Accountability Reporting

- If you have students that left your district for SY 2023 prior to October 1st and you used the wrong exit code creating a dropout. You can correct that exit code since we are in the current year in your SIS.

- Examples of this would be out-of-state transfers, homeschooling, and private school transfers. Since these are current-year students, you must update their exit codes in your Student Information System (SIS).

P-EBT SY 2022

- Communications have been sent to qualifying districts for them to communicate to parents about the parent online form. The form can be accessed at https://sde.ok.gov/pebt.

- OSDE has provided a template that each district can use to message the parents. It will be very important to communicate this quickly as our timeline is very short. You can do this by email or posting a message to your website.

- Parents will only have a 4-week period to make submissions.

P-EBT SY 2022

- OSDE will send a weekly spreadsheet to the districts.

- The spreadsheet will only contain parent requests for each week.

- Districts can begin validating site-wide calendar distance learning/virtual days and creating DVRs for those starting on March 20th.

- Districts can also validate virtual and blended students and create DVRs if needed to correct the basis of admission code of RVON or RVOFF. This may resolve some of the parent's requests proactively.
