

OKLAHOMA STATE DEPARTMENT OF EDUCATION State Systemic Improvement Plan

K-3

Family Newsletter
October Edition

Literacy

What does literacy mean?

The National Literacy Trust defines literacy by stating: "Literacy is the ability to read, write, speak and listen in a way that lets us communicate effectively and make sense of the world."

What makes up literacy?

Literacy is made up of the following components: Oral language, phonological awareness, phonics, vocabulary, and comprehension.

Why is literacy important?

Literacy skills are the foundation of all learning. Literacy helps children understand the world and the people around them. These skills will benefit children as they navigate their life in and out of the classroom.

Family Connection

Children need families to be their literacy role models with consistent opportunities to practice and navigate their literacy skills.

What is my school doing this month with this plan?

K-3 teachers are attending a data retreat to gain a deeper understanding in how to use your child's literacy data to guide instruction and help them reach their goals.
