

Developmental Profile-3 (DP-3) Training

Practice Test:

WPS has given SoonerStart **50 FREE PRACTICE TEST**. There are **150 users**. So, if you absolutely need to administer a practice assessment, you may do so now. Please log into the WPS system and administer **1** practice child. If you feel you have a handle on the DP-3 Assessment through the training and the below tools, please do not attempt a “practice child” and save those resources for someone with a need. I will let staff know when we have reached our maximum amount. You may start your practice now.
