**SOLICITATION NO. EV00000396**

This Solicitation is a Contract Document and is a request for proposal in connection with the Contract awarded by the Office of Management and Enterprise Services as more particularly described below. Any defined term used herein but not defined herein shall have the meaning ascribed in the General Terms or other Contract Document.

**PURPOSE**

The Contract will be awarded on behalf of the Oklahoma State Department of Education (OSDE). The intent of this Request for Proposal (RFP) is to select and contract with one vendor for a state-wide screening assessment for risk of reading difficulty, including characteristics of dyslexia, in the elementary grades. The Reading Sufficiency Act requires that all Kindergarten through Third-(K-3) grade students in Oklahoma Public Schools be screened for reading difficulty, and students in grades Fourth and Fifth (4<sup>th</sup>-5<sup>th</sup>) who are struggling with reading continue to be screened to measure progress. Currently, Oklahoma districts are required to select a screening assessment from a list approved by the Oklahoma State Board of Education. Current contracts for screeners are between districts and the vendor. This contract is to provide a state-provided screening assessment for districts to use that will allow for common data and integration with a statewide database.
