The Lindsey Nicole Henry (LNH) Scholarship Act requires, in part, that participating schools are located in Oklahoma and meet certain criteria prior to being approved. The school must provide supporting documentation that demonstrates compliance that will be reviewed by the State Board of Education (SBE) during the approval process. In many cases, the required documentation can be found in the school policies and/or school handbook.

The SBE shall approve a private school as eligible to participate in the scholarship program upon determination that the private school meets the following:

- 1. The private school must demonstrate fiscal soundness by having been in operation for one (1) year or providing the SBE with a statement by a certified public accountant confirming that the private school desiring to participate is insured and the owner or owners have sufficient capital or credit to operate the school for the upcoming year by serving the number of students anticipated with expected revenues from tuition and other sources that may be reasonably expected. In lieu of a statement, a surety bond or letter of credit for the amount equal to the scholarship funds for any quarter may be filed with the Oklahoma State Department of Education. Proof of compliance required.
2. The private school must comply with the antidiscrimination provision of 42 U.S.C. § 2000d. Proof of compliance required.
3. The private school must meet state and local health and safety laws and codes. Proof of compliance required.
4. The private school must be academically accountable to the parent or legal guardian for meeting the educational needs of the student. Proof of compliance required.

5. The private school must employ or contract with teachers who hold baccalaureate or higher degrees, or have at least three (3) years of teaching experience in public instruction in subjects taught. ***Proof of compliance required. A statement or excerpt from the school policies or handbook stating the educational requirement for the teaching staff is acceptable documentation.***
6. The private school must comply with all state laws relating to general regulation of private schools and adhere to the tenets of all published disciplinary procedures prior to the expulsion of a scholarship student. ***Proof of compliance required.***
7. The private school must meet the accreditation requirements set by the SBE or another accrediting association approved by the SBE. ***Submit proof of accreditation and list accreditation information in the box below.***

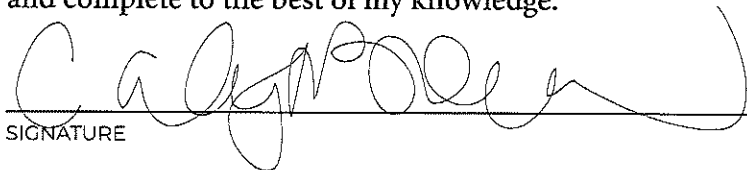

We have Foundational Accreditation through ACSI. Our letter verifying Accreditation is attached to this email.

8. The private school must be able to provide services and/or accommodations for students with disabilities. ***Please describe in detail the services, programs and support you offer to students with disabilities in the box below.***

Students at FHS are allowed the opportunity to work at their own pace and start at the level they test in at. FHS also has a Special Education teacher who offers testing and services in a classroom setting. Students who qualify for services are worked with one on one, in small groups and in whole group mainstream classroom settings depending on their level of need. We also have a Special Service building where there is a quiet classroom environment available. Private tutoring from a Take Flight reading specialist is available for those who could benefit from these services. We contract with Oklahoma Pediatric Therapy Center. They provide Speech, Occupational and Physical Therapy services. Our Special Education teacher provides Individualized Service Plans for those who need special services.

I verify that For Heaven's Sake Christian Child Development Center complies with all the criteria listed

Criteria 5: Teacher Requirements

FHS Faculty/Staff Qualifications and Expectations

Our Head of School and Dean of Students are required to have a minimum of a Bachelor's Degree. Our Lead Teachers are required to have a Bachelor's Degree in our K-8th grade classes. Our EE Lead Teachers are required to have an associates degree. All of our teachers are required to be compliant with ACSI certification regulations and requirements.

Discipline

The primary goal of the discipline program at FHS is to help a child become responsive and obedient to God and His written word as the final authority in all matters (Psalm 119:11; Heb. 12:6-11). We must help our students learn to discern the difference between God's Law and man's practices and then act to choose God's way so that they may grow in wisdom and prosper (Prov. 29:15). The ultimate goal of the "discipline process" is to help the student learn "self-discipline." To recognize the need for correction, obey, and finally exercise proper authority is a major characteristic of a successful person. We believe that education is best accomplished when there are consistent behavioral standards. We believe that a minimum number of behavioral rules are necessary to allow students and teachers to live and work together in a peaceful, orderly environment. Students are actually happier when there are clear rules that are consistently and fairly enforced, for then the students know what is expected of them.

A positive approach to discipline with positively stated expectations, positive reinforcement, and positive communication is practiced throughout the school. Children are guided to make responsible choices and assume responsibility for their own actions. Each classroom establishes expectations and appropriate consequences that are clearly understood by all. The emphasis is directed toward what the child is expected to do and encouraged. We explain correct/appropriate actions and expectations. We allow time to mature and grow in abilities and self control while recognizing

Criteria 6: Disciplinary Procedures

all children mature at their own pace. We modify expectations based on abilities when needed.

True Discipline follows a "5-fold" process:

- (1) Instruction
- (2) Correction
- (3) Consequence
- (4) Repentance
- (5) Restoration

The administration of FHS is committed to this process. Every teacher is responsible for discipline at all times, in all parts of the building, on the playground, and while on field trips even when parents are present. Teachers have full authority and responsibility to correct student behavior whenever such correction is necessary. Students and parents are asked to abide by the discipline policies.

"Train up a child in the way he should go, Even when he is old, he will not depart from it." Proverbs 22:6

Discipline Policy

Whenever possible, the teacher will attempt to work out a problem with the student, without administrative involvement. Each teacher will enforce basic classroom/property rules and encourage good behavior and discourage

Criteria 6: Disciplinary Procedures

inappropriate behavior. A student will know in advance the consequences for disobeying the rules. Each case of misconduct will be handled on an individual basis. The student will be given a chance to explain his version of the facts. Video Surveillance will be used and viewed by FHS staff only when needed for clarity. If we feel the video surveillance needs to be viewed regarding an occurrence we will include four admin staff positions to view to give fair representation of the situation. The corrective measures to be employed to help the student correct his misconduct will be determined by the teacher and/or administration. Examples of corrective measures that will typically be employed are as follows:

1. Student-Teacher Conference
2. Student-Administrator Conference
3. Parent-Teacher Conference
4. Parent-Teacher/Administrator Conference (in person or by phone)
5. A discipline contract with a written plan for resolution
6. Removal of privileges or partial recess
7. Lunch Detention
8. School Suspension
9. Expulsion

A written Incident/ Injury form will be sent home as needed. Parents will sign and return to school.

Every effort will be made by the school to keep parents informed when there is a problem or when any disciplinary action is taken.

Parental Support

Criteria 6: Disciplinary Procedures

Especially in matters of discipline, there may be times when you or your children will have questions about a particular incident or decision. When this happens please keep the following things in mind:

1. Please encourage your child to love and accept others at all stages and to give grace.
2. Until you have heard both sides of the story, please give the staff the benefit of the doubt.
3. Realize that the child's reporting of the information is from a child's perspective.
4. Help us enforce to the child that there are reasons for all rules and that they are enforced without favor. Never criticize the school in front of the child or others.
5. Support the administration and call us for all the facts.

Concerns/Issues

Express it promptly. Keeping a grievance to yourself will only cause bad feelings and friction between you and the school. We cannot appropriately address a situation if we are not aware of it. According to the Matthew 18 principle, complaints should first be discussed with the specific individual involved. Telling someone else will cause a negative undercurrent and will not solve the problem. Please go to the school Administrator with any concerns or issues. Please do not discuss on Group Me or in a large group. Please private message or call

Criteria 6: Disciplinary Procedures

admin directly with concerns. Please speak only on the behalf of your child. If others come to you with concerns, encourage them to address all concerns with FHS administration.

Criteria 7: Accreditation
