  - contact state.aid@sde.ok.gov

OKLAHOMA Education

Students graduating in 2023

- We are seeing quite a few districts that are reporting students as graduated with a standard diploma in 2023 and the student is still enrolled in this school year.
- In October/November, Accountability will be conducting the cohort graduation report for SY 2023.
- For Accountability purposes, any student currently enrolled in membership will not be counted as a graduate regardless of the 2023 exit code (DVRs may still be submitted if the enrollment is at another district and the graduating district can show they did what they were supposed to do).
