Overview of Accountability

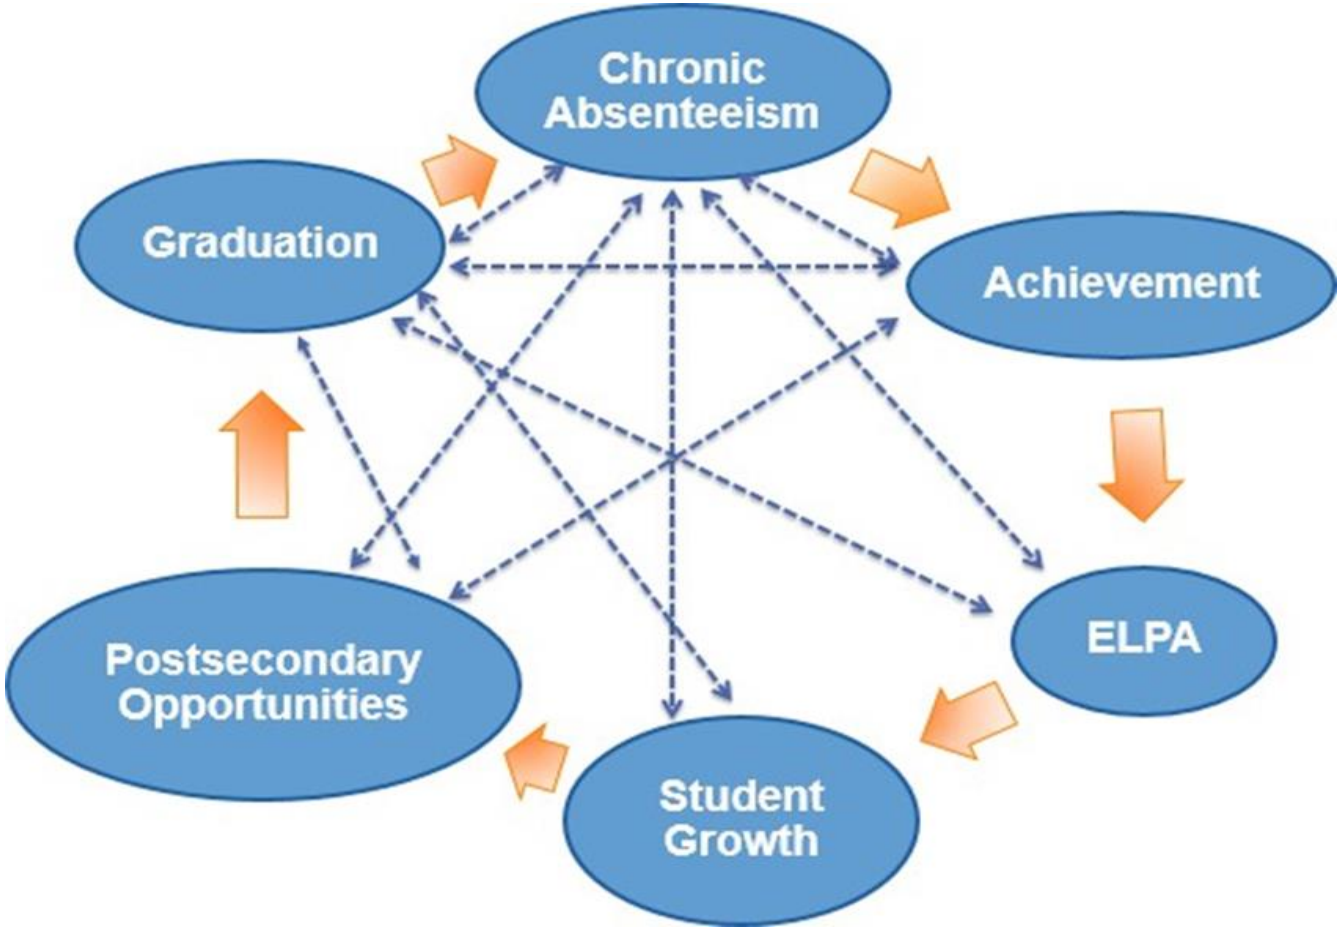
OKLAHOMA Education

Session Targets

- The Office of Accountability's Role in Supporting Schools
- How Data Feeds into the Accountability Reporting App and State Report Cards
- School/District Requirements in Accountability Reporting
- Important Timeline and Resources

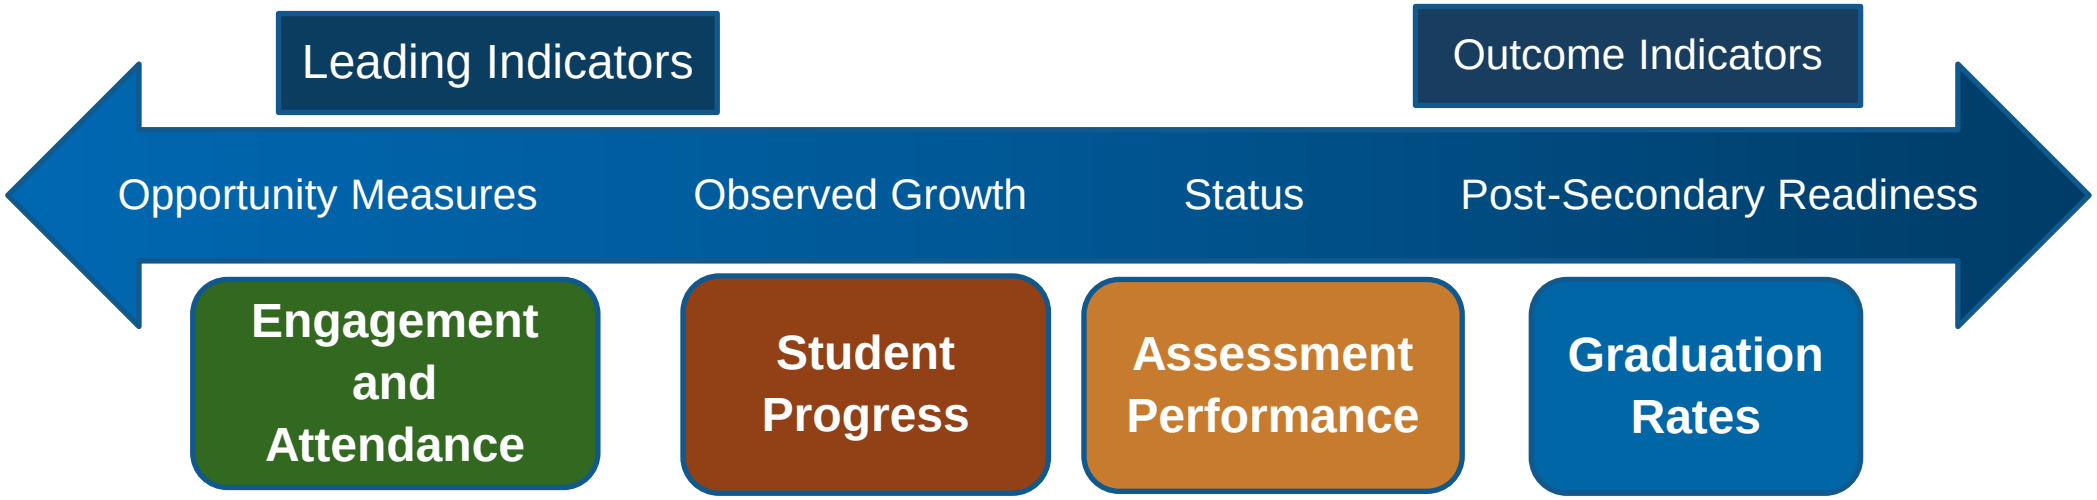
OKLAHOMA Education

Accountability should be guided by the **belief** that **all students can grow,** and **all schools can improve.**



OKLAHOMA Education

Outcomes Operate Along a Continuum



- Students must have opportunities to learn to make or maintain progress;
- Students must have opportunities to make or maintain progress from one grade to the next to gain or maintain readiness for the next grade, course or level; and
- Students must have opportunities to gain grade-level knowledge and skills to graduate with a diploma ready for success in life after high school.

OKLAHOMA Education

Contextual measures and outcomes mirror the Report Cards

Attendance	Assessment Performance	Student Progress	Graduation
How well are we **engaging students and removing barriers** to regular attendance to **lessen the impact of lost instructional**	How well are we supporting **groups of students** in **being ready** for the next course, grade or level?	How well are we supporting students in **progressing towards or maintaining mastery** of **grade-level standards**?	How well are we supporting students in **graduating with a diploma** in four, five, or six years?
Chronic Absenteeism	**Academic Achievement**	**Academic Growth**	**Graduation**

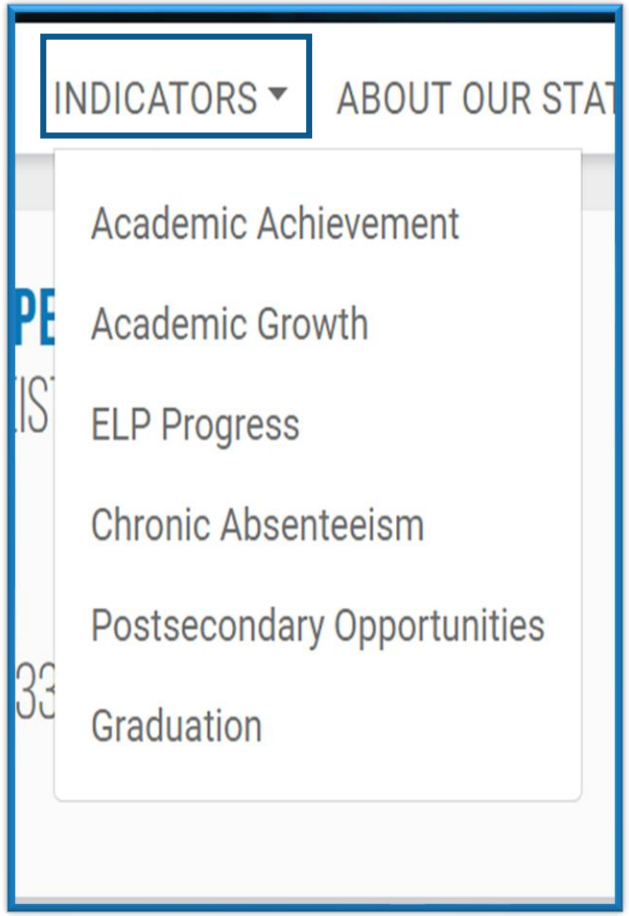
Accountability Specific Indicators



What Oklahoma School Report Cards measure

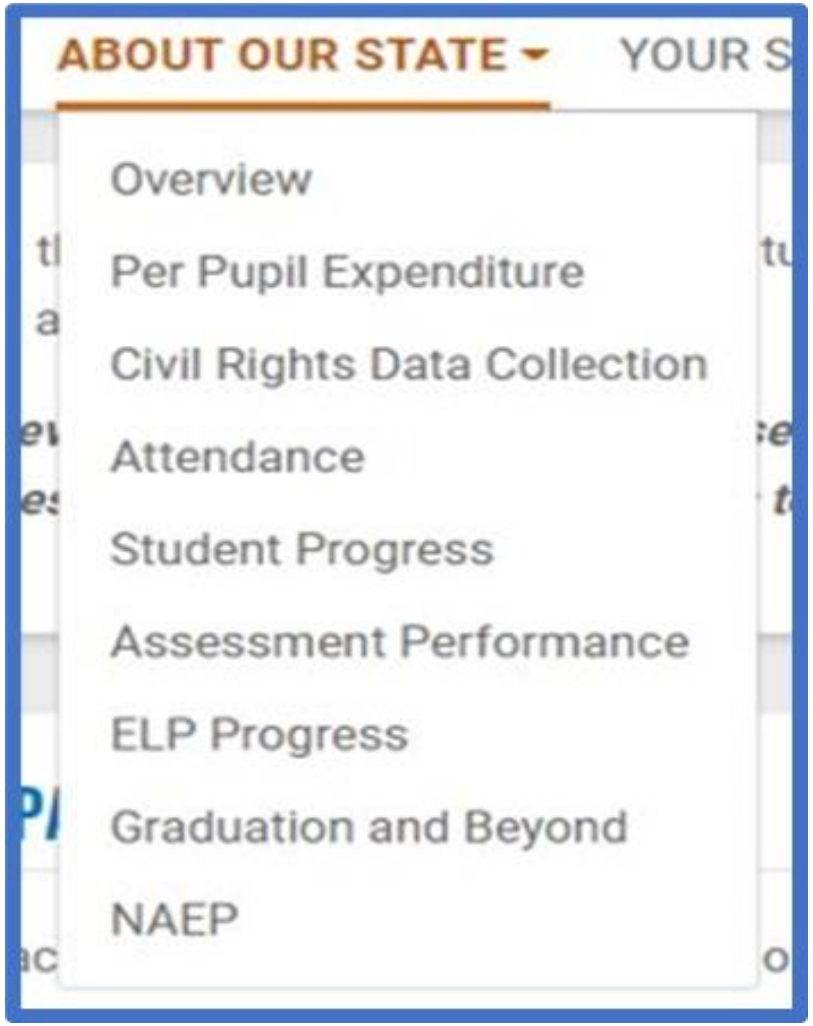
Data collected from each indicator provides meaningful and actionable information as shown here and explained in more detail on the pages that follow.

Grades K - 12	**Chronic Absenteeism:** How well are we lessening the impact of lost instructional time based on the percentage of students in regular attendance meaning that they are in school at least 90% of the instructional days offered through our school calendar?
Grades 3 - 8 & 11	**Academic Achievement:** How well are we supporting groups of students to be ready for the next grade, course or level based on their performance on state tests in English language arts (ELA), math and science?
Grades 4 - 8	**Academic Growth:** How well are we supporting our students in progressing towards or maintaining mastery of grade-level academic standards in math and ELA based on comparing their performance on state tests between consecutive years?
English Learners	**English Language Proficiency Assessment Progress (ELPA):** How well are we supporting our English learners in gaining proficiency in English language based on their WIDA ACCESS Scores?
Grades 11 - 12	**Postsecondary Opportunities:** How well are we preparing our students for life after high school based on the percentage of students successfully participating in at least one opportunity including internships, AP/IB coursework, dual/concurrent enrollment or Career and Technical Education (CTE) coursework leading to certification?
Grades 9 - 12+	**Graduation:** How well are we supporting our students in graduating with a diploma in 4, 5, or 6 years based on adjusted cohort graduation rates?

Measures, Indicators and Actions

OKLAHOMA Education

Contextual measures provide additional information beyond accountability-specific indicators



- Data displayed on the public dashboard (OklaSchools.com) are comprised from multiple measures, including both accountability-specific indicators and other contextual measures (e.g., Per-Pupil Expenditures).
- Doing so lets users understand a school's successes and challenges from several perspectives.
