

Dropout Reporting

Students who fail to graduate from high school face lifelong consequences including fewer job opportunities and lower wages. To simplify dropout reporting and better aid districts' efforts to flag and recover potential student dropouts, the Oklahoma State Department of Education (OSDE) has introduced a new dropout reporting tab in the Accountability Reporting application in Single Sign-On.

The new dropout reporting tab will process up-to-date enrollment data submitted to the Wave by your Student Information System (SIS). Thus, you will be able to determine in real-time any students who are at risk of being identified as a dropout for that school year, allowing ample time for dropout recovery efforts.

This new real-time application will replace the dropout report previously completed in the Wave and will allow both districts and OSDE to accurately account for, certify and submit data records for students that meet the [federal definition](#) of a dropout. This dropout reporting tab will be the source data for the annual dropout report, starting with the 2020-21 dropout report.

This tool will allow districts to:

- Review students in all grades identified as potential dropouts (see the [FAQs](#) for the definition of dropouts);
- Provide documentation for 9th-12th grade students who transferred out (Exit Codes 1907-1915 & 1919), emigrated (Exit Code 1916) or died (Exit Code 1923) to meet the requirements of removing students from the adjusted cohort graduation rate (ESEA section 8101(23)(B));
- Create Data Verification Requests (DVR) and upload documentation for any additional students whose dropout records need to be adjusted after enrollment from the previous school year has been finalized.

This new dropout reporting tab will work seamlessly with the Enrollment Graduation Data Review window, and will overall, reduce the reporting burden on districts. If you submit documentation for a 9th-12th grade student as part of the dropout report and it is approved by OSDE, in addition to not being counted as a dropout, the student will also be removed from your school's four-year graduation cohort. Therefore, when that student's graduation cohort year comes around, no further action will be required from the school to remove that student from your graduation rate during the Enrollment Graduation Data Review window.

Note: Although the dropout report is located within the accountability reporting application, it is also supported by the Counseling office and the Data Quality and Reporting division. Please see the [FAQs](#) for specific contact information.

Accessing the Dropouts Tab

The dropouts tab displays the dropout status for all students whose last enrollment record in the Wave during the reporting period is at your school (i.e., students who have a confirmed transfer will not show on the report). The dropout reporting period runs from October 1 of the current school year to September 30 of the following school year. For example, the school year 2021 dropout reporting period runs from October 1, 2020 to September 30, 2021. The dropout tab will remain open throughout the school year for the submission of DVRs or conflict resolutions. However, the deadline for any changes to be included in the federal and state 2021 dropout report is **October 31, 2021**.

The dropouts tab can be accessed by signing into your Single Sign-On account and choosing *Accountability Reporting*. If you are a district user, you will then need to select a specific school.

From Accountability Reporting, click on *Student Data* and then click the tab *Dropouts*.

This will open a table that displays all student records for SY 2021 related to dropouts as indicated by the Year 2021 drop down.

The screenshot shows the top of a data table. At the top left, there is a "Year: 2021" dropdown menu. To its right are buttons for "EZ Entry (Dropout) : 4 Open" and "Create DVR". Below these is a pagination bar showing "Records 1 to 100 of 499" and "Prev 1 2 3 4 5 Next". The table header has columns: "Existing DVR", "School Year", "STN", "First Name", "Middle Name", "Last Name", "Other Placement", "Dropped Out", "Grade Level At Exit", "Days Since Exit", "Exit Code", "Enrollment Detail", "Process Include", and "Record Conflict". The first row of data shows "2021" in the "School Year" column, a redacted "STN", and "Y" in the "Dropped Out" column. The "Enrollment Detail" column has a "View" link. The "Process Include" column has a "Y".

Click on a student's *STN* (Student Testing Number) to access additional student-level data including enrollment history, attendance history, demographics, assessments history, and coursework. You can also click on *View* in the *Enrollment Detail* column to open a window that displays details about the student's most current enrollment. Click to close the window and return to your dropout table.

How to Complete the Dropout Report

1. Complete EZ Grad Entry under Enrollment Graduations

Before you can work on the dropout report, you must first resolve the EZ Grad Entry student records under the *Enrollment Graduations* tab. There is often overlap in the student records that districts need to review for both graduation and dropout reporting, so to prevent duplicating work, we encourage schools to first review and submit updates in the *Enrollment Graduations* tab. Please see [this toolkit](#) for more information on EZ Grad Entry. If your school is not a high school or does not have any EZ Grad Entry student records, you may skip this step.

2. Complete your EZ Entry items under Dropouts

Once all EZ Grad Entry records are complete, you can begin working on EZ Entry items under the *Dropouts* tab.

Click on the EZ Entry (Dropout) button, which will also display the number of EZ Entry student records your school has to review.

This will open a window that allows you to quickly review records and create DVRs for students that require documentation as required by the Oklahoma State Auditor & Inspector and federal regulations. This includes all students in grades 9 – 12 who transferred out (Exit Codes 1907-1915 & 1919), emigrated (Exit Code 1916) or died (Exit Code 1923).

Acceptable documentation includes a withdrawal form indicating emigration signed by a parent/guardian, a records request from the receiving school, a signed enrollment verification form, obituary, military orders, foreign exchange program acceptance letter or enrollment form, or an email from a parent or receiving school.

PK-8th grade students coded as transferring to another public school in Oklahoma (Exit codes 1907, 1908, 1919, and 3508) but who do not have an enrollment at a new school within the same school year will also be under EZ Entry. In DVRs for these students, please include the specific school at which the student intended to enroll to help OSDE in locating the student.

For each EZ entry student record:

- update the Exit Code to the correct value, if necessary
- change the Transfer Entry Date to reflect what is shown on your documentation
- add the state or country to the Transfer Location Status field by using the drop down menu
- add a note to support your review
- use the Upload button to upload appropriate documentation
- click the Create DVR button

3. Review remaining dropout records

Once all EZ Entry DVRs are complete, you will be able to review and submit DVRs for any remaining student record. You can filter the *Dropped Out* column to **Y** to review records and request updates for any remaining students that should not be flagged as a dropout. You can also filter by exit code, grade level at exit, and/or days since exit. You can also create DVRs for students not marked as a dropout that

should be. Please see the FAQs at the end of this document for the definition of “dropout.”

- Common scenarios wherein you would need to create and submit a Data Verification Request (DVR) for review:

Scenario	Request and Documentation
The student exits your school in the current school year (e.g., 2020 – 2021 for the 2021 dropout reporting period). District receives further information about the student's exit status prior to Oct. 1 of the following school year (e.g., records request from another school, email from parent, contact and information from family or guardian, request from Job Corps, notification of receiving a GED).	Explain the change in dropout status in your request, and provide a date if applicable (e.g., student enrolled in Kansas on 08/24/2020; student received GED on 9/30/2020). Documentation should support both the change in dropout status and the date.
The exit code on the enrollment record is incorrect (click on the <i>view link</i> under enrollment detail to see what the current exit code is).	Explain what the correct exit status should be and upload supporting documentation, (i.e., "student transferred out of state instead of

	discontinuing schooling. Please update exit code to 1909”).

All DVRs are reviewed and researched by an OSDE subject matter expert. This person may contact you if additional information is needed. A resolution for each DVR will be provided in the *Appeals* tab as shown below:

Contact	School Data	Student Data	Reports	Conflicts	Appeals

You can review your appeals by clicking on the link for the desired appeal type to see all the appeals submitted by your school or district. You can filter and sort by any column in the table, including DVR ID, submitted date, status, STN, etc.

If you need to update an existing DVR (e.g., to respond to a request for more information), click on the DVR ID, as shown below.

4. Monitor Appeals

You will receive an e-mail any time there is a status change for a DVR you submitted. If the new status in “information required,” then that means that either your original request was not detailed enough or not supported by the documentation. Please review the appeal (as described at the end of the previous step) to determine what is needed.

If the new status is “closed – pending update” or “closed,” you can review the resolution and see what, if any, updates were applied.

5. Relax, you’re done!

Dropout Reporting FAQs

What does it mean when you say the application is in real-time?

Once the dropout reporting window for the previous school year is closed (i.e., October 31), the dropout tab will begin reporting data from the current school year. If a student exits your school, they will show up on the report within 24 hours if they do not re-enter elsewhere. This will enable you to verify the student's status or, in the case of a dropout, attempt to recover the student long before they count as a dropout on the report. Additionally, if an exit code for an enrollment in the current school year is incorrect, you will be able to fix it directly in your SIS instead of submitting a DVR the following year.

How will the data be used?

In addition to aiding schools in identifying which students may have dropped out, state statute (70 O.S. § 35 E) requires each accredited Oklahoma school with students in any of the grades 7 - 12 to report dropouts to the Oklahoma State Department of Education on an annual basis. For each academic year, the Oklahoma State Department of Education creates and publicly publishes a [dropout report](#) of school dropout rates. Oklahoma is also required to report annually the total number of dropouts to the U.S. Department of Education (USDE).

What is the definition of “dropout?”

State law (70 O.S. § 35 E) defines a dropout as “any student who is under the age of 19 and has not graduated from high school and is not attending any public or private school or is otherwise receiving an education pursuant to law for the full term of the school district in which he/she resides are in session.”

USDE further defines a dropout as an individual who:

- 1) was enrolled in school at some time during the previous school year, was not enrolled the following school year, but was expected to be in membership;
- 2) did not graduate from high school;
- 3) did not complete a state or district-approved educational program;
- 4) did not meet any of the following exclusionary conditions
 - a) transfer to another public school district, private school, or state-or district-approved educational program
 - b) temporary school-recognized absence due to suspension or illness
 - c) death

For purposes of dropout reporting, the school year is defined as the period from October 1 to September 30 of the following year. USDE previously required a strict cutoff on October 1, such that any student not enrolled on that date was considered a dropout. However, we recognize students who transfer to another school around that October 1

date but are not enrolled at their new school by October 1 should not automatically be considered dropouts. Therefore, if students exit your school within 10 school days of the October 1 deadline, they will not count as a dropout until the 10th day.

For example, a student who leaves an Oklahoma public school on September 26 and transferred to another Oklahoma public school on October 3 would not be considered a dropout under this new 10-day grace period.

The following chart summarizes which exit codes are considered dropouts and what documentation is required for specific exit codes:

Category	Exit Code	Code Description	Dropout?	Action in Dropout Report
In-state transfer to another public school	1907	Student enters a different public school in the same Local Education Agency (LEA)	No	<p>Student will be flagged as a dropout if OSDE does not find a subsequent enrollment at another Oklahoma public school.</p> <p>Submit documentation (EX: records request, signed withdrawal form) if the student did enroll at another Oklahoma public school.</p>

Emigrated	1916	Transferred to a school outside of the country	No	<p>Districts are required to submit documentation for students who emigrated if the student is in grades 9 – 12 (EX: signed withdrawal form). If documentation is approved by OSDE, the student will also be removed from their four-year graduation cohort.</p> <p>Documentation is not required for grades PK – 8.</p>
Transfer to institution	1917	Transferred to an institution	Depends	<p>A student who transfers to an institution that does not offer a secondary education program will be considered a dropout. If the institution does offer a secondary education program, the student is not a dropout, and schools will be required to provide documentation (EX:</p>

				records request, signed withdrawal form).
Home schooling	1918	Transferred to home schooling	No	Home schooled students are not dropouts but are also not considered graduates.
Graduate	1921	Graduated with regular, advanced, International Baccalaureate, or other type of diploma	No	If a student is showing up as a dropout but actually graduated, submit the student's transcript that includes their graduation date.
Completed school, non-graduate	1922	Completed school with other credentials	Yes	Students who receive their High School Equivalency (HSE) (e.g. GED or HiSET) by September 30 of the reporting year are not dropouts but are also not considered graduates. Exit code 1928 will not be flagged as a dropout if OSDE finds a subsequent enrollment.
	1928	Completed grade 12, but did not meet all graduation requirements		
	3509	Completed a state-recognized equivalency certificate	No	
Died	1923	Died or is permanently incapacitated	No	Districts are required to submit documentation for students who are deceased if the student is in grades 9 – 12 (EX: obituary, death notice). If documentation is approved by OSDE, the student

				will also be removed from their four-year graduation cohort. Documentation is not required for grades PK – 8.
Illness	1924	Withdrawn due to illness	No	
Expelled	1925	Expelled or involuntarily withdrawn	Yes	
Aged out	1926	Reached maximum age for services	Yes	
Dropout	1927	Discontinued schooling	Yes	
	1931	Not enrolled, unknown status		
	3502	Not enrolled, eligible to return		
	3504	Withdrawn from school, under the age for compulsory attendance; eligible to return		

Early admission postsecondary	1930	Enrolled in a postsecondary early admission program, eligible to return	No	Districts are required to submit documentation for students who enroll in a postsecondary early admission program (EX: admission letter, course schedule).
Adult education	3500	Enrolled in an adult education or training program	Yes	USDE defines that students who enroll in an adult education are counted as dropouts unless the elementary/secondary school system remains responsible for the student. If your student's adult education is monitored by your school, please submit corroborating documentation.
Vocational program	3501	Completed a state-recognized vocational education program	Yes	
Foreign exchange	3503	Enrolled in a foreign exchange program, eligible to return	No	Districts are required to submit documentation for students who enrolled in a foreign exchange program and have not yet returned if the student is in grades 9 – 12 (EX: signed withdrawal form). If documentation is approved by OSDE, the student will also be removed from their four-year graduation cohort. Documentation is not required for grades PK – 8.

Exited	3505	Exited	No	Student will be flagged as a dropout if OSDE does not find a subsequent enrollment.
---------------	------	--------	----	---

My student transferred. Why are they being counted as a dropout?

A student who has transferred may incorrectly be listed as a dropout because the required documentation for that student's transfer has not yet been provided and OSDE does not have record of a subsequent enrollment. Documentation is required for all transfer students in grades 9 – 12.

If your exit code indicates they transferred to another public school in Oklahoma, but OSDE did not receive another enrollment through the Wave, then the student may also be counted as a dropout. Many times, this is because a new STN is issued or the receiving district prematurely deleted the enrollment record. In these cases, submitting a DVR that indicates at which school the student was supposed to enroll will allow OSDE to research the student. If we find the student under a new STN, we will merge the records and the student will be removed from your dropout report. If the student did not actually enroll at the new school, they will remain as a dropout.

Additionally, your student may have transferred to another school after initially enrolling at your school at the beginning of the following year (e.g., the beginning of the 2021 – 2022 school year for the 2021 dropout reporting period). However, due to an enrollment lapse, they were not enrolled at the new school until after October 1 (or after the 10-day grace period).

Why aren't all of the students enrolled at my school during the reporting period included in the report?

The dropout report includes all students whose last enrollment record we have is at your school. Therefore, a student who was enrolled at your school but who transferred to another Oklahoma public school before the end of the reporting period (Sept. 30) would not be included in your school's report.

If I complete a DVR for a high school student in this report, will I have to request another DVR during the Enrollment Graduation Date Review window?

If your DVR has been approved by OSDE staff, the student's enrollment history will be updated. You do not need to request another DVR unless you receive additional information that would require the student's enrollment history be changed again or if the student re-enters and re-exits.

For example, if you provide documentation that shows a student transferred out-of-state and that documentation is approved by OSDE, the student's enrollment history will be updated, and the student will be excluded from their four-year graduation cohort. Therefore, this process should reduce the time districts spend on reporting requirements because changes made during the dropout report will be automatically applied to graduation reporting.

What happens if I don't do anything for a record that requires documentation?

If you do not submit documentation for a record that requires it, the student will be considered a dropout in the OSDE dropout report. This will be indicated by a **Y** in the *Dropped Out* column. Furthermore, you will not be able to submit traditional DVRs for other students until the ones that require documentation via EZ Entry are resolved.

How was the data and information populated in the Dropout table used for this report?

The Dropout table was populated using enrollment data submitted to The Wave by your local Student Information System (SIS) utilizing the entry and exit codes as outlined [here](#). Therefore, it is important for districts to assign students an exit code at the end of the school year.

Why is my DVR button grayed out?

All EZ Entry records must be reviewed and completed prior to submitting manual DVRs. This workflow will help districts avoid submitting multiple DVRs for the same issue and reduce unnecessary work for the district.

If the EZ Entry button is grayed out as well, then your school still has unresolved EZ Grad Entry appeals. Once those are completed, the EZ Entry button on the dropout tab will become available.

If you do not see the EZ Entry button at all, then you do not have any records that meet the criteria and can review remaining dropout records.

My DVR status changed to information required status, but I have already submitted all the documentation I have. What do I do?

OSDE will request additional information only if the request is unclear or if the documentation is incomplete or not supportive of the request. Many cases typically involve the scenario where a records request is received from another public school in Oklahoma, but the student ultimately never enrolled there.

OSDE will first research the student to see if the student was assigned a new STN or if there is a missing enrollment record that did not make it through the Wave. These cases

will only be updated to “information required” if an enrollment cannot be found. If you contact the new school and request verification of enrollment in writing, then we can recreate the missing enrollment to resolve the DVR.

Why are elementary students showing up as dropouts?

While elementary students are not included as part of the annual dropout report mandated by state statute, it is important for schools to monitor the enrollment of elementary students – particularly those with high degrees of mobility – to help ensure they receive requisite education services. Thus, all students will show up in the dropouts tab if their final enrollment is at your school. If they meet the criteria, they will be flagged as dropouts so you can easily identify them. Schools will not be required to provide documentation for elementary students unless the exit code indicates the student transferred to another public school in Oklahoma or if you want to change an exit code.

How can I download my list of dropouts to present to my local school board?

In the dropout tab, click the download button highlighted in the picture below to download a CSV file of your school’s dropouts. This file can be imported into a Microsoft Excel spreadsheet that can be used to create pivot charts or tables as needed. Aggregations and other visualizations are planned for future iterations of the Accountability Reporting application.

How can a student be a dropout two years in a row?

If a student drops out and does not have any subsequent enrollments, that student will only be counted as a dropout for the reporting period during which they dropped out. If a student drops out during one reporting period but then has a subsequent enrollment during the next dropout reporting period and proceeds to dropout again, that student would be counted as a dropout for both years.

Who do I contact if I need assistance with this report?

For questions on definitions and regulations regarding dropouts, please contact Petra Woodard with the Office of Academic Counseling and Alternative Education at 405-522-0031 or petra.woodard@sde.ok.gov.
