What is the logic behind the report for LEAs?

- **Eligibility for PEBT benefits is based on several factors.**
  - **Requirement #1**
    - **The LEA has at least 5 consecutive days of virtual/ distance/ or reduced in-person learning.**
      - **Using the data submitted through Student Information Systems, OSDE has been determined every LEA in the State met this requirement, prior to Oct 1.**
  - **Requirement #2**
    - **The LEA normally serve meals, outside of COVID-19 protocols.**
      - **The only LEA's that DO NOT meet this requirement are Statewide Virtual LEA's.**

What is the logic behind the report for Students?

- **Requirement #1**
  - Student must be identified within the Student Information System as qualifying for Free or Reduced Priced Lunch. Those status' are:
    - Free
    - Reduced
    - CommunityEligible
    - Provision2
    - Provision3
- **If students do not have a current Free and reduced priced lunch application and would like to update their status', that can be done until June 30th.**

# What is the logic behind the report for Students?

- **Requirement #2**
- **There are 2 different sets of conditions that could determine if a student is eligible for 1 day of PEBT benefits.**

  - **Category 1: Case where student is enrolled with a RVON or RVOFF Basis of Admission**

  - **Category 2: Case where student is enrolled with any other Basis of Admission other than "RBDTD or RBD"**

OKLAHOMA Education

What is the logic behind the report for Students? Category 1 – RVON or RVOFF

- **In the case where a school calendar day is coded:**
    - **CalendarDateType_Code = INST or MKUP or 0848 (Early Dismissal or Late Arrival)**

    AND
    - **Any AttendanceCode with an AbsenceValue of 0.0 or 0.5**

  the day will be counted towards PEBT eligibility

What is the logic behind the report for Students? Category 2 – All Other BoA's

- In the case where a school calendar day is coded:
  - CalendarDateType_Code = INST or MKUP or 0848 (Early Dismissal or Late Arrival)

    AND
  - AttendanceCode for day is DVAP or DVA with AbsenceValue of 0.0 or 0.5

  OR
  - CalendarDateType_Code = INST and CalendarDate_OtherCode = 03

  AND
  - AttendanceCode for day is DVAP or there was not an AttendanceCode sent (default to "Present")

  the day will be counted towards PEBT eligibility

Report Administration

- **Districts and sites should verify the data is correct using the report for 1 month at a time.**
  - Please filter and validate all October data and then move to November data, and so on.
  - If you do not filter by Month first, the report will become very confusing and you will not be able to verify the data.

OKLAHOMA Education

Report Administration

- If the data is inaccurate, please look at free and reduced Status, enrollment, and attendance data in your SIS before contacting OSDE-DIS.

- OSDE will automatically send data to OK-DHS in monthly files. OSDE will do this chronologically.
