Student Status (Optional section)

- ☐ This is the first time since public school enrollment that the student has been placed on an IPRI
- ☐ The K-3 student has previously had an IPRI, but successfully met the grade-level targets and was removed
- ☐ The K-3 student has previously had an IPRI, but has not yet met the grade-level targets

Universal Screening Assessment Approved by the Oklahoma State Board of Education

The student took the following universal screening assessment:

* Approved for universal screening only; not approved for dyslexia screening.

A reading deficiency has been identified based on results from a screening assessment.

Student screening assessment scores for this year are below:

Screening Assessment for Characteristics of Dyslexia Approved by the Oklahoma State Board of Education

The student took the following screening assessment for characteristics of dyslexia:

- | | | |
|-------------------------------------|---|--|
| <input type="checkbox"/> Acadience | <input type="checkbox"/> FastBridge | <input type="checkbox"/> MAP Reading Fluency |
| <input type="checkbox"/> Amira | <input type="checkbox"/> Istation | <input type="checkbox"/> mClass DIBELS 8 th Edition |
| <input type="checkbox"/> Exact Path | <input type="checkbox"/> i-Ready Diagnostic | <input type="checkbox"/> STAR CBM |
- ☐ Screening for characteristics of dyslexia has not yet been completed. Screening will be completed by November 1 (February 15 for kindergarten) and the results will be communicated no later than December 1 (March 15 for kindergarten). An addendum will be attached to this document with the results and any changes that need to be made to the intervention plan.

Results of Screening for Characteristics of Dyslexia

- ☐ Data indicates student is **at-risk** for characteristics of dyslexia at this time.
- ☐ Data indicates student is **not at-risk** for characteristics of dyslexia at this time.

This is a reminder that this screening is **not** a diagnosis of dyslexia. This data indicates the student needs instruction in word recognition skills (e.g., phonemic awareness and/or phonics/spelling) through the intervention process. This does not mean the student is automatically eligible for or needs an Individualized Education Program (IEP) or Section 504 plan under the Individuals with Disabilities Education Act (IDEA).

Additional assessment(s) used for informal diagnostic purposes:

An Individualized Program of Reading Instruction (IPRI) has been created for this student with the goal of improving his/her reading skills in the area(s) of:

|---|--|
| <input type="checkbox"/> Phonemic awareness | <input type="checkbox"/> Vocabulary |
| <input type="checkbox"/> Phonics | <input type="checkbox"/> Comprehension |
| <input type="checkbox"/> Reading Fluency | |

Based on the data, the student will receive supports at the following level of intensity:

- ☐ Tier 1 + Differentiation: (targeted instruction based on the needs of the student)
- ☐ Tier 2: Supplemental Instruction (required time in addition to core instruction as fits the needs of the student; 15-30 minutes of reading intervention recommended)
- ☐ Tier 3: Intensive Intervention (required time in addition to core instruction as fits the needs of the student; 45-60 minutes of reading intervention strongly recommended)

The student will receive collaborative services through: (check all that apply)

No Social Promotion

The Individualized Program of Reading Instruction shall continue until the student is determined by the results of an approved reading assessment to be reading on grade level. The student will not be promoted to the fourth grade if requirements for one of the following options are not met:

- Meets RSA Criteria on the Oklahoma State Testing Program (OSTP) at the end of third grade.
- Meets the end-of-year grade-level target for third grade.
- Meets requirements for one of the good-cause exemptions.
- Promoted with probation by a unanimous decision of the Student Reading Proficiency Team.

School District's Midyear Promotion Policy

As the Parent/Guardian, I have been notified of the following:

- ☐ The student has been identified as having a substantial deficiency in reading.
- ☐ A description of the current services that are provided to the student pursuant to a conjoint measurement model such that a reader and a text are placed on the same scale.
- ☐ A description of the proposed supplemental instructional services and supports that will be provided to the student that are designed to remediate the identified area(s) of deficiency.
- ☐ That the student will not be promoted to the fourth grade if the reading deficiency is not remediated by the end of the third grade, unless the student meets the requirements for one of the pathways for promotion.
- ☐ Strategies for families to be used in helping their child succeed in reading proficiency.
- ☐ The grade-level performance scores of the student.
- ☐ While the results of the OSTP are the initial determinant, they are not the sole determiner of promotion and that portfolio reviews and assessments are available.
- ☐ Specific criteria and policies of the school district for midyear promotion.
- ☐ Resources and information regarding dyslexia (if applicable).
