Alignment to Learning Forward Standards

- The new education law, Every Student Succeeds Act (ESSA), redefines professional development with a purposeful influence from Learning Forward.
- Learning Forward, a national association recognized as leaders in professional learning, has established standards for professional learning that set a high bar for quality learning experiences.
- This session aligns to the following standard(s):
 - **Data: Professional learning that increases educator effectiveness and results for all students uses a variety of sources and types of student, educator, and system data to plan, assess, and evaluate professional learning.**

Oklahoma School Testing Program Overview

ESSA – Goals for States

- 95% participation on assessments
 - Required for Title I funding
- Only 1% may take alternate tests
- States may assess other subjects

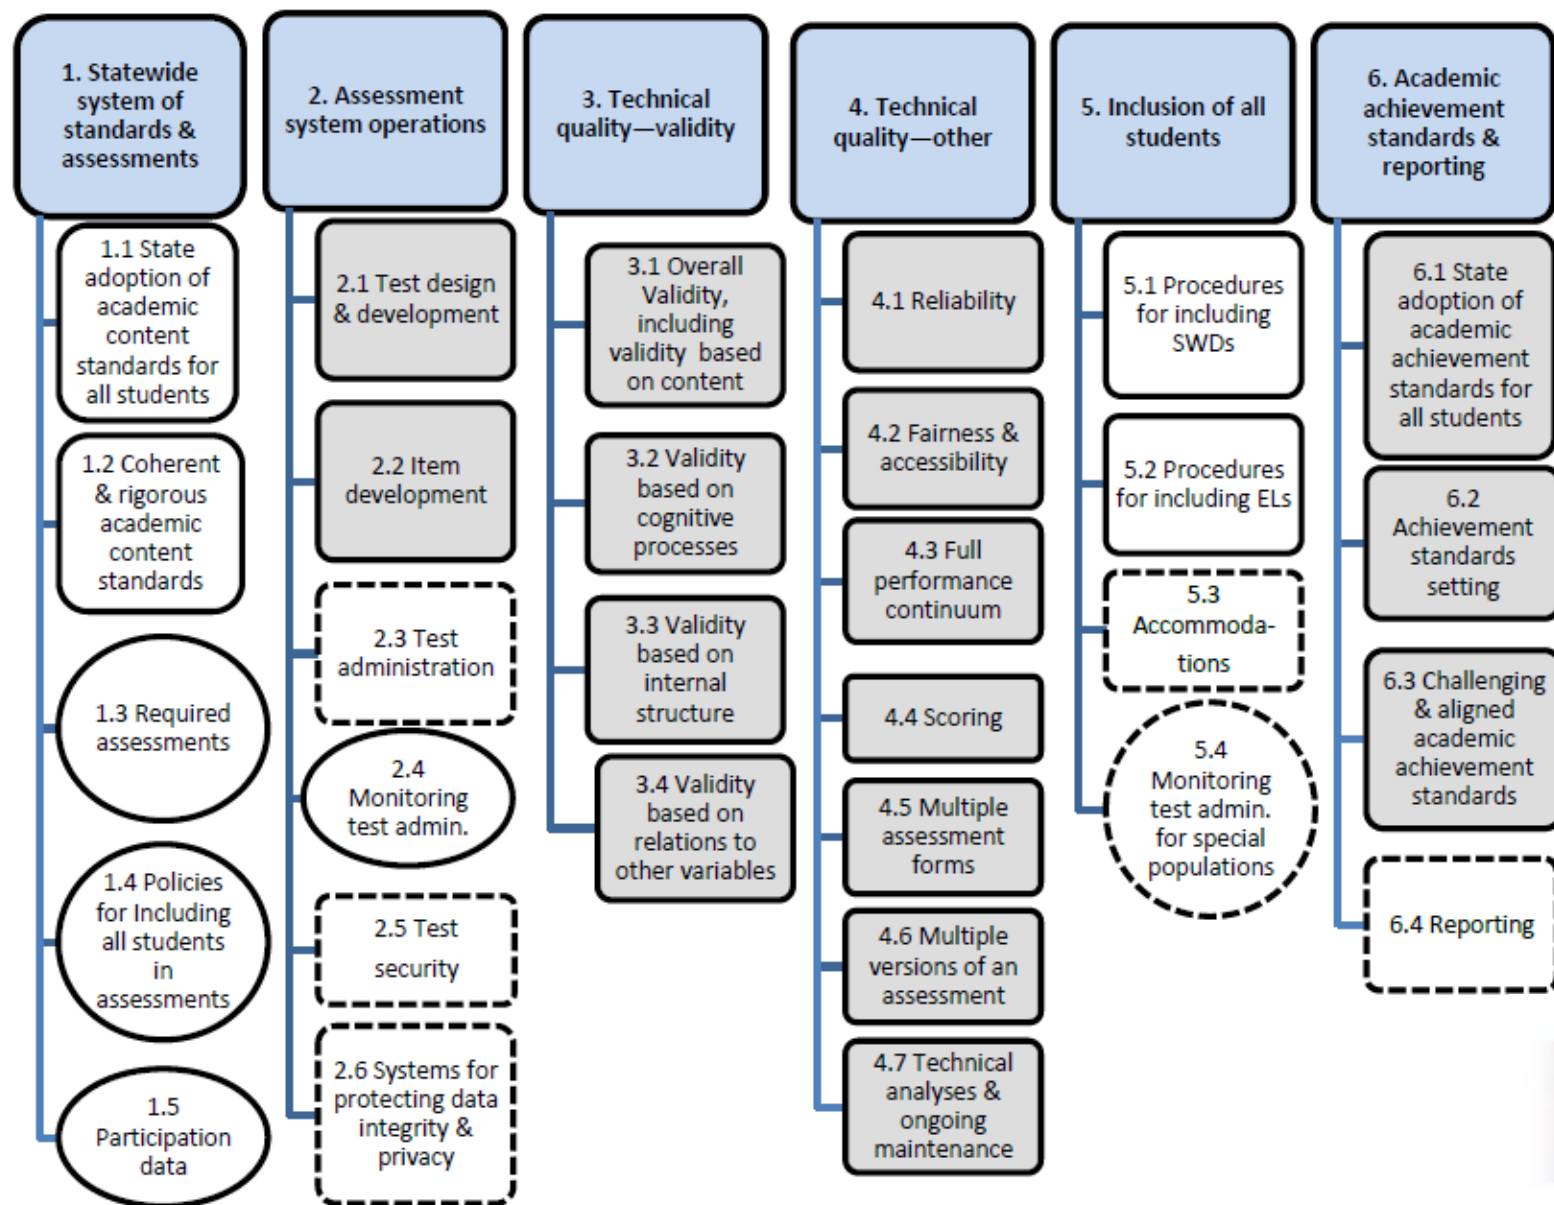

ESSA – Goals for States

- Must adopt challenging academic standards
- Math & reading/ELA assessed in grades 3-8 & once in grades 9-12
- Science assessed at least once in grades 3-5, 6-9, and once 10-12

ESSA Peer Review

- Assessment peer review is the process through which a State documents the technical soundness of its assessment system. State success with its assessment peer review begins and hinges on the steps a State takes to develop and implement a technically sound State assessment system.
- The OSDE Office of Assessments submitted over 8,000 pages of evidence to the USED in January of 2018.

CCRA District Choice

- ESSA requires states to administer the same academic assessments to measure the achievement of all public elementary school and secondary school students in Oklahoma.
- Districts will have the opportunity to choose either the SAT or ACT to meet the accountability requirements for high school ELA and mathematics.

Critical Element 7.2

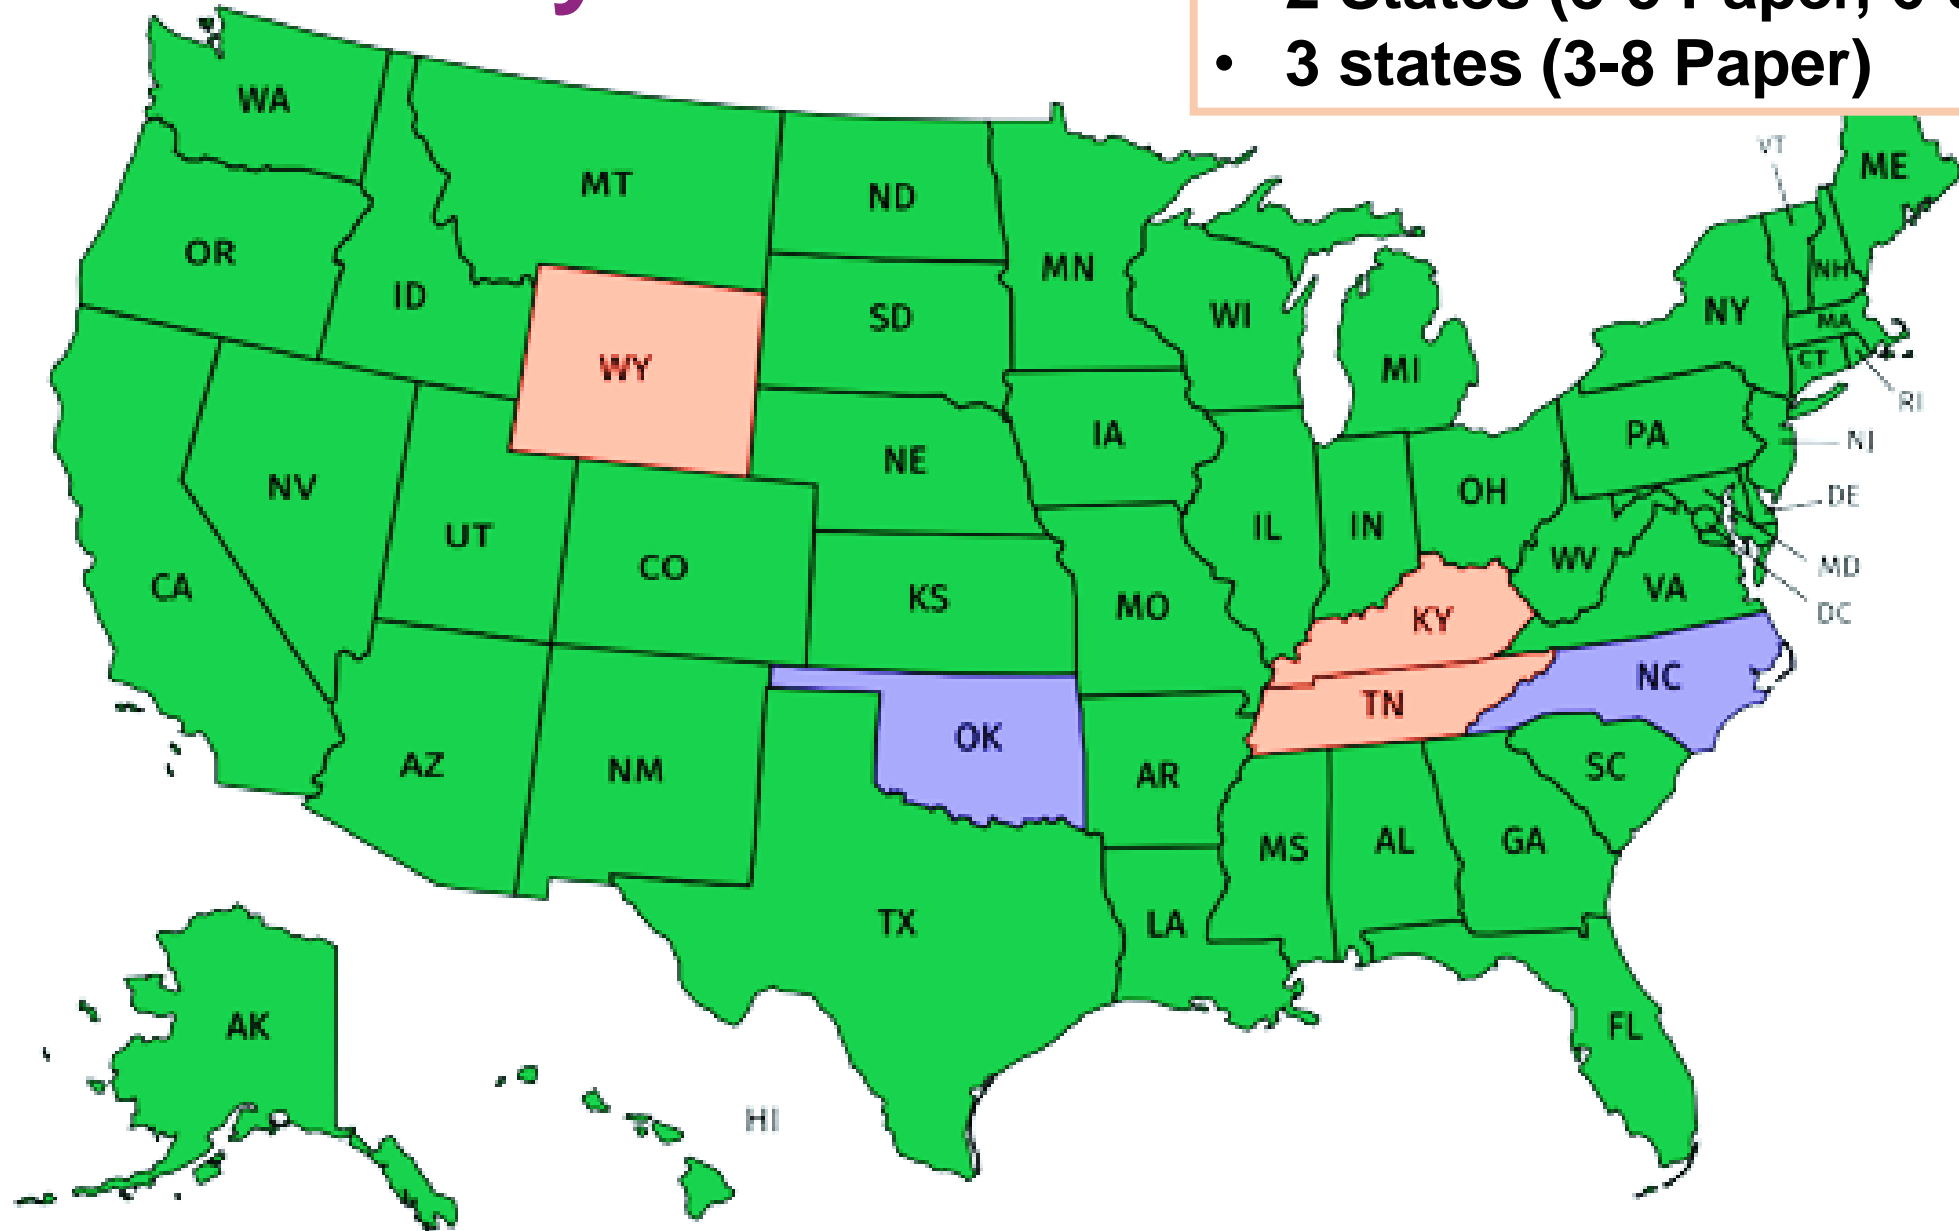

- The State must have procedures in place to ensure that:
Before a district requests approval from the State to use a nationally-recognized high school academic assessment, the district notifies all parents of high school students it serves.
 - That the district intends to request approval from the State to use a nationally recognized high school academic assessment in place of the statewide academic assessment.
 - Of how parents and, as appropriate, students may provide meaningful input regarding the district's request.
 - Of any effect of such request on the instructional program in the district.

II – CRITICAL ELEMENTS FOR STATE ASSESSMENT PEER REVIEW

2015-2016 Survey

- 45 States (Online 3-8)
- 2 States (3-5 Paper, 6-8 online)
- 3 states (3-8 Paper)

HB 3221: Transition to Online Assessments

- HB 3221 requires the administration of an electronic delivery system for the OSTP.
 - Reporting, administration, and cost efficiencies
- Directs the State Board of Education (SBE) to adopt a timeline for full implementation.
 - Pending SBE approval
- OSDE is available to assist districts with this transition.
