

SOONERSTART

Transition Planning Conference Completed LEA Unavailable or Not in Attendance

LEA/School District Information		
LEA/School:	School Contact Person:	
Address:	Phone Number:	
EdPlan Information		
Child ID #:	Child STN:	
Contacting the School		
<ul style="list-style-type: none"> I consent to the delivery of EI services by virtual visits over a computer, tablet, or smart phone between SoonerStart EI professionals and my family/child. I understand that the availability of virtual visits will depend on the type of technology, devices, or system requirements used. Upon contacting the school, parent/caregiver will need to request that their child be assessed/evaluated to determine eligibility for Part B services. The consent for evaluation should be requested and signed by the parent/caregiver as soon as possible after contacting the school. Parent/caregiver should inform the school that their child had been receiving SoonerStart services immediately prior to their 3rd birthday and that the SoonerStart record was shared through EdPlan. The EdPlan Child ID and Child STN numbers for identification purposes are listed above.
