

JOY HOFMEISTER
STATE SUPERINTENDENT *of* PUBLIC INSTRUCTION
OKLAHOMA STATE DEPARTMENT *of* EDUCATION

MEMORANDUM

TO: The Honorable Members of the State Board of Education

FROM: Joy Hofmeister

DATE: July 28, 2022

SUBJECT: Deregulation for Library Media Specialist Certificate Exemption

The following school is requesting exemption from library media certification requirements pursuant to 70 O.S. § 3-126 for the 2022-2023 school year. A certified teacher will be used as the librarian while pursuing library media certification. Approval is recommended.

Section 42.8. Requirements for Exemption.

A. A school district may develop an educational improvement plan which includes exemption for the educational-related statutory requirements set forth in subsections C of this section and State Board of Education rules for the school district, a school site or any program, grade level, consortium of schools or school districts or other group within the school district. The board of education of the school district shall, through adoption of a resolution, approve the plan prior to application being made to the State board of Education.

B. Each educational improvement plan approved by the State Board of Education shall include the following components:

1. A description of the educational benefits to be derived;
2. A definition of the standards of the plan;
3. Development of definitive work products, such as site improvement plans and progress reports;
4. Demonstration of collaboration by teachers, administrators, higher education representatives, students, parents/families, and the community;
5. Development and the use of an assessment mechanism to determine progress in meeting the goals and objectives of the plan;
6. Development of an in-service training plan to be provided to personnel at the site who will participate in the project;
7. Report on the results of the plan to the State Board of Education and provision of appropriate technical assistance to other school districts and the State Department of Education as required; and
8. Explanation of how the plan will affect other schools, program or sites in the district.

C. Each educational improvement plan shall include a list of the specific educational-related statutory requirements and State Board of Education rules the school district is requesting an exemption from and why each exemption is necessary to success of the plan. The school district shall not be granted an exemption from federal educational-related requirements. A school district may request an exemption from any statutory requirement or State Board of Education rule not related to bilingual and special education programs, health and safety provisions, school finance, State Aid, pupil formula weights, teacher salary and teacher retirement, the Oklahoma School Testing Program, the Oklahoma Educational Indicators Program and the teacher preparation, examination, licensure, certification, residency and professional development system. The State Board of Education may grant district-wide exemptions from certification requirements for Library Media Specialist to districts experiencing a shortage in this area. The State Board of Education may grant an exemption from certification requirements for superintendents to any district with an unweighted average daily membership over twenty-five thousand (25,000). (70-3-126)

Library Media Spec.

NAME OF WAIVER

- A. Reason for the Waiver request. Please include circumstances which necessitate hiring a non certified library media specialist. What alternative means will be employed if your waiver is denied? Where is the applicant as it pertains to their pursuit of their course of study? What percentage of your student population will benefit from the waiver if approved?

To better serve secondary students, the district desires to place an employee in the secondary library that is working toward obtaining a library media specialist degree. The alternative means would be to place a non-certified staff member in the position for the secondary library to remain open. The applicant will have six hours completed toward certification and will continue to enroll in courses during the fall, spring and summer sessions to complete certification. 100% of the secondary population will benefit from having a certified staff member working toward certification.

- B. List alternate strategies/plans which the district/site proposes. How does this plan best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement? Please list any negative impact if the waiver were to be denied.

The alternative would be to place a support staff person in the library with the elementary librarian overseeing the secondary library. This method has not been successful for the district due to the elementary site being a mile away from the secondary site as well as the elementary librarian finding it difficult to get to the secondary site. Having the secondary library media center open, will provide more opportunities for reading literacy and comprehension to be an extension of the classroom and assist students in being stronger readers. If the waiver were to be denied, the negative impact would be not allowing students the opportunity to expound upon ELA concepts to the fullest potential.

- C. Educational impact to the district: Results of the Statutory Waiver/Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district.

The short and long term goals would be providing more opportunities for students to engage in reading, and provide a stronger foundation in core classes while improving overall learning in the district. Educational research data supports an improvement in understanding in all subjects when literacy and vocabulary are increased from additional exposure to reading. An additional goal would be to increase student performance on the ACT and Oklahoma Core Curriculum Tests.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

The library will be open for student and teacher use throughout the school day.
The high school and middle school master schedules are attached.

- E. Any financial impact to the District (positive or negative) for the proposed waiver/deregulation? If positive please describe where the available would be reallocated.

There would be no financial negative or positive impact to the district. The district has the financial stability to support the salary. After the initial full school year of Covid, the district experienced a growth in enrollment from the previous school year.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E., TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

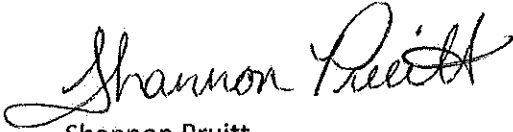

Secondary principals will continue to monitor the effectiveness of library staffing for students and faculty. The staff member will be evaluated using the Tulsa Model of TLE. Additionally the district continues to focus on improving test scores and providing quality instruction to student by disaggregating data of benchmark assessments, OCCT testing data, and ACT test scores.

**** You will be contacted if more information is needed to process this request.**

To the State Board of Education,

I am excited about my journey to becoming a Library Media Specialist. I am enrolled in six hours this summer, 2022, and I will be graduating in the spring semester of 2024. I plan on using my Master's Degree to be the teacher-librarian at Meeker Public Secondary Schools. This role will enable me to modernize the space to provide educators and students with a facility to improve academic excellence at Meeker Public Schools. I will be remodeling the outdated area and providing new opportunities through multi digital materials throughout the library. I will be using the 21st century library standards while designing various reading areas to accommodate the needs of diverse learning throughout the learning zone.

Respectfully,

Description

The Master's of Library Media is designed for graduate students planning to become a School Library Media Specialist in grades PreK-12th in public or private educational settings. The intent of the program is to prepare competent, certified School Library Media Specialists in accordance with state and national professional standards and guidelines. All areas of school librarianship, including technology, are emphasized. Special attention is given to the development of the student as a consumer of research along with a major emphasis on the knowledge, skills and attitudes that are necessary to become a School Library Media Specialist.

Library Media Specialist
NAME OF WAIVER

- A. Reason for the Deregulation request. Please include circumstances which necessitate changing the standard of library services for your size of school, what alternative means will have to be employed if your waiver was to be denied?

We have two Library Media Specialist Openings and are able to fill one of those. We currently have a staff member that has applied to UCO and will begin class for her Library Media Education in the Fall and believe she will be a great fit for our opening at GUES.

- B. List alternate strategies/plans which the site proposes, and how this plan will best serve the students of your district, i.e., a description of the educational benefits to the students and learning achievement and any negative impact if the waiver were to be denied.

There will be no negative impact. Our teacher has been in the classroom teaching the last 3 years and we feel very diverse. During this transition, the Library Media Specialist that is retiring will still be available to help if needed.

- C. Has this deregulation been awarded before? If so what was the educational impact to the district: Results of the Deregulation, i.e., effect on student performance levels, impact of plan on other sites in the district. If not what do you expect?

We have had a couple in Guthrie over the last 5 years, but those individuals completed their requirements and are certified without any issues. With having previous knowledge of having a Deregulation or Waiver, the district is prepared to insure student success.

- D. Timeline: Please submit class schedule, calendars, assessment forms and other attachments as necessary.

Attached is a letter of acceptance from UCO and from our teacher with timeline.

- E. Any financial impact to the District (positive or negative) for the proposed deregulation? If positive please describe where the available would be reallocated.

There will be no financial impact to the district. This position is replacing a full-time staff member that left, so we are not adding another FTE.

- F. Describe method of assessment or evaluation of effectiveness of the plan both for staff and students, I.E. TLE, ACT scores, graduation rates, RSA, School Report Card, etc.

We monitor benchmark tests monthly to make sure that learning is being tracked and remediation is offered immediately when needed.

** You will be contacted if more information is needed to process this request.

Student ID: *20511346

Dear Sable Crawford,

Congratulations! You have been conditionally admitted to the University of Central Oklahoma's Jackson College of Graduate Studies to begin the Library Media Education, M.Ed. - 100% Online program for the Summer 2022 semester. Your conditional admission status can be updated when you demonstrate academic success as a graduate student.

As you enjoy taking graduate courses, please be mindful that you may take no more than a total of 12 graduate credit hours as a conditionally admitted student. You can consult with your graduate program advisor for the graduate courses that you are able to enroll in for your first semester.

When you earn a graduate GPA of 3.0 or above in the first 9-12 graduate hours listed on your UCO graduate transcript, we will remove your Conditional Low GPA status. Conditionally admitted graduate students who do not meet the minimum 3.0 graduate GPA will be administratively withdrawn from courses. Once withdrawn, these students will need to meet all requirements for Regular Admission in order to be re-admitted.

You can view the [Graduate Catalog](#) to learn the current requirements associated with our graduate programs. We are pleased you have chosen the University of Central Oklahoma and look forward to all you will accomplish in your graduate endeavors.

Broncho Best,
Dr. Jeanetta D. Sims
Dean

To Whom It May Concern:

My plan of study is currently set to be finalized on Friday, May 27, 2022 at 9:30 a.m. with the program coordinator for Library Media Education at University of Central Oklahoma. I will be attending UCO in the fall of 2022 to earn my Masters in Library Media Education set to be completed in 2024. Thank you for the consideration of the Statutory Waiver and look forward to working with Guthrie Upper Elementary School if granted.

Kind regards,

Sable Crawford
