Transition Goal

Each of the checks above represent \_\_\_\_ Credit. Therefore I have \_\_\_\_ Credits.

It takes \_\_\_\_ credits to graduate. This puts me:

- On track to graduate  
 On track to graduate early  
 Not on track to graduate. I have some catching up to do

I am also required to have completed 14 areas of instruction in Personal Financial Literacy.

- I have already done this. So this requirement is complete  
 I still need to do this. This is what I need to do to complete this requirement (Describe)

I am also required to receive instruction in CPR and AED.

- I have already done this, so this requirement is complete  
 I still need to do this. This is how I will meet this requirement. (Describe how you will meet this)

Oklahoma also requires that I take the ACT test

- I have taken this test already       I have not taken this test. I will need to take it when \_\_\_\_

In addition to the ACT test, I also have to take a science test and a history test.

- I have already taken both of these.    I have not taken these tests. I will take them \_\_\_\_.

There is one other requirement for Graduation. The state of Oklahoma says that I will need to have an ICAP. The ICAP is a plan for career exploration. Let me tell you about my ICAP.

Right now I am taking \_\_\_\_ classes and if I pass everything this trimester I will earn an additional \_\_\_\_ credits. We can look at my current grades here. (Show grades).

Questions for parents to ask:

1. Why are there two of most classes, such as algebra I and English 9?
2. How many credits will you have at the end of the year?
3. What does "Core Plan" mean?
