Dear Educator:

The Oklahoma State Department of Education is excited to provide to you the *5th Annual Red Banner Book* as a resource to help you stay informed of state education legislation.

New laws that emerge from legislative session each year can be overwhelming. The impact on districts, schools and classrooms across Oklahoma can be significant or minimal, immediate or delayed, positive or troubling – but there is one constant: You need to know the law.

This book is not intended to be all-inclusive nor serve as legal advice, but it will give you a general overview of this year’s new laws and legislative actions affecting public education.

This year it is our pleasure to report that the Legislature approved the largest budget for common education in state history – more than $3 billion – including an increase in funding to the state aid funding formula. The amount also provided the second consecutive pay raise for certified educators that on average will increase their annual salary by $1,220. (H.B. 2765 and S.B. 1048). In addition, for the first time the Reading Sufficiency Act will be fully funded at $12 million (S.B. 1048).

Thank you for your service to the children of Oklahoma. You already have so much to navigate, and an onslaught of new requirements doesn’t make things any simpler.

Please remember that the Oklahoma State Department of Education is here to serve you. I hope to hear your questions, concerns and ideas. Never hesitate to get in touch.

Thank you,

Joy Hofmeister
State Superintendent of Public Instruction
