"Home of the Ridgerunners"

PO Box 450789

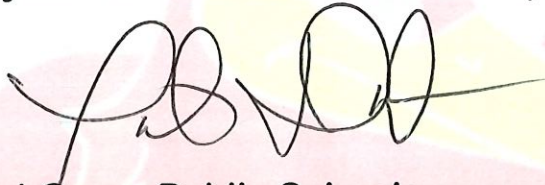

Grove OK 74345-0789

Pat Dodson, Superintendent

This letter represents the formal request of a deregulation of Library Media Services at Grove High School.

The deregulation is needed to provide other learning opportunities for students to read. The Library Media Specialist will provide classroom learning of elective classes. The Library services will not be diminished due to a seasoned Library clerk on site while school is in session. We currently do not have any other certified staff members to fill this void and the few electives offered do not warrant the hiring of a full time teacher.

Thank you for your consideration of this request,

**Pat Dodson
Superintendent Grove Public Schools**

210:35-9-71
Library Media Services
NAME OF WAIVER

A. Reason for the waiver/deregulation request (be specific).

Deregulation Request OAC 210:35-5-71 Library Media Services Elementary; OAC 210:35-7-61 Library Media Services Middle; OAC 210:35-9-71 Library Media Services High School. Blackwell Elementary is a PK-5 school with approximately 550 students, Blackwell Middle School is a 6-8 grade school with approximately 220 students, Blackwell High School is a 9-12 grade school with approximately 300 students. This deregulation is being requested to change the standard of library services for the Elementary, Middle and High Schools. The reason for the waiver/deregulation request is that Blackwell Public Schools is having a difficult time finding certified applicants for any position in the district and due to the decline in student enrollment our funding is down. The Elementary School library will provide services through two full time paraprofessionals. One of the paraprofessionals has worked in the elementary library for over twenty years. She is very competent in what she is doing and is a huge asset to our library students. The Middle School and High School will provide services through a full time paraprofessional at each library site. All three sites will be under the direction of the High School English teacher who is a certified library media specialist. The certified specialist will be available one hour a day to monitor and consult with all buildings to ensure that the libraries are providing the resources and assistance needed for individual and group needs. In addition, the librarian for the Blackwell Public Library will be available for consultation and guidance through the school year.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

The Elementary School plan is for the two full time paraprofessionals to teach library skill classes to the students and to teach reading classes through classroom rotations while under the supervision of our certified library media specialist. One of the paraprofessionals has been working in the elementary library for over twenty years and is very skilled at the educational function of the library. The two paraprofessionals will be in the library throughout the entire day to assist the students and teachers with reading activities, check books in and out and to assist the students with all the resources they need in the library. The Middle School and High School libraries will be staffed with one full time paraprofessional to help check books in and out and to assist all students with all the resources that are located in the library. The city librarian hosts several reading programs throughout the year that we will encourage all students to participate in.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

This deregulation will allow the district to continue our library services to our students while trying to maintain an environment that is the most beneficial to them while allowing the district to redirect funding to provide essential needs of our district through expenditures in classroom instruction and classroom resources.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.
A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

Please see attached schedules.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

Through the approval of this deregulation, the district will be allowed to redirect funding to provide essential needs of our district through expenditures in classroom instruction and classroom resources while providing the library services for each of our students on a consistent basis. This will also ensure that our libraries are meeting both the individual and group needs of each of our students.

F. Describe method of assessment or evaluation of effectiveness of the plan.

There will be continuous evaluation of the effectiveness of this plan throughout the school year at each site by our certified librarian. This evaluation will include monitoring and assessing the effectiveness of this plan through student, teacher and parent surveys as well as student performance data that is collected through the school year.

Elementary Library Schedule of operation: 8:15 am - 3:30 pm The Elementary Library will be covered by Dianna Sewell and Heather Barriger.

Middle School Library Schedule of operation: 8:05 am - 3:25 pm The Middle School Library will be covered by Mary Hall

High School Library Schedule of operation: 7:50 am - 3:15 pm The High School Library will be covered by Kris Cassidy

Michaelleen Paige, our district certified librarian, will spend an hour each day between the sites.

RE: Librarian Deregulation for 2022-2033

Dear Ms. April Barr:

Enclosed please find the School Site Deregulation Application for the 2022-2023 school year. The deregulation will allow our district to provide essential library services and classes to our students. We believe that our students need to be able to have access to library materials and services to enhance the learning opportunities at Blackwell Public Schools. We believe that it is extremely important for our students to be able to read well and to comprehend what is read and that access to the library is necessary for our students to achieve this goal. Finding certified staff in all positions has become almost impossible, including a certified librarian. The district believes that this deregulation will benefit the students of Blackwell Public Schools.

Please do not hesitate to contact me if you have any questions.

Sincerely,

Shawn Haskins
Superintendent

Library media Services
NAME OF WAIVER

Poteau Public Schools

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

A deregulation of our high school library would allow for a more flexible schedule where we can fully utilize our librarian to help teach English classes in the library and still keep our library open all hours of the school day. Our library has a fully functioning computer lab and an area for virtual or online students to complete school work if needed. This will help our long term cost without sacrificing our library services.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

Our site does not have an alternate strategy at this time. We have advertised for a media specialist in the past with no interest from a certified media specialist. Our district is also in a stage of declining ADM numbers and is receiving less state aid in the coming years. If this deregulation is denied, we will have to invest more funds to hire a media specialist and remove the current English teacher that is teaching and running the library with the help of student aides. It is currently late July and we fear that there would be zero candidates available at his time.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

Poteau High School has been awarded this deregulation for several years now. The current deregulation has had a positive impact on our site by allowing our class size numbers to average around 20 students per class in the English Department. The deregulation of the high school library will not have any effect on any other site in the school district.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

The hours will be covered by office aides or a Paraprofesional.

See attached forms

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

This will help decrease our long term costs by allowing the librarian to teach English classes during her librarian hours without sacrificing our library services.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

Stefany Snipes will be evaluated by the TLE Model.

** You will be contacted if more information is needed to process this request.

August 9, 2022

To Whom It May Concern,

On behalf of Poteau High School, I am requesting a Library Media Services Secondary School Deregulation. (OAC 210:35-9-71) This would allow the high school library to have a more flexible schedule where we can fully utilize our librarian to help teach English classes in the library and still keep our library open all hours of the school day. This will help our long term cost without sacrificing our library services.

Sincerely,

Dr. John Turner

NAME OF WAIVER

*Library media
services*

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

We are a small school with limited financial resources. Each year we have to really watch our finances and the number of staff. We are still playing catch up from 2020-2021 when COVID hit and we lost \$450,000 out of our carryover.

If this was denied we would have to higher certified librarian with a \$40,000-\$50,000 salary or simply go without and have teaching staff and aides do one more duty above and beyond their regular duties.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

Library/Media Specialists are hard to find. We currently have a retired teacher that is Library/Media certified overseeing our library needs two days a week. We have worked our teacher aides and paying teachers extra duty to work the library throughout the day so that the library can be open all day and every day of the school week. Having the library open everyday is benefitting student learning. If it were closed students would not have access limiting them on reading nightly or forcing them to turn to social media outlets for reading material.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

We have been awarded the deregulation for at least the past 13 years that I have been here. Our system works and parents/students/teachers understand and utilize the library consistently.

With the conjunction of teacher assignments and library availability we have not seen a decrease and in many cases an increase in reading. As we all know COVID changed many things. Our students are still meeting reading goals and being awarded as such.

April Barr

Subject: [EXTERNAL] RE: Need Additional Information

April, below is my reallocation statement. I tried to save the pdf but my computer is not letting me save it. If I need to do more, please let me know if this won't work.
Thanks,
Wade

(E) We will be reallocating the funds to use on an additional teacher's aide in the lower elementary. Aides are scheduled throughout the day for library time. This will help pay for aides that are in scheduled library time and for after-school hours. This insures that our library is open in both HS and Elementary all hours of the school day every day.

From: April Barr <April.Barr@sde.ok.gov>
Sent: Wednesday, August 17, 2022 10:37 AM
To: wdetrick@ringwood.k12.ok.us
Subject: Need Additional Information

Hello Superintendent,

Before your application is submitted to the Oklahoma State Board, this email is to inform you that we need additional information. Please read the comment below for us to move your deregulation and waiver request forward for the August board meeting.

- 1.) Please provide more information on Section (E) indicating where you will be reallocating the funds.

Once you have revised your application please resubmit it to our office by August 18, 2022.

Respectfully,

April Barr, MBA
Accreditation Specialist
Oklahoma State Department of Education
2500 N. Lincoln Blvd., Ste. 210
Oklahoma City, OK 73105
Office: (405) 521-3311
Fax: (405) 522-1519
April.Barr@sde.ok.gov

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Currently, each teacher grades PK-6 are scheduled twice a week for 30 minutes in an uninterrupted library time. They are available to check-in or check-out books as well as the teacher take a variety of books for her classroom for the week for students to read. This keeps fresh reading material in front of the students every week. Junior High and High School have access all day and every day as well as designated time from their ELA classes.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

This will save us between- \$40,000-\$50,000 salary. We lost \$450,000 out of our carryover during COVID and we are still playing catch-up.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

There are numerous ways to assess the system we use. When students don't read they don't build vocabulary and imagination. All of this is reflected on report cards and ACT scores. Students will fill their time with something if they don't have availability of book to read. Principals use TLE on Language Arts teachers/classes. RSA is a big tool. We have seen numerous students pass RSA guidelines with our system.

** You will be contacted if more information is needed to process this request.

Superintendent: Wade Detrick

HS Principal: James Worley

August 5, 2022

State Department of Education: Accreditation Division

Ringwood Public Schools is in need of a deregulation of library services for the 2022-2023 school year. We are a small school of about 375 students PK-12. We have been very fortunate to have certified staff in almost every teaching area throughout our school. However, Librarian is a more difficult situation. For the past 13 years, Ringwood Schools has requested and been granted a deregulation in library services. With the shortage of teacher applicants and a loss of Gross Production Revenue, we are in dire need of deregulating our library services. We have a retired teacher that is a certified Library/Media Specialist willing to serve Ringwood Schools on a two times a week part-time salary. With the use of teachers, teacher's aides and student aides to help with coding and checking in/out books, we can definitely make this work. I want to thank you in advance for your consideration.

Thanks,

Wade Detrick,
Superintendent, Ringwood Schools

NAME OF WAIVER

Library media Services

A. Reason for the waiver/deregulation request (be specific).

The district is requesting a deregulation to better utilize the resources of the district by utilizing a full time media specialist on rotation at each building and four full time media specialist assistants assigned to each building. This allows for resources saved from hiring multiple media specialists to be directed back to the classroom without impacting students or teachers access to the media center.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

Media Specialist Assistants will remain full time in each school site while the certified media specialist is in communication with each assistant and makes management decisions regarding resources, procedures, organization and ordering. The media specialist will have one hour each day assigned to manage each site's materials and resources, while monitoring traffic and materials use via software reports. Purchases, schedule changes or equipment repairs that require attention before the specialist visits the site will be addressed by the site principal. Matters of material selection, qualification and arrangement will be made directly managed by the media specialist. This plan allows all libraries to remain open and accessible to students each day. Materials and resources may be checked out by the media specialist assistants using Follett Destiny (Library management software). All students have access to a student electronic device to access online resources and thus reduce the traffic and need for library media services in the conventional sense. Research assignments and online activities that enhance lessons and curriculum are managed by each teacher in the classroom. Teachers have professional training on earchs and access to information through broadband applications.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

Complete access and availability of materials, physical space and devices located in each library will not be impacted by the current proposal. Checkout of books and use of resources are managed by the media assistants through software that can be observed remotely the the media specialist. The anticipated result of delayed communication with the media specialist may have an impact that could delay the decisions to serve particular needs in classrooms. The delay can be resolved by the availability of the media specialist by phone or email during school hours. The district will amintaincommunicaiton resources to allow the instructional staff at all sites to have contact with the media specialist within a reasonable time, with a priority assigned to the direction of, or planning for, advanced technology or media purchase and applications.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.

A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

Media Centers and Media Specialist Schedule for SY2022-2023:

All media centers will be staffed by a full-time media assistant and will remain open each school day. The certified media specialist will spend each day from 8:00 a.m. to 10:00 a.m. at the elementary school due to the dependence of students in grades PK-2.

Elementary Media Center hours: 8:00 a.m. - 3:00 p.m. (Media Specialist hours 8:00 a.m.- 10:00 a.m. daily and Monday & Friday 8:00 a.m. - 1:00 p.m.)

Intermediate Media Center hours: 8:00 a.m. - 3:00 p.m. (Media Specialist Tuesdays 10:00 a.m. - 1:00 p.m.)

Junior High Media Center hours: 8:00 a.m. - 3:00 p.m. (Media Specialist Wednesdays 10:00 a.m. - 1:00 p.m.)

High School Media Center hours: 8:15 a.m. - 3:15 p.m. (Media Specialist Thursdays 10:00 a.m. - 1:00 p.m.)

The remainder of the media specialist's day will be crafted to address particular needs as they arise in each building.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

The proposed waiver will prevent the district from reassignment of current staff. Staff pulled from a classroom assignment to fill a media specialist position will result in increased class size. The reduction in salaries of media specialists brings significantly more funds to classroom teachers for technology and instructional materials.

F. Describe method of assessment or evaluation of effectiveness of the plan.

The impact on classroom products and activities will be monitored through staff feedback and surveys. The ultimate impact of the services will be seen on the quality of instruction, academic growth and student produced projects. The district is committed to minimize negative impacts on students. The critical factor will be the access to information that drives the learning and connects the classroom to the sources of content. Specifically, the plan will be evaluated on the ability of teachers to produce lessons and activities that are up-to-date, aligned to OAS standards and that utilize multiple content resources. Students have been provided electronic devices that allow them to experience the curricula enhanced from resources beyond the classroom. Student data from both formative and summative assessments will guide decisions aimed at increasing student learning. Teacher observations, classroom visits, and lesson plans will serve as indicators of integration of research standards necessary for student learning.

Re: Statutory Waiver Library Media Deregulation

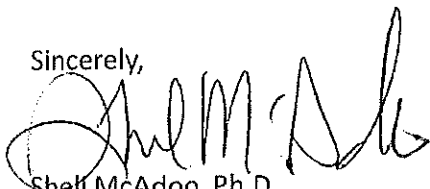

To Whom It May Concern:

Purcell Public Schools is committed to providing students access to the best educational services available. There have been difficult decisions made in regard to staffing media specialist positions in order to protect classroom instruction and to mitigate negative class size factors. During the 2021-2022 school year, the district was staffed with one full-time media specialist and four full-time media specialist assistants. We remain committed to ensuring that qualified staff are assigned in each classroom and maintaining a ratio among teachers and students that allows for the most effective instruction.

Students will continue to receive library services. The media center in each school is open daily for students to check out materials, utilize media center resources, and engage with the certified media specialist as needed or on the day assigned to the school. The district is requesting a statutory waiver of library and media services for Purcell Elementary, Purcell Intermediate, Purcell Junior High and Purcell High School to best serve the needs of students.

Thank you for your consideration of this deregulation and meeting the needs of our students.

Sincerely,

Sheli McAdoo, Ph.D.
Superintendent

NAME OF WAIVER

Library media service

A. Reason for the waiver/deregulation request (be specific).

Washington Public Schools is seeking this waiver/deregulation due to financial restraints and limitations. We are a rural district with many needs. The vacated position of district Media Specialist will be replaced by a library media assistant.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

Washington Public Schools will employ a support staff member to serve as a full-time Media Assistant. The Media Assistant will have a full-day assignment within the library at Washington.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

The Certified teaching staff at Washington in conjunction with the Media Assistant will schedule library visits, and student instruction utilizing the National Library for Learners Frameworks.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.

A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

Washington Public Schools has attached a class schedule and school calendar. Washington Public schools requests a three year Waiver.

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

Qualifying for this Media Specialist Deregulation will provide savings to the district of over \$50,000 in employee cost.

Washington has recently gone through a large student population increase. WPS enrollment increased during the 21-22 year from an October one count of 1002 in 2020 to an October one count of 1111 in 2021. Our enrollment as of August 2022 is 1212. This enrollment increase has come after three consecutive years of a decrease in student enrollment. We have added 13 new positions to ensure proper class sizes at each building. This budgetary increase, along with additional capital improvement expenses, has created an added burden on our budget. We have purchased four portable classrooms at a cost of just over two hundred thousand dollars to accommodate student growth.

WPS passed a bond during the fall of 2021 to provide classroom improvements and add new classroom additions to prepare for growth. Unfortunately, the day WPS sold the bonds, we lost nearly six hundred thousand dollars off of our projected bond funds. This, along with inflation, has forced us to use district funds to ensure that all approved bond projects can be completed.

F. Describe method of assessment or evaluation of effectiveness of the plan.

The Washington Library Media Program will be evaluated annually based upon completed staff needs assessments, student surveys, and parent feedback. The district will review library usage records, book circulation, and student grades as part of its program evaluation.

The following minutes reflect the proceedings of a Board of Education meeting, District I-5, McClain County, Oklahoma, which was held on **June 13, 2022** at 6:30 p.m. This meeting was conducted in accordance with the text of the 1977 open meeting law (Title 25, Section 301-314 of the State Statutes), which was effective October 1, 1977. On November 9, 2021 at 9:47 am the McClain County Clerk was furnished with a written schedule, which reflected when, where, and at what time this meeting would be held. An agenda was posted in the front window of the Administrative office 24 hours prior to the time of this meeting.

BOARD MEMBERS: PAUL MOORE
ADAM PRICE
BROOKE WALKUP
MONTY STRICKLAND
TAMMY WELLS.

1. Moore called the meeting to order. Members present were Paul Moore, Adam Price, Brooke Walkup, Monty Strickland and Tammie Wells.
2. Visitors present were Ethan Feuerborn, Drew & Chelsi Beard, Taylor Pybas, Garrett Goldsby, Kale Simon, Devyn Polk, Vonne Giltner, Heather Mann, Dustin Caldwell, and Ashley Teel
3. Wells made a motion to approve the Consent Agenda: All of the following items, which concern reports and items of a routine nature normally approved at board meetings, will be approved by one vote unless any board member desires to have a separate vote on any or all of these items. The consent consists of discussion, consideration, and approval of the following items:
 - A. Minutes from the regular Board of Education meeting held on **May 9, 2022** and the special Board of Education meeting on **May 19, 2022**.
 - B. District Financials
 1. Encumbrances as listed below:

General Fund 21-22	#319 - #322
Building Fund 21-22	NONE
Child Nutrition Fund 21-22	NONE
Bond Fund 32	NONE
Bond Fund 33	NONE
 2. Warrants as listed below:

General Fund 21-22	#2420 - #2786
Building Fund 21-22	#52 - #54
Child Nutrition Fund 21-22	#278 - #306
Bond Fund 32	NONE
Bond Fund 33	NONE
 3. May Activity Fund Report
 4. May Treasurer's Financial Report
 - C. Service Contracts/Agreements
 1. Student and athletic accident insurance plan renewal for the 2022-2023 school year.
 2. IXL Learning agreement for the 2022-2023 school year.
 3. The Center for Education Law, Inc. agreement for the 2022-2023 school year.
 4. Precision Testing Laboratories, Inc. agreement for the 2022-2023 school year.
 5. OSSBA membership agreement for the 2022-2023 school year.
 6. OSSBA policy subscription service for the 2022-2023 school year.
 7. OSSBA Employment Service agreement for the 2022-2023 school year.
 8. Ag Instructor Vehicle Lease agreement for the 2022-2023 school year.
 9. Clearwater Enterprises agreement for the 2022-2023 school year.
 10. Oklahoma School Assurance Group (OSAG) agreement for the 2022-2023 school year.
 11. CCOSA District Level Services agreement for the 2022-2023 school year.
 12. McClain County Sheriff's Deputy agreement for the 2022-2023 school year.
 13. Title III consortium with Shawnee Public Schools serving as LEA for the 2022-2023 school year.
 14. JD McCarty agreement for physical therapy for the 2022-2023 school year.
 15. Delta Head Start agreement for the 2022-2023 school year.
 16. Norman Regional Health System agreement for Athletic Training Services for the 2022-2023 school year.
 17. Kim Wallace-Educational Vision Consultant agreement for the 2022-2023 school year.
 18. Stacey Gray, M.S. as School Psychologist agreement for the 2022-2023 school year.

19. Jose Hernandez Psychology Services agreement for the 2022-2023 school year.
20. Renaissance agreement for the 2022-2023 school year.
21. South Central Oklahoma Alternative Education Co-op agreement for the 2022-2023 school year.
22. Eduskills, LLC agreement for the 2022-2023 school year.
23. Together Fundraising agreement for the 2022-2023 school year.
24. OSIG agreement for coverage of property, automobile liability, automobile physical damage, general liability, school board liability, crime, boiler & machinery, cyber liability, school violent act protection for the 2022-2023 school year.
25. Wilson, Dotson & Associates audit engagement letter to provide an annual audit of the financial affairs and transactions of all the funds and activities of the school district for the 2021-2022.
26. Boardworks agreement for K-12 Education Suite to include K-12 Pass Assessment Agreement.
- D. Appointment of Chris Reynolds as Authorized Representative for all Federal Programs, Child Nutrition Programs and all USDA Donated Foods Programs for the 2022-2023 school year, authorized to solicit bids for needed school district items up to \$25,000.00
- E. Appointment of Dawn Edwards as Encumbrance and Payroll Clerk; Linda Andrews as Treasurer; Chris Reynolds as Executive Session Minutes Clerk for the 2022-2023 school year
- F. Activity Fund Accounts and Revenue/Expenditure Coding for the 2022-2023 school year.
- G. Surplus of 308 Salsbury Industries student lockers.

Walkup seconded the motion. Votes: Moore, Yes; Price, Yes; Walkup, Yes; Strickland, Yes; Wells, Yes

4. Strickland made a motion to approve Jeff Kulbeth, Amy Newby, and Robin Schein for seasonal personnel. Price seconded the motion. Votes: Moore, Yes; Price, Yes; Walkup, Yes; Strickland, Yes; Wells Yes

WASHINGTON PUBLIC SCHOOLS

McClain County District I-5 * Chris Reynolds – Superintendent

P.O. Box 98 – Washington, OK 73093

(405) 288-6190 – Office

(405) 288-6214 – Fax

State Board Members,

Washington Public Schools formally requests a three-year statutory waiver effective fall of 2022 through spring of 2025 for Library Media Services. This request is made based on continued financial restraints and staffing limitations. Washington is a rural district with many needs. A library media assistant will replace the vacant position of district Media Specialist. In conjunction with the media assistants, the certified staff at Washington will schedule library visits and student instruction utilizing the National Library for Learners Frameworks.

Washington has recently gone through a sizeable significant population increase. WPS jumped during the 21-22 year from an October one count of 1002 in 2020 to an October one count of 1111 in 2021. Our enrollment as of August 2022 is 1212. This increase has come after three consecutive years of a decrease in student enrollment. We have added 13 new positions to ensure proper class sizes at each building. These staffing budgetary increases and additional capital improvement expenses have created an added burden on our budget. This fall, WPS purchased four portable classrooms for just over two hundred thousand dollars.

In addition, WPS passed a bond during the fall of 2021 to provide classroom improvements and additions to prepare for growth. Unfortunately, the day we sold our bonds, we lost nearly six hundred thousand dollars from our projected bond funds. This, along with inflation, has forced us to use district funds to ensure that all approved bond projects can be completed.

Our long-term goal is to hire a full-time certified media specialist. As part of our bond, we are building a new elementary library. The construction for this project is to be completed for occupancy during the 2024 school year. WPS expects to have this library staffed by a district-certified media specialist.

WPS respectfully asks to be granted a three-year waiver as we prepare for student growth and take the steps necessary to staff our district with a media specialist.

Sincerely,

Superintendent
Chris Reynolds

Library Media Services
NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

Our district has advertised for a Library Media Specialist for five months and we have received no viable candidates. In fact, we have received zero applications for this position. Our library serves 500 middle school students and 500 high school students. In the past we have had one certified person and one assistant. But with no applications we are going to continue to employ the person who has worked in this capacity for 18 years and hire two assistants to provide additional support services for teachers and students.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

- 1) We would find a certified librarian. - That has not happened as of this date.
- 2) We would just keep one library assistant. We felt this would not provide adequate services for our students and teachers.
- 3) We could add additional support assistants to our current library assistant and provide more services to our students and teachers.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

We have not had this deregulation before. We have had to get a statutory waiver for a certified person working on a library media certificate. This did not assist us as the person did not get their certification and did not fulfill their duties to the library. The library assistant had to cover and assist our district to complete the school year. We are confident that our library assistant will help students choose books on their lexile levels and can provide supports for research in our media center. She is also very familiar with the computerized system we use in our library and can update the systems and assist students, teachers and parents.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

The Library assistants will open the library from 7:40 - 3:15 each day the school is in session.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

The funds from our librarian salary last school year will be used to add two additional library assistant and additional training for our assistants. We will train the new assistants in the computer programs associated with our library and online library services for our students.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

We will evaluate this change through our Istation testing in order to see if students are making progress in reading skills, research skills and comprehension skills. In addition, we will survey our teachers, students and parents to see how they preceive services in our library. One last item we will check the documentation from the last three years to see that we are increasing the number of students checking out books in person and online.

** You will be contacted if more information is needed to process this request.

Erik Puckett, *Superintendent*
epuckett@hilldaleps.org

August 8, 2022

To Whom It May Concern:

I am writing this letter in explanation of the need to ask for a deregulation of OAC 210: 35-9-71 Library Media Services Secondary Schools. Our district lost our library media specialist due to her not completing her requirements and moving from our district. When we were informed she was leaving in early May we began looking for a replacement. As of August 8, 2022, we have not received one application for this position. With the shortage of teachers, we are unable to move any certified teacher to cover the library and work towards a library certification as they are needed in the classroom. We are asking for a three year deregulation in hopes we will find a librarian before this time is up.

We have a plan to ensure all students and staff have access to the library resources and materials during the deregulation. We are committed to training all our support staff hired to cover the library to ensure they have the necessary skills to support our students and staff. I assure you, our priority is to our students and staff as we provide for all their educational and teaching needs.

Sincerely,

Erik Puckett

Library Media Services
NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

Our Librarian for these sites has taken a position in another district. We have advertised for a full-time librarian and we have had no applicants. However, we have been contacted by a retired certified librarian in our community who is willing to work part time. If we do not receive the waiver, we continue our search for a full-time librarian with no guarantee that we will be able to recruit one.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

We have a full-time library media assistant who is a retired educator and has been working in that position for eight years. Her presence will allow us to keep our library open throughout the day even though this arrangement will only have a part-time certified librarian at our campus. The concern is that we would not have a certified librarian at all. This deregulation will ensure that we have a certified librarian working with our students and teachers.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

Our previous librarian was a classroom teacher and worked part time in the library so we have had a deregulation before. This arrangement has worked well because of the very capable assistant who is in the library all day.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

At this time, we do not have a concrete schedule in place. The part-time teacher has requested that she only work two hours per day. So if the deregulation is granted, she will work two hours per day and those hours will be flexible depending on tasks.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.
The financial impact to our district is positive. This deregulation would save the district between \$25,000 and \$35,000 annually.

If we are not granted the deregulation, we would have had to figure out how to cut one additional certified salary.

This deregulation is important for us to be able to keep as many certified teachers as possible in the classroom.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.
Our ACT scores are at the top of our county so we believe we are being successful at the HS level. The deregulation will allow us to have an effective library and keep funds in the area of hiring more classroom teachers.

** You will be contacted if more information is needed to process this request.

Morris Public Schools

Re: Deregulation of Library Media Services

OAC 210: 35-7-61

OAC 210: 35-9-71

Morris Public Schools is applying for a deregulation of Library Media Services. With current Middle School and High School enrollments, state statutes require our school district to have a half-time certified Library Media Specialist in the MS and a half-time Library Media Specialist and full-time library assistant in the HS.

Our Librarian for these sites has taken a position in another district. We have advertised for a full-time librarian on the OSSBA job posting website, the Morris website, and our Facebook page. We are now into July and we have received no applicants. However, we have a retired certified librarian in our community who contacted me about working part time. If our deregulation request is granted, she is willing to work for us on a part time basis. We also have a full-time library media assistant with over thirty years of secondary language arts teaching experience and eight years of library media assistant experience. This ensures that the library is open to students all day. I respectfully ask you to consider this deregulation request as it seems to be our best available option.

Thank you for considering our request for deregulation. If you should have questions concerning this application, please call me at 918-733-9072.

Sincerely,

Dr. Chris Karch, Superintendent
Morris Public Schools

NAME OF WAIVER

Library Media Services

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

The teacher shortage has resulted in a lack of qualified candidates to fill the school librarian position. A full time library assistant will maintain the library with the help from the technology director. All students will have access to the library before school and during the school day. If the waiver was to be denied, the school would have to expend more resources on recruiting a library media specialist.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

We have an experienced library assistant that will be in the library all day. She is already trained on maintaining the library. The technology director is working closely with the assistant to make sure students are able to fully access all of the library's resources. The students and staff will have access to the library before school and during school. The library staff will maintain programs such as Accelerated Reader, Book Buddies, Story Times, and Reading Clubs.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

Yes, a deregulation was awarded for the last three years. The educational impact has had a positive result according to staff surveys. Student needs have been met, teachers have been able to acquire more classroom library resources, and still have access to the library as needed. The library assistant and technology director have made sure that students have access to engaging books and library media resources. The students have been able to engage in Reading Clubs, Story Times and Book Buddies programs through the library.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Library Schedule: 7:45-11:00 - Covered by Library Assistant

11:00 - 12:00 - Technology Director

12:00 - 3:15 - Library Assistant

Teachers sign up for special activities(Reading Clubs, Story Times, and Book Buddies) as they become available. Student have access to library before school and during the school day.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.
There will be a positive impact financially on the district. The available funds will be reallocated to provide High Dosage Reading Tutoring to students that are below Reading Level.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.
The administrators will closely monitor the effectiveness of this plan by using student reading test scores from Star Reading test and from RSA data.

** You will be contacted if more information is needed to process this request.

Library media Services
NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

Prue District enrollment was roughly 300 students in May of 2022, 210 in our PK-8 and 90 in our 9-12 grades. Our former library retired roughly four years ago, since then our Library Aid has taken over the bulk of those duties. If the waiver was to be denied, there may not be a reasonable amount of time to hire a full time librarian before the beginning of the school year.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

If the waiver is denied, as stated previously the likelihood of hiring on a librarian at this stage is very low. If we were unable to use our Library Aid to fulfill the necessary duties, we would not be able to properly run and maintain our library. We believe this would have a negative impact on student Reading Achievement scores across the district.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

Deregulation has been awarded since the 2018-2019 school year. When looking at current year student testing data and comparing it to data from the 2017-2018 school year (the last year a full time library was employed in our district), we see very similar results in our overall Reading performance levels. This would leave me to believe that there will be no negative impact on student testing achievement.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.
Deregulation would have a positive impact on the district financially. The cost of a full time librarian would be over double the cost of the current Library Aid employed. These funds would be reallocated to improve our curriculum, resources, and remediation for our students.

F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.
We are currently using the School Report Card and Alpha PLUS Assessments as our tools of evaluation for our deregulation plan.

** You will be contacted if more information is needed to process this request.

RECEIVED AUG 15 2022

To Whom It May Concern:

I am requesting deregulation for library media services for three years. Our librarian left at the end of the 2017-2018 school year, since then enrollment within the district has drastically decreased and is currently at 293. With continued concerns of budget deficits and cutting of state aid we are requesting to use a full time assistant to run the library.

Sincerely,

Craig Thurman

RECEIVED AUG 11 2022

DATE RECEIVED

70 O.S.

OAC 210:35-5-71

Library media Services
NAME OF WAIVER

A. Reason for the waiver/deregulation request (be specific).

OAC 210:35-5-71 - Library Media Services Elementary School - School is changing the standard of library services for their size school. We are requesting a waiver to use full-time assistant to operate the library.

Our library media specialist retired this past year. We looked for other alternatives, but being a small, rural district, we struggled to find a qualified library media specialist. Our library aid was trained by and worked with our former library media specialist for several years and we feel she would be a great fit for continuing our library program.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

We have had a 1/2 time library media specialist for years. With a full time assistant, we will be offering more library hours and more library resources and programs for our students. We believe that increasing the availability of the library and offering more programs will benefit our students tremendously.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

In the past our library media specialists was seeing students only one time per week with the library being open only two days per week. Students will now visit the library for activities two times per week and the library is open daily to check out books/resources.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.
A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

See attached library schedule

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

There would be a positive financial impact on the school saving money with a 1/2 time library media specialist vs. a full time library assistant. We will be reallocating the funding for the 1/2 time library media specialist to cover the full time library assistant's salary. Any additional savings will be spent on library books, technology for the library, or other needed supplies/materials for the library.

F. Describe method of assessment or evaluation of effectiveness of the plan.

We will utilize student data from initial assessments and progress monitor over the year. We will also compare testing data from previous years to look for growth. There will also be a parent and student questionnaire on the effectiveness of the program.

Library Media Services

NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

This is a deregulation request for Standard VII Media Program specifically
OKLAHOMA ADMINISTRATIVE CODE (OAC) 210-35-5-71 STAFFING

This regulations requires:

Elementary schools with enrollment of over a population of over 500-999 as required to staff the Media Center as follows: At least one full-time certified library media specialist and one full-time library assistant.

As part of a budget cut put in place, the Media Specialist Assistant was eliminated at all district sites. Westside will exceed over 500 students in 2022-2023. The library will be open with a full-time retired librarian or an office assistant during the librarian's lunchtime.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

The library will be staffed with one full time Library Media Specialist that has no other teaching responsibilities during the day other than Library Media. Office Personnel or paraprofessional will cover the library during the full-time librarian's lunchtime to ensure the library is open the full school day.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

No effect of student performance levels are expected. The impact will be felt by the increase workload on the Media Library Specialist and office aide that will assist the Media Specialist.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

The deregulation request is for three years. Claremore Public Schools plans to replace the assistant once funding is back to levels that will allow the District to accomodate and not effect teacher positions and the student ratio numbers.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

As part of the anticipated budget constraints and the budget cuts in the past, the Media Specialist Assistance elimination was crucial at Westside Elementary to maintain teacher-student ratios.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

The Claremore Public School District was able to save teaching positions at the elementary and allowed classes to remain at a somewhat reasonable number of students with the Library Media Assistant elimination.

** You will be contacted if more information is needed to process this request.

NAME OF WAIVER

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

Texhoma schools request a 3yr deregulation for our library. Our Library Media Specialist/LA teacher retired six years ago. So we applied for and were granted a three year deregulation. We plan on moving our Adjunct Music teacher into our library as a half time aid. Our district utilizes the Harrington E-Library program and Mrs. McGlasson has experience with this program. If our waiver is approved it will benefit 100% of our students

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

Mrs. McGlasson will teach three music classes and Bible as Literature class in the Library. She will have 3 class periods in the library each day. This schedule makes our library available to students and teachers for research and to check out books from 7:45am-9:43am and 10:39am-11:29am everyday of the week plus after school from 3:00pm-3:45pm.

- C. Have you participated in an alternative education coop previously? Have you been awarded this waiver before and what was the educational impact to the district: Results of the Statutory Waiver, i.e., effect on student performance levels, impact of plan on other sites in the district.

By allowing this program our district has the ability to provide our students and teachers the opportunity to utilize the library throughout the day everyday.

Mrs. McGlasson is very passionate about improving our library and we are committed to allocating as much funding as possible for the improvement of our library.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

See attached schedule

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

This deregulation will have a positive financial impact on our district, we will not have to add full time Media Specialist to our staff. Mrs. McGlasson is already teaching her classes in the library making it available during that time if students need to come in. The rest of her schedule she will function as librarian aide, giving students increased exposure to the library allows student learning to increase.

The District will also be able to allocating more funding by utilizing someone already on staff, for the improvement of technology and our current book check out and inventory system.

We are also changing the lay-out and the functionality of our library making it a more appealing place for students to study, research, or just relax and read.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

As a method of evaluating the effectiveness of the plan, we will track use of the library and the E-library program. We use student, parent, and teacher input to meet the needs of all stakeholders in the district. Our goal of 75-80% of students using library resources for educational purposes as well as personal use.

We use state and local reading assessments and as a team address areas of strengths and weaknesses that students have and possible areas that the library can help with.

** You will be contacted if more information is needed to process this request.

- A. Reason for the Waiver request. Please include distance from your alternative education site to the closest possible district to coop with, what alternative means will have to be employed if your waiver was to be denied, and what percentage of your student population will benefit from the waiver if approved.

Texhoma schools request a 3yr deregulation for our library. Our Library Media Specialist/LA teacher retired six years ago. So we applied for and were granted a three year deregulation. We plan on moving our Adjunct Music teacher into our library as a half time aid. Our district utilizes the Harrington E-Library program and Mrs. McGlasson has experience with this program. If our waiver is approved it will benefit 100% of our students

- B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students, graduation rate if a waiver has been awarded prior to this year, and learning achievement.

Mrs. McGlasson will teach three music classes and Bible as Literature class in the Library. She will have $3\frac{1}{2}$ class periods in the library each day. This schedule makes our library available to students and teachers for research and to check out books from 7:45am-9:43am and 10:39am-11:29am everyday of the week plus after school from 3:00pm-3:45pm.

August 10, 2022

To Whom It May Concern,

We are submitting this Statutory Waiver/Deregulation Application for the following area:

OAC 210:35-5-71 — Library Media Services Elementary School — School is changing the standard of library services for their size school.

OAC 210:35-9-71 --- Library Media Services Secondary School --- School is changing the standard of library services for their size school.

Due to the retirement of our Library Media Specialist/LA teacher, and our District trying to recover from past budget cuts and reduction in school funding, we would like to fill this position with a teacher Aid/Adjunct Music Teacher already on staff.

Our district utilizes the Harrington E-Library program and Mrs. McGlasson has an A.A. Degree in Music/Liberal Arts, A.A. Degree in Bible Divinity, and B.S. Degree in Counseling/Psychology.

We ask that you strongly consider granting Texhoma Schools the Statutory Waiver/Deregulation in this area.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Tom Schroeder'. The signature is fluid and cursive, written over a white background.

Tom Schroeder
Superintendent
