

# Teacher Exit Survey

## Information Sheet

Thank you for your service to the Oklahoma public school system. Since your employment with a school district is ending, we invite you to participate in a brief exit survey. This survey will provide us with insight about your experiences, both good and challenging, and help state-level and district leaders develop and implement effective teacher recruitment and retention strategies.

To facilitate the collection of information, the Oklahoma State Department of Education (OSDE) has developed this exit survey to be used by teacher employees of all districts/ schools regardless of their Full Time Equivalent (FTE) status. Employing the same survey tool across all districts will allow comparability of the resulting data.

This survey is developed with Qualtrics to enhance our future state planning for teacher retention. **Please access the survey by clicking [here](#).**

Your responses will be **anonymous** and will not be associated with any personnel data file. Exit data from all departing employees will be combined and presented in summary reports only.

We appreciate your willingness to participate in this exit survey!

Sincerely,  
Oklahoma State Department of Education
