What is your career goal?

What are the benefits/drawbacks, for you, to going to college vs learning a trade vs entering the workforce right after graduation? (can include going to the military)

If money and time were not an issue, what would you choose to do to prepare for adulthood and providing yourself with income after you graduate from high school?

What else can we do at ELKS Academy to help you make decisions about life after High School and preparing you to meet your goals?
