New Single Sign-On Password and Account Policy Implementation

- Be proactive and don't get caught at a time you need quick access to SSO.

- Any password older than 90 days will expire and must be reset on Nov 1st.

- This does not affect Wave affiliates accounts, but you will need to sign in to SSO before you can sign into your affiliates account.

Accountability Reporting

- 2024 data is now available
- Look at your Postsecondary Coursework for 2023
- If not correct we may be able to use Student Academic Record, only if you sent 2 grades
- Supplement Postsecondary Opportunities Coursework Review Window for SY22-23 is now open and will close on Thursday, September 7th, at 4:30 PM.
- We will be using data through Student Academic Record object to supplement existing course information.

Accountability Reporting

- For a summary of eligible course and guidance <u>click here</u>.
- If a student is not receiving a point for an eligible course that they completed(received a D or higher in all term grades), it may be due to at least one of the following reasons:
  - The state course code or instructional level is correct
  - One or more term grades are missing
- If either is true, please first verify that all information is correct in your SIS, if correct you may submit a DVR.

Accountability Reporting

- The DVR must include information about what needs to be corrected.
- If your SIS vendor is sending us Student Academic Record, we will work with you to get the missing information from this object.
- **Please note:** In order to make corrections during this review window, you must be sending the Student Academic Record object to the WAVE. If you have any questions regarding submitting this object, contact <u>studentdatainfo@sde.ok.gov</u> .

Accountability Reporting

- Infinite Campus Users – IC has an update that is needed to fix StudentAcademicRecord StudentGradeLevelWhenAccessed
- If you are a district that needs to use Student Academic Record-this update is necessary.
- DVRs for dropout and graduation enrollments will be available soon.
- Students on the dropout list have not enrolled in another Oklahoma school. DVRs will allow corrections for out-of-state or private school enrollments.

Medicaid Wave Warning

- Districts need to confirm they are sending the correct value
- If you have an approved app for "Free" it is ok to be in conflict with Direct Cert
- A warning means to check and see if what is showing in the Wave is what you expect to see
- Warnings do not prevent data from going to state reports
- Errors must be corrected as they will block students from state reports
