State Systemic Improvement Plan

K-3
Family Newsletter
February Edition

Folding In Strategy

<u>When do I use this strategy?</u>
This strategy can be used when practicing sight words or letter names/sounds.

<u>How do I use this strategy?</u>

1. Create 10 flashcards with 7 known words/letters/sounds and 3 unknown.
2. Shuffle the deck and present each card to student asking "What is this [letter, sound, word]?"
3. If the student can not name within 3 seconds it remains in the unknown pile.
4. When the student can complete the deck 3 sessions in a row, update the deck.

Family Connection

The folding in strategy uses flash cards to increase the rapid recognition of sight words and letter names/sounds by slowly incorporating the known cards with the unknown cards.

What is my school doing this month with this plan?

K-3 teachers are broadening their knowledge on how to support evidence based reading instruction in their classroom.
