2023-2024 OAAP Update; August 14, 2023

This update will cover:

- Updates to the Test Administrator Training Information
- Curriculum Maps
- Professional Development
- DLM Reminders

Updates to the Test Administrator Training Information

Test Administrator training is open in Kite Educator Portal. Educators can now access the training by logging into Kite Educator Portal and selecting the Training tab. Below are links to the required training for new and returning test administrators. Please note the training is listed in the order it appears on the lists below. Once the first course is complete, the next course will populate. When you see your certificate of completion you will know you have completed all the required training!

The DLM system will only assign training courses to users assigned a teacher role in Educator Portal. District administrators who would like to complete DLM training must assign themselves a teacher role.

- All training must be completed before administering the DLM assessment.
- Each post-test must be completed with a score of 80% or better. All post-tests must besuccessfully completed for the entire training course to be complete.

Curriculum Maps

Curriculum Maps aligned to the Essential Elements can be found on the OAAP webpage. There are currently curriculum maps aligned to elementary and middle school Essential Elements.

Professional Development

Dynamic Learning Maps offers many valuable professional development resources on their website. We will feature a training in each update that educators may wish to pursue. The first course we are introducing this month is called Beginning Communicators. This course focuses on symbolic and non-symbolic forms of communication, pre-intentional and pre-symbolic communicators, identifies sources of support for building communication skills.

- Beginning Communicators Self-Directed Learning Module

- Beginning Communicators Facilitated Module Materials

DLM Reminders

- Information about a new button in Kite Educator Portal. Under the User tab there is a button labeled "Remove." Please only use this button for Users who retire from your district.
- Subscribe to DLM Test Updates.
- The Kite Student Portal will be the same version that was used in the 2022-2023 school year.
- All user accounts in Kite Educator Portal must be current. Please mark users who are no longer associated with your district for the current school year as inactive. If you utilize the User Upload Template, please use the new templates as there have been many updates to Educator Portal. The User Upload Template is located on Kite Educator Portal under Users on the Upload Users tab.
