In order to graduate with a diploma, the student must satisfy the **local school district's policy** or requirements on graduation as they relate to state assessment(s).

- For purposes of complying with state and federal law, annually local school districts must **administer** the state/federally required assessments **to all students**, and measure the achievement of not less than 95% of all students and each subgroup of students.
  - Seniors who have not taken a U.S. History test may participate in the **U.S. History Formative Assessment** or the US History test form found on the WAVE under **Resources** then **Documents**.

- **District policy** will determine assessment graduation requirements for students enrolled as an 11\(^{th}\) grader but did not participate in one or more of the Grade 11 CCRA assessments.
Assessment Graduation Guidance for Classes 2019 & 2020

• There may be cases where a student, including an alternative education student, is promoted in such a way that he/she is never enrolled in the 11th grade. In these cases, districts will be responsible for providing students with an opportunity to participate in the Grade 11 CCRA assessments.

• Student Transcripts: At a minimum, schools must transcript the Grade 11 OPI scores for ELA Composite (SAT/ACT), Math (SAT/ACT), Science Content (*OSTP), and U.S. History (*OSTP) as well as any business/industry endorsements.

  • Currently, the OPI scores for SAT/ACT ELA & Math are available in the SDE Single Sign-On in the Accountability Reporting application.

* The Spring 2018 CCRA Science test was a field test and participation status may be indicated on the transcript to meet this requirement or the OSTP Grade 10 Science score may be utilized, if available.

* Participation in either the Formative Assessment, U.S. History test on the WAVE, or the US History EOI may be indicated on a student’s transcript to meet participation requirements.

See 70 O.S. §Section 1210.508 (E)-(F)
