be in need of supervision due to repeated absence from school, the court may order counseling and treatment for the child and the parents of the child to be provided by the local school district, the county, the Office or a private individual or entity. Prior to final disposition, the court shall require that it be shown by the appropriate school district that a child found to be truant has been evaluated for learning disabilities, hearing and visual impairments and other impediments which could constitute an educational handicap or has been evaluated to determine whether the child has a disability if it is suspected that the child may require special education services in accordance with the Individuals with Disabilities Education Act (IDEA). The results of such tests shall be made available to the court
for use by the court in determining the disposition of the case.

b. In issuing orders to a parent, guardian, legal guardian, stepparent or other adult person living in the home of a child adjudicated to be a delinquent child or in making other disposition of said delinquent child, the court may consider the testimony of said parent, guardian, legal guardian, stepparent or other adult person concerning the behavior of the juvenile and the ability of such person to exercise parental control over the behavior of the juvenile.

c. In any dispositional order involving a child age sixteen (16) or older, the court shall make a determination, where appropriate, of the services needed to assist the child to make the transition to independent living.

d. No child who has been adjudicated in need of supervision only upon the basis of truancy or noncompliance with the mandatory school attendance law shall be placed in a public or private institutional facility or be removed from the custody of the lawful parent, guardian or custodian of the child.

e. Nothing in the Oklahoma Juvenile Code or the Oklahoma Children's Code may be construed to prevent a child from being adjudicated both deprived and delinquent if there exists a factual basis for such a finding.

3. The court may commit the child to the custody of a private institution or agency, including any institution established and operated by the county, authorized to care for children or to place them in family homes. In committing a child to a private institution or agency, the court shall select one that is licensed by any state department supervising or licensing private institutions and agencies; or, if such institution or agency is in another state, by the analogous department of that state. Whenever

B. Prior to adjudication or as directed by a law enforcement subpoena or court order, a school district may disclose educational records to the court or juvenile justice system for purposes of determining the ability of the juvenile justice system to effectively serve a child. Any disclosure of educational records shall be in accordance with the requirements of the Family Educational Rights and Privacy Act of 1974 (FERPA). If the parent, guardian, or custodian of a child adjudicated a delinquent child asserts that the child has approval not to attend school pursuant to Section 10-105 of Title 70 of the Oklahoma Statutes, the court or the Office of Juvenile Affairs may require the parent to provide a copy of the written, joint agreement to that effect between the school administrator of the school district where the child attends school and the parent, guardian, or custodian of the child.

1. A student enrolled in a public school shall successfully complete the reading portion of the state criterion-referenced test offered in the eighth grade. Following the administration of this test in the eighth grade, any student not successfully completing the reading portion shall be assigned a plan of remedial reading. Any student not successful in completing the reading portion of the state criterion-referenced test may take a comparable alternative reading proficiency test in order to satisfy the criteria for a driver license or permit. Alternative reading proficiency tests shall be approved by the State Department of Education. Subsequent successful completion of an alternative reading proficiency test shall serve to satisfy any test retaking requirement which may be required for the reading portion of the state criterion-referenced test in the eighth grade in the Oklahoma School Testing Program. School districts shall notify, in writing, each student who takes the reading portion of the state criterion-referenced test for the eighth grade or who takes an alternative reading proficiency test and the student's
parent or legal guardian of the test results. If the student fails to perform satisfactorily on the test, the notice shall inform the student of the reading proficiency driver license requirement and the school’s remediation plan for the student. Upon the student’s successful completion of the test, the school shall furnish the student with the documentation needed for the driver license application in Oklahoma;

Testing sites shall provide the first alternative reading proficiency test for each student at no cost to the student. Students may be assessed a fee not to exceed Twenty-five Dollars ($25.00) by the testing site for each subsequent alternative reading proficiency test taken.

C. A school district shall provide for alternative documentation of reading proficiency for the purposes of paragraph 2 of subsection A of Section 6-107.3 of Title 47 of the Oklahoma Statutes for any student with an individualized education program that, at a minimum, is in an area related to reading. The alternative documentation shall be furnished to such student who is performing satisfactorily in reading pursuant to the individualized education program of the student. Parents of disabled students educated pursuant to the provisions of Section 4 of Article XIII of the Oklahoma Constitution may satisfy the requirement of paragraph 2 of subsection A of Section 6-107.3 of Title 47 of the Oklahoma Statutes by signing an affidavit that, based upon their best information and belief, their child would qualify for an individualized education program that, at a minimum, is in an area related to reading if enrolled in public school, and that in their judgment their child is performing satisfactorily in reading and is therefore academically qualified to satisfy the requirement of paragraph 2 of subsection A of Section 6-107.3 of Title 47 of the Oklahoma Statutes.

D. Any person under the age of eighteen (18) who has previously completed and successfully passed a reading proficiency test from another state may submit the results of such test to the State Department of Education for verification and approval. The State Department of Education shall have thirty (30) days from receipt of the reading proficiency results submitted by the person to verify that the reading proficiency requirements from the other state are equivalent or comparable to the reading proficiency requirements established for Oklahoma students pursuant to this section. Upon verification and approval by the State Department of Education, the Department shall furnish the person with the documentation needed for the driver license application in Oklahoma. If the reading proficiency documentation submitted by the person is disapproved by the Department, the person may take an alternative reading proficiency test as provided for in subsection B of this section. Section 1230. Purpose of Act.

The Legislature finds that for the purpose of preventing drug and alcohol abuse among our young people, and for preventing or alleviating problems which lead to and are closely associated with drug and alcohol abuse, it is desirable that all Oklahoma school districts develop and implement a curriculum for drug and alcohol abuse prevention for all grade levels. Such curriculum may include training in life skills, such as problem-solving, responsibility, communication and decision-
making skills, which enable young people to successfully resist social and other pressures to engage in activities which are destructive to their health and future. The Legislature encouraged all school districts to adopt as a goal for the year 1990 the full implementation of drug and alcohol abuse prevention programs in their schools. In order to expand and enhance the ability of school districts to implement drug and alcohol prevention programs, it is the intent of the Legislature that local school districts participate in the federal Drug-Free Schools and Communities Act of 1986, 20 U.S.C., Section 4601 et seq. and the provisions of Public Law No. 101-647, Drug-Free School Zones.

In order to derive maximum benefit from their drug and alcohol prevention programs, it is further the intent of the Legislature that the school districts coordinate their efforts and activities with the Oklahoma Drug and Alcohol Abuse Policy Board, and with appropriate state and local drug and alcohol abuse, health and law enforcement agencies and programs within the community which provide drug education, prevention, treatment and rehabilitation.

It is further the intent of the Legislature to encourage school districts to establish programs concerning the danger and criminal consequences of the possession and/or use of firearms or other dangerous or deadly weapons in school zones. (70-1210.229-2)

Section 1231. Definitions.

For purposes of the Oklahoma Alcohol and Drug Abuse Prevention and Life Skills Education Act, Section 1210.229-1 et seq. of this title:

1. “Alcohol” means any low-point beer as defined in Section 163.2 of Title 37 of the Oklahoma Statutes or alcoholic beverage as defined in Section 506 of Title 37 of the Oklahoma Statutes;

2. establish and review annually model policies for alcohol and drug abuse issues, including but not limited to policies regarding disciplinary actions and referral for services;

3. develop and implement strategies which encourage all schools to employ guidance counselors trained in substance abuse prevention and life skills and to develop and begin implementing quality substance abuse and life skills education programs; and

4. develop guidelines and criteria to encourage teachers and administrators to receive in-service training on alcohol and drug abuse. The training or workshops should be included in the staff development point system.

B. The State Department of Education shall distribute information or reports provided by the Oklahoma Drug and Alcohol Abuse Policy Board, to each school district and, upon request, to members of the public. Upon request of the chief administrator of a school or school district, the Department shall provide technical assistance to schools and school districts to implement policies and programs pursuant to guidelines provided by the Oklahoma Drug and Alcohol Abuse Policy Board and shall provide a clearinghouse program accessible by school districts to provide information about life skills and drug and alcohol abuse prevention curricula and programs.
C. Final determination of materials to be used, means of implementation of the curriculum, and ages and times at which students receive instruction about said life skills and drug and alcohol abuse prevention shall be made by the local school board. The local school district, at least one (1) month prior to giving such instruction to students, shall conduct for parents and guardians of students involved, during weekend or evening hours, at least one presentation concerning the plans for instruction and the materials to be used. No student shall be required to receive instruction about said life skills and drug and alcohol abuse prevention if a parent or guardian of the student objects in writing. (70-1210.229-5)

The Department shall develop materials and make them available to school districts regarding the Oklahoma School Testing Program.

C. 1. Students enrolled in an online course or program that is offered by a school district or charter school that is not the district of residence or is not located in the district of residence of the student shall be provided the opportunity to take any assessment required pursuant to the Oklahoma School Testing Program Act or any other assessment generally required of students by the school district in which the student is enrolled at an alternative testing location approved by the State Board of Education. The alternative testing locations may be at sites that are not in the school district that is offering the online course or program or the district of residence. Alternative testing locations may include technology center school sites or any other testing location selected by the school district or charter school offering the online course or program. All alternative testing locations shall be subject to testing location rules promulgated by the State Board of Education. The school district or charter school offering the online course or program shall be responsible for any cost incurred in providing an alternative testing location and any additional cost of administering an assessment at an alternative testing location. In order to provide alternative testing locations at geographically dispersed sites, the school district or charter school offering the online course or program shall, at a minimum, provide not less than six alternative testing locations, with at least one location in each quadrant of the state and in each of the two metropolitan areas in the state. Additional alternative testing locations may be provided by the school district or charter school offering the online course or program.

2. The performance of students on any assessment required pursuant to the Oklahoma School Testing Program Act or any other assessments generally required of students by the school district who are enrolled full-time in an online program that is offered by a school district or charter school that is not the district of residence or is not located in the district of residence of the student shall be reported separately by the school district or charter school and shall not be included when determining the performance levels of the school district or charter school in the Oklahoma School Testing Program as reported in the Oklahoma Educational Indicators Program.

D. The State Board of Education shall seek to establish and post on the Internet a sample assessment item bank that will be made available to teachers and will allow them to create and deliver classroom assessments throughout the school year to check for student mastery of key concepts assessed by the assessments administered to students pursuant to the Oklahoma School Testing Program Act. Subject to the availability of funds, the Board shall annually release assessment items and make them available to the public.
E. The State Board of Education shall post on the Internet sample assessments for each grade level and subject matter assessment administered to students pursuant to the Oklahoma School Testing Program Act for the purpose of communicating expectation concerning the difficulty level and format to teacher, parents and students. The Board shall maintain the sample assessments on the Internet throughout the year and, as changes are made in the state academic content standards, shall update the sample assessments. The Board shall seek to expand the number of sample assessments items each year and to revise items as needed. The sample assessments shall reflect the actual assessments administered to students and may contain questions used on actual assessments given in previous years.

F. The State Board of Education shall implement an electronic delivery system for all assessments administered pursuant to the Oklahoma School Testing Program Act that will allow students to participate in computer-based assessments in order to expedite the delivery and use of the results. The State Board of Education shall adopt a timeline for transition to the electronic delivery system. A school district may choose to offer printed assessments by providing a request for approval and justification to the State Board of Education. The State Department of Education shall publish and make known the date by which districts choosing to offer printed assessments must make such request. In circumstances where the administration or delivery of an online or computer-based assessment has been or will be disrupted, delayed or cause problems with student participation, the Board may stop or cancel the online or computer-based assessment and administer the assessment by another means. (70-1210.507)

Section 1238. Purpose.

A. The Legislature finds that it is essential for children in the public schools to read early and well in elementary school. The Legislature further finds that clear and visible goals, assessments to determine the reading level at each elementary school, annual measurements of elementary school reading improvement, and accountability in each level of the educational system will result in a significant increase in the number of children reading at or above grade level.

B. The purpose of the Reading Sufficiency Act is to ensure that each child attains the necessary reading skills by completion of the third grade which will enable that student to continue development of reading skills and to succeed throughout school and life.

C. Each public school district in this state shall ensure that all students receive a well-rounded education that is focused on building deep foundations in reading and mathematics. 4. Classroom assistants, which may include parents, grandparents, or other volunteers, shall be provided in kindergarten classes to assist with the screening of students if a teacher aide is not already employed to assist in a kindergarten classroom.

B. Each student enrolled in first, second and third grade of the public schools of this state shall be assessed at the beginning, middle and end of each school year using a screening instrument approved by the State Board of Education for the acquisition of reading skills including, but not limited to, phonemic awareness, phonics, reading fluency, vocabulary, and comprehension.

C. Any student enrolled in first, second or third grade who is assessed and who is not meeting grade-level targets in reading shall be provided a program of reading instruction designed to enable the student to acquire the appropriate grade level reading skills. The program of reading instruction shall include provisions of the READ Initiative adopted by the school district as provided for in subsection P of this section. Throughout the year progress monitoring shall continue, and diagnostic
assessment, if determined appropriate, shall be provided. Year-end reading skills shall be measured to determine reading success.

D. The State Board of Education shall approve screening instruments for use at the beginning and end of the school year, for monitoring of progress, and for measurement of reading skills at the end of the school year as required in subsections A and B of this section; provided, at least one of the screening instruments shall meet the following criteria:

4. Can be used to assess students with disabilities and English language learners; and

5. Accompanied by a data management system that provides profiles for students, class, grade level and school building. The profiles shall identify each student's instructional point of need and reading achievement level. The State Board shall also determine other comparable reading assessments for diagnostic purposes to be used for students at risk of reading failure. The State Board shall ensure that any assessments approved are in alignment with the subject matter standards adopted by the State Board of Education.

E. 1. The program of reading instruction required in subsections A and B of this section shall align with the subject matter standards adopted by the State Board of Education and shall include provisions of the READ Initiative adopted by the school district as provided for in subsection P of this section. A program of reading instruction may include, but is not limited to:

   a. sufficient additional in-school instructional time for the acquisition of phonemic awareness, phonics, reading fluency, vocabulary, and comprehension,

   b. if necessary, tutorial instruction after regular school hours, on Saturdays and during summer; however, such instruction may not be counted toward the one-hundred-eighty-day or one-thousand-eighty-hour school year required in Section 1-109 of this title, and

   c. assessments identified for diagnostic purposes and periodic monitoring to measure the acquisition of reading skills including, but not limited to, phonemic awareness, phonics, reading fluency, vocabulary, and comprehension, as identified in the student's program of reading instruction.

2. A student enrolled in first or second grades who has been assessed as provided for in subsection B of this section and found not to be meeting grade-level targets in reading, shall be entitled to supplemental instruction and supports in reading until the student is determined by the results of a screening instrument to be meeting grade-level targets in reading. The program of reading instruction for each student shall be developed by a Student Reading Proficiency Team and shall include supplemental instructional services and supports. Each team shall be composed of:

   a. the parent or guardian of the student,

   b. the teacher assigned to the student who had responsibility for reading instruction in that academic year,

F. The program of reading instruction shall continue until the student is determined by the results of approved reading assessments to be meeting grade-level targets.

G. 1. Every school district shall adopt, and implement a district reading sufficiency plan which has had input from school administrators, teachers, and parents and if possible a reading specialist, and which shall be submitted electronically to and approved by the State Board of Education. The plan shall be updated annually. School districts shall not be required to electronically submit the annual updates to the Board if the last plan submitted to the Board was approved and expenditures
for the program include only expenses relating to individual and small group tutoring, purchase of and training in the use of screening and assessment measures, summer school programs and Saturday school programs. If any expenditure for the program is deleted or changed or any other type of expenditure for the program is implemented, the school district shall be required to submit the latest annual update to the Board for approval. The district reading sufficiency plan shall include a plan for each site which includes an analysis of the data provided by the Oklahoma School Testing Program and other reading assessments utilized as required in this section, and which outlines how each school site will comply with the provisions of the Reading Sufficiency Act.

2. The State Board of Education shall adopt rules for the implementation and evaluation of the provisions of the Reading Sufficiency Act. The evaluation shall include, but not be limited to, an analysis of the data required in subsection S of this section.

H. For any third-grade student found not to be meeting grade-level targets as determined by reading assessments administered pursuant to this section, a new program of reading instruction, including provisions of the READ Initiative adopted by the school district as provided for in subsection O P of this section, shall be developed by a Student Reading Proficiency Team and implemented as specified in subsection D E of this section. In addition to other requirements of the Reading Sufficiency Act, the plan may include specialized tutoring.

I. 1. Any first-grade, second-grade or third-grade student who demonstrates end of year proficiency in reading at the third-grade level through a screening instrument which meets the acquisition of reading skills criteria pursuant to subsection B of this section shall not be subject to retention pursuant to this section. After a student has demonstrated proficiency through a screening instrument, the district shall provide notification to the parent or guardian of the student that they have satisfied the requirements of the Reading Sufficiency Act and will not be subject to retention pursuant to this section.

2. If a third-grade student is identified at any point of the academic year as having a significant reading deficiency, which shall be defined as not meeting grade-level targets on a screening instrument which meets the acquisition of reading skills criteria pursuant to subsection B of this section, the district shall immediately begin a student reading portfolio as provided by subsection L of this section and shall provide notice to the parent of the deficiency pursuant to subsection J of this section.

3. If a student has not yet satisfied the proficiency requirements of this section prior to the completion of third grade and still has a significant reading deficiency, as identified based on assessments administered as provided for in subsection B of this section, has not accumulated evidence of third-grade proficiency through a student portfolio as provided in subsection L of this section, or is not subject to a good-cause exemption as provided in subsection L of this section, then the student shall not be eligible for automatic promotion to fourth grade.

4. The minimum criteria for grade-level performance of third-grade students pursuant to the Reading Sufficiency Act shall be that students are able to read and comprehend grade-level text. To determine the promotion and retention of third-grade students pursuant to the Reading Sufficiency Act, the State Board of Education shall use only the scores for the standards for reading foundations/processes and vocabulary portions of the statewide third-grade assessment administered pursuant to Section 1210.508 of this title and shall not use the scores from the other language arts portions of the assessment. The performance levels established by the Commission for Educational Quality and Accountability pursuant to Section 1210.508 of this title shall ensure that students meeting the performance-level criteria are performing at grade level on the reading foundations and vocabulary portions of the statewide third-grade assessment.

5. a. A student not eligible for automatic promotion as provided for under paragraph 3 of this subsection and who does not meet the criteria established by the Commission for Educational Quality and Accountability on the reading portion of the statewide third-grade assessment administered pursuant to Section 1210.508 of this title may be evaluated for probationary promotion by the Student Reading Proficiency Team which was created for the student pursuant to subsection D E of this section.

b. The student shall be promoted to the fourth grade if the team members unanimously recommend probationary promotion to the school principal and the school district superintendent and the principal and superintendent approve the recommendation that promotion is the best option for the student. If a student is allowed a probationary promotion, the team shall continue to review the reading performance of the student and repeat the requirements of this paragraph each academic year until the student demonstrates grade-level reading proficiency, as identified through a screening instrument which meets the acquisition of reading skills criteria pursuant to subsection B of this section, for the corresponding grade level in which the student is enrolled or transitions to a locally designed remediation plan after the fifth grade which shall have the goal of ensuring that the student is on track to be college and career ready.
6. Beginning with the 2017-2018 school year, students who do not meet the performance criteria established by the Commission for Educational Quality and Accountability on the reading portion of the statewide third-grade assessment administered pursuant to Section 1210.508 of this title, who are not subject to a good cause exemption as provided in subsection L of this section, and who do not qualify for promotion or probationary promotion as provided in this subsection, shall be retained in the third grade and provided intensive instructional services and supports as provided for in subsection O of this section.

7. Each school district shall annually report to the State Department of Education the number of students promoted to the fourth grade pursuant to this subsection and the number of students promoted to a subsequent grade pursuant to the provisions in paragraph 4 of this subsection. The State Department of Education shall publicly report the aggregate and district-specific number of students promoted on their website and shall provide electronic copies of the report to the Governor, Secretary of Education, President Pro Tempore of the Senate, Speaker of the House of Representatives, and to the respective chairs of the committees with responsibility for common education policy in each legislative chamber.

J. The parent of any student who is found to have a reading deficiency and is not meeting grade-level reading targets and has been provided a program of reading instruction as provided for in subsection B of this section shall be notified in writing of the following:

1. That the student has been identified as having a substantial deficiency in reading;

2. A description of the current services that are provided to the student pursuant to a conjoint measurement model such that a reader and a text are placed on the same scale;

3. A description of the proposed supplemental instructional services and supports that will be provided to the student that are designed to remediate the identified area of reading deficiency;

4. That the student will not be promoted to the fourth grade if the reading deficiency is not remediated by the end of the third grade, unless the student is otherwise promoted as provided for in subsection I of this section or is exempt for good cause as set forth in subsection L of this section;

5. Strategies for parents to use in helping their child succeed in reading proficiency;

6. The grade-level performance scores of the student;

7. That while the results of the statewide assessments administered pursuant to Section 1210.508 of this title are the initial determinant, they are not the sole determiner of promotion and that portfolio reviews and assessments are available; and

8. The specific criteria and policies of the school district for midyear promotion implemented as provided for in paragraph 4 of subsection O of this section.

K. No student may be assigned to a grade level based solely on age or other factors that constitute social promotion.

L. For those students who do not meet the academic requirements for promotion and who are not otherwise promoted as provided for in subsection H I of this section, a school district may promote the student for good cause only. Good-cause exemptions for promotion shall be limited to the following:

1. English language learners who have had less than two (2) years of instruction in an English language learner program;

2. Students with disabilities whose individualized education program (IEP), consistent with state law, indicates that the student is to be assessed with alternate achievement standards through the Oklahoma Alternate Assessment Program (OAAP);

3. Students who demonstrate an acceptable level of performance on an alternative standardized reading assessment approved by the State Board of Education;

4. Students who demonstrate, through a student portfolio, that the student is reading on grade level as evidenced by demonstration of mastery of the state standards beyond the retention level;
5. Students with disabilities who participate in the statewide assessments administered pursuant to Section 1210.508 of this title and who have an individualized education program that reflects that the student has received intensive remediation in reading and has made adequate progress in reading pursuant to the student's individualized education program;

6. Students who have received intensive remediation in reading through a program of reading instruction for two (2) or more years but still demonstrate a deficiency in reading and who were previously retained in prekindergarten for academic reasons, kindergarten, first grade, second grade, or third grade; and

7. Students who have been granted an exemption for medical emergencies by the State Department of Education.

M. A student who is otherwise promoted as provided for in subsection I of this section or is promoted for good cause as provided for in subsection L of this section shall be provided intensive reading instruction that includes specialized diagnostic information and specific reading strategies for each student until the student meets grade-level targets in reading. The school district shall assist schools and teachers to implement reading strategies for the promoted students that research has shown to be successful in improving reading among low-performing readers.

N. Requests to exempt students from the retention requirements based on one of the good-cause exemptions as described in subsection L of this section shall be made using the following process:

1. Documentation submitted from the teacher of the student to the school principal that indicates the student meets one of the good-cause exemptions and promotion of the student is appropriate. In order to minimize paperwork requirements, the documentation shall consist only of the alternative assessment results or student portfolio work and the individual education plan (IEP), as applicable;

2. The principal of the school shall review and discuss the documentation with the teacher and, if applicable, the other members of the Student Reading Proficiency Team as described in subsection DE of this section. If the principal determines that the student meets one of the good-cause exemptions and should be promoted based on the documentation provided, the principal shall make a recommendation in writing to the school district superintendent; and

3. After review, the school district superintendent shall accept or reject the recommendation of the principal in writing.

O. Each school district shall:

1. Conduct a review of the program of reading instruction for all students who do not meet the performance criteria established by the Commission for Educational Quality and Accountability on the reading portion of the statewide assessment administered pursuant to Section 1210.508 of this title and did not meet the criteria for one of the good-cause exemptions as set forth in subsection L of this section. The review shall address additional supports and services, as described in this subsection, needed to remediate the identified areas of reading deficiency. The school district shall require a student portfolio to be completed for each retained student;

2. Provide to students who have been retained as set forth in subsection I of this section with intensive interventions in reading, intensive instructional services and supports to remediate the identified areas of reading deficiency, including a minimum of ninety (90) minutes of daily, uninterrupted, scientific-research-based reading instruction. Retained students shall be provided other strategies prescribed by the school district, which may include, but are not limited to:

   a. small group instruction,
   b. reduced teacher-student ratios,
   c. more frequent progress monitoring,
   d. tutoring or mentoring,
   e. transition classes containing third- and fourth-grade students,
   f. extended school day, week, or year, and
   g. summer reading academies as provided for in Section 1210.508E of this title, if available;
3. Provide written notification to the parent or guardian of any student who is to be retained as set forth in subsection I of this section that the student has not met the performance criteria required for promotion and was not otherwise promoted and the reasons the student is not eligible for a good-cause exemption. The notification shall include a description of proposed interventions and intensive instructional supports that will be provided to the student to remediate the identified areas of reading deficiency;

4. Implement a policy for the midyear promotion of a retained student who can demonstrate that the student is a successful and independent reader, is reading at or above grade-level targets, and is ready to be promoted to the fourth grade. Tools that school districts may use in reevaluating any retained student may include screening assessments, alternative assessments, and portfolio reviews, in accordance with rules of the State Board of Education. Retained students may only be promoted midyear prior to November 1 and only upon demonstrating that the student has met the performance criteria established by the Commission for Educational Quality and Accountability on the reading portion of the statewide third-grade assessment administered pursuant to Section 1210.508 of this title, or upon demonstrating proficiency in reading at the third-grade level through a screening instrument administered pursuant to subsection B of this section, and upon showing progress sufficient to master appropriate fourth-grade-level skills, as determined by the school. A midyear promotion shall be made only upon agreement of the parent or guardian of the student and the school principal;

5. Provide students who are retained with a high-performing teacher who can address the needs of the student, based on student performance data and above-satisfactory performance appraisals; and

6. In addition to required reading enhancement and acceleration strategies, provide students who are retained with at least one of the following instructional options:

   a. supplemental tutoring in scientific-research-based reading services in addition to the regular reading block, including tutoring before or after school,

   b. a parent-guided "Read at Home" assistance plan, as developed by the State Department of Education, the purpose of which is to encourage regular parent-guided home reading, or

   c. a mentor or tutor with specialized reading training.

P. Beginning with the 2011-2012 school year, each school district shall establish a Reading Enhancement and Acceleration Development (READ) Initiative. The focus of the READ Initiative shall be to prevent the retention of third-grade students by offering intensive accelerated reading instruction to third-grade students who failed to meet standards for promotion to fourth grade and to kindergarten through third-grade students who are exhibiting a reading deficiency. The READ Initiative shall:

1. Be provided to all kindergarten through third-grade students at risk of retention as identified by the assessments administered pursuant to the Reading Sufficiency Act. The assessment used shall measure phonemic awareness, phonics, reading fluency, vocabulary, and comprehension;

2. Be provided during regular school hours in addition to the regular reading instruction;

3. Provide a reading curriculum that, at a minimum, meets the following specifications:

   a. assists students assessed as exhibiting a reading deficiency in developing the ability to read at grade level,

   b. provides skill development in phonemic awareness, phonics, reading fluency, vocabulary, and comprehension,

   c. provides a scientific-research-based and reliable assessment,

   d. provides initial and ongoing analysis of the reading progress of each student, and

   e. is implemented during regular school hours,

4. Establish at each school, where applicable, an Intensive Acceleration Class for retained third-grade students who subsequently do not meet the performance criteria established by the Commission for Educational Quality and Accountability on the reading portion of the statewide assessment administered pursuant to Section 1210.508 of this title. The focus of the
Intensive Acceleration Class shall be to increase the reading level of a child at least two grade levels in one (1) school year. The Intensive Acceleration Class shall:

a. be provided to any student in the third grade who does not meet the performance criteria established by the Commission for Educational Quality and Accountability on the reading portion of the statewide assessments and who was retained in the third grade the prior year because of not meeting the performance criteria on the reading portion of the statewide assessments,

b. have a reduced teacher-student ratio,

c. provide uninterrupted reading instruction for the majority of student contact time each day and incorporate opportunities to master the fourth-grade state standards in other core subject areas,

d. use a reading program that is scientific-research-based and has proven results in accelerating student reading achievement within the same school year,

e. provide intensive language and vocabulary instruction using a scientific-research-based program, including use of a speech-language therapist, and

f. include weekly progress monitoring measures to ensure progress is being made;

5. Provide reports to the State Board of Education, upon request, on the specific intensive reading interventions and supports implemented by the school district. The State Superintendent of Public Instruction shall annually prescribe the required components of the report; and

6. Provide to a student who has been retained in the third grade and has received intensive instructional services but is still not ready for grade promotion, as determined by the school district, the option of being placed in a transitional instructional setting. A transitional setting shall specifically be designed to produce learning gains sufficient to meet fourth-grade performance standards while continuing to remediate the areas of reading deficiency.

Q. 1. Each school district board of education shall annually publish on the school website, and report in writing to the State Board of Education by September 1 of each year, the following information on the prior school year:

2. The State Department of Education shall establish a uniform format for school districts to report the information required in this subsection. The format shall be developed with input from school districts and shall be provided not later than ninety (90) days prior to the annual due date. The Department shall annually compile the information required, along with state-level summary information, and report the information to the public, the Governor, the President Pro Tempore of the Senate, and the Speaker of the House of Representatives.

R. The State Department of Education shall provide technical assistance as needed to aid school districts in administering the provision of the Reading Sufficiency Act.

S. On or before January 31 of each year, the State Department of Education shall issue to the Governor, the President Pro Tempore of the Senate, the Speaker of the House of Representatives and members of the Senate and House of
Representatives Education Committees a Reading Sufficiency Report which shall include, but is not limited to, trend data detailing three (3) years of data, disaggregated by student subgroups to include economically disadvantaged, major racial or ethnic groups, students with disabilities, and English language learners, as appropriate for the following:

1. The number and percentage of students in kindergarten through third grade determined to be at risk for reading difficulties compared to the total number of students enrolled in each grade;

Section 1240. Funds for Remediation - Reading Sufficiency Act.

A. Contingent on the provision of appropriated funds designated for the Reading Sufficiency Act, school districts may be allocated monies for each enrolled kindergarten student or first-, second- and third-grade student of the current school year, including any student who has been retained in the third grade pursuant to Section 1210.508C of this title, who is found to be in need of remediation or intervention in reading. The allocation shall be distributed to each school district upon approval of the reading sufficiency plan for the school district by the State Department of Education and the submittal of a child-count report to the Department that details the number of students identified as needing remediation or intervention in reading. To determine a per-student allocation amount, the total amount of funds available for allocation each year shall be divided by the total number of students in the state identified as in need of remediation or intervention in reading as provided for in Section 1210.508C of this title. Each school district shall be allocated an amount equal to the per-student allocation amount multiplied by the number
of identified students enrolled in the school district.

B. The State Board of Education shall promulgate rules for the administration of reimbursements.

C. If a teacher attends and completes a professional development institute in elementary reading approved by the Oklahoma Commission for Teacher Preparation during the summer or when school is not in session, the teacher may receive a stipend equal to the amount of the cost for a substitute teacher, based on the amount of funds allocated. (70-1210.508D)

Teacher candidates shall study strategies including, but not limited to, instruction that is explicitly taught, sequenced, multimodal (reading, writing, speaking, listening, hands-on, etc.), multidisciplinary and reflective to adapt for individual learners.

D. Effective July 1, 2010, teacher candidates enrolled in an institution within The Oklahoma State System of Higher Education in a special education program approved by the Commission for Educational Quality and Accountability shall pass, prior to graduation, a comprehensive assessment to measure their teaching skills in the area of reading instruction. The assessment shall be developed and administered by the institutions that offer special education programs that lead to certification. The assessment shall measure the knowledge and understanding of the teacher candidate in the teaching of the five elements of reading instruction which are phonemic awareness, phonics, reading fluency, vocabulary and comprehension. The results of the assessment shall be reported annually by the institution to the Commission for Educational Quality and Accountability as a part of the required annual report for the institution. The Commission shall include the data in the annual report to the Oklahoma Legislature as required pursuant to Section 6-186 of this title. It is the intent of the Legislature to ensure that teachers graduating from institutions within The Oklahoma State System of Higher Education have the knowledge and skills to effectively teach reading to all children. The reading programs may be offered before school, after school, on Saturdays or during summer periods. The reading programs shall offer reading instruction designed to enable the children to acquire the appropriate level reading skills and shall provide diagnostic assessments and measurement of reading skills to determine reading success. The reading program shall focus on the acquisition of reading skills including, but not limited to, phonological awareness, phonics, spelling, reading fluency, vocabulary, and comprehension.

E. On or before December 1, 2012, and each December 1 thereafter for which the Oklahoma Bridge to Literacy Program is funded, the Department shall forward applications that the Department has determined meet the requirements of this section to the Board. On or before February 1, 2013, and each February 1 thereafter for which the Oklahoma Bridge to Literacy Program is funded, the Board shall award, through a competitive bid process, one or more grants to private entities to provide reading instruction programs through the Oklahoma Bridge to Literacy Program. To the extent possible, grants shall be awarded on a statewide basis. The grant funding shall be used to provide the reading instruction program, provide employees and volunteers for the program and to purchase materials for the program.

F. In addition to the grant funding, the Department shall provide to the private entities awarded grants pursuant to this section the following:

1. Reading instruction training, academies or courses designed to train the private entity employees or volunteers in reading instruction and remediation strategies;

2. Resources and materials on reading instruction and remediation; and

B. Nothing in subsection A of this section shall be construed to require that a teacher providing instruction in the
Section 1244. Promotion of Students based on Competencies.

A. If a teacher determines that a third-grade student is not reading at grade level by the end of the second quarter of the school year, the parent or guardian of the student shall be notified of:

1. The reading level of the student;
2. The program of reading instruction for the student as required pursuant to the Reading Sufficiency Act; and
3. The potential need for the student to participate in a summer academy or other program designed to assist the student in attaining grade-level reading skills.

B. A teacher who determines a third-grade student is unable to meet competencies required for reading for completion of third grade and promotion to fourth grade may, after consultation with the parent or guardian of the student, recommend that the promotion of the student to the fourth grade is contingent upon the participation in and successful completion of the required competencies for reading by the student at a summer academy or other program. If the student does not participate in the summer academy or other program or does not successfully complete the competencies in the summer academy or other program, the student shall be retained in the third grade as set forth in Section 1210.508C of this title.

C. Summer academy programs shall be designed to ensure that participating students successfully complete the competencies necessary in reading for promotion to fourth grade and to enhance next-grade readiness. A summer academy reading program shall be a program that incorporates the content of a scientifically research-based professional development program administered by the Oklahoma Commission for Teacher Preparation or a scientifically research-based reading program administered by the State Board of Education and is taught by teachers who have successfully completed professional development in the reading program or who are certified as reading specialists.

D. School districts may approve an option for students who are unable to attend a summer academy. The optional program may include, but is not limited to, an approved private provider of instruction, approved computer- or Internet-based instruction, or an approved program of reading instruction monitored by the parent or guardian. School districts shall not be required to pay for the optional program, but shall clearly communicate to the parent or guardian the expectations of the program and any costs that may be involved.

E. Subject to the availability of funds, beginning one (1) year after implementation of this section, the requirements of subsection B of this section may be expanded to apply to fourth-grade student promotion to fifth grade. Each year thereafter, the requirements may be expanded by one grade level until the requirements apply to third-grade students through eighth-grade students. Summer academy programs shall be designed for each grade level. Nothing in this section shall prevent the State Board of Education or a school district board of education from utilizing private, local, or federal funds to implement this section.

F. The State Board of Education shall adopt rules to implement the provisions of this section which shall include requirements for instructional time for summer school programs, teacher qualifications, and evaluation of student achievement as a result of summer academy programs or other optional programs. (70-1210.508E)

Contingent upon the provision of appropriated funds designated for such purpose, students who do not perform satisfactorily on the mathematics portion of either the norm-referenced or criterion-referenced tests for grades three through eight required pursuant to Section 1210.508 of this title shall be provided remediation. The remediation may include but not be limited to tutorial instruction after regular school hours, on Saturdays and during the summer. Such instruction shall not be counted toward the one-hundred-eighty-day school year required in Section 1-109 of this title.

B. Implementation of this section shall be delayed until the current expenditure per pupil in average daily attendance in public elementary and secondary schools in unadjusted dollars for the 1998-99 school year or any school year thereafter for Oklahoma, as reported by the National Center for Education Statistics annually in the Digest of Education Statistics, reaches at least ninety percent (90%) of the regional average expenditure for that same year, and funds are provided. For purposes of this section, the regional average expenditure shall consist of the current expenditure per pupil in average daily...
attendance in public elementary and secondary schools in unadjusted dollars for each of the following states: Arkansas, Colorado, Kansas, Missouri, New Mexico, Oklahoma, and Texas, averaged together. By January 1 of each year, the State Board of Education shall report whether or not the ninety-percent expenditure level has been reached based on information reported annually in the Digest of Education Statistics by the National Center for Education Statistics. This section shall be implemented on July 1 after the first January 1 report verifies that the ninety-percent expenditure level has been reached and funds have been provided for the specific purposes of this section. (70-1210.5E)

Section 1246. In-service Training for Local School Personnel Who Administer Tests - Reports of Test Results.

A. The Department shall provide inservice training for local school personnel who administer tests required by the Oklahoma School Testing Program Act, Section 1210.505 et seq. of this title.

B. The Board shall require the company or companies providing tests required by the Oklahoma School Testing Program Act, Section 1210.505 et seq. of this title, to submit summary reports of the results by school district to the Department and the respective local school district. Individualized results of the test shall be made available by the local school district to the classroom teachers who instruct the students in the academic areas tested. In every year, prior to the convening of the Legislature, the Board shall give a summary report on the testing results to the Governor, the Speaker of the House of Representatives and the President Pro Tempore of the Senate. (70-1210.509)

**Section 1304. Noncompliance with Environmental Standards by Political Subdivisions.**

Political subdivisions may, when compliance with environmental standards would create excessive debt, enter into compliance schedules with the Department of Environmental Quality to prioritize compliance based on their greatest environmental or other public health and safety needs. Excessive debt is indicated when the work needed for compliance would require a capital cost or user charge significantly beyond the per-household cost for similar sized communities within the state. Penalties shall not be assessed if a political subdivision complies with the schedule authorized by the Department. (27A-2-3-507)

**Section 1305. Emergency Protections and Plans.**

The city, town or county may require the submission of plans and specifications covering the proposed construction or alteration and may refuse to issue such permit unless the work so planned is in accordance with the applicable provisions of the city, town or county’s building code. In all geographical areas wherein no such permit is required by local authorities such permit must be obtained from the State Fire Marshal, who may require the submission of plans and specifications covering the proposed construction or alteration, and he shall refuse to issue such permit unless the work so planned is in accordance with the applicable provisions of said BOCA National Building Code, as last revised, the Southern Standard Building Code Congress International (SBCCI), the Uniform Building Code (ICBO), or the International Building Code; provided that the foregoing provisions of this sentence shall not apply to locations in any geographical area that are owned or operated by a state beneficiary public trust or have been purchased or leased from a state beneficiary public trust.

      (2) any and all other laws, ordinances, regulations, codes or standards pertaining to assisted living center construction, occupancy and maintenance for the protection of lives and property from fire. (74-324.11)

There does not appear to be an applicable Oklahoma law which would require school districts to comply with state building codes with regard to their “existing school buildings”. Thus, a school district need only comply with local, state and national building codes when such school district is embarking on new construction or an alteration to an existing structure. May 22, 1990 (AG Inf. Op. No. 90-589)

Existing building of school district does not need to comply with State or local city building codes. March 16, 1984 (AG Op. No. 83-292)

City can require school district to pay water and sewage connection fee as prerequisite for acquiring building permit, if fee is not in nature of a tax. AG Op. August 28, 1972

Such facilities shall conform with the codes and standards adopted by the State Fire Marshal and amended by the Division's promulgated rules. Elevators shall be constructed and installed in said public buildings to the extent deemed feasible and financially reasonable by the contracting authority of the state or such political subdivision. Said codes and standards shall be on file in the Construction and Properties Division of the Office of Management and Enterprise Services.

B. After May 24, 1973, any building or facility which would have been subject to the provisions of this section but for the fact that it was constructed prior to May 24, 1973, shall be subject to the requirements of this section if additions are made to such building or facility in any twelve-month period which increase the total floor area of such building or facility by twenty-five percent (25%) or more or if alterations or structural repairs are made to such building or facility in any twelve-month period which affect twenty-five percent (25%) or more of the total floor area of such building or facility. (61-11)
Section 1311.4. Board Must Approve Plans and Specifications.

If public buildings are to be financed by state funds, the Construction and Properties Division of the Office of Management and Enterprise Services shall approve said plans and specifications. In the case of public buildings to be financed by county funds or funds controlled by some other political subdivision of the state, the agency whose approval is required shall be the governing body of such subdivision. (61-12)

2. "Performance-based efficiency contract" means a contract for the design, development, financing, installation and service of any improvement, repair, alteration or betterment of any building or facility owned, operated or planned by a public entity; or any equipment, fixture or furnishing to be added to or used in any such building or facility; or any maintenance or operational strategy that is designed and implemented that will reduce utility consumption or lower operating costs, result in annual operating cost savings, generate additional revenues or avoid capital cost incurrence and may include, but is not limited to, one or more of the following:
   
   a. utility services,
   
   b. heating, ventilating or air conditioning system modifications or replacements and automated control systems,

If an OUSF Beneficiary is not eligible to receive funding from other state or federal funds per the program rules of the other state or federal funds, the OUSF Beneficiary shall be exempt from the requirement to obtain funding from another state and/or federal fund designed to support Special Universal Services set forth in this subsection.    d. the bidding shall not be structured in a manner to exclude carriers eligible to receive OUSF funding in the telephone exchange where the Oklahoma Universal Services Fund Beneficiary is located.

6. For Special Universal Services that are competitively bid in compliance with this act, the credit amount shall be not more than twenty-five percent (25%) greater than the lowest cost reasonable qualifying bid of the total prediscount amount of eligible services plus installation charges, less federal funding support for the same services including installation charges issued in a funding commitment letter or similar approval document for the Federal Universal Service Support Mechanism or successor program or programs for the applicable funding year.

C. 1. Special Universal Services shall not be sold, resold or transferred in consideration for money or any other thing of value.

The Administrator shall deny requests for OUSF funding in excess of the credit amounts authorized in subsection B of this section unless good cause is shown.

E. The Corporation Commission shall have authority to investigate and modify or reject in whole or part a Special Universal Service request under subsection A of this section if the request does not meet the specified criteria, if the Corporation Commission's investigation determines that the entity has not provided sufficient documentation for the requested services, or if the Corporation Commission determines that granting the request is not in the public interest due to fraud.

   b. the Administrator shall issue an approval funding letter to the Oklahoma Universal Service Fund Beneficiary and the eligible provider within ninety (90) days of receipt of a properly completed OUSF administrative preapproval request. Failure by the Administrator to issue an approval funding letter within the ninety-day period means the OUSF administrative preapproval request submitted by the Oklahoma
Universal Service Fund Beneficiary is approved as submitted and the subsequent request for reimbursement submitted by the eligible provider which is consistent with the information submitted in the OUSF administrative preapproval request shall be approved as submitted,

c. the approval funding letter shall inform the Oklahoma Universal Service Fund Beneficiary of the preapproved services and associated credit amount for the applicable funding year. The amount of OUSF funding preapproved under this subsection may be subject to adjustments based on the amount of support received from other sources, if any, and adjustments to pricing that may occur between the time of preapproval and installation of service,

d. any OUSF administrative preapproval request shall be submitted to the Administrator in the format outlined in instructions posted on the Commission website. The OUSF administrative preapproval request shall include but not be limited to the following:

H. An employer not otherwise restricted from doing so may elect to provide tobacco smoking rooms where no work is performed except for cleaning and maintenance during the time the room is not in use for tobacco smoking, provided each tobacco smoking room is fully enclosed and exhausted directly to the outside in such a manner that no tobacco smoke can drift or circulate into a nonsmoking area. No exhaust from a tobacco smoking room shall be located within fifteen (15) feet of any entrance, exit or air intake.

I. If tobacco smoking is to be permitted in any space exempted in subsection F or G of this section or in a tobacco smoking room pursuant to subsection H of this section, such tobacco smoking space must either occupy the entire enclosed indoor space or, if it shares the enclosed space with any nonsmoking areas, the tobacco smoking space shall be fully enclosed, exhausted directly to the outside with no air from the tobacco smoking space circulated to any nonsmoking area, and under negative air pressure so that no tobacco smoke can drift or circulate into a nonsmoking area when a door to an adjacent nonsmoking area is opened. Air from a tobacco smoking room shall not be exhausted within fifteen (15) feet of any entrance, exit or air intake. Any employer may choose a more restrictive tobacco smoking policy, including being totally tobacco smoke free.

J. Notwithstanding any other provision of this section, until March 1, 2006, restaurants may have designated tobacco smoking and nonsmoking areas or may be designated as being a totally nonsmoking area. Beginning March 1, 2006, restaurants shall be totally nonsmoking or may provide nonsmoking areas and designated tobacco smoking rooms. Food and beverage may be served in such designated tobacco smoking rooms which shall be in a location which is fully enclosed, directly exhausted to the outside, under negative air pressure so tobacco smoke cannot escape when a door is opened, and no air is recirculated to nonsmoking areas of the building. No exhaust from such room shall be located within twenty-five (25) feet of any entrance, exit or air intake. Such room shall be subject to verification for compliance with the provisions of this subsection by the State Department of Health.

K. The person who owns or operates a place where tobacco smoking or use is prohibited by law shall be responsible for posting a sign or decal, at least four (4) inches by two (2) inches in size, at each entrance to the building indicating that the place is smoke-free or tobacco-free.

L. Responsibility for posting signs or decals shall be as follows:
1. In privately owned facilities, the owner or lessee, if a lessee is in possession of the facilities, shall be responsible;

2. In corporately owned facilities, the manager and/or supervisor of the facility involved shall be responsible; and

3. In publicly owned facilities, the manager and/or supervisor of the facility shall be responsible.

M. Any person who knowingly violates the provisions of this section shall be punished by a citation and fine of not more than One Hundred Dollars ($100.00). (21-1247)

Section 1337.1. Non-Discrimination against Medical Marijuana License Holder.

A. No school or landlord may refuse to enroll or lease to and may not otherwise penalize a person solely for his or her status as a medical marijuana license holder, unless failing to do so would imminently cause the school or landlord to lose a monetary or licensing related benefit under federal law or regulations.

B. Unless a failure to do so would cause an employer to imminently lose a monetary or licensing related benefit under federal law or regulations, an employer may not discriminate against a person in hiring, termination or imposing any term or condition of employment or otherwise penalize a person based upon either:

1. The person's status as a medical marijuana license holder; or

2. Employers may take action against a holder of a medical marijuana license holder if the holder uses or possesses marijuana while in the holder's place of employment or during the hours of employment. Employers may not take action against the holder of a medical marijuana license solely based upon the status of an employee as a medical marijuana license holder or the results of a drug test showing positive for marijuana or its components.

C. For the purposes of medical care, including organ transplants, a medical marijuana license holder's authorized use of marijuana shall be considered the equivalent of the use of any other medication under the direction of a physician and does not constitute the use of an illicit substance or otherwise disqualify a registered qualifying patient from medical care.

D. No medical marijuana license holder may be denied custody of or visitation or parenting time with a minor, and there is no presumption of neglect or child endangerment for conduct allowed under this law, unless the person's behavior creates an unreasonable danger to the safety of the minor.

E. No person holding a medical marijuana license may unduly be withheld from holding a state issued license by virtue of their being a medical marijuana license holder, including but not limited to a concealed carry permit.

F. No city or local municipality may unduly change or restrict zoning laws to prevent the opening of a retail marijuana establishment.

G. The location of any retail marijuana establishment is specifically prohibited within one thousand (1,000) feet of any public or private school entrance.

H. Research shall be provided for under this law. A researcher may apply to the State Department of Health for a special research license. The license shall be granted provided the applicant meets the criteria listed under subsection B of Section 421 of this title. Research license holders shall be required to file monthly consumption reports to the State Department of Health with amounts of marijuana used for research. Biomedical and clinical research which is subject to federal regulations and institutional oversight shall not be subject to State Department of Health oversight.

B. By July 1, 1993, the Division when accepting bids for state purchases of supplies, equipment and materials shall give preference to the suppliers of paper products or products manufactured with recycled materials if:

1. The price for recycled products and materials is not substantially higher than the price for nonrecycled products and materials. 2. The quality and grade requirements are otherwise comparable.

C. By July 1, 1993, any state public entity not subject to The Central Purchasing Act when accepting bids for purchases of supplies, equipment and materials, shall give preference to the suppliers of recycled paper products and products manufactured from recycled materials if:

2. By July 1, 1993, any state public entity not subject to The Central Purchasing Act shall implement a program for extending agency procurement specifications to products manufactured with recycled materials.

F. In writing specifications under this section, the Office and any other state public entity shall incorporate requirements relating to the recyclability and ultimate disposition of products and, wherever possible, shall write the specifications so as to minimize the amount of solid waste generated by the state. All specifications under this section shall discourage the purchase of single-use, disposable products and require, whenever practical, the purchase of multiple-use, durable products.

G. For materials that are not otherwise recycled, the Division and each state public entity not subject to The Central Purchasing Act shall, to the extent practicable, enter into agreements to purchase products made from recyclable materials from vendors who agree to purchase like materials separated from solid waste generated by the state for reuse or use as a raw material in manufacturing. (74-85.53)

C. The Director of the Office of Management and Enterprise Services shall review and incorporate, where appropriate, guidelines published in the Federal Register.

D. The Director shall promulgate rules to encourage recycling and conservation of purchased products. (74-85.54)

A. Each state public entity whether or not subject to the Central Purchasing Act shall:

1. Be subject to the rules promulgated by the Purchasing Division regarding the purchase of recycled products;

2. Establish management practices in accordance with the provisions of the Oklahoma State Recycling and Recycled Materials Procurement Act; and

3. Report by November 1 of each year to the Director of Central Services the following:
   a. the total amount of waste paper and other recyclable materials sold during the previous fiscal year,
   b. the amount of procured recycled paper products and other products manufactured with recycled materials, and
   c. the total amount of monies collected and expended to implement the Oklahoma State Recycling and Recycled Materials Procurement Act.

B. It is the intention of the Legislature that all state public entities and other governmental subdivisions of this state aggressively pursue procurement practices that encourage solid waste reduction and development of markets for recyclable materials and compost and shall, whenever practical, procure products containing recycled materials. (74-85.55)

Section 1343. Clearinghouse, Cooperative Buying and Uniform Specifications.

A. The Office of Management and Enterprise Services shall maintain a clearinghouse of information regarding products made from recycled paper products and products manufactured with recycled materials for purchase by state public entities. The clearinghouse shall include information concerning the availability, price and quality of products made from recycled paper products and products manufactured with recycled materials. The clearinghouse shall also include information concerning vendors and other persons willing to purchase recyclable materials from state public entities. The Office shall develop a mechanism to make this information available to all state public entities.

872
B. The Office may enter into agreements with purchasing agents of any other state, local governments, or the federal government under which any of the parties may agree to participate in, administer, sponsor or conduct purchasing transactions under a joint contract for the purchase of materials, supplies, equipment, permanent personal property, miscellaneous capital or contractual services consistent with this act.

C. The Office may cooperate with purchasing agents and other interested parties of any other state, local governments, or the federal government to develop uniform purchasing specifications on a regional or national level to facilitate cooperative interstate purchasing transactions. (74-85.55a)

PUBLIC COMPETITIVE BIDDING ACT

This act shall be known and may be cited as the “Public Competitive Bidding Act of 1974”. (61-101)

A public construction contract entered into between an Oklahoma public school and an out-of-state purchasing cooperative that does not comply with the specific terms of Oklahoma’s Public Competitive Bidding Act of 1974 does not satisfy Oklahoma law, even if it follows that state’s competitive bidding procedures. The existence of an interlocal agreement between the school and the purchasing cooperative pursuant to the Oklahoma Interlocal Cooperation Act does not exempt a school from compliance with the Public Competitive Bidding Act of 1974. December 19, 2008 (AG Op. No. 08-33)

Public Competitive Bidding Act does not apply to the awarding of a contract that exceeds fifty thousand dollars by a school district for routine janitorial and cleaning service at its public buildings, because such services do not constitute performing maintenance. March 4, 2008 (AG Op. No. 08-3)

Vocational and technical school boards of education are not required to solicit competitive bids on contracts for supplies and materials; however, if the contract exceeds a value of $500, the contract must be in writing. November 3, 1981 (AG Op. No. 81-195)

The amount of public tax dollars committed to the project will not exceed a fixed amount established by resolution of the governing body prior to or concurrent
7. "Public improvement" means any beneficial or valuable change or addition, betterment, enhancement or amelioration of or upon any real property, or interest therein, belonging to a public agency, intended to enhance its value, beauty or utility or to adapt it to new or further purposes. A school district must comply with the requirements of the Public Competitive Bidding Act in a purchase contract for a retrofit metal roof if the cost exceeds $25,000.00. March 31, 2005 (AG Op. No. 05-12)

Public Competitive Bidding Act does not affect bonding requirements of 61 O.S., §1, or minimum wage requirements of 40 O.S., §196.1-196.12. July 9, 1979 (AG Op. No. 79-204)

"Construction", for purposes of Public Competitive Bidding Act means to put together in proper place and order constituent parts and materials used. Carpet City, Inc. v. Stillwater Municipal Hospital Authority, 536 P.2d 335 (Okla. 1975)

Carpet, installation, or carpet and installation to be secured to subfloors in construction of public trust facility would become "part of the realty"; contract for such carpet, installation, or carpet and installation was subject to provisions of Public Competitive Bidding Act. Carpet City, Inc. v. Stillwater Municipal Hospital Authority, 536 P.2d 335 (Okla. 1975)

Section 1346. Public Construction Contracts - General Requirements.

A. Unless otherwise provided by law, all public construction contracts exceeding Fifty Thousand Dollars ($50,000.00) shall be let and awarded to the lowest responsible bidder, by open competitive bidding after solicitation for sealed bids, in accordance with the provisions of the Public Competitive Bidding Act of 1974. No work shall be commenced until a written contract is executed and all required bonds and insurance have been provided by the contractor to the awarding public agency.

B. Notwithstanding subsection A of this section, in awarding public construction contracts exceeding Fifty Thousand Dollars ($50,000.00), counties, cities, other local units of government and any public trust with a county or a municipality as its sole beneficiary may provide for a local bid preference of not more than five percent (5%) of the bid price if the awarding public agency determines that there is an economic benefit to the local area or economy. Provided, however, the local bidder or contractor must agree to perform the contract for the same price and terms as the bid proposed by the nonlocal bidder or contractor. Any bid preference granted hereunder must be in accordance with an established policy adopted by the governing body of the awarding public agency to clearly demonstrate the economic benefit to the local area or economy. Provided, further, no local bid preference shall be granted unless the local bidding entity is the second lowest qualified bid on the contract. The bid specifications shall clearly state that the bid is subject to a local bidder preference law. For purposes of this section, "local bid" means the bidding person is authorized to transact business in this state and maintains a bona fide establishment for transacting such business within this state. This provision does not apply to any construction contract for which federal funds are available for expenditure when its provisions may be in conflict with federal law or regulation.

C. Except as provided in subsection E of this section, other construction contracts for the purpose of making any public improvements or constructing any public building or making repairs to the same for Fifty Thousand Dollars ($50,000.00) or less shall be let and awarded to the lowest responsible bidder by receipt of written bids or awarded on the basis of competitive quotes to the lowest responsible qualified contractor. Work may be commenced in accordance with the purchasing policies of the public agency.

D. Except as provided in subsection E of this section, other construction contracts for less than Five Thousand Dollars ($5,000.00) may be negotiated with a qualified contractor. Work may be commenced in accordance with the purchasing policies of the public agency.

E. The provisions of this subsection shall apply to public construction for minor maintenance or minor repair work to public school district property. Other construction contracts for less than Twenty-five Thousand Dollars ($25,000.00) may
be negotiated with a qualified contractor. Construction contracts equal to or greater than Twenty-five Thousand Dollars ($25,000.00) but less than Fifty Thousand Dollars ($50,000.00) shall be let and awarded to the lowest responsible bidder by receipt of written bids. No work shall be commenced on any construction contract until a written contract is executed and proof of insurance has been provided by the contractor to the awarding public agency.

F. The Construction and Properties Division of the Office of Management and Enterprise Services may award contracts using best value competitive proposals. As used in this subsection, "best value" means an optional contract award system which can evaluate and rank submitted competitive performance proposals to identify the proposal with the greatest value to the state. The Office of Management and Enterprise Services, pursuant to the Administrative Procedures Act, shall promulgate rules necessary to implement the provisions of this subsection.

G. 1. A public agency shall not let or award a public construction contract exceeding Fifty Thousand Dollars ($50,000.00) to any contractor affiliated with a purchasing cooperative unless the purchasing cooperative and the contractor have complied with all of the provisions of the Competitive Bidding Act of 1974, including but not limited to open competitive bidding after solicitation for sealed bids. A public agency shall not let or award a public construction contract exceeding Five Thousand Dollars ($5,000.00) up to Fifty Thousand Dollars ($50,000.00) to any contractor affiliated with a purchasing cooperative unless the purchasing cooperative and the contractor have complied with all of the provisions of the Public Competitive Bidding Act of 1974, including submission of a written bid upon notice of competitive bidding. (61-103)

Contract for construction management services is a contract for personal services involving professional judgment or scientific knowledge and is not subject to competitive bidding act. McMaster Constr., Inc. v. Board of Regents of Okla. Colleges, 934 P.2d 335 (Okla. 1997)

Board cannot consider modification of a bid, after notice and opening time have expired and another bid has been approved. August 5, 1977 (AG Op, No. 77-207)

Section 1347. Appointment of Agent to Make Purchases.

The governing body of any political subdivision of this state may duly appoint as its agent any individual or individual of a legal entity, with whom the political subdivision has duly entered into a public contract pursuant to law, to make purchases necessary for carrying out the public contract. (61-103.2)

Note: Section 976 herein provides that sales of tangible personal property or services to subcontractors as well as contractors to school district contracts are exempt from sales tax.

Section 1348. Force Account and Emergency Asbestos Abatement.

Nothing in the Public Competitive Bidding Act of 1974 shall be construed to prohibit a school district from erecting a building or making improvements on a force account basis. Contracts between a state agency and a school district for the purpose of emergency asbestos abatement shall be exempt from the provisions of the Public Competitive Bidding Act of 1974. (61-103.4)

When undertaking a construction project, a school district may complete as much of the work as it chooses on a force account basis. The term “force account” means “the erecting of a building or the making of an improvement on district property by the use of the district’s own employees, purchasing its own materials and leasing the necessary equipment all under the supervision of the district.” The remainder of the project may be bid as a public construction contract under the applicable provisions of the Public Competitive Bidding Act of 1974. (AG Op, No. 2010-13)

Board of Education must adhere strictly to Public Competitive Bidding Act of 1974 in awarding contracts for making improvements to school buildings. January 6, 1982 (AG Op, No. 81-329)

The term “force account” means the erecting of a building or the making of an improvement on district property by the use of the district’s own employees, purchasing its own materials, and leasing the necessary equipment all under the supervision of the district. June 4, 1980 (AG Op, No. 80-108)
The term “force account” means the purchase of necessary materials, and the employment of necessary workmen, by the school district itself, rather than entering into a contract with a builder or other contractor to construct the building or other improvement. AG Op. April 21, 1955

Addition to school building may be constructed from proceeds of bond issue on a force account basis, without a contractor or an architect. AG Op. August 18, 1954

Section 1349. Proposals - Notice.

All proposals to award public construction contracts shall be made equally and uniformly known by the awarding public agency to all prospective bidders and the public in the following manner:

1. Notice thereof shall be given by publication in a newspaper of general circulation and published in the county where the work, or the major part of it, is to be done, such notice by publication to be published in two consecutive weekly issues of the newspaper, with the first publication thereof to be at least twenty-one (21) days prior to the date set for opening bids; and

2. Notice thereof shall be sent to one in-state trade or construction publication for their use and information whenever the estimated cost of the contract exceeds Fifty Thousand Dollars ($50,000.00); provided, however, this section shall not be construed to require the publication of the notice in such trade or construction publication or the requirement to provide the notice to more than one in-state trade or construction publication or to any out-of-state trade or construction publications. (61-104)

Section 1350. Bid Notices.

All bid notices shall set forth the following information:

1. The character of the proposed public construction contract in sufficient details that all bidders should know exactly what their obligation will be, either in the bid notice itself or by reference to bidding documents on file in the main office of the awarding public agency; and

2. The name of the officer, agent or employee of the awarding public agency and the office location and address of such person, from whom a complete set of bidding documents regarding such proposed contract may be obtained, together with the amount of the cost deposit required therefor, if any; and

3. The date, time and place of opening of the sealed bids; and

4. The name and office location and address of the office of the awarding public agency to whom the sealed bids should be submitted; and

5. Any additional information regarding such proposed contract deemed by the awarding public agency to be of beneficial interest to prospective bidders or the public. (61-105)

Section 1351. Bidding Documents.

At least one (1) complete set of bidding documents regarding a proposed public construction contract shall be on file in the main office of the awarding public agency at least twenty (20) days prior to the date set for opening bids. The officer, agent or employee of the awarding public agency designated in the bid notice shall have a sufficient number of complete sets of said bidding documents and shall provide a complete set of same to any prospective bidder, upon request; provided, however, that the awarding public agency may require a reasonable deposit for each such set; provided, that such deposit shall not exceed the actual cost of duplicating or printing. The public agency may retain all or part of said deposit if so stated in the notice for bids. (61-106)

Awarding public agency may assess charge for providing set of bidding documents not to exceed actual cost of duplication if charge is clearly set out in project bid notice. May 31, 1986 (AG Op. No. 83-124)

Requirement that documents be on file for 20 days does not prevent award of emergency contract under Section 694 herein. July 7, 1976 (AG Op. No. 76-255)

Section 1352. Deposit.

A. A bidder on a public construction contract exceeding Fifty Thousand Dollars ($50,000.00) shall accompany the bid with:
1. A certified check, cashier's check or bid bond equal to five percent (5%) of the bid, which shall be deposited with the awarding public agency as a guaranty; or

2. An irrevocable letter of credit containing terms the Construction and Properties Division of the Office of Management and Enterprise Services prescribes, issued by a financial institution insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation for the benefit of the state, on behalf of the awarding public agency, in an amount equal to five percent (5%) of the bid. The awarding public agency shall deposit the irrevocable letter of credit with the Division.

B. The cost of republication of the notice to bidders, actual expenses incurred by reason of the bidder's default and the difference between the low bid of the defaulting bidder and the amount of the bid of the bidder to whom the contract is subsequently awarded, but not to exceed the amount of the certified check, cashier's check, bid bond or irrevocable letter of credit may, at the discretion of the awarding public agency, be forfeited to the awarding public agency in the event the apparently successful bidder fails to execute the contract or fails to provide the required bonds or irrevocable letters of credit and insurance to the awarding public agency.

C. The public agency shall, upon receipt of notice from the awarding public agency, return a certified or cashier's check, bid bond, or irrevocable letter of credit to the successful bidder on execution and delivery of the contract and required bonds or irrevocable letters of credit and insurance. Checks of unsuccessful bidders shall be returned to them in accordance with the terms of the bid solicitation.

D. Nothing contained herein shall be construed so as to prevent the awarding public agency or the courts from exonerating the bidder and other parties to the bid security document from liability upon a timely showing that the bidder committed what the courts have determined under the common law to be an excusable bidding error and for that reason it would not be equitable to enforce the bid security. (61-107)

When it was discovered that contractor's bid was lowest, contractor became "apparently successful bidder" under statute requiring forfeiture of bid bond if apparently successful bidder does not execute contract; apparently successful bidder is one who, unless something extraordinary occurs, will be awarded contract; it made no difference that contractor tried to withdraw its bid before school board formally awarded contract. J.D. Graham Constr., Inc. v. Pryor Public Schools, 854 P.2d 917 (Okla. App. 1993)

Section 1353. Information About Bidder.

Each bidder shall accompany the bid with a written statement under oath disclosing the following information:

1. The nature of any partnership, joint venture or other business relationships then in effect or which existed within one (1) year prior to the date of such statement with the architect, engineer or other party to the project;

2. Any such business relationship then in effect or which existed within one (1) year prior to the date of such statement between any officer or director of the bidding company and any officer or director of the architectural or engineering firm or other party to the project; and

3. The names of all persons having any such business relationships and the positions they hold with their respective companies or firms.

If none of the business relationships hereinabove mentioned exist, then a statement to that effect. (61-108)

Section 1354. Untimely Bids.

(61-109)

Section 1355. Opening of Bids.

A. Except as provided by subsection B of this section, all bids shall be sealed and opened only at the time and place mentioned in the bidding documents, and read aloud in the presence of an administrative officer of the awarding public agency. Such bid opening shall be open to the public and to all bidders.

Section 1356. Award of Contract.

The awarding of a contract to the lowest responsible bidder or bidders shall be made within thirty (30) days after the opening of bids unless the governing body of the awarding public agency, by formal recorded action and for good cause shown, provides for a reasonable extension of that period, which extension period shall not in any event exceed fifteen (15) days where only state or local funds are involved, or not to exceed ninety (90) days on any award of contract for the construction of a public improvement where funds are utilized which are furnished by an agency of the United States Government. Upon mutual written agreement between the lowest responsible bidder or bidders and the awarding public agency, the Division or awarding public agency may extend the contract award period no more than one hundred twenty (120) days from the bid opening date. (61-111)

Section 1357. All Bids Open to Public Inspection.

All bids, both successful and unsuccessful, and all contracts and required bonds shall be placed on file maintained in the main office of the awarding public agency for a period of five (5) years from the date of opening of bids or for a period of three (3) years from the date of completion of the contract, whichever is longer, shall be open to public inspection and shall be matters of public record. (61-112)

Section 1358. Execution of Contract - Bonds - Insurance.
A. Except as otherwise provided by law, within the period of time, not to exceed sixty (60) days, specified in the bid notice by the awarding public agency, a contract embodying the terms set forth in the bidding documents shall be executed by the awarding public agency or, where construction management at-risk is the project delivery method, by the construction manager and the successful bidder. No bidder shall obtain any property right in a contract awarded under the provisions of the Public Competitive Bidding Act of 1974 until the contract has been fully executed by both the bidder and the awarding public agency.

B. Except as otherwise provided by law, within the period of time specified in subsection A of this section, the following shall be provided by the contractor to the awarding public agency for contracts exceeding Fifty Thousand Dollars ($50,000.00):

1. A bond or irrevocable letter of credit complying with the provisions of Section 1 of this title;

2. A bond in a sum equal to the contract price, with adequate surety, or an irrevocable letter of credit containing terms prescribed by the Construction and Properties Division of the Office of Management and Enterprise Services issued by a financial institution insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation for the benefit of the state, on behalf of the awarding public agency, in a sum equal to the contract price, to ensure the proper and prompt completion of the work in accordance with the provisions of the contract and bidding documents;

3. A bond in a sum equal to the contract price or an irrevocable letter of credit containing terms as prescribed by the Division issued by a financial institution insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation for the benefit of the state, on behalf of the awarding public agency, in a sum equal to the contract price, to protect the awarding public agency against defective workmanship and materials for a period of one (1) year after acceptance of the project, except when the awarding public agency is the Department of Transportation or the Oklahoma Turnpike Authority, in such case the period shall be for one (1) year after project completion; and

4. Public liability and workers' compensation insurance during construction in reasonable amounts. A public agency may require the contractor to name the public agency and its architects or engineers, or both, as an additional assured under the public liability insurance, which requirement, if made, shall be specifically set forth in the bidding documents.

878
C. A single irrevocable letter of credit may be used to satisfy paragraphs 1, 2 and 3 of subsection B of this section, provided such single irrevocable letter of credit meets all applicable requirements of subsection B of this section.

If the contractor needs additional time in which to obtain the bond required pursuant to subsection B of this section, the contractor may request and the awarding agency may allow the contractor an additional sixty (60) days in which to obtain the bond.

D. 1. After the award of a contract, but prior to its execution, an awarding public agency, upon discovery of an administrative error in the award process that would void an otherwise valid award, may suspend the time of execution of the contract. The agency may rescind the award and re-advertise for bids, or may direct correction of the error and award the contract to the lowest responsible bidder, whichever shall be in the best interests of the state.

2. If the awarding public agency has a governing body, the agency shall, at the next regularly scheduled public business meeting of the governing body of the agency, upon the record, present to the governing body that an error has been made in the award process and shall state the nature of the error. The governing body, upon presentation of the facts of the error, may rescind the award and re-advertise for bids, or may direct correction of the error and award the contract to the lowest responsible bidder, whichever shall be in the best interests of the state.

E. No public agency shall require for any public construction project, nor shall any general contractor submit a project bid based on acquiring or participating in, any wrap-up, wrap-around, or controlled insurance program. For the purposes of this subsection, “wrap-up, wrap-around, or controlled insurance program” means any insurance program that has the effect of disabling or rendering inapplicable any workers’ compensation, commercial general liability, builders’ risk, completed operations, or excess liability insurance coverage carried by a subcontractor that is engaged or to be engaged on a public construction project unless this is a cost savings to the public or the need exists for a specialized or complex insurance program and shall not apply to contracts less than Seventy-five Million Dollars ($75,000,000.00).

F. This act shall not apply to the public construction projects of constitutional agencies which had authorized a wrap-up, wrap-around, or controlled insurance program on or before April 11, 2000. (61-113)

Section 1359. Bond, Irrevocable Letter of Credit or Affidavit of Payment of Indebtedness to be Furnished on Public Works Contracts - Notice of Rental of Equipment.

A. Prior to an award of a contract exceeding Fifty Thousand Dollars ($50,000.00) for construction or repair of a public or private building, structure, or improvement on public real property, the person that receives the award shall:

1. Furnish a bond with good and sufficient sureties payable to the state in a sum not less than the total sum of the
contract; or

2. Cause an irrevocable letter of credit, containing terms the Office of Management and Enterprise Services prescribes, to be issued for the benefit of the state by a financial institution insured by the Federal Deposit Insurance Corporation in a sum not less than the total sum of the contract.

B. The bond or irrevocable letter of credit shall ensure the proper and prompt completion of the work in accordance with the contract and shall ensure that the contractor shall pay all indebtedness the contractor incurs for the contractor’s subcontractors and all suppliers of labor, material, rental of machinery or equipment, and repair of and parts for equipment the contract requires the contractor to furnish.

C. For a contract not exceeding Fifty Thousand Dollars ($50,000.00), in lieu of a bond or irrevocable letter of credit, the contractor shall submit an affidavit of the payment of all indebtedness incurred by the contractor, the contractor’s subcontractors, and all suppliers of labor, material, rented machinery or equipment, and repair of and parts for equipment used or consumed in the performance of the contract. The execution of the affidavit with knowledge that any of the contents of the affidavit are false, upon conviction, shall constitute perjury, punishable as provided for by law. (61-1)

Section 1359.1. Filing of Bond, Action for Overpayment Within One Year.

A. Bonds shall be filed in the office of the agency, institution, department, commission, municipality or government instrumentality that is authorized by law and does enter into contracts for the construction of public improvements or buildings, or public or private improvements or buildings on a public-private partnership project, or repairs to the same; and the officer with whom the bond is filed shall furnish a copy thereof to any person claiming any rights thereunder. Any person to whom there is due any sum for labor, material or repair to machinery or equipment, furnished as stated in Section 1 of this title, the heirs or assigns of such person, may bring an action on the bond for the recovery of the indebtedness, provided that no action shall be brought on the bond after one (1) year from the day on which the last of the labor was performed or material or parts furnished for which the claim is made.

B. Any person having direct contractual relationship with a subcontractor, regardless of tier, performing work on the contract, but no contractual relationship express or implied with the contractor furnishing the payment bond, shall have a right of action upon the payment bond only upon giving written notice to the contractor and surety on the payment bond within ninety (90) days from the date on which such person did or performed the last of the labor or furnished or supplied the last of the material or parts for which the claim is made, stating with substantial accuracy the amount claimed and the name of the party to whom the material or parts were furnished or supplied or for whom the labor was done or performed. The notice shall be served by mailing the same by registered or certified mail, postage prepaid, in an envelope addressed to the contractor at any place the contractor maintains an office or conducts business, together with a copy thereof to the surety or sureties on the payment bond.

C. 1. The bond or irrevocable letter of credit issued to the Department of Transportation or the Oklahoma Turnpike Authority, pursuant to this section, shall also provide that the contractor shall pay all state and local taxes accruing as a result of the contract, any liquidated damages as provided by the contract and any overpayment of progressive estimates resulting in a balance due and owing the Department of Transportation or the Oklahoma Turnpike Authority.

2. A claim against the bond or irrevocable letter of credit for delinquent taxes shall be made by the public entity to which the tax was payable. The claim shall be made within six (6) months from the date on which the tax became delinquent. Notice of the delinquent tax shall be sent by certified mail to the surety, and a copy of the notice shall be sent to the contractor. Nothing in this paragraph shall be construed to release, at any time, the contractor from responsibility for full payment of all taxes.

3. A claim against the bond or irrevocable letter of credit for overpayment on progressive estimates shall be made by the public entity within one (1) year from the date of final acceptance of the project. Notice of the overpayment shall be sent by certified mail to the surety and a copy of the notice shall be sent to the contractor. Nothing in this paragraph shall be construed to release, at any time, the contractor from the responsibility of refunding any amount overpaid on progressive estimates which are due and owing the Department of Transportation. (61-2)
Section 1360. Partial Payments - Retainage.

A. A public construction contract shall provide for partial payment based upon work completed. The contract shall provide that up to five percent (5%) of all partial payments made shall be withheld as retainage.

B. The Department of Transportation or the Oklahoma Turnpike Authority shall not withhold retainage on public construction contracts awarded by the Department or the Authority.

C. The Department of Transportation shall not withhold retainage or require any bond on projects awarded to railroads on the railroad's privately owned or operated rail property. (61-113.1)

Section 1361. Withdrawals from Retainage - Deposit of Securities.

The contractor may, from time to time, withdraw any part, or the whole, of the amount which has been retained from partial payments to the contractor pursuant to the terms of the contract, upon depositing with or delivery to the awarding public agency, or other appropriate public official designated in the contract document:

(1) United States Treasury bonds, United States Treasury notes, United States Treasurybills or (2) general obligation bonds of the State of Oklahoma, or (3) certificates of deposit from a state or national bank having its principal office in the State of Oklahoma. No retained amount shall be withdrawn which would represent an amount in excess of the market value of the securities at the time of deposit or of the par value of such securities, whichever is lower.

At the time of deposit of any securities the same shall be endorsed, if necessary, and shall be accompanied by a conditional assignment to the awarding public agency, or to the other public body designated as “owner” in the contract documents, which will empower the awarding public agency, or other appropriate public official designated to have custody of same, to negotiate same at any time to the extent necessary to cause the contract to be fulfilled. The securities which remain on deposit at the time of completion of any contract and observance by the parties to the contract of any other statutory obligations relative thereto shall be returned to the contractor. (61-113.2)

Section 1362. Interest on Final Payment.

When interest is due the contractor, all awarding public agencies, other than school districts, shall pay to the contractor interest at the rate of one and one-half percent (1 1/2%) per month of the final payment due the contractor. When interest is due to the contractor, school districts shall pay to the contractor interest at the rate of three fourths percent (3/4%) per month of the final payment due the contractor. For lump sum contracts the interest shall commence thirty (30) days after the work under the contract has been completed and accepted and all required material certifications and other documentation required by the contract have been furnished the awarding public agency by the contractor, and shall run until the date when the final payment or estimate is tendered to the contractor.

For contracts bid by unit prices the interest shall commence sixty (60) days after the above conditions are satisfied. When contract quantities or the final payment amount is in dispute, the interest-bearing period shall be suspended until the conclusion of arbitration and settlement of the dispute. (61-113.3)

Section 1363. Nepotism.

The chief administrative officer and members of the governing body of the awarding public agency authorizing or awarding or supervising the execution of a public construction contract, and their relatives within the third degree of consanguinity or affinity, are forbidden to be interested directly or indirectly through stock ownership, partnership interest or otherwise in any such contract. Contracts entered into in violation of this section shall be void. Persons willfully violating this section shall be guilty of a felony and shall be subject to removal from office. (61-114)

Corporation which is prohibited from contracting with board of education is not exempted from prohibition where board member having conflict abstains from discussing or voting on award of contract. AG Op. April 23, 1975
Section 1364. Collusion Among Bidders.

Any agreement or collusion among bidders or prospective bidders in restraint of freedom of competition by agreement to bid at a fixed price or to refrain from bidding, or otherwise, shall render the bids of such bidders void. Persons willfully violating this section shall be guilty of a felony. Each bidder shall accompany the bid with a sworn statement that the bidder has not been a party to any such agreement. The form of the statement shall be substantially as provided in Section 85.22 of Title 74, but modified in wording to refer to the appropriate public agency requesting bids. (61-115)

Section 1365. Advance Information on Bids.

A. Any disclosure by an employee of a public agency of the terms of a bid submitted in response to a bid notice issued by a public agency in advance of the time set for opening of all bids so submitted shall be unlawful. It shall also be unlawful for any person to solicit, possess or receive information which is to be contained in a bid notice of a public agency, for use in preparing a bid, in advance of the date on which said bid notice is to be made equally and uniformly known to all prospective bidders and the public, and it shall further be unlawful for any employee of a public agency to withhold or impede the distribution of said information after notice of the bid has been given, unless the solicitation of bids has been withdrawn or the particular information in question has been deleted or replaced through alteration of the bid notice and said withdrawal or alteration has been made equally and uniformly known. Any violation of this subsection shall be a felony and shall render the proceedings void and require solicitation and award anew.

B. The estimate of the actual cost of the project made by the public agency, construction manager or consultant for the agency shall not be considered confidential and shall be available to the public in accordance with the Oklahoma Open Records Act. (61-116)

Section 1366. Award to Other Than Lowest Bidder.

If an award is made to other than the lowest bidder, the awarding public agency shall accompany its action with a publicized statement setting forth the reason for its action. Such statement shall be placed on file, open to public inspection and be a matter of public record. (61-117)

Section 1367. Prequalifications of Prospective Bidders.

A. In order to determine the responsibility of bidders, the awarding public agency may require prospective bidders to prequalify as responsible bidders prior to submitting bids on a public construction contract. Prequalification to bid or perform work pursuant to this section does not constitute a license. Except as provided in subsection B of this section, prequalification shall not serve as a substitute for a license otherwise required by law. Notice of any such prequalification requirement shall be made equally and uniformly known by the awarding public agency to all prospective bidders and the public in the same manner as proposals to award public construction contracts as set forth in Section 104 of this title. Financial information including, but not limited to, audited financial statements required by the awarding public agency as part of prequalification shall remain confidential.

B. The Oklahoma Transportation Commission and the Oklahoma Turnpike Authority may establish a system for prequalifying prospective bidders on construction and maintenance contracts to be awarded by the Commission or Authority. The Commission and the Authority shall be the sole judge of the qualifications of prospective bidders and shall ascertain, to their exclusive satisfaction, the qualifications of each prequalified bidder. Any contractor or subcontractor prequalified as of the effective date of this act performing signing, highway lighting, or traffic signal installation or maintenance for the Oklahoma Department of Transportation or the Oklahoma Turnpike Authority shall be allowed to continue to bid and perform such work without obtaining any additional license from this state or any political subdivision of this state. However, no contractor or subcontractor may transfer, convey or assign this exemption to any other person or entity. (61-118)

Section 1368. Right to Reject Bids.

By majority action of the governing board of the awarding public agency, the awarding public agency shall have the right to reject any or all bids and solicit bidders again as herein provided if, in the opinion of the governing body of the public agency the best interests of the people of the State of Oklahoma would be best served by so doing. (61-119)

Public agency may not negotiate with low bidder where all submitted bids exceed engineer’s estimate. January 31, 1977 (AG Op. No. 76-344)
Section 1369. Contracts Not Exceeding $50,000 - Negotiation When No Bid Received.

A. If no timely bid is received after bid notices have been published on any proposed public construction contract which does not exceed Fifty Thousand Dollars ($50,000.00):

1. The governing body of a county, city, town or school district may direct its employees or agents to negotiate the contract with a prospective contractor; or

2. The state agency as defined in Section 202 of this title, shall request the State Construction Administrator of the Construction and Properties Division to negotiate a contract on its behalf.

B. The amount of a contract which may be awarded by the governing body pursuant to this section shall not exceed Fifty Thousand Dollars ($50,000.00) and the work to be performed shall be as specified in the initial bidding documents. The contract shall be executed within six (6) months after the date initially set for opening of bids. The contract and contract procedure shall conform to all other applicable provisions of the Public Competitive Bidding Act of 1974. (61-119.1)

Section 1370. Assignment of Contracts.

No public construction contract shall be assignable by the successful bidder without written consent of the governing body of the awarding public agency, evidenced by resolution. In no event shall such a contract be assigned to a bidder who was declared by the awarding public agency not to be a responsible bidder in the consideration of bids received for the particular contract. (61-120)

Section 1371. Change Orders.

A. Change orders or addenda to public construction contracts of One Million Dollars ($1,000,000.00) or less shall not exceed a fifteen percent (15%) cumulative increase in the original contract amount.

B. Change orders or addenda to public construction contracts of over One Million Dollars ($1,000,000.00) shall not exceed the greater of One Hundred Fifty Thousand Dollars ($150,000.00) or a ten percent (10%) cumulative increase in the original contract amount.

C. Change orders or cumulative change orders which exceed the limits of subsection A or B of this section shall require a re-advertising for bids on the incomplete portions of the contract.

D. If the awarding public agency does not have a governing body, the chief administrative officer of the awarding public agency shall approve change orders. The State Construction Administrator of the Construction and Properties Division of the Office of Management and Enterprise Services, or the Administrator's designee, shall sign and execute all contracts and change orders, as they relate to state agencies.

E. If the awarding public agency has a governing body, all change orders shall be formally approved by the governing body of the awarding public agency and the reasons for approval recorded in the permanent records of the governing body. The governing body of a municipality or technology center may delegate approval of change orders up to Forty Thousand Dollars ($40,000.00) or ten percent (10%) of any contract, whichever is less, to the chief administrative officer of the municipality or technology center or their designee, with any approved change orders reported to the governing body at the next regularly scheduled meeting.

F. The Oklahoma Veterans Commission, as the governing body of the Oklahoma Department of Veterans Affairs, is authorized to delegate to the Director of the agency the authority to approve change orders on a construction contract provided that the individual change order does not exceed Forty Thousand Dollars ($40,000.00) in expenditure, and complies with the limits established by this section. Change orders approved by the Director pursuant to a delegation of authority shall be presented to the Commission during the next regular meeting and the reasons for the orders recorded in permanent records.

G. The governing body of the Oklahoma Tourism and Recreation Department is authorized, upon approval of a majority of all of the members of the Oklahoma Tourism and Recreation Commission, to delegate to the Director of the agency the authority to approve change orders on a construction contract provided that the individual change order does not exceed Twenty-five Thousand Dollars ($25,000.00) in expenditure and complies with the limits established by this section. The
Administrator of the Division shall sign and execute all contracts and change orders.

H. The Transportation Commission may, by rule, authorize the Director of the Department of Transportation to approve change orders in an amount of not to exceed Five Hundred Thousand Dollars ($500,000.00). Change orders approved by the Director shall be presented to the Transportation Commission during the next regular meeting and the reasons therefor recorded in the permanent records. The Oklahoma Turnpike Authority may authorize the Director of the Authority to approve change orders in an amount not to exceed Two Hundred Fifty Thousand Dollars ($250,000.00). Change orders approved by the Director of the Authority shall be presented to the Authority during the next regular meeting and the reasons for the orders recorded in permanent records.

1. All change orders for the Department of Transportation or the Authority shall contain a unit price and total for each of the following items:

   1. All materials with cost per item;
   2. Itemization of all labor with number of hours per operation and cost per hour;
   3. Itemization of all equipment with the type of equipment, number of each type, cost per hour for each type, and number of hours of actual operation for each type;
   4. Itemization of insurance cost, bond cost, social security, taxes, workers' compensation, employee fringe benefits and overhead cost; and
   5. Profit for the contractor.

J. 1. If a construction contract contains unit pricing, and the change order pertains to the unit price, the change order will not be subject to subsection A or B of this section.

2. When the unit price change does not exceed Twenty Thousand Dollars ($20,000.00), the unit price change order computation may be based on an acceptable unit price basis in lieu of cost itemization as required in paragraphs 1, 2, 3, 4 and 5 of subsection I of this section.

3. When the unit price change exceeds Twenty Thousand Dollars ($20,000.00), any unit price for a new item established at or below the average eighteen-month-price history for the new item may be used in lieu of cost itemization as required in paragraphs 1, 2, 3, 4 and 5 of subsection I of this section.

K. Alternates or add items bid with the original bid and contained in the awarded contract as options of the awarding public agency shall not be construed as change orders under the provisions of the Public Competitive Bidding Act of 1974.

L. Where construction management at-risk is the project delivery method, the limits established by subsections A and B of this section shall be based upon the total cost of the project rather than the cost of the individual trade contracts. (61-121)

The amount that a highway construction contractor can be compensated for delay cost, over and above the contract price agreed upon in its contract with a state agency, is not without limitation. In addition to caps established through a contractual agreement, public finance statutes cap the amount to be paid pursuant to a change order. Governing statutes are incorporated into the contract, and the contract will be construed to be consistent with the statutes. M. J. Lee Constr. Co. v. Okla. Trans. Auth., 2005 OK 87, 125 P.3d 1205

Section 1372. Suit for Injunction.

Any taxpayer of the State of Oklahoma, or any bona fide unsuccessful bidder on a particular public construction contract, within ten (10) days after any such contract has been executed, is empowered to bring suit in the district court of the county where the work, or the major part of it, is to be done to enjoin performance of such contract if entered into in violation of the provisions of this act. (61-122)

Section 1373. Certification as to Performance Before Payment of Claim.

A. All statements or invoices submitted to the awarding public agency for work performed shall contain a
certification by the supervising architect or engineer, or other supervisory official if no supervisory architect or engineer is employed for the project, that work for which payment is claimed has been performed and that such work conforms to the plans and specifications for the project. No such statement or invoice shall be paid by the awarding public agency without such certification. The execution of a certificate, as herein provided, shall not constitute a defense or in any other manner affect any cause or causes of action which the awarding public agency might otherwise have against the contractor for nonperformance of a public construction contract.

B. If project progressive payments are based on the public agency’s estimated quantities of materials provided and work performed, certifications are not required. Payment of progressive estimates shall not constitute a defense or in any manner affect any cause or causes of action which the awarding public agency might have against the contractor for failure to properly perform in accordance with the project contract, plans, specifications, or special provisions. Final estimates shall contain a sworn certification signed by the contractor that the work performed and the material provided conform to the requirements of the contract, plans, specifications, and special provisions. (61-123)

Section 1374. Inspection of Project Before Acceptance of Payment.

The awarding public agency shall make provisions for the inspection of projects prior to acceptance by the state agency and shall approve claims for payment only after proper inspection has been made as provided in the plans and specifications for said project. (61-124)

Section 1375. Accounting Procedures.

The Director of the Office of Management and Enterprise Services shall prescribe the accounting procedure to be followed to pay costs and payments to contractors on public construction contracts with state agencies. The Director of the Office of Management and Enterprise Services is directed to include any procedures necessary to provide accountability for state funds and funds furnished by an agency of the United States Government. (61-125)

Section 1376. Force Account.

Nothing in this act shall be construed to prevent a public agency from doing public construction work on a force account basis. (61-126)

Section 1377. Contracts by Trust Created Under Local Industrial Development Act.

This act shall apply to contracts made by a public entity operating pursuant to the Local Industrial Development Act or the Local Development Act except where the public improvements, buildings, or repairs are being made or constructed as a part of an agreement to provide development financing assistance, and where the cost of such public improvements does not exceed twenty-five percent (25%) of the total amount of the estimated public and private investment being made within the related increment district. (61-127)

Section 1378. Insurance During Construction.

The awarding public agency is authorized to require the contractor to carry insurance against damage from fire and the elements during the process of construction to the extent of protecting said public agency’s equity in said project until accepted by said agency. (61-128)

Section 1379. Prior Contracts.

This act shall not apply to contracts awarded or contracts for which bids have been solicited on or before the effective date of this act. (61-129)

A. The provisions of the Public Competitive Bidding Act of 1974 with reference to notice and bids shall not apply to an emergency if:

1. The governing body of a public agency declares by a two-thirds (2/3) majority vote of all of the members of the governing body that an emergency exists;
2. The Transportation Commission and the Oklahoma Tourism and Recreation Commission, by majority vote of all the members of each Commission, declare that an emergency exists; or

3. The chief administrative officer of a public agency without a governing body declares that an emergency exists.

B. The governing body of a public agency may, upon approval of two-thirds (2/3) majority of all of the members of the governing body, delegate to the chief administrative officer of a public agency the authority to declare an emergency whereby the provisions of the Public Competitive Bidding Act of 1974 with reference to notice and bids shall not apply to contracts less than Seventy-five Thousand Dollars ($75,000.00) in amount; provided, such authority of the Department of Transportation and the Oklahoma Turnpike Authority shall not extend to any contract exceeding Seven Hundred Fifty Thousand Dollars ($750,000.00) in amount and such authority of the Department of Corrections shall not extend to any contract exceeding Two Hundred Fifty Thousand Dollars ($250,000.00) in amount for situations in which the emergency impacts the conditions of confinement, health and safety of correctional officers and inmates in the custody of the Department of Corrections.

C. Upon approval of a two-thirds (2/3) majority vote, the Oklahoma Conservation Commission may delegate to the Executive Director the authority to declare an emergency and set a monetary limit for the declaration. The provisions of this subsection may only be used for the purpose of responding to an emergency involving the reclamation of abandoned coal mines or the repair of damaged upstream floodwater retarding structures.

D. A. Sections 13 through 17 of this act shall be known and may be cited as the “Delinquency and Youth Gang Intervention and Deterrence Act”.

B. The Legislature recognizes that the economic cost of crime to the state and communities continues to drain existing resources, and the cost to victims, both economic and psychological, is traumatic and tragic. The Legislature further recognizes that many adults in the criminal justice system were once delinquents in the juvenile justice system. The Legislature also recognizes that the most effective juvenile delinquency programs are programs that not only prevent children from entering the juvenile justice system, but also meet local community needs and have substantial community involvement and support. Therefore, it is the belief of the Legislature that one of the best investments of scarce resources available to combat crime is to counteract the negative social and economic factors that contribute to criminal and delinquent behavior by engaging youth, at an early age, in positive programs and opportunities at the local, neighborhood and community level.

C. For the purpose of reducing the likelihood of later involvement in criminal or delinquent activities, the intent of the Legislature in enacting the Delinquency and Youth Gang Intervention and Deterrence Act is to provide for school, school-related and after-school programs for children in grades 1 through 12, and their families, who live in at-risk school districts, neighborhoods and communities and to aid all communities in developing delinquency prevention and early intervention programs and activities. B. The Office of Juvenile Justice, with the assistance of and information provided by the Oklahoma Commission on Children and Youth and the Oklahoma State Bureau of Investigation, shall establish criteria for:

1. Identifying at-risk neighborhoods, school districts, communities and specific areas within school districts and communities for the purposes of determining eligibility for any grants for at-risk areas available pursuant to the Delinquency and Youth Gang Intervention and Deterrence Act; and

These boards may employ and commission campus police officers and may designate uniforms, badges and insignia to be worn by such officers and displayed on vehicles or other equipment of the department. Campus police departments shall use the following words or phrases, alone or in any combination, in conjunction with the uniform, badges, insignia or on vehicles utilized by these departments: university police, university public safety department, campus police department, campus police officer, campus public safety department, campus public safety officer, airport officer, airport police officer, airport security officer, airport public safety officer or any standardized title such as director, chief, major, captain, lieutenant, sergeant, or corporal. Such commission also may be suspended or revoked by the district attorney in whose district the officer is employed for cause related to the campus police officer’s ability to exercise the powers of such commission in the interest of public security or suspended or revoked by the district attorney upon conviction of the campus police officer for larceny, theft, embezzlement, false pretense, fraud, any nonconsensual sex offense, any offense involving a minor as a victim, any offense involving the possession, use, distribution or sale of a controlled dangerous substance, or any offense involving a firearm. The commission of a campus police officer convicted of a felony or of a crime involving moral turpitude shall be revoked by the district attorney upon conviction. 2. Contracting with municipalities to authorize their local municipal police department, or with retired commissioned police officers to provide security services; or

Section 1460. Mutual Assistance Agreements.

Municipalities and county sheriff departments having overlapping or concurrent jurisdiction with a proposed campus police department, may enter into agreements with the proposed campus police department recognizing jurisdictional boundaries and providing for mutual assistance. Any such agreements shall be executed by the governing boards of the educational institution and the governing body of the municipality or sheriff, and shall not serve to prevent other law enforcement agencies from having concurrent or overlapping jurisdiction. Nothing in this act or any action pursuant to this act shall be deemed to create an agent-principal relationship between any campus police officer and any municipality or county. (74-360.20)

Section 1461. Miscellaneous Provisions.
