

Presenter Sound Check

You should be hearing me talk right now. If not, check the speakers on your computer. Make sure they are turned up and not muted. If they are fine, look at the top of your screen for the “Communicate” link. Click that and select to enable integrated voice conference. If that still doesn't work, leave the WebEx and then sign back in.

Be sure to select "yes" to connect by computer.

If that does not work, you should be able to use the telephone connection.

OKLAHOMA STATE DEPARTMENT OF
EDUCATION
— CHAMPION EXCELLENCE —

Current Issues

- 192 School Sites that have 0 Enrollment Records
- 11 Districts that are missing LEAInfo or SchoolInfo objects
- Currently 629441 students enrolled for SY 2018-19

Wave Improvements

- Configuration to auto request specific orphaned record Refld's – starting in the next couple of weeks
- Working on new validation tool
- Exploring options for improving attendance reporting
- Opening reports earlier
