

# 2021-2022 OAAP Update; December 13, 2021

This update will cover:

- Student information reminder
- Blueprints information
- Professional Development Opportunities

## Student Information in Kite

\*\*\* Go into Kite and confirm that the demographic information and grade level is accurate for each student that is being assessed as that determines the assessment they are given. \*\*\*

## Friendly reminder!

There are 3 months left of instructional opportunities prior to the window opening to administer the OAAP. Let's make those months count! We know and appreciate the hard work you put in to instruct your students on the Essential Elements. Listed below are links to the Essential Elements that are being tested for each subject area. Please look at the Blueprints and adjust your instruction accordingly so that your students have been instructed on these standards during the 2021-2022 school year. If you are having trouble or need guidance please reach out. My contact information is listed at the bottom of this update.
