Oklahoma Edge
8-Year Strategic Plan

The U.S. Department of Education approved Oklahoma’s comprehensive education plan, Oklahoma Edge, in July 2018. The plan to meet student needs and drive progress is built on a four-pillar foundation with measurable goals.

PILLARS

- **Achieve academic success.** To ensure a high-quality public education, the Oklahoma State Department of Education (OSDE) will close the opportunity and achievement gap for each student.

- **Build exceptional educators and schools.** The OSDE will support the recruitment, preparation and retention of highly effective teachers and leaders.

- **Create engaged communities.** The OSDE will build external capacity to provide strong academic support through family and community engagement.

- **Develop internal capacity.** The OSDE will build its internal capacity to serve the field and use data to make informed decisions.

GOALS

- Score among the Top 20 highest-performing states on the National Assessment of Educational Progress (NAEP) in all subjects for fourth grade and eighth grade.

- Reduce by 50% the need for math and English language arts remediation after high school.

- Rank among the Top 10 states with the highest graduation rate for students in four-, five- and six-year cohorts.

- Ensure that 100% of students in grades 6 through 12 engage in useful and meaningful Individual Career Academic Planning (ICAP).

- Align early childhood education and learning foundations to ensure at least 75% of students are “ready to read” upon kindergarten entry.

- Increase student access to effective teachers, thereby reducing the need for emergency-certified teachers by 95%.
Glossary

ALTERNATIVE CERTIFICATION
A pathway to becoming a teacher for those who did not complete a teacher education program. A college-credit course in classroom management and pedagogical principles is required during the initial certification.

AVERAGE DAILY ATTENDANCE (ADA)
Total days of student attendance divided by total days of instruction.

AVERAGE DAILY MEMBERSHIP (ADM)
An average number of students taken twice a year to arrive at a student population. This is calculated by dividing the sum of enrolled students’ total days present and days absent by the number of days taught. The First-Quarter Statistical Report (FQSR) is completed after the first nine weeks, and the Annual Statistical Report (ASR) is completed after the school year.

COMMUNITY ELIGIBILITY PROVISION (CEP)
A meal service option for low-income areas that allows schools to serve breakfast and lunch to all enrolled students at no cost without collecting household applications.

ECONOMICALLY DISADVANTAGED STUDENT
Any student eligible for federally funded free and reduced-price meal programs.

EMERGENCY CERTIFICATION
A teaching certificate issued on an emergency basis for one year to someone who has not yet met the certification qualifications of a state-approved program. Districts may request emergency certification for a specific candidate only after exhausting every option to find an appropriately certified person for the open position.

ENROLLMENT
A count of students enrolled in a school on October 1.

FINANCIAL SUPPORT OF SCHOOLS
The primary allocation of state funds appropriated by the Legislature to schools. Also known as the State Aid Funding Formula, this allocation distributes money to districts based on their Weighted Average Daily Membership (WADM) and accounts for other funding the district may receive, including property taxes and other state-dedicated revenue such as gross production tax and school land earnings. The goal of the formula is to provide equity across all schools, regardless of socio-economic status or proportion of students with special needs.
INDIVIDUAL CAREER ACADEMIC PLANNING (ICAP)
A multi-year process to guide students as they explore their own career and academic opportunities. ICAP identifies student interests, skills, secondary/postsecondary coursework, certificates, credentials, degrees and workforce experiences that help chart the progress needed to prepare students for college and career. The ICAP program is required for all ninth-graders in 2019-20.

INDIVIDUALIZED EDUCATION PROGRAM (IEP)
A written document developed collaboratively by parents and school personnel that outlines the special education program for a student with a disability. This document is developed, reviewed and revised at an IEP meeting at least annually and required by the federal Individuals with Disabilities Education Act (IDEA).

INSTRUCTIONAL STAFF
In NEA's annual ranking of educator compensation, instructional staff refers to all staff members with teacher certification other than district superintendents.

SCHOOL CALENDAR HOURS REQUIREMENT
Districts must provide at least 180 six-hour days or 1,080 hours of instruction per school year. They may suspend school days or hours as long as those hours are made up by the end of the year.

STATE AID FUNDING
See Financial Support of Schools on previous page.

SUPPORT OF TEACHERS AND STUDENTS
Provides line-item support for an array of initiatives separate from the State Aid Funding Formula. This allocation supports initiatives including alternative education, professional development, Advanced Placement teacher training and fee assistance, Reading Sufficiency and Sooner Start.

TEACHER
Per statute, any person who is employed to serve as district superintendent, principal, supervisor, counselor, librarian, school nurse or classroom teacher or in any other instructional, supervisory or administrative capacity.

WEIGHTED AVERAGE DAILY MEMBERSHIP (WADM)
The ADM adjusted to reflect the weights of individual students. Students are assigned a greater weight if they belong to a student group that requires additional educational services, such as students with disabilities. WADM determines funding allocations to the district.
