A. A school district may develop an educational improvement plan which includes exemption for the educational-related statutory requirements set forth in subsections C of this section and State Board of Education rules for the school district, a school site or any program, grade level, consortium of schools or school districts or other group within the school district. C. Each educational improvement plan shall include a list of the specific educational-related statutory requirements and State Board of Education rules the school district is requesting an exemption from and why each exemption is necessary to success of the plan. The school district shall not be granted an exemption from federal educational-related requirements. A school district may request an exemption from any statutory requirement or State Board of Education rule not related to bilingual and special education programs, health and safety provisions, school finance, State Aid, pupil formula weights, teacher salary and teacher retirement, the Oklahoma School Testing Program, the Oklahoma Educational Indicators Program and the teacher preparation, examination, licensure, certification, residency and professional development system. The State Board of Education may grant district-wide exemptions from certification requirements for Library Media Specialist to districts experiencing a shortage in this area. A. Reason for the waiver/deregulation request (be specific).

I have not currently completed my masters degree. I am in my third semester of a 2 year program.

B. List alternate strategies/plans which the district/site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement.

I am currently taking classes to obtain a masters degee in media specialist program at UCO. Three amazing librarians in our district are allowing me to observer them. Sarah Blair, the libraian at Riverwood, is my mentor with my master's program. With the help of the close collaboration of other librarians I am staying in the loop with Mustang's media expectations.

C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

A strong line of communication has already been formed between myself and the 3 librarians who are allowing me to observe them. This creates a strong educational bond that ensures Lakehoma's students will not miss out on any vital skills. Having collaboration with veteran librarians makes for a stronger learning environment.

D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary, or described in instructions.

A waiver/deregulation can be granted for up to 3 years. (Please see instructions for additional requirements)

E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation.

I will not be receiving a full masters level salary until I have completed my degree with UCO. This will save the district money.

F. Describe method of assessment or evaluation of effectiveness of the plan.

I will be observed by Mrs. Carter several times throughout the school year. We will discuss my teaching methods and assess where I can better assist the stakeholders.

Hi Brandy,

We need to complete a waiver for your role as a library media specialist. Please see the attached form. Please fill out the form, with the help of Shawna, and we will handle the signatures needed from the school board and Mr. Bradley. I believe you and Shawna both will need to write a formal letter expressing the reasons why you were hired (lack of certified applicants available). We will handle everything on our end. Thank you so much.
