## Questions for Paper-Testing Checklist

Paper testing on the Oklahoma School Testing Program (OSTP) Assessments is an accommodation intended for students who cannot access assessments using a computer or tablet. Paper tests should not be provided as an across the board accommodation simply because a student is on an IEP/504, but should be provided based on the individual needs of that particular student. This checklist is provided to enable districts to make informed accommodation decisions based on an individual student’s needs.
