## EL Accommodation Changes

**Entire document:** The term English Language Learner has been changed to reflect the new ESSA term, English Learner (EL), throughout the document.

**Page 2, Eligibility for OSTP EL Accommodations:** Updated to reflect that the LIEP (Language Instruction Education Plan) is now referred to as the ELAP (English Language Academic Plan).

**Page 2, Overview of Exemptions from OSTP Assessments Available to EL Students table:** Outlined new Accountability guidelines related to EL OSTP testing, including that all ELs will take all appropriate grade level tests their first year in the U.S., but these scores will not count toward accountability measures and will only serve to establish a baseline for future accountability measures. It further outlined that OSTP scores for ELs in their second year in the U.S. will have their scores counted using a progress measure using their first year's scores as baselines. Finally, it states that in their 3<sup>rd</sup> year of U.S. testing, ELs' OSTP scores will fully count toward district accountability measures.
