**PARENTS RIGHT-TO-KNOW LETTER - ENGLISH LEARNERS**

*\*This letter should be sent to parents/guardians of identified English Learners not later than 30 days after the beginning of the school year, or during the first 2 weeks of the child's placement in a language instruction educational program.*

[LEA Letterhead]

Date:

Dear Mrs./Mr. \_\_\_\_\_,

[DISTRICT] Public Schools wishes to inform the parent(s)/guardian(s) of [STUDENT NAME] that your student has been identified for participation in our district's English Learner (EL) program.

Your student participated in EL placement testing after review of their Home Language Survey and/or after teacher recommendation indicated they should be assessed for EL status. Upon review of their EL placement testing scores, your student was awarded EL status and will receive special services to help them in learning the English language.

The attached English Learner Academic Plan (ELAP) outlines the following information:

- *Your student's current level of English proficiency*
- *The services your student will receive as an identified EL*
- *The language learning targets your student will be working toward over the coming year*
- *The expected amount of time it will take for your student to exit EL status based on their current level of English proficiency*

To exit EL status, your student must score as English proficient on the state English Language Proficiency Assessment. Your student will continue to receive EL services until this score has been reached.

As parent or guardian, you have the right to have your student immediately removed from our EL program, but please understand that removing your student from the program will not remove their EL status. Students identified as EL will remain so until they score English proficient on the yearly English Language Proficiency Assessment.

Information regarding expected rates of graduation for English Learners is available at [www.oklaschools.com](http://www.oklaschools.com).

[DISTRICT] Schools welcomes any questions or concerns you may have about this letter. Please feel free to contact [DISTRICT/SITE STAFF] at [PHONE NUMBER] at your convenience.

Sincerely,

School Principal

- Nivel actual de inglés de su estudiante
- Los servicios que su estudiante recibirá como EL

**PROFESSIONAL DEVELOPMENT REGULATIONS**

The 1981 Fifth Circuit Court of Appeals case *Castañeda v. Pickard* established three criteria for determining whether an LEA met the requirements of the Equal Educational Opportunities Act of 1974 (EEOA). LEAs serving English learners must meet the following requirements: (1) have an English language program based on sound educational theory; (2) effectively implement the program with resources for personnel, instructional materials, and space; and (3) after a trial period, the program must be proven effective in overcoming language barriers.

Since the *Castañeda v. Pickard* decision requires LEAs to both choose a program and effectively implement it, any LEA serving one or more EL students is required to implement local professional development initiatives aligned with the chosen model of intervention.

The district boards of education of this state shall establish professional development programs for the certified teachers and administrators of the district. Programs shall be adopted by each board based upon recommendations of a professional development committee appointed by the board of education for the district. *[O.S. 70-6-194]*

Per *O.S. 70-6-194*, each professional development committee shall annually utilize a data-driven approach to analyze student data and determine district and school professional development needs. The professional development programs adopted **shall** be directed toward development of competencies and instructional strategies in the core curriculum areas for the following goals:

1. Increasing the academic performance data scores for the district and each school site;
  2. Closing achievement gaps among student subgroups;
  3. Increasing student achievement as demonstrated on state-mandated tests and the ACT;
  4. Increasing high school graduation rates; and
  5. Decreasing college remediation rates.
6. Each program may also include components on classroom management and student discipline strategies, outreach to parents, guardians or custodians of students, special education, and racial and ethnic education, which all personnel defined as teachers in Section 1-116 of this title shall be required to complete on a periodic basis.
