CHILD NUTRITION PROGRAMS FEDERAL REGULATION PROHIBITIONS

9/25/2013

Child Nutrition for Charter Schools

- **Institutions cannot participate unless there is a PHYSICAL PLACE where meals will be served.**
- **Free/Reduced-Price Applications MUST NOT be distributed by institutions that DO NOT serve meals to their students.**

CHILD NUTRITION PROGRAMS ITEMS TO THINK ABOUT...

- All Child Nutrition Programs are voluntary.
- Does the charter want to offer meals to its students? If so, which meals?
- If meals are offered, is each site going to be self-operating or will meals be contracted?
- How much will the charter school charge its paying students, adults, and contracted entities?

SELF-OPERATING VS. CONTRACT MEALS

- Charter may contract with a school district participating in Child Nutrition Programs that is not under a Food Service Management Company (FSMC) contract. Federal procurement regulations *DO NOT* have to be implemented.
- Charter *IS NOT* allowed to contract with a school district that is under a FSMC contract unless the school district wants to re-bid its FSMC contract to include the charter.
- Charter may contract with a FSMC directly. Federal procurement regulations must be implemented.

PARTICIPATION REQUIRES...

- **Completion and Approval of Application/ Agreement/Policy Statement**
- **Distribution and Approval of Free/Reduced Applications**
- **Participation in Direct Certification**
- **Issuance of free/reduced benefits to families**
- **Serving meals which meet requirements**
- **Counting meals by type and by category daily**
- **Record keeping requirements—Daily and Monthly**
- **Numerous Reports**

FUNDING

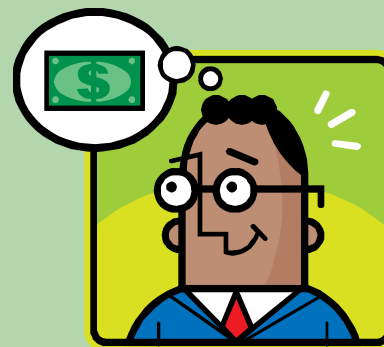

○ Year #1:

- Federal reimbursement for meals served and claimed for reimbursement
- Commodity allocation from Department of Human Services—Must give estimated meal counts

○ Year #2:

- Sites are eligible to apply for After School Snack Program (Enrollment is 50% Free/Reduced eligibles in previous October.)
- Charter receives State Match funding (Based on total lunches served in previous year)
- Elementary sites are eligible to apply for Fresh Fruit/Vegetable Program.

FUNDING--CONTINUED

○ Year #3:

- Sites are eligible to participate in Severe Need Breakfast (Second preceding year—School site serves at least 40% of its lunches to Free/Reduced students.)
- Charter is eligible to receive additional 2 cents for lunches served (Second preceding year—Charter serves 60% of its lunches to free/reduced students.)

CHILD NUTRITION FUNDING DEPOSITS

- Charters sponsored by a public school—Deposits are made directly to the charter school account.
- Charters sponsored by a university—Deposits are made to the university account.

REQUIRED RECORDS

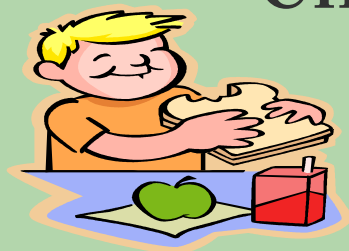

- **Renewal Application/Agreement/Policy Statement**
- **Documentation and rosters of eligible students**
- **Daily edit checks by site—Meal counts by meal type and by category (Free/Reduced/Paid)**
- **Daily food production records by site**
- **Verification Records**
- **Monthly claims for reimbursement**
- **Monthly inventory by site**
- **Invoices/Receipts**
- **Procurement Plan**
- **Wellness Policy**
- **HACCP Plan**

REQUIRED REPORTS

- **Food Safety Inspection Report—Each site pays the Health Department \$100 per year for inspections.**
- **Low Income Report**
- **Verification Report**
- **Paid Lunch Equity Report**
- **Non-Program Food Expenditure/Revenue Report**
