

OKLAHOMA STATE DEPARTMENT OF EDUCATION

State Systemic Improvement Plan

K-3

Family Newsletter September Edition

Sight Words & High Frequency Words

What are sight words?

Sight words are words that a person can read or recognize with no hesitation or sounding out.

What are high frequency words?

High frequency words are the words that a person comes across frequently when reading. Once high frequency words can be recognized instantly, they become sight words.

What are some strategies I can use with my child at home?

Activities discussed in past editions of the newsletter such as "Folding In" and "Elkonin Boxes" help students analyze and recognize words when they come across them, which help the words become sight words.

Family Connection

Sight word and high frequency word vocabularies are different for everyone dependent on the words they have been exposed to. The more you read with your child at home the more they will be exposed to words that will become part of their sight word vocabulary.

What is my school doing this month with this plan?

K-3 teachers are broadening their knowledge on how to support evidence based high-frequency word instruction in their classroom.

Boletín familiar

Edición de Septiembre

Palabras visuales & Palabras de alta frecuencia

¿Qué son las palabras de vista?

Las palabras de uso frecuente son palabras que una persona puede leer o reconocer sin vacilar ni pronunciar.

¿Qué son las palabras de alta frecuencia?

Las palabras de alta frecuencia son las palabras con las que una persona se encuentra con frecuencia al leer. Una vez que las palabras de alta frecuencia se pueden reconocer instantáneamente, se convierten en palabras de uso frecuente.

¿Cuáles son algunas estrategias que puedo usar con mi hijo en casa?

Las actividades discutidas en ediciones anteriores del boletín, como "Doblar hacia adentro" y "Cajas de Elkonin", ayudan a los estudiantes a analizar y reconocer palabras cuando las encuentran, lo que ayuda a que las palabras se conviertan en palabras visuales.

Conexión familiar

Los vocabularios de palabras a la vista y de palabras de alta frecuencia son diferentes para todos dependiendo de las palabras a las que han estado expuestos. Cuanto más lea con su hijo en casa, más estará expuesto a palabras que se convertirán en parte de su vocabulario de palabras visuales.

¿Qué está haciendo mi escuela este mes con este plan?

Los maestros de K-3 están ampliando su conocimiento sobre cómo apoyar la instrucción de palabras de alta frecuencia basada en evidencia en su salón de clases.
