

ATTACHMENT A

This Solicitation is a Contract Document and is a request for proposal in connection with the Contract awarded by the Office of Management and Enterprise Services as more particularly described below. Any defined term used herein but not defined herein shall have the meaning ascribed in the General Terms or other Contract Document.

PURPOSE

The Contract is awarded on behalf of the Oklahoma State Department of Education (OSDE) for a comprehensive data management system that will serve as a centralized platform for the collection, storage, processing, and reporting of educational data for all OSDE stakeholders, including state agencies, schools and districts, and others responsible for education accountability and research.

BACKGROUND

The OSDE created the initial longitudinal data system 10 years ago. Over the past ten years, technology has changed, and the overall infrastructure and way the OSDE collects data causes challenges that an updated technology stack would fix. Additional challenges and the need for modernization include data collection and reporting, more vital collaboration between suppliers, and an outdated infrastructure and data model.

1. Contract Term and Renewal Options

The initial Contract term begins on Date of Award and is in effect for one year, and there are four (4) one-year options to renew the Contract.

2. Scope of Work

Certain Contract requirements and terms are attached hereto as Exhibit 1 and Exhibit 2 and incorporated herein.
