ASR continued

- Alt Ed Student View-please verify the students listed under this section are correct. Online data entry is now available but will need to be requested from OSDE. You can contact studentdatainfo@osde.ok.gov or state aid.
- Instructions for the Online Data Entry for your Alt Ed data have been posted on the ASR page.
- Note Section - If you make a note in the note section it will email state aid automatically.
- Contact State Aid at the following email state.aid@sde.ok.gov . You can call Lori @405-522-0139 or Mitzi @405-522-0120.

ASR and Exit Codes

The Annual Statistical Review (ASR) window now serves as the data verification review process for students' exit-related data for SY 2021-2022. Because of this, it is **imperative** that you update exit codes and dates in your local SIS and then **confirm that they are displaying** on the **Enrollments** tab in **Accountability Reporting** for any students who:

- Graduated with a diploma (1921);
- Left before the last day of your school calendar (i.e., parent withdrew student); or
- Left before the last day of school and show an exit code of 9999 on the **Enrollments** tab.
- Students that complete the school year and have blank, Null, or 9999 exit codes will be automatically updated to 3505 to show that they finished the year.

ASR and Exit Codes

- If your data is not correct, it will need to be corrected in your local SIS.
- Please note that this window—in conjunction with ensuring data accuracy within the certified Annual Statistical Report (ASR)—serves as the **only** data verification process for student-level exit-related data prior to SY 2021-22 reporting.
- Requests for changes to a student’s exit code and/or dates will not be considered except in instances where the student’s exit status changed after the last day of school (e.g., you receive a records request during the summer).
- To support this review, please refer to [ASR Exit Codes and Dates Guidance Tool](#) or email us at Accountability@sde.ok.gov.

Postsecondary Opportunities

- Closes 6/30/2022
- The Postsecondary Opportunities report in the Accountability Reporting application replaces the Postsecondary Opportunities report facilitated through the Wave in prior years.
- **NEW** Check the coursework tab to make sure that you are submitting grades using these steps.
- From Student Data click the Coursework tab and then click on the Flat File icon at the top of the spreadsheet

The screenshot shows the Accountability Reporting application interface. At the top, there are tabs for Contact, School Data, Student Data, Reports, Conflicts, and Appeals. Below these, there are more tabs: Assessments, Assessments ELP, Enrollment Graduations, Dropouts, and Coursework. The Coursework tab is highlighted. Below the tabs, there is a navigation bar with 'Records 1 to 100 of 808', 'Prev', '1', '2', '3', '4', '5', '...', '9', 'Next', and icons for download, menu, settings, and refresh. Below the navigation bar is a table with the following columns: STN, First Name, Middle Name, Last Name, Grade Level, Courses, Course Credit, PS Courses, and PS Credit Eligible. The table is currently empty.

- Clicking on the Flat File, expands the spreadsheet to show all of the courses for each student.
- This table also allows you to check that your local SIS is sending grades. If grades are not showing, please work with your vendor.

Transfers

- Your existing transfers can be extended until June 30th.
- Any transfers in your transfer queue that have not been finalized by June 30th will be deleted from the transfer system and the parents will have to reapply.
- Districts will need to report capacity numbers between 15 days prior to any quarter and 15 days after the start of the quarter. Quarter dates are July 1st, October 1st, January 1st, and April 1st.

Virtual District Transfers

- All virtual districts entries must have a virtual transfer started on them.
- This ensures that OSDE can meet statutory requirements to ensure student mobility in and out of virtual charters is no more than 2 transfers into virtual charters per school year.

P-EBT

- Accountability Reporting data is available to review for SY 2021 and 2022.
- Reviewing and correcting the data for FY 2022 will save a lot of time later.
- It would be in the best interest of each district to review FY22 data and make any corrections that are needed, now. Corrections for FY22 data can be made in your SIS.
- The DVR process is coming soon for SY20-21. Once that has been completed, we will work with others within the agency to determine when the SY21-22 DVR will be available for data correction.

Rollover to 2022/2023

- The Wave rollover will begin on July 11th and be down until July 22nd.
- Prior to doing a SIF agent rollover put your zone to sleep. If you are having issues putting your zone to sleep, you can reach out to your vendor or contact studentdatainfo@sde.ok.gov for assistance.

Medium of Instruction 2022/2023

What's the Medium of Instruction and why do we care?

- OSDE will begin to look at the Medium of Instruction for SY22/23.
- It's already being sent to the State.
- State will determine the learning environment based on the course **not attendance records.**
- Please begin to review your data for accuracy!
